“They Gave the Last Full Measure of Devotion”

ROBERT ABBOT, U.S.M.C., IDAHO '38.
LT. JOHN E. ALBAUGH, U.S.A., IOWA '38.
LT. RALPH BENNETT, U.S.A., MICHIGAN STATE '40.
CAPT. EMMETT BLAKEMORE, JR., U.S.A., S.M.U. '38.
MAJOR JOHN G. BOYD, U.S.A., ARIZONA '34.
LT. THEODOR W. BRAGGANS, U.S.M.C., MINNESOTA '37.
CAPT. ERNEST COLE, U.S.A., OKLAHOMA '34.
CAPT. ROBERT B. CONLON, U.S.A., FLORIDA '36.
LT. ROBERT C. CRAUFURD, R.C.E., OSGOODE HALL '35.
JOHN I. DAY, U.S.A., WISCONSIN '40.
LT. JOHN W. DUPREY, U.S.A., MINNESOTA '42.
ENSIGN GEORGE GILBERT, U.S.N., ARIZONA '42.
LT. JOHN W. GRAYBILL, U.S.A., PURDUE '45.
RICHARD GREENE, N.Y.U. '43.
A/C ROBERT W. HAGEMAN, U.S.A., DePAUW '44.
LT. DARON HARDEN, U.S.A., MICHIGAN STATE '41.
LT. M. E. HARRIS, U.S.A., IOWA '37.
LT. JAMES T. HILTON, U.S.A., NEBRASKA '33
LT. MATHEW J. HORAN, U.S.N., N.Y.U. '28
LT. GEORGE C. HOWE, U.S.A., OREGON STATE '40.
LT. WILDRICK F. HYNES, JR., U.S.A., OREGON STATE '32.
TECH. SGT. FRANK KEES, U.S.A., KENTUCKY '40.
LT. MATT KENNEDY, U.S.M.C., PURDUE '41.

LT. C. WILLIS KESSLER, U.S.A., L.S.U. '43.
LT. JOSEPH KOWALSKI, U.S.N., ILLINOIS '38.
LT. KENT LEADER, U.S.A., IDAHO '41.
CAPT. JOHN MATHEWSON, U.S.A., MICHIGAN STATE '41.
LT. EUGENE SHERIDAN McKENNA, U.S.A., UNION '40.
PILOT OFFICER WALTER B. McMANUS, R.C.A.F., OSGOODE HALL '38.
LT. COL. JOHN W. McPHEETERS, U.S.A., PURDUE '28.
ENS. ROBERT N. MORRISON, U.S.N., OREGON STATE '40.
LT. ROBERT J. NESPOR, JR., U.S.A., OKLAHOMA '42.
LT. RICHARD E. NICKERSON, U.S.A., KENTUCKY '42.
LT. ROBERT S. ROGERS, U.S.A., MIAMI '36.
LT. LESTER D. ROHWER, U.S.A., CALIFORNIA '38.
LT. THOMAS M. ROSCOE, U.S.N., MINNESOTA '34.
ELMER (BUD) SEABORN, U.S.N., CALIFORNIA '34.
2/C PETTY OFFICER JOHN N. SEREY, U.S.N., KENTUCKY '28.
RALPH R. STURGEON, R.C.A.F., OSGOODE HALL '43.
LT. LEWIS S. SUMMERS, U.S.A., IDAHO '37.
LT. WAYNE THORNBURG, U.S.A., PURDUE '43.
CAPT. ROBERT B. TRENNER, U.S.A., INDIANA '40.
LT. CURTIS R. VANDER HEYDEN, U.S.M.C., U.C.L.A. '35.
CAPT. WILLIAM J. WILLIAMS II, U.S.A., PENN STATE '39.
CAPT. JOHN YEUELL, U.S.A., ALABAMA '41.

Missing in Action

LT. MANUEL J. ALDECOA, U.S.A., IDAHO '40.
2ND LT. BERNARD B. BECKER, U.S.A., WISCONSIN '39.
LT. GERALD M. PRICE, U.S.A., IDAHO '39.
LT. PAUL A. STANSBURY, U.S.A., COLUMBIA '38.

Prisoners of War

PVT. THOMAS AHERN, U.S.A., INDIANA '44, GERMANY.
MAJOR JACK O. BALDWIN, U.S.A., ILLINOIS '31, PRISON CAMP NO. 2, PHILIPPINES.
LT. FRANCIS J. BARKER, U.S.A., U.C.L.A. '40, PRISON CAMP NO. T, PHILIPPINES.
LT. JAS. D. DONLON, JR., U.S.A., STANFORD '35, PHILIPPINES.
LT. COL. F. K. JASPERSON, R.C.A., OSGOODE HALL '25, GERMANY.
SGT. CARL W. LINDBLAD, U.S.A., ILLINOIS '41, GERMANY.
CAPT. JOHN MAC GALBRAITH, JR., U.S.A., FLORIDA '38, OSAKA PRISON CAMP, JAPAN.
GUY C. McGEE, JR., IDAHO '40, CAMP NO. 2, JAPAN.
LT. ROBERT C. RANDALL, U.S.A., CORNELL '41, GERMANY.
LT. WALTER H. TRENCHARD, U.S.A., FLORIDA '40, GERMANY.
LT. ORRIN F. WEBB, U.S.A., IDAHO '40, GERMANY.
LT. R. B. WILLIAMS, JR., U.S.N., VIRGINIA '36, JAPAN.
LT. (jg) ROBERT R. WUEST, U.S.N., PENNSYLVANIA '41, PHILIPPINES.

Published quarterly by the Delta Chi Fraternity in September, January, March and May at 16 South Clinton Street, Iowa City, Iowa. Life subscriptions are \$12.50, annual subscriptions \$2.00, and single copies \$1.00 each. Since 1923, each initiate has been required to pay his life subscription at the time of initiation. Payment of alumni dues by non-subscribers entitles them to the *Quarterly*.

Entered as second-class matter at the post office at Iowa City, Iowa, under the act of March 3, 1879. Acceptance for mailing at the special rate of postage provided for in section 1103, Act of October 3, 1917, May 31, 1919.

Edited by the Executive Offices, ΔΧ Fraternity. Printed by the French-Stamats Co., Cedar Rapids, Iowa.

Editorial and Executive offices, 16 South Clinton Street, Iowa City, Iowa.

THIS MONTH'S COVER

The Navy's Top-Ranking Ace, Lt. Alex Vraciu, Jr., DePauw '41, comes home to East Chicago, Indiana, after over a year in the South Pacific. He has shot down 19 Japanese planes, knocking out six in one day.

IN JUNE, Governor John W. Bricker of Ohio, Ohio State '16, was nominated for the Vice-Presidency of the United States by the Republican Party at its Chicago Convention. Governor of Ohio since 1938, John began his political career in 1923 when the Attorney General of Ohio appointed him an assistant Attorney General. In 1933, Bricker was elected Attorney General of Ohio which position he held until his election as Governor of the state.

The Fraternity At War

ONE BY ONE, the chapters are resuming active status. L.S.U. and Purdue are the latest two, which have been inactive for the past year, that are planning to rush and pledge this fall.

L.S.U. has only one active on the campus. His energy, good will, and determination for success are evidenced in the following article written by him for the QUARTERLY:

"The Louisiana State University Chapter now considers itself active after fifteen months of uncertainty and dreaminess of the 'good old days'.

"It all began when a couple of brothers were talking of the prospects of getting a good start after the war. After all, what is the best way to get a good start after the war? Our answer was that the best way is to start before the war is over. With a working organization on the campus, even though it will be a small organization, we will have a very big competitive advantage over the other fraternities that went inactive as a result of the war.

"Right now there is only one active member on the campus, but with the help of a few of the fellows stationed nearby, it will be made to be a success. The chapter is starting anew without a house of its own. It knows that the men are here who will stick together without a house, and it expects to find them and make real Delta Chis of them. Now, plans are being made for the rush season to start in September. The list of rushees is being made, and with hard work it will be a success."

Colleges and universities generally are making tentative plans for normal operation commencing in September 1945. It is hoped that the majority

of our chapters will be operating in some manner by that time. Present conditions seem to indicate that such is the case.

★ ★ ★

Since publication of the May issue, ten additional alumni have paid their dues for life. They are: John H. Bliss, Nebraska '35; Wm. Bloor, Ohio State '34; Carl Broniman, Penn State '36; Robert Embleton, Kansas '20; Sherwood Fawcett, Ohio State '41; Charles Matten, Cornell '42; Paul J. Martin, Columbia '36; E. T. Schele, Wisconsin '25; Robert Schwabe, Michigan State '45; Donald Shaner, Penn State '44.

Of the above, John H. Bliss, Robert Schwabe, Sherwood Fawcett, Wm. Bloor, and Paul J. Martin are serving overseas in the armed forces; and Donald Shaner and Charles Matten are serving in the United States.

Typical of the attitudes of the boys overseas towards their fraternity, are those of the following who have paid their dues for life. Lt. Robert R. Schwabe writes:

"Enclosed you will find a money order for my alumnus dues for life.

"I sincerely hope that by paying these dues, I have helped the fraternity that I cherish in some way. I regret that I'm unable to be a more active member, but at present that is impossible. The fraternity meant a great deal to me in college and I anticipate it will mean even more in later life. If the spirit of a social fraternity should ever die in our American colleges, it would be one of the greatest blows to our educational system. There is nothing in college life that brings boys closer together in friendship, scholarship, good clean sports and in the broadening and sharpening of their minds than a fraternity.

"If there is anything I can do for the Fraternity in any way, please do not hesitate to call on me.

"The best of luck to you and all our boys."

From Pvt. Paul J. Martin comes the following letter:

"The dues are sent because I realize that the Fraternity must have many needs in this time and as I feel it to be an invaluable adjunct to college life and education I am happy to be able to be of some help in meeting those needs.

"I have heard many criticisms of college fraternities but I am firmly convinced that their benefits far outweigh any detriments — I believe that the Fraternity takes up the teaching of Democracy where the college leaves off — and teaches it in the most efficacious way by giving youth a chance to see Democracy in action in a small group — and to realize that there need be no suppression of individuality in learning to place the good of the group above personal considerations, and that so acting is, in the long run, to aid oneself as an integral part of the group.

