The Executive Secretary Reports:

DELTA CHI FOUNDATION ACCUTRON AWARDS

In May, President of the Delta Chi Educational Foundation, Donald G. Isett, of Cedar Rapids authorized the mailing of announcements to nine chapters to inform them of the nine sophomore members who, as freshmen pledges in 1964-65, won highest scholarship recognition in pledge classes averaging "C" or better.

These nine men have won the Delta Chi Bulova Accutron Awards for their individual achievement. Appropriate special recognition will be made at the 1966 Convention Awards Banquet on Friday evening, August 26 at the St. Louis Gateway Hotel (formerly Statler-Hilton) in St. Louis, Missouri.

<u>Chapter</u>	<u>Name</u>	<u>G.P.A. of Winner</u>	<u>G.P.A. of Pledge Class</u>
Cornell	Werner E. Fischer-Colbrie	92.99 (A = 89+)	78.45 (C = 75+)
DePauw	James Winning	3.50 (B = 3)	2.35 (C = 2)
Idaho	Craig Cook	3.13 (B = 3)	2.30 (C = 2)
Iowa	Mitch D'Olier	3.05 (B = 3)	2.10 (C = 2)
Kansas	Tom B. Swale	2.53 (B = 2)	1.53 (C = 1)
Kansas State	Philip L. Sell	3.19 (B = 3)	2.03 (C = 2)
Lehigh	Robert V. Shurter	3.12 (B = 3)	2.08 (C = 2)
Miss. State	Jeremiah H. Holleman, Jr.	2.29 (B = 2)	1.17 (C = 1)
Stanford	Norris Pope	3.64 (B = 3)	2.60 (C = 2)
Union	Ronald A. Powell	4.00 (A = 4)	2.54 (C = 2)

MEMBERSHIP STATISTICS

With the installation of the Troy State College Chapter at Troy, Alabama on April 2, 1966, Delta Chi reached a new high of 52 undergraduate chapters and 8 colonies.

By the end of June these 52 chapters had attained a new high of 1,339 new pledges and 976 new members.

Delta Chi has grown to a total which, with summer initiations, will reach 28,000 by the opening of the St. Louis Convention on August 25. Delta Chi had 13,000 initiated members at the time of the Golden Anniversary Convention at Cornell in 1940 celebrating the first 50 years. 15,000 new members have been added in the past 26 years.

Fraternal regards,

"Buck"

Fraternity is

Brotherhood.

Can this be

bad?

IN the Spring, 1966, issue of the *Delta Chi Quarterly*, we considered "The Fraternity Profile" from the standpoint of the fraternity as a group. We found, as was to be expected, that the group was made up of individual men, men who had many goals, many dreams, many ambitions, many interests, yet they were men with a common bond, that of brotherhood. In this issue we wish to consider the individual undergraduate fraternity member as a man. What kind of a man is he?

TO begin with, the undergraduate member is a young man, somewhere, generally speaking, between the ages of eighteen and twenty-two, although from time to time, conditions, such as wars, have advanced the age by a few years. He is a young man still learning and growing in knowledge in many ways.

FRATERNITY men are gregarious individuals, appreciating the association with other men and people in general. The fraternity man is very apt to be an extrovert. He is usually not content to stand still and do nothing. He usually would rather be a participant than a spectator, however he does not participate blindly,

The Fraternity Profile

but selects and chooses his areas of participation according to his personal interests.

SINCE the beginning of fraternities, the fraternity man has sometimes been maligned, without thought and without reason. The person who immediately decides that he does not like a person simply because he is a fraternity man might just as well say that he dislikes every man who belongs to the Loyal Order of the Moose, the Benevolent and Protective Order of Elks, the Lions Club, the Masonic Order, Rotary International, or any one of the hundreds of organizations, benevolent, social, fraternal, religious, or whatever the nature of the organization may be, which exist in today's society.

In these organizations you will find many of the men who at eighteen to twenty-two were members of a college fraternity. Following graduation they turned their interests to civic, religious, and fraternal organizations where they could still work with people.

These same men will be found as leaders in their churches, serving on PTA Boards, on civic committees and commissions and in a dozen other

areas in their communities. Some attain national, and even international acceptance and recognition in their fields of endeavor. Anyone of them can usually be depended on to lend a hand when there's a job to be done.

DELTA CHI does not inquire as to the religious belief or lack of such belief of the men they select for membership. They do not ask of them that they belong to any specified race of people, or that they enroll in any prescribed course of learning. Delta Chi *does* look for intelligence, a high level of personal conduct, and the desire to contribute to and enjoy the benefits of brotherhood.

ON the campus you'll find fraternity men serving on such campus organizations as Union Boards, Student Councils and other organizations which consider the welfare of the student body as a whole. The fraternity man is often prominent in school athletics, and almost always is a participant in some intramural sport. He is conscious of his scholastic achievements and fraternities, as groups, made up of individual students of varying degrees of ability, even as is the entire student body, who strive to maintain a scholastic

average above the all men's or all-student average. Fraternity members, as a whole, are not drop-outs in college. The vast majority go on to receive at least a bachelor's degree.

TO say that the fraternity man is without fault would, of course, be placing ourselves in a very vulnerable position. For, in the final analysis, a fraternity man is human, susceptible as are all human beings to the evils as well as the finer things in life. Some will fall by the wayside, but the vast majority are happy, well adjusted people, taking their places in the communities in which they live.

BUT to attack fraternities and fraternity men as such is equally questionable, and the attacker is placing himself in an equally vulnerable position. You might as well say that all Episcopalians, all Methodists, all Roman Catholics, all Christian Scientists, all agnostics and all atheists were undesirable as individuals, or that the members of service clubs and civic organizations were questionable simply because they belonged to that specific organization. If the attackers of fraternities would suddenly turn their interest to these groups of people, there probably wouldn't be many attackers, for to find, in today's society, the individual who does not belong to some kind of an organization is almost impossible. And seldom does a member attack the organization to which *he* belongs. Remember, members of organizations in today's society are, many of them, the people who belonged to college fraternities in their younger years.

MUCH is said today about brotherhood. Where do we learn about brotherhood? First in the family where the love expressed between husband and wife, parent and offspring, brothers and sisters is actually a basic characteristic of brotherhood. Later, brotherhood is developed in a fraternity and spreads beyond the particular fraternity to which a man belongs to other fraternity members and finally beyond to the student body as a whole.

BROTHERHOOD! It's a wonderful feeling, a magnificent approach to many of the world problems of today. In Delta Chi, as in all fraternities, brotherhood is not something which is recognized and practiced for a day, a week, or one month out of a year, but it is a continuing state of living, always reaching out and beyond the confines of any chapter, any fraternity, to mankind as a whole. It is one of the basic characteristics inherent to man, sometimes trodden underfoot by belligerent forces, but always retrieved and nurtured by fraternities. Brotherhood is their reason for existence. Can this be bad?

The Editors regret that . . .

Due to the vast amount of material received for this issue of the Quarterly, it was impossible to include feature articles concerning Brothers Charles Wise, Robert L. Kessler, William Wingfield, Gordon L. Jones, Robert Bruce Bird, Fred A. Davis, Jr., and Captain Henry R. Hosman, as well as an interesting report from the San Diego Alumni and Farewell and a Parting, in this issue. Please watch for these items in the Fall issue, due for publication in September. Thank you.

Delta Chi . . .

On the Go, and . . .

On the Grow

In the days just prior to August 25, Delta Chis from north, south, east and west will be turning their steps toward St. Louis for the Thirty-sixth International Convention.

The Thirty-sixth Convention

The convention headquarters will be the St. Louis Gateway Hotel, Washington at 9th and St. Charles Streets, until very recently known as the Statler-Hilton. There will be quite a change in the Thirty-sixth Convention and here is a brief look.

School Opens Early

School will open early for the delegates to the Thirty-sixth Convention when the highlight will be the Delta Chi Leadership College, complete with its own dean and faculty.

Dr. Ralph E. Prusok, Union '52, will serve as Dean of the Leadership College and will present the keynote remarks at the opening session scheduled for 1:30 p.m. on Thursday, August 25. Courses will include, Privileges and Obligations of Membership, Membership Recruitment, Chapter Management, and Membership Education. Delegates who successfully complete this training course will be presented with diplomas.

Registration will, of course, admit any member to any portion of the Convention. Incorporated in this article is a reservation blank which may

be used to reserve rooms at the St. Louis Gateway Hotel. Clip the reservation blank today, fill it in and mail it to the Delta Chi Headquarters Office, 16 S. Clinton Street in Iowa City.

Awards Program Expanded

Another change which will be noted at the Thirty-sixth Convention will be the expansion of the awards program. With the division of the fraternity into regions and the subsequent growth, it was thought wise to make awards on a regional basis. Accordingly these additional awards will be made for the first time at the St. Louis Convention:

Nine regional awards for excellence in scholarship among Delta Chi Chapters.

Nine regional awards for greatest scholastic improvement among Delta Chi chapters.

Special awards to chapters with significant ranking above the campus all men's average.

Special awards to chapters with high pledge class scholastic ranking.

Awards for pledging the number of men needed in relation to pledge class quotas or goals.

Persistence awards for high percentage of pledges becoming initiates.

Special award for significant performance of chapter officer duties to General Fraternity.

On the Grow

On the eve of the Thirty-fifth International Convention, held in September, 1964, at New Orleans, Delta Chi Fraternity had just installed Mississippi State, and had welcomed Georgia and Parsons to the rank of Colonies. At the Convention, Kansas State moved from Colony status to that of a full-fledged chapter of Delta Chi Fraternity. This was the start of a fruitful period of growth for Delta Chi.

The year 1965 was still young when Parsons became Delta Chi's 50th chapter on March 20, 1965, to be followed shortly by Georgia on May 22.

In the meantime, there was a great deal of activity going on in widely separated areas which resulted in the establishment of colonies. In Febru-

ary, 1965, a colony was established at Troy State College, Troy, Alabama, to be followed in April by San Diego State College Colony and in the next month by Syracuse. Of these three, Troy State received its charter on April 2, 1966 and became Delta Chi's Fifty-second Chapter.

Later, in November, 1965, Livingston State at Livingston, Alabama, and Long Beach State at Long Beach, California, joined the ranks of colonies. Still the growth continued and in January, 1966, colony status was granted a group at Sacramento State at Sacramento, California, and in February, California State at Los Angeles was colonized. The next colony to be added was East Central State College at Ada, Oklahoma which received colony recognition in May, 1966, and

Region No. 1

Chapters Elect Regents

In accordance with the provisions of the Constitution and By-Laws, each region is required to hold an annual conference of all its chapters at some time during each academic year.

In the last several months these conferences have been held. Many topics were discussed for the benefit of the chapters, and each region elected a Regent. The nine regents, together with the "AA", the "CC", the "DD", and the Retiring "AA" make up the Board of Regents.

The Board of Regents has been called into the session designated as the Pre-Convention Board of Regents meeting at the St. Louis Gateway Hotel (formerly Statler-Hilton) at 9:30 a.m., Wednesday, August 24, 1966.

Idaho Chapter was host to Region No. 1 Conference with delegates from Washington State, Oregon State, Washington and Idaho present.

Leadership and scholarship were considered in round table discussions.

Considered at the business meeting were a proposal to change the official badge, and a proposal to establish an official ring for the fraternity.

Dr. Warren W. Etcheson announced his resignation as Regent and Mr. Frank Granat, Washington '51 was elected to replace him. Brother Granat is with National Securities Corporation, 809 Skinner Building, Seattle, Washington 98101.

Region No. 2

Southern California Chapter was the scene of Region No. 2 Conference. Delegates from California, Stanford, and Southern California Chapters and

Delegates enjoy a dress dinner at the Idaho Chapter House.

from San Diego and California State Colonies were present.

A fireside discussion on pledge training and rushing drew enthusiastic participation from the chapter and colony delegates. The central issue considered was depledging because of its occurrence as a common problem to most chapters.

Leadership training, house finance and management and the responsibility of the fraternity highlighted luncheon speeches and the afternoon discussion groups.

At the business meeting mention was made of a program on employment selection and placement for Delta Chis in both summer and permanent employment. It was also agreed to have voting by mail for the selection of a Regent. The result of the mail vote was to return Kenneth A. Plough, Stanford '55, to the office

A beautifully decorated cake was served at the Region No. 2 Conference.

for a second term. Brother Plough's address is 510 Clark Court, Los Altos, California 94022.

Front row: l. to r., John Kessler, Ted McKalson, Joy E. Brown, Jr., Kenneth Plough, Regent, Marc Hynes, W. Lee Smith. Second row: Bob Elliott, Bruce Thompson, Dale Onyon, Bob Langworthy, Leon Kaufman, Mark Davis, Will Ross. Back row: Gene Johnson, Bob Morris, Douglas Caldwell, George Hamilton, David Rowe, Rich Burack, at Region No. 2 Conference.

The Idaho delegation with Regent Dr. Warren W. Etcheson, and Idaho housemother, Mrs. Cochrane.

W. Lee Smith was a popular figure at the Region No. 2 Conference. Here the photographer also caught another photographer in the act of catching W. Lee in a picture.

L. to r., Bruce Thompson, Dean Thomas Hull, the main speaker at Region No. 2 Conference, Rich Burack, and Kenneth Plough, Regent.

Front row: l. to r., Kenneth Plough, Regent, Rich Burack; back row, Gene Johnson, George Hamilton, Marc Hynes, and Leon Kaufman, pose for the camera during the Region No. 2 Conference.

Regents Elected

(Continued from page 8)

Region No. 3

Due to schedule conflicts the Region No. 3 Conference was canceled at the last minute. Pertinent business of the Region was conducted by mail.

Douglas S. Holsclaw, Sr., Arizona '25, was elected by unanimous vote as the new Regent. Brother Holsclaw's address is 925 Foothills Drive, Tucson, Arizona 85718.

Region No. 4

The SMU Chapter of Delta Chi proudly hosted the Region No. 4 Conference. Chapters represented were Oklahoma State University, University of Texas, University of Houston and Southern Methodist University. Beginning with the White Carnation Ball on Friday and highlighted by extremely meaningful discussion sessions, the conference was a success from start to finish.

As at all conferences, rush was foremost in the discussions. The general discussion of fraternity policies and problems included social problems and activities, respect for Greeks on campus, and financial problems. Also discussed was what the General Fraternity could do for local chapters. Ideas presented included a rush brochure, an up to date list of prominent Delta Chis and a strong alumni system.

J. Ross Sherohman, Houston '66 was elected by acclamation as the new Regent. Brother Sherohman's address is 4361 Bissonnet, Apt. No. 8, Bellaire, Texas 77401. Bellaire is a suburb of Houston.

Region No. 5

Kansas Chapter was host to Region No. 5 with Iowa, Iowa State, Kansas, Kansas State, Minnesota, Missouri, Missouri at Kansas City, and Parsons Chapters represented.

Officer training and duties, scholarship, pledge training, and constitutional changes were discussed. Two constitutional changes were endorsed by the conference. The first proposed the formal organization of a women's auxiliary to be called Chi Delphia, with standardized constitution and ritual. The second change proposed establishing the office of Chapter "G" whose sole function or duty would be alumni relations.

Hans L. Peterson, Kansas '53, a prominent Lawrence, Kansas, lawyer and an active Kansas Chapter alumnus, was elected the new Regent for Region No. 5. Charles W. Wright, Jr., retiring Regent and Mayor of Topeka, Kansas, was given a unanimous vote of thanks for his two terms of meritorious service.

Region No. 6

The Illinois Chapter house was the site of the Region No. 6 Conference.

Workshops and discussions centered around such topics as the role of the fraternity on campus, rush, pledge policy, alumni relations, the role of the junior and senior in the fraternity, and a pledge seminar.

Re-elected to a second term as Regent was Mr. Paul D. Walker, Illinois '58. Brother Walker's address is 712 Dover Place, Champaign, Illinois 61822.

