From the Desk of the "AA"

Areas of emphasis set for "Our Centennial Decade" as plans, programs develop

Upon entering my second year as "AA", it is appropriate for me to share with you my views of Delta Chi. These are intended to reflect on the past while striving to set a foundation for the future.

Delta Chi has every reason to be proud of the fact that we are in "Our Centennial Decade"; many organizations cannot claim such an accomplishment. It is here and now that we are setting the "seeds" for our Centennial Year and our bicentennial.

The following represents the main areas of emphasis that the Board of Regents have set for Delta Chi: I. Alumni Programs and Services; II. Chapter Programs and Services; III. Growth: Expansion and Rejuvenation; IV. Finances; and V. Governance.

By delineating these areas we are able to better direct our efforts which are necessary as we develop plans and implement programs. We have started towards implementing programs in these areas by working more closely with The Delta Chi Educational Foundation, seeking more alumni for involvement in our fraternity, drafting a new structure for our governance, placing maximum emphasis on supporting our chapters/colonies through effective alumni programs and services at the chapter/colony level, starting a number of new colonies during this past year, chartering three new chapters, increasing the Endowment Fund, and having a dedicated and hard working Executive Committee fulfilling their constitutional requirements.

The challenges of the 80's can best be met through effectively linking the wisdom and maturity of our alumni to the optimism and vibrancy of our undergraduates. Of most significance is developing and implementing "Delta Chi — The Brotherhood of a Life-

time," a concept, an ideal if you please, whose time has come as we seek to embrace all the members of our fraternity. The strength that can be derived by each of our undergraduate members from our brotherhood is vital in the process of achieving the current biennial's theme "Personal Growth Through Brotherhood." But this is only a beginning compared to the enduring benefits and awesome potential derived by all our alumni members in their lifetime of brotherhood in Delta Chi.

As members assume positions of responsibility within Delta Chi, it is en-

The challenges of the 80s can best be met through effectively linking the wisdom and maturity of our alumni to the optimism and vibrancy of our undergraduates.

cumbent upon them to accept the mantle of stewardship necessary to ensure that they leave to posterity a fraternity that is in keeping with the Preamble of our Constitution, responsive to the needs of our membership, viable to endure through the decades of the many tomorrows, and capable of meeting the dynamic challenges of our society. As we continue the fraternal concept established so very long ago by our Founders it is now our charge to enhance and continue the *raison d'être* — Delta Chi.

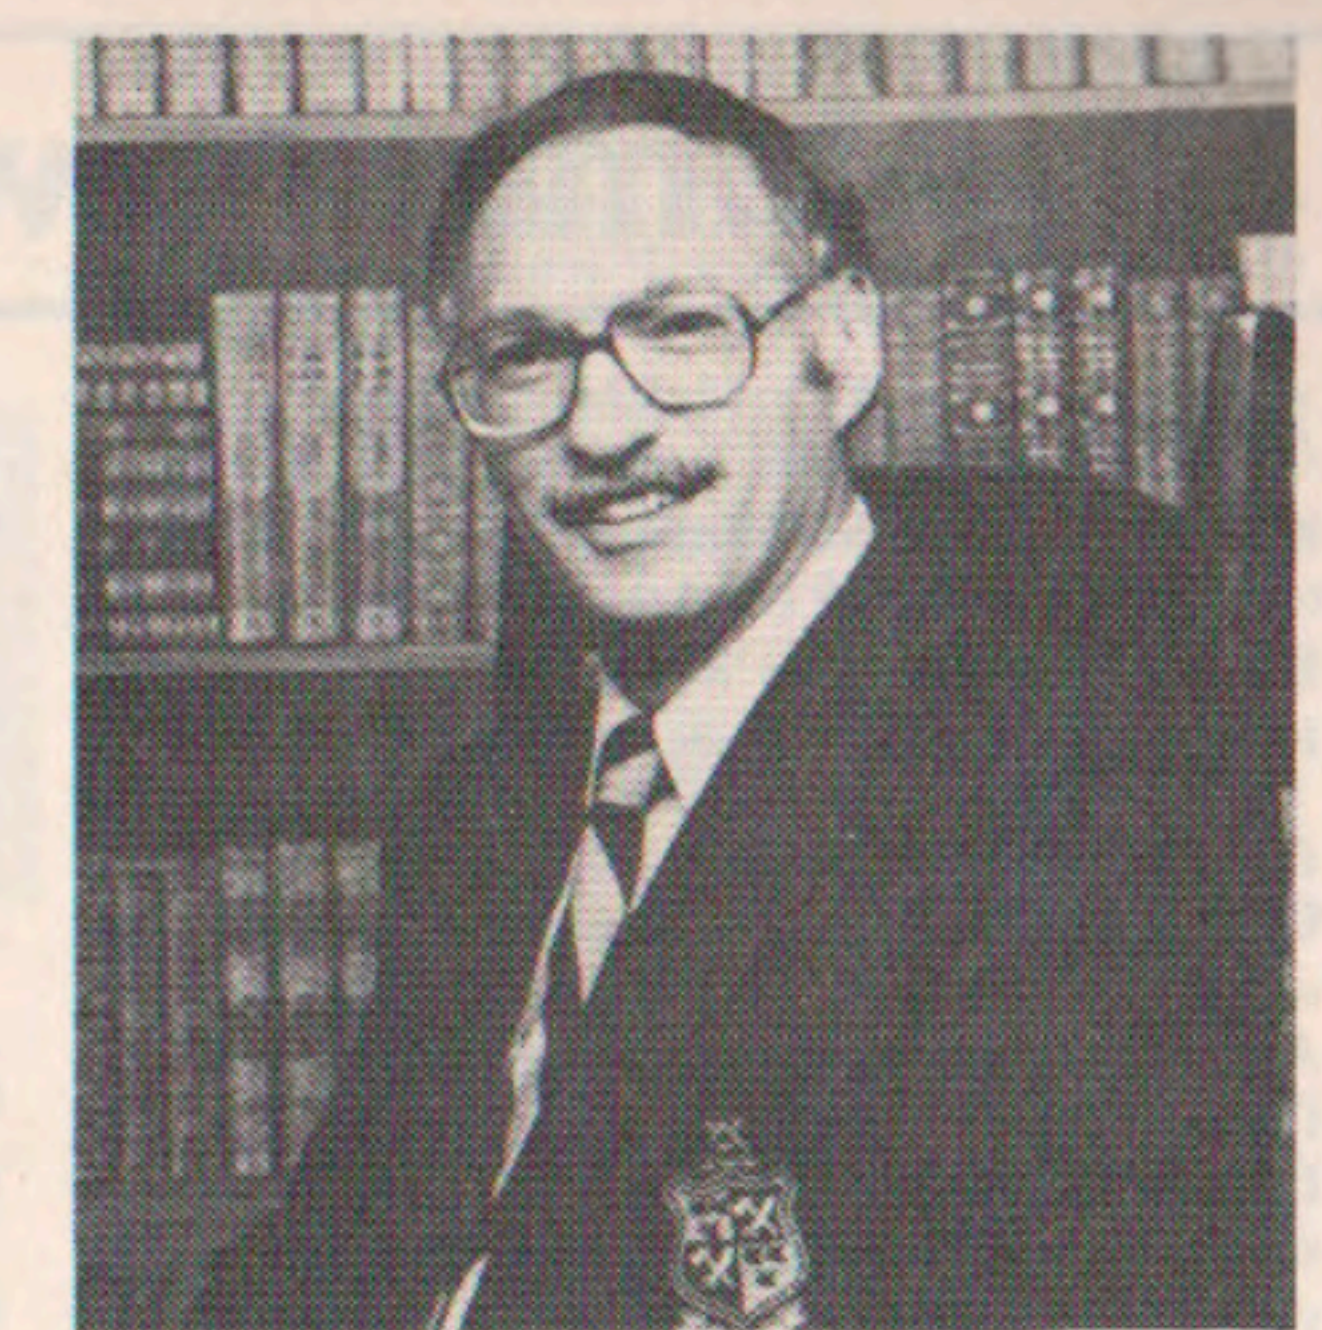

Delta Chi is *our* fraternity, and we must carry forward with the challenge to guarantee the second centennial of

Delta Chi and we must start right now. We are Delta Chi and we must ensure that we provide for a fraternity that has improved and progressed because of our best efforts. The concept of fraternity is first and best realized at the chapter level. We must demand that Delta Chi is dedicated to providing our undergraduates a meaningful and worthwhile undergraduate fraternal experience. We must provide an ambiance to attract top quality associate members and we must promote Delta Chi membership as a family tradition. Chapter Consultants and dedicated volunteer alumni are the main elements in a program to share, develop, and improve individual and collect abilities and accomplishments. In addition, the General Fraternity must have programs and a vitality that creates enthusiasm if we are to expect our chapters to be quality chapters. Many of us believe that by emphasizing alumni involvement at the chapter level we are significantly expanding what the General Fraternity can do to aid and improve our chapters. The potential of our synergy is awesome as we participate in "Delta Chi — The Brotherhood of a Lifetime." ΔΧ

Faternally,

R.F. Borrelli

Editor's Note: This article is a synopsis of "The Delta Chi Fraternity White Paper," prepared by the "AA". Copies are available upon request from the Headquarters Office.

Alumni News & Notes

ABRACADABRA

Brother **Danny Salvamini** '79, was married to Renee Guichard on August 28, 1982.

Brother **Robert Main** '80, was married to Joyce Fitzmorris on September 4, 1982.

ALABAMA

George C. Wallace '42, has won election to an unprecedented fourth term as Governor of Alabama. Wallace was previously governor from 1962-66, and then again from 1970-78. He was initiated as an alumnus in 1965 having served as a pledge during his undergraduate years.

Richard Shelby '57, has won reelection to a second term as Representative from the Seventh Congressional District of Alabama. Brother **James C. Boyd** '77, was married to Kathleen Kuykendall on September 25, 1982. Brother **Gregory D. Cotton** '77, was married to Julie Cunningham on August 14, 1982. Brother **Dwight L. Mixson** '79, was married to Julie Dana on June 19, 1982. Brother **Jeffrey V. Threlkeld** '79, was married to Sally Porter on October 2, 1982. Brother **Jake L. Morrow** '81, was married to Cheryl Heissmann on June 5, 1982. Brother **Elmon G. Terry** '82, was married to Sharon Harwell on August 14, 1982.

ARIZONA

Martin Gentry '27, was recognized for distinguished service to the University of Arizona Foundation on October 19, 1982. He served as the first president in 1966.

Basil K. Wiederhold '59, is the owner of the Desert Trophy Shop, Twentynine Palms, CA and is football coach at Twentynine Palms High School. Brother Wiederhold retired from the USMC in 1979.

Dr. **Lawrence Henderson** '60, has been selected President of the Medical Staff of St. Mary's Hospital in Tucson, AZ. He is also Treasurer of the Arizona Medical Association.

AUBURN

James W. Anderegg '62, is Chief Structural Engineer with Stree Technology in Bellevue, Washington.

Lawrence L. Hearn III '62, is a Special Agent of the Bureau of Alcohol, Tobacco and Firearms, Department of the Treasury. He is attached to the Criminal Enforcement Training Center at Glynco, Georgia as a Program Leader.

Stephen P. Byrne '72, is a CPA in LaFayette, LA and a partner in Spivey, Byrne and Co.

Noel Childers '76, has left his dental practice (Emory Dental School '77) to pursue a PhD in Dental Research at the University of Alabama in Birmingham Medical School.

Astronaut **Henry Hartsfield** '54 was welcomed home to Auburn Oct. 1 and 2. In addition to receiving a gift from the Auburn Alumni Association, holding a press conference, being honored during the half time ceremony at the Auburn-Nebraska game, signing autographs at a reception at the President's Home, Brother Hartsfield and his family paid a visit to the Auburn Chapter House. See photos.

the initial contact through an amateur radio operator colleague at NASA. The music was courtesy of the University of Illinois Men's Glee Club and the Illinois Chapter of Delta Chi and — of course — was Delta Chi Fraternity songs! Tapes of the music are available through the Headquarters Office.

AUGUSTA COLONY

Greg Brooks '80, was honored as hospital employee of the year at University Hospital.

Thomas Nash '82, is Coordinator of Criminology of Branau College at Ft. Gordon, GA.

BALL STATE

Larry Kunkel '77, was recently named financial manager of Indiana Telco Federal Credit Union in Indianapolis.

Born to Brother and Mrs. **Fred Endris** '79, a son, Robert Ryan, August 30, 1982.

Brother **Dennis Stern** '80, was married to Pamela Tucker on June 26, 1982.

Brother **Tim Luken** '81, was married to Lori Ann Robinson on July 31, 1982.

Brother **Tom Clark** '82, was married to Betty Plummer on September 18, 1982.

Brother **John Eisenbarth** '82, was married to Maggie Lee on July 17, 1982.

Brother **Kurt Petry** '82, was married to Beth Ann Stidd on July 10, 1982.

