Founders' Day Message From the "AA"

Dear Brothers in the Bond of Delta Chi:

The academic year of 1890-1891 first saw Delta Chi on the go and on the grow. In the heart and mind of every Delta Chi October 13, 1890 is a day ever to be remembered because the Fraternity came into being as a "National" Fraternity for law and pre-law students on that day. The records show that the Founders created and organized a "National" Fraternity on that day and granted the first chapter charter to Cornell. The declaration of principles, the organization's plans, and the titles prescribed by the Founders for the "National" and "Chapter" officers set the stage for future development.

The first additional men were initiated in the Fall of 1890, but in the winter an initiate from New York University was added and the second chapter charter was issued by the national officers to the New York University Chapter in New York City in the spring of 1891, during this first academic year of the Fraternity's life.

Delta Chi later became an "International" organization with the chartering of the Osgoode Hall Chapter in Toronto in 1897 and was then classified as a "General" Fraternity after the founding of the National Interfraternity Conference.

The Diamond Jubilee celebration at the Cornell Chapter on October 13, 1965 highlighted the 75th Anniversary as did the 1940 Convention on the Cornell campus which focused attention on the 50th—Golden Jubilee Year—a quarter century earlier.

The Fraternity's 36th International Convention in St. Louis on August 25-27, 1966 was marked by the enthusiastic spirit of the undergraduate delegates which parallels the forward looking spirit of the Founders by again placing emphasis on growth.

This past year, our 76th, has been marked by a strong desire on the part of the Fraternity to grow. As your "AA", I call upon all members, undergraduates and alumni, to help in this extension of the influence of Delta Chi now and in these remaining years of our first century—1966 to 1990. As the Founders intended on October 13, 1890, Delta Chi will continue to be on the go and on the grow.

Fraternally,

David A. Gillespie, "AA"

DELTA
CHI
PRESENTS

IN accordance with the provisions of the *Constitution and By-Laws*, Delta Chi Fraternity met in Convention at St. Louis, Missouri, August 25, 26, and 27, 1966, and elected the General Officers which will serve the Fraternity for the ensuing two years. Nine Regents had been previously elected to office by the chapters located in the prescribed Regions of the area within the jurisdiction of the Fraternity.

Delta Chi is proud to present the officers of the Fraternity for the 1966-1968 biennium.

The "AA"

DAVID A. GILLESPIE, Illinois '27, moved to the Executive Committee from his position as "BB" of the Illinois Chapter at the Colorado Springs Convention in 1962 when he was elected "CC" of Delta Chi. He was elected to the office of "DD" at the New Orleans Convention in 1964, and "AA" at St. Louis in 1966.

Brother Gillespie, an accountant by profession, was graduated by the University of Illinois in 1927 with a Bachelor of Science degree. He is a member of Phi Eta Sigma, Beta Alpha Psi, Delta Sigma Psi, and became pres-

BOARD of REGENTS

ident of the Accountancy Club he reorganized in 1962.

He worked for the Radio Corporation of America until the fall of 1928 and then was employed with the CPA firm of Haskins and Sells of Chicago. In 1933 he became an internal auditor for Central Public Service Company, a holding utility company, and later chief accountant for its Indiana subsidiary companies, namely, Central Indiana Gas Company in Muncie, Indiana, and other affiliated companies. In early 1942, he was called into the army and served one year as an auditor and four years as Post Exchange officer at Fort Benjamin Harrison, the army's largest Post Exchange. Upon his return to civilian life, in 1947, with the rank of major, he joined the University of Illinois staff as an internal auditor, where he is still employed as division chief accountant for the Agricultural College.

Having spent many years serving as a coach for Little Leaguers and as a scout master for the Explorer Scouts, Dave's interests outside his profession have been largely centered on youth organizations.

He is a member of the Elks, Masons, Scottish Rite, Order of Eastern Star, the Shrine, the First Methodist Church

in Champaign, and the Urbana Golf and Country Club. As hobbies, he enjoys golf and gardening.

Brother Gillespie and his wife, Elizabeth, have three children: William J., 24, structural engineer with the Department of the Navy; Sara Elizabeth Rowden, 22, who is teaching in Junior High School while her husband, Lt. William A. Rowden, is taking pilot training at Laughlin AFB, Del Rio, Texas, and Martha Ann, 18, a freshman at the University of Wyoming.

David A. Gillespie

Charles Wright, Jr.

The "CC"

CHARLES WRIGHT, JR., Kansas '41, was active in fraternity work in his undergraduate days as a member of the Kansas Chapter. He first became a member of the Board of Regents when he was selected as Regent for Region No. 5 for the 1962-1964 term. He served two terms in this capacity and moved to the office of "CC" at the 1966 Convention at St. Louis.

Born in Topeka, August 17, 1919, Charles Wright, Jr., was educated in Topeka schools. He was graduated from Topeka High School in 1937, and from the University of Kansas, with a degree in Industrial Design, in 1941. His two main interests in college, in the extra curricular category, politics and Delta Chi Fraternity, have remained with him.

From August, 1941, until he entered military service in January, 1942, Charles was advertising Manager of

the *Horton Headlight*. He served in World War II with the Naval Reserve attached to the Marine Corps in the South Pacific as a Pharmacist's Mate. He was transferred from USNR to USMCR in 1943. Upon graduation from Marine OCS, Quantico, Virginia, in 1944 he was reassigned to the South Pacific for a second tour of overseas duty in World War II. He is now a Major in the Retired Reserve, United States Marine Corps.

Following World War II, he was with the Kansas Industrial Development Commission for seven months in 1946, leaving there to join Standard Oil Co. (Indiana) as district advertising representative in the Kansas City district office. In 1951 he was promoted to Standard's General Office in Chicago as Assistant Advertising Manager. He resigned in December, 1954, and returned to Topeka to form the Patterson-Wright Advertising Agency. In December, 1960, he sold his interest in this firm and entered Topeka's political scene. He was elected twice, in 1961 and again in 1963, by overwhelming majorities for two year terms as Commissioner of Streets. In April, 1965, he was elected Mayor of Topeka, a position which he holds at this time.

In spite of business and political interests, Brother Wright has found time to devote to many other activities. One of these is Scouting. He is an Eagle Scout and has served twenty years as a volunteer Boy Scout leader. He is now Scoutmaster of Topeka Troup 8, and holds the Scouter's Award, the Scouter's Key, and Silver Beaver Award. Both of his sons are Eagle Scouts. In 1965 he was adviser to the Boy Scouts of America Contin-

gent to the International Scout Jamboree, Derbyshire, England.

He is also active in the Central Congregational Church where he has served as a Deacon and Sunday School Superintendent. He served as treasurer of the Topeka Council of Churches from 1961 to 1963.

Civic, service, fraternal and social groups also are attractive to Brother Wright. He is a member of the Downtown Topeka Kiwanis Club, Masonic Lodge #51 A.F. & A.M., Scottish Rite Bodies, Arab Shrine, Medio Grotto, Eagles, Moose, Capitol Post #1 of the American Legion, Phillips Billard Post #1650 of the Veterans of Foreign Wars. He was a charter member of the Professional Advertising Club of Topeka, and the Topeka Sales Executives Club. He is a member of the YMCA and Shawnee Country Club. He has served as president of United Cerebral Palsy for Northeast Kansas, and was publicity chairman of Topeka's United Fund drive in 1959, is a member of the East Topeka Day Care Association, East Topeka Civic Association, Topeka Public Library board, is a trustee of the American Humanics Foundation of Kansas City, Missouri, a Regent of the Washburn University of Topeka and a life member of the University of Kansas Alumni Association.

