Published quarterly by the Delta Chi Fraternity in September, January, March and May at 16 South Clinton Street, Iowa City, Iowa. Life subscriptions are \$12.50, annual subscriptions \$2.00, and single copies \$1.00 each. Since 1923, each initiate has been required to pay his life subscription at the time of initiation. Payment of alumni dues by non-subscribers entitles them to the *Quarterly*.

Entered as second-class matter at the post office at Iowa City, Iowa, under the act of March 3, 1879. Acceptance for mailing at the special rate of postage provided for in section 1103, Act of October 3, 1917, May 31, 1919.

Edited by the Executive Offices, ΔΧ Fraternity. Printed by the Stamats Publishing Company, Cedar Rapids, Iowa.

The Fraternity at War

SEVEN more alumni have paid their dues for life. They are Leonard Bailey, Florida '32; Harold Hitchins, S.M.U. '44; A. E. Koster, Idaho '29; Otis O. Perkins, Kansas '39; John Runkle, Iowa State '39; Paul Worley, Florida '46, and Merton Yerger, Penn State '36. All but Brother Koster are in the armed forces, and all are serving overseas except Merton Yerger, who is now in New York City after a tour of sea duty.

John Runkle sent his dues from France and commented as follows:

"There will probably never be a time when I'll have less and the Fraternity more need for it, so here is my check for life alumni dues. It's giving me a lot of pleasure in doing this, the one thing I'm able at present to do to help the Fraternity keep rolling.

"During the past 29 months over here I've derived a great deal of enjoyment from the QUARTERLY and believe the staff deserves plenty of credit for keeping it the fine publication that it is. The directory, too, is a grand feature.

"I haven't had much luck, recently, in running across other Delta Chis. A year or so ago I saw Bud Peterson and Bob Schoonover, both of Iowa State, several times, but have lost contact with them now. Shall try to do better in the future.

"Here's wishing the best for Delta Chi!"

Word has been received that eight more members of the Fraternity have been killed in action. Several members reported as missing in action or as

A letter has just been received from John Trussell, Cornell '28, which it is felt will be of interest to all members of the Fraternity. It reads:

"I have just completed reading the March 1945 issue of the QUARTERLY and have been much encouraged from several things observed. First, it is a most encouraging sign that so many Delta Chis in the service are so interested in Delta Chi and its survival in the postwar era that almost every letter mentions this point. Secondly, these boys are interested enough in Delta Chi and what the Fraternity has meant to them to write letters to the QUARTERLY and even pay dues. While these men are facing death on the battle fields, suffering in the hospitals, and struggling with their own important personal problems, the fact that Delta Chi and the friendships in the Bond can command so much of their interest and time is evidence of the real value of the Fraternity to its members. No one in Europe, Asia, the Aleutians, or the South Seas can ever forget Alma Mater and the happy, good old days in the fraternity house.

"I can say frankly that the civilians at home also miss these good old days. We no longer have a house to return to for reunions and football games, nor the fellowship which really made it worth while to go back to the campus once in awhile. This war — as nothing ever before — has made us all realize the meaning of home, democracy, and friendship, and the fraternity plays a great part in each. We civilians at home are "mightily" interested in seeing that all our chapters are reestablished as soon as possible. I think it is our duty to assure the servicemen that we will do all possible in our power to accomplish this purpose.

"In keeping with this program the Cornell Chapter — actives and alumni — formed a committee before the Cornell Chapter closed. This committee

agreed to return to Cornell upon call of the chairman as soon as conditions permitted reopening, and start rushing, reconditioning of the property, etc. We hope the "Call" will not long be delayed.

"Great credit and encouragement are due the chapters which have continued active and which are now reopening. It should be emphasized that these chapters which reopen early will have an immense advantage over other fraternities which are slow to get reorganized. If we can build up strong chapters in the first year or so our competitive position will be so strong that it will help

carry us to greater success than ever before. The program of the National Fraternity in helping reorganize for the postwar era is very important and the present activity of employing field secretaries, etc., is most commendable.

"I look for early reopening of most of our chapters. I think the work should be started soon and that the alumni should awaken to this call before it is too late to get a favorable start. In the meantime, I encourage all members to peruse the service directory and write the brothers in service as it means a great deal to hear from home."

Alumni Dues

IF PAID FOR LIFE

\$72.50 — if you were initiated prior to August 1923 and have not since that time paid up your life subscription to the QUARTERLY

\$60.00 — if you were initiated after August 1923, or if you were initiated prior to that time and paid up your life subscription to the QUARTERLY

(In August 1923 the Fraternity provided for life subscriptions to the QUARTERLY at \$12.50 payable at the time of initiation, although any member initiated prior to that time may become a life subscriber by the payment of this amount. In order to be eligible for commutation of alumni dues for life a member must be a life subscriber to the QUARTERLY. If he is not already such a subscriber, he must pay in addition to the \$60.00, the QUARTERLY life subscription of \$12.50. All members who pay their dues for life receive the QUARTERLY for life.)

(NOTE: The Fraternity will be glad to accept a war bond in payment of alumni dues for life. One of the members who paid his dues recently forwarded a \$100 series F bond, the price of which is \$74.00. \$14.00 was returned to this alumnus since life dues payable by him amounted to only \$60.00. We will be glad to do the same for other alumni who would like to pay their dues similarly. Have the bond made out to the Delta Chi Fraternity, 16 S. Clinton St., Iowa City, Iowa.)

IF PAID YEARLY

\$5.00 — if you are not a life subscriber to the QUARTERLY

\$3.00 — if you are a life subscriber to the QUARTERLY and have been out of school more than ten years

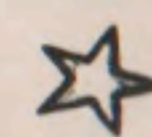

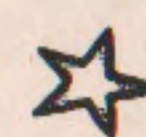

\$2.00 — if you do not come in either of the above classes

(All members who pay alumni dues annually receive the QUARTERLY as well as those who have commuted their dues for life. If you were initiated prior to August 1923, however, and have not since paid your life subscription to the QUARTERLY, the amount of your dues, \$5.00, includes an annual \$2.00 subscription to the QUARTERLY.

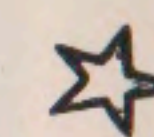

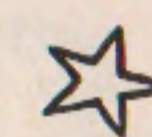

If you were initiated after August 1923, or if you were initiated prior to that time but have since paid your life subscription of \$12.50 to the QUARTERLY, your dues are only \$3.00 since you are already a life subscriber to the QUARTERLY.

At the time the alumni dues plan was adopted at the Yellowstone Convention in 1935, it was decided to make the amount less for recent graduates, and that explains the reason for the \$2.00 dues for members who have not been out of school for more than ten years.

All of these members paid their life subscriptions to the QUARTERLY at the time of initiation.)

In the Service

ALFRED K. COLLINS, *DePauw* '40, has been promoted to the rank of captain. He is a member of the Storage Division of Ordnance Headquarters, Detroit. Capt. Collins entered service in March 1941 as a private. Prior to that he had been employed as a sales trainer with the Singer Sewing Machine Co. of New York City.

★ ★ ★

LT. T. B. ADAMS, *Kansas* '39, was promoted to a field lieutenant recently and is in a construction battalion in New Guinea—building and rebuilding docks in the larger ports there.

★ ★ ★

LT. C. L. RICKS, *Wisconsin* '36, is with the Armed Forces in France in the Foreign Claims Division.

★ ★ ★

LT. COL. HARLAN E. CHASE, *Oklahoma* '27, is in New Guinea on the Staff as Planning Engineer. He says the work is most interesting and takes him to many other places for inspection.

★ ★ ★

FC3/c RICHARD BRYANT, *Kansas* '45, who survived a long period of duty in the Atlantic, is now going to school in Washington, D.C.

★ ★ ★

PVT. GEORGE C. THOMAS, *Michigan State* '46, was killed on Leyte on February 8, 1945.

★ ★ ★

LT. (jg) J. NEILL LYSAGHT, *Kansas* '40, is now a physician on a combat transport.

★ ★ ★

PVT. PAUL B. WORLEY, *Florida* '46, is stationed in Burma as a member of the Mars Task Force of the U. S. Army.

★ ★ ★

CPL. RICHARD HARRIS, *Kansas* '43, is back in the States going to school after spending many months of service in the South Pacific as a Paramarine.

★ ★ ★

PROF. ALBERT CARTER, *Illinois* '30, instructor of Art at Miami University, has been inducted as a private in the Tank Corps.

The above photograph was taken when Major James W. Haley, L.S.U. '41, was being presented the Distinguished Service Cross. He also wears the Silver Star, the Bronze Star, and the Purple Heart.

J. MARSHALL WALLACE, *Oklahoma* '33, was recently promoted to first lieutenant. He is post salvage officer at Keesler Field, Mississippi.

★ ★ ★

PFC. EDWARD STILSON, III, *Cornell* '46, was wounded in Germany on February 9th. He suffered shrapnel wounds in both legs and one leg was broken. Ed was serving with the 1st Army in the Roer dam area when wounded.

★ ★ ★

CHARLES H. SHERIDAN, *DePauw* '43, was recently promoted to the rank of lieutenant (jg) in the U. S. Naval Reserve. He has been serving outside the continental United States since November 1943.

★ ★ ★

ENS. ROBERT STRAUSS, *Miami* '45, has finished training his LST crew and should be headed out to sea by now.

LT. ROBERT RAMSEY, *Ohio State '44*, is now in Germany with the Sixth Armored Division of Patton's Third Army.

★ ★ ★

LT. ELMER E. BALDWIN, *Columbus '42*, has been selected to attend the Officers' Refresher Course of the Field Artillery School at Fort Sill, Oklahoma. Enlisted men and officers are constantly returning to the nation's only Field Artillery School for instruction in the latest artillery tactics and techniques. The accuracy and effect with which artillery fire has been delivered on the enemy by our troops overseas reflects the value of this training.