Region No. 7

Michigan Chapter planned a well

Listening is at least as important as talking at a conference. Here Joseph Lacchia, former "DD" and "AA", and Jerry Oursler from Ohio State, listen attentively at Region No. 7 Conference.

organized program for the Region No. 7 Conference held the weekend of March 18. Attending were delegates from Michigan State, Wayne State, Ohio State, Western Michigan, and Michigan Chapters.

Joseph F. Lacchia, past "DD" and "AA", was a special guest of honor at the Conference and gave the chapters in attendance some helpful pointers on financial control.

Internal organization of a chapter, rushing, pledging and developing a closer understanding and better brotherhood between members and pledges were topics of discussion.

Gary B. Walters, Western Michigan '58, was re-elected to his second term as Regent for Region No. 7. Brother Walters' address is 2524 Lomond Drive, Kalamazoo, Michigan 49001.

Region No. 8

Hobart Chapter's new house served

Region No. 7 Conference delegates form a backdrop for: Richard Steadman, "BB" at Wayne State, Gary Walters, Regent for Region No. 7, Joseph F. Lacchia, former "DD" and "AA", Keith Cryderman, Field Secretary, and Dick Jones, "BB" at Western Michigan.

as the setting for the Region 8 Conference. In addition to those from Hobart, there were representatives from Connecticut, Union, Lehigh, and Cornell Chapters and from Syracuse Colony.

Topics for discussion were duties, responsibilities and ideal characteristics of the "A", the potential role of the "B", the establishment of a good fraternity public relations program, and a general discussion of the duties of the "E".

Harry Burt, Hobart "BB", acted as chairman of the business meeting at which regional expansion progress was discussed.

E. Duane Meyer, Hobart '58, was re-elected to a third term as Regent for Region No. 8. Brother Meyer's address is 7855 Elwill Rd., RD # 4, Clay, New York 13041.

Region No. 9

Florida Chapter was host to the Region 9 Conference at which over fifty delegates were in attendance. Represented at the Conference were Auburn, Florida, Florida State, Georgia, Alabama, Mississippi State and Rollins Chapters, and Troy State Colony.

Special guests at the Conference were Claude B. Layfield, "AA", and Harold E. Buchanan, Executive Secretary.

Discussions were held on finance, external growth, internal organization, publicity, rush, and pledge policies.

Dr. William P. Dorné, Auburn '49, was nominated and unanimously elected to a third term as Regent for Region No. 9. Dr. Dorné's address is 564 Heard Avenue, Auburn, Alabama 36830.

Regent Gary Walters presides over Conference No. 7.

Dick Jones, "BB" at Western Michigan, adds comments to delegates' reports at Region No. 7 Conference.

Delta Chi On the Go

(Continued from page 6)

the last colony to be added to the Delta Chi rolls was California State College at Fullerton, California in June, 1966.

Now, on the eve of the Thirty-sixth International Convention, Delta Chi can count four new chapters and eight new colonies added in the two years since the Thirty-fifth Convention. Delta Chi is "On the Grow." Come to St. Louis and see for yourself!

Illinois Chapter Opens New Addition

On February first of this year, the long-awaited addition to the chapter house at Illinois was completed. This new facility includes 18 new study rooms, a 36-man dormitory, house-mother's quarters, laundry room, and a general purpose recreation room.

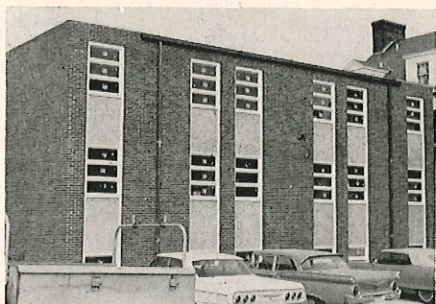

At the time that the decision was made to build the addition, it was recognized that certain areas of the existing house would have to be rejuvenated if they were to serve a greater number of men. These included—particularly—the dining room and the kitchen. It was also recognized that it would be foolish to have a beautiful new addition stuck onto a "shabby old house." Thus the alumni group which headed the operation proposed a complete rejuvenation of the entire physical plant. So for the past four months, the one hundred brothers and pledges at the Illinois chapter have taken pride in showing "the new Delta Chi at Illinois" to guests and visitors from the campus and the nation.

Serving as building committee chairman was David A. Gillespie, "DD", who was assisted by Joseph Thompson, Raymond Borelli, C. Richard Nash, and Ivan W. Davis, Jr. Ivan W. Davis, Sr., president of the Upsilon Alumni Corporation, coordinated the entire money-raising and building operation. Robert A. Wilson served as design coordinator.

From its inception, the rejuvenation program has been a team effort on the part of alumni and undergraduate members. The undergraduate chapter, first, demonstrated that it had the stability and reputation to attract and to hold a large membership which would be needed to fill the addition. William W. Storbeck, "A" during the 1964-65 school year, was instrumental in achieving this goal. Secondly, the alumni demonstrated their faith in the continued success of the chapter by raising over \$50,000 which was needed as the principal down-payment for the addition. A survey was conducted to ascertain the chapter's desires for the addition, and in so far as possible, these ideas were incorporated into the finished product. A committee, composed of alumni and undergraduates, met throughout the construction period to make certain that the addition would meet the needs of all.

Shortly before construction began, it became apparent that due to increased costs all along the line, it would be impossible to accomplish the complete plan for rejuvenation without considerable additional funds. Since the alumni group had already donated essentially up to its limit, it appeared that any change in the first floor of the chapter house would be impossible. At this point, the chapter stepped in and, in a campaign directed by Jerry Unks, raised the necessary funds to completely redecorate the first floor. As one undergraduate put it, "The alumni have invested their time and money; I guess we can do the same with ours."

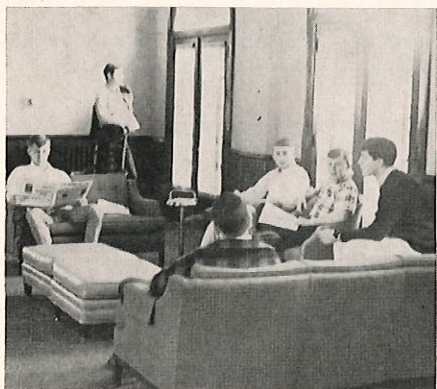

Delta Chis at Illinois now boast of having the "most beautiful house on

Exterior view of the recently completed addition to the Illinois Chapter house. The building cost in excess of \$200,000.

Newly elected Illinois Chapter executive council meets in A. R. Lorenz Memorial Library. L. to r. Russ Roberts, "E", Butch Atkins, "D", Tom Tingleff, "B", Don Angus, "A", David Davis, external "B", Paul Welch, "C", and Roger Broyhill, "F".

One grouping of new furniture on the first floor of the Illinois Chapter House. The first floor is divided into a variety of conversational areas for informal visiting and for rush.

campus," and their boast is not far from the truth thanks to the work of Robert Wilson, the design coordinator. As he put it, "My goal was to unite the old house with the new addition and to create an environment which was consistent with the colonial exterior of the house. It is essentially a fusion of the demands which a college surrounding require with the luxury which one expects in a gentlemen's club." The overall theme of the interior is traditional, and the color scheme is based on tones of gold, olive, brown, and red accents.

Entering the house, one notes the new colonial brick floor which carries over the brick pattern from the exterior patio and creates the atmosphere of a fine country home. A large gold chandelier provides light for the entrance parlor, and a brilliant red carpet continues the red of the brick floor up to the study rooms on the second floor. A large, oak table and chair serve as a reception table for guests and as a study table for the pledge who answers the telephone during the evening. All of the walls on the first floor are wainscoted in black cherry paneling with muted-gold plaster above.

The center parlor contains two separate groupings of furniture (great for informal visiting and for rush) which are highly functional but which also suggest the traditional nature of the overall decor. Both the center parlor and the south parlor are carpeted wall-to-wall in avocado-gold carpeting. The floor-length draperies are an elegant tapestry of gold, red, and green. The marble fire place with the bronze Delta Chi coat of arms above

A portion of the newly redecorated first floor at the Illinois Chapter House. The emphasis in decorating has been to provide a traditional atmosphere in a functional surrounding.

"Skins" won in football bets are hung in the Illinois Chapter's new dining room which is completely carpeted and has eating facilities for 96 persons.

An informal session in one of the eighteen new study rooms in the addition to the Illinois Chapter house. Each room has facilities for two men. The built-in cabinets and desks are of teak, and each room has facilities for an air conditioner.

it serves as a focal point for the center parlor.

The south parlor is a more informal room containing two groups of furniture, the grand piano, and a large maple table for serving snacks after football games or for study. Adjoining the south parlor is the Albert R. Lorenz Memorial Library, given by the members of the Classes of '57-61.

On the garden level, the dining room continues the theme of traditionalism. The walls are wainscoted in contrasting shades of gold, and the floor is carpeted in bronze-olive.

New Initiate, Steve Dixon, completes a theme at one of the study desks in the new addition to the Illinois Chapter house.

Chairs are walnut with avocado seats, and the tables are walnut. Skins won in football matches serve as decorations for the dining room walls.

All of the hallways in the study areas are carpeted in either mint green or brick red, and walls are gold with red or orange accents. Acoustical ceilings together with the carpet insure quiet hallways.

The new recreation room provides facilities for chapter and house meetings, card playing, "watching the

tube," or just general "hacking off."

Not only is there a new physical plant, but there seems to be a new spirit too. It is difficult to define, but there is an electric charge in the air, a new enthusiasm at being a member of Delta Chi. The membership has increased, the grades are getting better, and the house is having more social events. Certainly, a new addition is not solely responsible for this new life, but it has played a part. The men of Delta Chi at the University of Illinois are living "high on the hog." Active cooperation between alumni and undergraduates has enabled them to say: "Take pride in Delta Chi—and in its future."

Members of the Illinois Chapter meet in the new recreation room. The room is used for informal activities, meetings, and dances.

East Central State Colony Men

Delta Chi Quarterly/Summer, 1966

New Colony at East Central State

By DAN BELCHER "E", OKLAHOMA

STATE AND

RICHARD MONTGOMERY "E", EAST
CENTRAL STATE COLONY

"Welcome Delta Chi" has been the news at East Central State College at Ada, Oklahoma. For a week, "Chi Omega Welcomes Delta Chi", was a sign that greeted everyone entering the Student Union. It expressed the general feeling toward our new colony.

Recently, the Interfraternity Council sponsored a cookout in Delta Chi's honor. Several sororities have held teas and get-togethers for the new colony. The men feel that they have been given the warmest welcome East Central could offer.

With over seventeen men to start next year, the Ada Colony will be in excellent position to expand rapidly. The summer rush program will be merged with the Oklahoma State Chapter. Since the colony is so new, plans are now being made for next year's business.

Chi Omega Welcomes Delta Chi

CAMPUS SCENE

Wins Ugly Man Contest

Abracadabra Chapter has won the 18th annual University of California Ugly Man contest with its entry of the Dynamic Duo—Adam West and Burt Ward, television's Batman and Robin. As a result, a new two-and-one-half foot silver, first place trophy stands in a display case in the chapter house.

Perhaps the biggest, all-campus, social activity of the spring semester, the contest raised some \$3,000 for Cal Camp, a donation-supported summer program for underprivileged children. Votes for a candidate cost a penny each, and students were encouraged to vote as often as they could afford to. The chapter sold "Bat-buttons", autographed photos of the Duo and the Batmobile, "Aunt Harriet's bat-cake", and auctioned off a large pop-art poster depicting the Duo in action—all from a table set up in Sproul Plaza.

The competition was very tough, the Caped Crusader and his Youthful ward battling well-organized efforts on the part of Granny Goose, Carol Doda, the Jolly Green Giant, Brutus (a St. Bernard dog), Gollum and several other entrants. Candidates appeared at a noon rally on Sproul Hall steps, March 2. The rally, much larger than any yet organized by the so-called protest movements, received excellent television and press coverage.

Delta Chi's fall pledge class received the highest grade point average of all fraternities, a spectacular 3.25. Our actives were again in the top ten, and well above the all-men's average.

Abracadabra Chapter's second annual sports car rallye, Greek Rallye II, was held Saturday evening, May 14, 1966. A great success once again, a hundred cars from the Bay Area followed the tortuous circuit through the Berkeley Hills to a pizza parlor finish in Walnut Creek. Rallyemasters were David Bragg and John Hewitt. Proceeds

went to the house scholarship fund. Last year's event was run as a benefit for the Cal rugby squad.

On Sunday, May 15, 1966, Abracadabras at California tested and initiated eighteen members of the Sacramento State College Delta Chi Colony. We feel the new chapter will be very successful. Also initiated was our own pledge Vincent Casalani, an outstanding U.C. architecture student and president of XAK architecture honor fraternity.

Abracadabra plans an extensive summer rush program, under the direction of rush chairman Marc Hynes. He plans to visit all the brothers in their home towns to contact high school prospects and Junior college transfers. A program in conjunction with the Southern California Chapter is in the works. Hopefully many alumni will be contacted, and all are encouraged to forward us any recommendations they may have.—John Hewitt, "E".

Abracadabra "A", Leon Kaufman, left, and Delta Chi Ugly Man Contest Committee Chairman, Marc Hynes, receiving first place trophy.

Alabama Chapter a Leader

Alabama Chapter of Delta Chi has planned a very active program during the summer of 1966. The program will develop mainly around two points, (1) the chapter has four rush parties planned and spread out through the summer, and (2) co-rush chairmen will be stationed in every major city of Alabama—Tuscaloosa, Montgomery, Birmingham, and Mobile from which actives will receive their information. It looks like a plan guaranteed to bring results.

The first party will be held June 10, 11, and 12 at the chapter house in Tuscaloosa. On July 15, a second rush party will be held in Huntsville. The third rush party is planned for August 5 at Vestavia Country Club in Birmingham, sponsored by Dr. William Tucker, one of the most helpful alumni the Alabama Chapter has ever worked with. Mr. Tucker will also sponsor the fourth party later in August at the Tucker cabin resort outside of Birmingham.

From among the twenty-seven fraternities at the University of Alabama, Delta Chi has stood out clearly as a leader. In intramural sports, the chapter went to the finals in swimming and was placed third. The chapter placed fourth in both basketball and football, and won the 1966 Intramural Softball Championship. President John Breckinridge won the history scholarship award for having the highest grade average in his class of 150. Rush chairman John Harrison was elected IFC treasurer for 1966-67. Delta Chi was highly recognized for its role in supporting Ralph Knowles, Student Government Association president in the spring election.

Outstanding news includes the plans the chapter has for the building of a new house. It is hoped that through the hard work of Dr. William Tucker and the Birmingham alumni, building will begin in the summer of 1967. One of the highlights of the spring semester was a visit by Executive Secretary, Harold E. Buchanan. Mr. Buchanan gave a fine talk on the coming rush program and scholastic standings, and gave a picture of Delta Chi internationally. Another major highlight of the spring semester was the scholastic banquet. The purpose of the banquet was to give an overall picture of

Mickey Osborn at start of 100-yard free style in final competition.

First baseman Davy Crockett steps to bat for Delta Chi's championship softball team.

the scholastic ratings of the chapter. The actives with the highest averages received steaks while the one active with the lowest grades received bread and water. Following a speech by the scholastic chairman, the dinner meeting adjourned.