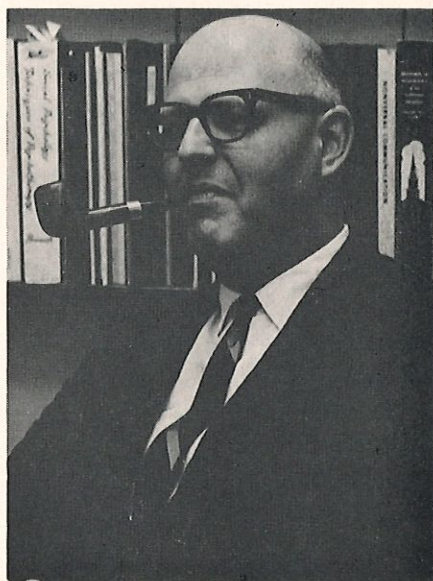

Brother Wright is married to the former Alice Clare Brownfield. They have three children, Charles III, Douglas, and Cathy. Their home is at 1820 Mission in Topeka. Mrs. Wright has taught school in the Topeka system for many years and is currently teaching Remedial Reading at Eisenhower and Highland Park Junior High Schools.

The "DD"

RALPH ERNST PRUSOK, Union '52, elected "DD" of Delta Chi at the St. Louis Convention, is well known to many members of the fraternity. While at Union, he served as Chapter "B", "F", rush chairman, scholarship chairman and was selected as chapter luminary. He served Delta Chi as field secretary and acting administrative secretary from 1953 until 1956. He is a Navy veteran.

Born on October 3, 1927, in Newark, New Jersey, Ralph received his B.A. degree from Union College in 1952. From the University of Iowa he received his M.A. degree in 1960, and Ph.D. degree in 1964. While completing his graduate work at Iowa, he held the positions of Assistant Counselor to Men and Off-Campus Housing Adviser from 1956-1960, and of Assistant Counselor to Men and Fraternity Adviser from 1960 to 1963.

In 1963 he went to Kansas State

Ralph E. Prusok

University as Assistant Dean of Students and Foreign Student Adviser, and advanced to Associate Dean of Students and Faculty Adviser to Fraternities, which position he held from 1964-1965. In 1965 he became Associate Dean of Students (Resident Dean of Students, Carbondale), at Southern Illinois University, and this year became Dean of Students at Southern Illinois.

Several of Ralph's articles have been published. They include "The Off-Campus Student," *Journal of College Student Personnel*, Vol. II, #2, December 1960, p. 2; "Student, Student Personnel Worker, and Parent Attitudes toward Student Discipline," *Personnel and Guidance Journal*, Vol. XL, #3, November 1961, p. 247; "An Investigation of Attitudes toward Student Discipline," *Journal of College Student Personnel*, Vol. V, #1, p. 12; "College Student Residence and Academic Achievement," *Journal of College Student Personnel*, Vol. V, #3, March 1964, p. 180; "Fraternities: The Future," *The Logos* (Alpha Kappa Lambda Fraternity), Vol. 34, #3, June 1965, p. 3; "The Fraternity and Higher Education: Achieving a Synthesis," *The Cross and Crescent* (Lambda Chi Alpha Fraternity), Vol. LII, #4, November 1965, p. 24; "Educator Calls Fraternity Vehicle for Self-Development," *The Signet* (Phi Kappa Sigma Fraternity), Vol. LXXVI, #1, February 1966, p. 3.

A popular speaker, Brother Prusok has given the keynote addresses at the Lambda Chi Alpha Fraternity Management Training Seminar at Ball State University on August 23, 1965; at the Greek Week Convocation, University of South Dakota on March 24,

1966; at the Interfraternity Council Installations and Honors Banquet, Oklahoma State University on April 6, 1966; at the Greek Week annual Faculty Banquet the University of Missouri, May 5, 1966; the Honors Day Speech at Southern Illinois University Scholastic Honors Day, May 17, 1966; at the Delta Chi Leadership College held in connection with the St. Louis Convention, August 26, 1966; and at the Alpha Kappa Lambda Fraternity Convention in Chicago on September 2, 1966.

Ralph and his wife Marjorie, and their two children, a boy and a girl, live at 1105 West Willow Drive, Carbondale, Illinois.

Retiring "AA"

CLAUDE B. LAYFIELD, JR., immediate past "AA", now assumes the position of Retiring "AA" and serves as an *ex officio* member of the Board of Regents. Prior to serving the Fraternity in the highest office for the past two years, Claude was elected to the office of "DD" twice, for the years 1958-1960, and 1962-1964. In the period from 1960-1962, he served in the office of "CC".

Claude is a native of Georgia, but had his undergraduate work at Auburn where he earned Bachelor of Science degrees in engineering and in industrial management. He then returned to his native state and earned a Master of Science degree in industrial engineering from Georgia Tech. He holds the rank of associate professor of industrial engineering at Auburn University.

In addition to his full time work as a faculty member at Auburn and

Claude B. Layfield, Jr.

his interest in fraternity work, Claude has found time to do much work with young boys, serving at various times, as chairman of the City Park and Recreation Board of Auburn, president of Auburn Little League Baseball, Inc., president of Auburn Babe Ruth Baseball, Inc., district director of Babe Ruth Baseball, Inc., president of Connie Mack Baseball, president of Auburn Civitan Club and Lt. Governor of Alabama Civitan Clubs. He is a member of the Masonic order and as a hobby he is greatly interested in numismatics and has served as state vice-president of the Alabama Numismatic Association.

Claude and his wife are the parents of three sons.

Regent No. 1

FRANK GRANAT, JR., Washington '51, is an Investment Banker with the National Securities Corporation and a newcomer to the Board of

Regents. Region No. 1 includes the states of Washington, Oregon, Idaho, Montana, Wyoming, Alaska, and the provinces of British Columbia and Alberta, Canada.

Brother Granat is a member of the National Security Traders Association and is a former national delegate, and a member of the Investment Bankers Association. He is a past-president of the Seattle Security Traders Association.

Ralph and his wife, June, their two daughters, Gayla Diana, 8, and Gina Marie, 6, live at 17000—10th Avenue N. E., in Seattle 98177. His business address is Suite 1418—Vance Building, Seattle 98101.

Regent No. 2

KENNETH A. PLOUGH, Stanford '55, is serving his second term as Regent No. 2. Region No. 2 includes the states of California, Nevada, and Hawaii. Ken received a Bachelor of Science degree in Economics from Stanford in 1955.

Brother Plough's business address is 1168 Bryant Street, San Francisco, where he is Salesmanager for Plough Electric Supply Company. He is a member of the National Association of Electrical Distributors.

Ken also belongs to the Ben Franklin Elect Club, the Olympic Club and the Stanford Club of Palo Alto. As hobbies, he lists gardening, golf and swimming. For the past year he has served as a director in the Dolphins Parents Club, a member of the Pacific Division of the Amateur Athletic Union. This is an age group swimming team.

Ken and his wife, Patricia, have two sons, Kenneth A., II, 13, and Peter Eric, 8. Their home is in Los Altos.

DOUGLAS S. HOLSCLAW, SR., Arizona '25, is serving his second term as Regent No. 3. Region No. 3 includes the states of Arizona, New Mexico, Utah, Colorado, and that part of the state of Texas west of a north-south line drawn across Texas using the eastern boundary of Lubbock county as a base. Doug first served in this office during the two year period of 1962-1964. He had also served as the then Regional Representative from 1958-1962 for the old Region No. 2, before a redivision created Region No. 3 in its present form. Doug is no newcomer to the management of fraternity affairs or to the regional form of government.

With many firsts to his credit, Doug has been interested in fraternity work for many years. He was one of the founders, and first president, in 1923 of Delta Nu, the Arizona Chapter local. He was the first "BB" and organizer of the Delta Chi's Mothers' and Wives' Club. Since the inception of the Arizona Chapter Alumni Board (now Board of Trustees) he has been a member of this body and served as its first president.

Doug received his B.S. degree in Chemistry from the University of Arizona in 1925, then spent the next three years in Harvard Medical School. His son, Doug, Jr., Arizona '56, is a doctor, having received his M.D. degree from Columbia Medical School in 1960. Perhaps this early interest of Doug, Sr., has influenced and directed his work in the Arizona State Legislature on legislation in such areas as eye-tissue banks, renaming of Insane Hospitals to designate them as State Hospitals, restoration of civil

rights upon discharge from State Hospitals, regulation of Child Day Care Centers and Rest Homes, Anti air-pollution code, and many other similar areas.