★ ★ ★

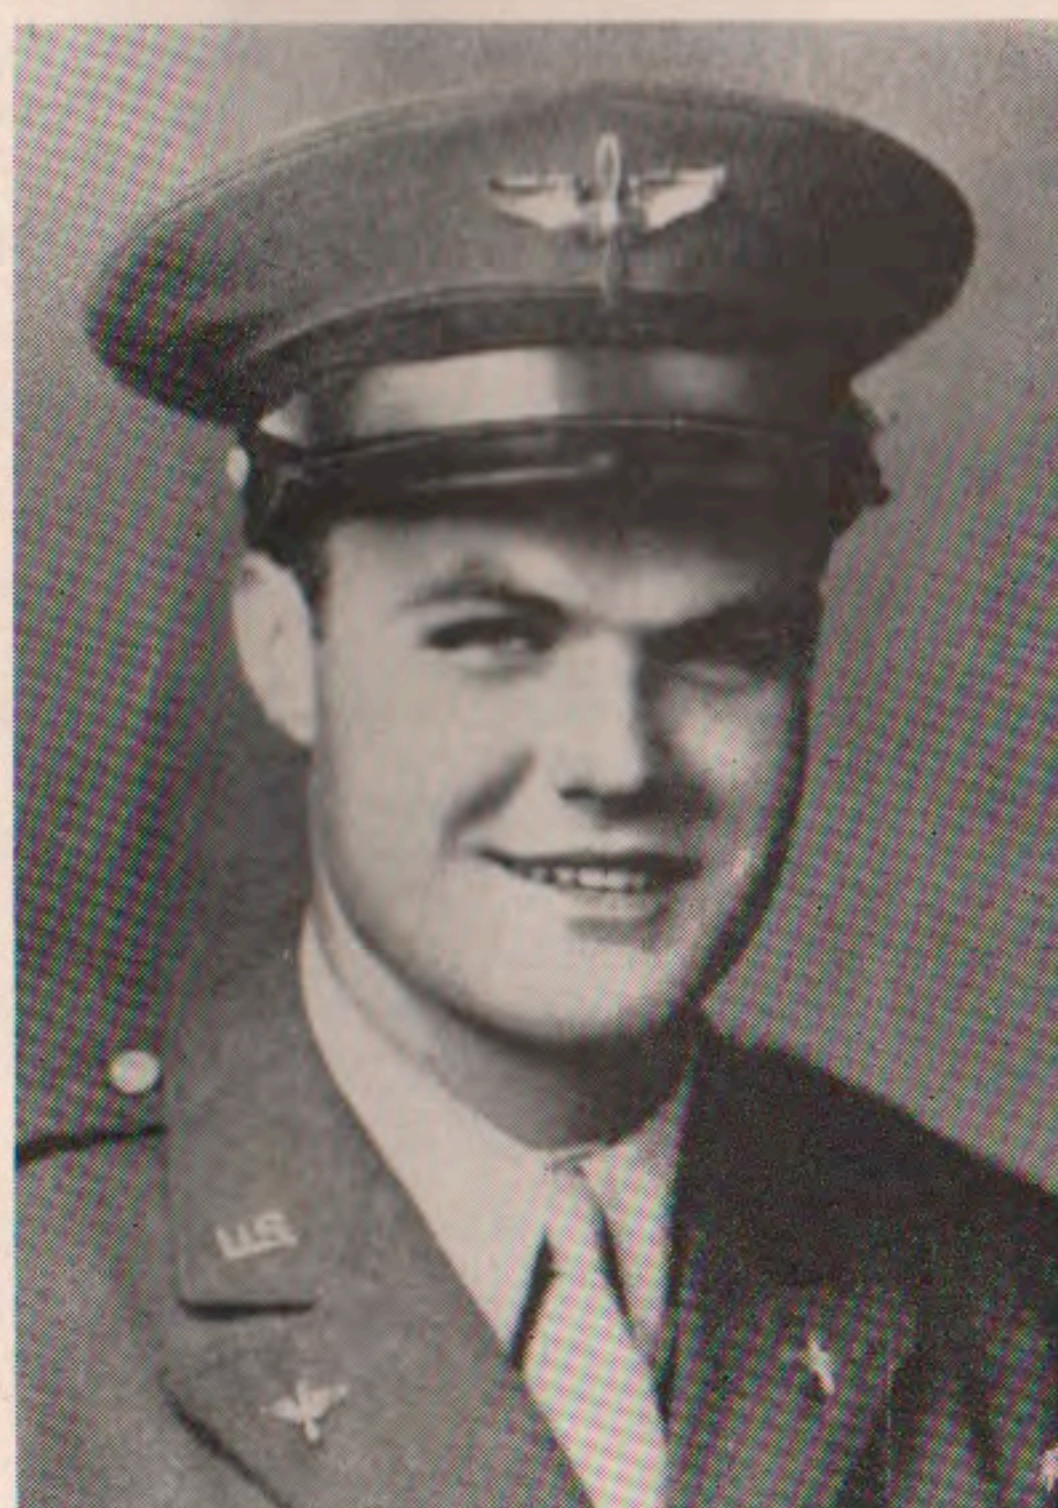

LT. DUAL A. MACINTYRE, *Union '32*, died in North Africa May 18, 1944 in the service of his country. He was in the Medical Corps of the U.S.N.R.

★ ★ ★

SGT. FRANCIS HOUK, *Michigan State '44*, is in Germany.

★ ★ ★

LT. COMDR. CRANDALL G. VINCENT, *Kansas '26*, is the senior medical officer in combat action in the Pacific. His ship has been in every invasion against the Japs. He was injured in the leg but is getting along well. He is wearing a metal plate with screws because there isn't time for a final patching up until after the fighting is over.

Second Lieutenant John C. Fassnacht, *DePauw '43*, previously reported missing, was killed in action on October 17, 1944. Stationed with the 15th Air Force in Italy since August, Lt. Fassnacht was killed in a raid over Vienna, Austria on his 25th mission. He was a first pilot on a B-24 Liberator bomber and was a wearer of the Air Medal with two oak leaf clusters.

On January 19th, LT. ALEX VRACIU, *DePauw '41*, strolled up the gangway of the Seventh Fleet Flagship off Luzon, grinning through an inch-long beard. A Japanese saber dangled from his shoulder and a Japanese pistol was in one hand. Alex had again come through and had turned up after five weeks of guerrilla life on Luzon.

He reported that after his plane was hit he stuck with it as long as he could to avoid parachuting on an enemy airfield, fortunately landed at a spot momentarily clear of Japs, and was hurried off by the guerrillas who were there to greet him to an American officer with them.

Lt. Vraciu was put in charge of a guerrilla unit, assigned to contact the invading Yanks, and for days they slipped around Jap outposts. He lived and fought with the guerrillas until the Americans landed on Luzon, after which he headed north toward the lines, arriving there January 17th. Late in February, Alex returned to the States for a thirty-day leave.

★ ★ ★

Word has just been received from Mrs. Henry McKee stating that she had received a cable from CAPT. MCKEE, *Michigan State '42*, saying he was safe and would be home soon. He was a prisoner of war in Germany and must have been liberated by the Allied troops.

★ ★ ★

Word has been received that CPL. ROBERT ROSENBUSH, *Indiana '44*, was killed in action in Luxembourg in February.

★ ★ ★

LT. WILLIAM H. SMITH, *Penn State '44*, is serving in the 8th Air Force based in England. Bill is a bombardier on a B-17 Fortress having been commissioned a second lieutenant in July 1944 at Deming, New Mexico. He recently was promoted to First Lieutenant and has been awarded the Air Medal.

CAPT. HAROLD MCCARTY, *Kansas '43*, is back from duty in the Mediterranean and is a transport instructor at Vincennes, Indiana. CAPT. JIM PREYER, *Kansas '40*, is an instructor in the same school.

★ ★ ★

IVOR D. BUTLER, *Iowa State '29*, was one of the many civilians who, with their families, were freed from a Jap internment camp in Manila, P.I., in February. Ivor is employed by the Standard Vacuum Oil Co. and plans to return to the States at an early date.

★ ★ ★

Word has been received from SGT. ROBERT BERG, *Illinois '40*, that he is a prisoner of war in Germany. He is well and unhurt, and is at Stalag IV B which is between Muhlberg and Dresden and is about eighty miles from Berlin.

★ ★ ★

LT. JIM MCNAUGHTON, *Kansas '41*, was killed in a crash near Rome on February 2nd. He had been a radar officer on a plane that carried troops behind enemy lines, and brought back the wounded. It is believed that the accident was not a result of enemy action but was caused by fog over mountainous terrain.

★ ★ ★

SGT. DAVID L. SELLERS, *DePauw '41*, has returned to the United States after serving for some time as a weather observer in the China-Burma-India theater.

★ ★ ★

SGT. PAUL GOUNDRY, *Cornell '46*, is with the Signal Corps stationed in Paris taking a special course at present.

★ ★ ★

BILL MCNOWN, *Kansas '33*, is a full colonel in the Air Corps. After a long term of service in the Mediterranean area he is back in the States, and is now in Orlando, Florida.

★ ★ ★

SGT. JACK BOOTH, *U.C.L.A. '42*, has been transferred from the Air Force to the Infantry, and is now overseas.

★ ★ ★

ROBERT H. TOMPKINS, *S.M.U. '46*, has recently been discharged from the Navy after having spent seven months in a hospital.

★ ★ ★

LT. W. R. CHANNELL, *Kansas '45*, was recently sent overseas in a detonation squadron. He is in the Philippines.

LT. JOHN J. WISE, *Miami '44*, is recovering from injuries received when his bomber crashed in China. Jay's injuries were not serious, and he will be back in action very soon.

★ ★ ★

LT. WENDELL W. WENSTRAND, *Kansas '41*, is a liaison officer "somewhere in France," where he has been since D-Day with the 7th Army.

★ ★ ★

COMMANDER ROBERT C. SLEIGHT, *Union '34*, graduated from the U. S. Naval Academy at Annapolis in 1936. He has been on a ship ever since and after the start of the war has been in the Pacific Area. He was in the Philippines when the Japs hit Pearl Harbor, and after coming home he went back again on another ship, where once more he was in the midst of it all, this time winning a citation. He is now the Gunnery Officer on a new cruiser and presumably is in on the latest shelling of Japan held islands.

