MATERIAL FOR PUBLICATION

All material for publication should be sent to the Fraternity's International Headquarters Office at P.O. Box 110, Iowa City, Iowa 52244. Members are invited to send material concerning themselves as well as other alumni. The editor reserves the right to edit and print all letters to the editor. Suggestions regarding the publication of the Quarterly are welcomed.

Editor Ray Galbreth, Mo. '69
Layout/Design Charlotte Larson

ADDRESS CHANGES

Send all notices of address changes to the Delta Chi Headquarters Office, P.O. Box 110, Iowa City, Iowa 52244.

THE DELTA CHI QUARTERLY (USPS 152-660)
Published quarterly at Iowa City, Iowa, by the Delta Chi Fraternity. Editorial and Business Offices at P.O. Box 110, 314 Church St., Iowa City, Iowa 52244. Second Class Postage paid at Iowa City, Iowa 52244 and at additional mailing offices. Printed by The Ovid Bell Press, Inc., Fulton, Missouri. Life Subscriptions \$30.00.

Delta Chi Colonizes at New Haven

On April 19, 1980 The Delta Chi Fraternity officially recognized our newest addition, the New Haven Colony. The 21 founding fathers were initiated into the Bond on that evening at the Connecticut Chapter. The group has pledged additional brothers since that time and has set a goal to have 45 brothers by fall term.

The first efforts to start a colony at the University of New Haven came from Robert Camillo, '82, who was initiated at the Troy State chapter but transferred to New Haven shortly thereafter. After being in contact with the General Fraternity Headquarters in Iowa City, Camillo began to put the effort into high gear in March. A

small group composed of Camillo and a few friends formed for the purpose of establishing a Delta Chi Colony at New Haven. The news spread quickly around the campus about the new fraternity and soon a great deal of interest had been created. The group began holding regular meetings, obtained faculty and alumni advisors, and within a month had fulfilled the necessary requirements to attain colony status.

The colony's goals and objectives, besides being number one on campus, include community service, fund raising, and social programs. The colony recently undertook a major fund-raising effort in which they raffled

twenty gallons of gasoline and used the proceeds to help finance the upcoming "rush." The colony also took a very active role in the political scene, helping to poll and survey during the Connecticut Presidential Primary.

The New Haven Colony is a good example of a group of young men willing to take upon themselves the responsibility of furthering the growth of The Delta Chi Fraternity. The General Fraternity is very proud of the achievement made by the New Haven Colony and welcomes them to a long and prosperous future in the Bond.

In the Bond

by Ray Galbreth

"You've Got to Be Kidding!?!"

"I know it sounds crazy. . . ."

"You actually think you can tell the difference between a strong chapter and a weak one in less than twenty minutes?"

"For the most part — yes."

"Don't tell me. You think that just because a chapter has one of those big mansions it's good and if it doesn't it's not."

"No. I don't. The size of the house can be misleading. What I look for is pride.

The appearance of the house and, most importantly, the actions of the members are indications of the condition of the chapter. And by 'chapter' I mean the collective group of people because *they*, not the house, are the chapter."

"What do you mean, 'the appearance of the house and the actions of the members'?"

"Well, the obvious things to look for are the general cleanliness and maintenance of the structure and the furniture. If the house is clean, the furniture presentable, and there are no obvious items in need of repair; score a plus. It may sound funny but look for at least one major house improvement done within the last year. That's an excellent sign! Considering the amount of wear and tear a group of college-age men can do to a house, something has to be done every year to keep the house liveable. Or make it more liveable. Like a new redwood deck, or a barbecue pit, or new paint, or new living room furniture. Those are all positive signs.

Look for composites, trophies, plaques, coat-of-arms, and other displays of pride. Things that, in effect, say that the chapter is proud of who they are and reward those among their ranks who excel in athletics, scholarship, brotherhood, or whatever. Go back outside and look at the house. There should be no doubt about whose house you are standing in front of. They should display their name with pride and good taste.

When you walk in the front door, see how long it takes, if ever, for someone to walk up to you, introduce themselves, and ask you if they can be of help. In a weak chapter it's never, in a good one it's almost immediate. In a weak chapter, if there's anyone around at all, they are all gathered around the T.V. set in the living room and, when you walk in, they all turn to see who just walked in and then turn right around and continue watching the T.V. In a good chapter, the T.V. isn't in view and is usually off. There is almost always someone around and they will almost always say 'Hi' and ask if you need help. In a nutshell, the quality chapters always try to make you feel at home.

The language the guys use is also important. And their manners. And especially their behavior around girls. It is amazing to see the difference between one chapter and the next in these areas."

"I can agree with some of what you say, but I still think you can be misled with first impressions and some of what you say is, to say the least, questionable."

"Maybe so. I certainly am not saying all this is foolproof. When it comes to seriously evaluating a chapter you have to look at far more than what I've presented here, but it's still interesting to look at these things. In fact, I'm not alone in my 'rule-of-thumb' approach to evaluating chapters. For example, a couple of my best friends have some interesting points. One says you can tell the good chapters from the weak ones by the way they answer the phone. The good chapter will answer with something like 'Delta Chi Fraternity, may I help you?' while the weak chapter, when they get around to answering, will answer with a 'Yeah?' or the 'looney tune' of the day. Another friend says you can tell the two chapters apart by the number of tobacco users in the chapter. The good chapter has very few guys who do!"

"You've got to be kidding!?!"

Rudeen, Vondrick on the move

At the 42nd International Convention last August two new Regents were appointed to fill unexpired terms in Regions I and II. At the Regional Conferences in February both of these men were then re-elected by the chapters in their regions. Both men are recent graduates who have taken the initiative to donate their services as alumni toward improving Delta Chi in their regions. This, combined with hard work by the undergraduate chapters has produced a

NEW ZEST IN THE WEST

David Rudeen, Idaho '77, serves Delta Chi as a Regent in Region I. Dave comes well qualified for the position having been "A" at the Idaho Chapter as an undergraduate and then going on to serve the Fraternity as a Chapter Consultant in 1977-78. He then returned to Idaho to become the Assistant Greek Advisor while pursuing his MBA degree. Presently he is the Office Manager for Evenson,

Lundgren, Larson, and Associates, an architectural firm in Portland, OR.

Although he represents a vast region geographically, it is relatively small in number of chapters, with only three. Thus, expansion is one of his goals for the region. Washington State University, a former Delta Chi chapter site, is a top priority spot. Various other campuses in the region are also being considered.

In assessing the current chapters in his region, Rudeen feels that they are all doing very well and are coming off successful years. "All three chapters have beautiful houses, which certainly doesn't hurt when it comes to rush," he said. Washington, the oldest chapter on the west coast, recently purchased an annex to their house and now have a membership of over 90. "Idaho and Oregon State both had fine years and are definitely on an upswing," he added.

Rudeen's number one priority for Delta Chi is to develop increased

alumni relations and programming. He says, "The Fraternity must make a stronger commitment to the alumni experience. Alumni relations constitutes a special interest group just as expansion or any other issue." He feels that the primary responsibility for this programming should come out of the Headquarters Office and that ideally there would be a full-time person hired to deal strictly with alumni relations. His primary function would be to maintain communication and organize efforts with volunteer alumni representatives from each region.

As for alumni chapters, Rudeen feels that this is an area that is sadly lacking in Delta Chi and that the best way to remedy this is "learning by doing." He would like to see Delta Chi establish as many alumni chapters as fast as they can. After all, he says, "Over 90% of all Delta Chis are alumni and we can't continue to ignore the vast majority of them."

Glen Vondrick, Arizona '78, serves Delta Chi as Regent from Region II. Glen, like Dave, was also the "A" at his chapter in undergraduate days. He is currently employed by Honeywell Information Systems Inc. in San Jose, California. Vondrick, a Marketing Representative, was recently named National Rookie of the Year for Honeywell.

Vondrick feels that 1979-80 was one of the best years in history for Region II. "Our region has always had a problem maintaining close ties because of the geographic distance between chapters. But this year we tried to close that gap by increasing communications and starting some joint projects between chapters" he said.

Vondrick feels that every chapter in Region II showed an improvement this year. "I feel that Abracadabra and San Diego have made tremendous improvements this year. Both have increased their membership significantly. I expect Abracadabra to be one of

the top chapters in Delta Chi very soon." Two of the Region II chapters are already recognized award winners by the General Fraternity, Arizona and Fullerton. Both of these chapters received awards last year and once again experienced fine years. Vondrick also expressed optimism for Southern California and Long Beach. "Southern California seems to have put some of their old problems behind them and is on its way to a bright future. Long Beach is undergoing a full structure reorganization and has recently established a new alumni board which makes the future optimistic."

Vondrick, like Rudeen, is very interested in developing alumni chapters. There are currently two in his region, Los Angeles and Golden Gate, with one in the works in the Phoenix area.

Expansion is a major goal with interest groups currently organized at The University of Nevada-Reno and Weber State College in Utah. Vondrick also adds that the situation looks

very promising for colonization at San Jose State next year. Other possible expansion sites include Sacramento State and San Luis Obispo, both former Delta Chi chapter sites in California, as well as Arizona State, another former chapter. Vondrick sees the 1980's as a time for expansion and feels that undergraduates and alumni alike must intensify their efforts to establish chapters at schools with strong Greek systems. He also adds that a concentrated effort should be made to establish alumni chapters in all major metropolitan areas of the country.