The Alabama Chapter would like to recognize an alumnus who has been very successful in the Tuscaloosa area. He is William Cardwell, Jr., of Birmingham, Alabama, born March 21, 1941. He is presently married and is a student in Law School at the University. His military services have been fulfilled, and he is a sergeant in the United States Marine Corp Reserve. Cardwell has

been amazingly active in campus life. He was a member of Phi Alpha Delta legal fraternity, a clerk in practice court for two years, on the Student Government Association Committee, homecoming co-chairman and Cotillion Club president and business manager. He served as sports editor for the school newspaper *Crimson-White*, business manager of the student directory, chapter advisor and president of Delta Chi, president of Rho Alpha Tau honorary, a member of Alabama Union staff, homecoming chairman and an active member of Student Government Association's Executive Cabinet. He was a member of IFC, business manager of Bama Day, a member of Married Students' Council, and chairman of freshmen orientation. As for business experience, not only has Cardwell been a law clerk for 2½ years and a member of the Alabama Union staff for 3 years, but he is also an office assistant for a real estate firm. He graduates from law school in 1966.

Through the cooperation of the pledges, actives, and alumni, the Delta Chi Chapter of the University of Alabama is on its way to a richer, more enthusiastic chapter, one that will place the name of Delta Chi closer to the hearts of all brothers everywhere.—Thomas W. May, "E".

Second Year Winner

Arizona Chapter has started its summer rush by sending former high school all state baseballer, Dick Valenzuela, and Lee Rogers, captain of the Arizona football team, to speak at the local high schools.

A very successful year with two parties, the traditional spring formal "Arabian Nights", and the almost traditional Banner Party which celebrates the winning of Intramurals, has been enjoyed by the chapter. This is the second year in a row in which the Delta Chis have won the Intramural Crown, the first time anyone has won more than once in the last ten years when Delta Chi won five years in a row. Not only did the house win the fraternity banner, but a group of Delta Chis formed a team, "Chicago Heights Athletic Club" and entered it in the independent league and they won the independent title.

Delta Chis are active in almost every major sport at the University. Dean Penaro

John Harrison (r.) at work on campaign.

and Robyn Ray are seeded 1 and 2 on the Wildcat tennis team. Lee Rogers, Dom Dellacio, Al Tretter and Dan Shiels will all be starters on the Arizona football team next fall. Chuck LaVetter is coach of the freshman basketball team and Dennis Albright, Tom Sutton and Mike Kordick were members of the varsity basketball squad. Hollis Phillips and Ken Kurtz are members of the Wildcat baseball team with Kurtz being named to the all-conference team.

Four Delta Chis, Rod Kroeplin, Walt Johnson, Chuck LaVetter, and Dennis Albright were chosen for an all university basketball team which played several exhibition matches against the Mexican Olympic team in Hermisillo, Mexico.

Members are active in many other areas. John Borton will be commissioned as a second lieutenant and is president of Scabbard and Blade, ROTC honorary of which both Rod Kroeplin and Jerry Morris are members. Steve Ochoa is photography editor of the school newspaper, the *Daily Wildcat*. George Spanos and Noel Zweigler are both active in the field of music. Zweigler heads a jazz group which plays at all the top night clubs in town. Spanos is the lead singer of a folk group, the Psychedelic Singers which was recently featured on KOLD radio.—Jerry Wirth, "E".

Issue Chapter Newsletter

Arizona State University Chapter captured the IFC scholarship trophy for the first time in many years. The trophy was

awarded during the May Greek Week to the chapter for the spring semester of 1965-66. The scholastic committee, under the direction of past luminary, Ross Eckel, held study tables for both pledges and actives for three hours per night Tuesday through Thursday. The chapter grade average was 2.5 (4.0 equals an A), higher than the on-campus men's average. The active chapter attained a 2.68 average while the pledges attained a 2.16.

June dated the first issue of the chapter newsletter. It is a monthly publication with news about the activities of both the actives and the alumni. Our alumni will be informed almost immediately of planned events—this has established a better line of communication between actives and alumni.

Campus government was honored with two Delta Chis during the April campus elections. Charles Wise, chapter politician, ended the year as the Liberal Arts senator to begin the 1966-67 year as the student body administrative vice-president. Alan Linford, an initiate of last spring, accomplished a feat seldom seen on our campus. Alan won a sophomore senate seat on a write-in ballot. With the help of the chapter and many friends, Alan started his campaign from a hospital bed while recovering from an appendectomy. He finished the campaign hobbling about the campus handing out leaflets titled "Write in Alan Linford." Few people had heart enough to refuse his advertisement. He won the seat by 18 votes. The chapter wishes both vice-president Wise and Senator Linford the best of luck.

Last summer saw the initiation of the first open rush. In previous years ASU has had a strictly controlled rush administered in September and January by our IFC. The open rush was concentrated in the Valley of the Sun by a committee hand picked by the rush chairman, Frank Kolts. The committee first helped to generate a good enthusiastic atmosphere within the chapter. A new rush idea was implemented with the use of a revolving card file. The system implemented with the file was used successfully in the spring when our rush-minded chapter pledged 13 men with the use of the file and man-to-man techniques.—Thomas M. Tirrella, "E".

Plan Joint Rush Party

Auburn Chapter and the Alabama Chapter will have a joint rush party hosted by the Birmingham Chapter of the Delta Chi Alumni Association. The date is August 5 at the Vestavia Country Club in Birmingham. We hope to attract many prospective rushees at this big affair.

Plans are also under way for a banquet to be given by our chapter for the many Delta Chi alumni presently holding positions on the Auburn University faculty. We think this banquet will stimulate a closer relationship between the faculty and the chapter.

Troy State Chapter of Delta Chi recently awarded our chapter the "Gary Monk Award" for the work the members of our chapter did in helping them obtain their charter. Gary Monk, our past "A", was the main organizer of the colony and assisted them greatly.

Recently we held our annual spring houseparty at the Plaza Motel in Panama City, Florida. Over one-hundred people attended and really enjoyed themselves sunning and partying in Panama City.

When speaking of outstanding members in our chapter we must include Walter "Phil" Phillips. Phil, our present recording secretary, has been making quite a name for himself on the Auburn campus. As a

Phil Phillips in his "Ugliest Man on Campus" clothes.

Richard N. McKaig, president of the Ball State Student Senate, shaking hands with Senator Vance Hartke (D-Ind.), who was on campus in conjunction with Student Senate Week. In the background is Dr. John Vissar, executive assistant to the President.

pledge in our fraternity, Phil was the recipient of "The Most Outstanding Pledge Award" given annually to our best pledge selected by vote of the brothers. He has recently been selected to the cheerleading squad for the second straight time. He was also named the "Ugliest Man on Campus" over five other prominent Auburn athletes. He is currently serving as the vice-president of the School of Science and Literature after running as a candidate for the University Political Party and swamping his opponents. He also served as Superintendent of Spirit for the party. Joe Busta, another one of our brothers, is currently holding down this position. We think Phil is doing a fine job representing our fraternity on, and off, the campus.

Bill Alvis, one of our younger brothers, has recently been appointed editor of the Auburn IFC Newsletter.—Wayne Stanfield, "E".

Retain Scholarship Plaque

Ball State Chapter's summer rush program will consist primarily of individual rushing and one summer rush party, with all Brothers who can possibly do so, attending. The party will be held at Lake Shafer near Monticello, Indiana.

Members of the chapter have been active in all areas of campus activities. Scholas-

tically the Ball State Chapter was again superior to all other fraternities on campus. The chapter maintained an accumulative ratio of 2,532 (on a 4.00 scale). This was far above the all-men's average which was 2.41. The closest ranking fraternity was Lambda Chi Alpha with a 2.42 average. As a result, we retained possession of the IFC Scholarship Plaque for the second year in a row.

In the field of athletics, Brothers Jim Sanford and Jim Ingermann are active members of the Ball State track team, while pledges John Maryan and Steve Kirkpatrick are active in the area of golf.

The Ball State Chapter had two annual banquets, the "Big Sis" banquet where each of the pledges invites his "big sister" (who is assigned by the chapter and whose job it is to explain sorority concepts and social graces) to attend a banquet in their honor, and the Sorority Presidents Banquet honoring all sorority presidents at Ball State.

Brother Dick McKaig was a delegate to the Model United Nations Convention in St. Louis, representing Ball State. Tom McKaig was recently elected a member of the student Judicial Board of Review in campus elections. Don Miller was recently elected secretary of the Ball State Interfraternity Council.—Don Miller, "E".

New Colony

California State Colony has been established at California State, Los Angeles, which was founded in 1948 and now has an enrollment of over 19,000 students and a Greek system still in the early stages of development. The Fraternity system consists of twelve chapters and colonies; of these nine are national fraternities. The sorority system on the other hand consists of five chapters, all of them local.

The first semester has been a busy one for our new colony. Within two months of our founding on February 12, 1966 we were accepted into the Interfraternity Council as probationary members. This is a process that normally takes one to two years of establishment on the campus.

Our sweetheart was chosen on May 24. She is Jan Stotts, a lovely blue-eyed blond, who is a member of Theta Gamma Chi sorority. Jan has been very active in student government, her sorority, and our new colony.

On Friday, May 13, unlucky Gary Jorden pedaled his way to a fourth place finish in the annual Tricycle Race. Gary exhibited good manners in the race by letting two girls on larger tricycles beat him.

In student government the brothers have also been active. Brother Mike Rigdon, our only active member, was appointed as Rally Commissioner as well as to the student government body, the Board of Directors. Brother Larry Smetana is on the College Lounge Commission and Brother Gary Jorden is on the College Lounge Commission, the Library Commission, Cal State L.A. Foundation, and the Board of Directors.

Our future plans include an aggressive rush program this summer with expectations of pledging some outstanding men to increase our membership above the current twenty-three men. Next fall we are planning to inaugurate the First Annual Derby Day and we would appreciate any information the chapters have of this event on their own campuses.—Gary V. Jorden, "E".

Chi Delphia Contest

Connecticut Chapter established its Chi Delphia Academic Queen Contest four years ago. This contest is unique among queen

pageants at the University of Connecticut in that it stresses the important inner attribute of scholarship as well as the qualities of beauty and charm. Chi Delphia has been supported with campus-wide recognition since its origin in 1963.

The standards of eligibility for becoming a Chi Delphia contestant are based on a minimum scholastic average of "B" and participation in campus events and other extracurricular activities. Moreover, the candidate must be at least a sophomore and must have spent a minimum of two semesters on the main UConn campus.

Each women's residence is invited to enter one candidate who meets the eligibility requirements. This year thirty girls competed to become the Chi Delphia Academic Queen. Coffees were held on March 14 and 16 at which the contestants, escorted by brothers of the fraternity, were judged by a five man board composed of university dignitaries, an alumnus, clergyman, and a brother. On March 21, at the Chi Delphia banquet, the Queen and her Court were announced. This year our Chi Delphia Academic Queen is Miss Deborah Kenney, a sister of Kappa Kappa Gamma.

Miss Kenney received a personal trophy and a 100 dollar scholarship while her sorority received the large Chi Delphia rotating trophy. The four members of the Queen's Court each received a personal trophy.

Barry Jones, Rush Chairman, has begun plans for an informal summer rush program.

Deborah Kenney, Connecticut Chapter's Chi Delphia Queen.

He plans on contacting friends of brothers and pledges by mail who will be incoming freshmen in the fall. Since freshmen cannot pledge a fraternity until they have gained second semester status here at University of Connecticut, Barry's letters to these prospective rushers will be an attempt to place Delta Chi in a favorable position when these men will be eligible to rush in February, 1967.

Barry will also be preparing rush posters and a rush pamphlet as has been done in the past. Barry did a remarkable job during our last rush program.

Several brothers of Connecticut Chapter have recently been initiated into professional and honorary societies. Bob Kalinowsky and John Schaefer have been accepted for membership in Alpha Zeta, the National Honorary Agricultural Fraternity; while Bob DeMarini has been initiated into Eta Kappa Nu, a professional electrical engineering society. Tony Pruchnicki was also honored for academic achievement when the IFC recently granted him their annual scholarship.

In the field of spring sports, Connecticut Chapter has Bob Dodson and Paul Phinney on the varsity track team of which Bob Dodson is tri-captain. Ron Bugbee is a regular at first base on the UConn baseball team, while Dan Esposito and Tony Pruchnicki are outstanding on the Husky golf team.—Stan Kavan, "E".

Cornell Rush in Spring

Cornell Chapter rushes only in the early spring in accordance with the university moratorium, which prevents rushing or even discussion about fraternities between freshmen and fraternity men during the fall term.

The annual pledge-active football game was a farce, as usual, but it succeeded in "breaking the ice" after rushing and welcoming the newcomers into the house. The brothers won, of course. That night the pledge party was an enormous success thanks to Ed Fox, who brought 35 beautiful William Smith girls for the occasion.

Big crowds showed up at both IFC and Parents' Weekends this spring and good times were had by all. The spring formal was held in the Alice Statler Ballroom.

Delta Chi is rapidly improving and spreading its name on campus through the diverse activities of its members. Ed Fox was elected as a senior representative to the IFC steering committee, the most powerful student organization on campus.

Dick Schuler was selected from nearly 100 students to be one of four juniors on the undergraduate Judiciary Board, which reviews and passes judgment on student actions at Cornell.

Jerry Jones was elected to the Engineering Student Council; Mike Allarding is now the president of the Cornell Concert Band; Geoff Smith has been selected as head football manager for the next season; and Jack Klemeyer is treasurer of the Architect Student Council.

Next year it will be a Delta Chi, Bob Wendland, who will lead the Big Red Marching Band in the street and on the field as Bob is now head drum major at Cornell.

Jim Mardian, Roy Christianson, and Pete McWilliams are rowing on the crew team. Larry Rachlin has made the first string of the Cornell Frisbee Team.

In intramurals, our baseball team won first place in its league, defeating a strong Sigma Chi team for the title. Our bowling team also won its league but it was eliminated in the championship playoffs.

As the year comes to a close, we look with pride upon our achievements and good times at Delta Chi, and look forward to many more next year.—Robert G. Wendland, Asst. "E".

The annual Pledge-Active football game.

Hold's Retreat

DePauw Chapter's rush chairman, Dan Helt, plans to send out our summer newsletter, *The Delta Chi Tiger*, to all applicants to DePauw. In addition, he plans to send out a letter to rushees a week before DePauw's formal silence begins. To keep up personal contacts, he has set up a system of rush parties and individual members have been assigned to prospective rushees.

A number of individuals within the chapter have been given awards or have won offices recently. Jim Baxter, a sophomore, has been named news and promotion director of WGRE, campus radio station. He won the silver microphone for outstanding service to the station. Senior Jan Strasma was named outstanding DePauw senior from the Chicago area. Strasma and sophomore Andy Mead won the Lucile Brian Harrison senior and sophomore awards for work in journalism. Mead was named news editor of the campus newspaper, *The DePauw*.

Delta Chi had more seniors initiated into Phi Beta Kappa than any other fraternity on campus. Fred Green, Jan Strasma, and Alex Kennel were named to the honorary. This was a worthy conclusion for a group of seniors, eleven in all, who had the highest grade average on campus for a single class within any living unit!

Senior John Rabb has just completed three months of work on the Delta Chi "Bleed In", an all-campus blood drive to donate blood to the soldiers in Viet Nam. The drive received active support from the entire campus.

On the afternoon of Easter Sunday, our house chartered a bus to spend the day at a retreat at McCormick's Creek park. We took with us our advisor, Prof. Thomas Fitzpatrick and Prof. Hugh Ripley of the history department to help in the direction of the discussions.

The ideas brought out at the retreat will be instrumental in the formulation of all facets of fraternity policy next year. We are planning another retreat next fall with our new pledge class.

At our senior awards banquet, Jan Strasma received the John Fassnacht Memorial award for outstanding service within the fraternity. Strasma has been chapter

"D" and "B". Tim Scott won the award for the outstanding IM athlete. Among his accomplishments was his leadership of the basketball squad to second place from last year's so-so record.—Andy Mead, "E".

Fortieth Anniversary

Florida Chapter marks its 40th anniversary this year. In many ways the year marks a new beginning. Construction plans call for the completion of our modern, new 40 man house for the fall. Our scholarship finally reached its highest—first place among the 26 fraternities on campus. In spring sports we rounded out our most successful year with only a single loss in softball.

