### THIS MONTH'S COVER

As we go to press, discussion groups like this in the Penn State house will be assembling in the Purdue Chapter house at the first post-war regional conference. Next year we hope to have a regular schedule of pre-war regional conferences in operation. This means that conferences will be held in the east, south, southwest, northwest, west, and midwest.

Fletcher Bowron, Southern California '12, Mayor of Los Angeles since 1938, is serving as President of the Los Angeles Alumni Chapter.

Stanley Gillam, "BB" of the Minnesota Chapter

Ossie Laubenstein, Cornell "BB"

Paul Quick, "BB" of the Purdue Chapter, and in charge of arrangements for the Midwest Regional Conference to be held in West Lafayette, May 25 and 26.

## The Bond Still Holds!

**R**EACTIVATION is well on its way to completion. Even without a field staff, Delta Chi has been able to rebuild through the assistance of loyal alumni.

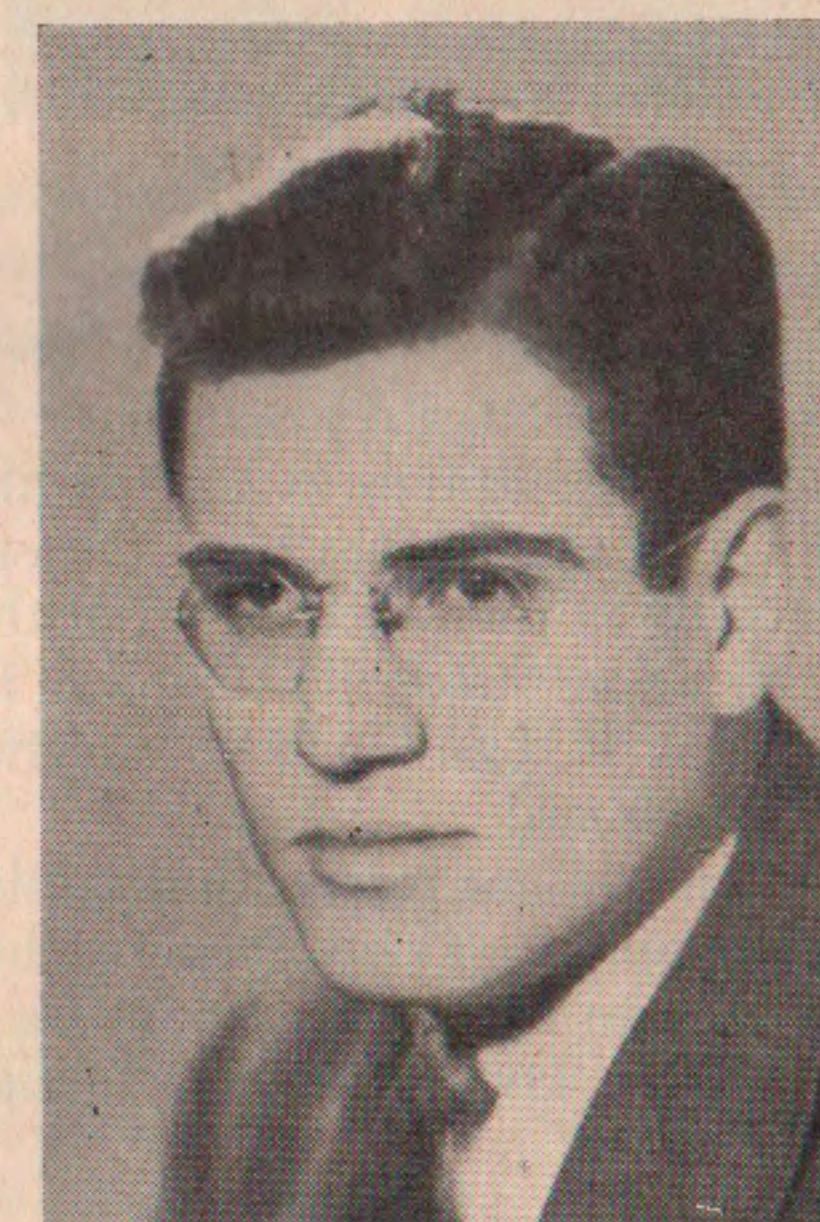

At Purdue, Paul Quick, "BB," had full charge of the house during the war years. He kept in touch with the fellows in the service, and saw to it that at the first available opportunity the house was returned to a few actives who had come back to school. Now the chapter numbers over 40 members and pledges. The house is in good shape, spirit runs high — and the chapter is being host to the first postwar regional conference to be held in West Lafayette, May 25 and 26. Paul has been ably assisted at Purdue by members of the control board, consisting of Oran E. Ross, Dr. A. A. Smith, and Melvin Mallory.

Dr. Raymond Wheeler, "BB" at Kansas, sent out news letters regularly to the alumni of the chapter throughout the war. At the beginning of the second semester of this school year, seven actives and five old pledges had returned to the campus. Since the chapter house is still being leased by outsiders and will not be returned to the chapter until July, the returned actives with the assistance of Dr. Wheeler, have established a provisional active chapter which has carried on a rushing program and has initiated the five old pledges. Other alumni of the Kansas Chapter who have

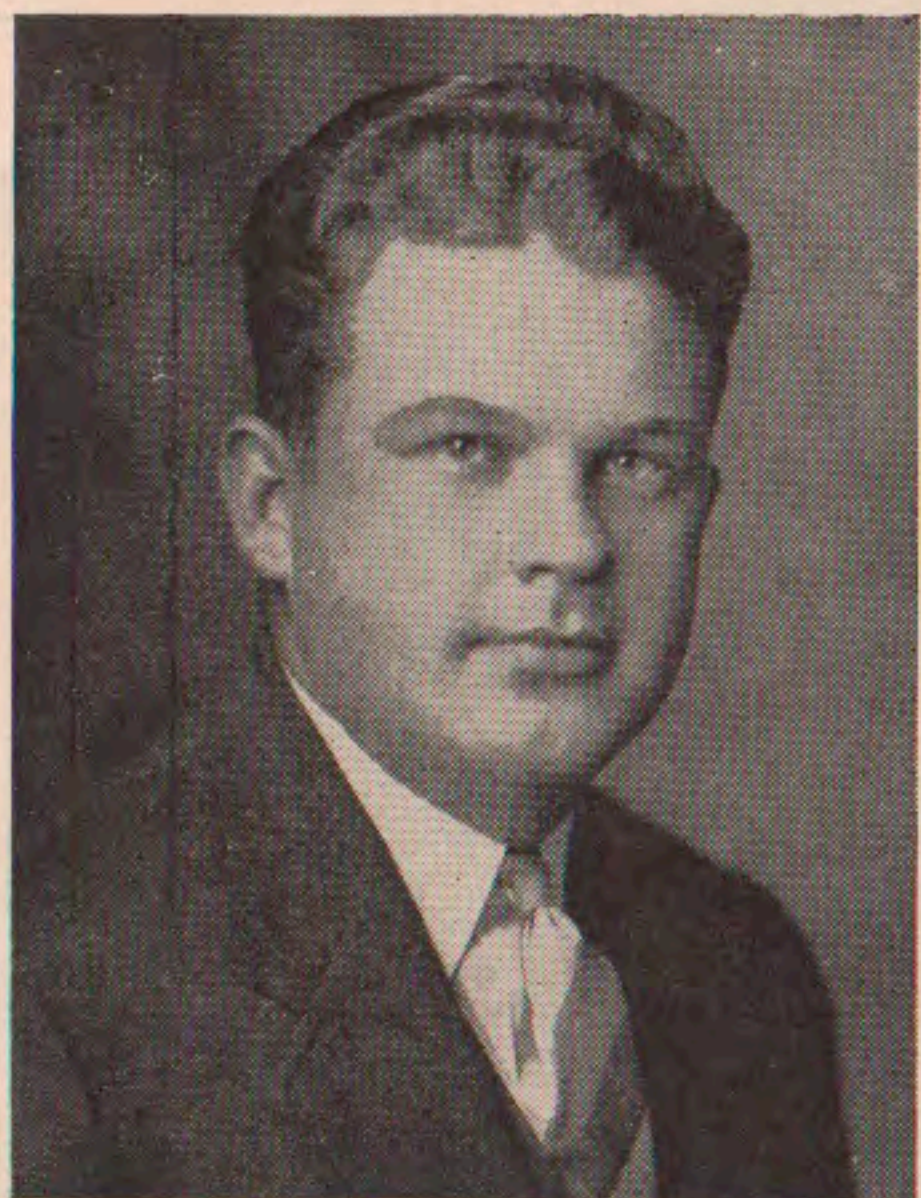

helped through the war years are Hugh Grutzmacher '17, H. H. Mohler '18 and Don Isett '28, all directors of the house building corporation.

The Idaho Chapter house was vacant during the war years and was looked after by Wally Steffens, "BB". In February, Bob McLaughlin returned to school. He moved into the house and within a short time had it filled. Now the chapter has a membership of over 40. The control board has been meeting regularly since the chapter reopened; members are Milburn Kenworthy '29, Al Koster '29, Jack Hayden '33, and the "BB".

Ed Bennett, alumnus of the Wisconsin Chapter, is now teaching at the University of Texas where he was elected "BB" of our chapter prior to the war. During the war years, he was the clearing house for all news of Delta Chi's and did a fine job of maintaining contact with the Dean's office. A few members returned to the campus after Christ-

connected, and the goal is \$15,000. Gordon Graham '23, Ed Kendall '40, W. M. Macdonald '22, Peter Wright '34, Dalton Wells '25, Leonard Sutton '23, Ernest Godwin '29, and others are members of a committee which has been formed for the purpose of purchasing a house and establishing an alumni chapter. Osgoode Hall should have a wonderful Fiftieth Anniversary celebration in 1947!

Because the Fraternity had no field secretaries, Bob Forrester, Oklahoma '41, and John Richards '40, journeyed to Norman in February to look the situation over and see what could be done about securing a house for the chapter. Through their efforts, a provisional chapter has been established, looking toward complete reactivation by fall. Other alumni interested in reactivation of the Oklahoma Chapter are John Couch '40, Bob Chase '31, John Speck '28, Harold Abitz '39, members of the control board, and Ted Armstrong '40, and Jack T. Myers '43, ex-officio members. Harold Abitz has been elected "BB".

Alumni in the Albany-Troy-Schenectady, N.Y. area have had several meetings with reference to the reactivation of the Union Chapter.

In Lexington, Kentucky, J. Owen Reynolds, Kentucky '15, Tom Mooney, Georgetown '30, and Duane Van Horn, Kentucky '44 and "BB", are assisting actives and pledges in reactivating. At present, the chapter is a provisional one only, but the fellows hope to have a house by fall so that the chapter can start functioning normally again.

Yes, alumni have rallied to the support of the Fraternity!

the college's 17 national fraternities and the alumni groups representing these organizations, and between the national fraternities and the college administration.

Since its inception, the Fraternity Advisers' Association has met monthly, sometimes oftener. Early in 1943, when it was realized that the impact of the war would bring disastrous results to fraternities unless some constructive action was taken, the Association set to work to develop a long-time plan which would be put into effect when fraternities resumed their normal functions and activities. Much of the work was done by committees whose reports were read, discussed and approved at a two-day conference held on the Michigan State College campus in May 1944.

The program has not as yet been put into full effect since fraternities at Michigan State are operating in temporary quarters or no actual quarters at all. The Fraternity Advisers' Association

has been trying several phases of the proposed plan and is at present paving the way to try it out when all of the houses will be reoccupying their own quarters this coming fall.