BUFFALO

Born to Brother and Mrs. **Mark J. Pelkey** '79, a son, Matthew James, July 24, 1982.

CENTRAL MISSOURI

Born to Brother and Mrs. **David Howlett** '74, a son, Craig Daniel.

Born to Brother and Mrs. **Russell Vaughn** '78, a son, Russel Loren, on March 12, 1982.

Brother **Matt Gnagi** '81, was married to Valeri Gammer on October 16, 1982.

Brother **Don Simmons** '82, was married to Norma Hill on July 31, 1982.

CORNELL

John C. Trussell, '28, a member of the Chicago Bar Association for 50 years, was honored at their June luncheon with a certificate and pin, tokens of his service to the organization. Trussell served as a member of the Uniform Commercial Code Committee which helped the Illinois Legislature draft the new commercial code and on the Professional Fees Committee and the Legal Aid Committee. The honorary luncheon was attended by over 400 Chicago lawyers.

Edward Miller '37, retired last May as General Manager of Murata-Erie Frequency Control near Camp Hill, PA.

Walter Scholl, Jr. '41, retired from Merrill Lynch Inc. after 35 years of service in Boca Raton, FL.

George Morrow '43, has recently been elected president of the North Shore Gas Company, one of the largest utility companies in Illinois.

William McQuillin '47, is now the Director of Engineering for Pohlman Industries in Buffalo, NY.

Frederic Gloeckner '51, is now Vice President of Marketing for R.T.E. Corporation in Waukegan, WI.

Richard Maizel '68, is completing his fifth year as Head Tennis Professional at Mathwan Indoor Tennis Club in Red Bank, NJ.

It's not every day and everyone who can get "a piece of the brick," but the Auburn Chapter presented Brother Henry Hartsfield a brick from his old chapter house.

In return Hartsfield presented the Chapter a composite of pictures commemorating his flight on the Columbia.

Posing proudly with his lovely wife, Fran, and daughters, Lynn and Keely.

Take time to visit

"shot in the arm and great fun to have the older ones around." The visitors are pictured left to right with Bret Marquis "A", Dan Castle "B" and Jim Loomis "D".

CORNELL

Brother **David Demme** '77, was married to Pat Singleton on September 11, 1982.

Brother **Kirk Franceschini** '78, was married to Robin Reading on March 25, 1982.

Henry Stuart '80, is working for a New York syndicate to defend the America's Cup in 1983. His group bought the yacht "Courageous" from Ted Turner and they are also building a new yacht in Newport, Rhode Island to be called "Defender."

Brian Hayward, '82, was named All-American and All-East goalie and All-Ivy first team in hockey. Hayward had a .915 saves percentage and a 3.17 goals-against average and has signed with the Winnipeg Jets of the National Hockey League.

DEPAUW

Lawrence W. Clarkson '60, was recently appointed president of the Commercial Products Division, Pratt & Whitney Aircraft, East Hartford, CT.

EASTERN ILLINOIS

Jim Price '74, Mayor of Mt. Zion, is presently the state advisor for Phi Beta Lambda.

Brother **Dave Cook** '80, was married to Jane Skaer in April, 1982.

Brother **Sam Overton** '80, was married to Debbie Cruz in August, 1982.

Brother **Doug Mitchell** '81, was married to Jody Gifelli in August, 1982.

Brother **Bill Mueller** '81, was married to Kathy Pfister in June, 1982.

Brother **Todd Spezia** '81, was married to Lisa Quaglia in June, 1982.

FLORIDA

Born to Brother and Mrs. **Jerome R. Schechter** '70, a daughter, Brittany Rebecca, on July 28, 1982.

Born to Brother and Mrs. **Frederick W. Leonhardt** '71, a daughter, Ashley Victoria, on September 27, 1982.

Born to Brother and Mrs. **James H. Brodie III** '79, a daughter, Jamie Helena, on July 30, 1982.

FULLERTON

Rudy Licerio '79, **Thomas Hana** '81, and **James Mantych** '82, are among the principals of J. Thomas Little Advertising and Design, Inc., a Santa Ana based advertising agency.

GEORGIA SOUTHERN

Brother **Dave Buschell** '80, was married to Robin Johnston on July 24, 1982.

GORHAM STATE

Brother **Robert J. Harmon** '76, was married to Kathy J. Heikkinen on June 12, 1982.

Born to Brother and Mrs. **Ken Roberts** '76, a daughter, Kelly-Renee, July 20, 1982.

Mike Perreault '77, is now an Executive Vice-President of Gemni Systems Co.

HOBART

Bart March '61, lives in San Francisco where he is an executive search consultant specializing in the oil industry.

Bob Chittenden '64, is the vice president of Mutual Printing Service of Roselle, NJ.

IDAHO

Lee Trail '35, and wife Alice have been inducted into the Southern Idaho Livestock Hall of Fame.

Dr. **William Lindquist** '37, has retired from teaching at Kansas State University and has been appointed Adjunct Professor at New Mexico State.

Glen Schorzman '64, is the Supervisor of Op-

erations for Crude Distillation for Texaco in Port Arthur, TX.

David Entzminger '73, is an exploration geologist with Horn Resources Corporation in Aurora, CO.

Born to Brother and Mrs. **Ken Bush** '76, a daughter, Stephanie, on February 19, 1982.

Brother **Wayne Jensen** '76, was married to Jaycie Whitmore on June 19, 1982.

Brother **Dave McDowell** '78, was married to Jill Hoagland on August 28, 1982.

Brother **Jay Sweeney** '78, was married to Amy Cochran on July 24, 1982. Jay has also been promoted to 1/Lt. in the U.S. Army Financial Corps.

Brother **Vic Evans** '79, was married to Memorie Grant on August 14, 1982.

Brother **Michael Irish** '80, was married to Rachel Petzak on August 7, 1982.

ILLINOIS

William D. Holmes, '51, president of Kankakee Water Company, was elected vice president of Consumers Water Company, the parent company. In his new position, Holmes will be responsible for parent-subsidary liaison for affiliated utilities in Illinois, Ohio and Pennsylvania. He will continue as president of Kankakee Water.

John Tingleff, '57, is senior vice president of Continental Illinois National Bank and Trust Co., Chicago. Tingleff became an officer with the bank in 1965.

Henry R. Hosman '59, promoted to Colonel in the Army. He has recently joined Headquarters, U.S. Army Readiness Command in Tampa, FL.

Ronald Moseitch '60, is currently plant manager of the Cleveland Mississippi Division of Duo-Fast Corporation. He has been with Duo-Fast in various management capacities for twenty years.

INDIANA

Donald C. Lash '37, was recently elected into the Indiana University Athletic Hall of Fame. Brother Lash was on the 1936 U.S. Olympic Team. He anchored the medley and the 4-mile relay race for two world records. In addition, he held the indoor and outdoor world's record for the 2-mile run. At one point, he won 7 consecutive national cross country championships. In 1938, he received the James E. Sullivan Award, which is presented to the most outstanding amateur athlete each year.

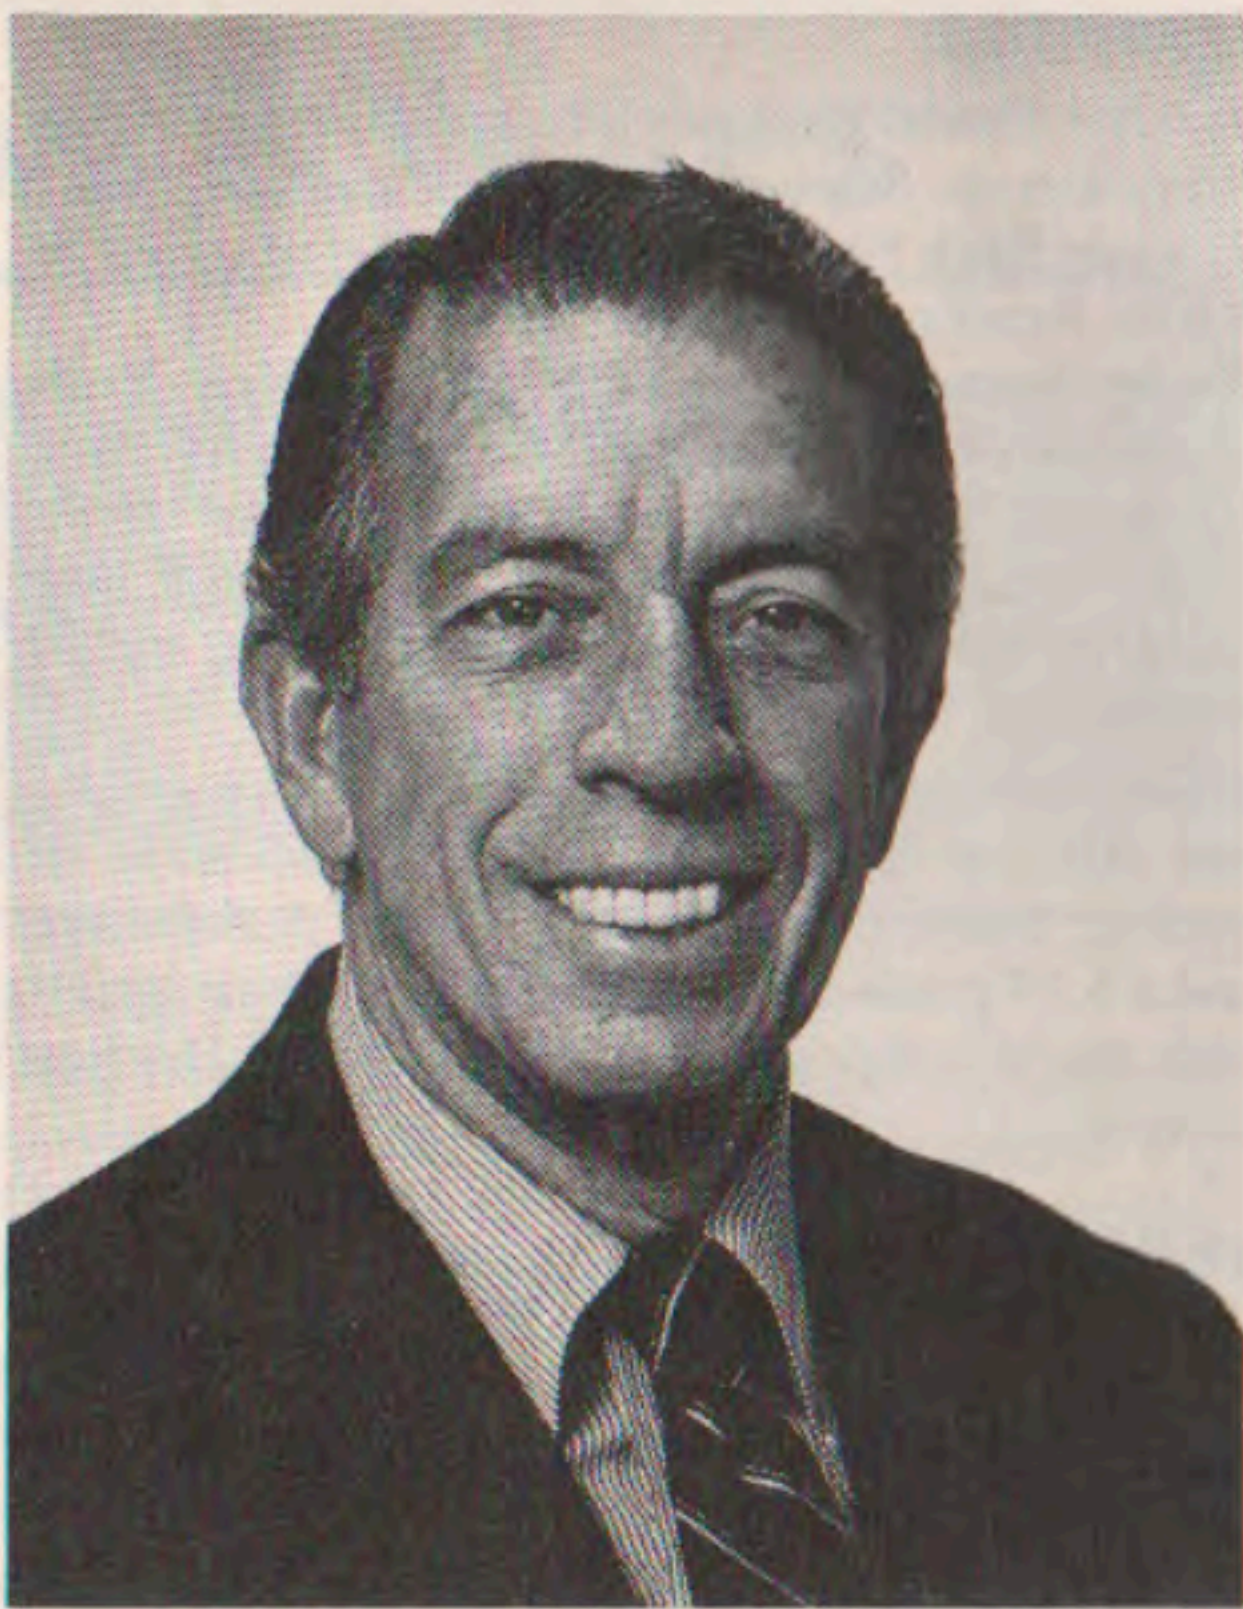

Until 1962, Lash worked as a FBI special agent. From 1962 to 1973, he worked for the Fellowship for Christian Athletics. As Director, he founded the National Resource and Training Camp. For the past 10 years, he has served in the Indiana legislature.