"Aside from such considerations I do not feel that anything which increases the pleasure of living can be worthless or detrimental. A fraternity does not merely increase the pleasure of our undergraduate life but the memories and associations are a source of pleasure and friendship through later years.

"So just keep the old Fraternity the same and then we can all know that 'You'll be so nice to come home to'."

Such attitudes on the part of service men constitute a real challenge to remarks similar to the ones made recently by Lee Casey, Editor of the *Rocky Mountain News*, Denver, Colorado. Mr. Casey wrote:

"Fraternities have just about gone, one of the unregretted casualties of World War II. Their buildings are being used to house service men in training; their mortgages are either in abeyance or awaiting contributions from alumni. When the time comes, the buildings doubtless will be turned into dormitories. That will be a social gain.

"Fraternities, unless I'm very wrong, will never revive. Young men will be coming back from service to complete their college courses. They'll be different young men, more sensible young men. They may be tolerant of the individual snob, but they'll not tolerate organized snobbery. So the fraternities, which are merely organizations formed for the purpose not of gaining members but of rejecting prospective members, will vanish with no regrets."

Mr. Casey's remarks have been challenged by Victor M. Roby, of the National Broadcasting Company, of Denver, and a member of the Pi Kappa Alpha Fraternity. His reply follows in part:

"Definitely not employed by a fraternity, I am merely an alumnus, grateful for the 'home', for the everlasting friendship, and for the citizen-training which my fraternity gave me. It has been a potent influence for good in my life, as it has in the lives of thousands of others. Yes, there are flaws . . . just as there are flaws in every individual and institution, the newspaper profession and the church not excluded. But their good far outweighs their shortcomings.

"Yes, fraternity 'buildings are being used to house service men in training' . . . one reason why you should be thankful for fraternities. For otherwise, construction costs of housing would come from your taxes and mine; and those facilities would be white elephants after the war. As it is, Uncle Sam makes no outlay of capital, rents fraternity houses at reasonable rates which enable the fraternities to pay off their mortgages while members are at war.

"It's my guess that fraternities will not be war casualties. Many fraternities (mine included) were born during wartime, born of the brotherhood which comes from fighting side by side for a common cause. Yes, young men will be coming back from the services to complete their college courses; and I'll wager one of the precious things for which those young men are fighting — especially those who know the truth about the good of fraternity life — is the right to join a group where they can enjoy the privileges of brotherhood, a commendable spirit which could unite a world instead of just a nation.

"The label 'snobbery' is too often applied to the fraternity's freedom to choose those whom they would call 'brother'. Freedom of choice of members is a just right of all social clubs, service organizations and business and labor associations. The term 'snobbishness' when applied to fraternities is as overworked and as often implied with improper connotation as are the terms 'Communist', 'capitalist', and 'yellow journalism'. No remedy has been suggested in the accusation of snobbishness in fraternities because no real malady exists."

(EDITORIAL NOTE: Our thanks to J. Blanford Taylor, Editor of the *Shield and Diamond* of Pi Kappa Alpha Fraternity for the above material.)

★ ★ ★

Not only life alumni dues have been received, but also yearly dues. Over 800 members have paid their dues to date, and each day's mail brings in additional ones. If you have not already paid your dues, will you do so now? Let's get prepared *now* for post-war rehabilitation!

Founders Day

ON OCTOBER 13, Delta Chi will be 54 years of age. Since only a few chapters are operating at the present time, there cannot be the usual Founders Day celebrations which have been a part of Delta Chi tradition these many years. However, we urge that each of you, no matter where you may be, pause for a few minutes on this 1944 birthday to remember the Fraternity's Founders.

The latest word from Peter S. Johnson, the last surviving founder, was received in July. it reads:

"I have the Membership Card for 1944 and the *QUARTERLY*. Thanks for the card and I see that Brother Sweetland has passed on and it tells me that I am the last survivor of the Founding Group. I think that in placing Sweetland's part in the foundation that he is clearly entitled to be called "The Delta Chi". He was the one who conceived the idea of the Fraternity, worked long and hard to establish the society and has always been one who would be at the proper place, when he was needed, in putting the society ahead. It is a pleasure to know that he lived to see the Fraternity grow into the institution we had dreamed of in the days when the membership was a couple dozen and the one chapter at Cornell, the foundation — nearly fifty-four years ago.

"I enjoy the military news in the *QUARTERLY* and get an inkling of how Delta Chi functions in wartime. I would be glad to have a letter any time you have leisure, but I know the amount of work that devolves on you."

After receipt of the May issue of the *QUARTERLY*, the following letter was received from Wm. W. Walden, National Secretary of *Alpha Chi Rho*:

"The arrival of the *QUARTERLY* this morning was quite an event for the articles on Sweetland and the Iowa Fraternity Program were most interesting to me. Back in my sophomore year at Cornell my roommate and I wanted to do two things — get out of the room we had rented and live in the fraternity house. We had good reason to complain about our room for the landlord was filthy in his habits and we 'took the rap'. Finally we could stand it no longer and downtown we went to see Recorder Sweetland who heard all the complaints of students.

"After hearing our story Mr. Sweetland asked the name of the landlord. On being told, I thought he was going to fall off his chair. He referred to him as 'that unscrupulous and unprincipled scoundrel'. He told us to pay our rent to date and move and if the landlord should take court action he would represent us. All this happened and Mr. Sweetland appeared for us and never asked us to appear. The landlord was given a good reprimand for being so filthy and told to go home.

"And that is how my roommate and I were able to move into the fraternity house at Cornell.

"Little did I think I'd ever hear of the gentleman again and little did I ever suspect he was a founder of Delta Chi.

"My congratulations on your fine piece of work on fraternity conditions at Iowa University. You'll be interested to know your article is going directly to Rutgers University where they are planning the same sort of organization."

Don't forget Founders Day! And, if you have time, drop a line (at least a postal card) to Founder Johnson, 1340 S. Boulder Ave., Tulsa 5, Oklahoma.

PAY your alumni dues now — for life if possible! Rehabilitation after the war is going to be a big job! Let's be prepared!

In the Service

CPL. REGINALD JOHN (Jack) KEYS, Florida '44, was recently given a citation and the Silver Star Medal for gallantry in action on the first day of the Normandy Invasion. Jack is in the Field Artillery (First Division), but is with the infantry part of the time in a forward observer party. On D-Day he landed in France with the 16th Infantry Regiment. At terrible cost, this regiment of the First Division, and the 116th Regiment of the 29th Division spearheaded the drive through Hitler's Atlantic Wall and established the beachhead which for two days remained the Allies' principal gateway to Normandy.

In a War Department account of the role of these two spearheading regiments, which appeared in a recent issue of *Stars and Stripes*, Lt. Gen. Omar N. Bradley is quoted as saying that, "individually and collectively, members of the 16th Regiment turned threatened catastrophe into glorious victory for the American Army."

All seems to have gone well with Jack up to July 28, when he was wounded by shrapnel and evacuated by plane to a hospital in England, where he was awarded the Purple Heart. Fortunately, the wound was not serious.

Before going to France, Jack was in North Africa and Sicily.

LT. JOHN W. GRAYBILL, Purdue '45, died on August 19th at the station hospital at Greenville, Mass., Army Air field, as the result of an airplane accident the previous day. John received his commission as second lieutenant in March 1944 and was assigned to the Greenville Army Air field as an instructor where he remained until his death. He leaves besides his parents, a brother, Robert W., Purdue '46, and a sister, Suzanne.

E. B. LEMON, Oregon State '11, Dean of Administration at Oregon State College, has reported the deaths of three alumni of the Oregon State Chapter: ENS. ROBERT N. MORRISON, '40, was killed in action in the South Pacific; LT. GEORGE C. HOWE, '40, died in a prison camp in Japan; and LT. WILDRICK F. HYNES, Jr., '32, was killed in action in Italy.

LT. C. WILLIS KESSLER, L.S.U. '43, was recently reported killed in action in France on June 14th. He was with the infantry. While at L.S.U., Willis was "A" of the chapter, member of the Interfraternity Council, Pershing Rifles, and was cadet lieutenant of Co. D, infantry, ROTC.

CAPT. JOHN I. MATHEWSON, Michigan State '41, was killed in a crash landing in Devonshire, England in May. At the time of his death, John was a member of the Amphibious Forces and had completed his training only a few weeks previously in England.

John is the third Michigan State Delta Chi to pay the supreme sacrifice in the present war. The other two are RALPH BENNETT, '40, and DARON HARDEN, '41. The three were students together at Michigan State, they were all members of the ROTC, and when war came they entered the Army together although they were soon separated.

S/Sgt. H. Harold Nygren, U.C.L.A. '41, is in the Infantry and is now overseas.

ENS. J. B. HARDER, Texas '38, is Executive Officer aboard a ship on duty in the Pacific Theatre.

LT. EMIL A. OFFER, Texas '41, is in the Army Air Forces now stationed in the Hawaiian Islands.

LT. COL. GORDON SIMPSON, Texas '19, is a member of the Board of Review in the Branch Office of the Judge Advocate General for the North African Theatre of Operations.

SGT. EDGAR S. BAGLEY, U.C.L.A. '35, is stationed in India with a Signal Photo Co.

LT. (jg) GEORGE B. BUSH, Jr., U.C.L.A. '42, is assistant Engineer and Damage Control Officer on a destroyer in the Pacific area.

LT. RAYMOND S. ROBISON, U.C.L.A. '34, is in the Southwest Pacific Area with the Infantry.

MAJOR PALMER W. EVERTS, Union '16, is in command of a Replacement Battalion of the Engineer Corps in the Southwest Pacific area.

ENS. THOMAS M. KELLY, Union '33, is an aeronautical engineer, Bureau of Aeronautics, serving overseas.

LT. JONES OSBORN, *Arizona* '43, now in New Guinea, reports that he has located another Delta Chi in his infantry regiment. He is LT. WILLIAM J. YARMAS, *Georgetown* '43. Bill is Orientation Officer and Jones is Munitions Officer; they work together a good deal.

★ ★ ★

Word has been received from Mrs. Mary Harris that her husband, LT. MARION HARRIS, *Iowa* '37, has been reported by the War Department as presumably dead. Marion had been listed as Missing in Action since May 1, 1943.