The new house, being built on the expanding west end of the campus, alongside many other new houses, will be of white brick. The structure will be split level with two living rooms, a large dining room, modern kitchen facilities and 20 two-man rooms. We own the sloping lot which has a small stream running along the property line and several good stands of trees.

Only as the result of five years of effort by many brothers could the house be possible now. Other alumni have also made many contributions of time, effort and money for which we are all grateful.

Our first place in scholarship during the fall trimester brought a large trophy and recognition flag. The members were constantly reminded by our "A", John Mica, that duplication of our efforts could bring us the prize again, plus a \$250 prize given by the IFC for winning first place two times in a row. At the present time, grades for the spring trimester have not been completed, but we have a good chance to at least keep our high position in scholarship.

Other efforts during the year were directed toward earning our chapter a greater position of prestige on campus. Due to our small size we constantly find ourselves outmanned. But with increased spirit the chapter dedicated itself to various service tasks. As a result of these efforts and constant spurring on from the "A" and Ron Jones, service chairman, we won the first place on a percentage basis in the yearly IFC Blood Drive. Ninety-six per cent of the chapter donated blood, the highest figure yet in the annual donations. But lack of blood did not

prevent us from winning the first place trophy for the annual Heart Fund collection and a first place trophy for donations to World University Service in their annual drive.

Our hosting of the Region Nine Conference was attended by Brothers Claude B. Layfield, Jr., "AA", and Harold E. Buchanan, Executive Secretary. The three day affair was culminated with a debate discussing the merits and problems of the fraternity system. The conference brought the representatives together in a valuable comparison of varied aspects of the differing college systems of our member chapters. Finances, pledge policies, expansion and other areas of thought were debated.

During the trimester, besides the usual bands and parties and the Annual White Carnation Ball, relief from studies was aided by our participation in the yearly Soap-Box Derby. Our entry was the Bedmobile (not to be confused with Batmobile) which took third in what wasn't an uphill fight all the way. More levity was had by all after a Western party which left a large pile of hay in the front yard. Soon one brother after another was jumping from a second story window into the pile. A crowd gathered and even the traffic stopped as people tried to find out where the fire was or who could be so stupid. No pledges were brave or dumb enough to jump, though.

The real fun came when we put on a "Pro-U.S." parade to counteract an "Anti-U.S." Policy demonstration put on by some questionable people. The "Anti-U.S." parade, a large undertaking, formed up almost across the street from our house. As soon as we found out what was going on, our record player blared forth with "The Ballad of the Green Beret." A nearby police officer was kind enough to give us a parade permit and soon we were expressing our own freedom to demonstrate. The demonstration and counter demonstration was peaceful, mostly and we later received many letters in support of our American policy toward patriotism. The event and our participation appeared over national TV news programs.

A lengthy and memorable visit was the return of our 1956 "A", Harry Black. He added to our building fund and, seeing our need for a new TV, he purchased a quality

color TV-radio-phonograph which will take a proud position in our new house. He also rented a bus for a weekend and many of us went to Daytona Beach and on a general tour of nearby points of interest.

Grades are tops, membership high, and greater promise is held for the future. An invitation is extended to all Delta Chis to help us warm our new house into a home. —Carl J. Brown, "E".

Florida Chapter's entry in the annual Soap Box Derby, the "Bedmobile" (not to be confused with the Batmobile), with Ralph McGinnis driving, won third place. Giving encouragement are, from l. to r., Jerry Keenan, Jim Almand, Harry Crook, Larry Schnieder, Tom Herriot, Bill Pinto, and Russ Ryals.

Strength in All Areas

Florida State Chapter enjoyed an unusually high degree of success in its activities for the past trimester. Our men showed strength in all phases of campus activity, from athletics to academics.

A strong team was fielded on the political scene this year. Randy Neil rose to one of the major political positions on campus when he was elected chairman of the University Court. In this position Randy will preside over cases involving the combined Men's and Women's Judiciary. Bryan Brewer was elected to the position of vice-chairman of the University Party while Duane Rowland was appointed to the office of special advisor to the president and Tom Galoway was elected to Men's Judiciary.

The chapter finished sixth out of nine-

teen fraternities in athletics this year. This showed a marked improvement over our performance last year. Paving the way were our basketball, softball, and wrestling teams which placed third, fifth, and sixth respectively.

Keeping to a well established tradition of good academics, the brothers rallied to a 2.345 average during the fall trimester. This was good enough to rank us fifth among the fraternities and above the overall men's average.

High point of the spring social calendar was our annual spring weekend. Miss Patricia Olmsted of Sigma Kappa was selected by the brothers as the chapter's sweetheart at the White Carnation ball.

The Little Sisters of the White Carnation proved to be a real asset to us this trimester. Their latest endeavor has been to redecorate our sun porch.

The chapter is currently involved in preparations for summer rush. Tentative plans have been made for having summer rush parties and for sending letters to as many of the incoming freshmen men as possible.—Michael P. O'Brien, "E".

Plan Alumni Functions

Georgia Chapter is currently in the process of reevaluating its scholarship program. In the winter quarter our chapter average slipped to an all-time low of 73.5. The academic scene was not all bad, however, as David Arrington became a member of Biftad and Phi Eta Sigma, both scholastic honor societies. Also, John Robert Neidlinger became a member of Phi Eta Sigma.

Our athletic achievements were not much greater than our scholastic and we found ourselves toward the bottom of the heap in intramurals. However, with a year's experience, we are now looking forward to next year's competition and the possibility of putting Delta Chi at the top.

There is one area, however, which we are able to point to with much pride. This is in the field of participation in campus and community activities. A year ago when our colony received its charter, we had one brother who held an office in an outside activity. This year we have a Student Senator, an officer in IFC, and Phi Kappa Literary Society (two of these hold the posi-

tion of president) and a member of Blue Key. And, three brothers are participating in the Wesley Foundation Tutorial program.

Our social calendar for the spring quarter was filled with many exciting events. Greek Week, socials, our Spring Sweetheart formal, and "brotherhood" parties all helped to make spring quarter, 1966, one we will long remember.

Although our summer rush program will be limited for financial reasons, we do hope to have at least one summer rush function in the Atlanta area in early September.

We are updating our alumni files and hope to have several alumni functions this coming fall quarter.—Jim Smith, "E".

Heads Expansion Program

Hobart Chapter has assumed leadership of a new Region Eight committee, designed to study possible expansion sites. The committee, with a chapter coordinator from Union, Cornell, Lehigh, Penn State, Connecticut, Syracuse Colony and Osgoode Hall, will prepare and present a list of sites at the St. Louis Convention.

The Brothers of Hobart Chapter have attained, as the saying goes, "the best of both worlds." Delta Chi currently holds the number one ranking in the all-college scholastic standings. In addition, the Brotherhood stands well in the ten-fraternity contest for the Hobart College Intramural Sports Trophy.

After the winter term, Delta Chi continued to amaze Hobart by placing one half of the Brotherhood on the Dean's List, with an average of 3.00 or better. No less than 20 of Hobart Chapter's 40 Brothers attained the honor.

On an individual level, the Delta Chi seniors are doing their best to uphold the fraternity traditions, with half of the graduating twelve going on to law schools at Syracuse University, Albany State, Boston University and New York University. Three non-lawyers will also do graduate work, at Pittsburgh University, Penn State and The New School of Social Research in New York City. Two of the three remaining seniors will enter the Air Force; a third will work for Kodak or Mobil Oil Company.

Delta Chi is also well represented on athletic teams. Junior Dave Smith is captain

Hobart Delta Chis have a study break.

of the golf squad and John Thorne, a senior, is an officer of the newly organized Hobart Track Club. Delta Chi also places three men on the varsity tennis team and two on the varsity baseball squad. One of the pledges is a goalie on the freshman lacrosse team.

Another Delta Chi, senior Skip Packard, president of the Hobart Board of Control, highest elected office on the campus, was recently interviewed for the *New York Times* in reference to the campus unrest over social regulations. Packard led the orderly protest marches and debates on behalf of a large proportion of the student body who favor more liberal social privileges.

In all, it is clear that Hobart Chapter leads the campus in a combination of academic, athletic and individual accomplishment.—Richard Braude, "E".

"Neither Wind Nor Rain"

Houston Chapter members, eight in number, disregarding high water and common sense, attended the Region 4 Conference at the SMU chapter. The brothers justified this dangerous journey with the nomination and subsequent election of J. Ross Sherohman, Houston '64, as our new regent.

Our annual White Carnation Ball was held April 16 with members of the Houston Chapter and guests from the Greek community attending. Vic Shinn announced the annual awards.

Ron Collins received the pledge scholar-

ship award, Mark Farris was named outstanding pledge, Donnie Diebel not only received the chapter's scholarship award, but also the IFC scholarship award for posting a 4.0 last semester. Vic Shinn was named outstanding active. The highlight of the evening was the presentation of Miss Lynda Stramblad, Delta Zeta, as the Houston Chapter sweetheart for 1966-67.

Charles Raulston has been named Director of Research for the campus Student Association and Gary Ekstrom will be chairman of the games committee of the new university center.

Joe Kullhowick, our new kitchen steward, invites anyone passing through the Houston area to stop by and partake of his choice of repasts from lamb stew to chicken in white wine sauce. This is made possible by our new frozen foods system.

Delta Chis were all over campus this quarter with Mike Patterson winning the free throw tournament by hitting 69 of 75 possible free throw attempts.

Ernie Williams, our gung-ho public relations director, is in debt because he had to buy liniment for the chapter after he talked us into digging holes for new trees in our fair city.

HOLY BICYCLES BATMAN!!! The "Vardmobile" came to the University of Houston and stole the show at the annual Sigma Nu bike race. Brother Larry Vardaman Johnson mounted his specially equipped 24-inch girl's bicycle with chrome-lined Hell's Angels handlebars attired in his high altitude pressure suit with his drag chute secured to his derriere. His attempt to break the one man endurance record of 32 laps came to a screeching halt when his rip cord was accidentally pulled 28 laps too soon.

This report is also coming to a screeching halt because we are preparing for final examinations.—Charles Raulston and Ernie Williams.

Idaho Remodels House

Idaho Chapter's big news these days is the remodeling of all the study rooms in the house. Six contractors will submit bids on the \$40,000 project. Work is scheduled to start June 13, the day after commencement, and be finished by September 1. Plans

The D. C. Three, John Luque, Larry Heimgartner, and John Aldape entertain at a rush party.

Gary Chipman, "A", and Boise Valley alumni enjoy buffet at a rush party.

call for built-in study units and improved closet space.

With a "like new" house, rush looks extremely promising for next fall. During spring vacation we held four rush parties throughout the state. These parties were well attended by members and local alumni. The alumni have been a huge help to our rush program in recent years, and we heartily appreciate it. The parties were attended by over 100 prospective rushees. Since vacation, rush chairman Gail Ater and his assistant Dick Bennett have been working on a sixteen page rush book, to be sent out late in the summer.

On the campus, Delta Chis are very much in the news. In the upcoming student body elections, Mike Wetherell is a candidate for president, and Glen Schorzman is a candidate for executive board. Elsewhere, Gary Chipman, former chapter "A", Max Walker, former "B", and Dr. H. Walter Steffens, "CC", were recently tapped for Pi Omicron Sigma, a Greek upperclassman honorary. Delta Chi was the only fraternity to have more than one individual tapped for this organization. The underclassmen have been getting their share of honors also. Dave Koelsch was recently initiated into Phi Eta Sigma, freshman scholastic honorary. Koelsch was also tapped for Intercollegiate Knights along with Doug Abromeit, Jim Crawford, and Larry Duffin.

Our athletes are also making names for themselves. The Vandal Baseball team, coached by Wayne Anderson (Idaho '53) is led on the field by Wayne Adams. Adams, a sophomore second baseman, is leading the

nation in stolen bases. During spring football practice, LaVerle Pratt, Vic Mann, and Mike Proteau were all on the starting team.

The past year has been a terrific success, and we are looking forward to a better next year.—Glen Schorzman, "E".

Everything Better at Illinois

Illinois Chapter will move into summer rush with Jim Zorns and Bill Hall coordinating the plan from their administrative positions in Central Illinois. Bill and Jim will be working closely with the several area chairmen, located throughout the state. With our beautiful new addition we can hold about seventy men comfortably. With 92 undergraduate men on campus, we are not really hurting for members.

In the past year the Illinois Chapter has expanded in every way, and it is a welcome change to add scholarship to the list.

To complement scholarship and intramurals too, Delta Chis have been moving out in campus activities. Dave Fontilla has been re-elected to Student Senate from our district, while John Schroeder, on the freshman gymnastics team, and Perry Soldwedel, have recently been elected to Skull and Crescent, the sophomore activities honorary. Perry has also been selected major chairman of Activity Day, and sophomore manager of Star Course, along with Tom Gray and Steve Dixon.

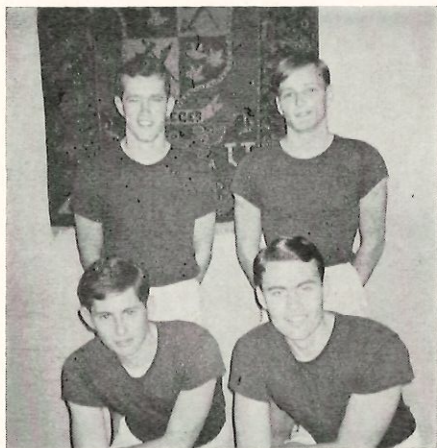

El Senner, past "D", is the new senior manager of Star Course, while Bill Rogers has moved up to fill in the Junior Manager Slot. Harry Clem continues in Arnold Air Society, as does Bill Austin on the Concert

Indiana Chapter's Mother's Weekend, April 23 and 24, 1966.

The beginning of Indiana Chapter's band, "The Mossy Clams". From l. to r., Norman Lewis, Organ, Guitar, Sax, and lead singer; David Weaver, Guitar, Harmonica, and vocalist; Bob Jones, Drums.

Indiana Chapter's "Little 500" bicycle team. Top, l. to r., Paul F. Howard, and Steve L. Klepfer. Bottom, l. to r., Danny Kline, and Greg Dunnuck.

Indiana Chapter's Delta Chi Sweetheart, Sandy Settle.

Dennis Howard Fisher, Junior from Atwood, Indiana, majoring in Finance, and Indiana Chapter "A".

and Rick Cochran, a business law major from Marion.

Brother Robby Johns has been elected vice-president of the Junior Interfraternity Council here at Indiana University. Robby is a pre-med freshman from Hammond.

The Indiana Chapter of Delta Chi hosted a very successful Mother's Weekend, April 23 and 24. Our thanks go out to Keleas Delta Chis, our pinwomen's auxiliary for their help in making the weekend such a success.

We have acquired the makings of a band here at Indiana Chapter with Bob Jones, drummer, Norm Lewis, organ and sax player, and David Weaver, guitar. Brother Bob Jones is a freshman from Monticello, Norm is a freshman from Clarksville, Kentucky, and Dave Weaver is a sophomore from Hammond. We hope to pledge a bass guitar player next fall. We also have started a folk singing group, and plan to enter the I.U. Sing next year.

We entered the annual Tau Kappa Epsilon chariot race with Brothers Bob Campbell, Rick Cochran, Jim Bagaloff, and Steve English running. We were judged the most exciting team since we had a spectacular wreck just before the finish line. No brothers were seriously hurt, and we all had a good laugh.

Brother Bob Campbell, a senior physical education major from Park Forest, Illinois, was captain of the I.U. Wrestling Team this year and placed 2nd in the Big Ten Conference and 3rd in the National Conference. Bob wrestled 130-pound class this year.

Brother Randy Burkhart may be leaving us next year to attend West Point Academy.