A sidelight of interest to alumni is that for the first time fraternity music awakened the astronauts in space. Raymond Borelli "AA" made

New Officer:
MANAGING
DIRECTOR
OF
EDUCATIONAL
FOUNDATION
sets goal to build
significant
endowment

John F. Caperton Jr., SMU '39, has assumed the duties of Managing Director of The Delta Chi Educational Foundation.

Brother Caperton's expertise in financial, estate, income tax and investment planning will be most valuable to the Foundation. Most recently Caperton made analyses of insurance, employee benefits and pensions for the U.S. Department of Defense. He also performed reviews at the corporate offices of major defense contractors. Caperton was successful in achieving cost reductions in excess of \$5 million defense dollars, and his excellent rapport with contractor officials and government personnel resulted in performance ratings of "Ex-

ceptional" or "Highly Successful." "As the new Managing Director, I enter a new and different phase in my life, dedicated to the future of Delta Chi through the building of a significant permanent endowment.

"I join alumni leaders and the staff in this major initiative to provide meaningful service programs for the ethical, social and career development of future members of Delta Chi," said Caperton.

A retired Lieutenant Colonel in the USAFR, Caperton served as Regional Marketing Director and Divisional Director of Sales for payroll deduction insurance plans and attained Million Dollar Round Table production levels in insurance. **ΔΧ**

YOUR ROLE

Raymond F. Borelli, "AA"
Illinois '58

Our Centennial 1890-1990 is on the horizon. What an accomplishment — 100 years of men becoming members of Delta Chi: "Delta Chi — The Brotherhood of a Lifetime" is committed to advancing justice in a nation committed to the dignity of man. Our constitutional preamble extols the raison d'être — "believing that great advantages are to be derived from a brotherhood of college and university men."

With these noteworthy accomplishments behind us, we must continue along the path to fulfill the needs of men that fraternity satisfies. We need to both challenge and call upon our alumni to rededicate themselves to "The Bond of Delta Chi." We, the alumni, can and must ensure the future of Delta Chi. We must carry forward so that those who follow will promote and continue Delta Chi.

Among our alumni members, only a few experience the vibrancy and rewards of working with the undergraduate men that are the life blood of both Delta Chi and our nation. It is our task to expand the circle of alumni members that are involved with Delta Chi.

It is our charge to afford all alumni an opportunity to serve Delta Chi so that Delta Chi may serve the need of college men.

Equally, we must share with our alumni our hopes, successes, and disappointments.

Volunteer alumni are vital to our success. Those who wish to serve should contact the Headquarters Office — we have

opportunities in a myriad of disciplines that encompass management, leadership, and public relations. All fraternities need to continually stress and promote the fraternal concept; our market includes those that belong, those that are eligible to belong, and their families. Much more work is needed in promoting Delta Chi.

Financial contributions by our alumni is another needed support to enhance Delta Chi and the many programs we undertake. Avenues exist and all of our alumni are encouraged to be generous throughout their professional years.

The Delta Chi Educational Foundation affords alumni an opportunity to make sizeable tax deductible contributions in support of leadership, education, and recognition of academic achievement.

Contributions to The Delta Chi Fraternity can be designated for the General Fund to assist in current operation or to the Endowment Fund to provide that investment principle that is maintained throughout the years with the income supporting a variety of programs. We all agree that regular contributions is a great way to help. We encourage all members to place Delta Chi in their will and insurance policies.

Many alumni provide this support now; we all realize that in this case more \$ is better!!

The "Planned Giving for Delta Chi's Future — and Yours" pamphlet is available from Headquarters and it provides more information. With a solid undergraduate membership supported by an active and generous alumni base, we can flourish as an even better fraternity in the decades of the many tomorrows.

Delta Chi is our fraternity, our only college social fraternity; may we be proud and take care to . . . "sing what to your heart is nearest, the praise of dear old Delta Chi. . . ." **ΔΧ**

WANTED

HISTORIAN — An alumnus to document the annual history of the general fraternity. He would keep track of successful alumni, actions of the general fraternity, and chapter accomplishments.

RITUALIST — An alumnus dedicated to preserving the rich heritage of the traditions of the fraternity. Will ensure proper performance of our ritual and associate member ceremony through exemplifications at Convention and the development of necessary ritualistic aids.

If you are interested in either position, please send a letter of application and resumé to:

The Delta Chi Fraternity
P.O. Box 110
Iowa City, Iowa 52244

KANSAS

The sons of **Jack E. Greenwood** '52 (Riley M. Greenwood '82, and **Jack M. Greenwood** '85), have dubbed Jack "The Kansas Kangaroo," owing to his athletic abilities in running the hurdles.

Jack is again running this season in the Masters Track and Field program, after a very limited season last year due to hip problems.

Jack, of Medicine Lodge, KS, accomplished a goal recently that every athlete sets out to do, but few are successful. On June 26 and 27, Greenwood completed in the Salina Masters Decathlon, and set a world record in the 55 to 59 age group.

Greenwood racked up a total of 4,350 points to surpass the old record by 877 points. Bob Hewitt of California had held this age group record since 1976 with a total of 3,473 points.

Brother **Ladd Welch** '79, was married to Shelly Brown on May 29, 1982.

Brother **Wayne Reddick** '82, was married to Lisa Balvurg on August 7, 1982.

Brother **Ross Dalton** '83, was married to Jill Orrison on August 7, 1982.

LONG BEACH

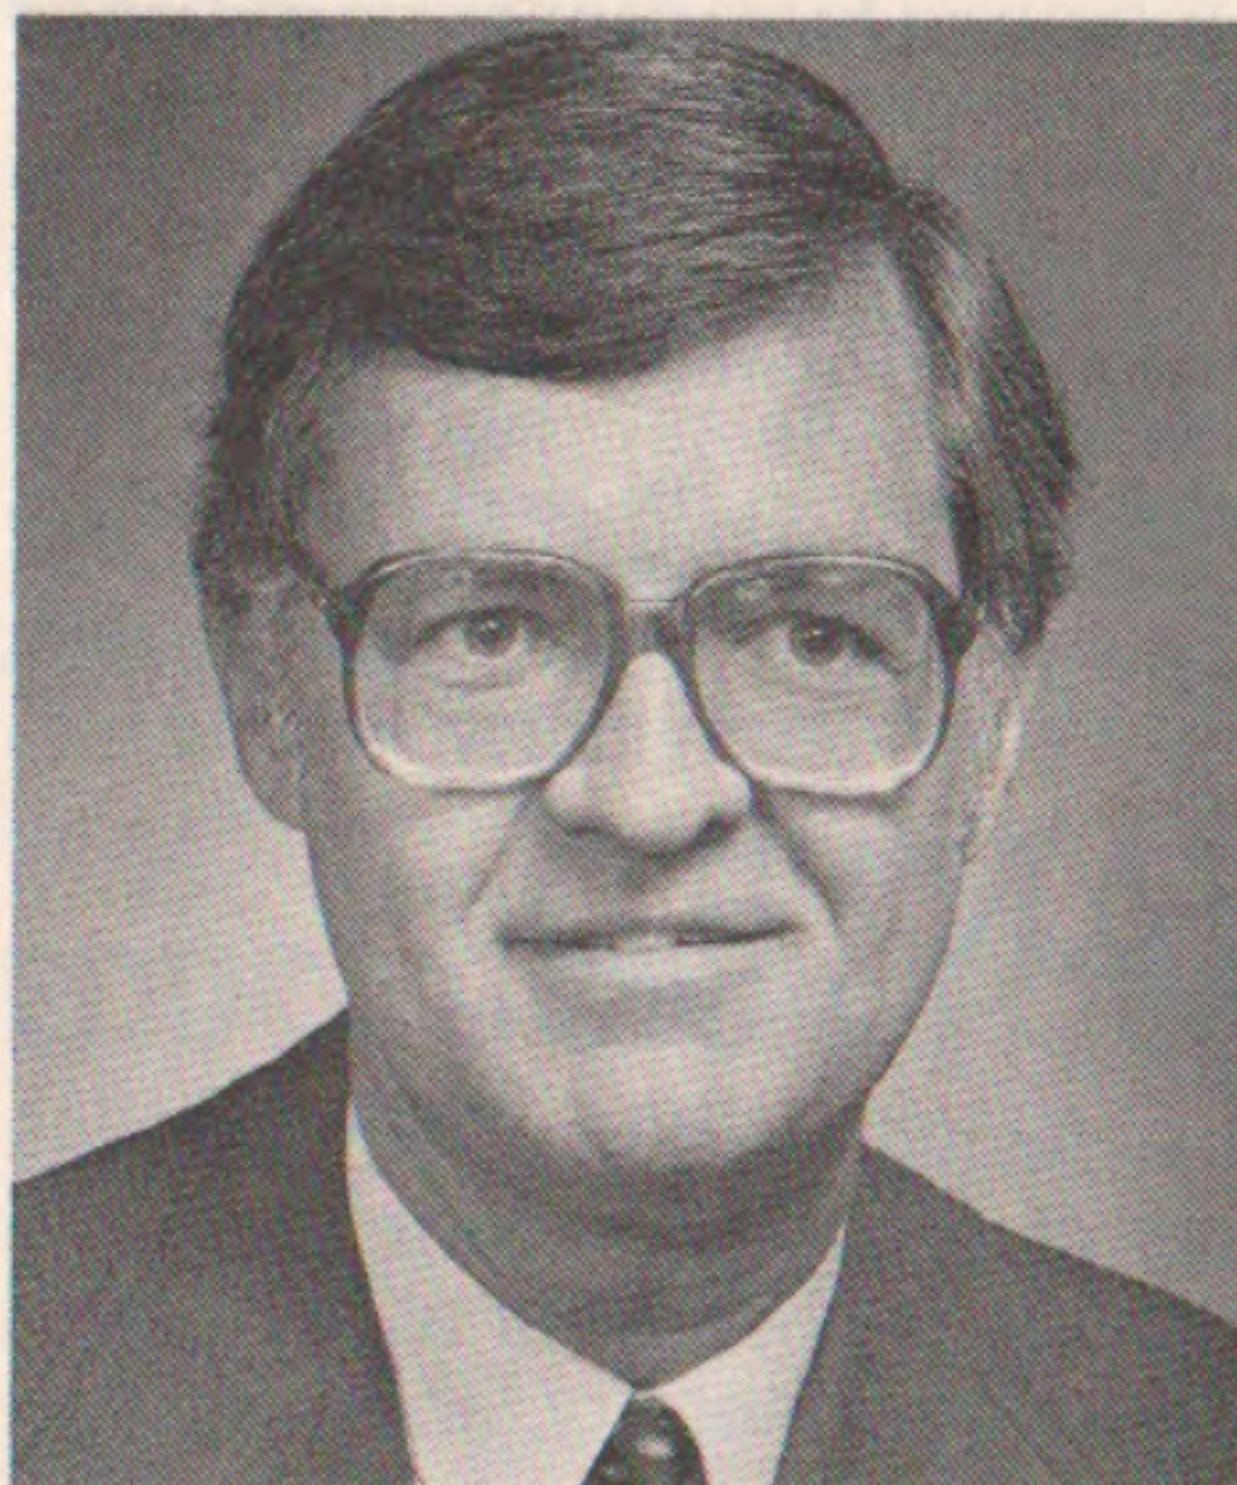

Ken Shepard '78, is assistant vice president of Lloyd's Bank in Sacramento, CA.

MARQUETTE

Brother **John J. Lang** '82, was married to Carolyn E. Powell on August 14, 1982.

Brother **Roy Riebe III** '83, was married to Mary Jo Short on August 16, 1982.

MICHIGAN STATE

John L. Larson, '55, has been named executive director of corporate materials planning and purchasing for Eli Lilly and Company. He had served as director of corporate materials planning since 1980. Larson joined Lilly in 1955 as a methods engineer and held several positions in the engineering area before being transferred to the London branch of Eli Lilly International Corporation, a Lilly subsidiary, as a staff associate. Returning to Indianapolis in 1966 as assistant manager of compensation development, he became manager of facilities planning in 1969 and director of facilities planning and engineering administration for research and production in 1979.

Chuck Goudie, '77, was recently nominated for an Emmy award for his five part mini-documentary, "The Young and the Hopeless," in which he went undercover and lived on Chicago's skid row in an effort to learn first-hand

about the growing number of teenage bums in Chicago. The series won critical acclaim and resulted in several derelicts seeking help. Goudie, a WLS-TV Eyewitness News reporter was married to Teri Tausk, WLS-TV news producer, on July 24, 1982 in Downers Grove, IL.