★ ★ ★

CAPT. TOMMY R. GILLIAM, *Indiana* '41, is in the same outfit with HORACE E. TOWNSEND, *Michigan* '32. They are located in North Ireland.

★ ★ ★

MAJOR G. ROBERT GAUEN, *Illinois* '35, received the Silver Star last year for "gallantry in action on the beaches of Gela" during the invasion of Sicily. Bob has been out of the country for over two years. He took part in the North African and Sicilian invasions and when last heard of was in England. He is in anti-aircraft.

★ ★ ★

LT. LLOYD R. HERSHBERGER, *Southern California* '27, is in the Naval Reserve and attached to the Marines in the Medical Corps. He has been in the South Pacific area for almost a year.

★ ★ ★

HERB ATKINSON, *Stanford* '41, went through advanced training in single-engine planes and received his wings in August. He was commissioned some time ago, instructed for the army at Yale, and was then chosen for flight training. He hopes to get into P-51s or P-38s.

★ ★ ★

JACK BLANCO, *L.S.U.* '44, was recently promoted to Captain. He is still in China with the Flying Tigers. He has been made Fighter Control Officer and directs operations from the ground.

★ ★ ★

LT. (jg) FRANCIS A. GAUEN, *Illinois* '31, is in the Naval Supply Corps and is on an island somewhere in the Central Pacific.

★ ★ ★

LT. MOTT JOHNSON, *Nebraska* '32, is in charge of a crystal laboratory in England which produces valuable radio active quartz crystals which are used to control frequencies of American radio transmitters throughout Great Britain. When mounted on radio circuits, crystals keep radio waves in the channel and unmixed with other transmitter out-puts, like keeping a station tuned to its proper spot on the dial. Radio operations, ranging from portable walkie-talkies to wireless communications of the Air Forces, depend on these crystals.

The quartz is shipped from the United States in X-ray inspected blanks for precision grinding and polishing by signal corps technicians. Mechanical grinding reduces the crystal to within three thousandths of an inch of required thickness. Surfaces must be polished to a tolerance of two one-hundredths of one percent of the desired frequency. This is done with an abrasive as fine as face powder.

Before enlisting in the Army, Lt. Johnson was employed by Station KMA in Shenandoah, Iowa.

Lt. John T. Lochridge, Jr., *Texas-L.S.U.* '41, holder of the Silver Star, is partial to Number Thirteen. He was born October 13, 1919, was a member of the 13th Air Force at the time of his missions in the Southwest Pacific, was flying P-38 plane 113, receiving his Silver Star citation for a mission which took place February 13, 1943, and is a member of Delta Chi, founded October 13, 1890!

The wife of ENS. KENNETH A. SKILES, *Illinois* '33, has advised that Kenneth went to France the first day of the Invasion and that his ship came through safely.

★ ★ ★

CAPT. ASHLEY S. ORR, *Southern California* '40, Flying Fortress pilot, recently graduated from the army's Command and General Staff School, Ft. Leavenworth, Kansas, and has been assigned as tactical inspector at Alexandria (La.) Army Air Field, an installation of the Second Air Force.

★ ★ ★

ENS. V. ROBERT DIVERS, *Washington State* '44, is Executive Officer on an L.C.I. boat in the Navy.

★ ★ ★

KENNETH FAIR, *Iowa State* '36, was recently promoted to the grade of first lieutenant in the Army Air Forces. Ken has served in the British Isles with the European Wing of the USAAF Air Transport Command for the last 10 months and at present is an Aircraft Engineering Officer and Weights and Balance Officer of his base.

Ken's present organization has flown to the European Theater thousands of the bomber and fighter planes now participating in the liberation of Nazi-held Europe. As the trans-Atlantic aerial supply line between the United States and Great Britain, the Wing, in a recent six-months' period, operated more than 650 passenger and cargo planes, carrying more than 7,000 passengers and several million pounds of war materials and mail between these two countries.

★ ★ ★

CPL. NELSON HOSKINS, *Kentucky* '41, visited in Kentucky in May having just returned from 19 months service in England.

★ ★ ★

LT. HERBERT J. SMITH, *Union* '31, is stationed in Puerto Rico with the Engineer Corps.

CAPT. JOHN B. HALEY, *Virginia* '34, is connected with an Evacuation Hospital Unit. He landed at Casa Blanca in November 1942. He had temporary duty with the Navy during the Sicilian invasion. He has since joined his unit in Italy. He is the recipient of the Purple Heart for casualties suffered during the Sicilian invasion aboard ship.

★ ★ ★

MAJOR ROBERT T. HUMPHRIES, *Virginia* '32, is in Italy with the Medical Corps.

★ ★ ★

LT. (jg) FLOYD E. JOHNSON, *Virginia* '34, is teaching recognition of planes and ships in an aerial free gunnery school, attached to an advanced Naval Air Station in the Pacific.

★ ★ ★

LT. COL. JOHN McDOWALL, *Virginia* '10, is now on detail in the Inspector General's Department stationed at the Newfoundland Base Command.

★ ★ ★

LT. JOSEPH N. PORTER, *Virginia* '22, is in the Southwest Pacific Area with the Quartermasters Department.

★ ★ ★

LT. COMDR. JOHN BACKLAND, JR., *Washington* '26, is commanding officer of his ship.

★ ★ ★

LT. DOUGLAS C. BAKER, *Washington* '39, is navigator for his commanding officer somewhere in the South Pacific.

★ ★ ★

LT. (sg) WILLIAM H. HARRIS, *Washington* '32, is in the Naval Dental Corps and is stationed in Australia.

★ ★ ★

CPL. RICHARD C. KELLY, *Washington* '40, is in the Signal Corps stationed in Alaska.

★ ★ ★

EDDIE GIBBS, *Stanford* '44, was stationed at San Diego Naval Training Station for quite some time as a specialist first class (athletics). Recently he was accepted for deck officer training and entered the Midshipmen's School at Northwestern University.

★ ★ ★

ALLISTER M. CAMPBELL, *Southern California* '34, entered the Navy as an ordinary seaman prior to Pearl Harbor where he was stationed at the time of the Japanese attack. He is now a warrant officer and has seen most of the Pacific area.

★ ★ ★

SGT. ROBERT L. JOHNSTONE, *Southern California* '42, serving with a bombardment group in Italy, tells of his returning from his 19th mission when one motor was shot away from his plane and they were forced to make a landing and by luck were able to nurse the ship along until they made a landing on the island of Corsica. Another plane from their squadron also landed and picked them up and returned them to Italy.

★ ★ ★

ENS. DICK HULL, *S.M.U.* '43, is serving in the Navy on patrol duty in the North Atlantic.

★ ★ ★

GEORGE H. ROWE, JR., *N.Y.U.* '20, is now with O.W.I. and is stationed in Italy.

Lt. John W. Duprey, *Minnesota* '42, winner of the Air Medal and the Oak Leaf Cluster, was reported missing in action late in March. It was thought at that time that he may have been forced down during the course of one of the bombing missions over Holland in which his plane had been participating and might still be safe. But his parents were later advised that John was killed in action on March 6th.

After serving for one year at the Seattle Port of Embarkation as G-2, LT. COL. JOHN J. SULLIVAN, *Washington* '09, was assigned to the Office of the Chief of Transportation, War Department, Washington, D. C. He is now Chief of the Intelligence and Security Division.

His Executive is MAJOR FREDERICK C. BELEN, *Michigan State* '37.

★ ★ ★

A/C ROBERT K. SHIRLEY, JR., *Texas* '43, went to CTD at Syracuse, N. Y., from there to Maxwell Field for pre-flight; next to Douglas, Ga. for Primary.

★ ★ ★

LT. (jg) JOHN M. DAY, *Southern California* '35, is serving in the South Pacific area. He entered the Navy as a yeoman 2nd class.

★ ★ ★

LT. WM. S. BURRIS, *L.S.U.* '42, was wounded in France on June 14, receiving a minor injury from a shell shrapnel in the neck. He is with the infantry, and has now recovered and on duty again.

★ ★ ★

LT. COL. LYDON B. COLE, *Wisconsin* '32, departed on foreign service in May 1942. He has been stationed in North Ireland, England, Africa and Italy. He was slightly grazed by shell fragments in the Tunisian campaign. He is the recipient of the Purple Heart and the Silver Star.

★ ★ ★

MAJOR CLEL E. GEORGETTA, *Wisconsin* '28, is Claims Judge Advocate for the Alaskan Dept., including the Aleutian Islands.

★ ★ ★

LT. LESLIE G. KINDSCHI, *Wisconsin* '27, is in the Naval Medical Corps in the South Pacific Area.

★ ★ ★

LT. P. WILLIAM RYAN, *Wisconsin* '40, is assigned to a combat unit of the Marines now in the South Pacific.

Letters

Must apologize for being so lax about the enclosed, but have been holding it for this time when it would mean more! Graduated from K. U. Med. School May, 1943 and started interning at Wisconsin General in Madison July 1. After 9 months, have been called to active duty and am starting it now. Have some temporary duty stations for the next few months.

Always interested to hear about the boys in the QUARTERLY. Saw Herb Anderson in Wichita last week and barely missed Ray Heskamp. Hope to see some more in my travels. — LT. O. R. CRAM, *Kansas '40*.

★ ★ ★

Since ASTP folded up I have been sent to join the 1944 Louisiana Maneuvers with the 75th Infantry Division of which I am now a part. A bit more rugged than ASTP, but I am enjoying it. In a few days I will be sent to Camp Breckinridge, Kentucky for ranger training.

I think a great deal about Delta Chi and realize how much it means to me. I look forward to the day when I can return to Cornell and help build that chapter up to full strength again. — PVT. EDWARD T. STRICKLAND, *Cornell '45*.

★ ★ ★

I am glad to take this opportunity to send in my alumni dues for 1943-1944 and to help the fraternity in the small way I can. I have received my January copy of the Quarterly after it had made the rounds of the South Pacific. I certainly enjoyed the magazine as I was able to locate a few fraternity brothers from U.C.L.A. — CPL. GEORGE W. METCALF, *U.C.L.A. '46*.