★ ★ ★

CPL. BRUCE BRAINERD, *Miami '45*, is with an Eng. Cn. Bn. somewhere in Germany.

Cpl. Ivan S. Osborn, *Minnesota '44*, was recently decorated with the Presidential Unit Citation ribbon and Bronze Oak Leaf Cluster, awarded to members of his unit for Desert Campaign and more recently, the D-Day action over Normandy.

Ivan is the N. C. O. in charge of the Chemical Warfare Department with a squadron of the 316th Troop Carrier Group. It is his department's responsibility to see that all personnel are properly instructed in Chemical Warfare and equipped for any emergency.

Prior to entering this theater, Ivan had already seen service in the Egyptian-Lybian, Tunisian, Sicilian and Italian campaigns, and wears seven Bronze Stars on his E.T.O. ribbon, representing seven major campaigns in which his unit participated.

Cpl. Osborn entered the service in October of '42 and is a veteran of over 27 months overseas.

WILLIAM F. GRAUCH, *Penn State '33*, has been promoted from major to lieutenant colonel. Serving with the Ninth Army, Lt. Col. Grauch recently was awarded the Bronze Star Medal for "heroic achievement against the enemy. Under intense enemy fire and direct observation, he reconnoitered the site for the first vehicular bridge across a river in Germany."

★ ★ ★

LT. JOHN B. GOINS, *Kansas '40*, was killed in action March 10, 1945. He was commanding officer of an Infantry Company. John had been in England, France, Luxembourg, and Belgium. While in France he accidentally ran into WILLARD BURTON, *Kansas '40*, and they spent some time together.

★ ★ ★

LT. H. R. GOODFELLOW, *Osgoode Hall '45*, is in the Canadian Dental Corps.

★ ★ ★

LEWIS MITCHELL, *Kansas '46*, was made a sergeant on January 25th. He is a part of the 7th Army in automotive maintenance.

★ ★ ★

CPL. COLEMAN C. SWEET, *Penn State '43*, has been in the Southwest Pacific Area for two and a half years and is now in the Philippines.

★ ★ ★

LT. ALEXANDER J. TYLER, *DePauw '42*, is serving overseas in the China-Burma-India theater as special service officer in the Army Air Force.

★ ★ ★

Word has been received that LT. A. O. WINSHIP, *Stanford '23*, was killed in action. He was on duty with the Motor Transport Command in the London area and was killed while on active duty.

★ ★ ★

PVT. FLOYD S. EBERTS, JR., *Penn State '45*, has been reported as missing in action in France as of December 4, 1944.

★ ★ ★

SOLON GILMORE, SK1/c, *Kansas '42*, is stationed in the disbursing office aboard ship somewhere in the Pacific.

★ ★ ★

ENS. WM. G. CORKINS, *Ohio State '37*, met death aboard an LCI (G) on February 17, 1945 at Iwo Jima. Burial was at sea. Bill enlisted in the Navy July 1, 1944, and after an 8-week indoctrination course, was sent to Saipan. Bill was "A" of his chapter while in school.

On February 7th, the parents of Pte. Richard Simmonds, *DePauw '46*, received word that he had been missing in action in France since January 18th. On April 16th, they received a printed-form prisoner of war postcard dated January 24th from a camp near Stuttgart and signed by him. The card stated that he would be transferred soon to another camp. On May 1st, they received a letter from him dated April 20th and stating that he was liberated. Copy of that letter follows: "As you probably know, or have at least guessed by now, I'm no longer a P.O.W. but a liberated man and it's a very wonderful feeling believe me. After being a prisoner for 90 days you can imagine our joy to get white bread again and something besides rutabaga soup. "Right now we're in the camp awaiting shipment out on an airplane. That may sound crazy and maybe it is but they say they're going to take us back to our port of embarkation by plane. As far as I'm concerned they can take me all the way if they want to, but I doubt if they want to. "Anyway now I know at least that I'm coming home and with any luck I'll make it about the same time I made it last year. "Little did I know then how much I would have happen to me the year that has just passed. It's something I wouldn't want to do again, but it's also something one wouldn't trade for any other experiences. "All in all, I've been very lucky—some others who weren't so lucky won't be coming back to the good old U.S.A."

LT. CAL WHORTON, *Southern California '37*, returned to the States recently after months of action in the English Channel as skipper of a PT boat. Cal saw plenty of action in support of the Normandy invasion and did patrol duty in the Channel during months that followed. He and three other members of his crew were awarded the Bronze Star for the heroic rescue of survivors from the U.S.S. Rich after the latter ship hit several mines and exploded three days after D-Day. After his leave, Cal reported to Melville, R. I., for reassignment.

★ ★ ★

LT. WILLIAM A. MILLER, *Minnesota '44*, was shipped overseas in May 1944 and fought over Southern France during the invasion. He was shot down while bombing southern European oil fields. He was captured, but escaped back to Italy, and then returned to the States. After a rest in California he reported for duty at the Army Air Base in Laredo, Texas. Bill wears the Purple Heart.

1st Lt. John P. Willett, Jr., *Miami '36*, previously reported missing in action over Hersfeld, Germany, has now been reported by the War Department as having been killed in action on September 27, 1944. He is survived by his parents, Mr. and Mrs. John Willett of Cincinnati, Ohio, and his widow of San Antonio, Texas. Thirty-five B-24 Liberators took part in the mission in which John was killed. On the way back to England, they were attacked by 100 to 150 Luftwaffe fighters, and only seven returned to the Eighth Air Force Liberator Station. Of the crew on John's plane, three others were killed, two were taken prisoner, and three are listed as missing in action. While at Miami, John was on the baseball team and was a letterman for three years. John was overseas 16 months and had completed his missions. He spent seven months on Transport Command serving Africa, Iceland and Italy. He volunteered for further bombing missions.

Letters

Things are just fine here. We were given our sixth campaign star recently when we went into Germany. Also received our fifth service stripe for being overseas. Look like a zebra now with five of them.

Hope the warm sun here these days means spring is here. Have been enjoying the French country, but don't like the Jerry land. Have just been relieved from combat for awhile, and have charge of a large rest center back in France. Sure is nice to get some real rest, good food, and hot baths for a change.

The officers and men sent to my center seem to enjoy a week of rest from the front lines no end. Well, I must close now and get over to the mess for lunch.

Best wishes for Delta Chi.—W. J. PLATT, Florida '33.

Since coming overseas my service has been for me one of the opportunities of a lifetime, and I hope it has been a contribution to the war effort. First, I was attached to Allied Force Headquarters and assigned to a job of making a reconnaissance of Sicily, to collect data for the Sicilian Campaign. After three weeks' study of the records, I spent a month in Sicily with a Command car, a driver, and a photographer. *Arts and Monuments* had put out a guide to historic Sicily, and that was included in the equipment.

After the Sicilian assignment was out of the way, I was sent to write the History of the Service of Supply, North African Theater of Operations. In this I did not function as History Officer supervising the writing, but actually dug it out myself. Consequently I had the opportunity to gain an understanding of the war in that theater that few could have. I followed the headquarters across the Mediterranean to Italy; and continued the history to this command through its metamorphosis to COMZONE, Mediterranean Theater of Operations.

Then, in the same capacity I followed the Invasion of France, and am Historian of that portion of Supply Service of the European Theater that was projected from the Mediterranean. Again, it is a wonderful vantage point to understand the war. And, to prove that fact is stranger than fiction, I am in the same area where I served in another war, 26 years ago.—A. W. CRANDALL, *DePauw*, to the *DePauw Alumnus*.

It's been so long since I have written you and the Delta Chi office that I hang my head in shame for being so neglectful. I received the January issue of the *QUARTERLY* today and was rather overcome with joy in that it was the first copy I have seen in well over a year. It certainly re-

Pfc. Norman B. Andrews, Cornell '45, is recovering from shrapnel wounds in an Army station hospital in England. He has been awarded the Purple Heart. called many pleasant memories to mind and was filled with news of some of the fellows I formerly lived and went to school with. I am now in England with a General Hospital unit as a Medical Laboratory Technician doing Histopathological technique. It's been almost 8 months since I left the shores of good old U.S.A. but it seems more like 8 years. Really it isn't as bad as that because time passes rather quickly over here. Please keep the *QUARTERLY* coming my way because it keeps me informed as to where the fellows are and what they are doing. However, as hard as I have tried I haven't met any former Delta Chis. Best wishes to all.—JAMES H. EADS, *Kansas* '40.

I am now a beachmaster for an Assault Transport and have recently taken part in the landings on Leyte and Luzon. It is apparent that we are finally making some real headway out here.

So far I've run across only one of the brethren, Lt. (jg) WILLIAM A. JACKSON, *Wisconsin* '43, who is stationed aboard the same ship.

Adieux for now.—GLENN T. BODMAN, *Oklahoma* '42.

Please accept my apology for being so delinquent with my 44-45 dues, although we just received our long de-

Word has been received that Lt. Col. T. Linus Hoban, Pennsylvania '17, missing in action since December 22 when the Nazis overran Luxembourg, is a prisoner of war in Germany in Oflag 79, a German prison camp near Brunswick, Germany. Friends have received a message from him from the camp advising that he was hit twice on December 19, but that he is now O. K. except for a perforated ear drum and irritated antrum on the right side due to some bone fragments driven in.

Col. Hoban was also wounded in the first World War. He left in February 1941 with the 109th Infantry Regiments in which he had been an officer for many years. He participated in some of the heaviest fighting on the Western Front before being wounded and captured in December.

Before entering the Army, Col. Hoban was Judge of Lackawanna Common Pleas Bench, Scanton, Pa., and plans to run for the office again this coming November.

layed mail of December, and I received your first and second notice at the same time.

I've been overseas since last March, since which time we've been doing all types of engineering construction and maintenance work all through central and southern England, through northern and eastern France, in parts of Luxembourg and Belgium, and at present in western Germany.