On April 3 this chapter was stunned by the death of Joseph Van Cline, who was killed in a head-on collision about twenty miles outside Bloomington. He was returning from home after the spring vacation. Joe Cline was a senior, majoring in History. We mourn his death here, and will probably continue to do so for a long time. In his memory, we are setting up a scholarship award, and a room in our new chapter house will bear his name.

The Alumni Relations Program this semester has been centered about fund raising for the new chapter house. Don Krueger, '46, announced that \$75,000 will have to be raised through Chapter Alumni before construction of the \$400,000 structure can begin this spring. The program has been quite successful thus far, but increased Alumni support will be necessary if the chapter is to attain its desired goal this spring.

Alumnus John Huddleson has been quite helpful this year in the maintenance and repair of the present Chapter house. Through the combined efforts of Brother Huddleson and of previous house manager, Dave Friend, extensive plumbing repairs were made. Also, storm windows were added in the late fall to prepare for winter, and some carpentry work was undertaken.

Donations from Alumni made possible the purchase of new furniture for the dining room. We sincerely appreciate the devoted efforts of friends and alumni of the Indiana Chapter.—David Weaver, "E".

Greek Man of the Year

Iowa Chapter has developed a sound program for its prospective rushees for this summer. Coordinated under Dean Hoppe, "A", and Mitch D'Olier, "B", the program consists of four major parties in various midwestern cities, plus numerous private parties which do not come out of house funds. This enables us to contact more men through our parties and still take a minimum amount of money from our treasury. We also depend upon individual, person-to-person visits from the members to our prospective candidates. This allows for a more personal relationship between Delta Chi and what it stands for and the incoming rushee.

The chapter has received campus recognition through several of its member's activities. Bill Rosebrook, chapter luminary, was recently elected Greek Man of the Year, Mitch D'Olier is Interfraternity fall rush commissioner and editor of the IFC rush

Greek Woman and Greek Man of the Year at University of Iowa, Brenda Schnede, Kappa Kappa Gamma and Bill Rosebrook, Iowa '66.

pamphlet, Stu Wallace is IFC treasurer and Tim Price and T. J. Mikkelsen hold head positions on Union Board. Also, numerous members are involved with committee positions in various campus activities, all of which helps to advance the name of Delta Chi here at the university.

In the field of athletics the chapter is also gaining notable recognition. Jack Bieber is playing number one on the golf team, Arden Stokstad is number one man on the tennis team and Rich Stokstad is the top-seeded man on the freshman tennis team. Also, Dave Smith is playing the linebacker spot in spring football drills, and will start at that position next year.

A new advisory program in the chapter (to start next year) is viewed with high optimism by all members. Ken Padgham, '64, has expressed his interest to live in the house next year and act as an alumni advisor. We feel he will be a good, unbiased viewer on the problems that may come up next year concerning rush, scholarship, etc. As Ken has been chapter "A" in the past, his experienced, respected advice to all members of the executive council will be welcomed and appreciated. Delta Chi at Iowa look forward to a hard-rushing summer and a most productive fall semester next year.—Ron Gipple, "E".

Mother Schwendener Dies

Iowa State Chapter sadly announces the passing of Mother Schwendener. She died on January 1, 1966 in Chatham, New Jersey. Services were held in Story City, Iowa, on January 3. Mother Schwendener first became housemother for the Iowa State Chapter in 1931. She remained housemother until she retired in the spring of 1962. Any alumni who are interested in contributing to a memorial fund in her name can send their contributions to the chapter house.

This year's summer rush program is based on two ideas: concentrated personal contact, and recommendations by alumni. The personal contact will be the main part of the program and will be carried out by all actives and pledges in the house. This phase is already underway since we have already held three major rush functions aimed at the incoming freshmen in the central Iowa region. However, this year we are going to

rely heavily on recommendations from alumni, so if you know of anyone who is planning on coming to Iowa State next year, please send his name and address to Sid Soldwish at 2138 Sunset Dr., Ames, Iowa 50010. To supplement this program several rush parties have been planned, not only in the Ames area but also in the Chicagoland area. Summer rush will be topped off with various kinds of activities during formal Rush Week which is from September 6 through September 10.—Jan Shoemaker, "E".

Chapter's Tenth Anniversary

Kansas City Delta Chis, with a renewed springtime vitality, pushed for a new level of participation on campus, taking honors in sports, scholastics, and campus merit. A full program of work, study and social life rounded out the chapter's activities during the spring months.

Bum Friday, UMKC's version of homecoming, found the Delta Chis making substantial contributions to the festivities. Our "Car-Bash," the first of its kind to be held, drew record crowds for the day's events.

The Delta Chis succeeded in dragging down all competition in the inter-fraternity tug-o-war by pulling the TKE's and AEI's into the infamous mud-hole. During the

Presentation of 1964-65 Delta Chi greatest improvement in scholarship plaque April 16, 1966 at UMKC banquet, the date of the tenth anniversary of chartering, the 30th of founding as a local. L. to r. Regent Charles Wright, Executive Secretary Harold E. Buchanan, UMKC Chapter "A" Victor Trujillo, and former "BB" Charles Cobb, D.D.S.

Victor Trujillo, "A", UMKC.

Mr. and Mrs. Charles Wright at UMKC banquet. Sally is a Delta Gamma from K.U., Chuck a K.U., '41, Delta Chi.

evening activities Jorg Ludwig brought honor to the chapter by being selected as the "Most Fascinating Man On Campus."

In intramurals the Kansas City Chapter took an upward surge from our first semester slump. After a mildly successful season in basketball, the Delta Chis shifted into high gear on the bowling lanes, sweeping all honors by taking both first and second place in the championship runoffs. Mike Cary, a second semester pledge, left the competition in the University Golf Tournament by taking first place with a low 78 score.

The field of scholastics and campus merit also found the K.C. Chapter reaping its share of top honors. At the annual awards banquet, Jim Clemenson received an award for outstanding work with Delta Chi. Elliot Shubert was honored for his work with the Center Board, a committee which controls many of the university's extracurricular activities. Jorg Ludwig was honored with membership in Omicron Delta Kappa honor society and received an additional award for his contributions to the Cosmopolitan Club, a large organization of foreign students. Dan McAuliffe, our current "A" is presently serving on IFC as secretary and was recently elected to the Student Council as a representative from Arts and Science.

Probably the biggest event of the year, The Kansas City Chapter's Tenth Anniversary Dinner-Dance, offered the brothers a long-awaited chance to meet Harold Buchanan, Executive Secretary, and Chuck Wright, Regent, and Mayor of Topeka, Kansas. The chapter was also honored on this occasion with the presentation of the national award for most scholastic improvement, an achievement sparked by tremen-

dous group determination.

Our sorority relations were given a boost by Vic Trujillo, past "A", as he was chosen Chi Omega "Sweetheart" at the sorority's annual Sweetheart Dance. Kansas City Chapter chose Pat Bruce, a Chi Omega, for our sweetheart and Sharon Welch, also a Chi Omega, for the Queen of the White Carnation, a newly instituted honor bestowed by the chapter.

As fall rush comes into view the K.C. chapter is gearing up for what we hope will be the best pledge class of all time!—Larry Langford, "E".

Alumni Barbecue a Success

Kansas State Chapter stood united when, in early March, the filming of a short skit to be shown at Harlequinade, March 25, took place. Harlequinade is an annual event sponsored and sanctioned by the university in which various living groups present dramatic productions. This year, to fill the gaps between acts, a film contest was held. Kansas State Chapter's presentation, entitled "The Pinning", was a finalist in the competition and another trophy took its place among its successors. The content of the film centered around a not too characteristic pinning which had several humorous incidents. All participants enjoyed themselves throughout the filming as did the Harlequinade audience.

Darwin Cline, past "A", was a finalist in FMOC (Favorite Man on Campus) competition, being named first runner-up at the FMOC dance March 18. The fraternity backed "Dar" all the way during the cam-

paign, serenading all of the women's living groups on campus and assisting in campaign poster distribution and other phases of the campaign. The girls all seemed to enjoy the serenades.

Another first for the Kansas State Chapter was the alumni barbecue held Saturday, May 7. The barbeque was given by the chapter alumni for the active members and their dates and is intended to become an annual affair. The event began at eleven o'clock Saturday at Pottawatomie State Lake near Manhattan. The meal, which was tremendous, was followed by an afternoon of games and friendly conversation as new acquaintances were made and old ones were renewed. About forty-five people attended the barbeque and we hope more alumni will be able to make it next year. Duke Reiber, Treasurer of the alumni board, was instrumental in the planning and coordination which resulted in this successful event and we all thank Duke for his fine work. Among those in attendance were Chuck Wright, past Regent for Region Five, Vic Whitaker, Bill Siebert and his wife Susie, and a late but welcome arrival, Don Mach. Letters were received from Phil Shehi and Bob Davies in which they expressed their regrets for not being in attendance but also expressing their continued support of and devotion to the chapter.

Chi Delphia has recently completed the writing of its Constitution and now has a definite purpose and direction.

Plans are now being formulated for our summer rush program. Through our informal rush activities this Spring, we have contacted numerous boys with intentions of attending K-State next Fall. These boys comprise the nucleus of high school graduates to which our rush program is directed. To facilitate rush in various parts of the state, we plan to coordinate several rush functions with the Kansas Chapter, a practice which we hope will be beneficial to both chapters.

On everyone's mind at present is the White Carnation Ball to be held May 14. Plans are almost completed and all await the big day.

We hope that through summer rush we can improve and strengthen the chapter here at Kansas State. We all feel as though

A scene from "The Pinning" presented by Kansas State Chapter at Harlequinade.

this school year has been educational and beneficial and look forward to the 1966-67 school year with higher expectations and goals.—Philip L. Sell, "E".

Full Calendar

Lehigh Chapter again had a good rushing period, getting 19 pledges from a total of 27 bids given out. This 73% acceptance was one of the highest of any fraternity here at Lehigh. As usual "Big Brothers" were assigned each pledge, and with their help it looks like the pledge class average is going to go up.

A big event this semester was IFC Weekend held on March 18-20, 1966. In the preceding week every fraternity did some part in helping the town. Our chapter unloaded civil defense equipment one morning. It was estimated by the town that it would have taken the Bethlehem Municipal work crews one month to complete the work done by the fraternities in three days. The chapter was also proud to take a second place in the bed race held Saturday, a close tenth second off of first. The bed was reworked for racing by brother Tom Komline and driven by his pinmate Miss Karen Smith.

Spring Weekend also found the chapter in the news. At the Brothers Four Concert, April 29, Nancy Downs, date of brother Bob Hamlin was placed in the finals of the Houseparty Queen contest. A highlight of the weekend was a picnic at Bushkill Falls, the Niagara of Pennsylvania.

As last year, we held a clambake on

Harry Knecht entertains his parents on Parents Weekend.

Sunday of Parents Weekend, along with the annual pledge-brother softball game. As is tradition the pledges bowed to the more experienced brothers. (The umpire was also a brother.)

Alumni Weekend, April 14, was as popular as ever. At the Las Vegas Night everyone was given a chance to beat the house at his favorite game. Play money was used and later proved valuable in the auction of some gifts by the house. Everyone had a good time and looked forward to coming back next year.

The chapter is really proud of some of its outstanding brothers. Brother Bob Montigel, number one man on the golf team, paced the Lehigh team to a first place vic-

tory in the MAC golf tournament. Bob has been shooting in the low 70's throughout the spring. Brother Charlie Gorton, a junior ME, was elected to the ME honor society, Pi Tau Sigma. Brother Emory Zimmer and Chip Kunkle were elected to L.O.B.D., a fluids honorary. Chip is the first non-senior ever to be elected to the society.

The Lehigh Chapter wants to wish everyone a good summer.—James E. Hoffheins, "E".

E. Q.'s Place a Success

Long Beach (California State) Colony's biggest undertaking during the spring semester was '49er Days on the Cal State campus. The theme was a simulated 1849 mining camp in which school organizations constructed buildings representative of this era. With wood salvaged from an abandoned ranch, the brothers at the Colony constructed a "saloon" named "E. Q.'s Place." Hot dogs, root beer, and ice cream were sold. Folk singing and blue grass by some of the more talented brothers provided entertainment. The distinctive characteristic of our contribution was that the visitors from the Long Beach area were invited to participate with the brothers in the entertainment activities.

Our Colony also fared well scholastically, walking away with the IFC scholarship trophy. Helping immensely was the 2.85 G.P.A. earned by our pledges.

The brothers recently initiated ten young

A bag of clams goes to Mike Madigan's parents at the clambake on Parents Weekend.

Brother Joy Brown and Little Sister Ann Templeton in "E. Q.'s Place" during '49er Days on the California State campus.

California State Colony's "saloon" during '49er Days. (Photo by Ken Cleek)

ladies into the Little Sisters of the White Carnation. Although new with the Colony, the girls have already proven their worth.

Expansion, brotherhood, and good times are on the slate for the upcoming months. In the making is a new house of twice the size of our present one. The brothers have worked hard to overcome the legal obstacles and with those out of the way, moving day is set for June 15. We expect to have more than enough help getting the house ship-shape for rush next fall. "Help week" and initiation are planned for the summer at the house with a total of sixty aspiring pledges from our house, Los Angeles State, and Fullerton State participating.

With a new selection of officers under the ambitious leadership of our new "A", Roger Agagianian, the California State Colony plans bigger and better things (such as that charter) for the year to come.—Joy Brown, "E".

Academic Excellence Rewarded

Miami Chapter saw the graduation of 26 brothers of Delta Chi at the conclusion of the Spring trimester. Their future plans involve graduate study, military service,

teaching and business professions. Keith Womer and Dan Parrat were both awarded three year NDEA, National Defense scholarships, for further study. Dan's is in Slavic studies and Keith's is in economics. Dick Campbell, receiving his fourth straight four point, was awarded for his academic excellence by graduating *summa cum laude*. He was also awarded by being chosen for Phi Beta Kappa, the Air Force ROTC Outstanding Senior Award, and the AFROTC Academic Award. Larry Biddinger also received the Air Force ROTC Outstanding Senior Award. Robert Brandenburg was chosen for membership by Beta Alpha Psi, national scholastic accounting honorary.

Spring also brought the election and appointment of many brothers to important campus positions. Frank Seres was elected secretary of the IFC, Tom Dixon was elected vice-president of Young Republicans, Andrew Skaff was appointed to head up the Homecoming activities for the Fall 1966 and made editor of a new booklet for freshmen describing the common curriculum courses and giving a synopsis of the professors teaching these courses. Steve Wiman was appointed Publicity Chairman for the Senior class.

In February the chapter and their dates

Mary Imoberstag, pinmate of Larry Biddinger, Miami Chapter's new sweetheart.

travelled to the Holiday Inn in Cincinnati for the Winter Sweetheart Formal. Mary Imoberstag, pinmate of Larry Biddinger, was chosen to be our new sweetheart. Mary is a junior and a member of Alpha Chi Omega sorority. The social calendar was topped off by our annual Fort Lauderdale party held in March.

Mother's Day was held on March 6 due to the trimester. The mom's were hosted to lunch, a buffet supper, serenades, and entertainment.

On April first and second a house association meeting was held concerning the final plans for discussion at the June meeting. After the meeting those attending were served dinner by the active chapter.

Rush chairman for the coming year is Bill Boehler, a junior majoring in political science. Because Freshmen rush is deferred until the second trimester at Miami, our summer rush program will be quite limited.

I urge all alumni who know potential rushees, to contact Bill Boehler at 20071 Mercedes Ave., Rocky River, Ohio or at 116 North Campus Ave., Oxford.

In all it was a busy and successful semester for the Miami Chapter.—William B. McCracken, "E".

John Brown, "A" at Michigan, checks notes during his report on pledging. Ken Field, "B", (r.) contemplates the vastness of it all.