★ ★ ★

Amos T. Humphrey, Columbia '39, and I, both in the same class and fraternity at Columbia, took the same classes, were rather close friends. Upon graduation we ended up working for the same firm of Certified Public Accountants — Arthur Young & Co. — were drafted by the Army within two months of one another. Upon shipment from my reception center at Camp Upton, N. Y. to Camp Adair, Oregon, for training, I found that Humphrey was on the same train. At Adair, we were put in the same training company, and upon transfer to the 215th QM Gas Supply Bn., Humphrey went along. Unfortunately, he ended up in C Company, and I in A Company. Since the 215th got back to Fort Lewis, the outfit has been renamed, so that I am now in the 3953rd QM Gas Supply Co.; Humphrey in the 3955th. We live about a block from one another, but don't expect to stay here much longer.

To complete the series, I once introduced Humphrey to my brother-in-law by the same surname, and they found they were distant cousins. — PFC. JOHN J. SINSHEIMER, *Columbia '39*.

★ ★ ★

Your fine Christmas Greetings finally caught up with me. I have been so many places since the greeting was put in the mail. I did appreciate it so much. Just before Christmas I was assigned to Military Intelligence Division, G-2, War Department, Washington, D. C., where I am now in service. — CAPT. JOHN L. PETERSON, *Georgetown '20*.

Ensign Roger E. Miller, Florida '42, is with a Naval Construction Battalion overseas. He received his ensign's commission from the Midshipman School at Notre Dame last January.

Things are not too bad in India but believe me no country can compare with the good old U. S. If foreign service does nothing else it makes one appreciate the U. S. Being over here has been a wonderful experience and an education in itself. However, I am looking forward to the day when I can return to the states.

I am glad to hear the fraternity is doing so well during these trying times. I believe Delta Chi will come thru with flying colors and go on to greater things in the future. So here's wishing good luck to Delta Chi and the many brothers in the service. — LT. SAMUEL P. THOMAS, *Alabama '42*.

★ ★ ★

After a couple of months of traveling, the January 1944 issue of the QUARTERLY finally caught up with me. Of course, it was very nice to receive, and I read it from front to back every word.

At present I am on a front-line destroyer in the South Pacific. In fact, I have been on this ship for ten months. I was commissioned an ensign in February 1943 and have spent the major portion of that time chasing Japs towards Tokyo. So far I have run into Lt. (jg) Eric Larson, Illinois '35, who was field secretary for a time, and Ens. O. R. Grimm, Iowa State '36. Ens. Grimm is, as you probably know, an alumnus of my own chapter. However, he was there several years before my time.

Both of the above mentioned Delta Chis are also on fighting tin-cans and seem to be doing a bang-up job.

Hoping that everything is well with the Delta Chi organization. — ENS. ROLLIN ORMISTON, *Iowa State '42*.

★ ★ ★

Enclosed is a money order for \$2.00 to pay for the annual dues. We are still catching plenty of trouble on the front (Italy) but look for better fighting than the mountains one of these days soon. — LT. R. M. MOORE, *Texas-S.M.U. '40*.

★ ★ ★

Enclosed please find a check for \$60.00 to cover my annual dues for life. I want you to know how grateful I am to you for your recent notice which made it possible for me to avail myself of this opportunity. I am only too happy to do all I can to help the Fraternity during these times and make preparations for its post-war revival. — ENS. FRED WEYBRET, *Stanford '43*.

Finally received my copy of the QUARTERLY and was overjoyed. This war is playing havoc with our fraternity on all campuses where we have chapters. My own chapter houses women due to this war. As soon as the war is over Delta Chi will flourish again and become a leader among the fraternities.

I was certainly glad to get my copy of the Delta Chi Quarterly as it enabled me to locate some of the brothers. Met a Delta Chi from Michigan State — Howard Baker. We are in the same battalion.

I have seen quite a bit of the good, old U.S.A. in the past couple of months. Am certainly going to concentrate on being a civilian after this war is over.

Enclosed you will find a couple of dollars for dues — plus a couple of extra dollars to help finance our beloved fraternity thru this storm. Like all good ships I know that she will weather the storm. — LT. JACK J. FEE, *Oregon State '43*.

★ ★ ★

Now I am at Camp Crowder, assigned to Company C of the 847th Signal Training Battalion. I'm the Plans and Training Officer in Co. C., an imposing title at least. I rather expect to leave for other parts of the globe in a few months.

Haven't run into any Delta Chis here at Crowder although there must be some. I did get a letter from Roland Fagre of Iowa State who is now an ensign in the navy working in a construction battalion somewhere.

The army seems to be getting a lot of men now from colleges all over the country so the fraternities from an individual school standpoint must be pretty well out of the picture. I certainly hope that the national organization, with the help of the alumni, can survive and make a come-back after the war that will make the college fraternity, and Delta Chi in particular, a greater institution than ever.

I'm still looking forward to the next convention. — LT. CLYDE R. JOY, JR., *Iowa State '42*.

★ ★ ★

... Capt. Ed Nelson, Washington '40, is now taking special training in Anti-aircraft artillery at Camp Davis, N. C. His address is OSG, AAAS Guns No. 2, Camp Davis.

S/Sgt. Ralph Spencer is indulging himself in a well-earned rest (in Australia, I believe) after many months in the Southwest Pacific combat zone.

John Ritchie is now in Everett, Washington, still working for Boeing Aircraft.

I expect to be returning home within a few weeks. After 17 months overseas and a year of active air combat in the South Pacific, I can't say that I'm sorry.

At a recent presentation ceremony I was awarded the air medal with seven oak leaf clusters — LT. CURTIS B. BARNARD, JR., *Washington '39*.

★ ★ ★

The March issue just reached me — how? I don't know as my address has been changed many times during the last year. Anyway, my correct address is on this page in the upper right hand corner. Be sure you get it correct as I would hate to miss the QUARTERLY.

I notice my friends writing in, and to mention a few: Capt. Conlon '36, near me; Bill Tubbs '36, Capt. Smith '33, also Capt. Whitner '34. All, of course, from Florida Chapter. I know rough times have hit all the chapters, but feel confident we will all do our part to keep ours alive.

Certainly have seen my share of action and sport campaign ribbon with three stars these days. Yes, was in England, Scotland, Africa, Sicily, and now Italy. I made both the Salerno and Anzio landings in Italy and fought in ac-

tive combat all through Tunisian and Sicilian Campaigns. I hope to soon get another QUARTERLY. — CAPT. W. J. PLATT, JR., *Florida '33*.

★ ★ ★

Find enclosed a money order for ten dollars which I hope will be of some aid to the Fraternity in this trying time. I am sorry that this is all I can spare at the present but having sent the Texas Chapter twenty dollars last week I am a bit short.

Received both the '44 QUARTERLIES at approximately the same time and, believe me, they helped break the monotony of these New Guinea jungles. Certainly enjoyed finding out the whereabouts of the Texas brothers from 1936-9. I think you are doing a splendid job in keeping all the brothers together. Best of luck to you in the Post-War reorganization. — SGT. JOSEPH EDGAR, JR., *Texas '39*.

★ ★ ★

Since I last corresponded with you I have had two changes of duty and address and am now in Miami, Florida.

I left Chicago on Monday, March 6, 1944 and reported for temporary duty in Boston, Massachusetts the next day, or March 7, 1944. While in Boston I received indoctrination training as a Fleet Interviewer in the office of the Classification Center.

Then on Wednesday, June 14, 1944, I was transferred to temporary duty here in Miami in the Seventh Naval District, District Classification Control Office. At present, I am doing testing and interviewing of enlisted personnel for the Naval Transport Service at Air Transport Squadron Six which is located at Dinner Key, Miami, Florida. This is very interesting duty and the Squadron hanger is just south of the Pan-American Airways Depot and Shops. Expect to be here about three months and then will be transferred again by the Bureau of Personnel, Washington, D. C. — C. SP. (t) LEVERNE D. VAN VORS, *Iowa State '27*.

★ ★ ★

I wish to thank you kindly for the Delta Chi Fraternity membership card which I have just received. Many of our brothers are out here where I am and things get pretty hot at times but we never hear complaints — we are here to do a job forced upon us by lust for power and we're going to

Pvt. Thomas C. Ahern, Indiana '45, was reported missing in action in February. Since that time, his parents have been advised that Tom was still in Italy in a German transit camp as late as June 6th, and also that he had been injured in action. Tom was serving with an intelligence unit of the army infantry in Italy at the time he was reported missing.

stay here till we're sure our sons and daughters can have the fraternal blessings we have thus far enjoyed.

Thanks again for the membership card.
I am flying B-26 Marauder bombers — a lot of fun I must say. I have not received a QUARTERLY since before last Christmas — would like past issues if possible — LT. (jg) CARL LOCHNER, *Oklahoma '44*.

I left the States in April, 1942, and since that time have seen several of the brethren. The first was "Chet" Smith, Stanford '41. He was stationed at Pearl Harbor at the time and was flying a P.B.Y. for the Navy. In the same battalion with me is Lt. G. S. Mackenzie, Oregon State '36. Here in New Guinea I ran across Lt. Howard Brooks, Stanford '42, who is serving in Aviation Intelligence. I also see "Red" Sanders, Oklahoma '41, quite often.

I have been overseas almost 2½ years and am looking forward to the greatest reunion ever with all the brothers. With all the experiences we have had it should be the greatest "Bull Session" the fraternity has ever known. In due solemnity to the occasion I propose as a convention hall "Ye Old Pink Rat" in San Francisco.

Best wishes to all the brothers — CAPT. ALEX R. THOMAS, JR., *Stanford '41*.

Had a wonderful experience a couple of days ago. One of the B-24 Pilots asked me if I would like to go up with him as Co-Pilot on his 4-Engine Bomber. Naturally, I took advantage of the opportunity and we flew around for an hour or so, he letting me take charge of the controls. I got quite a kick out of it as it is so different from that fighter plane of mine. His ship is a veteran from many Jap raids, and he calls it the "Snowball from Hell."

The fighter plane I picked up in India and am now flying, is really wonderful. It simply cannot be beat and I wouldn't trade it for anything else in the air. It is new here and still a deep secret. Boy! Are those Japs in for a surprise when they run up against these babies. I have been using this ship since my original plane was shot down during a recent raid. The number is 166 and "Dipsy Doodle" has been painted on the side in fine fashion, along with my name — Lieut. J. A. "Pancho" Blanco. The Squadron Commander calls me "Pancho," so everyone in the squadron does likewise.