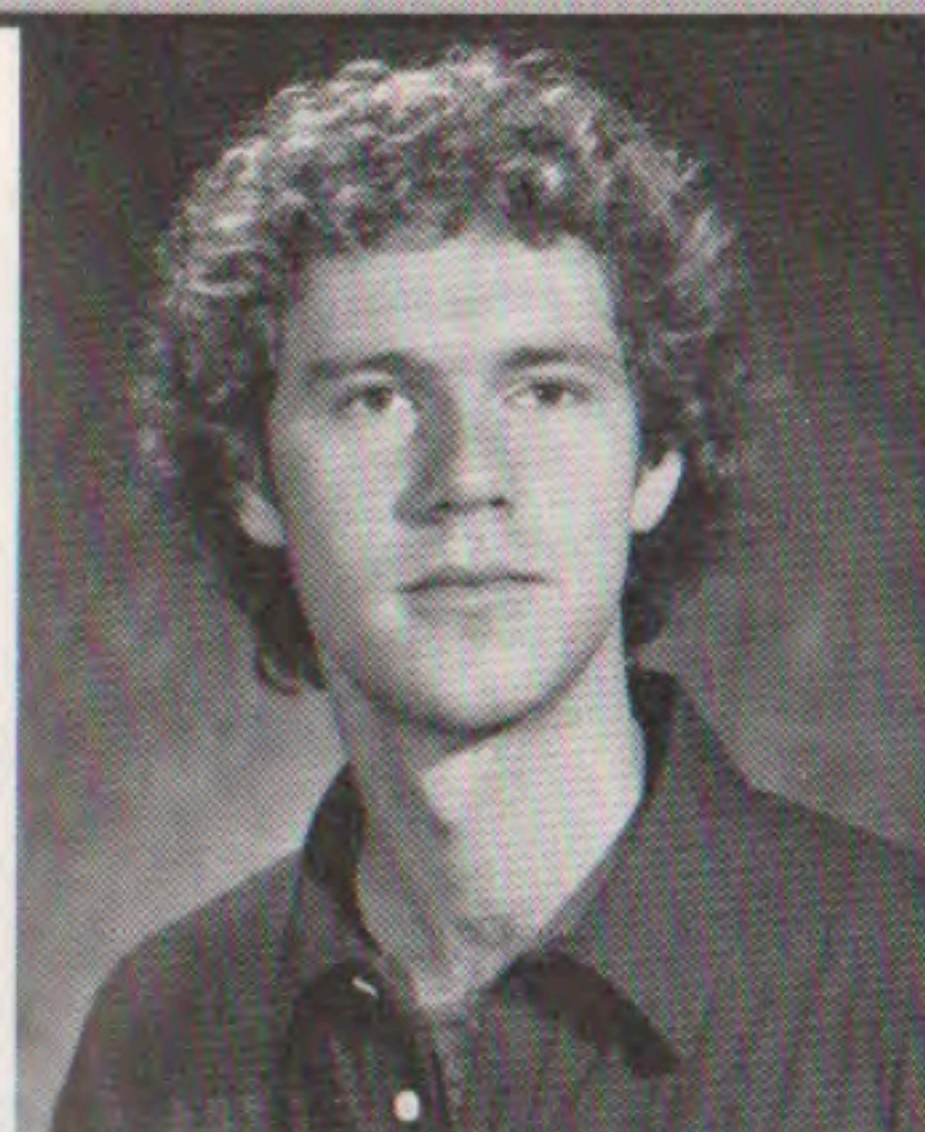

In summary, Vondrick sees the 1980's as a time with tremendous potential for Delta Chi. To reach that potential it will take a dedicated effort from alumni and undergraduates everywhere.

Course of Study: Economics

Honors: Honor society, Thespians

Plans after graduation: Work, marriage

Athletics: Intramural football, basketball, baseball, soccer

Miscellaneous: Waterskiing, sports

Alumni Directory to be published

The Delta Chi Fraternity has responded to numerous inquiries by authorizing the preparation of a directory of all living alumni. The directory will be a valuable reference volume, and it will be helpful in planning alumni activities and programs.

The Bernard C. Harris Publishing Company, Inc., of White Plains, NY has been selected as the official publisher after a thorough review of this firm's extensive experience and success. Recognized as the oldest and largest exclusive publisher of alumni directories in the world, they have completed, over the past seventeen years, more than 300 alumni directories for colleges, universities, and fraternities.

This extensive project will be undertaken at virtually no cost to Delta Chi. The Harris Company has agreed to compile, publish, and market the directory, financing the operation solely through the sale of individual directory copies.

The Fraternity will not benefit financially from the directory sales (purchases should not be considered as a contribution), but will derive substantial benefit from the completely updated records and other valuable information obtained.

The main body of the directory will consist of an alphabetical listing of all alumni, with each entry to include name, class, chapter, home address and name and address, and telephone. Two complete indexes of all alumni one arranged geographically by towns within states, and the other by chapter will follow the main listings, providing ready references.

The updated material will be derived from brief questionnaires mailed to all alumni with known addresses and followed up by telephone for verification of the information to be printed in the directory. At that time, and at that time only, alumni will be invited to purchase a copy of the directory. Only enough directories to fill pre-publication orders will be printed, and circulation will be restricted to alumni. Release of the directory is tentatively scheduled for early-Summer, 1981.

Talent resides in graduates and undergraduates

Delta Chi has own 'white shadow' and political author

The scene is Jefferson High School's gym in South-Central Los Angeles. The coach stands at mid-court, arms folded, shouting instructions to his players. His is the lone white face on the court. The players are all black. While the scenario sounds similar to the television series "White Shadow," for Brother Brian Scott, Fullerton '74, it is the real thing.

* * *

In 1940 Harvard graduate John F. Kennedy had his senior honor's thesis published. The book discussed why England did not arm in spite of what was happening in Europe in the '30's. Kennedy's book comes to mind when one reads, "The Road Taken," a book Brother Matt A. Towery, Georgia '82, has written. Towery, who is interested in politics, is attempting to explain where the U.S. stands in relation to other nations of the world with respect to military powers and trade.

* * *

While neither Scott nor Towery have similar talents, they do have a common tie — Brotherhood in Delta Chi. And they are examples that lie within Delta Chi.

Jefferson is a competitive team in the Southern League, one of the strongest in Los Angeles. The school is predominantly black and most likely wouldn't be on the itinerary of visiting educators.

Brother Scott, 6'7", played basket-

ball at Cal State Fullerton before entering coaching. Although he worked at area playgrounds, he had some misgivings when he was named coach at Jefferson. "I had spent most of my life in Orange County. Down there, you hear that schools like Jeff and Manual Arts are real violent. I didn't know what to expect when I came here.

"But the kids here are just like kids anywhere. They might be more violent than kids in Huntington Beach, but they're still kids.

Scott frequently loans his players money to buy a pair of basketball shoes or a meal. "The kids respect me for it. They can see that I'm putting my own money into the program," he said.

Jefferson's principal thinks that the image presented on the CBS "White Shadow" is fairly true form with Coach Scott. "He spends a lot of his time, both on and off the court, with those guys. He has to be a coach and counselor to them."

Scott doesn't watch the television show regularly, but what he has seen, he thinks has been good. "One thing I like is that they don't solve all the problems in an hour, but I do think they're trying to cram 8-10 years of problems into a 21-week (TV) season.

Kenneth Crandell, a reserve on the team said, "We don't call Coach Scott 'The White Shadow' because he's white, we call him 'The White Shadow' because he cares. He's interested

in what happens to the whole school, not just the basketball team."

Towery said his book "was an effort to see what really is the case, through fact and expert opinion."

He collected most of his information while on the debate team at Pace Academy in Atlanta. Now a sophomore majoring in political science at the University of Georgia, Towery said most of his high school topics involved foreign affairs, a subject which he spent summers at Harvard or Georgetown universities researching and studying.