Probably no one but a member of the Arizona Chapter could tell all the areas in which Doug has been of assistance to the chapter, including many years of work on the complicated legal, financial and construction of the Arizona Chapter House.

Again, showing his work as a humanitarian, Doug has served in such civic capacities as a member of the board of directors of the Pima County Mental Health Association; the Papago Indian Affairs Association; the Tucson Council Civic Unity; the Tucson Conference of Christians and Jews; the Property Owners Protective Association; trustee and chairman of building committee for First Congregational Church, and the Mayors Commission on Human Relations.

Doug lists his "business" as Mortgages, Land Investments and Stocks; his "hobbies" as "Fraternity and politics." Just where the line between hobbies remaining as hobbies and hobbies becoming a business is difficult to determine.

Regent No. 4

JROSS SHEROHMAN, Houston '66, is a newcomer to the Board of Regents, and the youngest of the officers. As Regent No. 4, Ross will be concerned with fraternity affairs in the states of Oklahoma, Texas (except as in Region No. 3), Arkansas, and Louisiana, which make up Region No. 4.

Ross is a graduate of the University of Houston and holds a B.S. degree

in Journalism. He lists his hobbies as photography and woodcrafting and you may remember having seen some of his photographic work in previous issues of the *Quarterly*.

His business is Public Relations in the Junior Achievement firm, 4009 Dunlavy in Houston. He and his bride, Judy, live at 4301 Bissonnet #8, Bellaire, Texas 77401. Ross and Judy were married on Christmas Day, 1965.

Regent No. 5

HANS L. PETERSON, Kansas '54, is also a newcomer to the Board of Regents. As Regent No. 5, his territory will encompass the states of North Dakota, South Dakota, Nebraska, Kansas, Missouri, Iowa, and Minnesota.

"Pete" is a lawyer, an Oil and Gas Producer and a member of Peterson Enterprises, Inc., an investment firm in Lawrence, Kansas. He received both his B.S. degree in Business Administration in 1954, and his LL.B. degree in 1959 from the University of Kansas. He is a member of the American Bar Association, Phi Alpha Delta (law fraternity), Kansas Bar Association, and the American Petroleum Institute.

Brother Peterson is a member of the Board of Directors of Peterson's Enterprises, Inc., is General Counsel for Perry Warehouse, Inc., and for Vinland Areodome, Inc. He is a member of Optimist International, the Junior Chamber of Commerce, Eldridge House Club, Eagles #2700, Benevolent and Protective Order of Elks #595, and lists golf and private flying as his hobbies.

Regent No. 6

PAUL D. WALKER, Illinois '58, is starting his second term as Regent

No. 6. The states of Wisconsin, Illinois, and Indiana are included in Region No. 6.

Paul moved from the office of "BB" of the Illinois Chapter to the office of Regent No. 6 for the first time in 1964. He had served the Illinois Chapter as "BB" from January, 1963, until his election as Regent No. 6. He was a delegate of the Illinois Chapter at the 1964 Convention in New Orleans.

Brother Walker has been on the staff of the University of Illinois for a number of years. He is presently with the Statistical Service Unit at this university. He is a Major in the Illinois National Guard.

Regent No. 7

GARY B. WALTERS, Western Michigan '58, is starting his second term of two years as Regent No. 7. The states of Michigan, Ohio, and Kentucky comprise Region No. 7.

A life long resident of Michigan, Gary has resided in Kalamazoo for the past 12 years. He attended Western Michigan University from 1954 through 1958 when he was graduated with a Business Administration degree.

During his undergraduate days, he served the Western Michigan Chapter in several capacities. He was a member of the first Delta Chi pledge class of this chapter and then served as house manager for one year, rush chairman for one year, during which 42 new members were initiated, and as Homecoming chairman for one year.

Gary's interests extended beyond his fraternity into general campus activities. He was on the Men's Union Board, served as Student Government president, was also interested in the

ROTC program and as a result served as a 2nd Lt. at Ft. Lee, Virginia, for six months in 1959. He just completed his eight year obligation this last June and is now a 1st Lt., retired!

After returning from his service tour in 1959, Gary affiliated with Great-West Life. In his first year he was Company New Man Leader. In 1961 he was appointed District Supervisor and in January, 1964, District Manager. He was awarded his C.L.U. degree in September, 1963.

Gary acquired his pilots license in 1964, now owns a Stinson, four-passenger plane, and, in his own words, "Loves to fly!" He is a member of the Kalamazoo Jaycees and the local YMCA. He and his family are members of the Zion Lutheran Church. He serves on the Alumni Board of Trustees for the Western Michigan Chapter and helped to form the Western Michigan Alumni Chapter in 1965 and was chosen to serve as president.

Regent No. 8

E. DUANE MEYER, Hobart '58, is serving in his third term as Regent No. 8. Region No. 8 includes the states of New Hampshire, Vermont, Maine, Massachusetts, Connecticut, New York, Pennsylvania, Virginia, Delaware, Maryland, West Virginia, New Jersey, Rhode Island, The District of Columbia, and the provinces of Ontario and Quebec, Canada.

During the time Brother Meyer has been serving as Regent No. 8, he has been working, on a part-time basis along with teaching, research and supervisory work, on his M.A. and Ph.D. degrees. During this academic year of 1966-67 he will finish work on his doctorate, in addition to being a staff

member at Syracuse University. He will be supervising student teachers from the University, as well as the conference centers that Syracuse University owns in the Adirondacks.

In the academic year of 1964-65 Duane was on the staff of Syracuse University as research assistant to the Chairman of Administration and Supervisor of the Department of the School of Education. The following year he was Administrative Assistant to the Superintendent of North Syracuse Central Schools, the largest centralized district in New York.

On June 19, 1965, he married Mary Adams Griffith. During this year Mary will teach, again, at North Syracuse Central High School. They have just moved into a new home in North Syracuse.

Regent No. 9

WILLIAM P. DORNÉ, SR., Auburn '49, first became Regent No. 9 when the Regions were reorganized and Region No. 9, consisting of the states of Alabama, Florida, Mississippi, Tennessee, South Carolina, North Carolina, and Georgia was established. He is now starting his third term in this office. Currently, Brother Dorné is Professor of Special Education, Florida Atlantic University, Boca Raton, Florida.

Brother Dorné earned his B.S. degree at Rutgers University in 1949, received his M.A. degree in Speech Education from Columbia University in 1950, and his Ph.D. degree in Speech Correction and Special Education at the University of Florida in 1959. He was an instructor in Speech at Alabama Polytechnic Institute from

Charles Wise, '67, is becoming one of the most prominent men on campus. He has distinguished himself as a chapter officer as well as an active participant in campus activities.

After graduating from Wasatch Academy, Mt. Pleasant, Utah, Charlie attended San Francisco State College during his freshman year, majoring in engineering. In transferring from San Francisco State to ASU he brought with him top grades and a driving personality.

Now a Junior with a perfect 4.0 (A) grade index, Charlie is majoring in political science, and is a member of the political science honorary. Charlie's roommate, Ross Eckel, the past chapter luminary, stated that interest in politics on all levels has definitely increased in importance to Charlie, an aspiring lawyer. "He is a conscientious person", Ross continues, "once he takes on a job he feels full responsibility for it—and sees it through to the end."

His feeling for others shows in his actions. At present Charlie and Ross are working together to promote a much needed Youth Center in their small home town of Pinetop in northern Arizona.

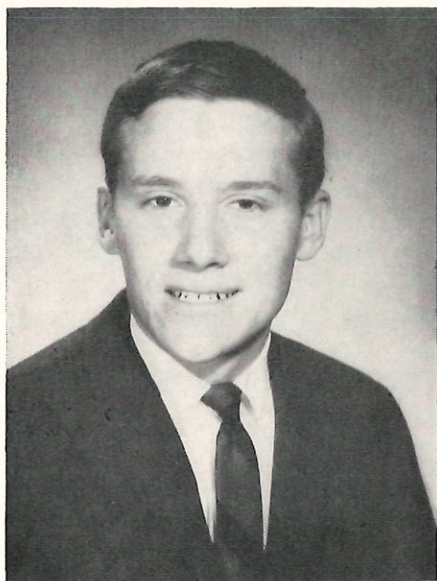

Charlie is working for his education. Even with a 4.0 grade index he has received no scholarship. He works summers in his family's clothing store

in Pinetop to help defray his college expenses. An added job at a cafeteria on campus makes school expenses quite a bit lower.