OREGON

Robert F. Brandon, '71, has been named manager of the Washington County operations of Pioneer National Title Insurance and has been elected a vice president of the company. Brandon, an attorney, joined PNTI in 1974 as a title examiner. Prior to his present promotion, he was an assistant vice president and served as assistant manager in the firm's Beaverton office.

MISSISSIPPI STATE

Brother **Bobby L. (Skip) Pope, Jr.** '78, was married to Jacqueline Annette on September 4, 1982.

MONTEVALLO

Brother **Mark Carver** '80, was married to Janet Davis on May 22, 1982.

Brother **Larry Adams** '82, was married to Celia Thorton on May 22, 1982.

Brother **Karl Craham** '82, was married to Lynn Fleming on August 21, 1982.

Brother **David Cruce** '82, was married to Nancy Womack on June 7, 1982.

Brother **Warren Higgins** '82, was married to Lisa Daniels on September 11, 1982.

WINDSOR

Born to Brother and Mrs. **Thad Gorski** '77, a daughter, Genevieve Marie on October 1, 1982.

Post and Present. The Iowa Chapter invited 40 of its past "A's" to Homecoming and 22 came! Steve Goldstein as Fall "A" was especially happy to pose with Alfred Pabst '30. Brother Pabst was "A" when the Iowa Chapter moved into their "new" (1929) house.

The University of Chicago Law School Chapter, 1909. Rex Lindemann is in the middle row at the right end. Rex at top is as he appeared on his 97th birthday when his granddaughter, Julie Lindemann Slag, read his birthday cards to him.

At 97, there's plenty spunk: Birthday prods memory

by Pat Constantine, Gorham State '76

With special help from Julie Lindemann Slag

It was a rare opportunity to talk with a brother, whom we believe to be the oldest living Delta Chi.

September 19, 1982, Brother Rex Lindemann celebrated his 97th birthday. With the help of his granddaughter, Julie Lindemann, our conversation provided information on both the life and times of Brother Lindemann.

Rex was born in 1885 on the homestead of his parents in Cass County, North Dakota. Farming was extremely hard in those days and his parents encouraged their sons to find something easier. "There wasn't much of a choice," Rex told Julie. "Either you took up law, dentistry, medicine or the ministry in those days. That's about all the choice you had in 1907."

"In 1907, I was ready to go to school somewhere, so I went to law school in Chicago because my brother Leo was there. I went to school from 1907 to 1909 and I lived in a fraternity house, Delta Chi."

Rex loves to tell stories of those days. "A sorority friendly with Delta Chi was putting on a dance, but two other brothers and myself hadn't been invited. I had a date with my girlfriend who lived across the street. That left the two brothers alone in the house. My girlfriend and I came up with a plan to liven up the evening. She called the Delta Chi house claiming to be someone else. She said she and another girl had seen the men's pictures in the yearbook and wanted to meet them. They agreed to meet at a fictitious address she gave them on the north side of Chicago, miles from the fraternity house. The two brothers left the house about 11 p.m. and spent hours searching for the address. Returning to the house in the middle of the night they asked me if I knew anything. Course I claimed I didn't know nothing!

"In those days, doctors and lawyers were starving to death so I started selling cars in

1909," said Rex. He first sold the EMF (Everett Metzger and Flanders) which was a four cylinder car on a 106 inch wheel base. Then he began selling Overlands. "They were the largest manufacturer of automobiles in the world at that time."

In those days a dealer could sell for more than one manufacturer and Rex sold at one time or another Overland, Oldsmobile, Buick, Studebaker, Graham-Paige, Plymouth and Dodge. In the early days, Rex would take horses in trade for autos.

From 1909 to 1918 Rex also sold insurance with a partner, but he says that "old-timers thought insurance was heathen." He was also an oil dealer for 21 years and a dealer of farm machinery.

In 1920, Rex's father, Carl, built the Lindemann building in Enderlin, ND. Rex and his wife, Lillian, moved to the top floor apartment and resided there until her death in 1981.

It was during the '20's that Rex began to build, repair and sell radios and receivers. He was the first person in his community to own a "store-bought" radio. Atwater-Kent was his best brand. Then the popularity of the Majestic cabinet-style radios grew and in the late '20's he began to also sell Majestic refrigerators and Crosley "Icy Ball" refrigerators.

In the mid-fifties, due to supply difficulties for small town dealers, Rex quit the automobile business. He picked up a line of Glidden Paint products in the '40's and this, as well as his Briggs and Stratton parts business, kept him busy and active until the age of 92.

When he was asked if he had any advice for young people he said, "I'd advise them to learn things they can use to make a living. Things they can really use." It would appear that Rex Lindemann had followed that advice throughout his life. **DX**

Rules formed
to name and
honor alumnus

DELTA CHI OF THE YEAR

First award
to be made at
1983 Convention

The Delta Chi Fraternity is embarking on a program to name a DELTA CHI OF THE YEAR. Nominations will be by fraternity members everywhere, using the nomination form on page 10.

Selection will be based on the recommendation of a Selection Committee composed of Col. LaVon P. Linn, Arlington, VA; Kenneth A. Plough, President of Plough Electric in San Francisco, CA; Norman E. Strasma, Executive Vice President of Lowe Seed Company in Kankakee, IL; and Presiding Judge Robert M. Parker of Anniston, AL.

To be eligible for the award, Delta Chi alumnus nominees must have distinguished themselves in such manner that they are recognized by their peers throughout the land. Examples:

1. A great contribution in medicine, humanities, law, or science.
2. Exceptional and publicly recognized service to mankind in a civic or humanitarian activity.
3. Exemplary success in business or industry at the senior executive level.
4. Outstanding achievement by a military general, flag (or other) officer.
5. Great achievement in executive, legislative, or judicial branch of government at the national or other level.
6. Outstanding accomplishment in amateur or professional sports. (Examples: Olympic gold medal winner, selection to the Hall of Fame of a leading sport.

A plaque will be presented to the recipient of the award, and a miniature of that plaque sent to the recipient's chapter, and a large plaque in the General Headquarters will record the name and year of each award. Presentation of the award at the Convention will be by the senior "AA" Emeritus present, or by another distinguished Delta Chi alumnus, after announcement of the winner by the chairman of the Selection Committee. In the event the recipient is

unable to attend the Convention, presentation will be made instead at an appropriate site and ceremony convenient for him.

In addition to the plaque, the honoree will have a fund named for him which will endow Chapter Officer Leadership Workshops at various locations and times in the ensuing year. Thus far, \$15,000 has been pledged for this fund by an anonymous donor from the Nebraska Chapter. As more contributions and pledges are received (please see four-step project in last paragraph below), information on totals and leading chapters will be disseminated.

The Selection Committee urges Delta Chi brothers everywhere to send in their nominations as soon as

possible, together with their contribution to the DELTA CHI OF THE YEAR Fund. The Committee believes this can be a great campaign, and that the fraternities that move steadily upward in the interfraternity scramble will be those that put forth the maximum effort. They recall these lines:

"The heights by great men
reached and kept
Were not attained by sudden
flight,
But they, while their companions
slept,
Were toiling upward in the
night."

All that is needed: Character, determination, ability, and a willingness to work.

Campus Scene

Abracadabra

We began the fall quarter by pledging 15 men as we filled the chapter house to capacity.

Delta Chi led the way in campus Greek events this quarter as our four man team easily won the Bear Cub Golf Tournament over 24 other fraternities. We also won the Carlos Murphy's Greek Eat-a-Thon by beating Alpha Tau Omega by one burrito. All proceeds were donated to Children's Hospital in Oakland, CA. In intramurals, our volleyball team is in competition for the championship and our football team ended on a high note as we gear up for IFC playoffs.

The chapter house has improved significantly with the addition of new living room furniture and with the construction of a new walk-in refrigerator partially funded by the Mother's Club. The newly reestablished Mother's Club raised over \$1500 by organizing a raffle to benefit the house.

Herb Vanegas '83, was appointed as Attorney General for the school. **John Santucci '85**, had an excellent season as a member of the school's rowing team recently competing throughout Europe. **Tim Hargrave '84**, was awarded the Wells Twombly Sportsmanship of the Year Award and **Phil Yang '80**, was awarded the Robert Gordon Sproul Alumnus of the Year Award for meritorious service.

The largest Greek party of the fall quarter, a six way exchange organized by Delta Chi, proved very successful. "Set up your Buddy" was the theme of this year's Halloween party. Everyone anxiously awaited the "Axe" dance which always highlights the ending of the fall quarter.

Dana Hoffmann, Abracadabra '82, tries his skill on the bull during a rush function.

Alabama

A long summer of rush concluded with open rush in which the house pledged 22 new men. Several weeks later, initiation was held and five new brothers entered the Bond.

A busy social calendar greeted the brothers, including six swaps and seven band parties.

The chapter celebrated Founders' Day with a champagne reception and a formal dinner attended by several alumni. Jefferson Coleman, '29, "AA"

Emeritus delivered a short history of the chapter, and the dinner concluded with the singing of the "Bond Song."

Homecoming was an exciting time at the house. The weekend began Friday morning with a wake-up swap. We were well represented in the Saturday morning parade by our pledges who dressed as Indians. A pregame reception and dinner were both well attended. The weekend concluded with a Saturday night band party and another on Sunday afternoon with two other fraternities and three sororities.

The mail fall service project was held at the Tuscaloosa Association of Retarded Citizens center where a Halloween party was held for the residents. Gift packs and refreshments were prepared, and games were arranged for the children.

We were chosen by the Headquarters Office to initiate the first group of men at the new Louisiana State University Colony.

Arizona

During the summer, brothers who remained in Tucson spent a lot of time repairing the house. Along with painting, new ceilings, and landscaping, came the addition of a volleyball court. The hard work paid off as we pledged 25 men in fall rush.

Once again we held a record breaking all campus party where two live bands entertained more than 1500 guests.

Our intramural teams have done well this semester. Our flag football team lost in the quarter finals to Sigma Phi Epsilon. Both our volleyball teams made the playoffs but were unable to bring home a trophy. Our basketball team is 1-0 and is looking hard to beat.

Parents' Day was attended by parents from as far away as New York and Chicago. The day began with an open house and a banquet followed by a pre-game party and the game.

Our fall associate member class sponsored a 48-hour volleyball marathon to benefit the Muscular Dystrophy Association. Along with raising over \$2000 for the MDA, our associate members have spent many hours working with fraternity and sorority relations, associate member projects, fund raisers, and house projects.

As for social life this semester, our theme parties have ranged from our annual Ghetto Party to the Mexican Fiesta.

Augusta

The quarter got off to a great start with the initiation of 14 men into the bond, seven by Columbus College and seven by Georgia Southern College. The brothers held four fund raisers: three car washes and a "Dunk-a-Delta" day. The quarter was rounded out by the second annual white carnation ball. At the ball, Michelle Hatman was elected as sweetheart of the year and Thomas Rhodes was elected as brother of the year and presented a service award as past president. Carlo Bracci, Sr. and Keith Cowling were given service awards for their respective work as "BB" and alumni adviser.

Auburn

Rush was the most successful of recent years. Almost 100 rushees attended rush activities each of the four nights of rush with 20 men accepting bids.

Part of our enthusiasm was due to the addition of a housemother. She is Mrs. Margaret Anderson, a native Alabamian, who has spent some time in Georgia

and was a former staff member of *Good Housekeeping* magazine.

Henry "Hank" Hartsfield '54, Space Shuttle Four pilot, returned to Auburn to visit his school and fraternity. He was presented with a brick from the old fraternity house he lived in. Brother Hartsfield presented the chapter with the patch from his uniform he wore while on the Space Shuttle.

Homecoming saw the return of many alumni. The day was celebrated with a dinner before the football game and a party afterward.

Continuing to be a leader in intramural sports, we are currently leading our league in football and volleyball. We are proud to have won the All-Sports Trophy last year for the eleventh time in thirteen years.

Ball State

This fall we have been dominant in campus activities. We placed first in the fraternity division for the most participation in Homecoming activities. During the fifth annual Sigma Switch, where sororities ride bikes and fraternities ride trikes, our trikers won the overall championship for the second consecutive year. We also placed third in the all-campus Watermelon Bust, where various sporting events are executed with watermelons.

Rush also went very well this fall with the pledging of 23 men.

Buffalo

This past fall we initiated five new brothers and welcomed a record number of 13 men into our associate member program.

During the summer, our brothers were busy putting the finishing touches on our newly acquired house. The yard was given a thorough clean up, the ΔΧ monogram was proudly affixed to the facade, and the exterior received a new red and buff paint job.

Associate member **David Dale** and Brother **Richard Ferguson** were elected to the Student Senate, with Dale selected as Senate Chairman. A large contingent of brothers became members of the Student Assembly. It is hoped that through this impressive showing we will further the interests of our chapter as well as the whole Greek system on this campus.

As a further note, Delta Chi has continued its dominance of the Inter-Greek Council at UB. Brother **Frank Drucker** was elected president of that body for the present academic year.