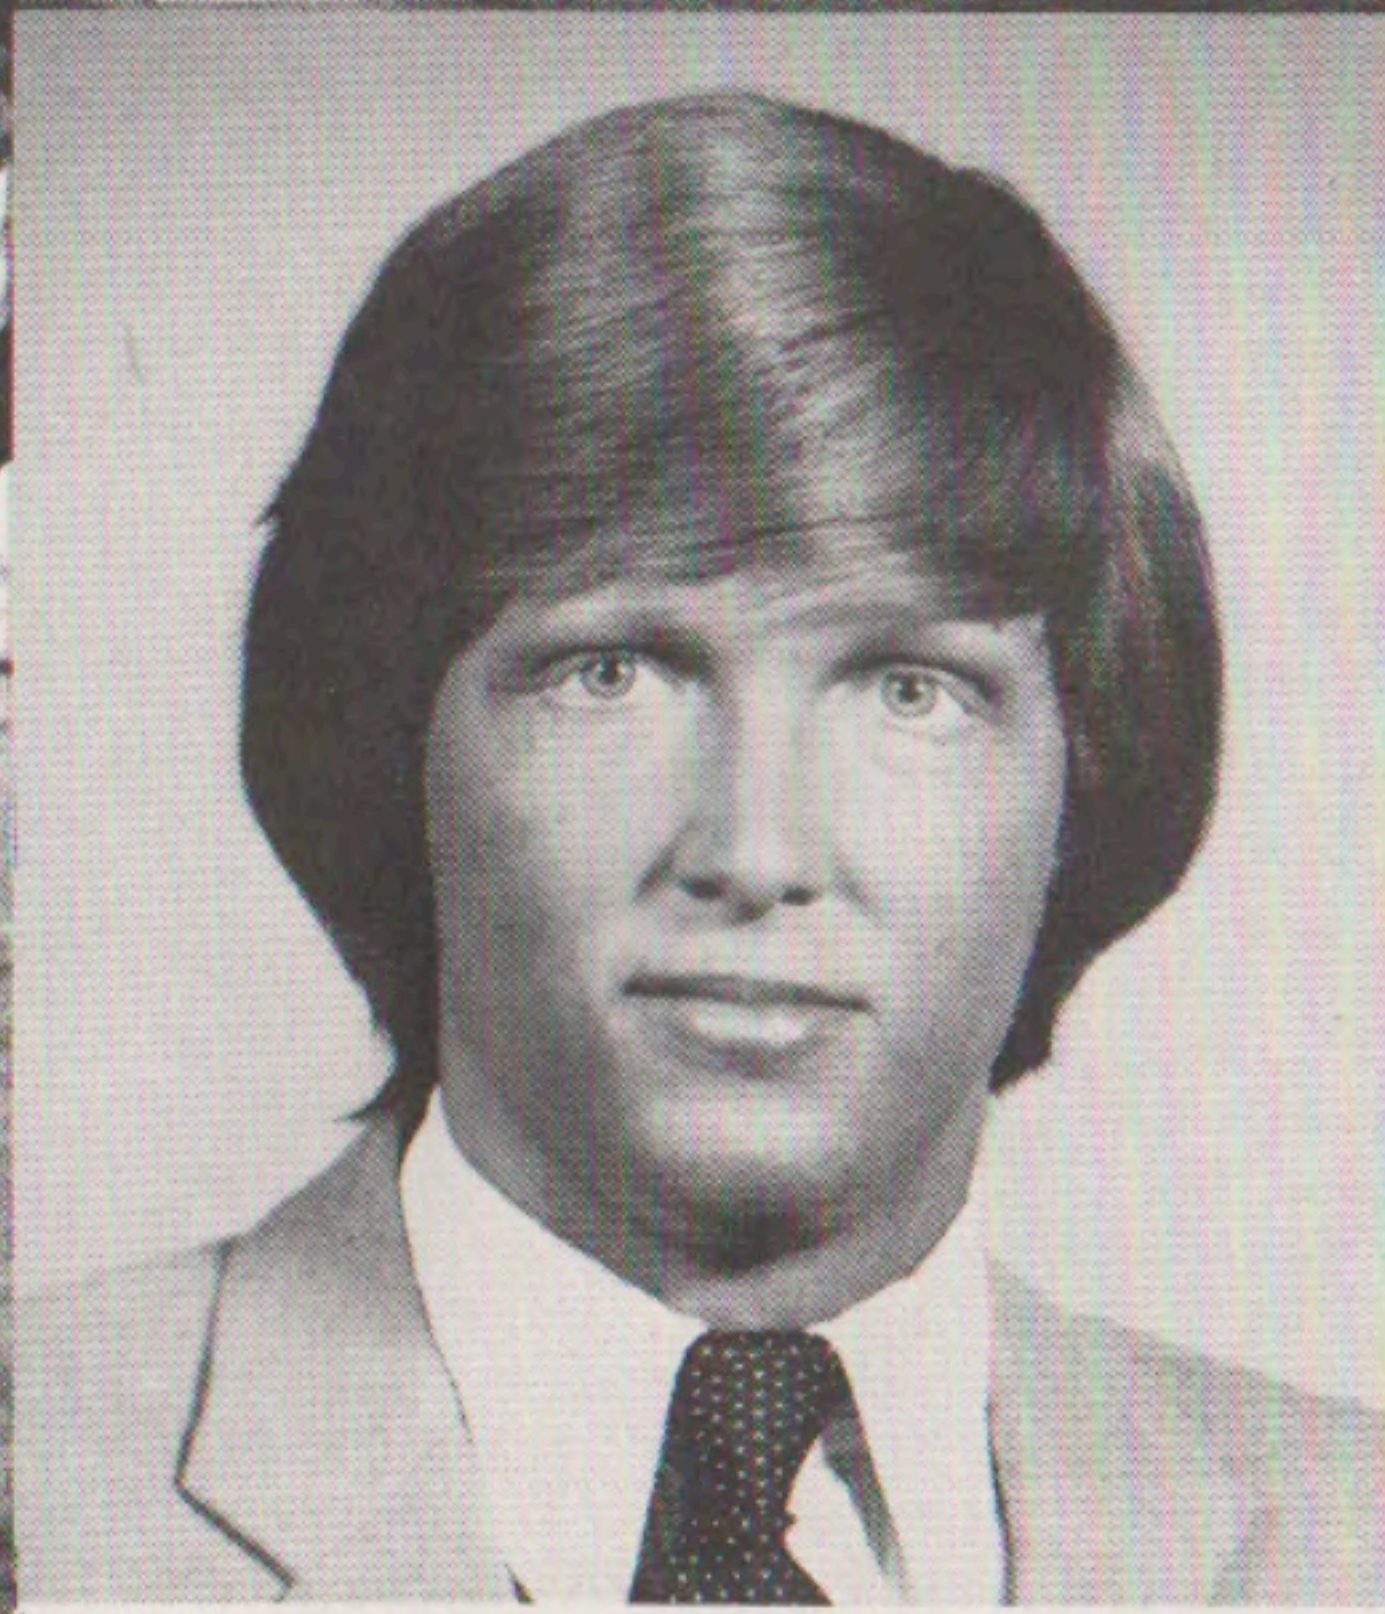

With "all that material left over" Towery began compiling and updating his findings last May. A four-month effort that ended in September and culminated with the book's publication in January.

Towery hoped to point out three things in his book:

- The Soviet Union and the United States essentially are militarily equal.
- Salt II must be passed.
- The U.S. probably is not as competitive in the world economic market as it could be.

The young author said he has no current plans for a second book, and hopes eventually to enter a career in "public service," which he joked "is a nicer word for politics."

As a step toward that goal, he plans to become a lawyer. For now, he is looking forward to vacation and a rest.

Campus Scene

ABRACADABRA

After having activated 26 men into the Bond in January, we, at the Abracadabra chapter, have pledged seven men during Spring Rush. Pledging this many in spring is quite an accomplishment as the fraternity average is between one and two people.

The Region II conference was hosted by our chapter and attended by Bob LaBouy "AA". At the conference, Abracadabra was voted the best chapter in the region. The conference was topped off by our second annual Black Hole Party, which is fast becoming a legend on the Berkeley campus.

We continue to make improvements on our newly acquired house such as the addition of a 700 square foot deck. Our future plans include adding a bar, sauna and roof deck. We are currently engaged in a fund raiser to help cover the costs for our planned summer renovations.

Socially, our recent events included a ski trip with Alpha Chi Omega, a Night at the Oasis party and crab boil with our little sisters, and numerous other exchanges and parties. Our winter quarter ended with the White Carnation Ball.

In sports, **Steve Copper '82** was intramural tennis champion; our basketball team went undefeated in the regular season and our street hockey team is currently in first place in its league.

We plan to finish the year with our Alumni Banquet.

ALABAMA

The spring semester at the University of Alabama has been filled with excitement and Delta Chi has been involved in much of it.

In February, we sponsored The Miss University of Alabama Pageant and welcomed the arrival of 1979 Miss America Kylene Barker-Brandon with a reception at the President's mansion followed by a dinner at the fraternity house. With Kylene as mistress of ceremonies and **Mark Kline '80** as chairman, the pageant proved to be a great success. The winner, Jo-Lynn Burks, will represent both the chapter and the university at the state pageant in June.

Our two big social events of the year, Indian Party and Red and Buff Formal, were either dampened by rain or frozen by snow, however, in both cases the party continued and the brothers had a good time.

Alumni weekend was a big success. The weekend kicked off with a band party Friday night followed by a barbecue and a bluegrass band playing on the front lawn Saturday. We enjoyed the fellowship with the alumni.

In preparation for alumni day many improvements were undertaken at the house. New furniture was purchased for the living room and den and a new television set was acquired for the TV room.

Two brothers, **Steve Harrison '81** and **Bill Gulas '80**, were tapped into Order of Omega, fraternity honorary. Brother Gulas was also selected for the honoraries, Omicron Delta Kappa and Jasons.

Gra Terry, "E"

ARIZONA

The house got off to a great start this semester with a fund raiser at the Tucson Open Golf Tournament. By parking cars at the tournament, we were able to raise \$600.

The Haunted House, which we ran with Phi Gamma Beta Sorority at the Spring Fling Carnival, won the Wildcat Sweepstakes Award and the Best Entertainment Booth.

Two service projects highlighted the semester. In conjunction with Chi Omega Sorority, we played softball with battered children from the Casa de los Ninos Crisis Center. In addition, the Red Cross was pleased with our large turnout to give blood when their mobile truck came to our house.

In academics, **Jeffrey Bell '80** won an award for Senior of the Year and **James Immer '81** was named Junior of the Year at the annual Wildcat Men's Night Dinner.

In intramurals we won free throw shooting and two on two basketball. Also, the co-recreational water polo team with Kappa Kappa Gamma Sorority reached the playoffs.