No doubt you are very well informed with the up-to-date news from the foreign news correspondents, although witnessing the mass destruction and going through many of the experiences that you all read about is somewhat a different picture. In all, the German people are certainly suffering the maximum punishment for the attempted thought of world domination. Of approximately 60 German cities that I've visited, I've yet to see the first building that hasn't suffered a fracture or complete destruction.

Our men up on the immediate front are really going through hell for the folks back home, and I have a slight inclination that politics will soon realize what is actually being talked about among the men overseas.

I certainly enjoyed the January issue of the QUARTERLY, especially having a listing of the Brothers in the service.

I'll be anxious to get back home and take part in the alumni activities, and I'm certain that Delta Chi on the OSC campus will be tops for years to come.—RUSSELL F. MARTINI, Oregon State '42.

Here's something that might be interesting to you. That is the wounded we have been evacuating. Believe me, my hat is off to those fellows. They can ride back there in the cabin of the ship, and even on the roughest days—we have plenty of those—you don't hear a whimper out of any of them. A few of them do get air sick, but how more of them keep from it I'll never know. A lot of them have never flown before. I was talking to a corporal from Georgia the other day, and in a real southern drawl, he said, "Yuh know, suh, the only time I was ever up in a plane was one time back in Georgia when they charged me a dollar a minute; now I get it for nuthn'."

The first thing every one of them wants to know is if you are going to take them back to the States. I sure feel like hell when I have to disappoint them by saying, "No, not on this trip."

The Flight Nurses who go along with them deserve a lot of credit, too. Those gals are the most competent, most efficient, and yet friendliest workers you ever saw. And then they say they aren't doing enough.

If you'll excuse me, I'll ferret out a radio and see if I can get some election returns.

I suppose that you're having the same trouble as we, at this end, with the mail situation. What with the Christmas rush of packages and mail, the boys at the APO must be pretty well snowed under. For example, the latest letter that I have received from you is October 24, only a month and a half in coming. Fast, like a snail with a broken leg.

Dad, here's something you might use as a selling point for some of your roofing materials. A number of the air-strips here are made of cleared places, the earth rolled out smooth, and then covered with tar paper with asphalt to hold the side of the tar paper together. This paper keeps the rain from creating an immense mud pie out of the air-strip. It is surprising the punishment that stuff will take when you figure that a fifteen ton plane hits it anywhere from 80 to 120 mph. And those tires are standing still until they make contact with the runway to start them rolling. It might make a point for a sales talk, but from the sound of your letters, you don't need salesmanship so much as a power of dissuasion.

You'd be surprised at the length that we, around here, go to make our tents a little more livable. We have put in a floor made out of bomb cases from a German bomb dump. We've built a door in the front of it, the hinges are fashioned from locks on the cases and the latch is a Rube Goldberg contraption of wire, screws, metal, wood bars, and parachute shroud line. Then last night, I dug the microphone out of my oxygen mask, pulled a set of earphones out of a flying helmet, batteries out of a flashlight and proceeded to string a set of wires from our tent down to a tent where one of the fellows has a radio, hung the mike in front of his speaker, and back here put the batteries into the line

and plugged the headset in, and surprisingly enough the set-up works.—LT. CHARLES HARRINGTON, Washington '44, to his parents.

I am sending you a letter which I would like to have you fill in the address and send it on to LT. DISTEL, Michigan State '37. I have received the September issue of the QUARTERLY. Unfortunately it does not contain the Michigan list.

I do not even venture to guess when the next issue might get to me so it would be a great favor if someone in your office could find the time to complete the address.

You might note that I have a different address. Right now I am in Holland. I have been through France and Belgium and part of England and every day the mail delivery brings letters sent long ago. It's very confusing.

ROLAND KING, Michigan State '39, is here in town. He is sporting Tech./Sgt. stripes and looks well fed. He has something to do in finance. — WARREN J. KNOPSNIDER, Michigan State '39.

As I entered our company orderly room I was surprised to see a DELTA CHI QUARTERLY lying on one of the desks, and when I asked to whom this magazine belonged, no one seemed to know. This incident did bring home to me the fact that I too was receiving the DELTA CHI QUARTERLY at my home address, but this magazine never reached me here in Germany. Would you please send me my magazines?

A great deal of time has elapsed since my college days spent at Ohio State University, but my fond memories spent in Delta Chi are not forgotten. It seems that I have

The natives tell me that this is unusual weather; we are having lots of rain and chilly weather. But don't the natives of California tell visitors the same when they have so much fog and rain there! People don't change much, fundamentally, regardless of where you might be. The town in which the division is barracked is a very old one dating back to the time of King Arthur. One wouldn't be surprised to meet King Arthur, Sir Walter Raleigh or some of the others while he is walking down the narrow winding streets.

Our trip over was quite pleasant—weather was ideal and very little seasickness on board.—C. ROBERT WEIMER, DePauw, to the DePauw Alumnus.

I received the January QUARTERLY the other day here in Germany and believe me it was good to hear some news about the Fraternity. The way we have the Germans on the run now, it won't be long until this thing is over and we are all back home again. I am in the 84th Division Ninth Army and have been chasing the Germans since last November. We have always been the troops farthest into Germany and have been spearheading most of the attacks. In the race to the Rhine we went through towns so fast we only had time to pick up a bottle of wine or two before we moved on. By the way this typewriter is a German one we picked up in one of the places we passed through. Every one of us is loaded with souvenirs to send to the folks at home. I haven't located any Delta Chis since I've been on the Continent but while I was in England last fall I ran into WARREN GREGORY, Purdue '44, in Southampton in the railroad station where we were both waiting for a train. We spent a few minutes talking over the good old times we used to have. I would like to hear from all the boys especially from my old roommate Bob Metcalf. Keep up the good work and we will all be back soon to make a bigger and better Delta Chi.—CHARLES SEELY, Purdue '44.

I think that the last time I dropped you a line I was undergoing the rigors of OCS at Camp Barkeley, Texas. Fortunately I got through it O.K. and I'm now a second lieutenant in the MAC (Medical Administrative Corps). My first assignment was very fortunate as I was sent to the Pasadena Regional Hospital which is about 15 miles from my home in L. A. But the doctors discovered a tumor so I had to have an operation. When I was sufficiently recovered to travel I was transferred up here to Letterman for deep X-ray therapy. I should be finished here about the 25th of the month and then I hope to get a sick leave and

get home for awhile. Then back to duty but where I'll be sent is still a big question.

I haven't much news about any of the U.C.L.A. brothers except three, George Bush, '42, is back home, temporarily, awaiting orders. He is now a Lt. (sg). A promotion evidently came through while he was at sea as he was a Lt. (jg) last time I saw him.

Sgt. Jack Booth, '42, has been transferred from the Air Forces to the Infantry. He was at Camp Howze, Texas, the last time I heard from him (about a month ago) but he expected to ship overseas in a few weeks so he's probably on his way by now if he's not already there.

First Lieutenant Bob Leeboddy, '41, is now taking up pilot training at Curtis Field, Brody, Texas, to add pilot's wings to his wings as a navigator and bombardier. He was getting along fine when I heard from him about three weeks ago.

I guess that's all I've got to say so will close. Thanks for the QUARTERLY. I enjoy it very much and it's swell to keep up with all the brothers from U.C.L.A.—LLOYD J. TEVIS, U.C.L.A. '42.

This is just a brief message to let you know I'm receiving and enjoying my copy of the QUARTERLY regularly, and also to give you some data for your Milestone department. In regards to the former I want especially to offer up thanks for the Service Directory you've maintained. Thanks to it I've been able to keep in touch with the fellows in my chapter, Michigan State, better than by any other means.

Recently the AAF saw fit to O. K. my civilian issue of clothes again, although I will admit the college leftovers, vintage 41-42 did seem strange at first; now I'm taking up where things left off. However, the point I wish to make is that thanks to the QUARTERLY and to the Fraternity I have something to come back to, something old and familiar, and a base to start from. Actually, since I was fortunate enough to finish college and am now away from the chapter these things, while important to me will be even more so to the many men who will be coming back in the not too distant future. And here and now I wish to give my vote of thanks to the fellows who kept the chapters going through the tough years just past. It was work well done and especially so in the chapter I know best, Michigan State.

Finally, in case you're interested my Delta Chi sweetheart and I are planning our D-Day for June 10th in Lansing, Michigan. She is Miss Betty Simpson, Alpha Gamma Delta, '45, and I am yours truly.—KENNETH C. TEYSEN, Michigan State '43.

During the several months that have intervened since I gave up occupancy of our Chevy Chase residence, much has happened. I have now been in service here for more than six months, so we missed the usually beautiful Iowa

Pvt. Floyd S. Eberts, Jr., Penn State '45, was reported as missing in action in France as of December 4, 1944. In a letter dated April 19th, Floyd's dad advised that on that date they received a letter from him dated February 12th from a prison camp in Germany. He is in camp Stalag XI A, which according to maps is located approximately 65 miles southwest of Berlin. It is hoped that with the allied advance, Floyd will be liberated soon.

winters, in fact, winter passed us by entirely. Here it is perpetual sunshine, comparable to Southern California. Beautiful flowers surround us and bathing is daily in vogue at the lovely bay. I was impressed with the scenery, especially the lovely sea, for it reminded me of Naples as soon as I saw it.

I have my wife and daughter here with me, but our daughter will have to return to the States in October to complete her High School course.

Change my address accordingly as follows: Major John LeRoy Peterson, GSC, Military Attache, Port-au-Prince, Haiti.—JOHN L. PETERSON, Georgetown '20.

You are to be complimented on the excellence of the January 1945 (Vol. 41, No. 2) edition of the DELTA CHI QUARTERLY. Those of us who are in the service have, for the first time, a really complete roster of all our brothers. No longer will there be doubts in our minds as to the whereabouts of certain men with whom we fraternized but due to the exigencies of war, have been separated and scattered about the world.

This issue of the QUARTERLY is particularly dear to me as it contains some very flattering notes about my sister, Shirley. Moreover, there are pictures of the two of us. You can be sure this is one time I will really treasure my edition of the QUARTERLY.—JOHN S. TEMPLE, Stanford '37.

