

DELTA CHI QUARTERLY

FALL 1983

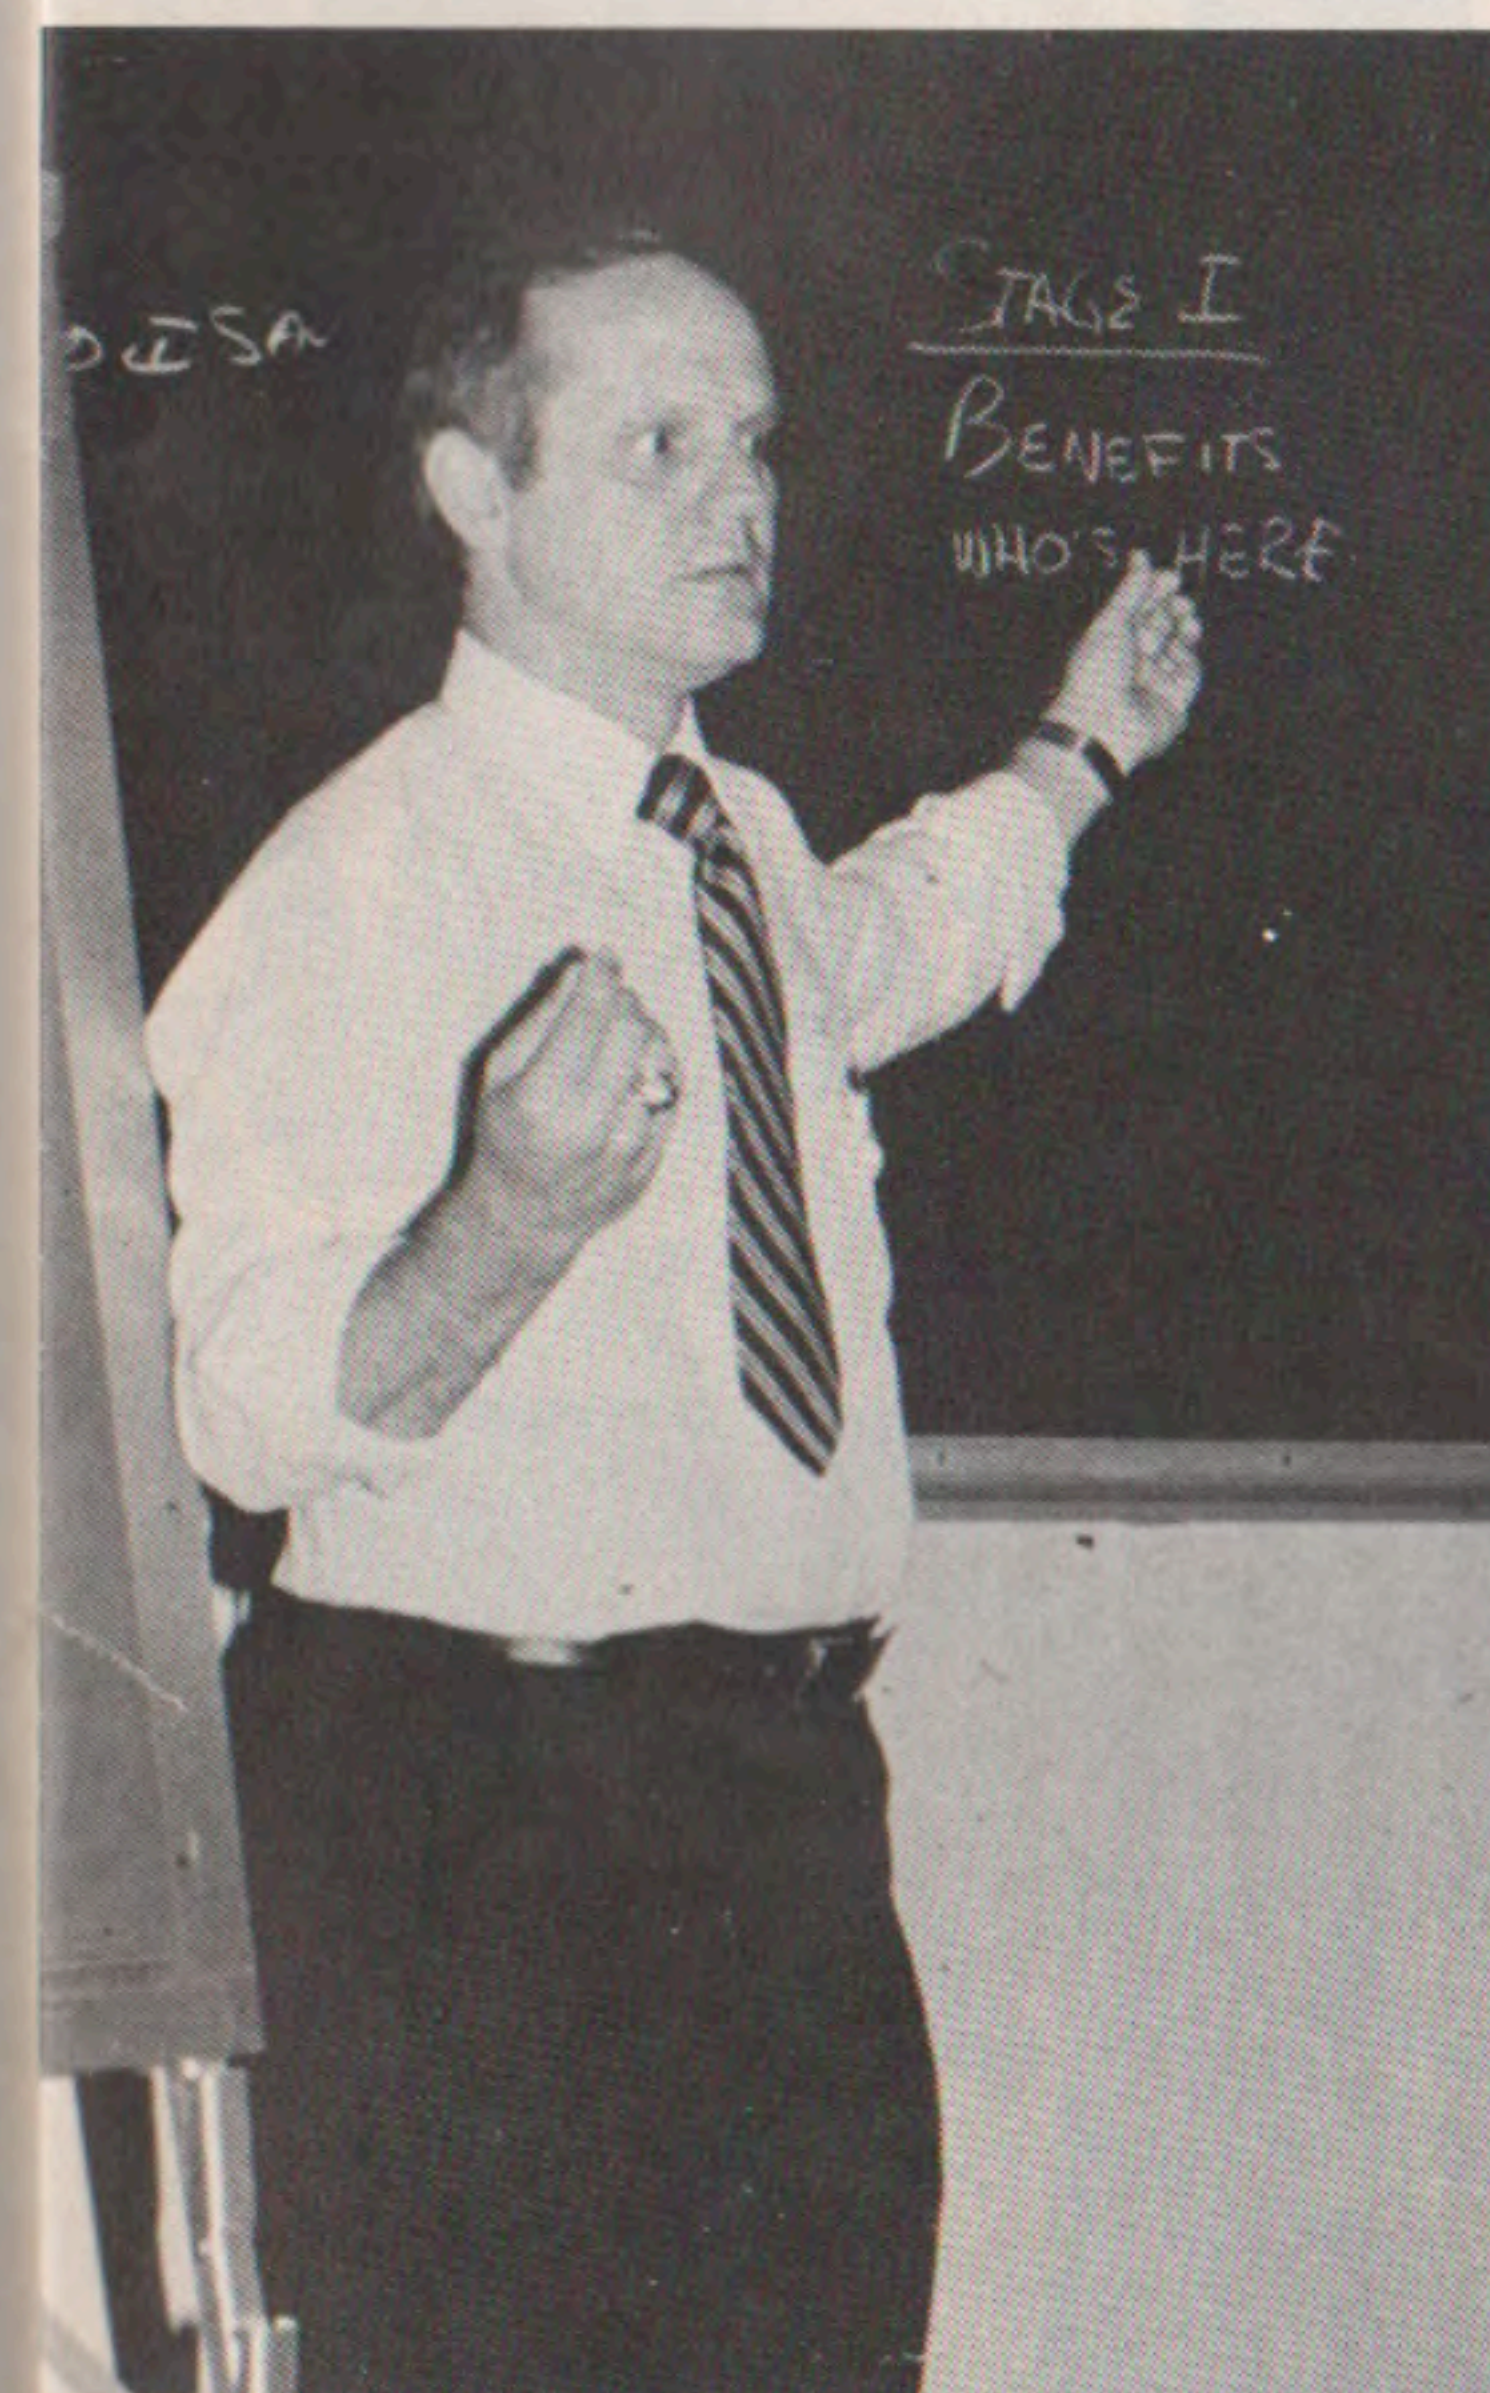

SENATOR HENRY M. "SCOOP" JACKSON, 1912-1983

This man has lived amongst us for a time, and we have been privileged to call him Brother. Now he has gone and we bid him a fond farewell at this parting.

It was a good one . . .

It began with a rush to the registration desk for their convention packet and once the name tags were pinned on, it was time for the first socializing at the cookout with the Country background music of the Zulu Mountain Boys.

For the Board of Regents their work was to review the past year and to plan the coming year, but they did interrupt their agenda to join in the socializing.