Paul Eckerstrom "E"

ARLINGTON COLONY

The spring semester of the Arlington Colony was devoted to organizing and learning to conduct our meetings according to parliamentary procedure. In February, we were visited by Chapter Consultant, Don Buffum, who made many helpful suggestions.

In campus activities, we participated in the Sigma Phi Epsilon Water Carnival, the Delta Zeta Battle of the Sexes, and had a "South of the Border Night" social with the Alpha Phi Sorority. We also participated in the Big Brothers program as our community service project and helped to raise money for the U.T.A. track team by running in their Jog-A-Thon.

In April, an alumni reception was held and we were pleased to find six Delta Chi alumni in the area who were willing to devote time in helping our colony.

The semester ended on a positive note with our first White Carnation Ball held jointly with the S.M.U. Chapter.

Ronald Miller, "E"

AUBURN

Spring quarter has been very good for the Auburn Chapter. In sports we won the "Fraternity All-Sports Trophy" for the third year in a row. Academically we were second on campus and received "The Chapter Scholar Award."

Cary Poole, '80, has been selected as a Chapter Consultant for Delta Chi for the upcoming year.

On campus we finished second in the annual Step-Sing competition and first in the Delta Gamma Anchor Splash. We were also represented by volunteers at the "Special Olympics."

This quarter was highlighted by our house party at Fort Walton Beach, FL and by several events on the weekend of May 3-4. We started with a chicken barbeque on the site of our new house, after which we had a badminton tournament and an Indian party. On Sunday we held our Sweetheart Tea which was an open house for our parents and alumni. This was topped off by the presentation of our sweethearts' portrait and the announcement of our "Brother of the Year."

George T. Affleck, "E"

AUGUSTA COLONY

MATERIAL RECEIVED TOO LATE FOR PUBLICATION

BALL STATE

The Ball State Chapter recently initiated nine brothers bringing the total number of new initiates for the year to 32.

Keith Luken '80, was honored as Senior Athlete, **Thomas Kuntz '80**, was honored as Chapter Luminary and **R. Scott VanZant '80**, was honored as Senior Scholar.

The chapter in the past year has climbed from third to second in the standings of all-fraternity scholarship.

In sports, after having three teams in the play-offs in basketball and one in the semi-finals, the chapter put two teams in the play-offs in volleyball and one in softball. We are also participating in splashketball and track. Delta Chi qualified ninth out of a field of thirty-three for this spring's Bike-A-Thon.

The chapter participated in the all campus "Spring Sing" for the first time in several years and made an excellent showing while singing "New York, New York." The women of Alpha Sigma Alpha joined us in the number.

The Ball State Chapter fed nearly 600 people at their annual campus-wide pig roast and sent the proceeds to the American Cancer Society.

BUFFALO

NO REPORT RECEIVED

CALIFORNIA STATE

The California State Chapter of Delta Chi has been very active this past spring semester. Our famous Kielbasa sales have proved to be a success on campus as well as our other fund raising projects. Although we do not have a house yet, our housing fund seems to be growing in size.

Brothers **Don Farley, '82**, and **Lamont Arnold, '80**, have once again proved their forensic abilities by bringing home trophies from various colleges. As Earth Day rolled around this year, the brothers did a fine job by cleaning the area from our college stadium to the campus. An area of approximately eight to ten miles.

We have recently started an alumni relations program. Two newsletters are sent to alumni each month. Thus far we have received a good response.

We held our spring formal May 2, which proved to be a huge success. We also initiated six girls into Chi Delphia.

Donald Farley, "E"

CENTRAL MISSOURI

Spring term began with the initiation of 12 men into the Bond.

Chapter members renovated the old Johnson County Courthouse as the major project. Cleaning up trash around the local springs was also a service project this year.

Sexy Legs Contest was held for the seventh year. Competition consisted of a pair of legs from each sorority on campus.

The annual White Carnation Formal was held May 2-4 at the Lake of the Ozarks.

Green Week received a strong showing this year as all of the members participated in an event. The Chapter showed excellent spirit throughout the week.

Pete VanPelt '81, was elected Undergraduate Vice-Regent at the Region IV Conference which our chapter hosted.

Intramurals were on the upswing this year as all sports improved significantly. The chapter

was third overall in basketball and showed good performances in softball.

CONNECTICUT

NO REPORT RECEIVED

CORNELL

Spring semester has seen the Cornell Chapter as active as ever. One of the big events was our hosting of the Region 7 Regional Conference, with all twelve chapters being represented. The time was well spent reuniting old acquaintances from past parties and conventions, as well as meeting new ones.

Spring also saw the initiation of 15 excellent young men to carry on our traditions on the Knoll. The Brotherhood now ranges in such diversity as editors of *The Cornell Daily Sun* (School Newspaper), varsity and J.V. baseball, Cornell jazz band, varsity hockey, president of the civil engineering society, gymnastics, as well as residential advisers and freshmen orientation counselors. At the same time, we continue to excel in academics with eight out of 15 graduating seniors bound for graduate schools.

The chapter house has seen much renovation in the past year including rewiring, a new fire alarm system, and a new roof. The alumni board has proven very helpful in the projects. We are now reviewing our present alumni program to make better use of our strongest resource of help and information.

FLORIDA

The Florida Chapter continues to thrive with the initiation of nine winter pledges into the Bond and the addition of three spring pledges. We also initiated 17 into Chi Delphia.

Delta Chi is currently ranked third among 14 fraternities in the race for the President's Cup. Should we repeat as softball champions we would take over first place.

Service has remained as an important part of our lives. We have participated in fund raising events for the Children's Diabetic Camp, which is sponsored by the University of Florida's Shands Teaching Hospital, the Santa Fe Community College Spring Arts Festival, the Epilepsy Foundation of North Central Florida, and the Special Olympics. Our highlight was sponsoring the Hogtown Creek Renegades wheelchair basketball game. The money raised was used to help finance their way to the national tournament. This is the second year we have undertaken this project and we look forward to many more. Later in the quarter we are sponsoring a campus-wide three on three basketball

Campus Scene

tournament. The proceeds will go to the Renegades.

In the coming quarter, we look forward to Parents' Weekend, and spring weekend which will be held in Orlando and highlighted by the annual awards banquet.

Michael Lafever "E"

FLORIDA STATE COLONY

March 20, our fourth pledge class was initiated with the help of the Troy State Chapter.

We are doing very well in spring intramural competition having placed high in two of the three required events this quarter and are still in mid-season of softball.

April 12, the Florida State Colony held its first annual Delta Chi Road Rally. For the first event of its kind held on our campus, the response was very good and the only sour note was the weather. It rained all day and hampered our attempt to raise money for our philanthropy, the Leon County Lions Club Eye Bank.

During Greek Week we placed third in both scavenger hunt and skits, and had many commenting on our social night where our house was turned into a Western town complete with general store and jail. However, the biggest honor to our colony was Brother Dann Ragan being one of six persons to be considered for *Greek Man of the Year*.

The end of this quarter will mark the first year in our new house. We first acquired the house on a yearly lease September 1, with the help of many alumni to whom we are most grateful.

David L. Gunn "E"

FULLERTON

The Fullerton Chapter got off to a great start this semester with the activation of ten men into the Bond and six new girls into Chi Delphia.

This semester's pledge class was known as the Bull Pledge Class under the leadership of Pledge Counselor **Dale Burke '81**.

Our latest service project involved a Delta Chi auction to benefit the Easter Seal Foundation. With the help of the donations from the local merchants, Delta Chi was able to raise a substantial amount of money to donate to Easter Seals and provide an Easter Egg Hunt for our neighborhood children.

Another Alumni vs. Active Chapter softball game and picnic was held June 8.

Sammy Darrell Hughes "E"

GANNON

MATERIAL NOT SUITABLE FOR PUBLICATION

GEORGIA

Winter quarter was very successful for us, headed by our high rankings scholastically. We also initiated two more men into the Bond, as well as formally initiating seven new members of Chi Delphia.

Our chapter ranked fourth out of 26 fraternities scholastically with a 2.9 average. This is the highest ranking in the history of our chapter. Individually, Brothers **Paul Edwards '83**, **Robert Williams '83** and **Mike Pickle '83**, were invited to join Phi Eta Sigma, a national freshman honor society.

Athletically, our bowling team finished second in their league, losing the championship by 11 pins in a play-off, while our basketball team finished third out of nine teams in their division.

Our current service projects include an entry in the Athens Downtown Bed Race for Muscular Dystrophy and the coordination of a CPR course the Red Cross is giving on campus.

We held an Alumni Appreciation Day, March 29. The day was marked by an all-day barbeque and was a huge success. We plan on making this an annual event.

We held the first M*A*S*H social on this campus with Chi Omega sorority in February. The theme has since been copied several times at other socials.

As usual, the social highlight of the quarter was the White Carnation Ball held in Dillard, Ga. in February. Karyn Mozley was crowned as our new sweetheart.

John Johnson '83, was named sports editor of the campus yearbook, while **Tim Bonner '82**, was named the assistant news editor of the campus newspaper. **Bill Stout '80**, is also on the seven-man Student Judicial Council.

Timothy K. Bonner "E"

GEORGIA SOUTHERN

Spring quarter began with the newly elected brothers taking office and the initiation of eight new brothers into the Bond. These included two initiates from the Augusta Colony. **Dave Buschell '82**, began his term as Interfraternity Council President. Our GPA is presently fourth among the 14 fraternities at Georgia Southern.