#### Rushing, Pledging and Initiating

The purpose of the Committee on Rushing, Pledging, and Initiating is: "To set up recommendations for the fraternities to follow relative to rushing, pledging and initiation and specific problems related thereto." A specific recommendation of this committee was:

1. Since all national fraternities have ruled out paddles, mentally and physically — for receiving the teachings right along with all other objectionable features of old *Hell Week*, the use of paddles shall be prohibited. There are better ways of disciplining a pledge and it is a challenge to the chapter to develop some better means of shaping individuals to meet fraternity standards.
2. Any practice that leads to obscenity, lewdness, and vulgarity, causing the initiate to lose dignity of person and loss of prestige with the group shall be abandoned.
3. An overnight hunt or search, unless it shall serve some specific purpose in a realization of the fraternity's ideals and contribute to the further development of the initiate's training, should be dispensed with. It is suggested that, if such a hunt or search is planned, the officers confer with their alumni advisers regarding its suitability.

#### Leadership Training

The Committee on Leadership Training has for its purpose: "It is apparent that the lack of effectiveness within the fraternity has been due to untrained leadership, resulting in boys being elected to office with no qualifications other than friendship. The purpose of this committee is to provide through adequate and proper leadership, methods and procedure of conduct for the various functions of the fraternity in order that it may better serve to accomplish the ideals for which the fraternity stands."

The responsibility of this committee is to:

1. Organize the various courses as outlined with the help of the committee involved and to aid the committee in the conduct of the course. (The proposed courses of study include Administration, Secretarial, Finance, House Manager, Steward, Rushing, Social, Intramural, Ritual, and Pledge Training.)
2. To make such recommendations as are deemed necessary for the continuity of the undergraduate chapter.

3. Co-operate with the Counselor of Men in the responsibility of leadership within the chapter.
4. Arrange for instructive discussions, inspirational talks and constructive reports at frequent intervals concerning the welfare of the general fraternity in effective living.

The committee also recommends that an attempt be made to standardize the day of the election of officers for all fraternities and that these officers should remain in office for a period of one year, with the new officers taking office at the beginning of the spring term. It is felt that better coordination of the local chapter activities would result if some standardization of elections were made.

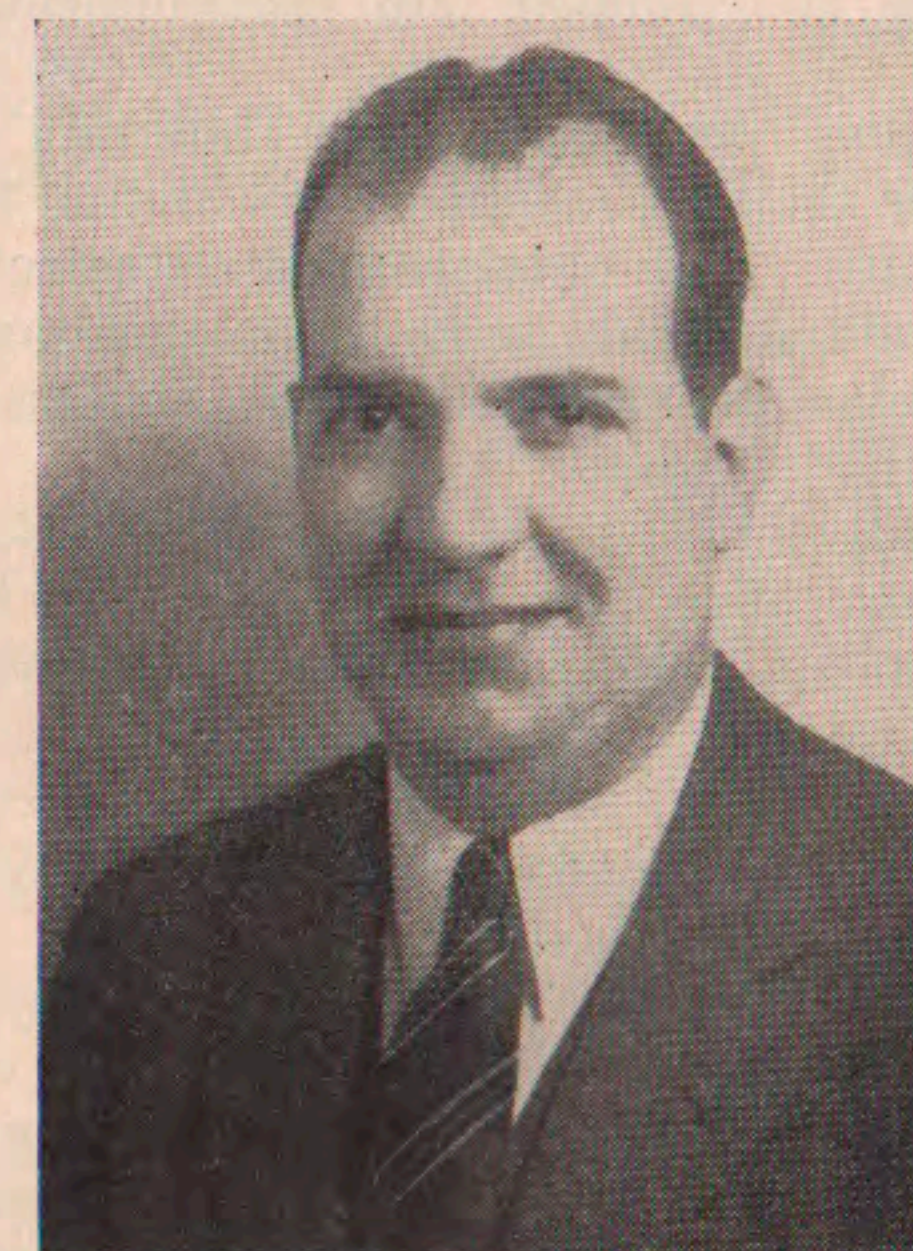

#### Scholarship

The purpose of the Committee on Scholarship is: "To set up goals which will stimulate and aid in maintenance of high standards. Scholarship is one of the most important aspects of education; consequently, it must be uppermost in the minds of fraternity men."

One of the recommendations of this committee is the resident counselor system as a means to improve scholarship and help attain other objectives of the fraternity.

#### Social Affairs

The Committee on Social Affairs has for its purpose: "To make recommendations relative to social affairs and social problems of fraternities at Michi-

Joe Lacchia, N.Y.U. '25, is "BB" of the Michigan State Chapter and President of the Michigan State Fraternity Advisers' Association.

## Fraternities in Post-War Program at Michigan State

THE Fraternity Advisers' Association of Michigan State College was organized in October 1942, for the purpose of strengthening relations between

gan State College. The six areas in which the committee is primarily concerned are as follows: social events, patrons, etiquette, house-mothers or resident advisors, homecoming reunions, and liquor."

Social activities in the fraternity should provide the environment and opportunity for its members to improve in social poise and personality. The committee gives as the two main objects of social events (1) recreation and (2) a means of acquiring culture, poise and the social graces. A well balanced social program should serve these two purposes, and should include dances; teas, receptions; special dinners for a variety of guests; Sunday evening hours; firesides; music hours; open meetings of general interest; and special programs such as a weekend event for the members' mothers. The committee stresses, however, that scholastic ratings are of prime importance, and that at the present fraternities must maintain a grade average of C in order to enjoy social privileges. Fraternities with a low scholastic rating should schedule only a minimum number of social events.

#### Finances

The purpose of the Committee on Finances is "to make recommendations for the financial management of the fraternity. This involves the selection of the controlling body, and the procedures that should be followed by it throughout both the active chapter and the alumni association. This committee, however, is confining its attention to the financial problems of the active chapter, and is making recommendations which it hopes will be helpful when fraternities reorganize after the war."

The problems and the solutions offered by the committee are grouped into the following divisions:

(1) *Alumni participation*—the fraternity finance committee should be composed of alumni and active members. The alumni members selected for this committee should serve three year terms and must be deeply interested in the financial well-being of the fraternity.

(2) *Budgeting* — sound financial condition is of prime importance, and may be obtained by (a) sufficient membership, (b) moderate expenses, (c) adequate rates, and (d) complete collection.

(3) *Accounting* — this committee suggests that the accounts of the active chapter be kept by either of the following methods:

(a) Have a well-trained undergraduate keep suitable records of the amounts owed and paid by each member and complete records of all fraternity expenses and income. This is to be done after a period of apprenticeship and under the close supervision of one of the alumni members of the finance committee.

Each month's accounts would be audited by an auditor.

(b) Have an undergraduate keep the necessary records of the amounts owed and paid by each member. The fraternity receipts and bills would be turned over to an accounting firm, which would pay the bills, and prepare an audited statement each month, the cost of this service to be paid by the active chapter.

(4) *Purchasing* — the finance committee should see to it that a capable person does food buying, and should require authorization for unusual expenditures over a certain amount. Other expense items needing special consideration are labor expense, the charge for use of the house, social expenses and furniture and equipment.

(5) *Payment of bills* — alumni supervision should be had, if not at the time of purchase of items, at least when the fraternity bills are paid. It would be a good idea to insist on sales slips on all purchases, which should be submitted to the alumni advisor along with the monthly statements.

(6) *Collection* — financial difficulties are often caused by poor collection of money owed the fraternity by its members, and the committee considers it not only a loss of money to the chapter, but an injustice to the member to allow him to be lax in the settlement of his financial obligations.

(7) *Reserves* — to be successful, any fraternity must have a sound financial structure, and should also have a reserve on hand, either for the purpose of purchasing a house, or if they already own a house, to be used for unexpected expenses, remodeling and protection against a mortgage.

#### Supervision and Management of Property

The Committee on Supervision and Management of Property deals only with the aspects of management as applied to personnel and the maintenance and protection of the physical property of the fraternity. It recommends that all housekeeping jobs be held by persons not members of the fraternity; that a housemother or resident adviser be supervisor of these employees; and although the initial expense is greater, it is more practical for the fraternity to invest in its own bed linens; that members make up their own beds and keep their rooms in order; that major periodic jobs such as window washing, lawn mowing and grounds care can often be included in pledge duties under the house manager; that a health examination should be required of all people handling food; that there should be some agreement between organizations as to wages paid by help; that since title to property usually is in the hands of the alumni association this obligation should be assumed and paid for by that organization, as well as all re-

pairing and conditioning of the house and fixtures, and purchasing of new equipment; that fraternities should adopt a surety deposit plan of some suitable amount as \$5 or \$10, refunds to be made after the close of the school year of an unexpended credit; that property of the fraternity should be fully protected and insured against losses by fire, smoke and water damage, hail, tornado, boiler explosion, and occupancy insurance should be considered.

#### Alumni Relations

The purpose of the Alumni Relations Committee is "to promote closer relationship between the alumni and the active fraternity. The alumni must

be kept posted through contacts made regularly by mail as well as by personal contacts whenever possible. The Alumni can do much to assist the active chapter, and although the undergraduate group must take the initiative at all times, the alumni, too, must have a responsible part. They should promote and assist in matters of scholarship, good finances, rushing, pledging and pledge training, the general intellectual tone of the chapter and the promotion of character development.

Business affairs and distance from the chapter house limit the activities of many of the alumni, but an attempt to keep current with fraternity affairs is made through fraternity publications keeping old and new graduates informed of their classmates' doings, alumni association meetings, and fraternity or college reunions.

#### EDUCATION

"When is a man educated? — —

When he can look upon the universe, now lucid and lovely, now dark and terrible, with a sense of his own littleness in the great scheme of things and yet have faith and courage. When he knows how to make friends and keep them, and above all when he can keep friends with himself.

When he can be happy alone and highminded amid the drudgeries of life.

When he can look into a wayside puddle and see something besides mud, and into the face of the most forlorn mortal and see something beyond sin.

When he knows how to live, how to love, how to hope, how to pray — glad to live and not afraid to die, in his hands a sword for evil and in his heart a bit of song."