New Rush Booklet

Michigan Chapter members joyfully departed from Ann Arbor at the completion of the final examination period, April 26, with plans for next fall's rush well underway. Some of the brothers left for their summer jobs, looking forward to gaining experience in industry. Others will spend the summer traveling both in the U.S. and abroad. Some elected to remain in Ann Arbor, enrolled in the summer term.

During the summer a new rush booklet will be completed and made ready for fall rush. The booklet will feature photographs taken by Lyman Flook, '68, illustrating the meaning of Delta Chi at Michigan. Designed to be different, text material will be at a minimum. Its preparation has been handled by students in the art school.

Our chapter newsletter will also reappear this summer after a long absence. The rebirth of the *Michigan Delt* is part of an overall effort to revitalize alumni relations in order to draw as many as possible back to Ann Arbor for the 75th anniversary of our chapter's founding, next spring.

When we return in the fall, we will also enjoy the new couches for our living room and new mattresses which will arrive sometime during the summer. And of course, we are looking forward to the convention in St. Louis and a successful fall rush.—Laurence Medow, "E".

Troy

State . . .

Delta Chi's

Fifty-second

Chapter

It was just a year ago when Delta Chi announced the establishment of a Colony at Troy State College, Troy, Alabama. It is with pride that Delta Chi now announces the chartering of this group as an undergraduate chapter of the fraternity. The following is an account by Leonard D. Carlisle, Jr., "E", of the events of the charter weekend.

DELTA Chi Fraternity of Troy State College set the pace for fraternities by becoming the first internationally chartered fraternity on campus. The weekend of Apr. 1-2, was filled with activities. Friday night a formal dance was held by the fraternity, co-sponsored by Kappa Delta sorority. The theme of the dance was an appropriate "Greek Holiday."

ON Saturday evening, April 2, a banquet was held at which the presentation of the charter was made and various awards given the chapter. Jefferson J. Coleman, past "AA", and presently director of alumni affairs at the University of Alabama was the principal speaker. Frank J. Mizell, Jr., of Montgomery, was toastmaster. The "AA", Claude B. Layfield, Jr. of Auburn, conducted the presentation of the charter along with William P. Dorné, Regent No. 9, and Clayton T. Roberts of Montgomery. Winston Griggs, colony president, accepted the charter for the Troy State Chapter.

PRESENTATION of awards and installation of officers followed. Auburn University Chapter presented a pledge plaque for outstanding

HELP CHAPTERS RUSH

Delta Chi Alumni can do much to help their own chapters as well as other chapters in the all-important function of rushing. If you, as an alumnus, know of a good man who will be attending a college or university with a Delta Chi Chapter or Colony, fill out the necessary information and send it to the appropriate rush chairman, or to the Headquarters Office, 16 S. Clinton, P. O. Box 228, Iowa City, Iowa 52240.

Campus Scene

(Continued from page 39)

Traditions Upheld

Michigan State Chapter upheld its high academic, scholastic and athletic traditions again last term.

We proved once again that Delta Chi has the best basketball team at MSU by capturing the all-fraternity championship for the second year running. After an exhibition loss to the varsity reserves, the ΔX 's went undefeated in seven games to capture the crown.

The volleyball team did almost as well by going undefeated until the finals only to lose by one point in the last game.

The Winds of Delta Chi performing during intermission before a nationwide TV audience.

Dick Henlotter helped the swimming team make a good showing in the meet by taking a first in the 50-yard breast stroke and setting a school intramural 200 freestyle record.

Because of our efforts during the winter term, we retain second place in the race for the fraternity division of the all-sports crown. We hope to capture it by the end of spring term if all goes well.

The crowning achievement of our scholastic efforts last term was the winning of the All-Fraternity College Bowl competition. Teamed with the women of Pi Beta Phi, the ΔX 's could not be beaten in the areas of science, history, English and general trivia. Acceptance of an invitation to appear on the national television College Bowl pro-

Larry Owen, recently elected IFC president, already has instituted significant programs to improve the Greek System at MSU.

Gary Posner, vice-president of academic affairs. He oversees the winds of change and Provost Seminars in addition to coordinating the Student Education Corps, STEP and the Campus Community Commission.

Terry Hassold, elected to the post of president of the Cabinet at MSU. He will coordinate the cabinet's Student Board into a well functioning organization reflecting the policies of the key government leaders.

Ted O'Neil, Student Opinion Research Director at MSU. He directs the responsibility of polling the student body to determine the consensus on student opinion regarding government functions and programs.

gram is in the making for this autumn.

Our alumni newsletter, which was first published as an experiment was a resounding success. Returns from the first issue of the *Kimball Kourier* have been encouraging and we hope to attain our objectives of closer alumni-chapter relations.

The brothers look with satisfaction upon the tremendous growth and diversity enjoyed by our house during the past 5 years. However, with the new year it was decided to revise our rush and pledge programs. To solve the problem, we held a one-day retreat away from our house. As a result, we had a framework and rough draft for a more efficient rush program and an equitable pledge program to suit our needs.

These results have been beyond expectations. Spring term rush was a great success; but more important, the attitude of the pledge class has been one of renewed interest and enthusiasm toward becoming a brother in Delta Chi.

The recent success of "The Winds"—a folk-singing group in the Kingston Trio tradition—composed of 5 ΔX 's, has been demonstrated by an overwhelming demand for their services. Highlighting their infant career was a concert performance for the student body at intermission during one of the recent nationally televised MSU basketball games. They are now in the process of cutting a record set for national promotion by Detroit radio stations.

MSU student government elections have

been completed and once again Delta Chi emerges as one of the top leadership houses on campus. Congratulations are in order for Larry Owen, Terry Hassold, Ted O'Neil and Gary Posner.—Hank Moczul, "E".

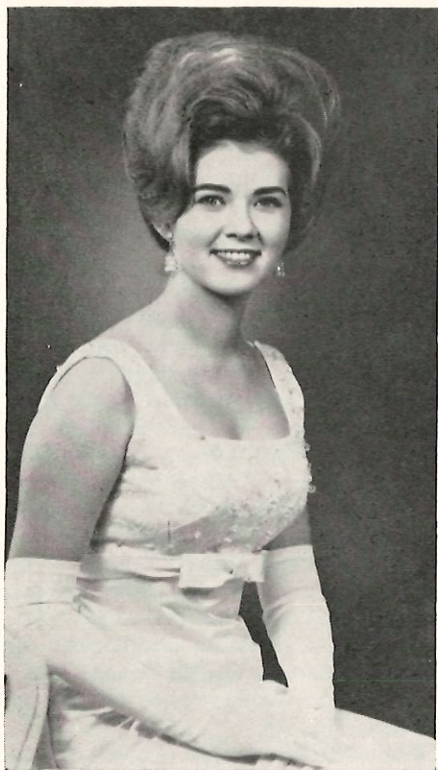

Second in Scholarship

Minnesota Chapter members are emphasizing a new summer rush program. The plans for summer rush are not complete as yet, but will consist primarily of extending rush beyond the campus to the high schools and out of state in addition to the formal rush organized and conducted by the Interfraternity Council. Our rush chairman and chapter "B", John Knepper, is to be commended for his many efforts in this capacity.

The Minnesota Delta Chis have again enjoyed academic success. This past winter quarter six actives attained G.P.A.'s of 3.0 and above. Dale Jorgenson, majoring in psychology, came up with a perfect 4.0 G.P.A. These notable scholastic achievements led to an accumulative chapter average of 2.8, which put the chapter second in fraternity scholastic standing.

Due to the loss of eight seniors by graduation, the brothers of the Minnesota chapter have been chiefly concerned with initiating a program of membership renovation. The purpose of this program is the education of the younger active brothers in exercising within the chapter, the concepts on which Delta Chi was founded. The program has been tremendously successful. It has proven beneficial to the senior brothers as well as the younger ones for which it was intended.

The greater part of this new policy has been devoted to electing the younger (and therefore less experienced) brothers to many of the offices formerly held by the senior members. This is being done in order to acquaint them sooner with the responsibility of effective fraternity management. They have proven that, though younger and less experienced, they are no less devoted to Delta Chi and the principles on which it is founded, than are the graduating brothers. They have displayed remarkable competence in every aspect of fraternity life, and the graduating senior brothers are justifiably proud.—Larry P. Hoyt, "E".

Rosanne Burleson, Chi Omega, Mississippi State Chapter's Sweetheart, pinned to Ralph Cash.

Extensive House Renovation

Mississippi State Chapter finished the spring semester with a long list of accomplishments. Among the activities was an extensive house renovation. The complete first floor was panelled in oak and the ceiling covered with acoustical tile. Under the supervision of House Manager Steve Lawrence, the pledge class built a brick patio in back of the house which was put to good use when the weather got warm.

The chapter hosted the Phi Mus for a hamburger supper before finals. Entertainment was provided by two long-haired, guitar-pickin' brothers. After the supper the Phi Mus challenged us to a volleyball game. To the victors go the spoils.

In the campus wide elections, Bob Farr was elected to the office of treasurer of the Student Association for the coming year.

Our housemother, Mrs. Agnes Kahl, is shown serving punch to Bob Miller and his date at the formal.

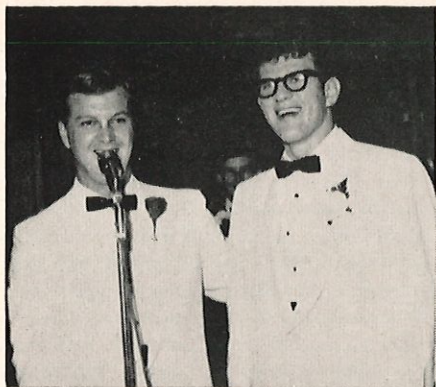

Members and dates at Miss. State's Spring Formal.

Bob, who is very interested in campus activities, has also served as chairman of the Housing Committee. We have decided to try to qualify for the HHFA building loan provided by the university. If approved, it will be possible to build on campus in the next two years.

The Second Annual White Carnation Ball was held at the Starkville Country Club with music by the Van Del's. Rosanne Burleson, a Chi Omega and pinnate of Ralph Cash, was chosen Sweetheart. After the formal everyone attended a breakfast at the home of Mr. Eugene Hansen, Miss. State "BB".

All the prospects appear good for a successful summer and fall rush. The summer

Jim Burwell receiving The Outstanding Pledge award at the White Carnation Ball.

rush party is to be in Jackson, Miss. on July 15. If you know of any prospective rushees who are to be at State the fall semester of 1966, please contact Steve Lawrence, 4136 Meadow Lane Drive, Jackson, Mississippi.

We would like to express our appreciation for a job well done by our housemother, Mrs. Agnes Kahl. As this was both her first experience as a housemother and the first time we have had a housemother, many obstacles had to be overcome. Everyone agrees that we could not have found anyone better and we are looking forward to having her back next year.—Lige Brown, "E".

Sorority Girl of the Year

Ohio State Chapter is participating in the University's spring activities as well as promoting their own, such as the Sorority Girl of the Year, where the Delta Chis pick the girl whom they feel is most deserving of such a title.

The chapter is spreading its name about campus through many veins. Brother Bob Dove was starting center on the varsity basketball squad, Rodger Wilson is running track, Frank Finegold is chief photographer of the *Ohio State Morning Lantern*, Phil D'Angelo won the 14-pound, class A, intramural weight lifting, Jim Roesch and Dick Nicholas hold chairmanships for May Week, and Larry Sherer is president of IPYE. Ken Mock blows trumpet in the Buckeye Band, and Jerry Oursler has just

completed three years of officership for the Young Democrats.

At the alumni recognition banquet, Andre Ezis was given the Dana F. Reynolds Most Outstanding Active Award, while new initiate Bill Harlor received the Most Outstanding Pledge Award. Also at this banquet, the recipients of the testimonials of appreciation from the General Fraternity were recognized. These men are, Judge Dana F. Reynolds, Paul Benedum, Robert Edwards, Robert Mouch, and Robert Dove, Jr.—Royce O. Snyder, "E".

New Chi Delphia Chapter

Oklahoma State Delta Chis again came out on top at election time. Bob Bird, '67, was elected Student Association president for the next year. Another active politician here is Gene Dorris, '66, who was elected as the graduate senator for the Student Senate. We hope these men will be as valuable in the future as they have in the past in promoting Delta Chi on campus.

Following the guidance of Gene Dorris and Woody Aaron, a Chi Delphia Chapter was formed here at OSU. After obtaining information from the Kansas Chapter concerning their "little sister" group, we pledged and initiated twenty-one women including our housemother, Mom Schmidt, and a faculty advisor, Mrs. Deanne Connors.

Starting with pinmates and dropmates of the brothers, the Chi Delphians now represent six sorority houses and three residence halls. The girls are chosen for membership by a vote of the chapter and by the Chi Delphia chapter. The girls are chosen on the basis of personal ambition and loyalty to Delta Chi.

Since its beginning in February, the Chi D's have proven their worth. During our White Carnation Weekend, the "little sisters" acted as hostesses and sponsored an outdoor breakfast for the brothers. The girls also eat formal meals at the house and have shown to be an invaluable asset to our rush program. A system for the future includes initiating a plan for giving the girls "little brothers" from the pledge class. The girls will also help with our pledge program by holding manners meetings and adding a feminine touch to pledge class projects.

We hope that their function within the

Chi Delphia at Oklahoma State.

chapter will help form a lasting tradition.

Recently, after much hard work, a colony was established on the campus of Oklahoma East Central at Ada. It will begin its functioning with 18 high-quality men. With their determination and support from the OSU Chapter, they appear to be potentially the best fraternity on the campus.

The summer rush program is set up to put two rush coordinators in the field to rush in many of the smaller towns over the state. It will be highly centralized with the headquarters in Stillwater during summer school. We will have three or four small parties in each of the larger towns, and one "state-wide" rush party in Stillwater. Having already had our two spring rush parties on campus, we can see that we have many good men on our rush list.

Our pledges have been working on a project to completely remodel the women's lounge in the house. To raise money for the project they worked on weekends painting house street numbers on curbs. We also carpeted all the halls, the library, and our housemother's apartment. After a very good semester, we are looking forward to the future.—Dan Belcher, "E".

Comprehensive Rush Booklet

Oregon Chapter's summer rush program will emphasize personal contact by the men in the house with prospective rushees in their area. Our rush chairman will send out letters and questionnaires to all prospective rushees to find out some of their interests and plans. When the rush chairman receives the completed questionnaires, he will mail them to the men in the house who can

contact the rushees by personal visitations or through organized functions in their area. The house will be open most of the summer, and a summer communique will be published to coordinate the program and set up dates for functions.

The IFC at Oregon has adopted a new idea for rush booklets. Instead of the individual houses putting out their own separate publications, IFC has organized one comprehensive booklet to include information about each house. The purpose of this is to provide equal opportunity for both large and small houses to reach prospective rushees. Each house is allowed four pages to get its message and image across. We feel that this will probably benefit us, and put us on a more equal footing with some of the larger houses on campus.—Dave McDowell, "E".

Second Playmate Calendar

Oregon State Chapter is producing its second annual Delta Chi Playmate Calendar this spring. The calendar features the Delta Chi Miss of the Month (selected by her living group, Greek or independent), names of subscribers, and a complete listing of campus events of the coming year. This service, as shown by the first annual calendar, has put Delta Chi on the tongues of many prospective pledges, town people, and the Oregon State Campus personnel. It has truly put Delta Chi in the "upper echelon" of campus society.

On campus this term, the Delta Chis have excelled as usual. Jim Dernbach won first place in singles and team competition in the annual Kiwanis Club Pancake Eating Contest, with an uncontested mark of "12 downed".

The men of the house earned their second consecutive victory in the Campus Blood drive, giving the largest amount of blood on a percentage basis. This makes a "clean sweep" for this school year, as we also won in the fall term. This gives us an excellent chance to retire the revolving trophy for the highest percentage of donors for three consecutive blood drives.