The winter pledge class presented the Chapter with a nice trophy case that inspired us to paint the entire lodge. We recently began a drive to pay for our land in "Greek Village." A gas raffle helped to raise money for the land.

Athletically it was a great quarter. Presently we are at the top of the fraternity league softball standings. It appears as if we will be the only fraternity to place in football, basketball, and softball. Greek Week provided friendly competition for all Greeks.

This quarter we had mixers with Delta Zeta and Alpha Gamma Delta Sororities. Our beach trip to Daytona Beach was the highlight of our best year at Georgia Southern.

ILLINOIS

Delta Chi has once again proven itself as a constant contender on the intramural sports front. Our "A" basketball team made the play-offs in both the fraternity and all-campus leagues. We are most proud of our Associate Member team that captured the all-university championship. In softball, our "A" 16 inch team and our co-rec entry both made the playoffs.

Informal rush brought us 13 pledges who were formally pledged March 15.

We held a celebration for our mothers at the annual campus Mom's Day, the weekend of March 18-20. Events included two lunches, a meeting, a banquet, initiation of our Moms into the "Mom's Day Association," and an "after

Campus Scene

hours party" with our Chi Delphia and their mothers.

Amid all the social and sports events of the spring, we found time to work for others as we held our first annual "Delta Chi Love Run" to benefit the Muscular Dystrophy Association. We ran for six straight days, 144 consecutive hours, and over 860 miles to collect over \$10,000 in cash and products for MDA.

Formal rush brought us seven new pledges that helped to fill the house to a capacity of 74 for the third consecutive semester.

Our final social event of the spring, the annual spring picnic, dance, cookout, party, "Birdshit," helped to put us in the correct frame of mind for finals. The event, which is held at the farm of **Stanley Harper '67**, featured softball, 200 pounds of beef and pork, square dancing, hay rides, a band, and camping. Over 200 Delta Chis and their dates attended.

John Wyeth "E"

ILLINOIS STATE

This past year proved to be a very good one for our Chapter. Steps were undertaken to purchase our present house and make it our permanent location at Illinois State. A fund raising "Telethon for Megabucks" netted \$2,000 in pledges.

Our Chapter is very involved in the Interfraternity Council. **Phil Dribbin '81** was elected vice-president this year and our representatives were involved with various committees.

This year was a good one for sports, varsity and intramural alike. Five of our members were on the university rugby team and one of our new actives is the manager for the Illinois State varsity basketball team. In intramurals we took first place in volleyball. In basketball we placed second in the Alpha Phi Alpha tournament. We took the team trophy in the Sigma Phi Epsilon Fite Nite. We also took second place in the Sigma Nu softball tournament. Our Chi Delphia also fared well by winning the Alpha Tau Omega volleyball tournament and second in the Alpha Kappa Lambda softball tournament. We were also successful in the Greek Games taking second overall.

This year we welcomed 31 men into the Bond of Delta Chi. The chapter participated in the Multiple Sclerosis Free Throw Shooting Contest, Chi Delphia Easter Egg Hunt for local orphans, and our "lot party" for the 1980 Summer Olympics. In the ATO/ΔZ Pizza Eating Contest for Epilepsy we took first and second place.

Kevin Pegler "E"

IOWA

NO REPORT RECEIVED

IOWA STATE

Spring quarter at Iowa State was ushered in by the successful 1980 Muscular Dystrophy Dance Marathon. **Dave Schuler '80** was overall chairman of this event which raised over \$104,000. **Bryan Kinghorn '80**, along with many other men of the Iowa State Chapter put in hours of committee work to make this event a success. Leading the Delta Chi dancers in the marathon was **Doug Philiph '83** and his date who received second place for amount raised with \$535.

Greek Week at Iowa State was highlighted by

having Executive Director Ray Galbreth attend appreciation night and speak on campus. This week also found brothers involved in the Greek Choir, college bowl, and the Greek Olympics. Greek Week was climaxed with the announcement that our alumni advisor, **Leonard Olson '77**, was to receive the Gamma Gamma award for outstanding service to the Greek system.

April 26, was the date of the first annual spring hike and campout. Over 35 undergraduates, alumni and Chi Delphia experienced this retreat into the wilderness. The trip featured a daylong hike on the historical Kate Shelley Trail led by **Ross Peterson '78**.

The end of the quarter will find Brother Kinghorn showing his talent in the musical Jesus Christ Superstar and the house involved in the spectacular Veishea celebration.

Dave Kooistra "E"

JACKSONVILLE

This semester turned out to be a very stabilizing one here at Jacksonville University. We held our first annual Chartering Anniversary Banquet with almost 100% attendance. Our annual Valentine's Day raffle was a big success also. Our sorority mixers also gathered over 90% attendance and our year-end party was much improved this year as the location was moved to a Chi Delphia's beach house.

Unfortunately, our "BB", **Oliver Barksdale '50**, passed away this past semester and after considerable deliberation we chose **Keith Shriver, Florida '79**, for the position.

We were awarded a Grand Slam trophy by the intramural department for our victories in all major interfraternal events for the first time in university history. We also received the Highest Pledge Class award for scholastic merit. Graduating brothers **Lee Decof '80** and **Mark Radloff '80**, received awards from the divisions of their respective majors. For next semester **Dan Galanaugh '82** was elected First Vice President of the Interfraternity Council.

Robert Cerame, "E"

JACKSONVILLE STATE

The spring semester at Jacksonville State found us with a new house and the pledging of 20 young men. Chi Delphia added 12 new girls as well. The girls were very active not only sponsoring a Greek Party but several covered dish suppers as well.

On March 8, our White Carnation Formal took place in Chattanooga, TN. **Gary Wolfe '75**, was selected as the Most Outstanding Alumnus. Our first annual Alumni Weekend, used as an attempt to give our alumni a spring homecoming, was held March 21. A softball game between the actives and alumni resulted in a romp for the alumni. Other activities included a barbeque and a baby judging contest.

Our semester ended with the traditional Indian Party. Initiation was held April 26 with five new members joining the Bond. We conclude this semester in good shape and optimistic for next year.

Bob Butler "E"

JOHNSTOWN

One event this term stands above all others at Johnstown. Through the united efforts of the brothers and Chi Delphia we succeeded in securing a victory for **John Wozniak '78** in his campaign for State Representative in Pennsylvania's 71st Congressional District primary election.

Hours were spent campaigning for John and his victory was well deserved. This proves that when men of a common bond unite their efforts results can and do take place.

Currently we are working with our local alumni on the organization of an alumni association and are hoping that the Wozniak victory will draw the interest of more alumni.

Our pledging program brought six new brothers into the Bond this term, which culminated with our Winter Formal.

Jim Chamiok "E"

KANSAS

The last half of the spring semester was active and fulfilling for the Kansas Chapter of Delta Chi. Reflecting on the chapter were the outstanding performances of **Dave Jones '80**, who was nominated to Phi Beta Kappa; **Steve Howell '82**, who placed second out of a group of athletes from all over the campus in a "Superstars" competition philanthropy; and **Dennis D. Depew '80**, who was recently accepted into the University of Kansas Law School.

Our social calendar contained a variety of events. The highlights included our annual "What the Hell" party, a function with the Alpha Gamma Delta Sorority, a trip to the Kansas City Royals home opener, and the traditional grand finale to the semester, our "Tom Jones" party.

Athletically, the men of the Kansas Chapter fared well. Our intramural basketball team finished with an impressive 7-1 record. The only hindrance to a first place finish was a disappointing loss in the final tourney. Our softball team has been undefeated so far, and it looks as though it will remain so. **Scott Kaufmann '83**, placed third in singles in the campus intramural tennis tournament, and **Mike Coleman '83**, grappled for a second place in the intramural wrestling tournament.

On April 25 and 26, we held our annual alumni meeting. We were quite honored to have the Kansas Secretary of State, Jack Briar, in attendance as guest speaker.

Looking ahead, we see a productive summer. Our three informal spring rush parties went well, and we are looking forward to a good summer rush. Our new fire escape is now under construction, with the installation of a new boiler and an exterior paint job soon to follow. The house should be in great shape for the start of the next school term.

LEHIGH

Four Brothers represented our chapter at the regional convention at Cornell this spring, strengthening our ties to the National organization. Our ties to our Alumni were strengthened as well when we elected **Curt Markley '78** as our new "BB".

We have continued to maintain a very positive reputation on campus by finishing fifth academically out of 32 fraternities this past semester. We also are presently ranked in the top half of fraternities in intramurals. Additionally, **Rich Strawsburg '81**, was recently elected to the University Forum. Rich also succeeded this year in winning the prestigious intramural wrestling tournament. **Dave Rathbun**

Campus Scene

MASSACHUSETTS
NO REPORT RECEIVED

MIAMI

The Miami Chapter has completed another successful rush this year. Delta Chi was once again the only fraternity on campus to have a 100% bid acceptance rate. With the pledging of six fine young men this spring, the chapter now has 102 members. Concurrently, the chapter is revising our pledge education program to make it more progressive and positive.

The chapter is nearing accomplishment of one of our most important goals, the purchase of our chapter house, which we have rented for several years. **Rick Zucca '74** has been instrumental in helping with the purchasing of the property.

The chapter had several brothers involved in sports this term. **Gordon Kane '80** was the leading scorer and most valuable player on the Miami soccer team. He also received an athletic scholar citation for maintaining over a 3.0 grade point average. Associate members **Brad Kavin** and **Scott Barrett** were also members of the varsity team. Also, associate member **Bob Muntis** was the backup center on the MU Basketball team.