A hidden wizardry in finance has been shown since Charlie stepped into the office of "D" in January of '66. Charlie has held several other positions in the chapter. He has been the rush chairman and a member of the scholastic committee. The chapter nominated him as our representative for Blue Key national honorary and elected him as a representative to the Saint Louis Convention.

During the past school year Charlie was a senator from the college of Liberal Arts and a member of the senate finance committee. Last April he was elected to the office of administrative vice-president of the student body for the 1966-67 school year. "Vice-President" Wise is also a member of the IFC 4.0 club. In conjunc-

Changing Methods of Weather Reporting

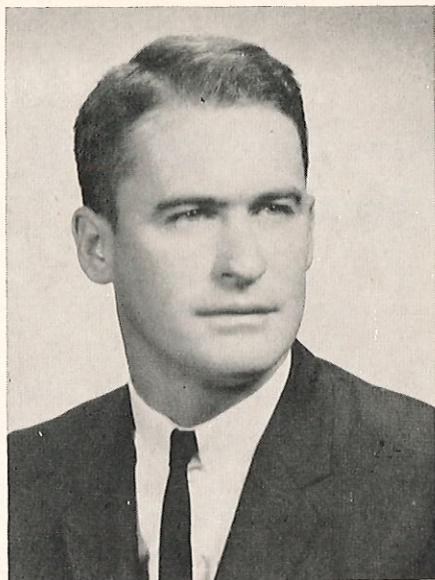

If recently you have heard weather reports which contain the information that there's a twenty, forty or even eighty per cent chance of rain, you have been hearing a prediction which the U. S. Weather Bureau and Fred A. Davis, Jr., Florida State '62, and chief of the weather bureau at Toledo Express Airport hopes will give the weathermen a fighting chance.

Quite frankly the U. S. Weather Bureau would like to improve its public image and give weathermen a fighting chance to defend themselves so that when they say there's a chance of rain—and it doesn't rain—they are not held responsible. In other words they want the public to take more of the responsibility for their activities when there is a possibility of rain. The weathermen are willing to provide the odds, but the picnickers will have to make the final decision.

Public acceptance of a new concept of weather predicting—the probability forecast—is one of the jobs facing Fred A. Davis, Jr., who has taken over the responsibility of providing weather forecasts for eleven northwestern Ohio counties.

Toledo will join seven of the major weather stations now using this type of reporting to see if it meets with public favor.

As a start, weathermen began compiling probability forecasts which were not made public. They were, however, in some areas made avail-

Fred A. Davis, Jr.

able to contractors, pilots, navigators and others.

Brother Davis, a native of Brockton, Mass., came to Toledo after three years as a meteorologist at Richmond, Virginia.

tion with this the chapter has voted him the chapter scholastic award three semesters in a row.

"Charlie is well read", comments Ross, "and well informed on both national and local matters." Besides these interests of reading and keeping informed, his hobbies include golf, tennis, bowling and girls (not necessarily in that order however).

Charles Wise is an outstanding Delta Chi to be sure. Our hats are off to you brother, and many thanks for your service!

Alumni Chapter "E"

The Brothers of the San Diego Alumni Chapter who were the guests of the S. D. State Colony on April 29 to commemorate the first anniversary of the founding of the Colony appreciated the hospitality, the friendliness and the good fellowship extended to them by the Colonists.

Bill O'Brien, Southern California '61, has put together and opened for business his own truck sales company, "Mission Valley Sales Co.", with a franchise from G. M. Bill was one of the Charter Petitioning Group for the San Diego Alumni Chapter; active in sponsoring and supporting the Colony at S. D. State and at present "F" of the Alumni Chapter.

John Wheeler, Hobart '60, of Mission Beach, San Diego, is now stationed at the U. S. Naval Hospital in San Diego as Administrative Assistant to the Commanding Officer and has just been promoted to Lieutenant, U. S. Navy.

We note that at least three Deltas from S. C. are playing in the Majors—products of Brother Raoul Dedeaux, SC '35; Bill Heath, SC '61, Washington; Jerry Zimmerman, Minnesota; and Len Gabrielson, San Francisco Giants. (We are sure that there are others and will run them down before the season is over.)

Wiley K. Peterson, Ariz. '28, is proud of the fact that his oldest daughter, Barbara Ann, has passed her oral and written exams for her doctor's degree at UCLA. It doesn't seem so long since Wiley was getting his own degree. As the fellow who stumbled by mistake into the wrong group muttered in his confusion, "Good Morning, Good Afternoon, Good Evening; My Gosh, how times flies".

Bob Finney, Rollins '56, came up from Orange, California, to the U. S. C. Chapter House to participate in the first initiation ceremonies of San Diego Colony members. His presence was very effective. In his working hours Bob is a representative for U. S. Plywood.

Frank Ledgerwood, Rollins '52 (but, courtesy of Uncle Sam, Rollins '56) is a physicist at the Naval Electronics Laboratory in San Diego on Point Loma. As his work is classified he cannot tell us what he does, except that he listens to things underneath the water.

James Day Hodges, SC '36, still runs the Escondido Credit Bureau, in Escondido, California. His youngest daughter, Janet, will soon enroll in San Diego State. His son, Jim, is graduated from the same school; since the Delt Colony had not then been established at State, Jim was a Lambda Chi Alpha, who lived right around the corner from the Colony. By the way, when we asked Day if he was a descendant of Benjamin Day, founder of the old New York *Sun*, or of Clarence Day, author of "Life With Father", he did tell us that Day was his mother's family name;

Farmboy Makes Good!

Back on the farm in Haworth, Oklahoma, Robert Bruce Bird spoke with a "Little Dixie" drawl and wore coveralls. Today as president of Oklahoma State's 15,000 member student body, he has donned the suit of a polished politician.

Bob, a political science junior, has risen rapidly in campus politics. As a freshman he served as the director of the Youth for Goldwater and was elected Young Republican president. In his sophomore year he was elected to the Oklahoma State Student Senate.

As well as being active on campus, Bob has proven an outstanding scholar having been on the president's honor roll and been tapped for Omicron Delta Kappa. Bob works forty hours a week for the State Surplus Agency and has served his chapter as "E".

The spring election at Oklahoma State is ordinarily a hard fought campaign and this year was no exception. Campaigning with James Fetgetter, Pauls Valley junior and vice-president candidate, Bob gained the endorsement of both campus political parties in March. All major campus leaders gave their support to Bob, and when the ballots were counted, the Bird-Fetgetter team had won by a two to one margin.

It is hard to express the pride the Oklahoma State Chapter has in Bob Bird and his victory. The farmboy turned politician is an example of the high caliber of men that make up our chapter.

that as a youngster he didn't think that the name was appropriate for him and he was sensitive about it, so, all by himself, he named himself "James", so that he could be called "Jim". His hopes didn't work out, nobody called him "Jim", and to this day he is "Day". We think that his friends and family like it better that way. Strange the things that kids are sensitive about. I remember my anguish at having to sweep the sidewalk in front of my dad's office in our little town in northern California. It never occurred to me at that early age to feel proud instead that my dad had the gumption to build his own office. (Day never answered my question as to his ancestors.)

A note of real sadness is the passing of Renwick Thompson, SC '19, who passed away in his La Jolla home. (See Farewell and a Parting.)

Sorority Girl of the Year Award

By HOWARD J. CIHAK, "E"

Every fraternity chapter tries to find some means of putting its name before the campus on a regular basis. This usually takes the form of a yearly event which (hopefully) comes to be associated with the fraternity which sponsors it. The brothers at the Ohio State Chapter believe they have found their "gimmick".