As I wrote you in my last letter, I have been a hospital patient for the last couple of months. I am now home on a months' sick leave. Since coming home I have found that the doctor who performed my operation at the Pasadena Regional Hospital is a brother. He is Major Stewart from the

University of Idaho. I thought it rather a coincidence that I should have come under the care of another Delta Chi. He is a fine surgeon and did a bang-up job on me. The way we discovered that we were brothers is that he saw my fiancée was wearing my pin so naturally he made inquiries.

While I was at Letterman General Hospital I had occasion to speak with quite a few of the officers who had been liberated in the Philippines. I asked a number of them if they knew anything of Lt. FRANCIS BARKER, U.C.L.A. '40, who has been a prisoner over there. Finally I came across a major who had been Francis' doctor in prison. He told me that Francis was almost dead from malaria when he (the doctor) had first come to know him. After Francis recovered he was permitted to stay in the ward as the major's assistant. So for almost a year, Barker worked in the hospital at Cabanatuan (I'm not sure of the spelling) and grew strong and well. The major had nothing but praise for Francis and said that he was always in good spirits. The last the major saw of him was on Dec. 13, 1944, when Francis left for Japan. What has happened since then he didn't know. Francis may have been on the prison ship which was sunk or he may be in Japan. Only time will tell.—LLOYD TEVIS, U.C.L.A. '42.

I had a letter from Paul Ognibene last week and he had just returned to Germany after a leave in Paris where he said he had quite a time but was now very busy on other matters.

I am now in officers' training at Fort Benning.—O/C R. WALTON STRUSE, JR., Penn State '40.

I'm enclosing a money order for my coming dues. I received my September 1944 QUARTERLY and I'm more than happy it caught up to me.

I meet boys from other Nationals in this new outfit I'm in, but I'm still looking for Delta Chis.

BOB HALL, Oregon State, '45, was with me in my old Infantry unit. That is, he was in the same battalion. He got the Purple Heart while we were up in Holland. (I had the "purple foot.") Now we're both in non-combat outfits.

I think Johnny Conkle and Norm Stephens (both '45) should be commissioned by now after going through midshipman's school.

I've heard from Doug Denson, '46, who is still at Boulder with Norm Cairns, Gordy Campbell, and Homer Brock, all '46. I'm not too sure about Dean Mac and Bob Mitchell ('46). However, my brother, Bub ('42) is at Guadalcanal now and as full of good humor as ever.

I sincerely hope our chapters can get off to an early start when ever O.S.C. shows signs of holding a fair enrollment. I'll leave that to the judgment of our alumni organization in Portland. They've always done a wonderful job on anything they undertook. They proved three years in a row that the Delta Chis at O.S.C. had more to return to at Homecoming than any other house on that campus.

Goodbye now, and God speed the reopening of our chapter houses. We'll make Mr. Lee Casey of the Rocky Mountain News eat his not too well chosen words. I doubt that he ever tried to understand fraternities. It's just like meeting people. If a man doesn't seem to strike our liking the first time we meet him, we should get to know him well. That is the way to find out if he is worth knowing for we may be at fault.—RALPH D. OHLING, Oregon State '45.

I've been located on Oahu for only three months, yet in that short time I've certainly learned that it is the crossroads of the Pacific insofar as Cornell Delta Chi men are concerned. I'm in charge of a mobile radar repair unit here, and if I must be in the Army, it would be hard to find another job that I would like as well. The location could be improved — Chicago for instance — but I'm not complaining at all.

Lt. (jg) Robert "Pop" Findlay, '42, was stationed nearby with a Seabee Construction outfit and we had some swell times together. We also managed to celebrate each other's promotion before "Pop" shipped forward. One Sunday we were eating dinner at the Signal Corps Officer Club when who should sit down at the next table but Lt. Fred Arbuckle, '44. Fred has just arrived from the mainland and the three of us had a fine reunion. About two weeks later, Lt. Don Johnson, '43, phoned me from a nearby airfield. He was flying through and had the day to spend here in Oahu. So we only had time to show him Waikiki, Honolulu, and an Officers' dance (200 officers and 25 women). Ensign Dave Nelles, '42, has just arrived here, but Fred and I have been unable to contact him as yet.—LT. GEORGE L. MORROW, Cornell '43.

Sgt. Melvin Proudfoot, Iowa State '41, is the recipient of the Bronze Star Award. The above photograph shows the presentation by Major General Kepner, Commanding General of the 2nd Air Division.

Lt. Luke A. Benton, Iowa '43, is attached to the Eighth Air Force in the European Theater of Operations. He is navigator on a B-24 (Liberator) and also drops the bombs, as they haven't a bombardier on the new nine-man crew. Brigadier General Rosenham Beam is the Commanding Officer of his outfit, which is also the oldest in the E.T.O. They are known as "Ted's Flying Circus." According to newspaper clippings from the "Stars and Stripes" Luke has participated in heavy bombing raids over the jet plane bases at points forming an arc around Berlin, and also completed missions to Southern France.

You want to know what I'm doing? Well can say in few words: Have been aboard a "Liberty Liner" one year to this day; haven't seen the States since then; am 2nd Div. Officer and top deck watch stander; have roamed a vast expanse of the Pacific (still roaming) and experienced many unprintable and interesting things. Looks like we wouldn't get back for Christmas, either.—CHARLES SHERIDAN, *DePauw '43*, to the *DePauw Alumnus*.

I do sure enjoy the House Magazine, and am dropping you these few lines to let you know where I am stationed.

Last September 1944 I received my 2nd Lieut. Artillery Commission at Fort Sill, Oklahoma, then sent to Camp Bowie, Texas; and last November was assigned here to the 12th Bn. FARTC Artillery, Fort Bragg, North Carolina.—FRANK MARISCH, Jr., *Stanford '44*.

Forgive me for being so slow to send in my alumni dues and army address as I have been on the go almost continuously of late.

In response to your letter concerning Delta Chi's present status and plans for greater achievement in the postwar

era, I, too, hope to contribute in every possible way. We are all hoping this will be in the near future. For the present we can only devote our energies to that end.

Best wishes to all Delta Chis and I hope we can all soon be back in the good old U.S.A. together again.—LT. GEORGE W. HEATH, *Washington '42*.

★ ★ ★

Please excuse the long delay in sending my dues. I intended to have them on their way long before this.

Surely hope I can be back before long and we can again get the chapters into activity one hundred per cent plus.

Have been receiving my QUARTERLY regularly and enjoy it very much. It surely helps in keeping contact with us scattered all over the face of this earth.—SGT. LEIGH N. SHADEL, *Idaho '45*.

I've just returned from a pleasant week's stay at our Penn State chapter. I found the house in very good condition, and appreciate the fine treatment our house received from the boys in the Air Corps quartered there.

I was graduated from Quantico, Virginia as a 2nd Lt. on April 11th and on returning home found a letter requesting that I pay my alumni dues. Enclosed please find my dues for the year '45. I received the March issue of the QUARTERLY and enjoyed thumbing through it.

I am now on leave and will be leaving for Camp Pendleton, California on the 27th of April. I expect to be on the coast for about four weeks, then head for the big fight in the Pacific.

I'll sign off for now hoping to see all the old boys, plus many new ones, at a reunion after the war.—LT. D. W. BRETHERICK, *Penn State '45*.

★ ★ ★

Well, it's been eight months since I've returned to the good old U.S.A., but I'm still not quite used to it. The peace and quiet that prevails is something that I have to get used to again—it won't be a hard job.

Warren B. Rectenwall, Purdue '40, whom I saw quite a lot of overseas, came home on a 30-day leave around Christmas time. Rex is back overseas again (Italy) and from his last letter, he'd rather be back here.

My DELTA CHI QUARTERLY has been reaching my home address regularly, but now I want to get it direct. I've got a semi-permanent job teaching Tank Destroyer tactics to newly graduated officers, and I find the work most interesting.—LT. ROBERT LUTHI, *Purdue '41*.

Pay your alumni dues now — for life if possible! Rehabilitation after the war is going to be a big job! Let's be prepared!

With the Chapters

Alabama. Things are looking up! Yes sir, things are definitely on the upgrade. We now have 21 men plus a large number of prospects.

Of the 21, ten men are actives. They are: Joe L. Newman, "A"; Ben R. Hendrix, "B"; George Mathews, "C"; Jack Stuckey, "D"; Keith E. Barze, "E"; John C. Turner, "F"; Bill Isbell, sports chairman; Eddie Dugin, Clarence E. White, and Johnny Doughty.

The remaining 11 men are pledges. They are: Dale McLin, Joe Claffee, Gordon Crawford, Norman Bedwell, Ed Langston, Brad Kendrick, Arthur Nelson, Sam Masengill, Kelly Griffin, Thomas Sherer, and Ed Hollingsworth.

We are having an "Education Week" this week end. All the pledges will participate in this. Of these 11 "goats," we will initiate about five men. The others will be initiated as soon as their pledge period is over.

The sports this quarter are softball, golf, and tennis. We have a good softball team and one good golf player. In tennis, we don't have many good players, but we will put up stiff competition at least.

We hope to reopen our dining hall soon, as we have enough fellows to keep it going now.

I sure am glad to see all of these chapters becoming active again. Maybe it won't be long before we will be running on a full time basis again.

In bringing this report to a close, I wish to say once again: *Vive la Delta Chi!*—Keith E. Barze, "E".

Miami. The past few months for the Miami Chapter have been extremely bright. Although the Chapter had only two members at the beginning of the first term in September, it has at this time increased its membership many times over. This growth of the Chapter from its almost inactive standing was due largely to the initiative of fraternity-spirited Walter Troutman and A. C. Foreman who were the original nucleus of the Chapter in September. Now that the "ball is rolling" the Chapter has ten actives with four pledges coming up for initiation in the near future. This, however, will not take place until after "rush week" in which the prospects for a large pledge class are really glowing and warming to the heart of the Chapter.