We are already making preparations for our 50th Anniversary celebration. The Miami Chapter was founded May 30, 1932.

Frederick R. White "E"

MICHIGAN

The Michigan Chapter just completed much of the remodeling needed to comply with the new city fire code. It was not easy making a nearly 60-year-old building meet contemporary standards. A carpenter was hired to construct several new walls, but all the finishing, sanding, painting and cleanup was done by the brothers and alumni.

In sports, we took second place in intramural soccer and made the playoffs in basketball. Greek Week went well and although we didn't win any prizes, we did win a few events. In spite of a few setbacks we showed real teamwork, enthusiasm and brotherhood.

The year ended with the sounds of "toga . . . toga" echoing through the halls as the chapter threw an all-Greek "Animal House" toga party.

Jon Buitewig "E"

MICHIGAN STATE
NO REPORT RECEIVED

MINNESOTA

Founder's Day this spring quarter gave added strength to our Chapter's Brotherhood. To those alumni who were unable to attend, we hope to see you next year.

The Chapter is encouraged by the prospect of an alumni chapter being formed. With 300 Delta Chis from all over the country living in the Minneapolis area the potential for such a group forming is fantastic.

Our activities this quarter have included a little sister house party, a welcomed visit by Chapter Consultant **Don Buffum**, a retreat at **Paul Drach's '80** hideaway, and a barbeque and football game at Minnehaha Park. Upcoming is the University of Minnesota Delta Chi Lemmings Dive from the Washington Bridge and an appreciation event for our little sisters.

Our greatest desire at this time is to build our

numbers. With this in mind we have renewed our drive to rush and are planning a focused summer rush program. Our goals are high, our spirits climbing. The Minnesota Chapter is an up-and-coming house.

Thomas H. Beisswenger "E"

MISSISSIPPI STATE

The Mississippi State Chapter of Delta Chi is ready to start off the 80's right and is looking forward to a bright future. Informal rush was a successful one with such activities as an Indian party and a catfish cookout. We have pledged two men and a new little sister.

Our annual White Carnation Ball was held March 22, and Brenda Bowen was crowned sweetheart. We also had our biennial canoe trip on the Okatoma River near Hattiesburg, MS. With the exception of a few cases of sunburn and fatigue, everyone had a great time.

The social calendar for next semester is full with plans for homecoming, summer rush parties, and formal rush already under way. Sports ended on a good note with a winning season in softball after a disappointing basketball season. Our chapter also participated in the Heart Fund Drive and the Mississippi State Jog-a-Thon.

Brian Barnhill "E"

MISSOURI

NO REPORT RECEIVED

MONTEVALLO

We have a good season this spring at Montevallo which was kicked off by the initiation of seven new men into the Bond. Our annual Spring Formal went well and our semi-annual pig roast was also a success. We held our first country and western party this semester, a popular event among the brothers, and we look forward to more theme parties in the future.

Our athletic program was as successful this year as our social program. We ended the fall semester with a victory over another campus fraternity in our annual charity padded football game. This spring we had a good season in intramural softball and finished in second place. Our greatest achievement however, was our victory in Greek Week. Credit must go to **Mark Carver '80** for the fine job he did in organizing our Greek Week effort. We are also proud of **Larry Adams '81** who won the district and Southern State Conference Golf Championships while leading Montevallo's first team to the national tourney.

We pledged eight men this spring in open rush and have high expectations for them.

J. David Veasey "E"

NORTHEAST MISSOURI

This year has been both productive and successful for the men of the Northeast Missouri Chapter. The chapter fared very well in Greek Week activities with **Kevin Small '80** being named Greek King, as well as having Delta Chi finish second overall in the Greek Olympics. Greek Week was capped off by the annual Delta Chi Alumni Weekend which was celebrated with a pig roast and party. The Northeast Missouri Delta Chi Alumni Association was also formed with approximately 15 members joining.

The chapter conducted several service projects including an aluminum can drive to purchase toys for the pediatrics ward of a local hospital, and a dance in which a percentage of

Campus Scene

the proceeds went to the St. Louis Shriner's Children's Hospital. The chapter also participated in the Red Cross Bloodmobile and sponsored an All-Star Greek basketball game.

The house has undergone several renovations including re-wiring, installation of barn siding in the basement, and new carpet in the living and dining rooms.

Several brothers have been elected to positions of authority in campus organizations for next year. **Steve Baker '81** and **Les Baker '82** have been elected first and second vice-presidents of Blue Key while **Tom Elliott '81** will be editor of that organization. **Ron Rommel '82** will be a varsity cheerleader and **John Guitart '82** will be the Advertising Manager for the school newspaper, *The Index*. **Tim Rector '81** was elected chapter Luminary and **Larry Nothnagel '79** was named Outstanding Alumnus. **Kevin Small '80** has been accepted at Washburn Law School.

Spring Formal was held April 26-28 in Burlington IA. The weekend consisted of a "night on the town," a banquet, and a dance.

Summer Reunion is planned for the weekend of July 11-13 in Kirksville.

Jerry R. Mallory "E"

NORTHEASTERN

The spring quarter got off to a very good start with the activation of two men into the Bond and the reinstating of a Chi Delphia program.

April 5, we held our ninth anniversary party. Patrice Tracy was voted Chapter Sweetheart.

This year's softball team looks very promising.

Our house search committee has gotten underway and by September we should be in a new house.

Matt Goldman "E"

NORTHERN IOWA

MATERIAL RECEIVED TOO LATE FOR PUBLICATION

NORTHWEST MISSOURI

The spring semester at Northwest Missouri started out busy with rush. All the hard work was well worth it, for we pledged 24 men. The pledges went through a seven week pledgship and on March 23, 1980 we were proud to be joined by 22 new brothers.

This semester has been busy for us with money making projects. The first project we held was a slave auction raising \$135. Another project we held was for the Nodaway Valley Sheltered Workshop for which we raised \$300 with a swim-a-thon. Our last project for this semester was a softball tournament. We were able to raise \$500 in entry fees and concessions. The swim-a-thon and softball tournament have become annual events for us. We are now planning a wrestling tournament for the fall semester. If successful, it too will be one of our annual money making projects.

On April 12 we held our annual spring formal at the Hilton in Lincoln, NE. Awards were presented to Jan Crees, Delta Chi Sweetheart; **Phil Jardon '80**, outstanding senior; and **Steve Strum '78**, outstanding alumnus.

N.W.M.S.U. annual Greek Week was held with Delta Chi showing the Greek spirit. For the second consecutive year a Delta Chi brother has designed the Greek Week T-shirt. This year's designer was **Jay Wardrip '82**. Other activities for Greek Week were an all-Greek party and

Greek Games. This was the first year the all-Greek party was held without alcohol beverages, and was very successful. In the Greek games the Delta Chi's were very competitive, finishing in second place.

Don Hobbs "E"

OHIO STATE

Enthusiasm seems to be the main word here this spring, as we have put forth great effort towards rush, Greek Week, and all else we've done.

A loan is in the process of being completed that will enable us to furnish the house with a new look on the inside, to go along with our already attractive exterior.

We are working this spring on what promises to be an exciting homecoming for next fall. We will be celebrating the festivities with O.S.U.'s halftime dance and drill team, "The Scarlet Steppers."

This spring has seen the brothers white water canocing and enjoying a fabulous "Spring Weekend." We have had several parties this quarter, including trips to Reds games, t.g.'s, and a Monte Carlo party. Intramurals are going well and we have two brothers who are playing on the rugby team this spring.

Regent **Bob Graham**, Vice Regent **Chris Johnson**, and Chapter Consultant **Don Buffum** have all made visits to the house this spring, bringing much needed and welcomed advice and input.

Mike R. Wylly "E"

OKLAHOMA STATE

As the spring semester draws to a close, the Oklahoma State Chapter is enjoying another outstanding semester. Beginning with the initiation of 15 men into the Bond February 23, and the addition of eight new Chi Delphia members. A "Night in Monte Carlo," was the theme chosen for our annual rush party which attracted over 50 young men from across the state. "The 1980 Spring Sing," held during Mom's Weekend, was again a success, as we, along with the women of Alpha Delta Pi, captured fourth place. Our spring formal, "White Carnation," was held this year in Eureka Springs, AR and Jodie Mullins was chosen as our Sweetheart for 1980-81.

Kyle Thompson '81, has been elected vice president of Beta Alpha Psi, an honorary accounting fraternity, vice president of Business Student Council, and also secretary of Blue Key. **Greg James '81**, recently placed third in the Big 8 Debate Contest held at Kansas State University. Participating on the Greek All-Star softball team was **Kevin Shea '82**. **Dee Daniel '81**, was selected to be an officer in Alpha Kappa Psi, an honorary business fraternity.

Jon M. Lockwood "E"

OREGON STATE

The Oregon State Chapter has been very competitive this year in intramural sports. Our soccer team is undefeated and on their way to a league championship, our softball team has been beaten only once, and we are undefeated with three bowling teams.

Our alumni weekend was a great success, highlighted with the presentation of **Tom Cortwright '76** as Alumnus of the Year. The weekend also included our third "Heavy Hardware" show.

Everyone at the Oregon State Chapter is

looking forward to our upcoming 50th Anniversary.