In intramural sports the basketball team had a fairly successful year with the "A" team finishing second in the league. The

majority of its wins were by a large margin. The "A" team which consisted of Del and Doug Berg, Charles (Corky) Palmer, Rich Kennedy, Steve Eubanks, and Keith Clark was backed up by a less successful, but never-the-less determined "B" team. The "B" team consisted mainly of Clare Gove, Paul Okano, Ken Shaw, Jim Dernbach, Ron Guiley, and Jack Wilborn. Del and Doug Berg were virtually unstoppable under the boards in the majority of our games and together with Corky Palmer provided the backbone of the team. The basketballers are looking forward to a highly successful season next year, since all the "A" team and most of the "B" team will be returning.

The softball team is currently finishing the regular season in a tie for first place. Considering the potential of the team, we are all optimistic as to the outcome of the league playoffs. The team receives much useful coaching from Bill Bonser, who is starting catcher for the Oregon State varsity baseball team, and is also the house "A".

Oregon State rolled out the "orange and black" carpet for Mother's Weekend, April 29 to May 1. At our annual banquet to honor Delta Chi moms, three men were honored by their brothers. Larry Rader was announced as chapter luminary, Lester Wilson was given the outstanding freshman award and Steve Eubanks was selected for Thanes, a sophomore service group.

The Oregon State alumni are reorganizing in Portland and any Oregon State alumnus who has not been contacted, can call or write to Dean Werst, 11575 S. W. Greenberg Rd., Apt. 14, Tigard, Oregon, or Lester Wilson, "E", Delta Chi Fraternity, 203 N. 13th, Corvallis, Oregon 97330.—Lester A. Wilson, "E".

Spring Week Carnival

Penn State Chapter finds that spring is always a busy and exciting time.

Chief among our activities is preparation for the Spring Week Carnival to be held May 21. The carnival theme this year is "Festival of the Arts" and our chapter is working with the girls of Alpha Omicron Pi in the music category. In an endeavor to do even better than last year's third place finish we have written and composed the music for a skit, based on the plays of

Gilbert and Sullivan, entitled "Love Is a Lavender Pantaloon or When Britain Ruled the Waves".

Another spring highlight, our Mother's Day celebration, was a huge success. The house was opened and parents, some former Delta Chis, were treated to a sumptuous meal and a tour of their son's living quarters.

An ugly note of tragedy intruded into the merriment however, when a series of serious misfortunes befell our cook and dishwasher, a beloved husband and wife team, who have been with us many years. The chapter has undertaken a variety of projects in order to raise money to aid them through this crisis.

Sam Magrone and Denny Faber are joined in holy wedlock by "Marryin' Sam" Wilson at the Penn State Chapter's "Wedding Party".

A serenade to celebrate the pinning of four brothers at the Penn State Chapter.

Sam Magrone after being dunked in the pond at the Penn State Chapter to celebrate his 21st birthday.

Largest Pledge Class

Purdue Chapter has no formal plans for summer rush.

Purdue Chapter has had a very successful year in expansion, scholarship, and social activities. The brothers have really gone all out to make this one of our most successful years.

After three weeks of informal rush, we pledged 40 new members—the largest pledge class in the history of Delta Chi at Purdue. Most of the credit should go to Steve Foster for his supreme effort as rush

The Penn State Chapter has no formal summer rush program due to local Interfraternity Council rules banning such activities.—Dwight S. Russel, "E".

Some of the brothers making preparations for the "Viet Chi" dance at Purdue.

Pledge Bruce Underwood preparing some of the inside decorations for the Purdue Chapter's "Viet Chi" dance.

Carless riders on their way to the cookout preceding Purdue's "Viet Chi" dance.

The cookout at home of faculty advisor, Mart Fowler, preceding Purdue Chapter's "Viet Chi" dance.

chairman. Every pledge is in at least one student activity and most of them are in two or three.

Scholastically Delta Chi has come up and is substantially above the all-university index. Morgan Beatty pulled top grades in the fraternity with his third straight "A" semester. He has received proper recognition from the university and was selected to be the chapter "A".

Our spring house dance was a great success to us and was much talked about around campus. During the "Viet Chi" dance the house was turned into a prison camp and the tents in the yard were used to accommodate the uncaptured brothers and their dates. A cookout at the home of faculty advisor Mart Fowler preceded the dance.

The Mother's Day weekend was the best ever. The "Moms" were treated to a prime rib dinner, the university singing contest, and a sleep in our dorm for a night. The mothers enjoyed themselves so much that they decided to donate \$315 to the chapter.

As for the spiritual accomplishments of the chapter; it is really impossible for me to express the happiness that has been brought into my life and the things which will remain with the brothers of this house and all of us as brothers through our years as a result of Delta Chi.—William Lee Nie-man, "E".

Executive Secretary Harold E. Buchanan got this good picture of the Rollins Chapter basketball team during his visit to the chapter. Charles Gordon is in front. Rear, l. to r., are Jim Stewart, Van Lawrence, Mike Stone, Rick Maltby, Barry Milner, and Pet Cowin.

L. to r. Van Lawrence, Gary Milner, Jay Titus, Charles Gordon, Rick Maltby are caught in a relaxed moment during Executive Secretary Buchanan's visit in February.

Barbeque for Alumni

Rollins Chapter brothers will be entertaining the incoming students at their homes during the summer. James Stewart, 18 Timber Lane, Westport, Conn., has been elected our summer rush chairman.

Our chapter won the interfraternity soccer championship during the winter term. We also won the football championship last fall. We finished runner up in the intercollegiate debate. G. Stanwood Lamb (Woody), 301 Lydecker Street, Englewood, New Jersey won second place in the Rollins invitational art show. Incidentally, Woody was the only Rollins student to win an award. Neils Menko is receiving the highest scholarship award for this year. Edward Maxcy, former "A", received the highest senior accumulative average for the past three and a half years, and was also awarded the Algerman-Sydney Sullivan Scholarship Award.

Our chapter held a Bar B Q for our alumni in May. It was very successful. Most of the alumni who came were from the central Florida area. The majority were graduates of Rollins or of U. of Florida.—Thomas N. Broadbuss, III, "E".

New Colony

Sacramento State College Colony will

have a rush program consisting mainly of contacting high school graduates and Junior College transfers from our home towns who plan to come to Sacramento State in the fall. We will contact them either personally or by mail and encourage them to look into the fraternity system and Delta Chi, in particular, when they arrive at school in September.

The outstanding event for the semester of Sacramento State Colony is the fact that we were organized. We were accepted by the IFC on March 17 and our constitution was accepted by the campus on May 5. We now have 19 pledges and will go to the Abracadabra Chapter in Berkeley on May 14 to be initiated into Delta Chi.—Les Jones, "E".

Collect 5,000 Books

San Diego Colony sent a delegation of seven men to the Regional Conference at Southern California. Many pertinent problems were discussed there. The most important to us was the rush. This conference also discussed pledge programs. This turned out to be vital information for our colony, as we are quite inexperienced in pledge training. We also discussed officer training and chapter finances. Our delegation came back from the conference feeling that more

conferences of this nature would greatly benefit our fraternity.

In our first year we held two service projects. Our first project was to collect books for the wounded men in the services. We collected over 5,000 books by the time the drive had been completed. Our next project was to take one of the local boys clubs to a baseball game. We rented a bus and spent the day at the ballpark, wiping out the concessioner's stock.

This April we celebrated our first year as a colony of Delta Chi and decided to hold an alumni dinner. For two days our cook prepared for the feast. When it was over, we had enough food left to last the chapter a week. The dinner was a great success, for it gave us the chance to strengthen our ties with the alumni. It also helped to spearhead our program to knit the alumni chapter closer to our chapter. At the dinner the Dean of Students was the guest speaker. He discussed the relationship of the fraternity to college. He indicated that the school policy is in one-hundred percent support of the fraternity system.

Last March our colony sent four delegates to the Greek Retreat, where the main subject discussed was Greek unity.

We are now competing in intramural sports. We suffered badly in basketball. However, due to the addition of several sports minded pledges, our baseball team is doing better. Next fall we plan to do more than just compete; we plan to win the league. Also, our colony finally made the all mens average.

The brothers of Delta Chi challenged the brothers at the University of Southern California to a rugby game. An animal skin with the game score on it was at stake. The skin was to be decided within three years. The first match resulted in a tie game. We are looking forward, however, to the permanent placement of the skin on our walls.

Our objective this past semester has been to hold two major social functions a month. Our parties have been improving in quality each year.—David B. Rowe, "E".

Top Blood Givers

Southern California Delta Chis received

recognition from the University for outstanding participation in the school annual Red Cross blood drive by donating the greatest percentage of any campus organization. This marks the second year hold on such a title.

Soon after recovery, USC's "Bat Blood" givers began preparation for the chapter's spring bust-out at the Buckskin Junction party at Don-E-Brook Farms, where hard and soft cider, rejuvenated anemic Chis and their dates. Perhaps no other event of the year matches the colorful barn dance, hay ride, and the out-door, bonfire hoedown.

Delta Chi, Brian Man, now attending the University of Hawaii, provided the island atmosphere for our pledge-active Luau by sending thirty pounds of tropical flowers. Fruit punch and salad amid the native decorations of sea shells and nets accented the party with a tropical flavor.

Most memorable of parties was our spring formal, the White Carnation Ball that was hosted at the beautiful Kona Kai club in San Diego. Delta Chis and their dates arrived Saturday evening for the formal dinner dance: expert catering of a prime rib meal to the music of, would you believe, The Go-Go's. And the formal turned out to be a going event with post parties into the wee hours of the night.

The campus outlook for Southern California Delta Chis finds men's service honoraries, Squires and Knights, well represented. Frank Siri, Jack Rightmyer, Lynn Krause, Scody Hage, and Bob Biggers were bid for Squires. Jim Fisher and Greg O'Brien were bid for Knights, men's senior service honorary. Ted Gilliland, our chapter luminary, was initiated into Skull and Daggar.

The end of this year at USC finds Delta Chi Steve Smith beginning a career of coaching, and doing graduate work towards his Masters in education. Norm Macdonald has been admitted to the USC school of law, and Dick Eimers prepares to enter the graduate school of engineering.

The new chapter house here at Southern California will be very active this summer as we plan to start early for this coming fall rush.—Will Ross, "E".

Southern California Chapter's Buckskin Junction party held at Don-E-Brook Farms.

Pledge Reports Disaster

SMU Chapter is proud of pledge John Nance who, while returning home from work as a reporter for Radio Station KLIF in Dallas, on the morning of April 28, was caught in what was soon to become the worst storm Dallas has seen in many years. Forgetting about home and sleep, pledge Nance immediately turned around and started back to town where his services could be of use. Stopping at every opportunity to call in to the station to report the progress of the storm, that was to claim the lives of seven people in one day, John was the first newsman on the scene for KLIF.

As the hours passed, John was still making his way toward town, for what is usually a 30 minute drive turned out to be a three hour nightmare. Almost losing his car on numerous occasions John never forgot his primary objective, that of reporting what was happening. Throughout the remainder of the storm ridden weekend John's accurate and concise reports could be heard.

For this service to his community the members of Delta Chi Fraternity at SMU salute pledge John Nance.

This year's Summer Rush Program, headed by Rick Snyder, is looking up to be the best here at SMU in a long while. Besides Rick, who will base our program in Dallas,

we plan to have various members who will be in charge of rushing prospective students in their home towns.

In the Dallas area it looks like we will have approximately half the active chapter plus many alumni to rush. Rick has assigned those who are from Dallas the high school from which they graduated and these men are in charge of contacting the rushees.

In the way of parties, Rick is now scheduling parties for each month and hopefully there will be two per month. These parties will, for the most part, be at the homes of Dallas Alumni and members, but one party for sure will be at Lake Dallas.

Brother Barry Johnson became the proud recipient of a beautiful new watch recently as he took home top honors in the Annual R. E. L. Saner Speech Contest at SMU.

Barry is an economics and government major from Jackson, Mississippi. He is president of the SMU Debate Club and the IFC representative. Very active in campus activities, Barry is also a member of Young Republicans and serves on various student center committees. Delta Chi congratulates Barry Johnson for his outstanding achievement.

The highlight of the spring semester for Delta Chi here at SMU is always the White Carnation Ball. This year's Ball was es-

Springtime and weather brought brothers and pledges of Southern Illinois Chapter together in football romp in the mud. "Get that pledge" was the battle cry and here pledge Bob Nieman is tackled by Brother Rich Snyder. (Photo by Rickbirg)

pecially important since it was held in conjunction with the Region IV Conference. White dinner jackets and long formals were the style as the Brothers and their dates took a night out.

The evening started off with a wonderful meal. Master of Ceremonies, Barry Johnson, kept everyone alive with his witty comments about the brothers. After the meal and entertainment by Brother Charles Manuskus, the highlight of the evening, Awards Presentation, took place. By vote of the Active Chapter, and the Pledge Class in one case, the following are the winners.

The Athletic Award was won by none other than Athletic Director, Rodger Smith of New Jersey. Best Pledge Award was bestowed upon Junior Initiate Dick White, who is the newly elected "C" of the chapter. The Scholarship Trophy went to David Bettler, graduate engineering student at S.M.U. Award of Merit, given to the graduating senior who has contributed the most to the chapter for the year, was awarded this year to Howard Hurd, graduating senior from Brownfield, Texas.

On the lighter side, two awards are always given by the brothers to those who

have contributed the most in two special categories, love and rack. The outstanding lover our recipient of the Taffey Award was David Bettler and by the way, all previous winners of this award are now married. Lazyman or the Goldbrick of the year was Bob Olson of Houston, Texas.

The last award and by far the high point of the evening was the crowning of Delta Chi's 1966-67 Sweetheart. The Sweetheart Song could not have said it better, "With a White Carnation upon Her Gown, She'll Look So Heavenly . . .," of Miss Diane Gerwin of Chicago, Illinois. Diane is a member of Delta Gamma Sorority at SMU, is a sophomore advisor for a freshman dorm and secretary of the Pan Hellenic Council. A real doll, Diane can always be seen at the Delta Chi House, laughing, joking, always wearing a smile. The Brothers feel proud to know such a girl and call her their sweetheart. By the way, would you believe Diane is pinned to Barry Johnson? Well, she is!!

The rain and winds came but the Delta Chi Showboat did not run aground. The Showboat, Delta Chi's entry in SMU's Annual Manada Weekend, a Carnival spon-

Heart Fund, the American Cancer Society and a drive to get fraternities and sororities to subscribe to magazines for the college infirmary. We were also chartered April 2, 1966.

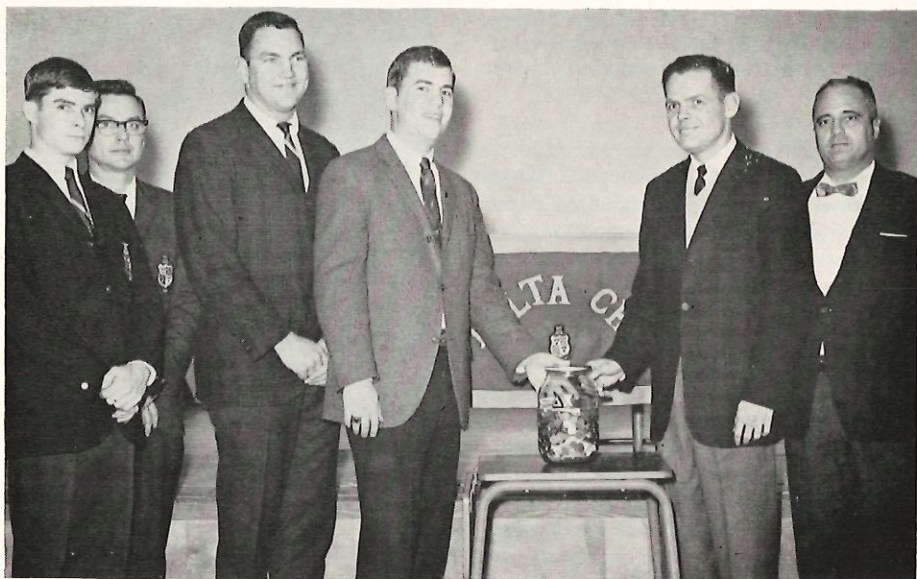

This year the fraternity nominated brothers to run for officers in the Student Government Association. Wayne Wilkes was elected treasurer and Jim Shaw was elected senator at large. Also the sophomore class elected Delta Chi to top offices. Pal Given was elected president and Scooter Norris vice-president.