At Ohio State and probably on most other campuses as well, there are a horde of contests for the pretty girl, but how about the girls who are academic successes as well as servants of their sorority, the greek system, and the university. Admittedly there are not many such contests and what few there are reveal their winners with small recognition and quiet announcements. No one shouts from "the rooftops" about these girls. At OSU we set out to change all this a little more than a year ago. Two brothers, David C. Georgeff '67 and John M. Apple '64, wondered what the reaction would be if our chapter chose a Sorority Girl of the Year on the basis of scholastic achievement as well as poise, charm, and personality. We know now that we had a gold mine in that idea. But just to make it interesting we included a 24 inch trophy for the winner and a giant 48 inch trophy for her sorority to keep for one year. There was one other criterion; service to her sorority, the greek system, and the university as a whole. We invited each of

Ohio State's twenty-one sororities to nominate one of its members for the honor and nineteen responded. From these nineteen nominees ten finalists were chosen to be interviewed by a panel of five judges. The judges chose Pat Rudy of Kappa Alpha Theta as the winner.

Things worked out so well that we more or less followed the same pattern of events for this year. There were only a few minor changes. A preliminary judging committee of five brothers chose the ten finalists. The members of this committee included James P. Roesch '64 "A", C. Ned Johnston '69, "PC", Larry C. Sherer '67, Wayne N. Shaw '69, and Howard J. Cihak '68, "E" who was also the Sorority Girl Award Committee Chairman and thus in charge of the whole project. The ten finalists who were chosen were: Mary Margaret Sharp of Alpha Chi Omega, Jennifer Lohse of Delta Zeta, Janet Erwin of Delta Delta Delta, Carol Wyner of Sigma Delta Tau, Lois

Delta Chi "Buddies"

By ROBERT E. STERNLOFF, Illinois '47

Delta Chi Fraternity
Editorial and Business Offices
16 South Clinton Street
Iowa City, Iowa 52242

Dear Sir,

Please be advised that we (my wife "Kaye" Catherine, son Tom age 16, and I) have left Kenosha after thirteen years. In Kenosha I served as Director of Public Recreation for the city and as Director of Athletics, Physical Education, Outdoor Education, Health Education and Safety for the Kenosha Public Schools.

I began September 1 with North Carolina State University, Raleigh, N. C. School of Education, Department of Recreation and Park Administration with the major responsibility of developing a graduate program at the masters and doctorate level in Recreation and Park Administration. The undergraduate program at N.C.S.U. in Recreation and Park Administration is the largest in the country with almost three hundred undergraduate students enrolled. The challenge anticipated is a great one and I just hope that I am equal to it.

Upon our arrival in Raleigh a "care package" of groceries and other "goodies" awaited us—sent from Chicago Delta Chi (Buddie) Brothers: Calvin Agger, Robert Konigsfeld, Ted "J. T." Arenberg, Robert McAskill, and William Thompson and spouses.

Since graduating from the University of Illinois my wife Kaye and my-

self have, even though we have lived in Kenosha, Wisconsin, 50 miles north of Chicago, met with our Chicago Delta Chi pals once each month for eighteen YEARS for duplicate Bridge. In those eighteen years our lousy Bridge playing has never netted us a championship—one year in about 1961 we were first going into the final night of the seasons play when Brother Travis Freeman, Ill. '58, with spouse showed up from Tulsa, Oklahoma, he is still living there, to substitute for one of our regular couple players and my wife and I went 0 for twenty-four hands and we took second rather than first—a dastardly happenstance to say the least. At any rate we shall miss our Delta Chi "Buddies" from Chicago—the Aggers', Konigsfelds', Thompsons', MacAskills', Arenbergs' NO END.

Please print these unedited remarks in your next QUARTERLY so that present and future members of the greatest Fraternity on earth will know what they are missing if they do not carry through.

Thanking you in advance for your kind help in thanking a group of the finest people that it has been our privilege to know.

—Signed, Very Sincerely,
Robert E. Sternloff

A Farewell and a Parting

These men have lived amongst us for a time, and we have been privileged to call them Brothers. Now they have gone, and we bid them farewell at this parting.

Herman David Conway

The Reverend Herman David Conway, DePauw '30, died March 13, 1966, at Malta, Illinois. A member of the Illinois Conference of the Methodist Church, Brother Conway earned his B.A. degree at DePauw. From 1930 to 1933 he attended Boston University School of Theology and Boston University Graduate School from which he received his S.T.B. and M.A. degrees.

Brother Conway had served on the Conference Peace Commission from 1940-1945; on the Board of Evangelism from 1944 to 1948, and again from 1952 to 1956; on the Board of Education from 1956 to 1958, and on the Commission on Social Concerns since 1959. He also served as president of the Church Camp Commission from 1955 to 1958.

He is survived by his widow and two daughters.

Louis Arthur Johnson

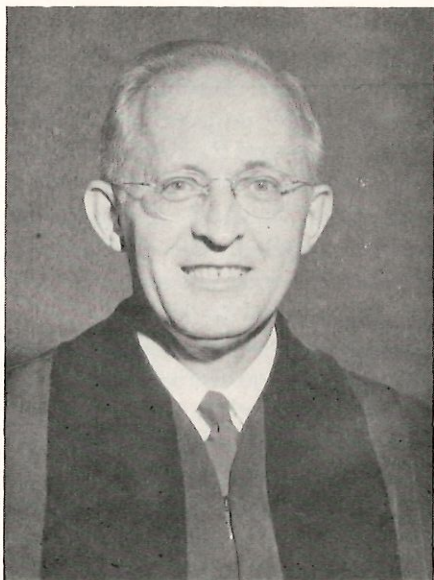

Louis Arthur Johnson, Virginia '12, died of pneumonia in Washington, D.C., on April 24, 1966.

Brother Johnson was a former Cabinet member, a West Virginia lawyer and onetime Assistant Secretary of War who succeeded the late James V. Forrestal as Secretary of Defense in March, 1949.

He also was the President's Representative in India from March to December, 1942, and was National Commander of the American Legion for 1932-33. He was national chairman of the Veterans Democratic National Committee for the four-year period from 1936-1940.

Brother Johnson was awarded the Medal for Merit by the President; received the Distinguished Service Medal from the State of West Virginia, and was made Commander of the French Legion of Honor. He was a member of many clubs and was the recipient of the Honorary LL.D. degree from numerous colleges and universities.

Brother Johnson is survived by his widow and two daughters.

Herman David Conway

Delphine D. Rasco

Delphine D. Rasco, Arizona '29, died in Los Angeles on March 8, 1966. At the time of his death he was manager of the Travelers Building in Los Angeles.

Brother Rasco was also associated with the UCLA Chapter in its formative years, where he was most helpful during the organization period.

He is survived by a son, First Lieutenant William D. Rasco presently on duty in Thailand with the United States Air Force. Two brothers also survive. His wife, Marguerite, preceded him in death by a few months.

Brother Rasco retired from the United States Army in June, 1962 with the rank of Colonel, having served on active duty since 1941 as an officer in the Judge Advocate General's Department.

Larry Sherman Mettler

Larry Sherman Mettler, Oklahoma State '64, died on February 2, 1966. Brother Mettler was a naval jet pilot and had returned in November of 1965 from a tour of duty on the "Midway" where he flew some 50 missions in Viet Nam. He was decorated accordingly. He lost his life due to a faulty catapult launch aboard the aircraft carrier "Constellation" off the coast of California. Memorial services were held at the Naval Air Station, Lemoore, California.

While in the Oklahoma State Chapter, Brother Mettler served as "D" in 1962. He was active on campus as president of Inter-Collegiate Knights, secretary of Phi Eta Sigma, and treasurer of Lasso and Lariats.

He is survived by his wife, Ruth, and a child.

Renwick Thompson

A note of real sadness is contained in the following report by Phil Farman, SC '22, "E" of the San Diego Alumni Chapter on the passing of Renwick Thompson, SC '19.

"Brother Thompson was born in Nanaimo, a little town on Vancouver Island in British Columbia, from whence you take the ferry over to the City of Vancouver on the mainland. He came with his father to California in 1903 and to San Diego in 1910.