We just listened to a newscast from Tokyo in which the Japs are moaning and crying about the results of the raids we pulled a couple of days ago. It was most amusing. One of my

Lt. Verne Thomas, Jr., Oregon State '37, has been stationed in Northern Ireland with the Field Artillery.

Buddies said, "Hey Fellas, now aren't we ashamed of ourselves." We lost about 50 men recently in raids on Hong Kong and Hankow, although the raids were considered a success. The majority were Bomber crews but among them were 6 fighter Pilots. The Japs are "sorta mad at us" and they called Gen. Chennault a few days ago and informed him that they were going to drive the 14th U. S. Air Force out of China. That, of course, remains to be seen, however, two of the Pilots who came over with me have been killed. Enclosed clipping covering our most recent activities, was taken from a paper published in India. I am afraid the War here is going to prove very difficult, however, inasmuch as the Japs have convinced me that they are a bunch of Brainless Barbarians. We must kill them in order to win and there are a heck of a lot of them to be killed yet.

Forty-three letters and 6 packages arrived for me today and believe me it was just like Christmas. What a party I had opening all of them. One of the packages contained the stationery from you and it was "Ding Hoa" as the Chinese say — which means "Swell." Also received my Delta Chi QUARTERLY and I have certainly enjoyed it. Please send the next issue as soon as you receive it. — LT. JACK BLANCO, *L.S.U. '44*, to his mother.

It's been some time since I have heard from you and also I think I'm behind in my dues. Nevertheless, I want to keep in good standing with the chapter. I'm enclosing two dollars and hope I'm not too far behind. — GERALD G. JACKSON, *Iowa State '43*.

Sorry not to have been able to keep in contact with the fraternity; it has always been one of my best interests. However, due to the War my contact has been rather sketchy. I accidentally received your letter while home for one day from the fleet. As soon as I have a minute, I'll write a longer note. Let's keep the fraternity going. I think we all realize that it's going to be a tough job. — W. B. WOOLDRIDGE, *Indiana '43*.

Battery D, Second Coast Artillery, is not really at Fort Monroe, but is an island off of the shore from Fort Monroe. This Island is called Fort Wool. It is only a small island containing nothing but rock and sand and casemates of concrete emplacements. We have very little recreational facilities but have a regular boat schedule which keeps us in contact with the mainland. There is a show boat that transports men to the mainland every night in order that they might enjoy some of the recreation provided at Fort Monroe. This battery is on the alert 24 hrs. a day and has to keep a certain percent here on the island at all times. This all adds up to taking turns riding the show boat. We consider ourselves lucky if we are able to go on the mainland once a week. That is about all that I have to say concerning the "ROCK" as Fort Wool is usually called. — RALPH W. DUCKWALL, JR., *Indiana '44*.

This form (questionnaire on war service) went to New Guinea and back — to Tampa, Fla.; Barksdale Field, Shreveport, La.; Randolph Field, San Antonio, Texas; San Marcos, Texas; and caught me at Selman Field, Monroe, La. — CAPT. WILLIAM E. THRELKELD, *Illinois '37*.

I am being trained as Officer-in-Charge of a Harbor Detection Unit to go to an advanced base in the near future. I will have from 30 to 70 men under my command as well as four to seven commissioned officers. — LT. (jg) ROBERT W. SLAUGHTER, *Illinois '32*.

(LETTERS Continued on Page 21)

Directory of Members in the Armed Forces of their Country

WITH THIS ISSUE, we are beginning as complete a listing of members in the service as it was possible to obtain. Future QUARTERLIES will contain listings of members of the remaining chapters.

The address given is the latest one on file at the time of the publication of the magazine. Due to the fact that addresses are subject to change at any time, and also due to lack of space, full addresses have not been printed. These can be secured from the Executive Offices.

The Directory is being printed in such a manner that the pages can be removed from the QUARTERLY and folded into a small booklet. We are hopeful it will prove not only of interest but a benefit to all of you in the service.

We wish to extend our thanks to the families and friends of our members who so kindly forwarded the information we desired for this Directory, and to all of our members who took the time to fill out the questionnaire and return it to the Executive Offices.

Major Silas C. Peterson, Illinois '18, a pilot in the Army Air Forces, was recently awarded the Air Medal at 13th AAF Headquarters in the Pacific "for meritorious achievement in aerial operations." Cy was in combat in the South Pacific for 13 months and returned to the United States in June. He is now at the AAF Convalescent Center, Mitchell Field, L. I., N. Y.

I myself do not have under my command the Delta Chi house here but that house is a barracks (one of four) for the fifth company, under Captain A. J. Kiburz. My own houses are the Alpha Chi Rho, the Phi Kappa Tau, and Sigma Phi Sigma.

That is about all I have at this time — except I hope you'll change my mailing address to fit this. I'm glad to get the QUARTERLY as it helps keep track of old buddies who these days get around to such strange and far off places. I hope no more than the two already gone will fail to come back, and, of course, there's always the fervent prayer that those two also might yet turn up.

You might note that both MSC grads on the dead or missing list, Ralph Bennet and Daron Harden, are past "A"s of our chapter, and from me you can say they were two of the finest there ever were, both of them swell lads who are real losses to a country such as ours. — LARRY DISTEL, *Michigan State '37*.

Just thought it might be interesting to note that of the three officers aboard this Sub-chaser, two of us are Delta Chis. The other Delta Chi is Bob Akins, Penn State '43. — GEORGE F. FOSTER, *Michigan State '42*.

Tomorrow I am leaving for my new and permanent station. I will take up my duties as an instructor of student pilots there. My address will be as follows: Lt. W. L. Burling, Minter Field, Bakersfield, Calif., *Wisconsin '43*.

Enclosed is a money order for five dollars which I am sending for alumni dues. I had hoped to be able to send more, but it is impossible at present.

It is my hope to return to College and finish the work on my degree after the war. — WM. A. SUTER, *S.M.U. '42*.

Letters (Continued from Page 12)

Thank you for the Christmas message and also the QUARTERLY that came through shortly before. Was surprised to find a letter from my brother — Bob Pace, Idaho '43, in the issue.

This is a quiet island too close to the equator and too far from "the old country." Everyone is busy here but our hearts are all up north with the boys that are really giving 'em Hell!

Send belated Season's Greetings with big hopes for the New Year. — DAVID G. PACE, *Idaho '39*.

Recently the January issue of the QUARTERLY was forwarded to me, and it was with much interest that I could "get a line" on the doings of the brothers.

With so much that goes on these days it is sometimes difficult to maintain any contacts with any of the fellows. However, I have met three of the brothers in the service — one most unexpectedly in a "chow line" at Camp Endicott, R. I. It was Bob Findlay, Cornell '43 — we were both enlisted men at that time and since have been commissioned. Here at Harvard both Don Johnson, Cornell '43 ("A" '42-'43) and George Morrow, Cornell '42, have been attending our joint class of Army and Navy personnel.

We are rather pleased that the Cornell Chapter has managed to function — it is in the present group that the future of the chapter shall depend.

After reading the QUARTERLY I realized that I hadn't paid any alumni dues. I believe that my share is \$2.00 per annum so I'm enclosing a check for that amount.

I hope that you shall be able to continue printing the QUARTERLY — it's the closest link we have, now, with Delta Chi. — ENSIGN JOHN NAIRN, *Cornell '42*.

I have been training mechanics for the Air Corps for the last 2½ years. During that time I have run into a few Delta Chis. Earl Powell, Union '25, was with the Post Eng. Office at Sheppard Field. Capt. Andrew R. Johnson, Union '32, is now post Signal Officer at Albuquerque, Major Harlan E. Chase, Oklahoma '27, is Post S4 at Amarillo, Texas. Lt. Col. Jimmie Walsh, Illinois '27, was at Sheppard Field when I was there, but I believe he has been transferred.

This has been a war of movement even for those who are in this country, and in addition to regular moving around I have flown to San Antonio, Kelly Field, Dayton, Wright Field, and have been out to the West Coast several times.

I am still trying to see some action, but after this long have just about resigned myself to spending the War on this side. — MAJOR FRANKLIN M. PHILLIPS, *Illinois '32*.

I've been here in the Naval Academy Prep School for almost two months now. All I can say for it is that it's no picnic. I have about another four months to go. After that, if I'm lucky, I'll be in the Academy itself. Another Delta Chi, Earl Merwin, former N.Y.U. Chapter "A", is going to a similar school for entrance to the Military Academy.

Strangely enough, in almost a year in the Navy I haven't met any other Delta Chis. I've come across a lot of other fraternity men but never one from ours. I hope to someday though. — RAYMOND VASQUEZ, *N.Y.U. '45*.

At present as added information I am an officer with the A.S.T.P. here at The University of Illinois—one of the rather large army groups that has moved in on nearly all the fraternities here.

Lt. Harry P

Capt. Robert B. Conlon, Florida '36, shown above with his family, was killed in action in Italy during the storming of Rome, May 21, 1944. In addition to his wife and son, he is survived by his parents, and two brothers, Lt. (jg) Lyndon C. Conlon, Florida '38, on active duty with the Pacific fleet, and Lt. Frank C. Conlon, Florida '42, serving with the Army Air Forces in Italy.

While attending the University of Florida, Bob was an outstanding track and boxing star. During his last year, he was Lt. Colonel in the R.O.T.C. He served his chapter as "D".

Just recently I received your letter concerning the present status of Delta Chi. It made me very unhappy to hear that the war has taken such a terrific toll of our chapters. I'm sure, however, that the remaining ten chapters and the alumni can "keep the ball rolling" during the present emergency.

I am enclosing a check for four dollars (\$4.00), two "bucks" of which will cover my own dues for 1943-44. As for the remaining two "bucks", let that amount be used to cover the dues of a Brother of the Bond who is also overseas but perhaps too busy fighting Nips or Nazis to be able to send in a contribution.

At the present time I'm assigned to the Fifth Air Force and stationed in Australia. But in spite of the distance between here and the "Yewnted States" I stand ready to be of any service possible to Delta Chi. — LT. CLIFFORD SCHULTZ, Miami '41.