At the annual Governor's Day held at Troy State, Delta Chi members and pledges erected a banner welcoming Governor George Wallace. Governor Wallace is a Delta Chi.

Two alumni members were initiated into the bond during the Winter Quarter. The new members are Col. George Drasheff of Ozark, Alabama, and Dean Robert W. Willford, Dean of Men at Troy State.—Leonard D. Carlisle, Jr., "E".

During the annual Governor's Day at Troy State, Governor George Corley Wallace, Alabama '42, takes time out to pose with members of the Troy State Colony.

These men spearheaded the Delta Chi Colony sponsored Heart Fund drive on the Troy State College campus. From l. to r., Gordon Burgess, chairman Delta Chi Heart Fund Committee; James J. Brantley, "BB" and Faculty Sponsor; Jim Shaw, president of Pledge Class; Winston Griggs, president of Delta Chi Colony; Curry C. Jordan, head teller of First Farmers and Merchants Bank of Troy and chairman of Troy Heart Fund drive, and Dr. D. C. Widdowson, professor, Troy State College, and chairman of Troy State College Heart Fund drive.

Entertain Alumni

Union Chapter found itself ranked fourth academically at the end of the first semester with an index of 2.61. Fifteen of the forty-two brothers attained a 3.0 or better on a 4.0 scale. We are particularly proud of these accomplishments in that the house was above the all-fraternity and all-men's indexes.

During our rushing program we obtained 10 excellent pledges. They are active in athletics, campus activities, and most important scholastics, and they promise to be great assets to our house. With this number our chapter house is certain to be full next year.

We are currently working for better alumni relations in our area and seem to have gotten a fine start. On April 28 we hosted 12 alumni to an informal dinner and house-meeting. Everyone present seemed to have a great time in this relaxed atmosphere. Because of its great success, we hope to make this a semi-annual event. There was representation from the class of 1915 to the class of 1960 present at this event.

Many of our brothers are currently engaged in college activities. A returning letterman to this year's squad from last year's NCAA College Division Eastern Championship baseball team is Brother Ron Cherinko. Playing on the freshman lacrosse team are pledges Grady Aronstamm, Joe Grabowski, and Doug Mele. Brother Steve Yohay was recently elected to the Student Council and the Delphic Society, a campus honorary service organization. Brother Edward Strohsahl "A" has been elected secretary of the IFC succeeding Brother Ray Teed. Brother Jack Stokvis was selected editor of next year's college yearbook and was also re-elected to his fourth consecutive term as secretary of the Class of 1967. Brother Mike Holzer was elected as vice-president of the Class of 1968 and Brother Tobey Olsen has been serving as technical director of the campus radio station, as well as receiving honors from the ICAC for his goaltending abilities in soccer. We must also not forget Brother Ed Clark who is now president of the Delphic Society. He has been accorded much deserved campus-wide recognition for his significant role in the creation of

Union's new Community Government plan, and for his work in effecting a profound improvement in Union's social rules. Brother Wes Gifford has also received many awards this year that cannot go without mention. He is the recent winner of the Northeastern Region Tournament For the American Society of Mechanical Engineers, and as a result of winning this honor was selected for membership to the American Society for Testing and Materials, an honor not often received by a student.

Four of our officers attended the regional conference hosted by the Hobart Chapter recently. We found the conference to be very stimulating and enlightening. The chapters that were present are attempting to stay in close contact with each other in order to solve common problems which will benefit the General Fraternity. Our chapter is particularly happy because this seems to epitomize the spirit of our fraternity's preamble.—David D. Miller, "E".

Best in Country

Washington Chapter of Delta Chi is a proud member of the University of Washington fraternity system which this year has been chosen by the National Inter-Fraternity Council as the best system in the country. Despite stiff competition we were again in the top third scholastically. We participated actively in the intramural program with emphasis on weight lifting. Spurred on by "Rock" Fitting in the unlimited class, Delta Chi placed high in inter-fraternity competition.

Delta Chi's social program is second to none, highlighted by the "Delta She," "Grecian Orgy" and the "Hawaiian Luau," and spring quarter pool exchanges, which are held weekly. The University of Washington is holding a Model United Nations this year, and Delta Chi in cooperation with Sigma Kappa is sponsoring three delegations, Albania, Mongolia, and Austria. John Pannitoni, Gordon Clemans and J. Kangeter Vonnegut are delegation chairmen.

Several brothers also received individual honors. Brother Jack Brockway has been appointed to West Point. Other of the house's military types have also received honors. J. Kangeter Vonnegut is now the third ranking freshman in the campus FFLROTC.

Sigma Kappa June Weeks and Delta Chi J. Kangeter Vonnegut, co-chairmen of the Delta Chi-Sigma Kappa Mongolia delegation to University of Washington's Model United Nations.

The members of the Washington Chapter have also achieved excellence in the areas of scholastics and athletics. Doug Fricke, Purdue transfer, has received a scholarship for tuition and research to Washington's excellent school of forestry. Mike Mowrer is now pulling an oar for the U. of W.'s freshman crew.

Doug Dewar and Bob Cowan have been elected to Alpha Kappa Psi business honorary, of which brother Jim Dobrick is vice-president.

Delta Chi's campus political reputation remains strong. Pat O'Brien was recently elected president of the growing campus Young Democrats. Joe Mano, sophomore, will head next year's campus Las Vegas Night and plans for his campaign for student government Board of Control have already taken shape.—Gordon Clemans, "E".

Scholarship Program Pays Off

Washington State Chapter made this the year for scholarship at Delta Chi, and our excitement came to a climax at the recent IFC Awards Banquet when we were awarded the trophy for the most improved grades on campus. Our success has been due to the outstanding efforts of brother Dave Oliver, our scholarship chairman.

Also in our program, we have stressed the role that the fraternity plays on the campus. We have had numerous after-dinner speakers on this subject. Among them were a WSU

professor who was a national officer of Pi Kappa Alpha Fraternity, and the IFC President. We have also attended conferences on the subject. Of the six men representing the WSU IFC at the Northwest Regional IFC Conference in Seattle four were Delta Chis. We also sent a strong delegation to the Delta Chi Region 1 Conclave at the University of Idaho.

On April 30, we held our annual Awards Banquet in conjunction with Mothers' Weekend. We annually present awards at this time for outstanding service to the chapter and for high scholarship among others. These awards have always gone to members of the chapter. This year we presented a special award for outstanding service to Delta Chi by someone outside of the chapter. This was presented to Mrs. R. C. McDermid for her work toward the betterment of the chapter through her position as president of the Mothers' Club, and for her continuing devotion to Delta Chi through the last six years.

This year for the first time we have published an alumni directory. Those alumni who are not included in this who would like to be or who would like a copy of this, please drop us a card at the chapter house.—Paul Muller, "E".

Never Out of the Money

Western Michigan Chapter will remember the past year, '65-'66, for it marked the first time in the Fraternity's eleven-year history that it won all three major campus trophies. Through the year, all Delta Chis and pledges worked hard to win the Snow Carnival Grand Trophy, Fraternity Sing Trophy, and the Fraternity All-Sports Trophy.

In January, Delta Chi won the Snow Carnival Grand Trophy. The entire event was planned and carried out by Jack Wismer and Fred Miholik. The trophy was awarded on points cumulated for the snow sculpture, Volkswagon race, Saucer race, and other events in which the Fraternity placed high.

Touch football, basketball, indoor track, swimming and bowling are the sports on which the Fraternity All-Sports Trophy was based. Chapter Luminary, Bill King, served as Athletic Chairman and is to be commended for his fine job. Bill acted as foot-

(Continued on page 73)

ALUMNI NOTES

Abracadabra (California)

Louis A. Beck, '53, is a senior sanitary engineer with the California Department of Water Resources in Fresno.

E. Mulford Birdsall, '23, whose daughter was graduated from Bucknell University last June and is now married, and his wife plan to spend more time traveling and vacationing now.

Gene E. "Bing" Bigham, '34, is assistant postmaster in Sacramento, California.

Bruce "Red" Wilson, '22, owns and manages the Star Marine Engine Works in Berkeley.

Frederick D. Mills, '53, is with Crocker-Citizens bank "On The Boardwalk" in Belvedere, California.

Harold F. Orr, '09, retired last spring after 55 years of law practice but still keeps an office in his firm's building. Harold and his wife live in Ventura, California.

William J. Giles, III, '57, is practicing law in Sioux City, Iowa. He was appointed, last year, by the United States district court as the standing trustee in chapter XIII bankruptcy proceedings for the northern district of Iowa.

Clifton E. Brooks, '10, and **Merton A. Albee**, '10, represented their class at the Abra-Delta Chi Reunion Dinner held November 18, 1965, and also attended the 55th class reunion of the 1910 class on November 19, 1965 preceding the California-Stanford "Big" game.

Alabama

William L. McElroy, '40, is serving as Senior Procurement Attorney for the Small Business Administration, Washington, D. C. Brother McElroy received his LL.M. degree from George

Washington University, Washington, D. C. He is also a Lt. Colonel in the U. S. Army Reserve.

Joseph T. Roberson, '65, is now an agent for the U. S. Secret Service in Birmingham, Alabama.

Thomas L. Johns, '49, is now a Special Agent in charge of the White House Detail for the Secret Service in Washington, D. C.

Arizona

Frank X. Herget, '58, is now located in San Diego, California, as a construction and industrial sales engineer for the Westinghouse Electric Corporation.

Wayne State

Gerald A. Murray, '64, is serving his two years active duty with the Navy and

was stationed in Roto, Spain until February, when he was transferred to Lewiston, Maine. He has one more year to serve.

Gerald T. Hummel, '58, holds the position of city engineer and deputy director of public works, in Port Huron, Michigan.

Western Michigan

Richard A. Sperling, '65, Second Lieutenant in the U. S. Army, is presently attending the Rotary Wing Aviator Course at U. S. Army Primary Helicopter School at Mineral Falls, Texas. Upon completion of this course he will attend Fort Rucker for Advanced Helicopter Training.

Wisconsin

Michael E. Conway, '42, was appointed National Director for the Navy League of the United States on May 17, 1965. He was formerly President of the San Francisco Council, Navy League of the U. S.

(Continued from page 62)

ball coach and led Delta Chi to second place. Frank "The X" Cahill was basketball coach and led Delta Chi to third place, with a 12-2 record. Chuck Bostrom helped as swimming coach, in which Delta Chi placed second. Joe Spada organized indoor track, in which Delta Chi won over all comers by eighteen points. This was an outstanding effort, for which several brothers must be congratulated. Captain Gerry Grabinski and his team of Bob Brandstatter, Rog Parrott, Jack Brennan and Jack Salmon clinched enough points to gain a third in bowling and enabled the Fraternity to take the All-Sports Trophy.

Brothers who contributed to the winning efforts included Tom Gibson, Rich Miller, Craig Kobylak, Tom Dolan, Larry Dopp, Jim Hartwig, Jim Gerhke, Terry Ayers, Chuck Bostrom, Rick Waldorf, Joe Zimmer, Tom Rivard, Bob Dingler, Jim Lindgren, Bob Campbell, Larry Smith, and Pat Rutledge.

Song Director, Bill King, and alumni brother, Dave Schau, worked feverishly to teach the fraternity the four-part singing of the "Bond of Delta Chi" and "Battle Hymn of the Republic." Finally ready, the fraternity proudly sang both on Sunday night, March 27, and took a well deserved first place.

These three first-place trophies and the Homecoming House Display Trophy concluded a year at Western Michigan for Delta Chi that leaves little to be desired. It will be the Fraternity's goal to repeat the feat again next year.

The Western Michigan Chapter plans to send a letter to incoming freshmen introducing them to Delta Chi. It is a way of inviting them to Rush when they get to school and especially to visit us. By such a letter, we feel we can contact many freshmen who hadn't considered rushing. During the summer (in late July), the Fraternity plans to have a party for the brothers living in the Detroit area. There, many of the prospective rushees could meet actives and members.

In the fall, a rush pamphlet will be printed up. These will be given out to rushees as they visit the Fraternity house. The idea—give the rushee information about Delta Chi that he can take with him and read, hoping to make him consider Delta Chi more carefully, return again, and bring his friends.

The IFC again, in March, reinstituted the Greek Man of the Month and awarded it to past Delta Chi "A", T. J. Rivard. In other elections and appointments, Jack Wismer and Joe Spada were elected as off-campus members of the Student Senate. Joe Spada was also appointed to the Men's Union Board.

On Friday, March 25, the Spring Pledge Formal was held at the Old Crow in Saugatuck, Michigan. At the banquet, Bill King was named Chapter Luminary. John Schowalter was named outstanding pledge for spring, 1966. The new Fraternity sweetheart for next year, Candy Feldkamp, was named. A buffet dinner was served, and dancing followed. The banquet was held earlier this year due to the fact that school was let out in mid-April.—Patrick Rutledge, "E".

MILESTONES

ALABAMA

Married

Elane Nygren to Fred H. Connell, '65; June, 1965.

Judy Weaver to James R. Wright, '64; July, 1965.

Lynn Warren to Walter H. Turner, '64; August, 1965.

Jean Fulton to Mark H. Russell, '67; June, 1965.

June Allison to Phillip J. Owings, '66; March, 1965.

Diane Karaus to J. Thomas Mullis, '65; August, 1965.

Donnie Eddins to Jerry M. Nelson, '66; June, 1965.

Virginia Goyer to Kenneth R. Scarborough, '66; January 22, 1966.

Mary Hansen to James R. Watkins, '66.

Betty Nowlan to William D. Hudson, '68.

Died

Nelson O. Fuller, '29; October 29, 1965.

ARIZONA

Married

Jacquelyn Seever to Norman H. Johnson, '56; September 18, 1965; Chicago, Illinois.

Maureen Booth to George A. Spanos, '66; March 6, 1966; Tucson, Arizona.

A Legacy and a Heritage

As reported by David Weaver
Indiana Chapter "E"

The following is a report from Brother Ted Jones '38 to the alumni of the Indiana Chapter. Brother Jones now resides in Monticello, Indiana, and has been very active in his revived interest at the chapter house. He has now finished the last and most cherished step of our Fraternity Span of Life by becoming the alumnus father of Robert Clark Jones.

"Chapter House
"February 18, 1966

"Dear Brother Alumni

"It was with a great deal of pleasure and satisfaction that on this day I was able to accept the Chapter's invitation to attend its initiation of the 18 candidates from the fall pledge class.

"With great pride I watched my son, Bob, become a Brother in the Bond. The rituals, both informal and formal, were put on in great style and with the dignity that each initiate should never forget. Each new member received the same instructional and serious delivery. You alumni brothers would have been proud of the fine work which the officers and members have accomplished.

"As the new chapter house grows more and more toward reality, the actives and pledges surely do deserve our support. Of course, I'm more interested now than in the past, but as a paid up active alumnus, I'm going to lend what support I'm able to afford. So come on down and see the interest and enthusiasm for yourselves. They are really a fine bunch and have tried to bring every phase of old Wingate Lodge's standards up to match any on the I. U. campus.

"It was just 32 years ago last night that I became a Brother in the Bond. How long has it been since you have seen an initiation? The fellows welcome you for this and any other visit *any* time—you know that!

"Fraternally,"
Ted Jones '38