In the social aspect, activities have been largely of the "open house" nature. Large turnouts have

been enjoyed, and the Chapter is again coming into its own in this category. It has been the practice of the Chapter this year to invite a fraternity on the Campus to attend the "open houses." This was done to promote good will with the other organizations on Campus because our Chapter is the only one that has had the good fortune to get possession of its fraternity house. Our guests have expressed their appreciation in no uncertain terms and we trust that the Chapter's practice of doing this will be rewarded with greater friendliness and respect from the other fraternities here in Miami. In bringing the social activities to a close for the spring term, A. C. Foreman, "A", has announced that his marriage to Miss Dorothy Tucker will take place at Columbus, Ohio on June 9, 1945. The Chapter has promised to give its wholehearted support in attendance at the wedding.

In sports and inter-fraternity tournaments the Chapter is fairly well represented. "Deeb" Brooks is our track man, and Tom Raney and Howard Wiget are out for pitcher and catcher respectively on the University's baseball team. Incidentally, Howard Wiget was voted a place on the "All-star Basketball Team" by the Intra-fraternity Council. The rest of the Chapter members are represented on the volleyball, basketball, and bowling teams.

Hats off to Lloyd Garber, intra-mural manager, who has really done a "cracker jack" job in this capacity. — Robert Worthington, "E".

Michigan State. During the last few weeks we've had a number of visitors at the Delta Chi house in East Lansing. Among the old friends that dropped in were Lt. Bill Melhorn, who stayed just long enough to have "woman trouble," Ken Teyson, who is out of the Army and expects to be married in June to his Alpha Gamma Delta girl, Betty Simpson, and Johnny Albert, who was on hand for the Senior Ball. Jack Kauzler, one of the old "Triple Creek Clan," was back on the campus last week end along with Lt. Bud Fenton of the Marines. In the latter's honor, a gang of us got together out at "The Gables" and had a little party. "The wind blew, the ——— flew, and in came George Foster" about a month ago—the co-eds are still talking. "Clothes" Texter has also been in for a short visit. It is certainly wonderful for those of us who have been initiated within the last year and a half to

meet some of the old guard! Makes you even more proud to be a Delta Chi!!!!

Near the end of February, we held a dinner at the Union in honor of all the women on campus pinned to Delta Chis. We all got acquainted, and it was soon seen that the boys had *good* taste!

The first week of this term was, of course, "Fraternity Week," and those men that went through were: Douglas Cameron of Lansing, Don Cole of Pontiac, Gomer Pound of Saginaw, and Bob Lewis and Jack Kenny of Detroit. Formal initiation will be held April 15.

The regular I.F.C. exam was given not long ago, and one of our men, Jerry Kenny, came out on top. Shortly after that he left for the service. Another good man gone! One of our topmost pledges, Bill Nolechek of Thorp, Wisconsin, also left for the service recently. We have, however, had one man back, "Wandering" Bill Thielicke has returned to finish his Senior year here after spending three months in California.

Our spring term party is to be a small, informal affair held in the Spartan Room of the Union on May 25. Jim Harring is in charge of arrangements, ably assisted by Jack Niehaus and Al Wallbank.

John Potts is again in charge of our rushing program and has big plans. We have a big meeting coming up next week.

The Delta Chis will have a team in the I.F.C. softball league this term. Willie Drudge is manager, and the boys are practicing daily. If "Slugger" Potts comes through, we should go far. Wish we could have a few of the old gang back to give us a hand.

This is about all for now, except to say that every one here enjoys hearing from you fellows in the service — so when you have time, why don't you drop us a line? — James Sitar, "E".

Ohio State. Along with spring comes the customary vacation between quarters, this one being from March 17-27th, following the winter quarter initiation, during which the following men were initiated: Paul Berry, Columbus; Houson Daley, Columbus; Lawrence Pezor, Columbus; James Roney, Middletown; Robert Scruton, Utica, N.Y.; John Wiles, Steubenville. These men have helped the chapter attain the "A" rating for scholarship, house appearance, financial management, and University cooperation, as graded by the Fraternity Council of the University.

Our chapter now numbers about 35, which is good, considering the number of boys that we have lost to the services. Compensation for this loss was met by a strenuous rushing season, under the di-

rection of our "B," Milan Busta. We have acquired six good pledges through efforts exerted during rush week, which started the first of this quarter.

Our newly-acquired Great Dane Mascot, Chi, was killed by an automobile the first of April. We miss him a lot, but might get another soon to replace him.

Now that most of the fraternities on the campus are getting back on their feet there is a great increase in inter-fraternity sports and programs. We have meets of basketball, baseball, horseshoe pitching, bowling, and swimming scheduled with five or six other organizations this season. With the material available, we hope for success.

Several of the boys in the house have registered for the flying course that is offered by the University in the spring and summer quarters. Don Haemerlein, our "D," is an assistant in the visual research department that is conducted in conjunction with the course.

We are keeping up our policy of sending monthly letters to our boys in the services, and real appreciation of it has been expressed in the letters that we receive from them. We want the addresses of all the fellows from this chapter that have not been turned in to us, in order to have them on our mailing list also.

The return of veterans to school has helped restore many inactive fraternities here and has increased our number by six. There are approximately 500 of them now registered at O.S.U. When they all return to the books, we want to show our boys a chapter that they can be proud of and so far we think we're doing it. — Jim Houghton, "E".

Penn State. The Penn State Chapter is still "on the ball." Since the last letter we have had initiation for two pledges which brings our total number of actives up to eight. Also, we have six pledges. Four of the six will be initiated near the end of this semester. We are expecting to lose several of our boys in the near future to the services.

We are well represented in sports this semester with Ivan Kline in baseball, Dick Dottermusch, one of the new brothers, out for track, Hal Frey, intercollegiate tumbling champ, and Lee Gaumer in lacrosse. John Stear, Ken Smith, and Bob Ernst are active in the music organizations on campus.

On the lover's side: Arlene Daniel and Fred Brewer were married in March, Marina Dietricks and Arthur Christman were married in April, and Lloyd Ellson was married lately but we have no information as to the lucky girl.

Dan Moses and Ross Lehman paid us a short visit the other week.

Elections were held the end of last semester and out of them came the following: Bill Clark, "A"; Bill Johnson, "B"; Bob Bacon, "C"; John Setar, "D"; George Yoder, "E"; and Ivan Kline, "F."

We are hoping to swell our ranks by the end of this semester and try to get the house back to the pre-war quota. — *George R. Yoder, "E"*.

S.M.U. The Southern Methodist Chapter of Delta Chi has had a very successful year considering the fact that there were very few new boys who enrolled in school who wanted to get into a fraternity. We have five new pledges and are still "on top." Our number is about 20 but all of the fraternities have dropped. We consider ourselves lucky to keep the house open. At the end of last semester we lost nine men to the Army. This hurt our chapter very much. We are working hard to raise that number by getting new pledges. We held our initiation recently and we initiated two boys, Charles Moore and Alonzo Jensen. Both of these boys have gone into the Army now.

We have been having quite a few socials in the preceding months. We had an open house at which we invited our mothers and fathers to attend. At this open house we were presented with

a plaque containing the names of several of the boys in service on it. We intend to put all the names of the boys on it. We are planning our "B" function in the near future.

We are still carrying on our extra-curricular activities at S.M.U. Don Lynch was reelected vice-president of Alpha Phi Omega, National Service Fraternity. James LaVelle received the feather of the Cycen Fjodr at a tapping service. Henry Towles received the "M" award which is given to students for activities that some people don't know about. He received his for being photographer for the *Rotunda*, our school annual.

We recently elected new officers. They are: Henry Towles, "A"; James LaVelle, "B"; Don Lynch, "C"; Bill Freeman, "D"; Charles Roberson, "E," and Harold Morgan, "F."

In intramural volleyball we ended in fourth place. This was very good for our boys and they tried hard but were outclassed by a couple of other fraternities. We are now working out for baseball and looking forward to having a very good team.

We were visited by two alumni and one serviceman who was formerly "A." They talked of the many good times and complimented us on keeping the chapter going. These boys were Connel Miller, Giles Miller and Donald Woodard, former "A." — *Charles Roberson, "E"*.

Some of the S.M.U. boys, left to right: front row, Bob Towles, Carlton Anderson, Homer McGregor, Vic Womack, and Dick Roach; back row, Russel Turner, Alonzo Jensen, Ray Batot, and Bob Campbell.

This and That About Alumni

» William C. Rigby, N.W. '93, died in Washington, D.C. on April 18th. He was one time Judge Advocate General for the United States Army and is credited with establishing the present court martial proceedings.

» As executive secretary of the Blue Cross Hospital Service in St. Louis, Missouri, Ray F. McCarthy, Georgetown '28, has made a record which is believed to be unsurpassed in hospital insurance circles. His organization is reputed to have enrolled a greater number of clients per capita than any similar organization. Ray nurtured the organization and the people in St. Louis give him full credit for its phenomenal growth. As usual, Ray is engaged in a large number of extra-curricular activities, among others being the successful drive for two million dollars for St. Louis University.

» Stephen H. Spurr, Florida '38, is rounding out five years with Harvard, the last two of which have been spent in war research and as acting Director of the Harvard Forest. His special fields have been camouflage and aerial photography.

» Cornelius J. Daly, Georgetown '26, has been recalled by the Federal Works Administration to Washington, D. C. where he will maintain permanent quarters. Brother Daly's work with the Federal Works Administration has taken him all over the United States and several foreign countries where his advice and opinions have guided the Administration in its legal affairs.

» As a general note of interest, postwar progress in the field of radio communication has gone farther perhaps than most industries. Phillip G. Loucks, Dickinson '25, is leading the fight for the reallocation of parts for frequency modulation and to obtain additional fre-

quencies from the Federal Communications Commission above 30,000 megacycles. As general counsel for Frequency Modulation Broadcasters, Inc., Phil has the distinction of successfully handling the first case before the Federal Communications Commission in which a commercial service for a frequency modulation station was involved. He has, from the beginning, assisted in the forming of policies in frequency modulation matters and has generally been prominent in furthering the industry. Phil, from 1930-1935, was managing director for the National Association of Broadcasters and reorganized the association in 1938. He has from time to time been special counsel for the association and is at the present time vice-president of the Federal Communications Commission Bar Association and a member of its executive committee. Through 18 years of practice before the Federal Communications Commission and its predecessor, the Federal Radio Commission, Phil has acquired a clientele which includes a large number of newspaper and radio station owners. He is also counsel for the American Society of Composers and Publishers in Washington. It is generally conceded by those who are familiar with radio matters before the Federal Communications Commission that Phil is the foremost communications attorney in the country. In recognition of his years of service before the Federal Communications Commission and his widespread knowledge of the needs of the industry and the law, he is credited with having contributed greatly to the composition of the Federal Communications Act of 1934 and during the hearings that preceded the enactment of the law, his counsel and advice were constantly sought.