"After San Diego High School, where he was a star in track, he took his law at Southern California. Later his brother, Gordon (subsequently a Superior Court Judge in San Diego) followed him, and Gordon's sons, Gordon, Jr., SC '51 and David Renwick, SC '52. All were Delta Chis.

"Ren's father, Adam, also took his law at SC in the early part of the century, before there was any Delta Chi Chapter. He often came up to Los Angeles from San Diego, with Ren and visited at the chapter house where he is remembered for his wide range of knowledge and his keen good sense and good humor, turning the customary corny undergraduate conversation into a real feast of reason and flow of soul.

"Ren practiced with his father and brother. He was an excellent advocate and one of the first attorneys to obtain a \$100,000 personal injury judgment. He had been president of the San Diego University Club, and, as were his father and brother, president of the San Diego County Bar Association.

"He is missed by the community as well as by his family and fraternity brothers."

Joseph Yancey Powell

Houston attorney, Joseph Yancey Powell, Texas '11, died December 3, 1965. Born in Holland, in Bell County, Texas, on December 6, 1888, he attended Clarendon College, Clarendon, Texas, and the University of Texas. At the University he was a member of Delta Chi, the Pan Hellenic Council, and as a Middle Law, was vice-president of the Law Department. He received his LL.B. degree with the class of 1911. Upon graduation he practiced law at Dalhart until late 1916 when he moved to Houston to enter the legal department of American Republics Corporation. At his retirement in 1954, he was vice-president and general counsel of that company.

He was a member of the State Bar of Texas, the American and Houston Bar Associations, the Houston Club, and was lifetime secretary and historian of the 1911 law class of the University of Texas. Brother Powell was listed in *Who's Who in America* and in *Who's Who in Commerce and Industry*.

Survivors included his widow Alice Stewart Powell, who died four months later, on April 9, 1966; a son, one sister, and two granddaughters.

William Homer Spencer

William Homer Spencer, Chicago '13, died on May 28, 1966. He was a teacher in the University of Chicago graduate school of business for 39 years and its dean from 1924 to 1945. Dr. Spencer served as Hobart Williams distinguished service professor of government and business from 1945 until he retired in 1953.

After receiving his J.D. degree from

Joseph Yancey Powell

the University of Chicago in 1913, Dr. Spencer joined its faculty and became a co-developer of the theory of education for business upon which the business school is based.

His public service in the field of labor relations included serving as chairman of the Chicago regional labor board for many years, as a member of the national railroad labor panel, and, during World War II, as mid-west regional director of the war manpower commission.

He wrote two widely used textbooks on business law and several monographs on the development of collective bargaining. He also edited a series of business and economic publications.

Surviving are his widow, a daughter, three brothers, and a sister.

Lyston SoRelle Black

Lyston SoRelle Black, California '12, died on March 27, 1966. He enlisted in the armed services as a pri-

vate and retired as a captain in 1939. Brother Black served as president of the Army Officers' Mess in 1932 and a member of the Texas State Society from 1928 to 1932. He was recognized for his work in the War Department Administration and Utilization. He was commended by Commander General of the 9th Corps for commanding a model camp. In addition to being Camp Commander, he served as Inspector, and as District Commander of the Civilian Conservation Corps, and as Personnel Director of Rivers Camp under the War Relocation Authority.

In private life he had mining, oil, real estate and investment interests in California, and had been the owner of Black's Indian Store.

Elliott R. Davies

Elliott R. Davies, Ohio State '27, died on October 5, 1964. At the time of death he was Executive Vice-President of Rutledge Advertising Company of St. Louis, Missouri, and President of Allied Food Club of St. Louis.

From 1929 to 1947, Brother Davies was associated with the Kroger Grocery and Baking Company, first in Detroit, Michigan, from 1929 to 1943, then in Charleston, West Virginia, as Merchandise Manager until 1947. He then became associated with Eastern Gas and Fuel Corporation until 1955 when he joined the Rutledge Advertising Agency.

Brother Davies is survived by his widow, one daughter and one son.

Stephen K. Pollard

Stephen K. Pollard, Buffalo '24, a trial counsel lawyer for the city of Rochester, New York, died in January, 1966.

Elliott R. Davies

Brother Pollard had been Assistant District Attorney of Monroe County, New York; Special Attorney General, State of New York, and Deputy Corporation Counsel for the City of Rochester, New York.

Johnston, Ohio St. '27, our "BB" Donald C. Richardson, Ohio St. '48, and Mrs. Richardson. Their questions to each of the finalists ranged from thoughts on the future of the greek system to opinions on campus "beatniks". Andrew B. White, or "Mr. Elijah"

There are performers who become so well-known in a role in which they appear that people come to think of them only as the character they portray. While it is true that Andrew B. White, Arizona '35, has appeared so often in the role of Elijah that the title "Mr. Elijah" does seem appropriate, it is not likely that anyone will ever lose sight of the man, Andrew B. White.

The handsome 6-foot bass-baritone has impressed audiences from New York to Salt Lake, from St. Paul to Mobile, and at many appearances in between with his magnificent voice and his dramatic power.

Brother White added one new experience to his career last fall when, soon after his appointment as Professor and Chairman of the Voice Department of Baylor University, Waco, Texas, he sang a duet with his beautiful daughter, Ramona, a graduate student at Baylor. The occasion was the presentation of Mendelssohn's dramatic oratorio "Elijah" by the 180-voice Oratorio Chorus and the full Baylor Symphony Orchestra, directed by Dean Daniel Sternberg. Andrew White headed the soloists in the role of Elijah and sang a duet with his daughter who was cast in the role of

the widow. This was their first public appearance together.

Commissioned 2nd Lieutenant, Cavalry Reserve, at the University of Arizona, Brother White was ordered to Active Duty as 1st Lieutenant, in March, 1941. He was separated from the Service as Lieutenant-Colonel in March, 1946. Even in the Army his training in music was put to good use. While stationed at Ft. Riley in Cavalry School, he produced and directed the musical review, "The Life of Riley". He served as Combat Intelligence of Corps Headquarters in European Theater of War. Here again his ability in the field of music found an outlet. He served as Assistant to the Commandant and Head of Voice Department, Shrivenham American University which was operated for military personnel, at Shrivenham, England.

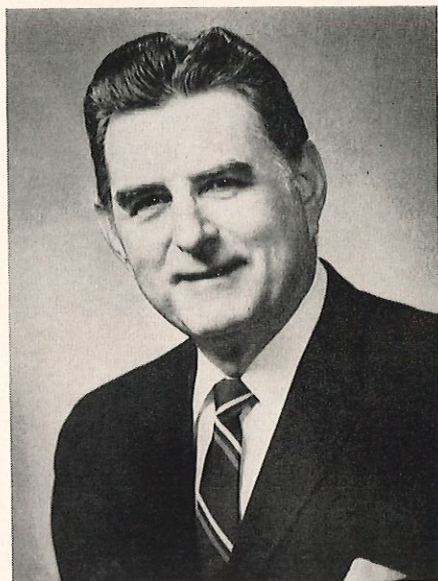

His teaching experience continued when he was separated from the Army and his first position was as Assistant Professor at the University of Michigan, then to Ohio State, and to Drake University in Des Moines, Iowa, in 1949. He became Head of the Voice Department at Drake and remained there until 1965 when he went to Baylor University as Professor and Chairman of the Voice Department. He has been Artist-Teacher and Soloist at Summer Music Camps and has participated in and contributed gener-

ously of his talents to Baptist Assemblies and Church Music Conferences.

Professionally he has appeared with the New York City Center Opera, the St. Paul Civic Opera Association, has been the soloist with the NBC, Mutual Broadcast, Chicago, Cincinnati, Des Moines, Detroit, Minneapolis and Wichita Symphonies. He has appeared as Soloist with the Handel and Haydn Society of Boston, the New York Oratorio Society in Carnegie Hall, the Appollo Musical Club and the Swedish Choral Club in Chicago Orchestra Hall, the Salt Lake Oratorio Society, in the Tabernacle in Salt Lake City, in the Kalamazoo Bach Festival and the Brevard Music Festival, and has given concerts in London, Birmingham, and Oxford, England. He has appeared with such imminent conductors as Thor Johnson, Robert Shaw, Leo Kopp, Sir Ernest MacMillan, Thompson Stone, Alfred Greenfield, Harry Carlson, Julius Rudel, and Joseph Rosenstock.