The chapter received another honor during Homecoming Weekend when the Delta Chi nominee was chosen by a panel of alumni to be the 1982-83 Homecoming Queen.

Founders' Day Banquet was enjoyed by nearly 50 members, associate members and alumni. Alumnus **Bob Cerveney**, **Richard Lewis '81**, and **James Eaton '81**, spoke to the group on a number of aspects of Delta Chi life and history.

A new associate member activity was held in November. The "Benedetti Memorial Spaghetti Roast" was held as a day of organized chapter activities during which associate and active members got to know one another. This day will now be an annual chapter event.

The chapter received a great deal of recognition from campus administrators for the combined efforts of our brothers during the UB Celebration '82. Throughout this day of athletic activities, picnics, and concerts, the chapter provided the manpower needed to keep everything running smoothly.

California State

In the spring of '81, we moved into our first house, and it has brought us much campus recognition. Rush went well this semester with 11 associate members.

Fall '82 Homecoming was very successful as the

Delta Chi-Delta Zeta float won second place. After the homecoming game we celebrated the ninety-second anniversary of Delta Chi with our alumni reception.

Central Missouri

This year we have a record number of 34 associate members. During the summer brothers living in the area extensively landscaped our front lawn and remodeled our chapter room. Brother Kenny Higgs finished a large painting of the coat of arms which now hangs in our stairwell.

Homecoming was a success when our Homecoming Queen candidate, **Connie Sharp**, made the top ten finalists. Our dance was attended by many alumni. Other social events this term were a highly successful Parents' Day and our annual Halloween party with the women of Alpha Omicron Pi.

For the first time our intramural "A" football team is the division champion and headed for the playoffs. Both of our "B" football teams finished the year with winning records and our co-rec softball team won the co-rec tournament.

Four brothers competed on the varsity level. Brother **Tracey Estes '83**, middle linebacker and three year letterman was elected as team football captain this year. Twice he has made the all-conference team. Brother **Chris Lewis '85**, was a returning letterman on the CMSU football team. **Dan DeClue**, an associate member made the CMSU baseball team as a second baseman and **Blair Barnes**, an associate member was one of the three top runners on the cross country team.

Colorado Colony

The Colorado Colony wrapped up its first fall rush with 12 new associate members to augment the original 18 men activated last May.

During the annual CU Phon-a-thon we teamed up with the Chi Omega sorority to raise \$2500 for the College of Arts and Sciences. Our house has also become active with Eco-Cycle, a Boulder recycling program.

Homecoming weekend featured a brunch co-hosted with the ADPI sorority.

The semester ended with the Bon Voyage Party, a gala affair in which everyone came packed for a weekend in San Francisco. The winning couple was picked at the end of the evening, and left for the airport immediately.

Cornell

We celebrated a very successful Homecoming October 16 with nearly 200 people attending — despite inclement weather. Brothers **Phil Miller '83**, and **Rob Mack '85**, led the Glee Club's "Hangovers" singing group during the festivities.

Our intramural teams have done well this fall as we currently lead the all-sports race among 51 fraternities. Our intramural football team went undefeated (7-0) beating perennial powerhouse D.U. in the finals.

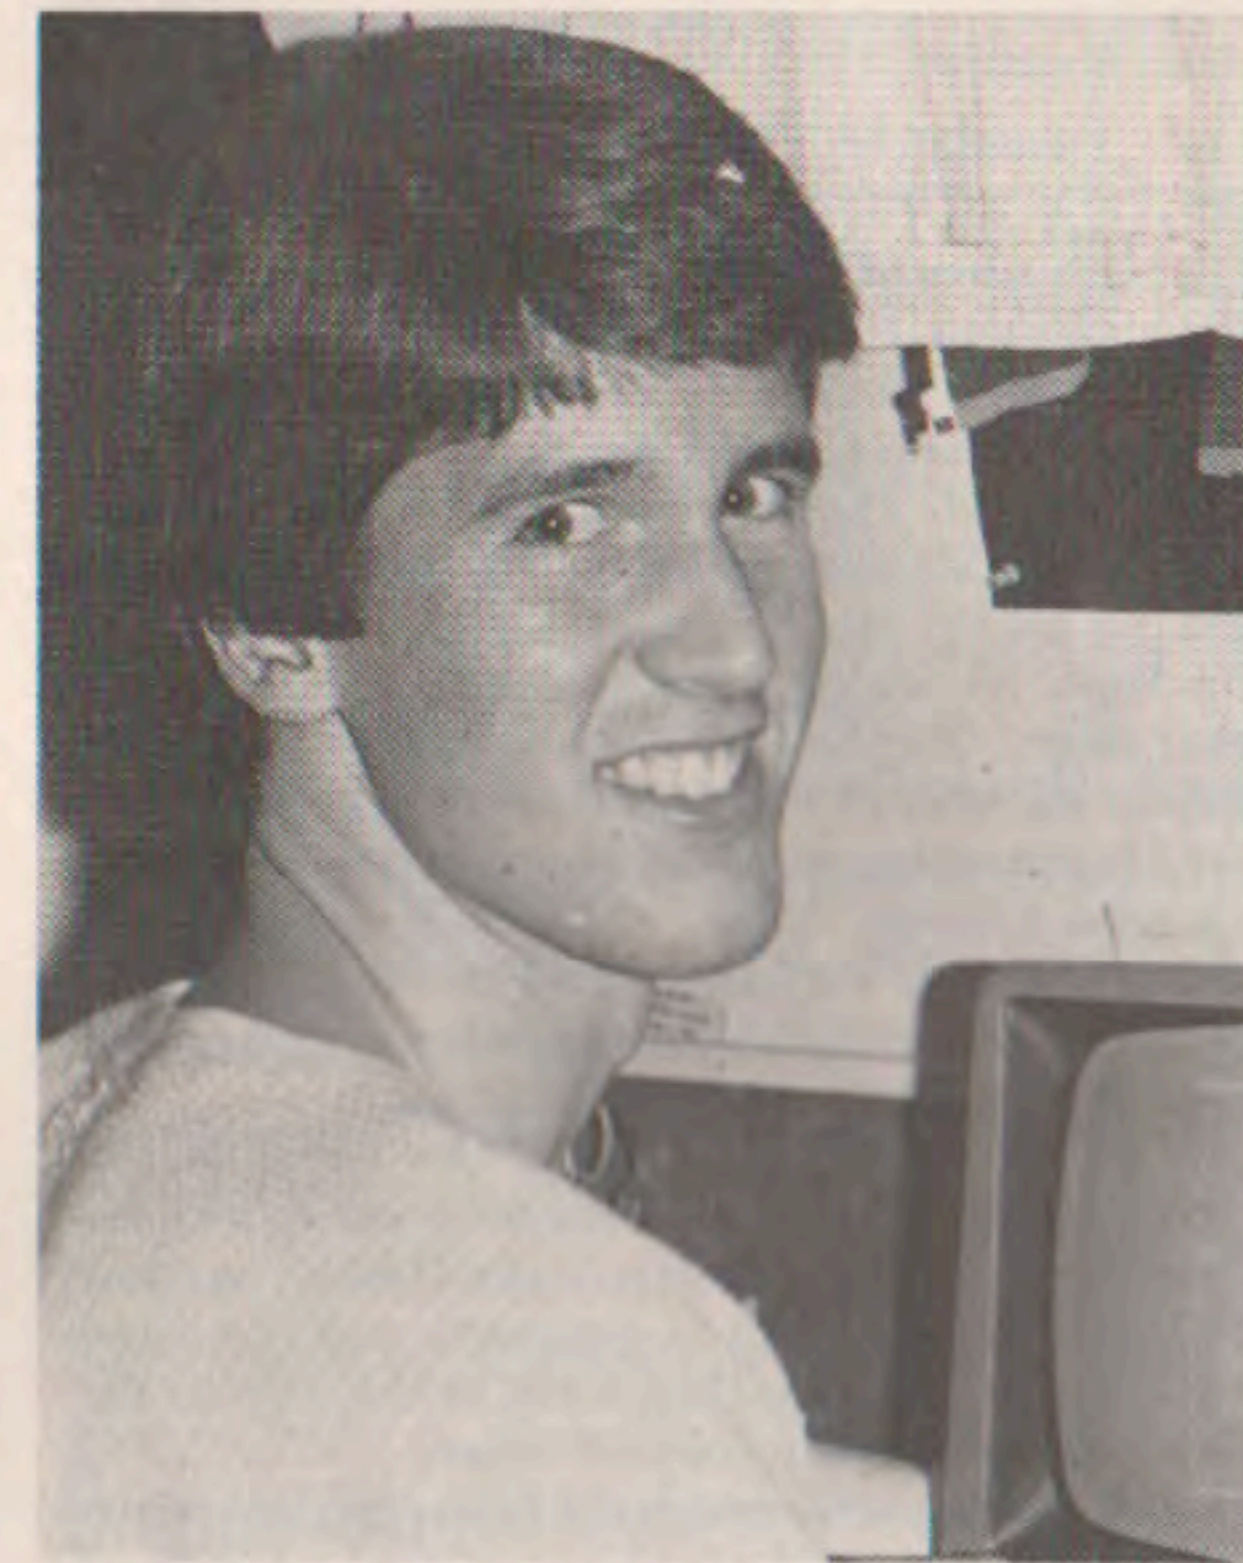

We had six brothers on the varsity football team. **Mike Huyghue**, **Terry Thomas**, **Art Keith** and **Andy Cowen Jr.** were returning lettermen. **Jeff Bassell** was a fullback and **Len Olinski**, who dropped football to row on the varsity crew team plans to return to football next fall.

DePauw

Fourteen new associate members, many of whom have already thrust themselves wholeheartedly into in-house and campus activities, have given our chapter more than ample reason to be proud and optimistic about the current academic year.

Among them, **Steve Fish '86** was elected treasurer of FIC, the freshman arm of the DePauw Inter-Fraternity Council. **Tony Chomicz '85** and **Jeff Leist '84** already hold two of the four upperclass IFC offices. **Pete Steelman '86** was elected to Freshman Board, a university service organization, and **Steve Blunt '86** is a representative to the Chaplain's Living Unit Council, a Christian campus service group that organizes service projects in the local community and throughout Indiana. Freshmen **Mike Stehlik**, **Pete Garlinger** and **Todd Broud** continue the tradition of Delta Chi as the major supplier of players to the DePauw soccer team (**Ted Crowe**, **Ed Holub** and **John Peterson**, all '83, are the team's tri-captains this year).

Chris Zappe '83 headed DePauw's entire men's rush program this fall as IFC vice-president. **Chris English '83** is the new president of DePauw's **Gold Key** senior honorary. **Dave Jones** and **John Tedstrom**, both '84, were important to the success of a major DePauw symposium on military spending this fall, an event that was widely recognized throughout Indiana and covered in select national media. **Bill Dickinson '83**, is manning the helm as editor of DePauw's twice-weekly student newspaper.

Andy Henrikson, De Pauw '83, at the home computer on which he has constructed a specialized grade-recording program for teachers at Cloverdale Elementary School in Cloverdale, IN, where Henrikson has been student teaching. He is toying with the idea of marketing it commercially.

Eastern Illinois

Chapter membership continues to excel as we currently have the second highest average membership in Delta Chi. Of the 12 fraternities on campus we are the largest and have consistently stayed in the top four academically for the past two years.

Currently, we are dominating many organizations on campus. **Terry Teele '83**, is currently Student Body President, while **John Cole '84** is the Financial Vice President. **Rusty Varner '84** and **Jim Caldwell '84** currently hold senate positions. **Jeff McGlade '84** is the president of Phi Beta Lambda, business fraternity and also received top academic honors at the all-Greek banquet this past year for his perfect 4.0 grade point. **Reggie Clinton '83**, is the vice president of S.C.E.C., special education organization. **Jim Caldwell '84** is the secretary of the Inter Fraternity Conference. **Jeff Bennett '84** was honored in Washington, D.C. this Spring when Eastern's production of *Sam Shepards* "Seduced," in which Jeff played the lead, was rated the best college play of the year.

Our Miss Charleston Delta Chi preliminary pageant was again a tremendous success. **Charlene Bennington** was crowned Miss Charleston by reigning queen

Kim Mitchell and went on to compete in the Miss Illinois Pageant.

Many alumni returned for Homecoming this fall to see our float take first for the third straight year. Among the returnees were three charter members, **Jim Derwort '68**, **Jack Ballew '68**, and **Larry Ryterski '68**, who returned on Founders' Day to deliver the keynote address.

Embry-Riddle

This term was kicked off by initiating nine associate members into the Bond and the pledging of 11 associate members.

We looked forward to the First Annual Delta Chi Haunted House in October, sponsored by the chapter and the United Way. Founders' Day was celebrated at the president's residence and turned out great.

Florida State

This semester began with an "E.T." rush party sponsored by a local radio station. The rush week was capped by the activation of eight associate members. Our intramurals are off to a great start as we are currently in second place.