Curt Franklin "E"

PENN STATE

NO REPORT RECEIVED

PURDUE

The Purdue Chapter recently initiated 17 new members into the Bond. We are also very proud of our 25 new Chi Delphia this spring.

This semester our chapter sponsored the first annual all-campus Monopoly Tournament along with Alpha Delta Pi Sorority. Although the attendance was lacking, the enthusiasm was not and we hope to sponsor some other all-campus event next year.

Also this spring, Delta Chi was entered in the annual university-sing competition. We placed third in the men's division.

The highlight of the spring was again the Purdue Grand Prix Karting Race. Delta Chi entered a competitive cart, and although we didn't win, the race generated a lot of excitement and made for a great week.

Thomas Weikart "E"

SAN DIEGO

The spring semester at the San Diego State Chapter was a tremendous success. We initiated 10 new men into the Bond including our landlord, Colonel Earl VanDussen, who is a very young 75 years of age. He has helped the chapter tremendously by purchasing additional property including a house, parking lot, and also purchasing two new refrigerators.

In sports, our basketball team placed third after a strong finish and played in the playoffs. We also had six brothers who competed in an over-the-line tournament and came away with the first place trophy. The Division I softball team has an excellent chance to win the championship in fraternity play. We are also in strong competition for the IFC sports banner.

The highlight of the semester socially was the White Carnation Ball. This was an exciting event and was topped off by the announcement of our new sweetheart, Andee Moline. Our new officers were sworn in at this time also.

Carl S. Little "E"

SOUTHEAST MISSOURI

The spring semester has been a busy one for Southeast Missouri Chapter. We had several social exchanges with sororities on campus including Delta Delta Delta, Alpha Chi Omega, Alpha Delta Pi and Alpha Xi Delta. Theme parties this semester included a toga party and an Iranian party. The little sisters were very helpful in planning and participating in several joint activities.

Delta Chis participated in all intramural sports events. Among these were wrestling, coed water polo, volleyball and badminton with **Kent Turnbull '80**, placing second in men's badminton doubles.

Southeast Chapter entered five couples in the Cystic Fibrosis Dance Marathon. They danced 32 hours and raised over \$2150 in pledges. The rest of the actives helped with food service for the dancers. **Brother Turnbull**, won best dance costume.

This spring we pinned eight fine men. For their service project they raised a record amount of \$215 for the local Humane Society, breaking the previous record by over \$100.

Southeast Chapter has become more influen-

tial in campus politics and activities. **Dan Bartnett '81**, and **Windall Wilson '82**, were elected president and treasurer of Interfraternity Council and **Greg Dougan '83**, was elected sophomore delegate to the Student Activities Committee. **Ken Stilson '83**, secured a lead part in the all school play Barefoot in the Park. **Mike Unverferth '80**, and **Wayne Green '80**, were selected to be placed in Who's Who Among American College Students.

In scholarship it was announced that the fall pledge class had the top GPA of any Greek pledge class. The actives, in turn, placed second among Greek organizations.

Southeast Chapter sponsored the 1980 Miss Southeast Missouri State Pageant. Miss Brenda McElroy was chosen by a panel of judges to be Miss SEMO. She will go on to compete in the Miss Missouri Pageant.

Highlighting the semester was the spring formal which featured the band Savannah. Awards made during the formal were, **Kevin Billings '80**, Chapter Luminary, **Jim Corbin '83**, Pledge of the Year and Jane Esser was crowned Chapter Sweetheart. Scholarships were awarded to **Keith Bellchamber '82**, for most improved GPA and **Les Palmer '83**, for best pledge GPA.

At the Fourth Annual "Current River Crash" alumni and actives again braved the white water May 16, 17 and 18.

Randy Loftis "E"

SOUTHERN CALIFORNIA

The semester began on an up note with the pledging of eight men and the induction of 10 Chi Delphia.

Parents' Night proved successful as the large turnout had an opportunity to get better acquainted by participating in entertaining games and activities.

Local Founders' Night also turned out well as members, old and new, exchanged stories and celebrated their common Bond.

Baseball was a house favorite as the excellent turnouts at the Delta Chi Dodger Night, Trojan Baseball Night, and family softball game proved.

This semester the brothers donated their time and effort manning the phones at the Easter Seals telethon. Not only did the brothers have the opportunity to aid a worthy cause, but also had the chance to meet several celebrities.

Our plans for summer rush include a threefold program in which chairmanships have been set up for contacting prospective members, planning social events, and mailing of literature. Such a division of tasks will hopefully increase the efficiency of each of these areas.

Howard S. Yamaguchi "E"

SOUTHERN ILLINOIS

Our traditional "Parents Weekend" went so well this year that almost all of the parents who attended assured us they would try to attend next year. The coordinator, **Jim Hietala '81**, planned and organized "Parents Weekend" so well that over half of the brothers were able to persuade their parents to attend. **Bruce Swinburn**, Vice President in charge of Student Affairs also attended the festivities.

Another of our traditional functions held recently was our third annual "Redneck Jamboree" party. This is a party where everyone dresses as a cowboy, farmhand, etc. and then acts accordingly. We even went so far this year as to acquire a square dance caller.

Campus Scene

The Southern Illinois chapter did very well in Greek Week activities. Over 16 awards or trophies were won. Our own event, a very imaginative tricycle race, was won by the women of the Alpha Gamma Delta Sorority.

Brothers **Gary Dowdalls '81** and **Forrest Fairall '81** received the "Chairman's Award for Distinguished Service" for their help and generosity to the Inter-Greek Council. **Robert Dennis '83** received the Freshman Honors Society Award for his outstanding grade point average.

Steve Bone "E"

SMU

As the semester nears an end, the Southern Methodist Chapter of Delta Chi reflects on many great achievements. The most notable of these is the initiation of eight new men into the Bond. Also, in conjunction with our brothers from Arlington, we held our first annual White Carnation Formal. The glamor-filled event was staged at the new Hyatt Regency.

Our latest service project involved taking a group of orphans to the Dallas City Zoo. The Sunday afternoon was well spent by all that participated.

We are already looking forward to the coming semester of school and we are already planning for rush.

Another project in the works is a house painting party. It is hoped that the painting can be completed before the start of the fall semester.

Orlando Salazar

TRI-STATE

MATERIAL NOT SUITABLE FOR PUBLICATION

TROY STATE

Once again the Troy State Chapter had a successful spring quarter. We began the quarter by pledging six men to Delta Chi.

We finished intramural softball with nine wins and one loss and won the intramural softball trophy for the third time in the last five years.

We also participated in the Spring Bunny Contest which was a fund raiser for P.U.S.H. (play units for severely handicapped). We made a clean sweep of all the activities, including winning the spirit trophy.

We also did very well in Greek Week and won many events. We are currently awaiting the announcement of the Greek Week trophy winner.

Joe Jones '81 was elected Student Government Association Vice-President. Jones was also selected as one of two Troy State students who will study at Oxford University. This is the third consecutive year that a Delta Chi has been chosen for this honor.

We completed the quarter with our Luau and Beach Parties. The Beach Party was held at Pensacola, FL with many of our alumni attending. The Luau was held in the tropical backyard setting of our house. Luau was highlighted by three bands, 20 dancing girls, and four fire dancers.

Jeff Andrews "E"

UNION

The Union Chapter of Delta Chi started out the spring term with pre-initiation week, where brothers and pledges alike did a thorough house cleaning. New improvements were also

made, including the installation of theatre seats in the bar, repainting the living room, and plans being drawn up for a refrigerated tap system. The week culminated with the initiation of 10 men into the Bond.

In intramurals, Delta Chi was named hockey champion on campus this past term. This spring, Delta Chi is sporting teams in ultimate frisbee, softball, and lacrosse.

Once again, the Red Cross Bloodmobile received wide support from the brothers and friends of Delta Chi.

Bradley W. Glasser "E"

VALDOSTA

Fall quarter proved to be a great start for our year at the Valdosta State Chapter. Many of the brothers worked on the fraternity house during the summer for the addition of a sun deck. This seemed to be helpful during rush as we have added 19 men to the Bond. We are proud of the new members as they show great potential for the future.

Getting ready for Homecoming '80 also turned our attention to the House. The game-room floor was retiled and much of the inside of the house was painted. The weekend was also very successful as the alumni turnout was fantastic.

Once again, the Chis dominate the interfraternity athletic program. The football team finished in first place and the basketball team came home with third. We also look forward to Greek Week as we usually dominate in this area also. Our Delta Chi tug of war team has just finished a first place pull and will go to Atlanta for more competition.

The final pull will be during a double header in Fulton County Stadium.

The beauty at VSC also lies in Delta Chi. This was proven when one of our sponsors won Miss VSC.

The White Carnation Ball, March, 1, was a complete success. In addition to presenting various awards, the sweetheart and Chi Delphia were also announced.

Many of the brothers were asked to help with sorority rush programs. One of our brothers was chosen as the sweetheart for Zeta Tau Alpha.

T. Scott James "E"

WASHINGTON

The addition of two new brothers this quarter, creates our largest pledge class with forty new men. This diverse group has added even greater strength and interest, which is reflected in all aspects of our chapter. Our calendar has once again proven successful, inspiring 120 girls representing 17 sororities to try for the 13 prized positions chosen at our annual fashion show at the University Ballroom.

Following suit, our chapter participated in the University Phone-A-Thon, and in the Mother's March of Dimes for our third community project this year. Projects of improvement with our house included landscaping the yard and lawn, building a new roof, and purchasing two new couches for our new annex.