—JOSEPH FORT NEWTON.

The Penn State Chapter House

## A Portfolio of Delta Chi Houses

*The S.M.U. Chapter has continued to function during all of the war years. At present its total membership, both actives and pledges, has reached 70. Its chapter house is one of the newest in the Fraternity.*

*The Washington Chapter returned to its house on March 1st. Its membership approximates 40 members and pledges at the present time.*

*The Michigan State Chapter house is still being leased by a sorority, but the members expect to be back on Woodmere in the fall.*

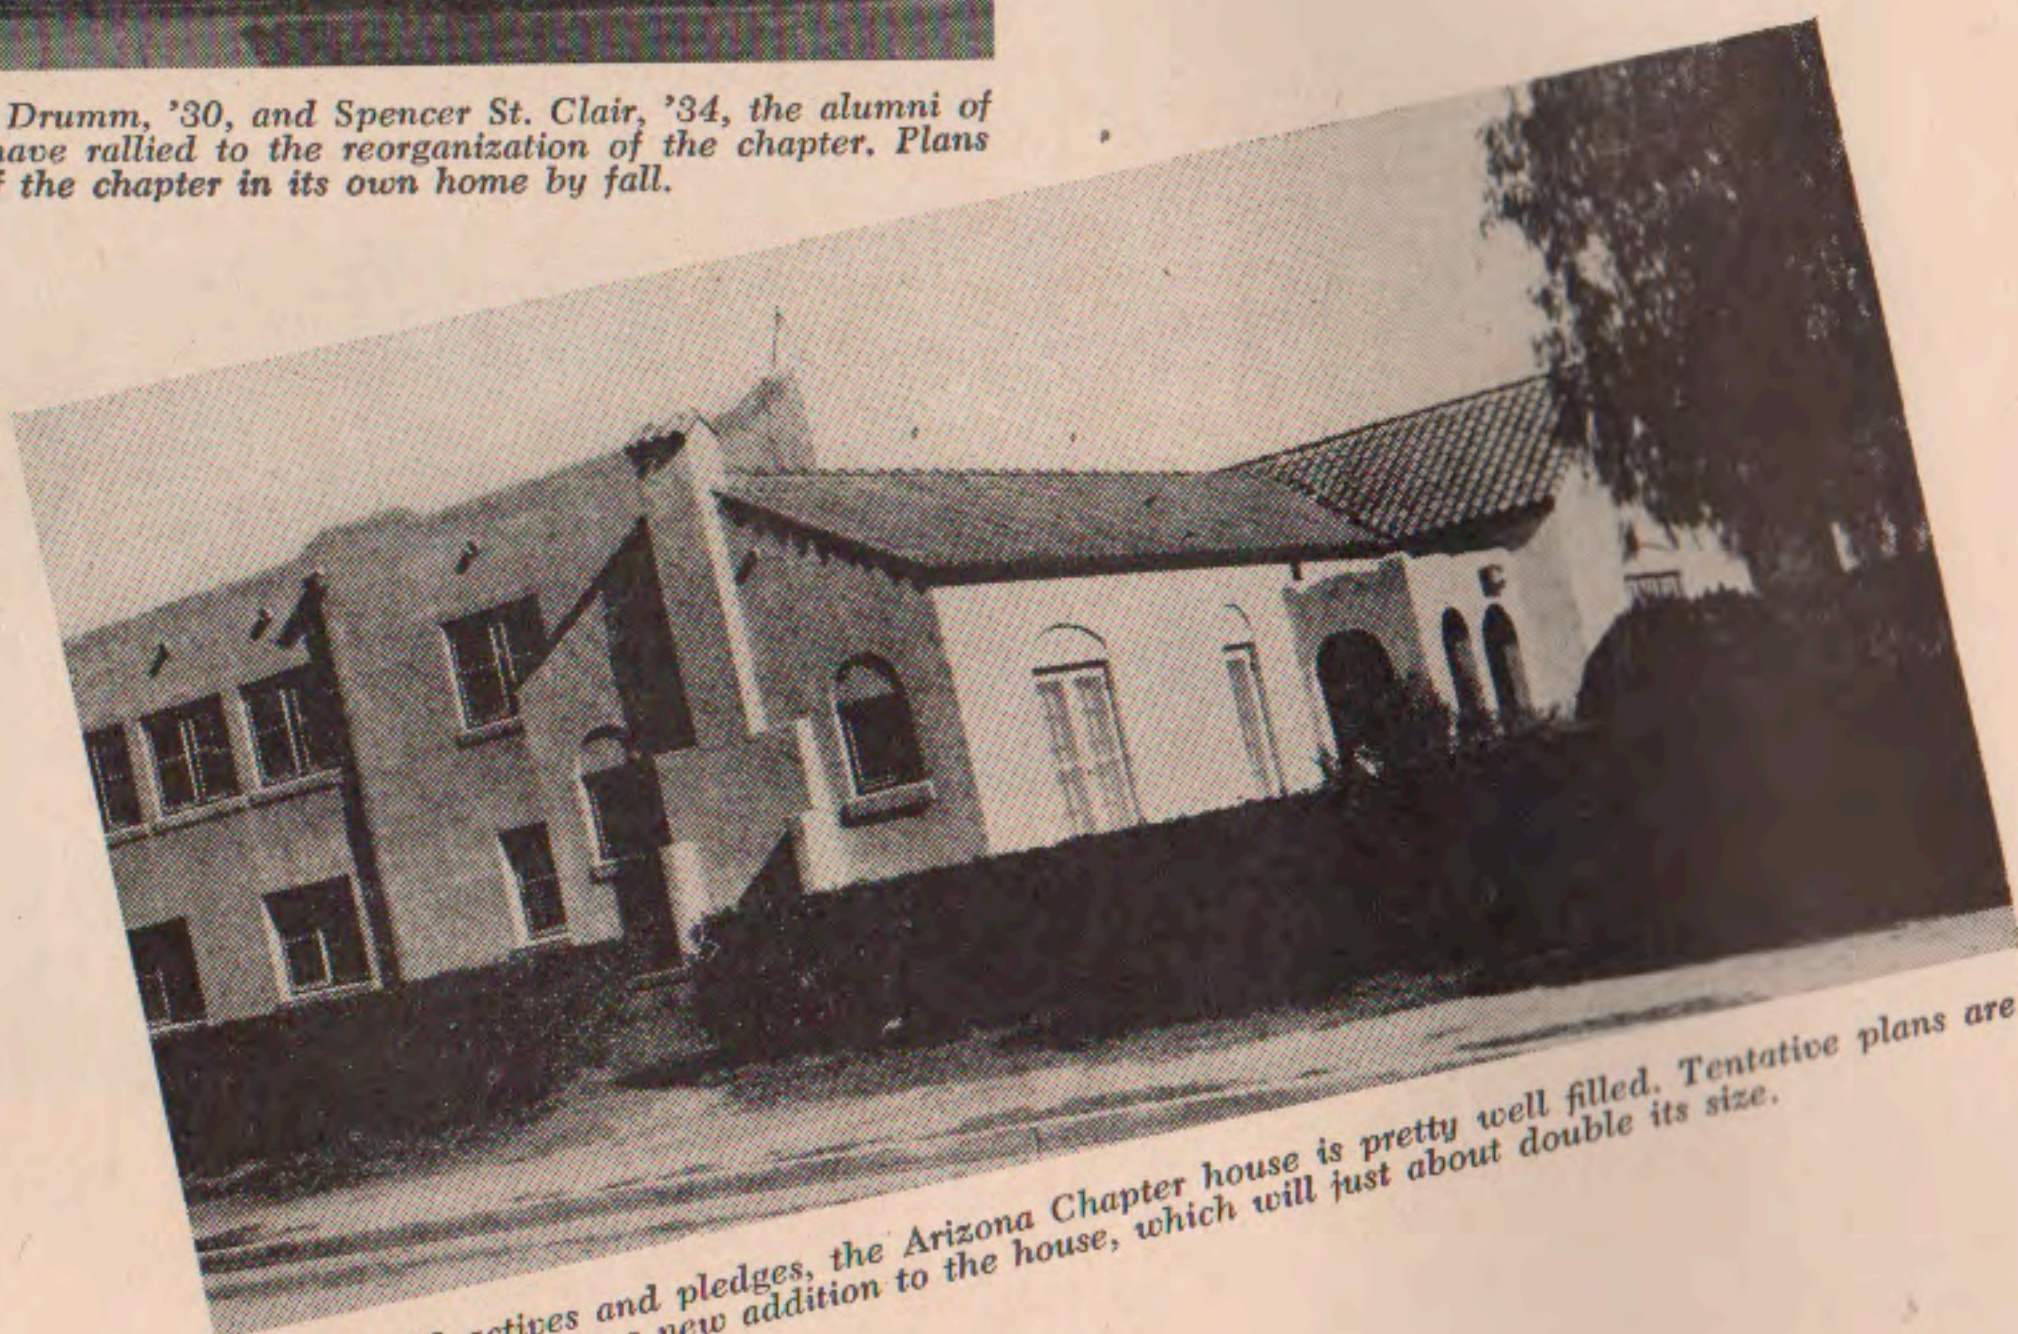

*Members and pledges of the Idaho Chapter returned to the house in February. The chapter's membership now totals over 40.*

*The Minnesota Chapter house was rented to outsiders for several years, but is once again back in the chapter's hands. Stan Martin, '42, is in Minneapolis assisting returning actives in the reactivation of the chapter. At the present time, there are seven actives and eleven pledges in the chapter.*

Under the leadership of Buddy Drumm, '30, and Spencer St. Clair, '34, the alumni of the Southern California Chapter have rallied to the reorganization of the chapter. Plans now call for full-time operation of the chapter in its own home by fall.

With 36 actives and pledges, the Arizona Chapter house is pretty well filled. Tentative plans are now being made for a new addition to the house, which will just about double its size.