★ ★ ★

Hope you will overlook the long delay, but for the past month or six weeks I've just been unable to find time to do much writing. Our CO believes in giving all of us a turn at each job he has under his control, and we sort of keep "on the go" learning new duties and procedures.

You really don't know how very much I enjoy and appreciate your letters. They are the best link between friends possible under the present circumstances, and I sincerely hope you won't stop sending them. Now that I can take up a little slack, I promise to be more on my toes in answering.

Tom Taulbee writes every now and then; he's doing exceptionally well at an Air Force Technical School (Radio) somewhere in Montana. Says those GI long-handles really are welcome in that "Yankee winter." Lewin Buell wrote me from Panama — he's an ensign in the Navy there. Adrian Davis is still with the AAF in Africa, I suppose. I hear from him at intervals of about 3 months.

I think of all our gang quite frequently and never fail to get a little homesick to see you. I will one fine day. Write soon. — LT. C. RANDY MITCHELL, Texas '44, to DONALD BRUNSON, Texas '44.

Received a recent plea for financial assistance and was in a position where I was unable to get any mail to the outside world — the questionnaire attached jogged my memory and am enclosing check for \$10.00. Wish I could swing a bit more but . . .

It's good to get news of the old tong and when the QUARTERLY shows, at long intervals, it's read from cover to cover . . . and avidly. Believe your policy of publishing letters from overseas is one which will prove of great interest to all the brothers overseas and no doubt to many forced to remain at home.

You'll probably note that this machine doesn't space too well . . . charge it up to the cold . . . the lubricant remains quite stiff unless a blowtorch is applied to the little brute.

It's most difficult to say much about one's duty but I will say that I couldn't ask for more interesting duty. I've been most fortunate in my assignments since reporting for active duty and have no kicks whatsoever, and am reporting this fact because it's contrary to the rule.

That's it for the time being. Sorry to hear so many chapters have been forced to shut down for the duration. However, Delta Chi is more than a collection of fraternity houses . . . to most of us who've been out of school for a few years it represents an idea and an ideal and one worth fighting for. The Fraternity will lick its troubles just as the Nation will lick its enemies. — GARRETT HORDER, Washington '33.

★ ★ ★

I know I'm rather late in sending you my 1943-44 dues, but I find it hard to catch up on everything in the army.

I am enclosing the questionnaire that I received the other day. Also I want to take this chance to thank you for the Christmas greeting I received.

I am in airplane mechanics school here at Seymour Johnson and it's not too bad. — PHILIP B. RARIDEN, Indiana '42.

★ ★ ★

Would appreciate receiving an issue of the QUARTERLY. Have been stationed in the Aleutian Area, Alaska, approximately 2 years. Have so far run on to only one Delta here, Capt. Harold Connell of the U.C.L.A. Chapter, who happens to be stationed here at the present time. — JOHN W. COPLEN, Stanford '22.

★ ★ ★

Some of the boys in the office might remember my brother, John E. Patrick, who was the Iowa Chapter's perennial Pledge (about three years, as I recall it, and an additional two years at the Florida Chapter prior to that time). I think he managed to retain that unique status for so long a period chiefly owing to his remarkable (and self-taught) ability to play the piano. At any rate, Johnny duly graduated from Iowa Medical, and the war found him with wife and brand-new baby. He was commissioned first Lt. and spent several months in the States, going from Camp Robins, Georgia to San Antonio, thence to Daytona Beach, back to San Antonio, where he wandered around through two or three camps, and finally to Miami, Florida, where he took off for a necessarily undisclosed destination. Following information, passed by the censor, should give a pretty good hint as to where he landed. In Johnny's words: "A few hours flight from Miami. Natives, including negroes, of whom there are many, speak with a decidedly English accent. Had a little difficulty translating pounds and shillings into coin of our realm. Very warm and tropical, with grape fruit and tangerines in abundance."

I know that Johnny can't be classed as a true Delta Chi, in the sense that he was never formally initiated but he certainly was a Delta Chi in spirit, and probably knew more Deltas than most of us do. Anyhow, I thought I'd let you know his present whereabouts. — MERLE C. PATRICK, Florida '33.

I have just started in O.C.S. so should be here (Ft. Belvoir) for four months. I recently ran into C. E. Anderson at the Univ. of Wyoming. We had quite a talk after we found out who was who. I met him at a conclave at Ames but couldn't quite place him.

Keep up the work on the Delt. I'll see you after the war. — CAND. NORBERT CHEHAK, Iowa State '42.

★ ★ ★

For some time now I have been meaning to write to those of you at the Executive Offices and thank all of you for what you are doing to keep Delta Chi strong in these trying times. The QUARTERLY has been forwarded to me by my parents. It was a great joy for me to read the magazine and find out about all of the Delta Chi activities and to read what the other brothers are doing. Your very kind Christmas letter reached me safely and I did appreciate it. — PVT. EDWARD T. SOUTHWICK, Miami '45.

★ ★ ★

Enclosed you will find a check for the amount covered and hope it will benefit in your efforts to keep the chapters going until such time as we can finish the fight over here. I am only sorry I could not have sent my share sooner but due to my many changes it has taken the mail quite sometime to catch up with me.

There is nothing much I can tell you about my work except that I've just completed a course in Flying Control and I'm duly qualified for a job of that nature.

At present time I am somewhere in England. I wish there were more I could tell you except that I have run across several Delta Chi men during my time in the Service.

If at any time I am able to be of any assistance either to my chapter or the Fraternity as a whole, do not hesitate to let me know. I close wishing Delta Chi the best. — LT. CARLOS A. MORENO, A. C., N. Y. U. '42.

★ ★ ★

Just a line to let you know I am now with Ninth Air Force somewhere in England.

Have just been promoted to first lieutenant. — WILLIAM W. BLOOR, Ohio State '34.

★ ★ ★

Having been in Australia more than two years, I was quite interested in the letter from Tom Hardgrove, N.Y.U. '38. (In January issue) I think perhaps he was a mite prejudiced. It is true that in many respects Australia is not as far advanced as the United States, particularly in the use of mechanical gadgets. But maybe mechanical gadgets aren't everything. The "greasy spoons" over here are terrible, but so are the ones back home. There is less variety in vegetables, but he failed to name pumpkin, one of the most inevitable ones. Americans will notice particularly the lack of salads as we know them. By the way, it can get much colder than 40 or 50 degrees in some places; in the southern mountains there is snow during the winter. There are disadvantages, as he was quick to discover, but it is an interesting and a beautiful country, and its people have done a great job in this war, as in the last. — W/O LEONARD C. BAILEY, Florida '32.

★ ★ ★

I hope the enclosed form gives you the information you desire. At the present time I'm jumping around the country quite a bit taking Bombardier's training. When I received the form it had been across the U. S. twice.

I'll try to keep you up-to-date on my address changes in the future. I'm very much in favor of this new move to keep up with all of our members in the service.

My best wishes to further success of the fraternity. — LT. DONALD E. HIRSCHLER, C. A. C., Iowa State '40.

I was very happy to fill out the questionnaire sent me concerning Delta Chi members in war service and am returning mine to you.

I miss dear old Delta Chi a great deal and all my Delta Chi brothers. As you see from my questionnaire I am an ASTP student at Baylor University College of Dentistry, Dallas, Texas. At the present I am in the Sophomore Class. I belong to the Psi Omega National Professional Dental Fraternity here, so I am with a fine group of fellows.

My Delta Chi QUARTERLY has been coming to me without any delay and I have read every copy from cover to cover. — HENRY C. EASTERLING, Oklahoma '42.

★ ★ ★

I was recommended for O.C.S. in the West Indies where I spent 13 months and have since been commissioned a 2nd Lt. and am now in the Reserve Officers Class, Marine Barracks, Quantico, Virginia. — LORAN CARLTON, Florida '41.

★ ★ ★

Have been in India for quite a long time and am getting along very well. I hope all is well with the Fraternity, in spite of wartime conditions. I'm sure all the boys of Delta Chi, wherever they are, are doing their part and doing it well.

I sure miss the States. This coming Christmas will be my second one here. We are going to get this thing over with as soon as possible and head for the Good Old U.S.A. — WILLIAM E. BARNUM, DePauw '41.

★ ★ ★

My own career can be told briefly. I went overseas in November, 1942, and trained at Hickam and Wheeler Fields, both of which still show a few signs of the December 7 bombing that touched off the war. I was commissioned as a 2nd Lieutenant and received my wings on March 20th of this year. I departed immediately for the South Pacific where I have been in combat for the past 8 months. As you will note by the address, I am a member of a heavy bombardment group and I have had the pleasure of taking part in dropping a good many tons of destruction on the Japs. I have also ducked a few bombs myself and have seen a good many Japs shot down. I know what the inside of a fox hole is like from long experience, and I learned many months ago to recognize the peculiar desynchronized whine of a Jap bomber's engines. — LT. CURTIS B. BARNARD, JR., Washington '39.

Lt. Vernon M. Bice, Arizona '43, is with the Anti-Aircraft Artillery somewhere in the South Pacific.

ting some practical training in jungle warfare. It's good insurance for what lies ahead.

New Guinea hasn't turned out to be nearly as bad as we had expected. We have a two-day pass to the beach every two weeks where the swimming is excellent. My conscience forces me to say further that the South Sea Island lassies are highly overrated. The Aussies have told me that the longer one stays in New Guinea the whiter the native girls get, but so far my reconnaissance excursions about the matter have been highly unsatisfactory.

The food is fairly good but the cooks do have their little idiosyncrasies. For instance, they mix five pounds of lard with five pounds of butter and you know, by golly, you can't tell the difference — it tastes just like lard.

The first time we went to the beach we gorged ourselves on cocoanuts. I might add, that we paid dearly.

The mosquitoes, infernal diseases and the climate are our enemies. It is rumored about that the Japs are also dangerous.

There is a favor Martin and I would like to ask. We both left college in such a hurry that neither of us got to buy a Delta Chi ring. Perhaps, to you, it seems like a strange request to ask you to send us a Delta Chi jewelry pamphlet but we would like to order a couple of rings just to remind us of happier days spent at the fraternity.