We have three men in Gold Key, honorary and two in Omicron Delta Kappa, honorary. Brother **Eddy Suarez** was elected vice president of student government and **Stephen Cole** was appointed to the judiciary committee.

Fullerton

One of our major activities this summer was operating two fireworks stands during the Fourth of July weekend. This annual fundraiser always proves to be profitable as well as enjoyable.

This semester got off to a great start with our most successful rush in recent years culminating with the pinning of 27 associate members.

Our intramural program began well with our flag-football team again advancing to the playoffs.

This semester we are remodeling both the kitchen and party rooms. Our activities included the annual Italian wedding exchange with a local sorority, our traditional Halloween party and the first annual chapter golf tournament.

Gannon

We had a great alumni turnout for our annual Bas-tille weekend.

Our drive for the university intramural trophy has been our first success in recent years. We lead our nearest competitor by nearly a hundred points.

A live-band party with the group "Top Secret" and our annual Farmer-Brown party started Homecoming Week off right.

Our final thrill came when the mayor presented us with a commendation for being the most community-minded fraternity in Erie.

Georgia Southern

This quarter began with the pledging of 10 fine young men.

Scholastically, we ranked fourth among Greek men on campus this past quarter and we now have two brothers in Gamma Beta Phi honor society.

Our softball team finished third in the intramural school-wide tournament and we are presently 2-1 in volleyball, trying to repeat as last year's champions.

In campus activities, Brother **Scott Sherwin** was

selected as the managing editor of the school newspaper and Brother **Larry Stevens** was appointed to the intramural Student Review Board.

Gorham State

A successful rush resulted in the pledging of six men. Founders' Day had over 80 alumni, brothers and dates in attendance at a semi-formal dinner. A plaque was presented to the alumni by the undergraduates with an inscription that read: "For outstanding service and making us what we are today." The highlight of the evening was an emotional round of "Foven's Mater" sung on the front lawn in the rain. This summer the house had extensive renovations. An open beamed ceiling was installed in the living room complemented by pine tongue and groove paneling and a new Congoleum floor. For the first time, the chapter hosted a Regional Conference this past fall. Service projects included a ticket raffle with proceeds going to the Boy Scouts of America, and the printing and distribution of a new student record book.

Huntsville

The Fall Quarter began with the pledging of 13 men. Intramurals got off to a sensational start this year. In football, our red team has accumulated a record of 3-0 while our white team has a record of 1-2. Our greatest tradition was revived with the holding of our sixth Annual Founders' Day Banquet. Alumnus Allen Lowman was our featured speaker. On Nov. 7, 1982, we followed another tradition in service to the community. The Alabama State Boys' Ranch is assisted every year by our brothers and there was again a large turn out with the children having a great time. Scholastically, two brothers, **Scott Sproles** and **Mark Ricketts**, received the Gerhard B. Heller Scholarship for 1982-83. Brother **Gary Cathcart** was also chosen outstanding ROTC student at UAH for 1982-83.

Idaho

Once again, the chapter filled every desk in the house as we pledged 19 men. They have proved to be an outstanding group, participating in house and all-campus activities. In the Tri-Delt Bike-A-Thon these men raised over \$200 for Muscular Dystrophy, winning both the Contribution Award and the Participation Award. They also worked hard on the annual Pledge Dance and the Homecoming decorations. Homecoming showed our growing alumni program and was a good time for those attending the activities. The day started with an open house for alumni and parents, followed by brunch with the annual fall Kappa Delta Building Corporation meeting lasting until the game. A reception sponsored by the chapter gave way to many old initiation stories from the "good 'ole days." At the dinner sponsored by the Parents' Association, Ron Whittum '77 and Alan Bermensolo '73, were awarded with the Helbling-Pederson Outstanding Alumni Award. The day was capped with the drawing for prizes raffled to raise money for the Parents' Association. We've had a successful intramural season with a Greek championship in soccer. The bowling team is undefeated and the volleyball team has clinched the league title for the fourth year in a row with the championship upcoming.

Illinois State

Our fall semester began with the pledging of ten

associate members. Parents' Day was its usual success with over 100 parents participating in the pig roast and casino festivities. A collection was taken for new carpet in our stairways and hallway. Several Illinois State and Illinois Wesleyan fraternities participated in our third annual United Way flag-football tournament. All proceeds were donated to the United Way Foundation. Sigma Phi Epsilon was the tournament champion for the third consecutive year. Homecoming turned out successful in both numbers and fund-raising. The pig roast was again held at the farm of Chuck Stotz's in Benson and we were happy to have so many actives and alumni in attendance. October 13 was a day of celebration when many alumni and undergraduates were in the "toga" spirit. This annual event is our most enjoyable social event of the year. Our intramural softball team received a third place in the Sigma Nu Foxy Lady softball tournament, with an 8-1 season record. Our heavyweight flag football team is presently leading the league with a 3-0 mark, seeking to repeat as All-University champions.

Indiana

Through successful rushing this past summer and fall, we pledged 16 associate members, our biggest class in recent history. Over the summer, the Alumni Board of Trustees was reorganized. Their goal is to work closer with the chapter as an advisory board as well as a managerial board. On Sept. 18, we held our second annual "Bomb Shelter Blast." The house was camouflaged with trees while the members were dressed in army fatigues. For Homecoming activities, we paired with the Sigma Kappa sorority. Some of the activities included serenades, dinner exchanges and the Homecoming parade. In the parade, we dressed as gangster and carried the rival team's mascot in a casket. On Oct. 13, we had a Founders' Day Banquet. We invited many local alumni to share the evening with us. We had our annual "Kelly's Wake Dance" on Nov. 13. We dressed up again as gangsters and recreated the murder of Machine-Gun Kelly in the '20's in the Indiana Memorial Union's pool room. The physical appearance of the house has improved with the repainting of the hallways and the addition of new wooden dining room chairs.

Iowa

What started off as just one man's dream quickly turned to reality this year when we turned a small four-house party into a huge all-university philanthropic event.

As a money raising event for the proposed Ronald McDonald House, the Iowa Chapter used the Union parking lot for live bands, a hypnotist, comedian, water dunking and a hot air balloon ride. The evening was termed a total success.

The Delta Chi-Associate Residence Halls Fall Kick-Off, held August 28 in front of the student union, became the talk of Iowa City as 1500 people attended an evening of music, comedy, food, and even hot air balloon rides. Dave Rockwell, '84, began preparation for the event almost six months in advance. He toyed with the idea of moving a party that once was held in the houses parking lot, to the center of campus. He invited several sponsors, including the Pabst Brewing Company, to participate and help raise money for the Ronald McDonald House, a free residence for the parents of children who must travel long distances to receive treatment at the Iowa City Hospitals. The university offered the use of the union parking lot, and ARH supplied manpower to prepare the grounds. When the crowds arrived they listened to two live bands, watched a hypnotist do his tricks on nine mystified students, heard a hilarious comedian from Chicago, traveled across town in a hot air balloon, tried to dunk the dean of the liberal arts college, and enjoyed overall one of the finest evenings in Iowa City in years.

Another large event was our Homecoming party, held at the house this year in order to encourage alumni attendance. Brothers Tim Parker '85 and Jon Leafstedt '84 organized the party and directed the building of a beautiful parade float as well. The alumni meeting, held the same day, resulted in the formation of a chapter scholarship program, with a goal set for \$100,000. Scholastically, we continue to boast the highest GPA among fraternities, and rank well above the all-university average for men. Credit for this should go to our recent scholarship law, which requires associates and members alike to maintain a minimum semester or average or be put on probation. In recognition of our efforts in the area of scholarship, IFC presented us with an award for the best scholarship program. Our new associate member class, made up of 17 men, began renovating the third floor bathroom. They also raised money for the Society for Disabled Children by providing a bed time story program for women in dormitories and sororities. Undoubtedly, though, our finest day came October 13 with the celebration of Founders' Day. Executive Director Ray Galbreth, as well as several leading members from the U of I Greek system were present for the formal dinner at the house. The celebration reiterated the appreciation of those 11 men who gave us the Bond and the true feeling of brotherhood associated with Delta Chi.

Iowa State

We started off the fall semester with a full house and pledged 11 new men. Work week was a success as we recarpeted the living room and constructed a new patio. Our chapter's GPA was second overall among fraternities last spring. On the social side, we have enjoyed many functions

including Parents' Weekend and Homecoming. This year's Homecoming project with the Alpha Chi Omega sorority was a Fribbee Golf Tournament held to raise funds for the Cystic Fibrosis Program. We have been competing in intramural soccer, football, basketball and more recently broomball and ice hockey.

Kansas

Through a successful spring and summer informal rush program plus an outstanding effort in fall formal rush, we began the year with an associate member class of 25 men. We are all proud of being number one at the University in grade point average. Of the 24 fraternities here at K.U., Delta Chi received the Chancellor's Cup for Fraternity Scholarship for our overall G.P.A. of 2.99. Our first two athletic endeavors were very successful with a team place of fourth in both the Delta Gamma Anchor Splash and the Chi Omega Wheat Meet. Our football team ended the season with a successful 3-1 winning season. Also our soccer team had a winning season of 3-2. We are presently in the volleyball season and will soon begin basketball. We are involved with two major house and campus activities. We sponsored the 1983 Miss Lawrence Scholarship Pageant November 20, 1982. It was an official preliminary to the Miss America Pageant, and the winner received a \$1,000 scholarship to the school of her choice and advanced to the Miss Kansas Pageant. We are also involved with *Encore*, a campus-wide Greek musical production contest, in which we are working with the Alpha Omicron Pi Sorority. Our social schedule included our annual "Stag" party and "Spolie Olie" party. The "Massachusetts Street" bar run and a "Halloween" party.

Lehigh

Eighteen new brothers were initiated into the bond October 27. We congratulate them on their fine achievement. We are still first out of 31 fraternities in intramurals. Though we have finished near the top (third last year and fourth the year before), we hope to finish number one this year. Academically we finished fifth of 31 fraternities last spring. November 30 marked the 30th anniversary of the Lehigh Chapter. We held a banquet to commemorate this event and were honored to have **Ray Galbreth**, Executive Director, as our guest speaker on this occasion. Among the 70 alumni and their wives attending, seven were chapter charter members.

Louisville

Rush, socials, intramurals, and service projects have highlighted this high spirited time of year. Courtesy of the Kentucky Chapter and Chris Johnson, Regent, our house has been furnished throughout. A massive cleaning project took place before rush to make our new home a respectable place before greeting our future associates. Once again, with 21 men, we have the highest associate member class of any of the 14 fraternities on the University campus, making us the third largest fraternity on campus. We have held socials with Pi Beta Phi, Chi Omega, and Sigma Kappa Sororities. To strengthen fraternity unity, we had a party with Lambda Chi Alpha. This was so successful others are planned for the future. Intramural activities have given us first place finishes in tennis, golf, volleyball, and badminton doubles; second place in badminton doubles; and third place in the canoe regatta. Our service project for this past semester was raising contributions for the March of Dimes.

Michael Elliott

A model of courage for Alabama Chapter

by Mark Garner "E" Alabama

Founders' Day is a happy day for most members of Delta Chi. However, on Founders' Day 1981, Brother Michael Elliott of the Alabama Chapter received the worst news of his life — he had cancer. Three days later he entered the hospital and underwent surgery.

Mike immediately left school and returned to his native Madison, WI, for more treatment. The brothers he had left behind supported him with letters, cards, and phone calls. After five weeks, he returned to Alabama having lost thirty pounds. Despite his prolonged absence from classes, he finished the fall semester.

Things were going well until April when a routine checkup revealed that a tumor had appeared on one of his lungs. Mike was forced to drop out of school again, cancel his plans for summer Navy flight school, and return home to Madison for more surgery. Before his departure, the chapter gave him a jeweled Delta Chi pin. Due to the necessary chemotherapy, all of his hair, except for his eyebrows, fell out. He was in constant pain, and he experienced frequent nausea. A vein in his arm used to administer the drugs became infected and had to be removed. But Michael survived it all. The tumor shrank, was removed, and

A healthy Michael Elliott "D" (right) and Mark Garner "E" are proud to call one another Brother. Mike's ordeal has made his relationship with the Chapter something special.

was pronounced benign. Several weeks later Mike returned to school, cancer-free. Today, Mike serves as "D" for the Alabama Chapter. He is active in all intramural sports, especially volleyball in which he was a High School All-American. He must still undergo a thorough monthly check-up for the next two years, but the outlook is good. He plans to graduate in fall of 1983, only a year behind schedule, and he still wants to be a Navy flier. The Alabama Chapter is proud to call him "Brother," and is honored to be called by him, "his second family." **ΔΧ**

Marquette

During work week, our entire basement was remodeled. Upstairs carpeting was laid in the chapter and phone rooms while the rest of the house received a fresh coat of paint. Presently our kitchen is undergoing improvements to make way for a washer-dryer and a dishwasher. To improve the exterior of the house six brick pillars have been erected at the entrance to our parking lot. The first annual "Delta Fest" was successful with approximately 1000 people in attendance. We continue to keep active in school activities. We have a newly organized ABT headed by President **Stephen Lacki** '79 and our new "BB" **George Bach** '81.