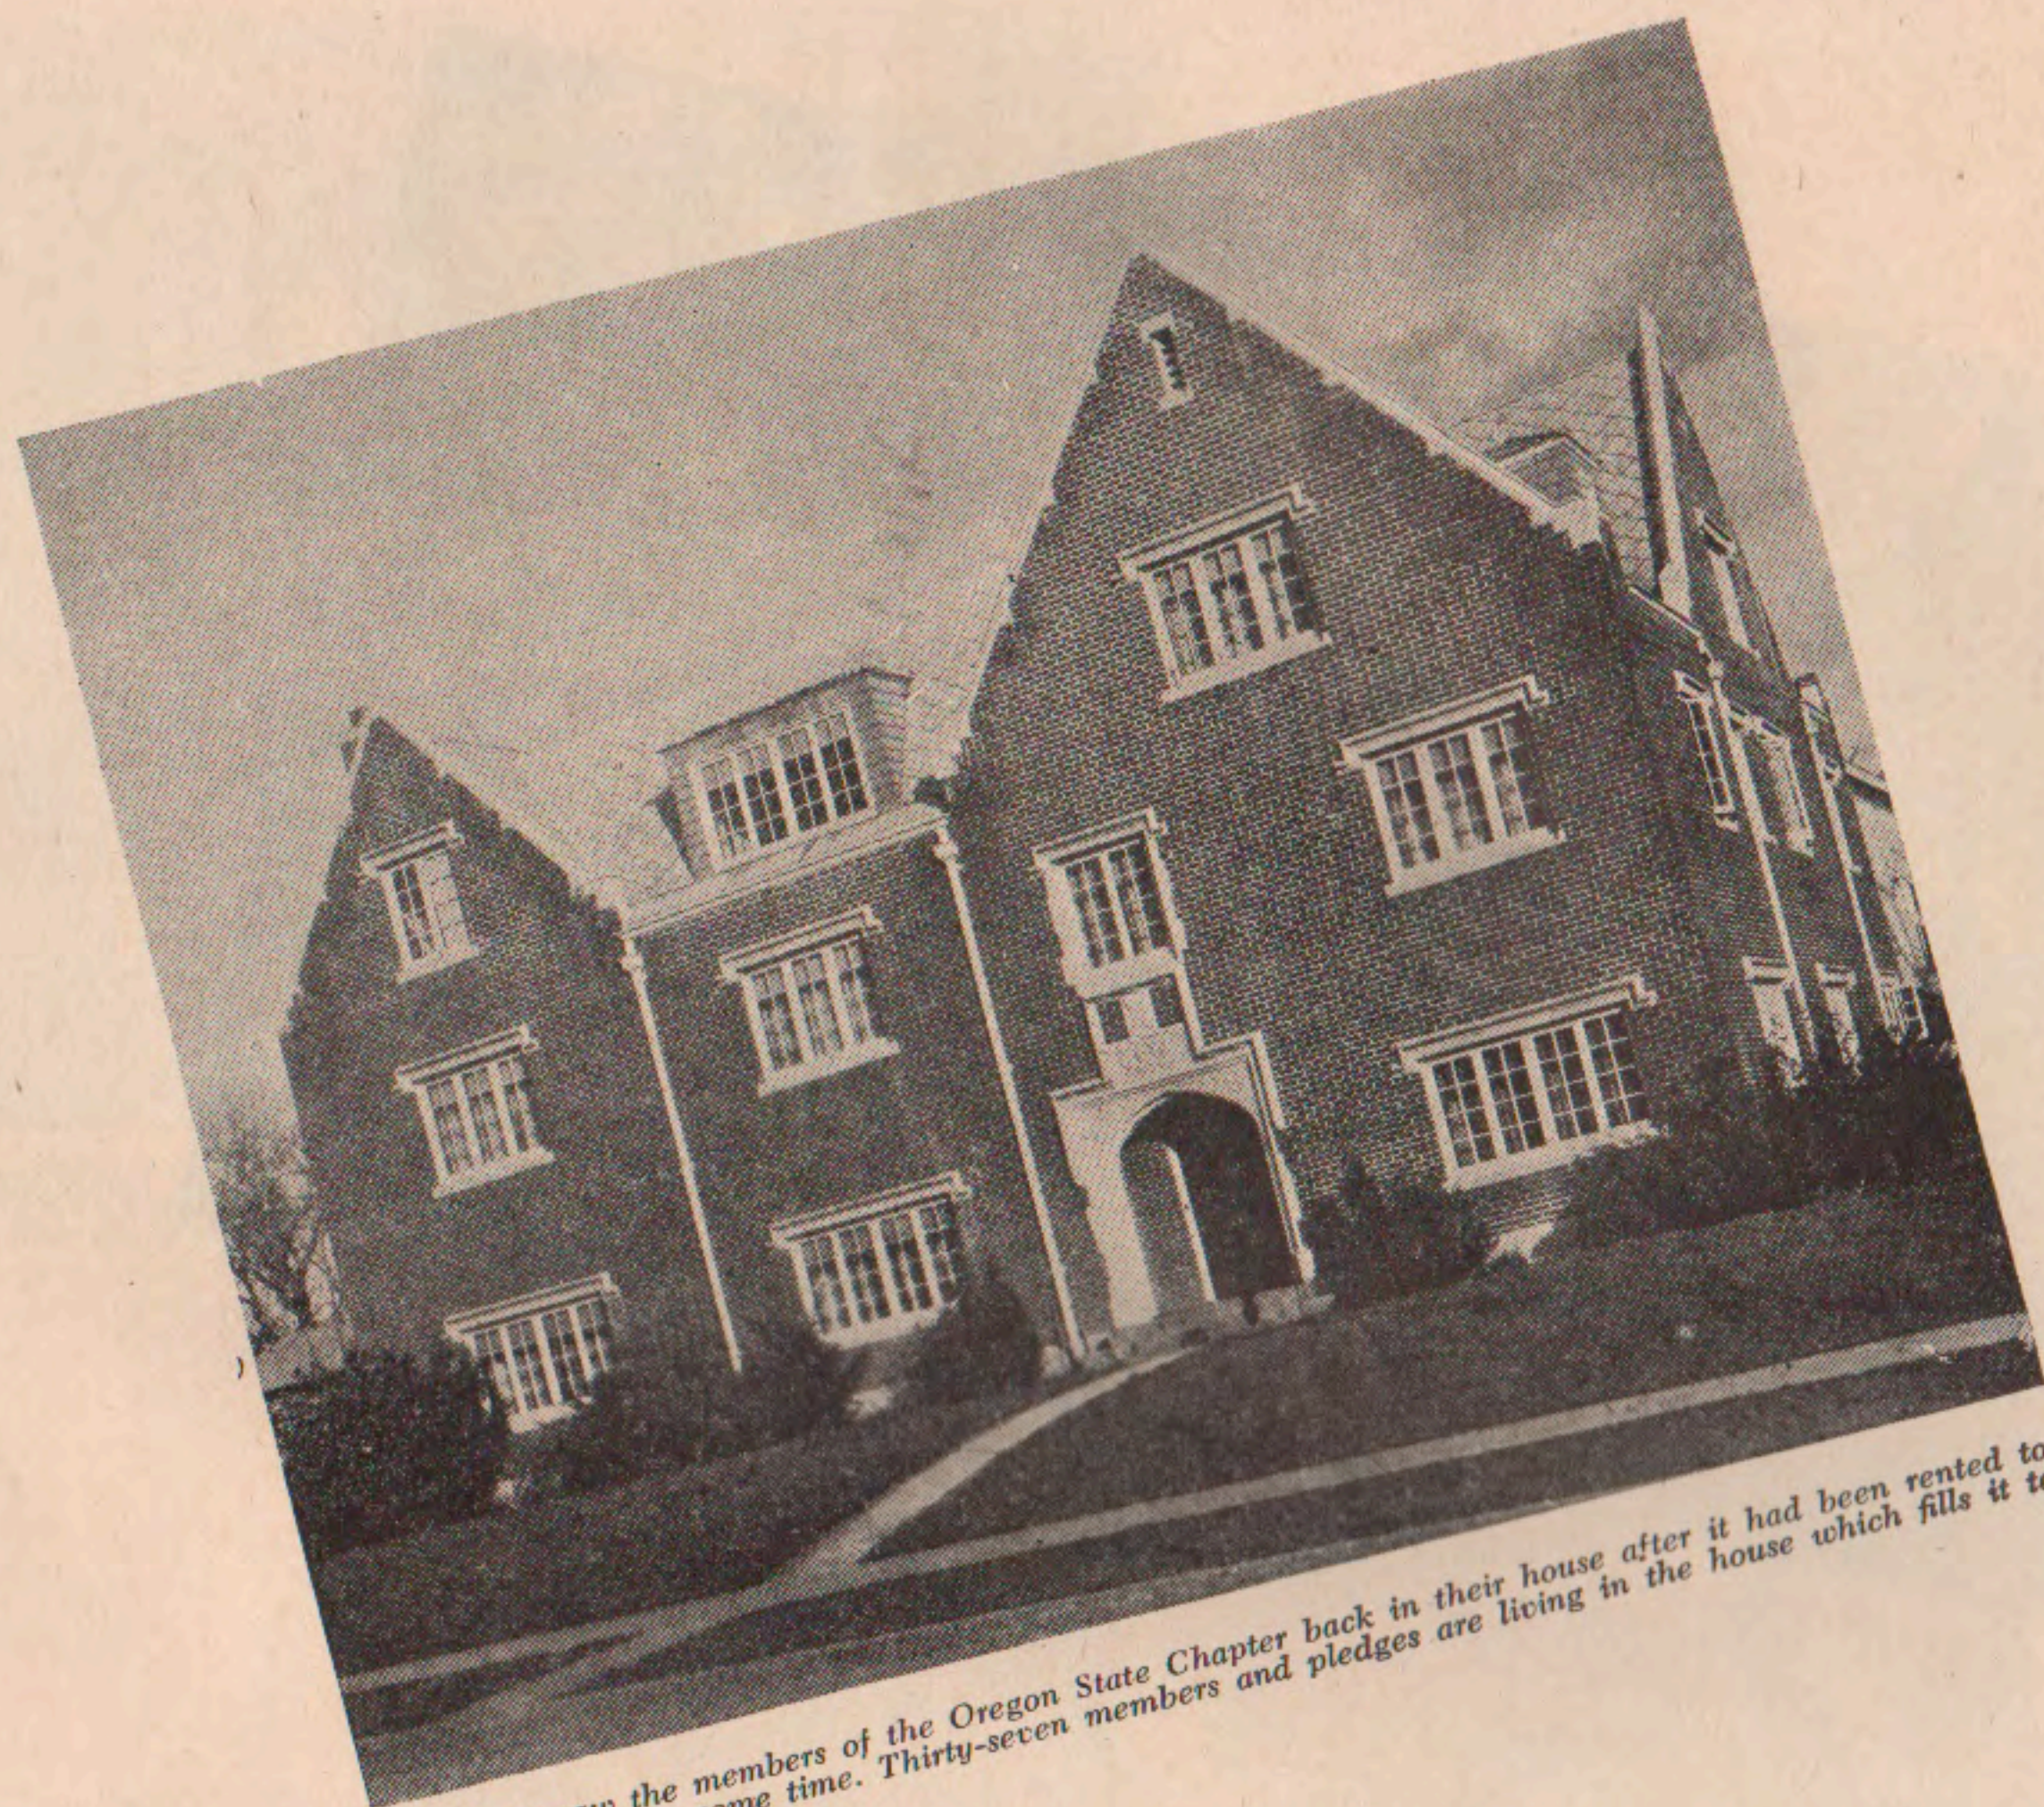

The Illinois Chapter house is being rented by the University for women students, but members of the Fraternity are planning to take over the house in June, have it redecorated, and placed in first-class condition for fall when it is expected the chapter will once again start operating.

The Iowa Chapter house has been used by the Army and by men students of the University during the past three years. Now, returning actives and new pledges are making plans to reopen the house in the fall as the Delta Chi house. Twenty-two actives and four pledges now reside in the house, and a full house of thirty-five is expected by September.