We have been keeping track of our fraternity brothers and we find that most of the fellows are returning to our chapter after the war. We hope to get things rolling after the duration.

We would certainly appreciate it, if you would send us a Delta Chi jewelry pamphlet if it wouldn't put you to too much trouble. — PVTs. DEL MOTTELER and MARTIN SQUIRES, *Washington* '43.

★ ★ ★

Will stick in a few scrawled lines with the address form. Am now a grizzled veteran of three months service — got my first ride in a jeep today, too. The helluvitis that they couldn't be kind to me and ship me right out as battalion surgeon or something. No. They had to send me to Oglethorpe to the WAC factory!!! Can't expect to be here many months though, which helps.

Actually, except for the mental hazard, it is pretty much of a country club at the moment. It is more permanent than my six weeks' tours of duty at Carlisle and a general

Capt. J. B. Sanders, Oklahoma '41, is now in the South Pacific.

hospital, which also helps. I'm still waiting to run into somebody I've known, which shows how big the army is. Greetings to all. — O. R. CRAM, *Kansas* '40.

★ ★ ★

The directory you propose to compile is definitely a worth-while project. I feel you are doing an excellent job of keeping us all in contact with one another in these times.

In spite of the fact that I was drafted too late to join the officer ranks, I have gotten the opportunity to do a little something worth while and took part in the invasion.

I would appreciate having the QUARTERLY mailed direct now and hope to hear from you again soon. — SGT. SIDNEY J. HOGANSON, *Iowa* '39.

★ ★ ★

I just had a letter from another Delta Chi here in Italy. He told me he had found my address in the QUARTERLY and it was amazing the letter arrived at all.

The ACC is the Allied Control Commission which supervises the government of Italy under the armistice terms. It is the successor of AMGOT, made famous by John Henry's "A Bill for Adano". I am working as a clerk-translator and enjoy the work very much. — PFC. SEXSON E. HUMPHREYS, *DePauw* '34.

★ ★ ★

My wife just forwarded the Delta Chi membership card and I want to thank you for it. My life now reminds me much of the fraternity days. My screened tent, open on all sides, permits the usual amount of gold-fish bowl privacy, and it serves as gathering place for "bull sessions", card games, and the rationing in drop doses of any "bottled goods" that rarely drop down out of the sky.

I have toured New Caledonia, Australia, and now the interesting part of New Guinea. In all that time, I have met only one Delta Chi and that was Bill Boice, Iowa '27, who is a few miles away, a major and chief of surgery. He spent two years in Iceland and now one year in the jungle. He deserves a medal!

At our rapidly growing hospital, I am Chief of Medicine. We are close enough to activity so that we all have too much to do — but it does make the time pass more rapidly. Best regards to all the boys. — LT. COMDR. DON C. SHELBY, *Iowa* '25.

★ ★ ★

I received the Delta Chi questionnaire on July 30 and sent it on the way back to the Executive Offices on the same date, hoping that it will reach in time to go on file.

I'm sure that all of the brothers in service will appreciate the membership card sent out to us. I for one am very proud to have it to carry with me.

On my island there are four Delta Chis that I know of: Capt. Walter Grieser, U. of Idaho; Lt. McLaughlin, U. of Idaho; Sgt. Vern Birney, Kansas U., and myself. We have had a couple of "get-togethers", and we had no trouble at all in finding something to talk about. That ol' Delta Chi spirit is right with us!

Lt. McLaughlin, Sgt. Birney and myself are together in the same outfit. The three of us were in the same platoon for about nine months, but reorganization of our unit soon changed that. During our nine months together, we were in the Regimental Intelligence and Reconnaissance platoon. We have experienced the same travels — Oahu, Hawaiian Is., Pago Pago, Samoa, Espiritu Santo, New Hebrides. Of course, our present destination can not be revealed. It's just another one of those so-called "Islands of Paradise", as described by an author with a very supernatural imagination. — SGT. HARRY R. MORTENSEN, *Idaho* '44.

Milestones

Arizona

Born. To Lt. and Mrs. Jones Osborn, '43; a son, Jones II; April, 1944.

Chicago-Kent

Died. William James Kirk, '01; June 5, 1944; Winnetka, Illinois.

Died. Frederick J. Newey, '99; June, 1944.

DePauw

Married. Kathryn Horn to Lt. Alexander Vraciu, '41; August 24, 1944; Chicago, Illinois.

Dickinson

Died. Caleb S. Brinton, '95; April 24, 1942.

Florida

Died. Capt. Robert B. Conlon, '36; May 21, 1944; killed in action in Italy.

Georgetown

Died. Wm. P. Malony, '04; May 20, 1944; Dundee, N. Y.

Died. J. Cassin Williams, '11; April 28, 1944.

Idaho

Engaged. Irene Frank to Capt. Louis B. Kramer, '40.

Born. To Major and Mrs. James M. Trail, '40; a son, Dusty; July, 1944.

Illinois

Married. Lois Jean Mortland to Noble Arnold, Jr., '44; August 19, 1944; Streator, Illinois.

Indiana

Died. Capt. Robert B. Trenner, '40; June 11, 1944; killed in action in France.

Dr. A. B. Dusenberre, father of Rod Dusenberre, Cornell '45, was a victim of drowning in Cayuga Lake, Ithaca, N. Y., July 3rd. Dr. Dusenberre was well known to all recent Cornell Delta Chis as he was a popular chaperone at many parties. Fred Rogalsky, Cornell '16, was on a fishing expedition with Dr. Dusenberre and another man when their outboard motor boat overturned. Fred was picked up by another motor boat but the other two men were drowned.

Iowa

Born. To Lt. and Mrs. James Kent, '41; a daughter, Janet; April 15, 1944.

Kansas

Married. Jo-Ann MacSheffray to Wilber A. Mansfield, '39; April 19, 1944; New York City.

Died. Glenn C. Frazier, '24; June 22, 1944; Kansas City, Kansas.

Kentucky

Married. Mildred Virginia Gregory to M. D. Van Horn, Jr., '44; June 7, 1944.

L.S.U.

Died. Lt. Charles Willis Kessler, '43; June 14, 1944; killed in action in France.

Michigan

Married. Frances S. Donaldson to Emil C. Wetten, '95; June 26, 1944.

Died. Thomas A. Berkebile, '97; May 17, 1944; Monterey Park, California.

Died. Richard A. Jacobson, '32; October 27, 1943.

Died. Chas. H. Ruttle, '10; February 26, 1944; Chicago, Illinois.

Michigan State

Married. Mary Joan Fitzgerald to Maurice J. Day, '34; August 12, 1944; Chicago, Illinois.

Died. Capt. John Mathewson, '41; May 1944; crash landing in England.

Minnesota

Died. Lt. John W. Duprey, '42; March 6, 1944; killed in European theatre of action.

Died. Edwin L. Strand, '28; May 17, 1944.

Nebraska

Died. Walter K. Hodgkin, '11; April 22, 1944; heart attack.

Died. Harry O. Warton, '13; June 24, 1944; heart attack.

N.Y.U.

Married. Lucille A. Gallenz to John Coe, '41; June 18, 1944.

Died. Hamilton Cross, '10; April 6, 1944.

Died. Thomas F. Haggerty, '11; November 25, 1940.

Died. John A. Hines, '01; March 1944.

Died. C. H. Kelby, '94; August 1, 1944; Brooklyn, N. Y.

Died. W. Russell Osborn, '98; January 27, 1940.

Ohio State

Born. To Mr. and Mrs. Thomas C. Evans, '38; a daughter; May 2, 1944.

Oregon State

Married. Imolean DeArmond, Kappa Kappa Gamma, to W. C. Frazer, '45; March 16, 1944.

Died. Lt. George C. Howe, '40; prison camp in Japan.

Died. Lt. Wildrick F. Hynes, Jr., '32; killed in action in Italy.

Died. Ens. Robert N. Morrison, '40; killed in action in the South Pacific.

Osgoode Hall

Died. M. A. MacDonald, '05.
Died. D. A. McDonald, '04.

Penn State

Married. Roberta Kyle Butterworth to Sgt. Joseph F. West, '38; September 16, 1944; Germantown, Philadelphia, Pa.

Born. To Mr. and Mrs. George M. Gilmour, '40; a daughter, Linda; October 3, 1943.

Purdue

Married. Dorothy Simmons, Alpha Chi Omega, to C. Ted Dietz, '44; May 15, 1944.

Married. Eleanor Purcell, Delta

In the May issue, we advised that word had been received that Lt. Robert Ogden, Ohio State '37, had been killed in action, but that it had not been confirmed. We find that the report of Bob's death was in error, that he is very much of a hero, and a Navy ace, having downed six Jap planes.

Gamma, to Lt. Thornton D. Skaggs, Jr., '44; May 23, 1944.

Died. Lt. John W. Graybill, '45; August 19, 1944; Greenville, Miss.; plane crash.

S. M. U.

Born. To Lt. and Mrs. Theo F. Ezell, Jr., '40; a son; Theo Howard; June 22, 1944.

Texas

Died. Rollin W. Rodgers, Jr., '17; May 15, 1944.

U.C.L.A.

Born. To Mr. and Mrs. Francis S. Mills, '38; a son, Patrick Kevin Francis; April 30, 1944.

Union

Died. John J. McMullen, '02.

Virginia

Died. Col. Ashby Williams, '06; May 31, 1944; heart attack.

Wisconsin

Died. John A. Bailey, '26; January 31, 1943.

GI BILL OF RIGHTS

The "GI Bill of Rights", an omnibus war veterans' aid measure providing for education among other things, has been passed by both Houses of Congress and approved by the President.

The N.I.C. has asked that all fraternities, through their offices and magazines, give wide publicity to the educational benefits under the law so that there should not be any ignorance as to the plan and opportunities in the mind of any undergraduate now in the service. Hence the below digest of the educational sections.

Any person who served in the active military or naval service on or after Sept. 16, 1940 and who was not over 25 years of age at the time he entered the service, and who shall have been honorably discharged, and who either (1) shall have served 90 days or more, exclusive of any period he was assigned to an Army or Navy training program, which was a continuation of his civilian course and was pursued to completion, or (2) as a cadet or midshipman at one of the service academies, or (3) shall have been discharged from active service by reason of an actual service-incurred injury or disability shall be eligible for educational benefits.