» On April 13, 1945, as the result of an operation for brain tumor, occurred the death of William Kix-Miller, Chicago '10. This ended a law partnership of more than 27 years with Arnold R. Baar, Chicago '12. At the time of his death,

Brother Kix-Miller was President of Coodinators Corporation, publishers of legal information. Besides his widow, he leaves a son, Richard, who is an ensign in the Navy, and a daughter, Jean, now at Wellesley.

» Ray C. Wakefield, Stanford '16, Commissioner of the Federal Communications Commission, and Harvey Otterman, Assistant Chief of the State Department's Telecommunications Division, head the American Delegation which has been in Europe since March 1, 1945, conferring with representatives of the British, French, Belgian and Italian Governments and Ministries of Communications.

The trip of Commissioner Wakefield to the European theater marks the first visit of an FCC member to that sector of war operations. The discussions have primarily centered around the establishment of lower international radio-telegraph and cable rates between the United States, on the one hand, and France, Belgium and Italy, on the other, together with other pending telecommunications problems, including lower northbound rates on traffic from Brazil to the United States. A subsidiary of British Cable and Wireless owns and operates the Brazilian cable facilities under a concession from the Brazilian Government. The Delegation has been to London, Paris and Brussels. It is presently in Rome and will proceed to Algiers prior to returning to the United States. While in London, informal agreement was reached with respect to the Brazilian rates, and on April 1, upon concurrence by the Brazilian Government, such rates were placed in effect. The Delegation also procured agreement on cable rates between the United States and Italy via the Horta-Gibraltar cable which is temporarily being operated by British Cable and Wireless.

In May 1944, Commissioner Wakefield and Mr. Otterman also headed the American Delegation which conferred with government representatives in various South American countries and effected reduced radiotelegraph and cable

rates between the United States on the one hand, and Bolivia, Ecuador, Peru, Venezuela and Uruguay on the other.

»Charles D. Dimmock, Georgetown '23, is at the present time special agent with the Internal Security of the Office of Price Administration. Charles formerly practiced law in Florida and Washington, was for a time with the NRA, more recently served with the WPA, and was later litigation attorney for the National Labor Relations Board. He left the Board to accept the position as a specialist in the Enemy Alien Registration Division in the Department of Justice and at one time was special agent investigating frauds in the Federal Works Administration. Brother Dimmock is presently working in New York City and we are advised that his contribution to the Internal Security for the OPA has been considerable.

»Nils A. Jensen, Arizona '42, is a test engineer for Consolidated-Vultee Aircraft in San Diego.

»Clyde G. Newcomb, Wisconsin '28, is in charge of electrical construction along the pipe line for the Arabian American Oil Co. overseas. Stretton Smith, Stanford '44, is also with the Arabian American Oil Co. overseas. His work consists of recruiting and disciplining Arabian personnel.

»Zenas Y. Coleman, Jr., Washington '28, is in the general mercantile business in Julian, California.

»J. Gustave Jimenez, Southern California '27, is District Manager of the Tide-Water Associated Oil Co. in East Providence, Rhode Island.

»Mayor Fletcher Bowron, Southern California '12, was reelected Mayor of Los Angeles in the recent primaries.

»Lawrence Tomlin, DePauw '28, is engaged in farming and cattle feeding in Sangamon County, Illinois.

»Robert E. Miller, Indiana '30, recently completed a 90-day detail assignment with the U. S. Civil Service Commission's Loyalty Board in Washington, D.C. He is now located in St. Louis, Missouri.

»Leo McCarey, Southern California '17, received the 1944 motion picture award for the direction as well as the original story of "Going My Way."

»Parley P. Christensen, Cornell '97, received high vote in his city council district but will have to enter a run-off in the finals. He has been a councilman in Los Angeles for many years.

»John F. Hueckel, Minnesota '38, has been a train dispatcher for the Southern Pacific Co. since last August. His residence is in Klamath Falls, Oregon.

»A. W. Baker, Texas '36, is with the Fairchild Aircraft Corporation in Hagerstown, Maryland.

»British Columbia is credited among juvenile authorities everywhere with having an unusually effective and fair juvenile court system, and the handling of juvenile delinquency in the city of Vancouver is frequently described as model. The administration of juvenile matters in Vancouver is in the hands of two gentlemen, one of whom is Senior Magistrate of Vancouver H. S. Wood, K.C., Osgoode Hall '09. Magistrate Wood has been a member of the bar since 1909 and a jurist since 1935. He is a graduate of Queens University and Osgoode Hall Law School; he was a crown prosecutor for 12 years, and represented the Royal Canadian Mounted Police for four years.

»John Bricker, Ohio State '16, has returned to his law practice in Columbus, Ohio, residing now in his home at Arlington.

»Fred H. Leinbach, Iowa State '26, is head of the Department of Animal Husbandry at the University of Maryland. During 1944 and the latter half of 1943, Fred served

as director of the National Livestock Conservation Program in Chicago. He returned to full time teaching duties at the University on January 1st.

»Wilson P. Richards, DePauw '44, is in the Medical College at the University of Michigan in Ann Arbor.

»John C. Trussell, Cornell '28, has been special counsel for the Navy Department in charge of renegotiation of war contracts for the past two years. The Chicago office is completing its work and John plans to resume full time law practice with his firm, Hassenauer, McKeown, and Trussell, at 105 W. Adams St., Chicago.

»Gregory J. Jankowski, Illinois '39, is now Research Assistant in the Department of Bacteriology at the University of California in Los Angeles working on antibiotic substances.

»John Turkopp, Ohio State '45, is now working at Thompson Products Co. in Cleveland, Ohio.

»Randall J. LeBoeuf, Jr., Cornell '19, is senior partner of the law firm of LeBoeuf & Lamb, 15 Broad St., New York City. Since 1929, he has been general counsel of the Niagara Hudson System.

Brother LeBoeuf was born in Albany, N.Y., July 22, 1897, and entered the law school at Cornell in 1915 from Albany Academy. He served as a second lieutenant of Infantry from May 1918, to January 1919, and returned to become student colonel of the ROTC and editor-in-chief of "The Cornell Era," receiving the LL.B. in 1920. He entered law practice with his father in Albany; was Deputy Assistant Attorney General of New York State, 1925-27, and the next year was special counsel to the State, trying the Chicago diversion and other water-power cases. At the same time, Governor Alfred E. Smith appointed him a Moreland Act commissioner to investigate the conduct of the State census.

LeBoeuf is president of National Travelers Aid Association, vice-

president and director of United Service Organizations, Inc., a trustee of The Masters School in Dobbs Ferry and of the National Health and Welfare Retirement Association, Inc., and member of several committees of the Welfare Council of New York City. He is a member of the New York City, State, and American Bar Associations and various committees of the Bar, of the Cornell Law Association, and Sigma Delta Chi.

»Colonel Roy P. Monahan, N.Y.U. '15, was appointed by Governor Dewey as Advisor to the New York State Veterans Service Agency in July 1944, as representative of the Disabled American Veterans, a Congressionally chartered organization composed exclusively of veterans of World Wars I and II who were wounded or disabled "in the line of duty."

Born in New York City, educated at Boston Latin School, Boston, Massachusetts, Northeastern School of Law, and New York University Law School, prior to his enlistment in April 1917 for World War I, Colonel Monahan also pursued studies of international law at "Ecole du Droit" at Universite de Dijon, France, for a year after the Armistice.

He is a member of the Bars of the State of Massachusetts and of New York State, and is also a member of the Bar of the Supreme Court of the United States. He has practiced law continuously since 1921 at 49 Wall Street, New York City, with a number of associates.

During World War I, Colonel Monahan was commissioned Second Lieutenant, Field Artillery, after completing the first Plattsburg Camp Citizens Military Training Course in 1917, and thereafter enrolled as a flying cadet at the U. S. School of Military Aeronautics, Cornell University. Going overseas in October 1917 he became a pilot in the Air Service (Army) in the A.E.F. after completing flying training with the Aviation Section of the French army. In June 1918 he was commissioned Second Lieutenant, Air Service (Army), and in February 1919 he was promoted to First Lieutenant. After having been injured while on flying duty in June 1918, Colonel Monahan served about six months as liaison officer to the French Mission attached to Headquarters, First Army, and participated in several major engagements, including Oise-Aisne, St. Mi-

hiel, Meuse-Argonne and Verdun sectors. He was honorably discharged in September 1919.

After returning to civilian life in New York City, Colonel Monahan became organizer and later Commander of Aviators Post No. 743, American Legion, and served the American Legion for many years as Chairman of the Legal Committee of New York County, and later for subsequent years as Chairman of the Legislative Committee for the American Legion for New York County, holding also State and National committee appointments. He is a member of the Quentin Roosevelt Post No. 10, Veterans of Foreign Wars, and is a past New York State Commander of the Disabled American Veterans.