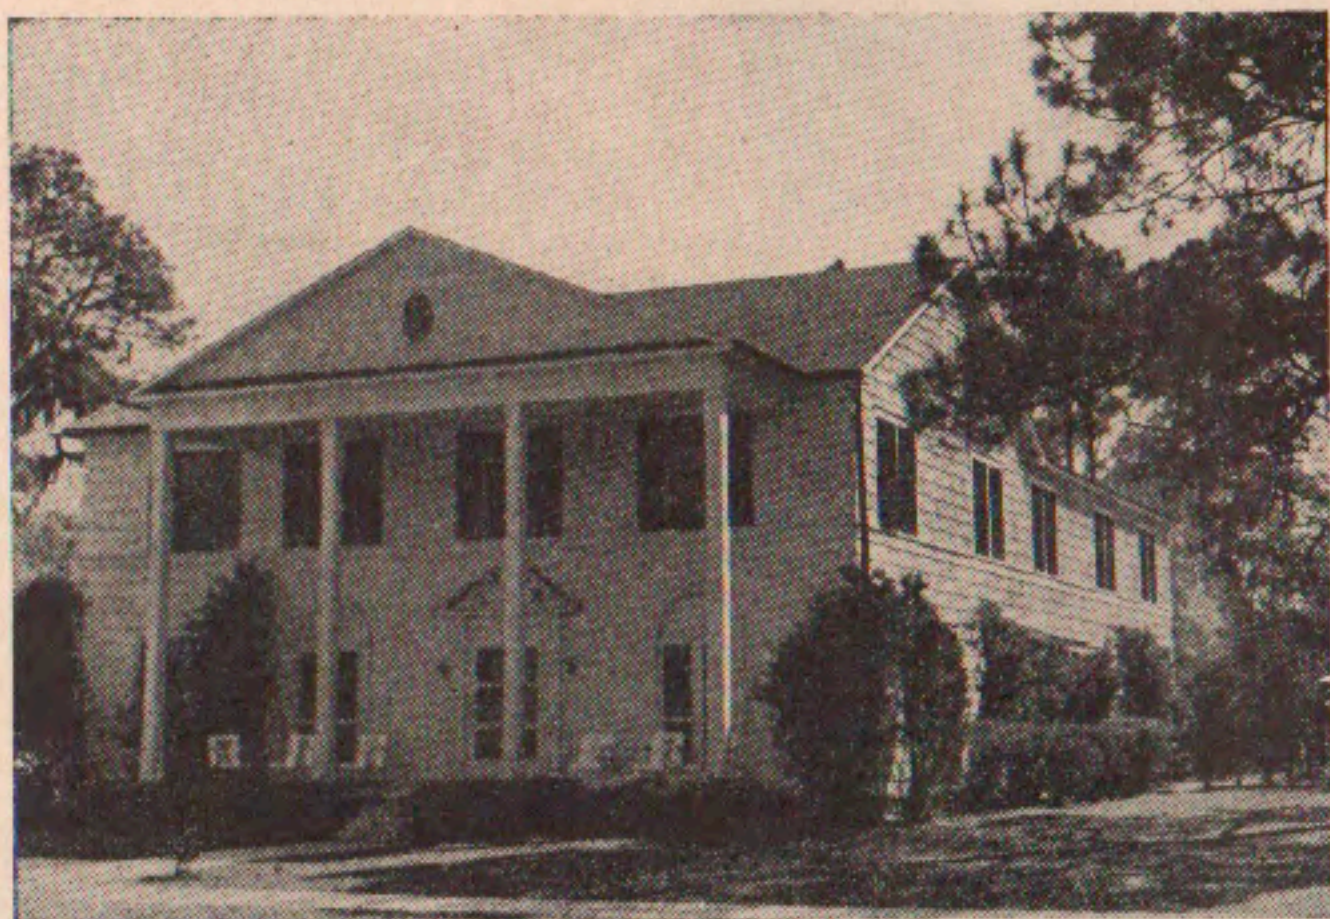

The Kansas Chapter house was first used by the Navy during the war, and for the past year has been leased by Sigma Chi. The chapter expects to get the house back in July and plans are now being made to reopen in the fall. Seven actives returned to the campus at the beginning of the present semester, and five old pledges were initiated.

April 1st saw the members of the Oregon State Chapter back in their house after it had been rented to women students for some time. Thirty-seven members and pledges are living in the house which fills it to capacity.