Such educational course must be begun not later than two years after either date of his discharge or the termination of the present war, whichever is the later, and the benefits will not be extended beyond seven years after the close of the present war.

Any such eligible person shall be entitled to education for one year. After the close of the first year the veteran, if in the opinion of the institution he is attending, has shown satisfactory progress shall be entitled to additional periods of education not to exceed the time such person was in active service after Sept. 16, 1940 and before the termination of the war, but in no event shall the total period of education exceed four years. He may enter an elementary school, trade or technical institution, college or graduate school. During this period he will receive \$50 a month if single, \$75 if he has one or more dependents.

The Government will pay up to \$500 for each person for an ordinary school year for tuition, laboratory fees, books, and supplies exclusive of board, lodging, other living expenses and travel.

Those who were over 26 when they entered the service will receive the same benefits if they can prove that their education was "delayed, interrupted, impeded or interfered with", which probably will not be made difficult.

This and That About Alumni

» Frank W. Atkinson, Jr., Michigan '27, is chief planning engineer of the American Ship Bldg. Co., in Cleveland.

» C. W. Ferguson, Michigan '15, is Judge of the 24th Judicial Circuit of West Virginia. He is chairman of the advisory boards for registrants of five draft boards in Wayne and Mingo Counties, West Virginia.

» Wilbur P. Klapp, Penn State '24, is proprietor of "The Original Sight-Exchange" (Gun Sight Specialists). The Original Sight-Exchange is supplying sights to the armed forces, and to training schools, corporation guards, police depts., etc.

» Delmer M. Nicholls, Penn State '35, is head bookkeeper of American Steel and Wire Co. at Rankin, Pa., a subsidiary of the U. S. Steel Corp.

» John W. Allen, Purdue '42, has been with the Collins Radio Co. in Cedar Rapids, Iowa as a mechanical engineer.

» C. P. Parkinson, Purdue '32, has been connected with the U. S. Geological Survey, collecting and publishing data relating to water resources of the nation.

» Nicholson G. Wade, Purdue '34, is employed by the Lukas-Harold Corp., a division of Carl L. Norden, Inc., precision instrument manufacturers. He is in the production control dept.

» Eaton O. Eysaman, Union '27, is now with the Cherry-Burrell Corp., Little Falls, N. Y., as supervisor of final assembly of aircraft

fuel pumps being manufactured for the Army Air Forces.

» Russell B. Nye, Wisconsin, assistant professor of English at Michigan State College, has received word that his biography on "George Bancroft", one of America's first historians and distinguished diplomats, was off the press August 14th. Winner of a thousand dollar prize from the Knopf Publishing Co. of New York, Professor Nye spent many months in numerous university and private libraries searching for Bancroft's historical writings. Professor Nye, beginning September 1st, will be on leave from Michigan State College for one year as a recipient of another fellowship of \$4,000 from the Rockefeller Foundation of New York.

» In addition to his duties as associate justice of the U. S. court of appeals, Judge Harold M. Stephens of Utah has, at the request of the state department, taken on a special war task — he has been appointed by the president to be chairman of the American wing of the British-American patent interchange committee. This new responsibility is purely a war task, which will expire with the cessation of hostilities. While it imposes further on the time of Judge Stevens, the patent interchange work will not interfere with his regular judicial duties. He will merely put in more hours per week than heretofore.

The patent interchange committee performs a highly important, though not spectacular work, especially as much that it is doing deals with "military secrets." In a word, this committee facilitates the interchange of patents, inventions, designs and processes between the two countries, making important American patents available to British producers and vice versa, for the duration of the war, so long as they are of military importance to either country. This interchange will continue up to the time fighting is over; the interchange then comes

to an end; it will not await the actual signing of peace treaties.

Naturally much that the committee is doing, the exchanges that have taken place, or that may occur hereafter, cannot be discussed publicly. But it can be said that many American factories, having war production contracts, are now turning out devices covered by British patents or inventions, the right to such use having been agreed to by both governments, while on the other hand many an American device is being produced, according to American plans and specifications, in the factories of Great Britain, likewise with the consent of the patentee and the United States government. The inventive genius of both countries has been pooled, that each may have the advantage of what the other has discovered, devised or demonstrated and proven.

As an illustration, although not necessarily a fact, under the plan of patent interchange, American plants proposing to produce gasoline from coal or shale may acquire, for the duration of the war, the privilege of using British patents covering such processes, the British having entered this field long before the United States became interested. The British patent rights would be acquired from the owners by the British government, which in turn would pass them along to the American government, and the latter would pass them on to the company or companies intending to use those processes for war purposes, and during the war.

The American producer would not directly deal with the British patentee, each party would deal through his own government. And each government, under the authority of the lend-lease act, would assume all expense incident to the acquiring of patent rights for interchange. The British government has the authority, if necessary, to commandeer patent rights of its nationals if they can not be acquired by purchase or lease. The United States government has no such authority, and can not compel any American patentee to surrender his rights if he is unwilling to

Professor William B. Owens, Stanford '14, is the Stanford University Faculty Representative of the Pacific Coast Conference. At this organization's February meeting, the commissioner accorded Professor Owens a unique tribute. The conclusion of his tribute follows: "Professor Owens' contribution to the cause was not merely local. He became and was for several years president of the National Collegiate Athletic Association, and in that capacity brought to this conference a prestige which had not previously been accorded it by those connected with national inter-collegiate athletics. He still serves as honorary president and as a member of the executive committee of that organization. The genius and vision of Professor Owens on matters of conference policy, his advice and guidance in important decisions, his unselfish willingness to work at any task to which he might be appointed, make it appropriate, in the opinion of the commissioner, that the conference should make some acknowledgement of Professor Owens' contribution to the tradition, spirit and ideals of this organization."

make his patent available for war use in Great Britain. However, up to now there has been no difficulty in either country about acquiring patent rights for essential war use, as patentees of both nations have willingly co-operated.

The joint patent interchange committee, with the respective American and British units, are constantly active. Problems regarding interchange are continually arising, more or less technical in nature, that require study and adjudication, and these problems go to the joint committee, an advisory body. The American committee also is required to suggest new legislation when found desirable, to facilitate the purposes of the interchange act.

The British committee is headed by John Foster of the British embassy.

At joint sessions, American Chairman Stephens and British Chairman Foster alternate as presiding officer. The work of this committee has made it necessary for Judge Stephens to burn much additional midnight oil, but his patent interchange duties have not, and will not, disrupt his judicial duties, nor require him to leave Washington. He serves on the patent interchange committee without additional compensation.

Judge Stephens is a member of the Cornell Chapter, Class of 1909.

» Joseph F. Lacchia, N.Y.U. '25, "BB" of the Michigan State Chapter, served as the first president of the Fraternity Advisers Association of Michigan State College, and was recently reelected to that office. This group took charge of all the chapter houses, and was instrumental in leasing the houses to the college for army occupancy. Joe has been busy as head of this group in handling this transaction and in conceiving the Post-War Program. He lead the May 13 and 14 Conference on Post-War Planning which was attended by National Officers from the various fraternities represented at Michigan State. Marsh White, "DD", J. T. Caswell, Michigan State, and Russell B. Nye, Wisconsin, attended this conference. Joe is a sales engineer with E. W. Bliss Co. His wife is very much interested in the chapter, and has been very helpful during these trying times.

» J. W. Langley '32, Ed W. Bredenbeck '33, H. Spencer St. Clair '34, and Lawrence Drumm '30, all of the Southern California Chapter, are employed by Northrop Aircraft

Inc. Buddy Drumm is in the legal department, and the other three are in Production Control which deals with the real building of the newly publicized P-61 (Black Widow).

» Glen B. Lerch, Wisconsin '26, is vice-president and general manager of Lerch Brothers Inc., Iron Ore Chemists, in Hibbing, Minn. He is also an executive officer of Squadron 715-3H, Civil Air Patrol, which is operated as an auxiliary of the Army Air Forces.

» George M. Gilmour, Penn State '30, is Technical Test Engineer at the Cramp Shipbuilding Co. in Philadelphia.

» The trustees of Cascadia School of Ithaca, N. Y. have elected to their board Harry G. Stutz, Cornell '07, general manager and editor of The Ithaca Journal.

» Allan C. Sulerud, Minnesota '26, is now Executive Secretary of the Department of Taxation, State of Minnesota, and is located in St. Paul.

» Grover E. Holmes, Chicago-Kent '20, of Metropolis, Illinois, is now Assistant States Attorney of Massac County.

» Irving Jensen, Illinois '34, was recently promoted to Advertising Manager of National Jeweler. He has been a member of NJ's editorial staff since 1937.

» G. Orr Sanders, Minnesota '31, visited the Michigan State Chapter in March. He is connected with the United States Radiator Co., with offices in the United Artists Bldg. in Detroit.

» Albert T. Wilkinson, Cornell '91, has partially recovered from a stroke of paralysis suffered in December, 1942, and has resumed his law practice in Camden, N. Y. Wilkinson was the first man initiated into Delta Chi by the Mother Chapter and wears the first Delta Chi pin ever made.

The Delta Chi Fraternity

Founded at Cornell University October 13, 1890
Executive Offices — 16 S. Clinton St., Iowa City, Iowa

Founders

PETER SCHERMERHORN JOHNSON, 1340 S. Boulder Ave., Tulsa, Oklahoma	ALPHONSE DERWIN STILLMAN (1864-1937)

ΔΧ keeps a record of all badges and keys made by this company. The Executive Secretary is required to assign serial numbers and register same. Thus the sole official jeweler is not permitted to fill orders until approved by the Executive Secretary. Hence, all orders for badges or keys should be first submitted to the Executive Secretary for confirmation. He will forward them promptly to the jeweler.

Wear Your Fraternity Badge with Pride

Your Balfour Badge will become one of your most cherished possessions, rich in the traditional association of your college life.

Something finer than the mere gold, lustrous pearls, and precious jewels has, through the years, been built into your badge to make it truly symbolic of the spirit of Delta Chi Fraternity. Through years of service and experience, skilled Balfour craftsmen create for you a badge of beauty, excellence, and quality which is a worthy and enduring symbol of the idea and principles of Delta Chi.