The Washington Chapter is represented well on campus. Competitive Greek Week festivities began with Delta Chi's first place finish in the Gong (talent) Show. Athletically, one brother plays professional soccer, 16 compete in varsity sports — covering six different fields, and intramural teams compete in 75% of all sports

Campus Scene

offered, with 75% of our brothers contesting. All five of our basketball teams went to the championship play-offs and our three soccer and four baseball teams both display undefeated teams. Another brother dances for a university choreography company, and two others write for the *Daily*.

All of our brothers are looking forward to our second alumni function of the year, the second annual Alumni and All House Spring Barbecue. We are also looking forward to our Spring Luau.

Scott Greer "E"

WEST LIBERTY

The West Liberty Chapter has recently completed another successful spring weekend. This year, our 10th anniversary, many alumni returned to make it more special than ever. Some of the awards presented were Brother of the Year, **Greg Aston** '81; Luminary, **Tom Murphy** '80; and Mr. Hustle, **Marty Haines** '82 and **Jackie Rains** '81.

We were pleased to have Regent **Bob Graham** visit and participate in our 10th anniversary celebration.

Our lounge is getting a new look with new

furniture, carpeting, stereo equipment, and a huge coat of arms painted on the wall.

We placed second in both Greek Week competition and intramurals.

To Brother and Mrs. Phil Alday '72, a son, Robert Norman, April 1, 1980.

WEST LIBERTY

Married

Mike Iannachione '79, to Lisa Woods, April 19, 1980.

Rob Morehouse '79, to Michael Helton, April 19, 1980.

Kansas keys successful rush to theme parties

by Paul R. Coffeen "E"

The key to a successful chapter is a successful rush. At the same time the key to successful rushing is 90% attitude coupled with detailed planning. Delta Chis at Kansas feel this is best attained when centered around the concept of a theme. Since the definition of a theme can be expressed as the subject of a creative presentation, rushing with a theme becomes creative rush.

A rush theme can be beneficial in several ways. First of all, the fact that the house plans an organized and well executed function shows the prospective members the interest that the house has for them. Next is the way in which a planned activity puts the "rusher" and the "rushee" on to a

common plane where they can relate to each other more naturally. Another positive aspect of a rush party with a theme is in the interest it stimulates in the active members. Thus to the house members, there is not just a rush party planned, but, for instance, a square dance.

At the Kansas Chapter there are three traditional rush themes usually used. One of our favorites is "Race Night," a party where we show films of horse races that are obtained from Race Night Inc. Along with the rented films are racing forms, tickets and play money, making it just like a night at the track.

Next we have the "Schooner Scam." Teams of five or six people are

formed with each team consisting of two Delta Chis, two guests and one or two little sisters. The teams compete in bowling, pool, a trivia quiz, a basketball free throw toss and a "beans in a jar" guess. Each event has certain point values which are recorded at set check points. The guests on the team compiling the most points win tee-shirts and "schooner" beer glasses.

Square dances are always a success. The dance is held at a local barn and a caller who is able to instruct the dance steps is hired. Little sisters and house member's girl friends attend. Learning the dance steps provides a good opportunity for the members and guests to work together, which is a very good way to get to know the guests.

Themes such as these really have made rush a big success at Kansas. We don't have to tell our guests about the fun we have because we show them! This gives us more time to talk about the many other things that Delta Chi has to offer.

A Guide to Responsible Hosting

Many questions arise concerning the use of alcohol in social functions, and the role of the person or group giving the party. Alcohol by itself is neither good nor bad, and the majority of those who use it do so for enjoyment and suffer few serious consequences from that use. It behooves us, however, to understand that alcohol is a very powerful and potentially harmful drug, when used irresponsibly. As host or hostess to a function involving alcohol, there are a few simple thoughts to keep in mind to insure that everyone has a good time and no one gets hurt. Many of these ideas are things you can do before the event or while planning the event and some are measures you may take during the event itself.

1. Ask yourself what the real purpose of the event is. Alcohol is often most successfully used when it is an adjunct to other activities, such as conversation, dancing, cards, pinball or other sports.

2. Provide alternative beverages. There are a sizable number of people who choose not to drink alcohol, and their rights should be respected. Even those who do use alcohol do not always prefer it. Try to provide alternatives such as fruit juice, soft drinks, etc.

3. Don't push drinks on your guests. People who drink at a slower pace often enjoy themselves more, and it is rude to force booze on others.

4. Try to create a relaxed atmosphere in which people can get to know one another. This means having the music at a level where people can converse, and being sure that introductions are made.

5. Serve food along with drinks. This slows the absorp-

tion of alcohol into the bloodstream. Both food and alcohol are enhanced when served together.

6. Regulate the flow of booze. You may have one person be bartender for the night. If guests mix their own, provide shot glasses so they can measure their drinks. If an alcoholic punch is served, use a non-carbonated base such as fruit juice, which will provide slower absorption than carbonated mixes. If you have a keg of beer, you might consider having it located somewhere other than the center of the room.

7. Stop serving liquor about an hour before the party ends. Some people may get upset, but offering food or non-alcoholic beverages will provide time for the alcohol to begin wearing off before people go home.

8. If someone has had too much to drink, stop serving them. Remember, they are in no condition to decide whether or not they should continue. As host/hostess, it is your responsibility to discontinue the booze when necessary. This is oftentimes hard, but you may be keeping someone from real harm by this simple act of caring.

9. If some of your friends are planning to drive home and you feel they have had too much to drink, try to get them to take a taxi, or you might give them a ride. If possible, you could provide them a place to sleep. Again, this simple measure can prevent enormous damage.

These are not "definitive rules" to party by. But, when applied to your social function, they may help you to have a good and safe time.

Your Commitment is forever

You've graduated and you've had four good years as a Delta Chi. Is your fraternity life finished?

NEVER! You made a contract . . . for life.

If you will review that contract, you will be cognizant of the opportunities for personal growth, social development and leadership training Delta Chi provided you as a collegian. Now, as an alumnus, you can continue to uphold the commitment you made when you were initiated into the Bond.

Alumni participation takes on the same, and usually deeper, meaning that collegiate involvement provided. Alumni Delta Chis, just like collegiate Brothers, are readymade friends. Friends to share the joys and disappointments of your new life. Friends who can help you learn about your new city, Friends who will offer a place for you to stay as you search for an apartment.

Being involved as an alumnus offers you a way to become a vital part of your community.

One of the most important ways that you can be involved is to join the alumni chapter nearest you. If there isn't an alumni chapter near you, that doesn't mean that there aren't brothers who are looking to renew this special part of their lives. It is always possible to organize a chapter. Geographical listings of alumni are available through the Headquarters.

Another way to support the fraternity is to help support our collegiate chapters. Alumni serve as that much needed stability and continuity to any collegiate chapter by serving as a "BB" or an ABT or Regent or Vice Regent or by serving on one of the National Committees or by assuming the position of Chapter Consultant.

- "BB" — The Chapter Advisor is a position that offers an alumnus the opportunity to take a vital role in the continued success of a chapter. With the everchanging membership of a college fraternity, the "BB" offers the maturity and knowledge to advise the chapter and add a degree of continuity. A good chapter advisor will assist the chapter in setting goals and developing programs to achieve those goals. Rather than doing everything for the chapter the "BB" is teaching the members to achieve on their own. The "BB" is a liaison between the chapter, its alumni and the General Fraternity.

- ABT — The Alumni Board of Trustees is both a supervisory and advisory group of alumni. It gives Delta Chi alumni an opportunity to help coordinate the chapter's activities. The knowledge and experiences that these men have received from their careers in the business and professional world form a vast reservoir of knowledge that can not only assist when problems arise, but also help to prevent problems. The ABT should give continuity, guidance and stability to a chapter in the areas of rush, membership education, officer training, housing, public relations, scholarship, and alumni relations. They should keep a grip on the budget and the many financial responsibilities of the chapter.

- Regents — The Regent is an elected officer of the fraternity, sworn to uphold the Constitution and its By-laws. For him, whether he is dealing with hazing, payment of dues or election procedures, the only allowable policy is that which is contained in the Constitution and By-laws of Delta Chi Fraternity. The Regent is responsible

for holding a regional conference each year to bring the chapters of his region together to share ideas. The Board of Regents is responsible for approval of the fraternity budget, appointments to various committees, the granting, suspending or probation of charters of undergraduate and/or alumni chapters.

- Vice Regents — The Vice Regents are either elected by the undergraduate chapters of the region or appointed by the Board of Regents. They may be asked to visit various chapters and report to the Regent and the Headquarters Office on the progress of the chapters. There may be more than one Vice Regent per region.

- National Committees — These committees include the housing fund committee, investment advisory committee, constitution and by-laws committee or the Educational Foundation.

- Chapter Consultant — The Consultant is a salaried full time position. He travels chapter to chapter offering advice on recruitment, membership education, finances, leadership development, alumni relations and the Ritual. He is also involved in the day to day operations of the Headquarters Office. He is often called upon to make an expansion presentation to local IFC's as well as initiating new colonies. Most consultants are recent graduates who desire to spend one or two years traveling extensively while taking an active role in the development of Delta Chi.

The thing to remember is that there is a place for YOU!

Your commitment is forever. Delta Chi accepted you as a collegiate and welcomes you as an alumnus.