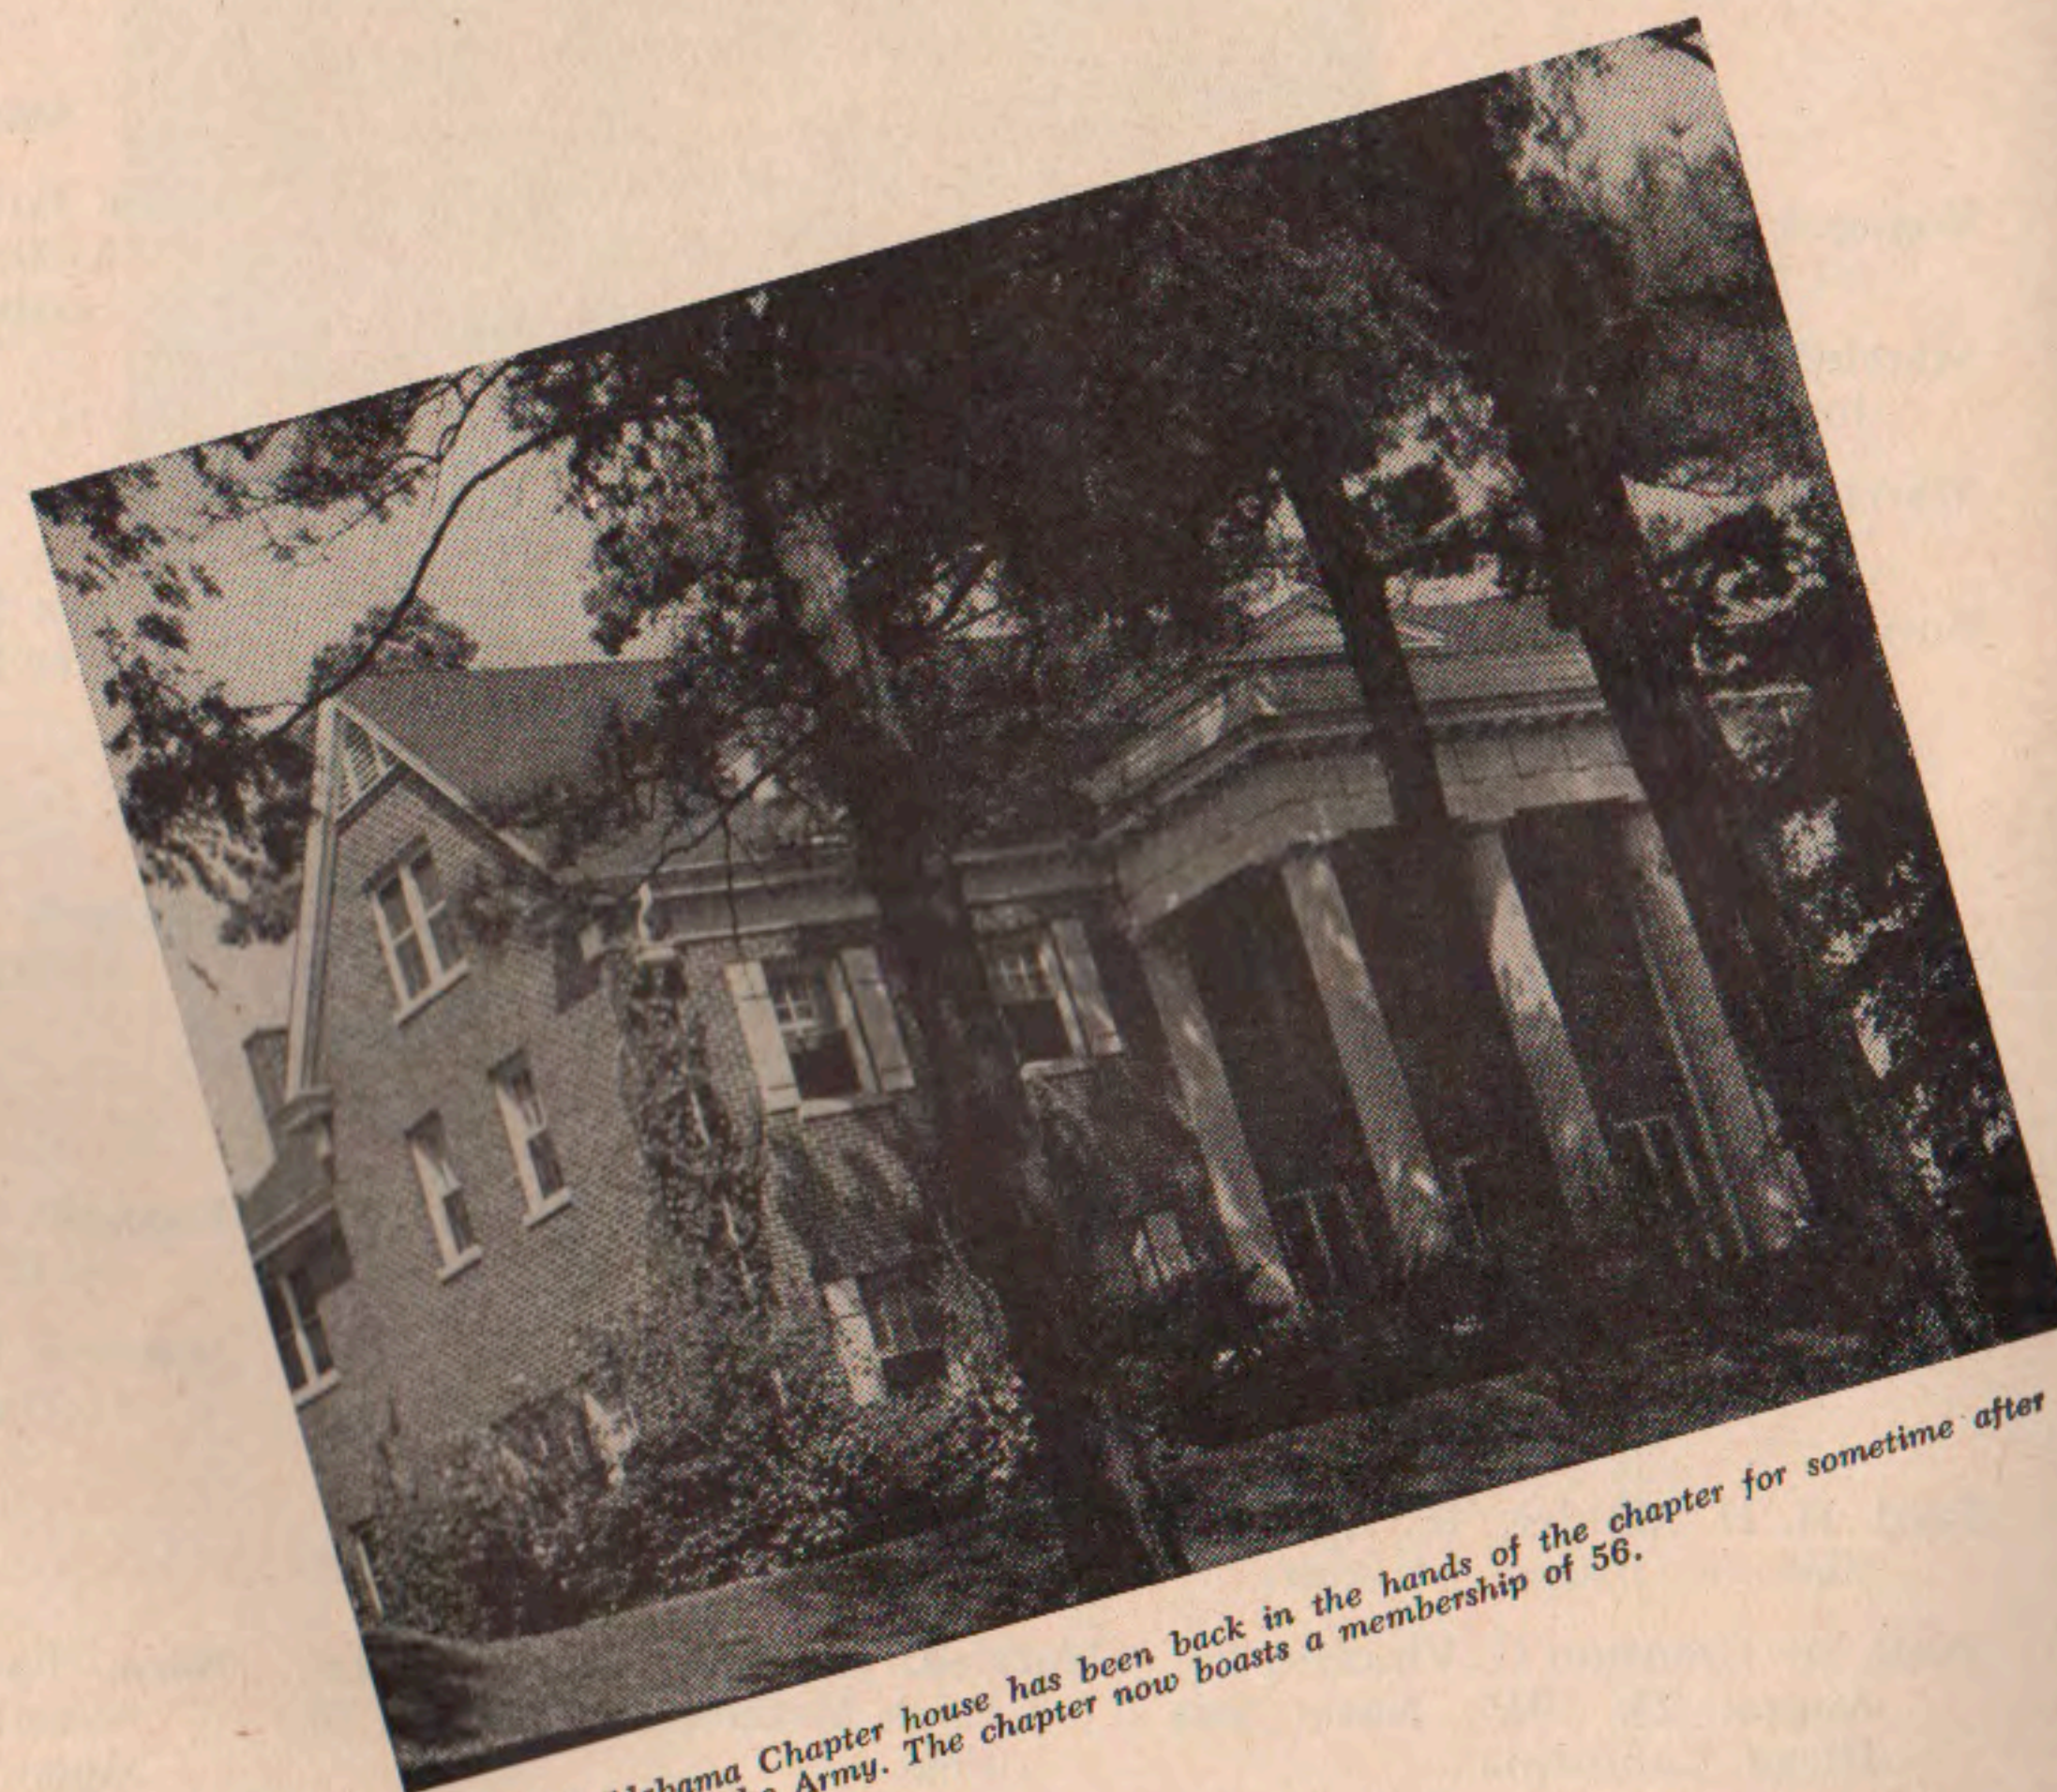

The Cornell Chapter house is being leased by the University, and the members and pledges of the chapter are temporarily living with another Fraternity. It is planned for the chapter to return to The Knoll in the fall.

The Florida Chapter house is still being leased by the University, but members of the chapter on the campus — some twelve in number — are beginning reorganization with the aim of getting into full swing by fall.

The Iowa State Chapter house has been leased to women students for several years, but plans are now being made to have it ready for the fellows next September.

The Alabama Chapter house has been back in the hands of the chapter for sometime after being used by the Army. The chapter now boasts a membership of 56.

## Men Wanted!

Good field secretaries and graduate counselors needed. We ask your help in finding prospects. You, yourself, may be interested. Field work offers a unique experience and many personal advantages, and we would be glad to elaborate on the position on request. If you are planning on going back to school and, therefore, will not be free for traveling, your services (if you are a graduate student) might be utilized in some chapter as a graduate counselor or tutorial adviser.

Our plans call for the employment of four or five field secretaries who will be available for visitation work. It is hoped that a sufficient number of field men can be recruited from those who have been in the military service, and that by fall of 1946 the chapter visitation program will once again be in full swing.

## With the Active Chapters

### *Most Outstanding*

**Alabama.** The beginning of this quarter marked the return of six former actives and several pledges to the chapter. They are veterans who are back to finish their work here at the University. The reactivated members include: Marshall Fitzpatrick, Cary Edwards, Sam Cleveland, Wayne Miller, Ed Langston, and Jimmy Williams, who stepped in to fill the places vacated by six others who have gone into the services. With the addition of 13 new initiates we now have a total of 38 active members and 18 pledges.

Our illustrious pledges started the quarter off with a bang by giving a dance in honor of the actives. The 70 couples present filled every inch of space in the music room, living room and dining room.

Other activities that have filled our spare time are sports and campus politics. Intramural sports this quarter are softball, ping pong, tennis, horse shoes, and volleyball. Our practice games in the various sports have been promising, and we feel confident that some new trophies will soon bedeck the mantel and trophy cabinet.

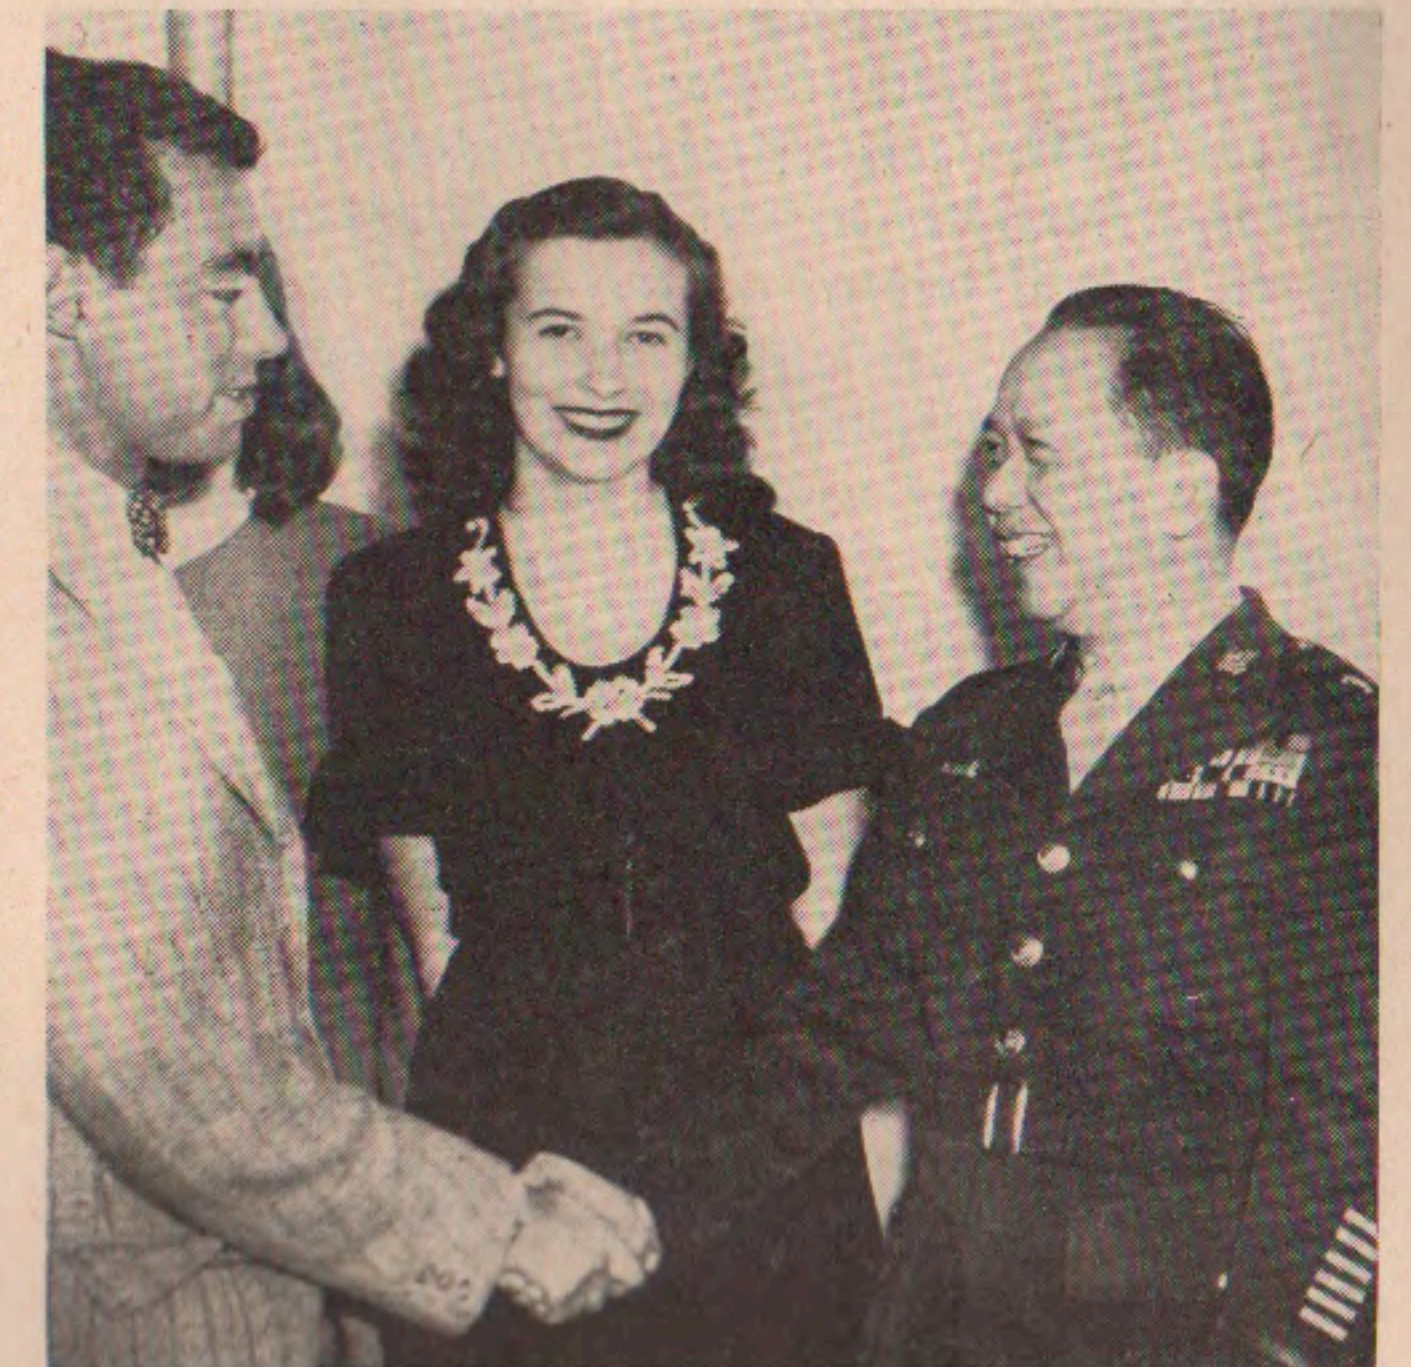

As for politics, we're out to get several positions on campus publications, various scholastic societies, the student forum, and the spirit committees, as well as other key positions on the campus.

Other than these outside activities, we have started redecoration of the house. The second and third floors have been repainted throughout, and workmen are now beginning on the first floor. When this work is completed we all believe our house will be the most outstanding one on the campus. — THOMAS I. SHERRER, "E".

### *Doubling Its Size*

**Arizona.** Well, here we are, faced with the end of another semester, and due to the fact that we missed the last issue of the QUARTERLY, we have quite a bit to tell. So here goes . . .