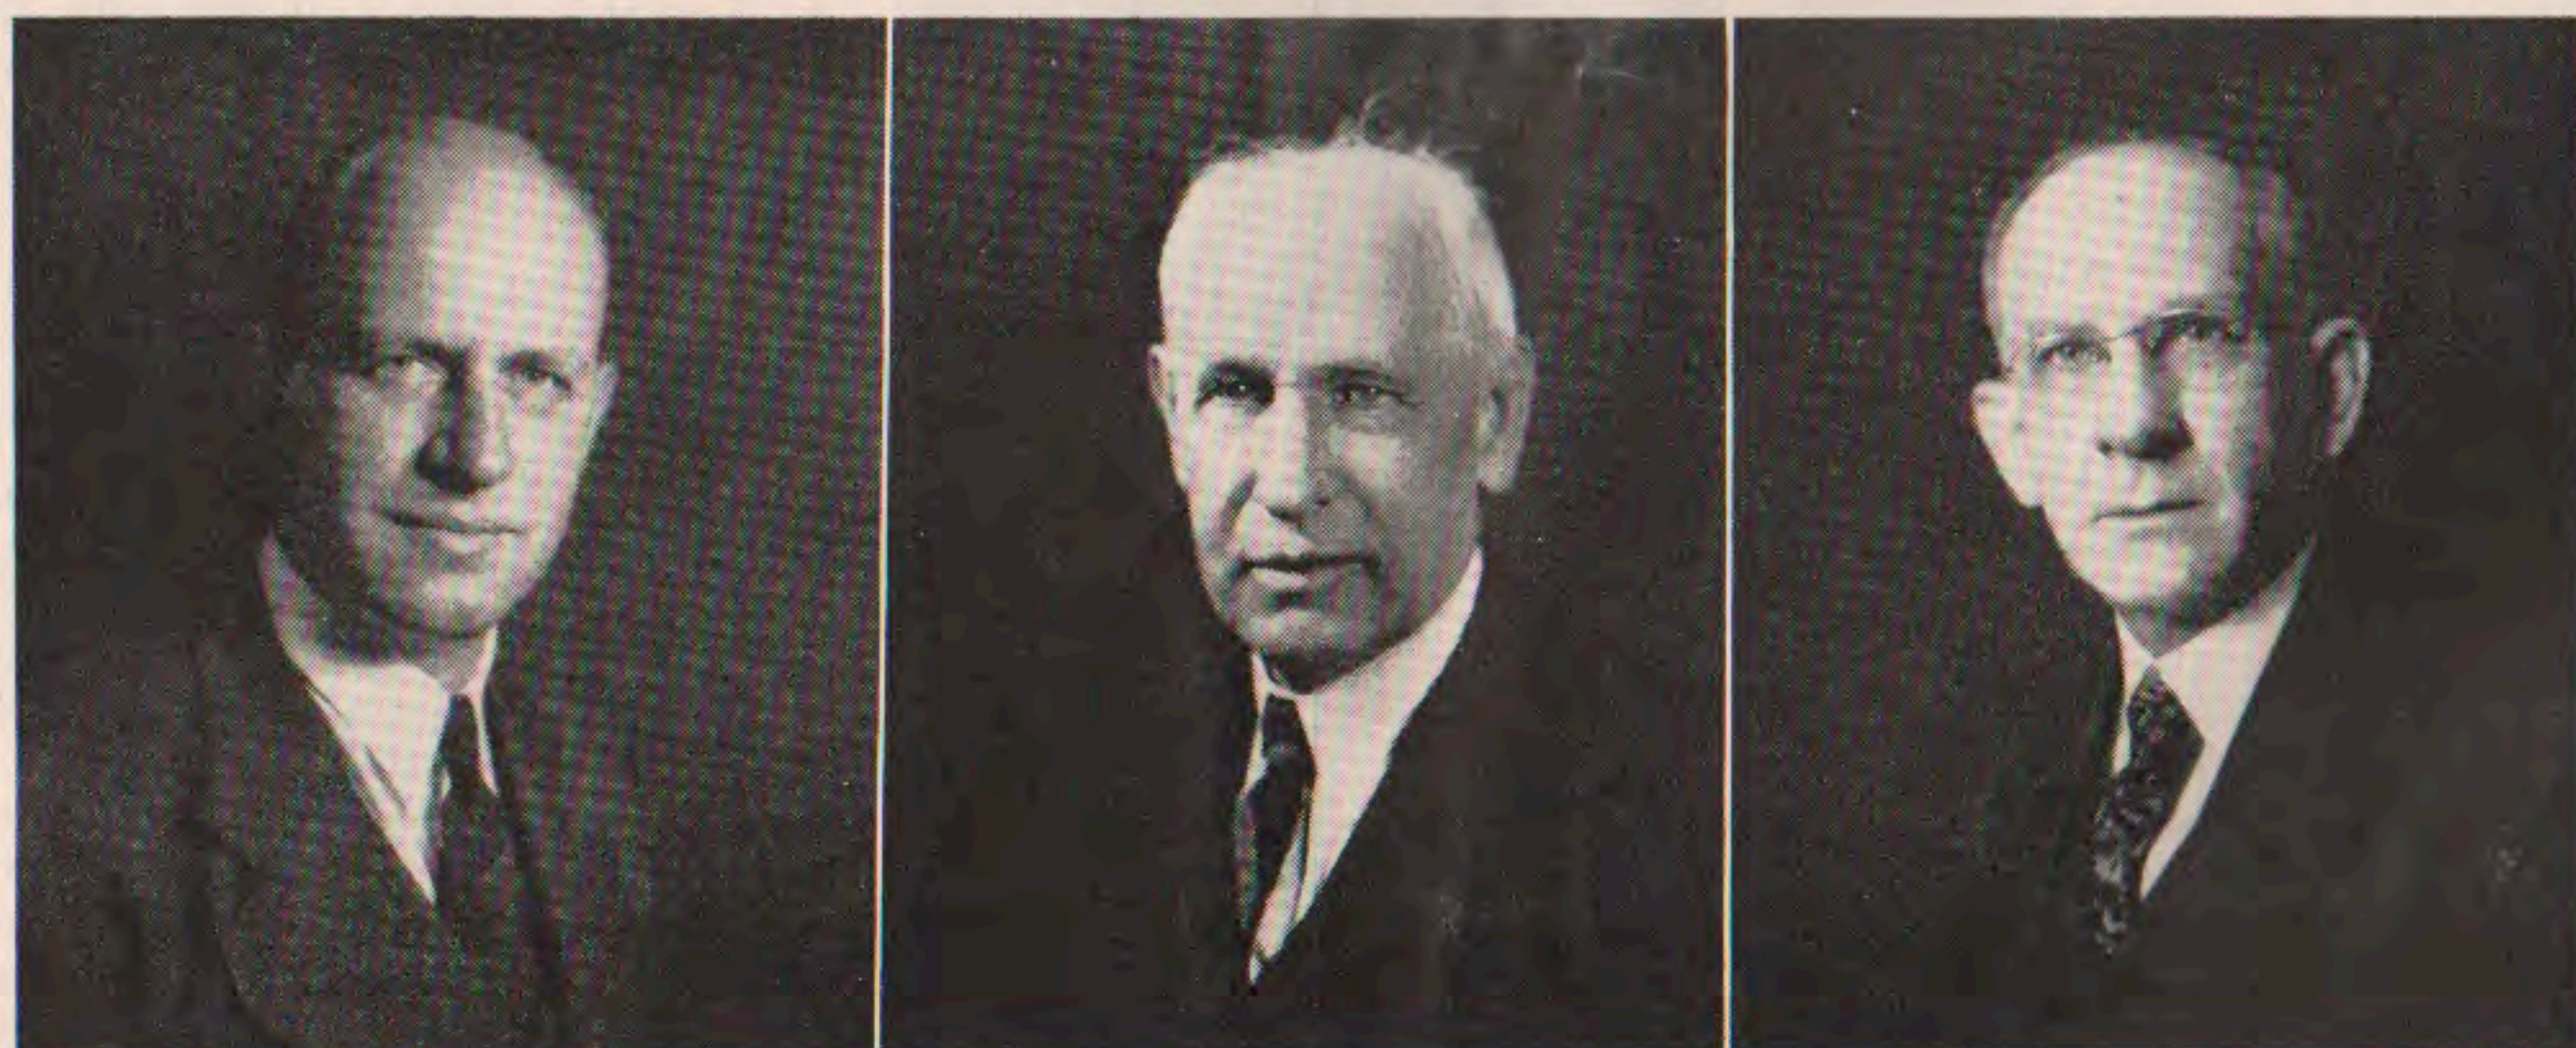

While National Americanism Chairman of the Disabled American Veterans, Colonel Monahan initiated and carried through to a successful completion the conviction of the officers and the closing of the German American Bund Camp at Yaphank, Long Island, in 1938.

In 1942 Colonel Monahan was commissioned by Governor Lehman as Major, Judge Advocate General's Department, in the New York Guard and was assigned to duty on the staff of Brig. General John J. Mangan, commanding the First Brigade, with headquarters at the 69th Regiment Armory, New York City. Since then he has been promoted to his present rank of Colonel (Infantry), and is now serving as Executive Officer (Chief of Staff) under Brig. General George A. Lawrence, now commanding the First Brigade, New York Guard.

Colonel Monahan has been actively engaged in veterans' welfare and veterans' affairs for over 25 years, and being a disabled veteran himself has gained a deep insight into veterans' problems and social and economic conditions affecting veterans.

He has handled, through the Courts many cases concerning the rights of veterans, particularly disabled veterans, under Civil Service laws, and has conducted radio programs, and written numerous articles pertaining to the veteran's point of view.

He is a member of the North Hills Golf Club, Long Island, the Winged Foot Golf Club, Westchester County, and belongs to Theta Nu Epsilon Society, the American Irish Historical Society and the Military Order of World Wars.

Donald E. Calhoun, Ohio State '26, is an attorney at Cincinnati, Ohio; G. T. Hogg, Cornell '93, is a lawyer with offices at 140 Nassau St. in New York City; Charles L. Robertson, Pennsylvania, '04, practices law in Scranton, Pennsylvania

Men Wanted!

GOOD FIELD SECRETARIES for post-war work needed. We ask your help in finding prospects. You, yourself, may be interested. Field work offers a unique experience and many personal advantages, and we would be glad to elaborate on the position on request.

Our plans call for a full-scale resumption of the chapter visitation program as soon after the war as possible, with the employment of several full-time men for this work. With your help we will try to line up a first-class staff of field secretaries and be ready to "fire up" the chapters the minute the war is over.
