ALUMNI MEMBERSHIP
INTERNATIONAL DIRECTORY ISSUE

Frank Granat, Jr. "AA"

1971 FOUNDER'S DAY MESSAGE FROM YOUR "AA"

As we assemble this Founders' Day, 1971, we can all be proud of the fact that our beloved Fraternity not only has weathered the "Campus Crises" of the past two years—but has prospered—solid evidence that brotherhood is one of those intangible assets that men will continue to promote.

If our Founders were present with us today I am sure they would be happy to receive the following report:

- Our Chapter numbers and membership are larger than ever before.
- A fiscal 1970-71 budget that was in the black.
- Housing Fund, Educational Foundation and Endowment Fund assets are higher than ever before.
- A small but efficient Headquarters Office operation—with the largest number of field representatives we have had in years—oriented to undergraduate chapter problem solving.
- A substantial increase during the past year in alumni participation both in time and financial contributions.

Our Fraternity will continue to grow because your officers and Headquarters staff are dedicated to provide for the undergraduate members those changes *they,* the undergraduates, deem essential for an active vibrant membership.

THE 1971 ALUMNI MEMBERSHIP INTERNATIONAL DIRECTORY

Here is the first edition of a limited *Delta Chi Alumni Membership International Directory*. This is the only directory of any type issued since 1951 by Delta Chi Fraternity.

A 1970-71 Delta Chi Biographical Form was sent three times last year to all 26,000 alumni, with the request that it be filled out and returned by those interested in being listed in the *Directory*. To the 5,500 who returned the Form, we express our appreciation and hope your name, occupation, and address appear correctly herewith.

We would like to have included every one of our living alumni. However, we do not have accurate addresses for many of them, and the costs of producing a four or five hundred page directory were prohibitive. It was decided, therefore, to make this an "occupational" directory and list in it each Brother who showed his interest in the directory's publication and furnished us with the requested biographical information or verification of his address. To those alumni not in this directory, please understand we continue to regard you as 100% loyal Delta Chis and do regret the omission of your names at this time; it was just not feasible to publish unverified listings.

We hope this *Directory* will be of interest and of help to all our undergraduate and alumni Delta Chis.

F. Kenneth Brasted
Executive Director

EXPLANATION OF BIOGRAPHICAL DIRECTORY

There are two membership directories published in this *Quarterly*, comprised of those members who completed the biographical questionnaire, or who at least verified their current address without supplying the requested biographical data. The first directory is in alphabetical order by last name, and the second directory is in geographical sequence by city within state.

The alphabetical directory is used primarily as a cross reference. One simply finds the member's city and state and then refers to the geographical directory. See page 19 for State Abbreviations to find order in which states are listed. If a member has a foreign address he will appear at the end of the geographical directory in the foreign address section. Foreign listings are alphabetical by *cities*—Canada included. The Founders of Delta Chi appear ahead of the geographical directory.

The geographical directory furnishes the following information for each member:

First Line—
- Member's Name
- Chapter Abbreviation (see list of chapter abbreviations)
- Class year or type of initiate
  - FA = Faculty Initiate
  - AM = Associate Member

Second Line—
- Street Address
- Zip Code of city under which listing appears

Third Line—
- College or university attended
- Degrees received

Fourth Line—
- Occupation
- Place of employment

Dr. F. Kenneth Brasted — Executive Director
Jim F. Wolbrink — Editor

Volume 68 Number 2 — November 1971

Dr. Cornelius C. Smith, So. Cal. '38, Field Counselor
5218 Old Mill Road
Riverside, CA 92504

Paul W. Bohlman, Ohio State '70, Field Secretary
c/o Headquarters Office
P. O. Box 110
Iowa City, IA 52240

Elmer H. Larson, Iowa State '37, Field Counselor
East Highway 20
Webster City, IA 50595

Anyone desiring the last known address we have available for an alumnus not listed in this *Directory* may obtain it by writing the Headquarters Office.

Published quarterly at 1201-05 Bluff Street, Fulton, Missouri 65251, by the Delta Chi Fraternity. Editorial and Business Offices, P.O. Box 110, 314 Church Street, Iowa City, Iowa 52240.
Second-class postage paid at Fulton, Missouri.

Send all notices of address changes to the Headquarters Office, P.O. Box 110, Iowa City, Iowa 52240. We want to keep in touch with you!

College Fraternity Editors Association

Computerization + Alumni Support = Directory + Increased Capabilities

by Dr. F. Kenneth Brasted, Florida '35, *Executive Director*

Several years ago, Delta Chi was one of the first fraternities to recognize the advantages of data processing services. Over the years we have converted our entire membership file and records for computer processing. In a single reel of magnetic tape, we have recorded the complete historical record for each member indicating his personnel number, name, address, chapter, class year, type of initiate, initiation date, collegiate status, mailing status, fraternity standing, life membership status, dues, contributions, etc.

This file is maintained and processed by Data Science Corporation's S/360 Computer. This IBM computer can read the magnetic tape at 90,000 characters per second, process punched cards at 1000 per minute, print reports at 1,100 lines per minute and has a process cycle of 0.75 micro-seconds. The results of these speeds to Delta Chi is that one month's address changes can be processed in 15 minutes. Complete membership listing, in alphabetic, personnel number, chapter or geographic sequence can be produced in less than two hours. Mailing labels for our *Quarterly* are printed in 35 minutes, and selective dues mailing labels in even less time.

In addition to the standing reports, special analyses and listings can be processed on a concise, timely basis for our chapters, colonies, or any group of alumni interested in starting an alumni chapter. Examples of these requests are self-adhesive labels for a chapter or the members residing in a specific city or state. We can also obtain a list of members ranked by their contributions for special recognition, with 50 years membership, reported lost, reported deceased, etc.