The beginning of this semester we initiated six neophytes from first semester pledging. They were Paul Monier, Tucson, Ariz.; George Montgomery, Yuma, Ariz.; Dave Branch, Yuma, Ariz.; Sam Stevens, Globe, Ariz.; Dave Stockdale, Columbus, Ohio; and Jim Murdock, Chandler, Ariz. Murdock and Branch left immediately after initiation for the

army, however, and we also lost Grant Copeland to the army a few weeks before that. Bill Myers, one of our pledges from last semester, transferred to the University of Iowa and was, therefore, forced to miss initiation.

We were glad to see the return of eleven veterans this semester. Pat Rork, Sam Stevens, Ray Goodspeed, Joe Chester, Sadler McCaslin, Bayard Atwood, Malcolm Jones, Harlan Murray, John Speers, Johnny Little, and Merle Harper all came back from the service and raised the number of men in the Chapter, including our pledge class, to about 36, or so.

Our officers for the semester have been Sadler McCaslin, "A"; Pat Rork, "B"; Johnny Little, "C"; Joe Chester, "D" and house manager; Bob Davis, "E" and Harlan Murray, "F". These old actives know a lot about how the Fraternity was run in days gone by, and, consequently, we are back on our feet to stay now.

We have a swell bunch of boys going through pledging, now, and they include: Johnnie Angulo, Clarence Bradford, from Tucson; Harrison Duff, Lee Dyer, Jerry Hirshberg, Lee Homrighausen, and Jack Troutz from Phoenix, Ariz.; Russ Hannon and Jack Kelly from Chicago; Jerry Badgett, Chicasa, Okla.; Colin Edmonson, Nogales, Ariz.; Kent Greer, Holbrook, Ariz.; Ray Fulton, Coolidge, Ariz.; Merle Harper, Buckeye, Ariz.; Embree Maxon, La Jolla, Calif.; Miles Poole, Casa Grande, Ariz.; Don Womack, Flagstaff, Ariz. With all these boys, we should have a very full house next year, especially with more veterans returning.

The fellows have all been working around the house, and it certainly shows it. We now have a concrete retaining wall and sidewalk around the front of the house (that may sound queer to you Eastern Chapters, but out here sidewalks aren't too numerous) and a newly renovated front lawn. If everything goes all right, we may soon get a new addition onto the house, which will about double its size. We're looking forward to that with great anticipation, and we shall be able to put it to very good use.

We've had some mighty fine social functions this semester, including our Arabian Nights dance for which the house was decorated accordingly, exchange dinners with Delta Gamma, Alpha Chi Omega, Chi Omega, and Gamma Phi Beta, and a couple of informal parties at the house. Our big affair will be the Spring Formal at the Santa Rita Hotel on May 4th. Professor and Mrs. George F. Herrick, and Mr. and Mrs. Donald L. Hitch will be the guests of honor.

That about covers it for this time. It sure is swell to hear about all you other chapters getting back into shape so rapidly since the beginning of the year. All in all, it's been a banner year for Delta Chi. We're really back "on the ball" again. Best of luck and a swell summer to everybody. — BOB DAVIS, "E".

#### Not Discarded

**Idaho.** Closed since June 1943, the Idaho Chapter is again operating at full strength. Beginning spadework was done by Robert McLaughlin, the only one of four returning members who lived on the campus last fall. Five men were pledged by Christmas vacation; the ratio of pledges to members soon increased to 18-1. Second semester saw the return of 12 more members who with additional pledges have raised the total living in the house to 38 and there are 50 members of Delta Chi enrolled in the University of Idaho.

A bed and mattress shortage was solved by the purchase of ten two-man double-decker beds from the University. New curtains adorn the living room and stairway, and good study tables and chairs were acquired from the old Lambda Chi house. This redecorating and refurnishing has been done at a very reasonable cost. We plan to buy new furniture and fixtures to fill out the living room.

Alumni will be interested to know that traditions of old are not being discarded. In keeping with such traditions, our annual Pirate's dance was held Friday, April 5. May 18th is the date set for the Spring Formal.

Since reactivation, the following alumni have visited the house: Tony Aschenbrenner, Lloyd Seatz, Guy McGee, Art Lamphere, Neal Johnson, Bob McGinnis, Dick Woodhead, Bill Lindquist, John Neff, Ed James, Bill Mervyn, Bud Lange, and Dick Zimmerman. We would like to see more alumni visit the chapter house when they are in this area.

The first man initiated since the house closed up was Ivan Woods, a pre-war pledge. More recent initiates are: Elmer Buoy, Russell Codd, Bill Cherry, and Leo Jordan, who, along with McLaughlin, were instrumental in putting the house on its feet. — ED GRIESER, "E".

#### 4th of 31

**Indiana.** The month of March got off to a rousing start at the Indiana Chapter with the annual Casino dance, held on the first. The affair was a huge success, rivaled only by the Delta Chi Pledge dance of the preceding semester. With the appointment

Actives of the Idaho Chapter, all veterans, marked the reopening of their chapter house in February with a reunion banquet. Sitting, left to right, are Robert McLaughlin '44, Walter Henry '45, Gerald Pedersen, '44, Hardy Lyons '45, and Edward Greer '45. Standing, left to right, Edgar Grieser '45, Robert Mortensen '44, Harvey Butts '44, Leigh Shadel '45, Pat King '45, Richard Larson '44, and George Unterhahr '45.

of Ralph Duckwall as social chairman, Delta Chi has launched into a more active social program on campus. Exchange dinners, Friday afternoon open houses, and serenades have helped bring fraternity life back to a pre-war level. Good goin', "Duck!"

The armed forces have claimed two more fellows from the house, John Strange and Bob Allen. Illness in the family has caused Ernie Barany to leave school—a great loss to the chapter, for Ernie was one of our "up and coming" men in campus affairs. Bob Correll, another BMOC, has also found it necessary to remain out of school this semester. We sincerely hope it won't be too long before we see all these fellows around the house again.

John Hurt has been appointed new "BB" replacing Harold Jordan, who served faithfully and diligently during the war years. New members at large are Jim Trimble, post-grad, Jack Salisbury, and Leon Kaminiski. We're expecting big things from this group.

The active chapter has been enlarged with the recent initiation of seven pledges — Bob Riley, Charlie Smith, Ronnie Miller, Bob Strange, Bill Beattie, John Van Benten, and Ray Swope. Congratulations, fellows!

Delta Chi stands fourth out of 31 entrants in university intramurals. This enviable record has been achieved in part through the conscientious efforts of our intramural manager, Joe Ondrejka. Not since 1941, when the Indiana Chapter won the intramural championship, has the house been so strong in the athletic field. At the same time, the house is pinning high hopes on "Aggie" Oleksok as possible center on Indiana's football team next fall. Keep pitchin', Ag! Representing Delta Chi in I.U. baseball is George Cherry, chapter "A" — a really smooth player on a smooth ball team.

Jim Trimble, '49, has recently been elected president of Alpha Phi Omega, national service fraternity — nice going! At the same time, Ralph Duckwall has been initiated into the Sphinx Club, organized honorary for senior men. Bill Gale is the new representative of the house in the Falcon Club, junior honorary, as are "Aggie" Oleksok and Harry Hoffman in the sophomore honorary, Skull and Crescent.

Recent addition to the house is a plaque honoring those from our chapter who died in World War II. It hangs above the fireplace, and on it are engraved the names of Robert Rosenbush '44, Thomas C. Ahern '45, and Robert B. Trenner '41.

With the second semester halfway over, the Indiana Chapter is already making plans for fall rushing, and striving toward a bigger and better chapter. — HARRY E. HOFFMAN, "E".

#### Active Actives

**Iowa.** The Iowa Chapter of Delta Chi was recently honored by having Dean C. M. Thompson, "AA", as a dinner guest. He was accompanied by his son, Dean C. Woody Thompson, Dean of Students at Iowa and national Director of Scholarship in the Fraternity; Professor O. K. Patton, Executive Secretary, and Don Isett, our "BB". Following the dinner, they gave the chapter itself, and the chapter housing committee, many splendid ideas concerning the plans we are making for our "revived" chapter next fall. Their ideas are a benefit to our rushing program which we are hoping will put us back on a pre-war status next fall as a strong chapter.

We have been happy to have several former actives back with us again this semester for the first time since 1943. Among these are Frank Jordan, Tom Thorson, Edward McGuire, Warren Moeller, Bob Van Horn, Joe Summers, and Iden Johnson. Most of them were in the armed forces and served overseas. We are expecting at least six more back by fall — Ben Berg, John Flodin, Otto Wiedersberg, Jack Close, Bob Smith and John (Buddy) Hogle.

April saw the initiation of John Rich, Bill Schumann, Bob Davison, Bob Hill, Chuck Tripp, and Walt Berg, all of whom promise to be very active actives in the future. We also had the privilege of initiating Prof. Robert D. Moore as a faculty member. We still sport five good pledges.

We are losing to the grads of '46, our past "A", John Anderson. A journalism major, John hails from the Oklahoma Chapter. The Iowa Chapter owes much of its present status to John for the fine organization and rushing program he carried on by himself while most of us were still in the service. We appreciate your work, John! We all want to wish you the best when you get out on your own and know that you will carry the spirit of Delta Chi with you wherever you go, just as you have done here.

Bob Davison hung his pride and joy on Roberta Harter, Zeta Tau Alpha, recently, while Karl Schmidt and Maxine Holler, Zeta Tau Alpha, celebrated one year's engagement on April 24th. Maybe we'll hear wedding bells soon.

We will have about 15 men at the Purdue Regional Conference on May 25th, so hope to see you all there, fellows. Until next time — lots of good luck. — IDEN JOHNSON, pinch-hitting for the "E".

#### Second Place

**Miami.** The Miami Chapter is fortunate in obtaining the services of Mrs. M. E. Witter, our new

house mother. Since we postponed the re-opening of our boarding club until the fall term, Mother Witter is engaged on a part time basis whereby she chaperons our various social events. We look forward to her full time participation in our activities when we resume our normal fraternity life next September.

The intramural basketball season ended recently with the Delta Chis in second place. Now intramural manager Lloyd Garber is busily engaged in supervising our hard hitting softball team which unfortunately dropped its first decision to the Sigma Alpha Epsilon team by a close score of 18-17.

Chapter alumni and members in service have visited us from time to time and Brother Harry Graham from the Purdue Chapter came for the Miami Junior Prom, first big postwar formal dance on our campus.

Miami is anticipating the largest attendance ever at its Summer School session and with approximately one-third of the chapter also in attendance, the house will remain open.

The chapter has ambitious plans for expansion and has received several offers to purchase our present house; however, we are moving ahead cautiously because of the difficulty in obtaining building materials.

We extend our best wishes to brothers Robert J. Laier, Richard K. Ewing, and Harold H. Balser who will leave our chapter and Miami upon graduation at the end of the month.

Immediate plans call for a meeting of the active members and alumni living in the vicinity in order to map long ranged operations which will enable us to favorably meet our competition. — RICHARD K. EWING.

### Deflating Egos

**Michigan State.** Spring finds us here at Michigan State Chapter turning out for softball practice, as

Two disconcerted Alabama pledges — on the left, Fred Waller and Frank Eddens, and, on the right, Bill Tutwiler, "A", and Ed. Langston, past "A".

well as track, golf, tennis, etc. We are entered in all the interfraternity sports this spring and hope to make ourselves known on the field.

The chapter is gradually increasing in numbers. We have been following an extended rushing program, inviting prospective pledges to dinner. We have been bolstered by the return to school this term of several veterans. Johnny Albert, Charles Colville, Joe Eveland, Julius Martinek, and Tom Monroe all help to give the fraternity that old pre-war look.

Don Goulais received his B.A. degree, but is staying on this term in Graduate school.