Beginning with his High School days when, at graduation, he won the "Best All-Round Boy" medal, he has been recognized and honored on many occasions and by many organizations and associations. He has contributed to *The Sinfonian*, official publication of Phi Mu Alpha Sinfonia, and to *The Church Musician*, official publication of the music department of the Southern Baptist Convention. He has been panelist, toastmaster, judge, speaker, and performer on many occasions.

What does Brother White do when he's relaxing? He rides. He loves a good horse and is a member of "Monkey Drill Team" an organization of trick riders in Rodeos and Horse Shows. He has won the "Mounted

Andrew B. White

Wrestling Trophy." And he taught Equitation at the University of Arizona.

In addition to Ramona, Brother White and his wife, LaRue, have two other daughters, Marie and Michelle.

Nominated by Republican Party

Brother Donald E. "Buz" Lukens, OSU '54, has been selected as the Republican party's nominee for the 24th Congressional District in Ohio.

Buz was chapter "A" at Ohio State in 1953 and was named the Outstanding Delta Chi and Outstanding Greek the same year. Buz won a hard fought primary battle for the Republican nomination over the endorsed candidate in a Republican District. Due to his aggressiveness and ability, he is considered a favorite in the race against a college professor from Miami University.

Buz is 35, a bachelor, and a fre-

quent visitor to the Delta Chi house at Miami University. He was National President of the Young Republicans from 1963-1965 and his current race has gained him much national prominence and popularity. He is also a good friend of two other prominent politicians, Richard Nixon and Ronald Reagan. We look to a successful future for this brother! Good luck, "Buz".

Bank Names Monroe Manager of Branch

Leon S. Monroe, Michigan State '59, has been appointed manager of the West Saginaw branch of Michigan National Bank.

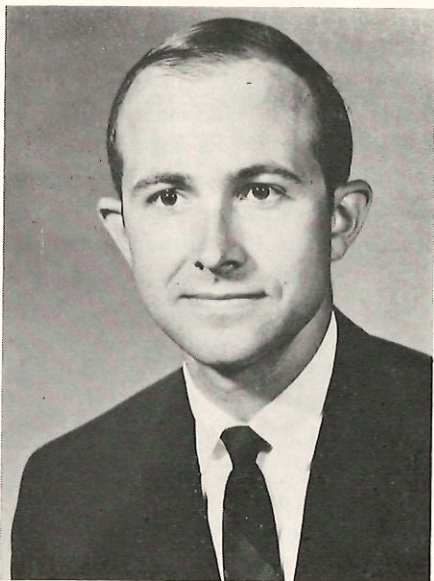

Brother Monroe has held various posts including assistant branch manager and assistant operations officer since joining Michigan National in 1962.

A graduate of Michigan State University with a degree in business administration, Brother Monroe also studied at the University of Michigan and George Washington University.

Receives Foreign Service Assignment in Rangoon

President Johnson recently named W. Scott Butcher, Miami '65, as a Foreign Service Officer of the United States.

Brother Butcher received this appointment after successfully completing the highly competitive written and oral examinations. The Foreign Service of the United States is a career professional corps of men and women who are selected and trained to carry out the foreign policy of our Nation in day-to-day relations with other countries.

W. Scott Butcher

Mr. Butcher was sworn in at a ceremony held in Washington, D. C. at which James W. Riddleberger, U. S. Ambassador to Austria, was the principal speaker.

In September, Brother Butcher received his Foreign Service assignment as Third Secretary and Vice-Consul at the American Embassy in Rangoon, Burma. He and his wife, Carol, will leave the United States in December for his new assignment.

Franklin B. Krauss Retires

After forty-four years of long and devoted service to education, Dr. Franklin B. Krauss, Pennsylvania '22, head of the department of classical languages at Penn State, retired, effective July 1, as professor emeritus of Latin.

Dr. Krauss introduced 20th century technology into the study of classical

languages and helped pioneer efforts to teach foreign languages to grade school children.

Seven years before the advent of the Peace Corps, he was urging establishment of a cultural army to promote understanding among the peoples of the world. Perhaps the inscription on a plaque presented him in April by the Penn State chapter of Phi Eta Sigma sums it up best:

"Particularly noteworthy is his reputation locally and beyond the University as a teacher and lecturer of unusual distinction, a fact well attested by his public performances and by the enrollments in his lecture courses."

Dr. Krauss, a native of Quakertown, Pennsylvania, was educated at the University of Pennsylvania where he received his bachelor of arts, master of arts, and doctor of philosophy degrees. He joined the faculty of Penn State in 1931 as associate professor of Latin, was advanced to the rank of professor in 1940, became head of the department of Romance languages in 1952, and was named head of the department of Classical languages in 1963.

As an educator, Brother Krauss is a member of the American Philological Association, a founding member of the Linguistic Society of America, the American Archaeological Institute, the Pennsylvania State Association of Classical Teachers and the American Classical League.

Before going to Penn State, Dr. Krauss was an instructor of Latin at the University of Pennsylvania for nine years. At Penn State, his campus duties have included chairman of the committee of the College of Liberal Arts which selected Dr. Ben Euwema as dean in 1946; chairman of the plan-

ning committee of the College of Liberal Arts in 1950 and 1951; member of the University Senate committee on academic standards from 1947 to 1954, and member of the University Senate committee on educational policy from 1954 to 1958. He is also the author and co-author of three books and a host of articles in professional journals.

Of his retirement, Dr. Krauss says, "I'm not at all excited about it, but I don't intend to sit down and do nothing. I have several projects on which I plan to work actively." One thing he does plan to do is to travel.

Author, Pulitzer Prize Winner and Distinguished Professor

Dr. Russel B. Nye, Wisconsin '35, professor of English at Michigan State University, and his former MSU colleague, Dr. Norman S. Grabo, are co-editors of a new two-volume anthology of Early American writings.

The collection, "American Thought and Writing," is published by Houghton Mifflin Co. The anthology brings together a variety of works from the 17th, 18th, and 19th centuries. It is intended for use in college courses in American literature and history. Each selection in the work was chosen to illustrate an intellectual, social or literary development based either on the first edition or a modern critical edition.

Recently, two books written by Brother Nye, were selected for inclusion in a special reference collection in the White House. The two are, "George Bancroft," for which he won a Pulitzer Prize in 1945, and "Fettered Freedom," published in 1948 by the MSU Press. They are among some

1,780 books in 23 categories selected for the White House collection by a committee of librarians.

Dr. Nye served as head of the department of English at MSU from 1946-1959; and as Director, Division of Languages and Literature at the same university from 1948-1962. He received the honor of "Distinguished Professor" in 1962.

Brother Nye was recently reelected as president of the American Studies Association, which is composed of 1,700 scholars and laymen concerned with American cultures.

Honor Michigan Architect

Clarence H. Rosa, Michigan '36, deputy director of the State Building Division, was one of 60 U. S. architects to be inducted into the College of Fellows at the American Institute of Architects national convention in Denver, Colorado, June 26 to July 1.

Induction of the nominees brought the college membership to 688 out of 18,000 AIA members.

Nomination of Rosa for the award by the Mid-Michigan Chapter of the AIA noted Rosa's contribution to public service in exerting "constant pressure on public officials for recognition of Michigan's practicing architects as a responsible, competent profession indispensable to any project," while both an official of the State Building Division and a member and president of the Lansing School Board.

Brother Rosa has also been a member of the Lansing Urban Redevelopment Committee and Board. He is a former president of the Lansing Civitan Club, and a past director and president of the Western Michigan Chapter of American Institute of Architects.

"Night Owl" Missions in Southeast Asia

U. S. Air Force Captain John S. Walker, Oregon State '57, has flown more than 87 combat missions in Southeast Asia.

Captain Walker, an F-4C Phantom II pilot, primarily flies "Night Owl" missions in the around-the-clock harassment of Viet Cong supply lines and storage areas. His tactical fighter wing has downed five MIG aircraft, more than any other unit in the limited air-to-air combat in Southeast Asia.