Massachusetts

The acquisition of a new house is perhaps the biggest news that we have to report. We moved to a

Miami

This fall was a special one as we celebrate the 50th anniversary of our founding. The formal ceremonies were November 13. The keynote speakers were **Ray Borelli**, "AA", and **Gleim Burkhart** '32, the chapter's first "C". Many alumni and university officials attended the formal dinner which took place at the newly dedicated Timothy Marcum Memorial Conference Center. In commemoration of our golden anniversary the chapter presented to Miami University three permanent benches with a bronze plaque. The benches are to be located on the grounds of the Marcum Center.

Greek Week, great as always, took place the second week of September. We distinguished ourselves in traditional D-Chi fashion: doing well in most all events. The Delta Chi Marathon was well organized and went smoothly.

Saturday, Nov. 6, the house held a "Knights of the Round Table" party. The facade and interior of the house was transformed into a medieval castle.

The Third Annual Delta Chi Sorority Volleyball Tournament was held Saturday, Nov. 20. Participation and caliber of play topped that of last year's successful tournament.

As a community service project this fall, we aided the American Association of University Women in their book drive by moving boxes of books and shelves.

Michigan State

Founders' Day was celebrated with white carnations and steak as our chapter welcomed various alumni including "AA" Emeritus Joe Lacchia, who announced his contributions to the Virginia Lacchia fund, which will allow one brother to receive a scholarship each year. On a beautiful fall day, as the Spartans were preparing to meet the Boilermakers, the largest gathering of Delta Chi alumni in recent years met at 101 Woodmere to celebrate Homecoming. The pre-game party and post-game pig roast saw many old friends reminiscing about their undergraduate days.

Brothers Todd Williams, Brad Stevens, and Mark Bourdo took vice-president positions in external affairs, finance, and development, respectively, as Delta Chi took three of a possible six executive positions on IFC. In other areas Brother Howard Klausmeir was elected treasurer of the elite Order of Omega honorary fraternity while Brothers Tom Wurster, Bill Hoerner, and Tom Fieten are each holding seats on the six-man student Judicial Board within the university. Our President, John Polakowski, is currently the co-chairman of the President's Council. Working within the community in cooperation with the East Lansing Police, S.C.A.P. (school, city, activities, program), and the district school board, we held an open house for Halloween. All parents and children were welcomed as each room was decorated in Halloween decor. Coffee and donuts were served, as kids ran from room to room collecting candy from the brothers.

For the second straight term, we broke our own and university rush records with the largest number of rushees ever to come through a Michigan State Fraternity since alcohol was banned from rush activities. During fall rush our chapter also had the opportunity to host a reporter from the *Detroit Free Press*, who spent the entire rush week in the house meeting and observing the brothers. The result was an exceptional full page spread in the "Way We Live" section of the *Free Press*. Responses from the article was overwhelming, as alumni from across the nation called to congratulate the chapter for its outstanding rush.

Athletically, winning has become a tradition as we have placed in the top three of every major sport since the spring of 1981. We are continuing this tradition with a 3-0 mark in football and taking the championship in an all university tennis tournament.

Minnesota

This past fall, 10 men were pledged. Homecoming festivities began early this year. We were paired with Alpha Xi Delta and built a house front to the theme of "DOMEsticate the Hoosiers," as this was the first Homecoming to be played in the new Metrodome downtown.

Thanks to the efforts of some of the brothers who lived at the house during the summer, and especially the help of Scott Robinson, an alumnus, the living room, dining room, and stairway were repainted, and new rooms on the third floor are now being built.

A heavy social schedule filled the rest of the fall

quarter. In addition to Homecoming, five exchanges were held with SDT, XO, GOB, AXD, and LDPhi. Parents' Day was held November 13, and the same weekend we were visited by the brothers of the Marquette Chapter. Brothers from the Iowa Chapter also visited us on the weekend of the Minnesota-Iowa game.

Mississippi State

The fall semester started with the pledging of five men. Through a number of Thursday night theme parties, we have many more prospective associate members.

Some of our regular activities were quite successful. The annual Toga Fest was held in September. The toga-clad gods came in vast numbers for the festivities. The brothers enjoyed the semiannual canoe trip on the Okatoma Creek in middle October. Everyone survived the cold night air and even took a cold dip in the water.

There were many activities at MSU's Homecoming, October 23. These included a pre-game attitude adjustment, cook-out, and dance with Lindy Dunaway spinning records and entertainment by the "Ruf." We also held the pledge-active football game with participation by some of the alumni. The actives walked away with sweet victory.

Some of the other activities included intramural participation in which our flag football team made the playoffs. The plans for the remainder of the semester included a Halloween Costume Party, Christmas Party, and Thursday night rush functions.

Montevallo

We have hosted several successful lakehouse parties and on September 21, the brothers, alumni, and rushees enjoyed an outing at Papa Joe's Restaurant in Hoover.

This year, the brothers enjoyed a week-long Founders' Day Celebration. As a part of the festivities, we hosted our annual Wilderness Cookout at the Faculty Lakehouse. The menu consisted of venison, dove, fresh and salt water fish, and an assorted line of vegetables. We had an excellent rushee turnout.

In addition to Founders' Day, we celebrated our Chapter's tenth anniversary. We would like to thank our Alumni Association for making our anniversary something to remember.

Initiation was held October 2. Seven new brothers have joined the Bond.

New Haven

Last spring, Alan Guidone was appointed vice-president, William Kottage was elected treasurer and John Burnap was elected as a delegate to the Day Student Government. In addition Wayne R. Vincent was elected as a student representative to the Board of Governors which Michael Regan and Alan Guidone both received an accounting scholarship from Ernst & Whinney.

This past fall began with the installment of a Delta Chi boulder on the campus green and the pinning of six associate members. Homecoming weekend ended with two associates and two brothers combining to place second in the annual bedrace.

Our fall banquet proved to be a huge success. Approximately 50 brothers, alumni and dates attended.

Again this year we are on top of the intramural softball standings with a record of 3-0-0.

Northern Colorado Colony

We began this year in a new house located a half

block from campus. The house was completely renovated during the summer months by members of the colony.

In a concerted effort to achieve chapter status we welcomed 16 men into associate membership, the largest class in the colony's history.

October 13, we celebrated the most important day in Delta Chi's history with a Founders' Day dinner attended by members, associate members, and a special guest, Keith McNally, a Chapter Consultant for the general fraternity.

Culminating a week of intensive late night work, Delta Chi, in conjunction with the Alpha Xi Delta Sorority, won the "Most Original Float" award at this year's Homecoming parade. Following the theme "Progression Through the Ages," the float depicted man's evolution from the caveman to the 1980's.

The colony was well represented this fall in both tennis and lacrosse. Brother Dave Michaelson, a junior, plays number 1 doubles and number 3 singles and boasts a record of 12-2. In lacrosse, senior Andy Prosser starts at the midfield position and hopes to continue his leading scorer position on the team.

Northwest Missouri

Our #1 football team, the Nationals, were undefeated with only one tie this past semester and are currently in the Greek playoffs.

Racquetball has become a big intramural sport on campus, and our chapter has members who are very competitive. In the recent Greek intramural tournament, Brothers Rob Fiest, Mark Leggett, and Jim Ludeman placed 1st, 3rd, and 5th, respectively, out of a field of 123 men.

In other individual sports, associate member Kent Birth placed first among Greeks and second overall in an intramural cross-country run. Craig Kelley also did well in the fraternity tennis tournament, placing third in the singles competition.

Our chapter was extremely active in fall Rush, pledging 24 men with entering freshmen not eligible for rush until January. Needless to say, this was the largest class on campus. Homecoming fell on the weekend of Halloween. With "musicals" as the theme, our skit, based on "Annie," was placed in the campus variety show. Our Homecoming Queen nominee, Laura Corken, was a finalist in the Queen competition. This past fall we had our roof refinished and installed a new fire alarm system.

Ohio State

On Monday evening, October 18, Brother G. Ric Beddingfield entertained the chapter and its guests for three hours with a fascinating discussion of his experiences as a talent agent in Hollywood. Ric graduated in 1973 from Ohio State with a degree in cinematography and is the co-owner of a talent agency in Los Angeles.

The 80th anniversary of the founding of the Ohio State Chapter was celebrated May 22, 1982 at the house with a barbecue.

Oklahoma State

The fall semester began with the initiation of five brothers. Summer rush also went well as we added 33 men to our fall class, bringing membership to 72 members and associate members. The officers went to Texas Tech. over Labor Day weekend to participate in the initiation of the members of our new colony there.

Our table tennis team did well again this year, placing second in the all college tournament. The football team also had an exciting and victorious season. Brothers Curtis Cain and Rick Anderson are playing on OSU's football and basketball teams, respectively.

Brothers Jay Bruce and Bill Carter were selected for Blue Key, National Honor Fraternity. Brother Curtis Davis was honored as an All-American Cheerleader, and David Griesel was elected as chairman of

(Continued on page 18)

To Florida, Illinois, Northeast Missouri

★ comes praise from us... ★

These three turn in well written reports that point to accomplishments

Florida

Delta Chi was off to a great start as the chapter pledged 45 men during fall rush bringing our membership to 120 and making us the sixth largest fraternity in one of the largest Greek systems in the nation.

Proudly, we added a new service project to our list of annual projects, the Happiness Run for the Leukemia Society of America. This project consisted of a 3.1 mile run, a 1 mile fun run, and a 1 mile walk. The run raised close to \$1,000 and was considered a great success in its first year. Along with the Leukemia Run, the Florida Chapter had a big impact in the '82 Fall Blood Drive and of course U.M.O.C., which stands for the Ugliest Man On Campus. But do not let the title fool you! The contest is based on the amount of money raised for the Diabetes Foundation, not by looks. And for the fourth year in a row Delta Chi took the title. Brother Mark McLellan raised \$1,300 with the help of the chapter. Then as the "Spirits" prepared for Halloween, so did Delta Chi. Our house was transformed into a haunted house to benefit United Way. Not only was it a big service project, but it also serves as an interfraternity relations event. All fraternities and sororities were paired off and assigned a certain room in the haunted house. But the chapter cannot take full credit for creating this project. The idea came from the Arizona Chapter. Thanks to that chapter, we were able to get this project off the ground and make it the success that it was. The project which was co-sponsored by Interfraternity and Panhellenic Councils, raised over \$2,500 for United Way. Other service projects already in the working stages include: the Great American Smoke-out, Pine Cone Christmas Trees for the Sunland Rehabilitation Center and of course our annual "TOGA" party for Leukemia which was deemed the largest fund raising project and party on the Florida campus last year.

But Delta Chi does not stop at service. Once again we swept away with all the Homecoming awards. In addition to winning U.M.O.C., chapter received not one, but two first place trophies for our Homecoming float entry winning Best Greek and Best Overall float. This makes it 15 first-place floats in the past 17 years. And in sports, we are currently ranked 7th among 30 fraternities.

Illinois

The college tradition of Homecoming began at the University of Illinois in 1910. So, where else to revive a Delta Chi tradition than Illinois!

From World War II until the middle '60's, our chapter had let their sweethearts know the meaning of love in a unique way. When a member "pinned" his sweetheart, he was required to send her a dozen roses at her sorority. He would pass out cigars to the chapter brothers and then promptly be "showered" by the pledges. Later, song leaders from Delta Chi and the

corresponding sorority would lead members of both houses in a joint outdoor evening serenade for the couple. The "pinned" brother would then sing a solo to his sweetheart, "The Delta Chi Sweetheart Song."

This year, when 350 members and their sweethearts attended the annual Delta Chi Homecoming dinner-dance, the revival of a tradition resulted in the largest known "pinning of sweethearts" in Delta Chi history. After dinner, those wives who had not been "given the proper treatment" dragged their Delta Chi spouses forward to the dance floor to be serenaded. While others smiled and watched, about 25 Delta Chi alumni, who graduated between 1950 and 1975, "lined-up" opposite their sweethearts. As each Delta Chi held hands with his sweetheart, they collectively and romantically serenaded her with "The Delta Chi Sweetheart Song." The wives who participated are now urging other "non-serenaded" sweethearts to show up at the next Homecoming to get their due reward — a song and a Badge from their Delta Chi man!

Illinois is rich in tradition. In 1920 they held the first college Dads' Day and in 1921 formed the University of Illinois Dads' Association. It was not long until Delta Chi saw this celebration as an opportunity to involve their own dads in Delta Chi and a tradition was begun.

The objective behind Dads' Day at the Chapter is twofold. First it gives the undergraduates a chance to be with their fathers without the rest of the family. This is important because the father-son relationship is the most important relationship in a young man's life. Second, it enables the dads to get involved with Delta Chi, whether it's by sitting in the football block at the game, by sitting in front of the crowded television, or by going to the bars with other D-Chis and their dads. Our fathers can readily see the brotherhood and general lifestyle that is prevalent at Delta Chi.