Frank May is now wearing a new active pin, and another initiation to take care of the fellows who just completed Fraternity Week is scheduled in the near future.

Joe Eveland is now in charge of rushing, and is also housemanager. Sam Hampton heads the house committee.

Bob Price, Delta Chi now at Michigan, became engaged to Helen Freemire while visiting here last week.

An artist stopped at the house the other night and did caricatures of all the boys, deflating all egos in the process. Anyway it's good for laughs to go around to the rooms and see the way we look to others.

Our most recent fraternity party was a picnic out at East Lansing park, with a hot dog roast and ball game part of the program.

We hope that this will be the last copy from our house here on Evergreen. By fall we plan to be firmly entrenched in our old house on Woodmere. Our present house has fulfilled our wartime need, and we've enjoyed it here, but it will feel good to be back in our own home. — JIM HARRING, "E".

### Comes Love

**Ohio State.** Spring is here again, and as nature is reincarnated, so is fraternity life at Ohio State. All but one or two of the fraternities have been reactivated, and we of Delta Chi are no longer among the few. With Spring comes love; so, fittingly, Bob Rodell, Jim Roney, and Dutch Yost have announced their engagements, while several others are contemplating.

Old actives who have been in the service continue to trickle back; Dave Wiggins and Mac McClintock are the latest arrivals. But in the same breath, we have lost Ron Hefner, Jim Houghton, and Dick Widmyer to the service just recently. However, we are glad that they can be expected back sooner than those that went during the war. It has been interesting to note that with all the talk

of readjusting veterans, and friction between them and the younger collegians, there has not been the slightest indication of any problem around here. Everyone is co-operating wonderfully to make our chapter of Delta Chi the brotherhood it should be.

Spring Rush Week was a big success for us with the addition of six fine pledges; Floyd Hugus, Dick Betts, Donald Forry, Stan Taylor, Gene Yost, and Stan Rea. Brother Jim Egger recently won the award and scholarship for being the outstanding junior in floriculture on campus. John Bowers, '43, has returned to school to work on his Ph.D., and is teaching in the Political Science Department.

We're having a problem in the chapter since the announcement of the Regional Conference at Purdue in May, because we had already scheduled our Spring Formal and Sweetheart Weekend for that time. Some satisfactory solution will be found though, for we are looking forward eagerly to getting our heads together with the other chapters in the Midwest.

We are happy in the fact that with more returned service men and the continued effort in rushing, the chapter now numbers 54 men, all of them brothers of whom Delta Chi can be justly proud. — BRYCE W. KENDALL, "E".

### All Veterans

**Oregon State.** The Oregon State Chapter of Delta Chi Fraternity is finally back in its chapter house. At the start of spring term on April 1, 1946, men's voices could again be heard in every room. Due to the shortage of housing facilities, we worried a little about taking the house away from the girls who had previously lived here, but other accommodations were found for them by the college housing board.

There are 37 pledges and members living in the house, and we have three married members back at school and living on the campus. This fills our house to capacity, though we could crowd in a few more if necessary.

As for activities of the house, we have a fireside dance and a formal scheduled for later in the term. We also are actively participating in intramural sports with other fraternity houses on the campus. John Wintler has been elected pledge counselor, and already has the program of pledge instruction well under way.

A peculiar situation this term is that all of the members and pledges are veterans of the various branches of the service. Of course we realize that this is not a normal condition, and expect to have the non-veteran high school graduate also in our house by next fall. — CHARLES L. BECKLEY, "E".

### No Freshmen

**Penn State.** The Delta Chi chapter house ceased to be a girls' dormitory this semester, and again became a fraternity house. We are all very well pleased at the condition of the house since the college made all necessary repairs before giving it back to us.

This semester finds 31 Delta Chis at State. Of these 25 are actives and six are pledges. At our April first house-meeting we elected new officers. They are: John R. Whitaker, Jr., "A"; Robert F. Lunt, "B"; Robert W. Thompson, "C"; Alden Emery, "D"; Jack N. Williams, "E"; Frederick Ellsworth, "F"; and Thomas Salisbury, pledgemaster.

At an initiation on March 24 three pledges became actives; they are: John R. Ogden, Thomas Salisbury, and Edward J. Hahn.

Our rushing this semester has been very limited, because of the fact that no freshmen were admitted to the college. Our rushing activities thus far has resulted in pledging four men; they include Donald A. Carlson, Charles S. Ryder, James T. White, and Malcolm White. We are looking forward to the Fall Semester with hopes of filling our house to capacity, not only with more pledges, but several actives who are expected back.

Bill Clark, our social chairman, announced that our annual Ranch dance will be held the first week end in June. April 12 is the X-GI dance at the college and on the 13th we are having a dance at the house.

Our sports chairman, Paul Tompkins, is forming softball, golf, and soccer teams to compete in the college intramural programs. A bridge tournament has been started in the house which promises to be most interesting. — JACK WILLIAMS, "E".

### Week-end Party

**Purdue.** The new semester opening March 4, 1946 found the Purdue Chapter full to overflowing with

returning veterans, both actives and former pledges. The semester began with initiation of 14 candidates, increasing our active chapter to 30 members.

Officers elected at the first meeting following initiation were: Arthur H. Samuel, "A"; Clarence H. Perisho, "B"; Robert Mallory, "C"; Robert Obergoenner, "D"; Floyd Redding, "E"; Don Bowman, "F"; and John Hillebrandt, Rush Chairman.

A trade dance with the Chi Omega Sorority was held Tuesday evening, April 2, 1946. A wonderful time was had by all. A week-end party is being planned for April 27 and 28 at Roth Park at Monticello, Indiana. This is the week-end of the Junior Prom here at Purdue and the party at the lake should round out the week in fine style.

We are all looking forward to the Regional Conference to be held here at Purdue this spring. The date has now been set for May 25 and 26 — FLOYD REDDING, "E".

#### *Piece de Resistance*

**Purdue.** Frank Mayer, captain of the chapter softball team, has a good reason to believe the team will fare better in the future. After starting on the short end of the first game the team has vastly improved and the outlook is much brighter for the remainder of the season. Phil Howland, though holding his own with the women, can't seem to hold on to a softball. With Norman Graham's terrific spike shot, the chapter came from black obscurity to place second in the interfraternity softball matches.

Ivor Groves, husband and father, has seen little of the chapter house since his return. For one thing, Ivor works as chief engineer at radio station WDBO in Orlando. Jerry Knight, minus most of the little hair he had before he joined the Army Air Forces, can still be found when needed in a little cubicle off the chemistry laboratory. Frank Sussler, capable "A", frequenter of the college center for steaks, and *piece de resistance* of the ladies looks proudly to the future and an unexcelled Delta Chi Chapter. Peter Winant, just returned from a "Tin Can" and the Navy finds it hard to accustom himself to the English of the civilians. Joe Friedman, bane of existence of his fraternity brothers, is rapidly improving and might, at the end of the year, be going out with an Alpha Phi. Howie Walters, capable "C", plays father to more women on campus than you can shake a stick at. Most of them wished that he had never met that little Clermont, Florida, girl.

The chapter plans to give a dance on April 13, that many feel will be the most novel given by any group this year. Phil Howland, in one of his brain-

storms, suggested the idea of giving a "Shipwrecked" dance.

Norman Graham, Joseph Friedman, Phil Howland, and Frank Mayer were initiated into the Rollins chapter, Delta Chi Fraternity on Friday evening, March 29.

Warren Titus, former "A", has recently been discharged from the Army and is contemplating taking graduate work at Columbia University. Richard Potter attended the Atomic Bomb Conference at Rollins as observer from the University of Chicago. — JOSEPH FRIEDMAN, "E".

#### *Zip and Zeal*

**S.M.U.** With eight initiates just returned from the service and 18 new boys recently pledged into the fraternity, S.M.U. has regained its pre-war status with 70 now active in the chapter.

The Fraternity has swung into the spring activities with plenty of zip and zeal. Starting the spring festivities on April 14 the pledges sponsored the initial lawn party of the year in celebration of our new fixtures, which includes a new brick barbecue pit and outdoor lighting system that the pledges built themselves as their pledge project plan. But the top spotlight of April's social calendar will be a dinner dance composed of Delta Chi's and their dates to be held April 27 at the Melrose Hotel. Presentations of Award of Merit, Scholarship, and Best Pledge will be presented during the evening's entertainment.

New officers elected for the new spring term were Tommy Chisholm, "A"; Billy Kent, "B"; Herbert Pohl, "C"; Bill Freeman, "D"; Clyde Gardner, "E"; and Warren Harding, "F".

mother, has completed 16 years serving the chapter at that position. In showing its appreciation for her faithful service the fraternity is having a 20 by 24-inch portrait painting of her made. A beautiful hand-carved antique gilt frame for the portrait was contributed by Mrs. Thomas Dow of League City, Texas.

Plans are being formulated for the redecorating and painting of the fraternity house this summer. A glassed-in rear porch will be constructed for recreational purposes where ping pong and pool tables can be had for the convenience and pleasure of all the members. — DON GRIFFIN, Acting "E".

#### *Bigger and Better*

**Texas.** After two years of inactivity on the campus, Delta Chi is again coming to life here with the return of veterans. The lease on our house expired in 1942, but we are now planning a bigger and better house. Construction on the new house should start next September.

There are, at present, 15 of us, 13 initiates and two pledges. On April 9th at the last meeting, we had another election and officers were elected as follows: John Roy Creighton, "A"; George Dacy, "B"; Oliver Jelks, "C"; Allen Lippman, "D"; Loren M. McRoberts, "E"; and Jim Brown, "F". Our Rush Chairman is Allen Lippman and our Social Chairman, Loren M. McRoberts.

All the men in this chapter are ex-service men. E. F. Bennett, "BB", is giving considerable assistance, not to mention the work of Mr. Justice Gordon Simpson '19, Mr. Justice John E. Hickman '10, both of the Texas Supreme Court, and Ray E. Lee '25, who constitute our Control Board. — LOREN M. MCROBERTS, "E".

#### *Unqualified Success*

**Washington.** The careful groundwork of our co-operative alumni and active members who were on the campus last semester suddenly bore fruit with the opening of our house at the beginning of the spring semester. Fourteen actives of the chapter are back in school at this time. Three days of industrious house cleaning restored the house to the desired state of cleanliness and we were ready to start with a spirited rushing campaign. Rush week was very successful but we did not stop there. A vigorous rushing program is still being carried on and is slowly but surely bringing our chapter to its desired strength. At present our list of pledges includes 17 names, most of whom will be initiated by the time this is in print.

Our first two social events of this beginning semester have met with unqualified success. A candlelight dinner was held at the house preceding one of the big school dances and proved to be one of the most enjoyable affairs in the annals of our chapter. Our first fireside had an unexpectedly large attendance and not a single dissenting vote has been heard on the desirability of holding many more such affairs.

In order to show our alumni the deep appreciation for the help they gave us in getting back into operation, the evening of April 26 has been set aside for a smoker at the house in their honor. Guest of honor will be Angus Malloy who has been one of the most active of the alumni in getting our chapter back on its feet. He will be presented with a token of our appreciation at that time.

By next fall Washington Chapter should be back to its peak strength. Several of our members who are still in the armed forces will be back in school by then and the influx of veterans to the campus should make it possible to get the kind of men we want to fill whatever vacancies remain. — DOUG CARDLE, "E".

## A New Generation Faces the Future with Confidence

These resolute young people will succeed, especially if they PLAN wisely and carry through with convictions.

PLANNING is the Key!

We urge all Balfour friends and customers to PLAN their gift needs and requirements for their social season *as far in advance as possible.*

Materials are still scarce. Transportation has slowed even more. More time is required for making.

We are sure we can depend upon your cooperation to make Balfour Quality and Service possible.