For us to duplicate these services on a manual basis, the Headquarters Office would require the following:

1. Addressing equipment.
2. Two sets of mailing plates, one in zip code sequence; the other in chapter sequence.
3. Several sets of index card files for active, alumni, contributing, deceased, and resigned membership.
4. A large staff to maintain and update all of the files.
5. Space to house the equipment, files and personnel.

Many additional benefits have been realized by Delta Chi from the automation of membership records. We now have several sets of back-up records in case one is destroyed. We have a standard disciplined method of maintaining the records, thus avoiding costly errors and training due to employee turnover. The menial clerical effort is reduced to a minimum, allowing us to devote more time to assisting our chapters, colonies, and alumni. We can easily accommodate all future expansion of membership as well as new information and analysis. For the first time, we can produce accurate membership statistics.

In our constant effort to increase our capabilities to aid and support our collegiate and alumni members, we at The International Headquarters are fully utilizing the newest data processing services available. In this issue of the *Quarterly*, we are publishing a membership directory of all members who completed the recent biographical questionnaires sent to our entire alumni membership. It also includes those who verified their current addresses even though they did not supply biographical data.

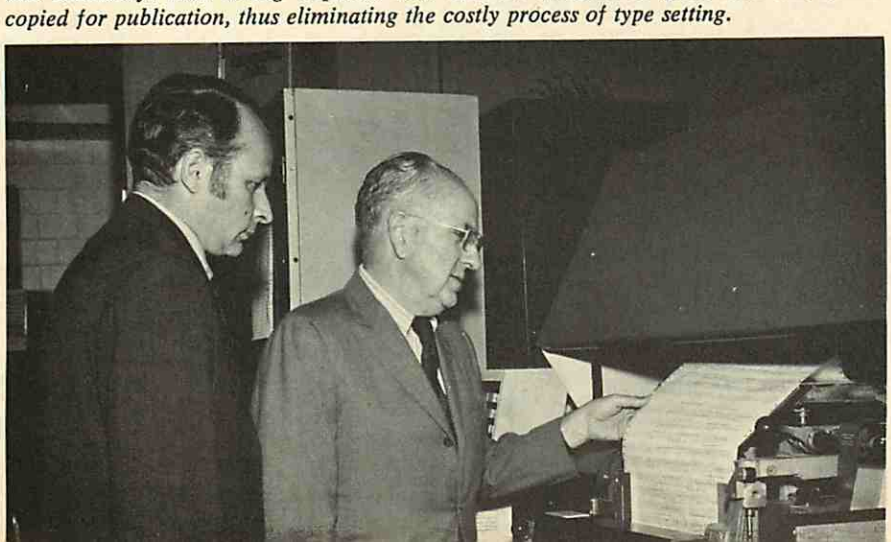

While at Data Science Corporation's offices to finalize (with DSC and The Ovid Bell Press) the details of the Fraternity's first directory since 1951, Mr. Belcher, standing, extends to Dr. Brasted the opportunity of initializing the program to print Delta Chi's Biographical Directory on Data Science's IBM/360 Computer. Belcher is holding the magnetic tape reel which contains the entire membership records of Delta Chi.

This directory provides the name, address, chapter, class year, university, college, degree, position and place of employment for the 5,500 of these members.

Mr. Byrne Belcher, president of Data Science Corporation, St. Louis, Missouri, informs us that this new process of going directly from computer to printing, avoiding the process of typesetting, greatly reduces the cost of directory publication. As a result, we are able to provide the directory to our entire membership by publishing it in this issue at no charge to our membership, rather than having a separate directory for sale as was done in the past.

We sincerely hope you will find this directory of value and would like to express our thanks to those who responded, making it possible for us to produce it.

Dr. Brasted and Mr. Belcher inspecting the first proof listing of Delta Chi's Biographical Directory. This listing required less than 30 minutes to print and was photo copied for publication, thus eliminating the costly process of type setting.

THE COLLEGE FRATERNITY EXECUTIVES ASSOCIATION

Statement of Position

on Hazing and Pre-Initiation Activities

The College Fraternity Executives Association has stated its position, periodically, in support of constructive educational and inspirational programs and has asserted unequivocally its opposition to hazing and pre-initiation activities which do not contribute to the positive development and welfare of pledges and members.

Because hazing and other pseudo-initiation practices have not been rejected and eradicated completely in undergraduate activities and therefore remain a menace to the well-being of the College Fraternity System, the College Fraternity Executives Association reaffirms and reasserts its position on this question.

★ The Association believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of higher education.

★ The Association further believes that while social behavior cannot be legislated, a fraternity without morally sound precepts and practices is not a constructive influence upon college men.

★ The Association further believes that a fraternity has a solemn obligation in the development of its pledges and members and that this responsibility extends alike to the institutions where it is represented; to parents and others who make possible the education of pledges and members; to the communities where chapters are accountable for good citizenship; and to the college fraternity system of which it is a part.

★ The Association further believes, despite the fact that much progress has been made, that one of the most damaging instruments to the fraternity system is the employment of a program of education, which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the fraternity system.

★ The Association defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations include paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

THE ASSOCIATION *urgently recommends to its members and their fraternities: that they continue to approach their undergraduate members with the assumption that they are mature, intelligent and self-governing men and that they alone can eradicate hazing in all its varied forms; that they appeal to their alumni to bury and forget injurious hazing traditions; that they work together with college administrators to rid the campuses of any lingering evidences of hazing and other injurious practices; that they endeavor to broaden and strengthen their programs for the development in members of leadership responsibility, and the appreciation of moral, spiritual and intellectual values consistent with their ideals and teachings.*