Our typical Dads' Day begins on Friday night. There is nothing actually planned for the evening but many fathers come early so they can take their sons out for dinner or to a play. The first official activity is a nine hole golf tournament held early Saturday morning. Fathers and sons form a team of two. Play begins and a Peoria Handicap is used to make everything even. The winning team gets a golf bag which is paid for by a small donation from each of the entrants in the tournament.

When the golfers return, they join a crowd of dads and sons on the front porch for beer and brats. After the game the dads return to the house for coffee and donuts. Next, the dads adjourn to the dining room where our chapter "A" helps with the election of a new Delta Chi Dads' Day Association president. During the meeting, the Association makes a contribution toward one of the many items desired by the chapter. Contributions from the Dads' Day Association have greatly improved the house.

Next on the agenda is the annual Dads' Day Banquet. This year it was held at the Top of the Inn, a plush banquet room on the twenty-first floor of the University Inn. Dean Gaylord Hatch, from the Political Science Department, gave a short talk that was followed by our "BB", Professor Alan Brightman, handing out Pursuit of Excellence Awards. The Pursuit of Excellence Awards are given by the Delta Chi

Educational Foundation in cooperation with the Upsilon Alumni Corporation to those men who have excelled in scholarship, leadership on campus and leadership in Delta Chi.

There is more than just tradition at Illinois. This past semester we had the largest associate member class (35 men) in our history. Our athletic strength appeared early when our 12-man softball team placed second in the annual Alpha Epsilon Pi tourney. Our "A" football team ended the fall season with a record of 6-2. Our "B" team reached the semi-finals of their division and Brother Dave Feder is currently seeking first place in tennis. We are also represented by Brothers Don Thorp, Luke Sewall, Scott Golden and Kevin West on the college football gridiron.

At our impressive Founders' Day Banquet, Raymond F. Borelli "AA" spoke about our commitment to Delta Chi.

Editor's Note: This is a combination of three separate well-written articles by the "E" and John D. Paul '76.

Northeast Missouri

With a strong alumni showing late in August, the summer reunion and planning session kicked off one of the more successful rush campaigns to date. A large number of men came through Kimble's Place and 25 made the decision to join.

The big story of the semester for the chapter was in the area of intramurals. Rush just barely over, the chapter "pulled" a major upset by defeating the defending champions, Alpha Gamma Rho, to take the Tug-O-War crown. To date the chapter is also a contender for the softball title.

In other athletic news, Tony Perkins '83, Mike Regan '84, Rich Grobelny '85 and Kevin Johnson '85 are playing on the varsity baseball team this year while Aziz Haffar '84 gets his kicks with the university soccer team. Leading the crowds up front on the cheerleading squad are Jeff Menz '83 and Kirk Tjernagel '84. And at the half-time it's Mahlon Barker '83 leading the show as drum major for the NMSU Showboat Gamblers Marching Band.

Jim Sharrock '85 received two honors this year as he was announced as the Student Ambassador of the Year by the Dean of Students office and elected president of the Student Activity Board. Also serving on the SAB is Terry Dunseith '85 in the position of treasurer.

Tony Lambright '85 manages the funds as treasurer of the IFC and John Guitarr '82 handles feature editorships on both the university newspaper and yearbook. Larry Custer '85 was re-elected to the Student Senate as Junior Representative.

The number one social story was the mixer with the women of Alpha Sigma Alpha in October. Blue Hawaiian was the theme for the colorful evening that some say was the best in six years.

Homecoming saw some old faces not seen in Kirksville for many years and Parents' Day allowed many parents to get a first-time glimpse of the chapter.

the 1983 Homecoming Executive Committee. Homecoming festivities went well. We had approximately 45 alumni in attendance and a good turnout for the annual homecoming party.

The house has been very busy with community projects and helping the underprivileged children with the Head-Start program. Our freshmen performed with the women of Gamma Phi Beta in the Freshman Follies Program. Varsity Review with the women of Alpha Delta Pi is going well, also.

Our fall party, "Remember Pearl Harbor," went well as did the annual River Bottom Party.

Penn State

We are showing ourselves stronger than ever on the sports fields this year. The spotless records of our football (6-0) and volleyball (5-0) teams this fall and fine performances by our individual golfers have put us well on our way toward attaining the overall intramural trophy for the second time in three years. Just two teams stand between Delta Chi and a third volleyball championship in as many years.

Our two golfers, James Savard '84, and John McNally '85, finished second and fourth, respectively, in the individual tournament, earning several more points toward our overall goal.

San Diego

Fall semester began with the addition of 11 associate members.

In our usual style, we held many social events, highlighted by a fantastic Founders' Day celebration. With over 25 alumni and 30 members present, it will be a day we will long remember.

We had an excellent fall in terms of sports. We won the All-Greek California Softball tourney held in Santa Barbara, edging out our Fullerton brothers in the semi-finals. In Greek Week, we finished fourth out of 15 fraternities. This included a first place finish with the sisters of Chi Omega in the House Decorations competition.

Our philanthropy is also in full swing with our recent affiliation with the Multiple Sclerosis Society of San Diego. We have put many hours into this project, but the rewards we receive are immeasurable.

Scholastically we finished last semester with a third place overall, and our active chapter G.P.A. was highest among fraternities and well above the all-men's average.

Southeast Missouri

Our fall semester started with a Hike-a-thon which benefited Lone Pine, an organization which promotes community outdoor recreation. We also performed a service project for the Southeast Missouri District Fair providing the security for the five day fair.

As part of a social/service project we held a hall party at Casa Garnoldo's with Sigma Chi Fraternity, Alpha Delta Pi and Alpha Xi Delta Sororities. On September 24-25, we held our Biannual Alumni Weekend during which we welcomed our Alumni back. The weekend featured a party with our alumni and an Active vs. Alumni softball game. Also on September 25, we held a formal pinning for 18 associate members at the house, followed by a congratulation party.

The SEMO Homecoming took place Oct. 22-23. Our chapter, along with the Delta Delta Delta Sorority, took second place in the class I float competition. Social events included a pre-game "warm-up" and closed with our Homecoming formal at the Labor Temple hall.

Southern Illinois

This fall, the returning brothers worked together in rush and pledged 10 men.

Our Founders' Day celebration saw several alumni join us for dinner. More than 35 alumni and their wives or dates joined us for Homecoming weekend. Don Yewell '78 became the first recipient of the "Colonel MacMillan Alumni Service Award."

House improvements have been a big step this semester. Our Interior Design committee completed the trophy case and phone bench in the foyer. A run-way was put in the living room from the foyer to the kitchen and the hallways were painted by the associate member class.

The chapter took fourth place in IFC softball, and currently has a first place bowling team.

S.M.U.

It has been a busy semester with our annual Toga Party, which was a great success with the freshmen, and our Hawaiian and Poseidon Adventure Parties.

Congratulations go to Brothers Paul Porter and Larry Prablek (both '84) who were selected for Resident Assistant positions in the freshman quad. Brothers Mark Smith '83, Jimmy Medcalf '84, Tom Fausek '85, Dean Semon '82, Phil Evans '83, and Craig Porter '85, participated in a 130 mile canoe race benefiting Cystic Fibrosis. Brothers Smith, Medcalf, Semon, and Giles Hudson '84 are also taking part in the Dallas Red Cross Disaster Action Team. Brothers Fausek and Craig Porter won the Michael Palin Pie Throwing Contest. Palin, of Monty Python fame, judged their throws to be the most original and innovative. We also welcome David Garrett as our new House Father. David, S.M.U. '82, is a dental student at Baylor Medical. Upperclass rush this semester brought in three new associate members.

Work on the house during the summer included new lighting, remodeling, and landscaping.

Texas Tech Colony

This was our first semester as a colony at Texas Tech University. The semester opened with members of the SMU and Oklahoma State Chapters initiating our 72 associate members. Our first rush was successful in the pinning of 26 associate members.

In sports, we placed second overall at Delta Gamma's Anchor Splash and our putt-putt golf team placed first in the intramural tournament. Both of our intramural football teams are presently in the playoffs. Team "A" won the division championship and is undefeated in the campus finals.

Our Founders' Day Banquet was this semester's major event. Attending the banquet were Fred Hammert "CC" and Fred Jewett faculty initiate, who have been instrumental in helping our colony bond together.

For Homecoming we decorated our house which was the midpoint of the parade. The Raiderettes joined us that morning for a party.

Tri-State

In sports, our intramural football team played hard this year. A broken nose and collar bone proves we put forth a good effort. Our "B" team in the fraternity bowling league received the first place trophy.

Alumni Weekend went well last spring. It left many alumni anxious to come back this year. The inside of the annex is being repaired this quarter. Next quarter's major activity will be the remodeling of the shower in the main house.

The fall semester concluded with the annual Christmas formal dance: Chuck's Belly Rub.

Washington

With a fine associate member class of 30 men, new carpeting, and a big screen television our chapter continues to improve.

Eleven brothers, competing in five different varsity sports, represent the chapter well on campus. We also display our involvement in the intramurals program with 3/4 of the brothers participating in nearly every sport offered. In the University's Marketing Club, four brothers hold office positions.

We were extremely pleased to have Senator Henry M. Jackson, Washington '34, visit us at our Founders' Day Banquet. Jackson presented a bronze plaque honoring our brother, the late Lou Armstrong.

West Liberty

The new year started on July 18 for us. On this date we held our annual summer picnic. This picnic is designed to help strengthen our alumni relations and make preliminary plans for the upcoming year. We were inspired by the attitude of the alumni who attended.

The brothers sponsored Pam Haskins, a member of the Chi Omega sorority, for Homecoming Queen this year and were quite proud when she was named the 1982 Homecoming Queen. Brother Grant Merchant '85, a wide receiver on this year's West Liberty football team caught a key pass to lead the Hilltoppers on to a 1982 Homecoming victory. The day concluded with the President's Ball held at the White Palace at Wheeling Park. Our latest service project involved setting up the White Palace for the President's Ball.

We are currently working on acquiring a piece of land where we hope to build a shelter.

West Virginia Tech Colony

October 9 marked the annual Homecoming Celebrations and our colony was involved in every aspect. We built a float for the parade and entered Brother Rick Reese and Shonda Fowler as candidates for Mr. and Ms. Golden Bear.

The celebration began with a Mardi Gras celebration on Wednesday. Each organization on campus had some kind of activity on the Tech Mall. Ours was the most popular, a dunking booth with members of the school faculty as the targets. It was, to say the least, a hit with everyone.

A parade started the celebrating again on Saturday morning. With Mardi Gras as the Homecoming theme we entered a 25 ft. Chinese dragon, complete with smoke coming from its mouth. All of the spectators were fascinated by its originality and design.

We celebrated Founders' Day by holding an open campus Founders' Day Dance. It soon became apparent to the crowd why the brothers were so proud to be a part of such a great fraternity.

Windsor

This semester saw an excellent turn-out for our Founders' Day dinner held at the Windsor Faculty Lounge.

Our intramural volley-ball team is one point away from first place, in a field of twelve. Although our school's varsity football team did not make the playoffs this year, Brother Ralph Klingel had an outstanding rookie season. He started at running back every game as well as receiving the offensive player-of-the-game award in this year's home-opener.

Brother Scott Carpenter was chosen by a committee on campus dealing with alcohol abuse to be interviewed by local television concerning the dangers that can result.

A highly successful wine and cheese party was held during Rush Week with the ladies of Phi Sigma Sigma.

It's a long road but exhilarating

by Dean Blakeley and NMSU "Index"

Warm ups — stretching — finally the start is signalled. The feel of the wind on the face and through the hair lifts an enormous burden from a cluttered mind. Freedom. The winding path seems endless to the pounding feet, but the mind is elsewhere. This is enjoyment for Tommy Hill, member of the Northeast Missouri cross country team.

"This is a way to be on your own. A way to relax. It's a real, natural high," said Tom.

But running is not the only thing, victory is also important.

As one of the five returning members of the team this fall, Tom led the team to first place in their first meet at Southern Illinois-Edwardsville along with his own first place. The following

week found him in second place at the University of Missouri-Columbia Invitational, and then winning top individual honors in the Les Duke Invitational at Grinnell, IA a week later.

In October, Tommy's name made the school record books in the 10 kilometer race at the Southwest Missouri State University Distance Classic

in Springfield. His time of 30:51 was good for second place.

However, running is not the only thing in his life. Caring for other people is something that Tom plans to do for a living. Currently in his second year in the program, he plans to graduate from Kirksville with a degree in nursing. AX

Farewell & Parting

These men have lived amongst us for a time, and we have been privileged to call them Brothers. Now they have gone and we bid them a fond farewell at this parting.

Chester L. Marsh '26, June 3, 1982
Brother Marsh was a founding and charter member of the Arizona Chapter. He spent 20 years doing agriculture work in various states. Then he and his wife spent 23 years as vocational missionaries for the Assembly of God Church. During that time the two of them built and operated an orphanage in Acapulco, Mexico. The orphanage included housing, school and church. The school and church remain in operation today.