The jet fighter-bomber pilot flies from a forward combat base as a member of the Pacific Air Forces, the nation's combat-ready air arm guarding the 10,000-mile Bamboo Curtain.

The captain received a B.S. degree from Oregon State University and was commissioned there upon completion of the Air Force Reserve Officers Training Corps program.

General Foods President Announces Possible Expansion

C. W. "Tex" Cook, Texas '30, earlier this year, announced the possible ten million dollar expansion of the coffee processing and packaging operation in Houston, Texas.

The expansion, according to Brother Cook, depends on the continued good acceptance of the company's latest brand of instant coffee, Maxim. Maxim is the country's first freeze-dried instant coffee. It is being successfully marketed in the East and has been test-marketed in the Midwest. If the Midwest test proves the premium-priced instant coffee will find general favor with the consumer, production facilities will be needed in Houston to serve the Southwest.

The Maxim process is a complicated and highly technical one. Brother Cook said that it would necessitate a plant costing at least ten million dollars. The process includes brewing, freezing, dehydrating while frozen, and special packaging.

For Meritorious Achievement

Captain Robert V. Davis, Ariz. '54, has been awarded the Air Medal in Viet Nam.

Captain Davis, a navigator, received the medal for meritorious achievement during military flights. He was cited for his personal bravery and airmanship in the fight against Communist aggression.

He is a member of the Pacific Air Forces which provides air offensive and defensive units in Southeast Asia, the Far East, and the Pacific.

The captain is a graduate of Miami (Ariz.) High School. He received his B.S. degree in mathematics from the

U. S. Air Force Captain Robert V. Davis (right), son of Mr. and Mrs. Jackson H. Davis of Rt. 1, English Ave., Globe, Ariz., receives the Air Medal from Colonel Clarence M. Caldcleugh, a vice commander.

University of Arizona where he was commissioned through the Air Force Reserve Officers Training Corps program in 1954. He also has an M.S.B.A. degree from George Washington University.

Receives Degrees in Cooperative Program

Lynn Richard Dueser, Illinois '63, received a bachelor of science degree in Industrial engineering from Columbia University of New York City, on June 1, 1966, and a bachelor of arts degree from Baldwin-Wallace College, Berea, Ohio, in a cooperative program. He lacks only 34 hours of having his master's degree.

He also attended the University of Illinois, while undertaking a five-year course. While there he was selected as Outstanding Pledge of his class, and he served the Illinois Chapter as "F".

Future plans include graduate work at Columbia and the U. S. Army Officers Candidate's school.

Receives Promotion

Capt. John Reichley, Auburn '62, was recently promoted to his present rank in a ceremony conducted in the Trophy Room of the 2d Armored Cavalry in this famed historical city.

At the promotion it was announced By Col. James P. Cahill, the Regimental Commander, that Capt. Reichley would also receive a job promotion to Regimental Adjutant.

The 2d Armored Cavalry is composed of over 3,000 men and has the mission of guarding 350 miles of International Border between West and East Germany and Czechoslovakia.

As Adjutant, Capt. Reichley will coordinate all officer and enlisted assignments and promotions, transfers, pay matters, mail delivery, and assist

in planning tours of the Border by military and civilian personnel.

Receives Vietnamese Medal of Honor

From the U. S. Forces, Pleiku, Vietnam, via the Illinois Chapter, comes word that the Vietnamese Medal of Honor 1st Class was presented to Captain Henry R. Hosman, Illinois '59, for meritorious service.

Captain Hosman is the husband of Mrs. Karen K. Hosman of San Pedro, California, and the son of Mr. and Mrs. Henry M. Hosman of Crystal Lake, Illinois.

The citation accompanying the award said:

"As an advisor to the II Corps Tactical Zone Signal Officer, Captain Henry R. Hosman constantly displayed a high degree of technical

competence. He specifically distinguished himself while on Than-Phong II Operation (Operation White Wing) and with complete disregard for his own personal safety, went into the battlefield in order to coordinate with the Army of the Republic of Vietnam (ARVN) signal teams in quickly setting up an effective communication system that assisted the operation in obtaining excellent results. Through this outstanding service, he contributed significantly to the victories of the II Corps Tactical Zone."

Wingfield Article Placed in the Congressional Record

An article by William Wingfield, UCLA '54, "The Politics of Smut—California's Dirty Book Caper," was placed in the *Congressional Record* for April 27 by Rep. Ronald Brooks Cameron, D-Calif.

Along with Brother Wingfield's article, Congressman Cameron also placed in the *Congressional Record* an editorial on the same subject, pornography, from the *San Gabriel Valley Daily Tribune*.

Brother Wingfield has been with the *Daily Tribune*, published in West Covina, Calif., since 1961. In 1963, he was commended by the Greater Los Angeles Press Club for an article on civil defense.

While at UCLA, Brother Wingfield was "C" and "E" of the UCLA Chapter of Delta Chi. He was also feature editor of the *UCLA Daily Bruin* and president of Campus Hall.

Sorority Girl of the Year

(Continued from page 21)

choosing the top three girls from the finalists. The finalists had been chosen already on the basis of their grades and service to the campus. The judges found it necessary to deliberate for some time before reaching a verdict.

The final step was the all-campus

dance at which the winners would be revealed. We held the dance in the ballrooms of the Ohio Union and music was provided by a well known local band. We had publicized the event for a week beforehand using advertisements in the student newspaper and posters in the greek houses and the nearby merchants' stores.

Midway through the evening at the dance we began the program of awards. Our master of ceremonies was Howard J. Cihak '68 "E", who began the program and then turned over the mike to our "A" James P. Roesch '64. Jim explained the purpose of the award and the means of choosing the winners, then returned the mike to Howard. The ten finalists were introduced and the winners were announced. As Howard announced the winners Jim presented the awards with the assistance of Mike Harnetty "B". The 2nd Runner-up was Pam Workman of Kappa Kappa Gamma and the 1st Runner-up was Jennifer Lohse of Delta Zeta. They each received a plaque and a bouquet of white carnations. The winner and Sorority Girl of the Year for 1966 was Nancy Jo Kuyper of Pi Beta Phi. Pat Rudy, our Sorority Girl of the Year for 1965, and Jim presented Nancy with her two large trophies. She was also given an engraved bracelet and bouquet of red roses. Though somewhat dazed, Nancy managed to rise to the occasion and say a few words to the audience.

All in all, we felt that we had pretty much accomplished all we set out to do. There were minor problems, but someone's quick thinking usually managed to handle them and we are looking forward to next year when we can do all this and, hopefully, more.

Look Beyond Your Four Walls

"There's no one route to the top at General Motors. Performance is what counts." So says James Roche, GM's new president. Like the Marine Corps, GM expects its top executives to be GM men first, specialists second.

An interesting example of the GM system is Robert Lewis Kessler, Purdue '36, who was promoted recently to general manager of GM's billion-dollar-plus Buick division.

Brother Kessler went to Buick only four years ago—as general manufacturing manager. The first twenty-three years of his GM career were spent in the Delco-Remy division, about as far from car-styling and sales as you can get.

As head of Buick, Kessler's job will cover not only production, but sales, finance, and design as well. Such is the GM system that he expects to take his broader responsibilities very much in stride. "One of the things that GM tries to teach you," says Kessler, "is to look beyond your four walls. When the sales guys holler for more cars to sell, you've got to keep in mind the big picture—production, finance, everything that affects the profitability of the corporation."

Kessler looks nothing at all like the popular idea of a big company executive. At 50, he still has the honest, rawboned face of an Indiana farm boy—which he once was.

A one time basketball All American (Purdue, 1935 and 1936), Kessler played on a Boilermakers team that won 52 of 60 games. But right after college he made a decision that paved the way for his present success. He turned down a soft job on Buick's plant protection staff, a job that would have freed him to play on Buick's basketball team. Kessler decided to chuck basketball and take a job at Delco-Remy instead. Even as a youth he had a knack for looking beyond his four walls.