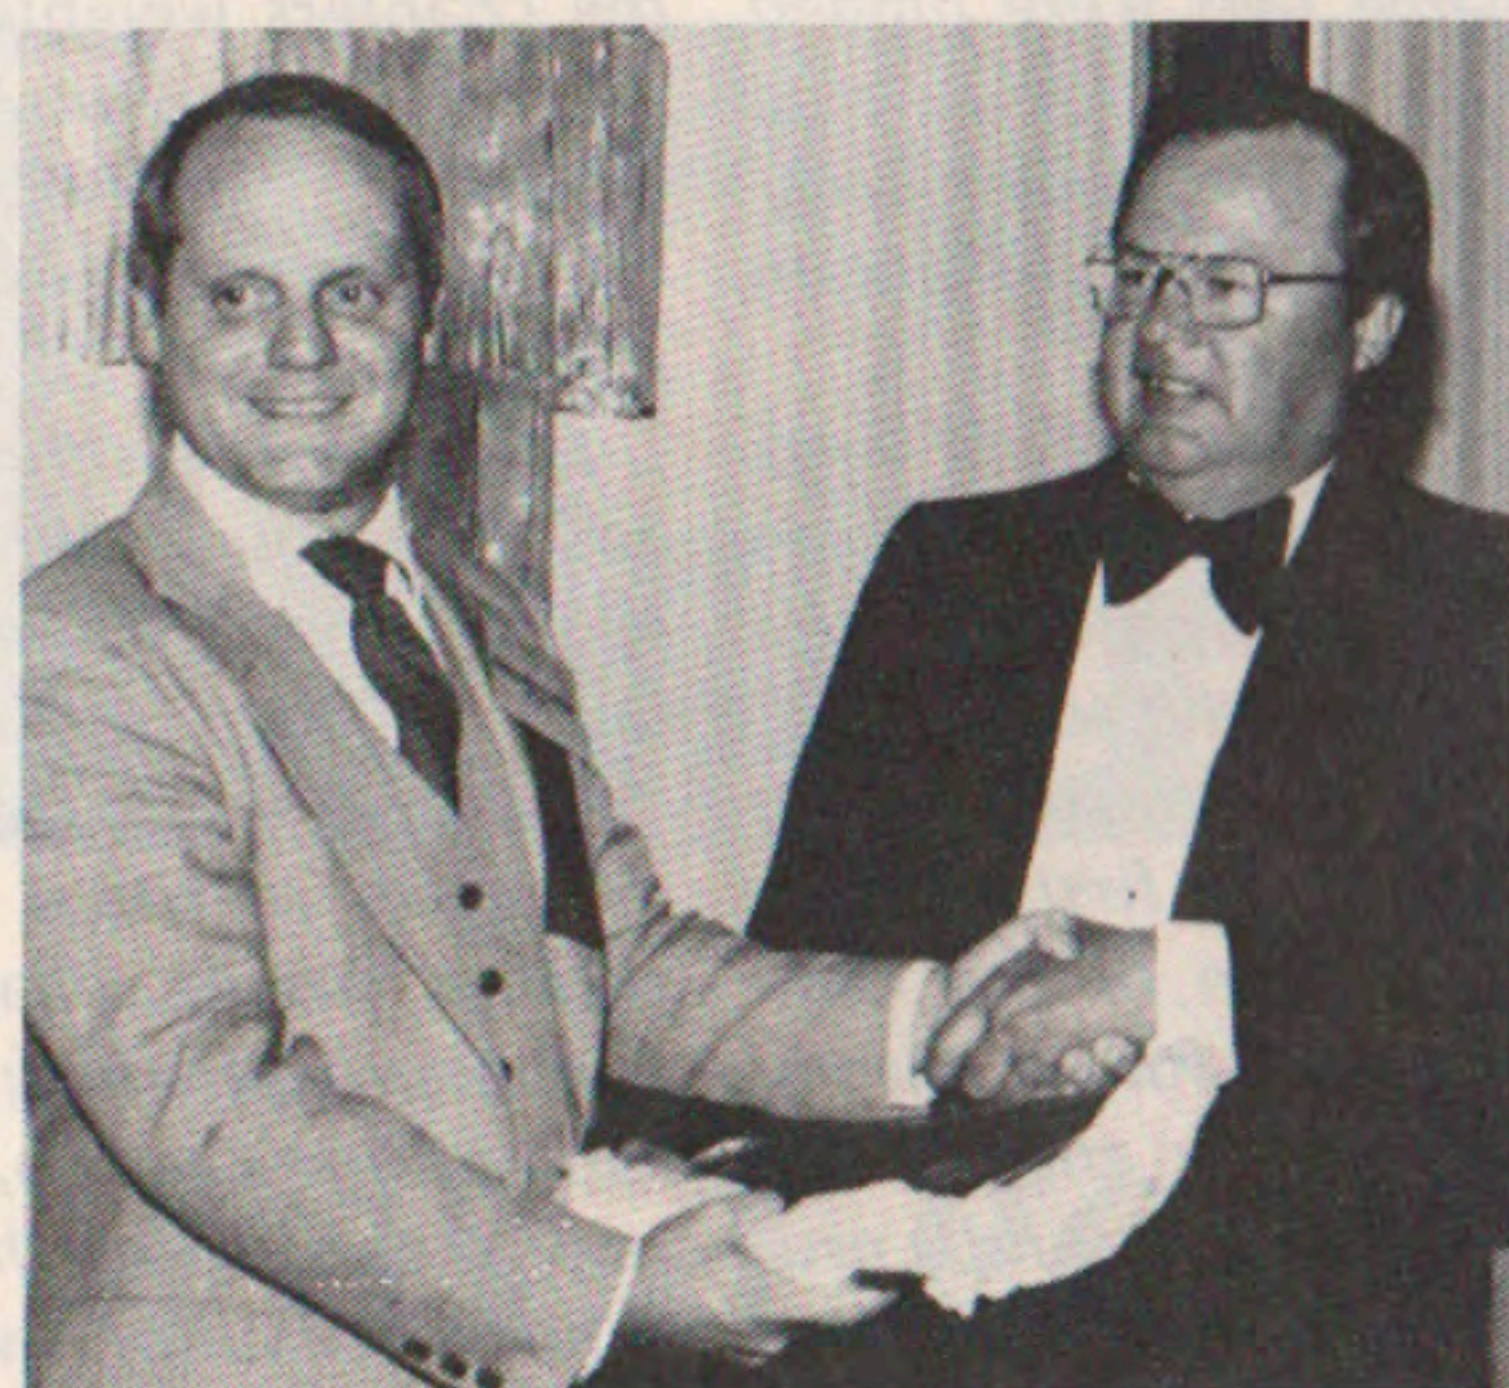

The next morning the convention officially opened with the first business session. Reorganization of the Constitution, enhancements for the Associate Member Ceremony and Ritual, election of national officers and a proposed change in the form of government kept the delegates occupied in this and following sessions. Amidst

many changes it was voted to keep the current form of government but to give the chapters weighted voting according to their chapter size. The new officers selected were Raymond F. Borelli "AA", Fred Hammert "CC", and Larry Audlehelm "DD".

During that first luncheon, delegates and guests were thrilled to meet and hear Astronaut Henry Hartsfield, Auburn '54 share his experiences.

The leadership sessions instructed delegates in ritual exemplification, rushing, hazing, chapter retreats and alumni programming. But for Vic Johnson and Joe Lacchia, the first and the new inductee to the Order of The White Carnation, it was simply a time to talk about, what else . . . DELTA CHI!

for many, it was recognition

Bernhard Shaffer, George Obear, Marsh White, Victor Johnson, Larry Audlehelm, Raymond Borelli, Ray Galbreth, Senator Henry M. Jackson, Jack Caperton, Ed Fusco Jr., Harold Hitchens, "Senator" Douglas Holsclaw, Harold Missimer, Jimmie Underwood, William Dabney, Richard Kauders, Theodore Winkler, and an anonymous donor from the Nebraska Chapter were honored for their financial contributions to the Foundation.

Retiring Foundation President, Vic Johnson was paid tribute by the newly elected Foundation President, Jimmie Underwood and George Obear presented a gift from the Foundation to Vic in recognition for his 12 years of service as president of the Foundation.

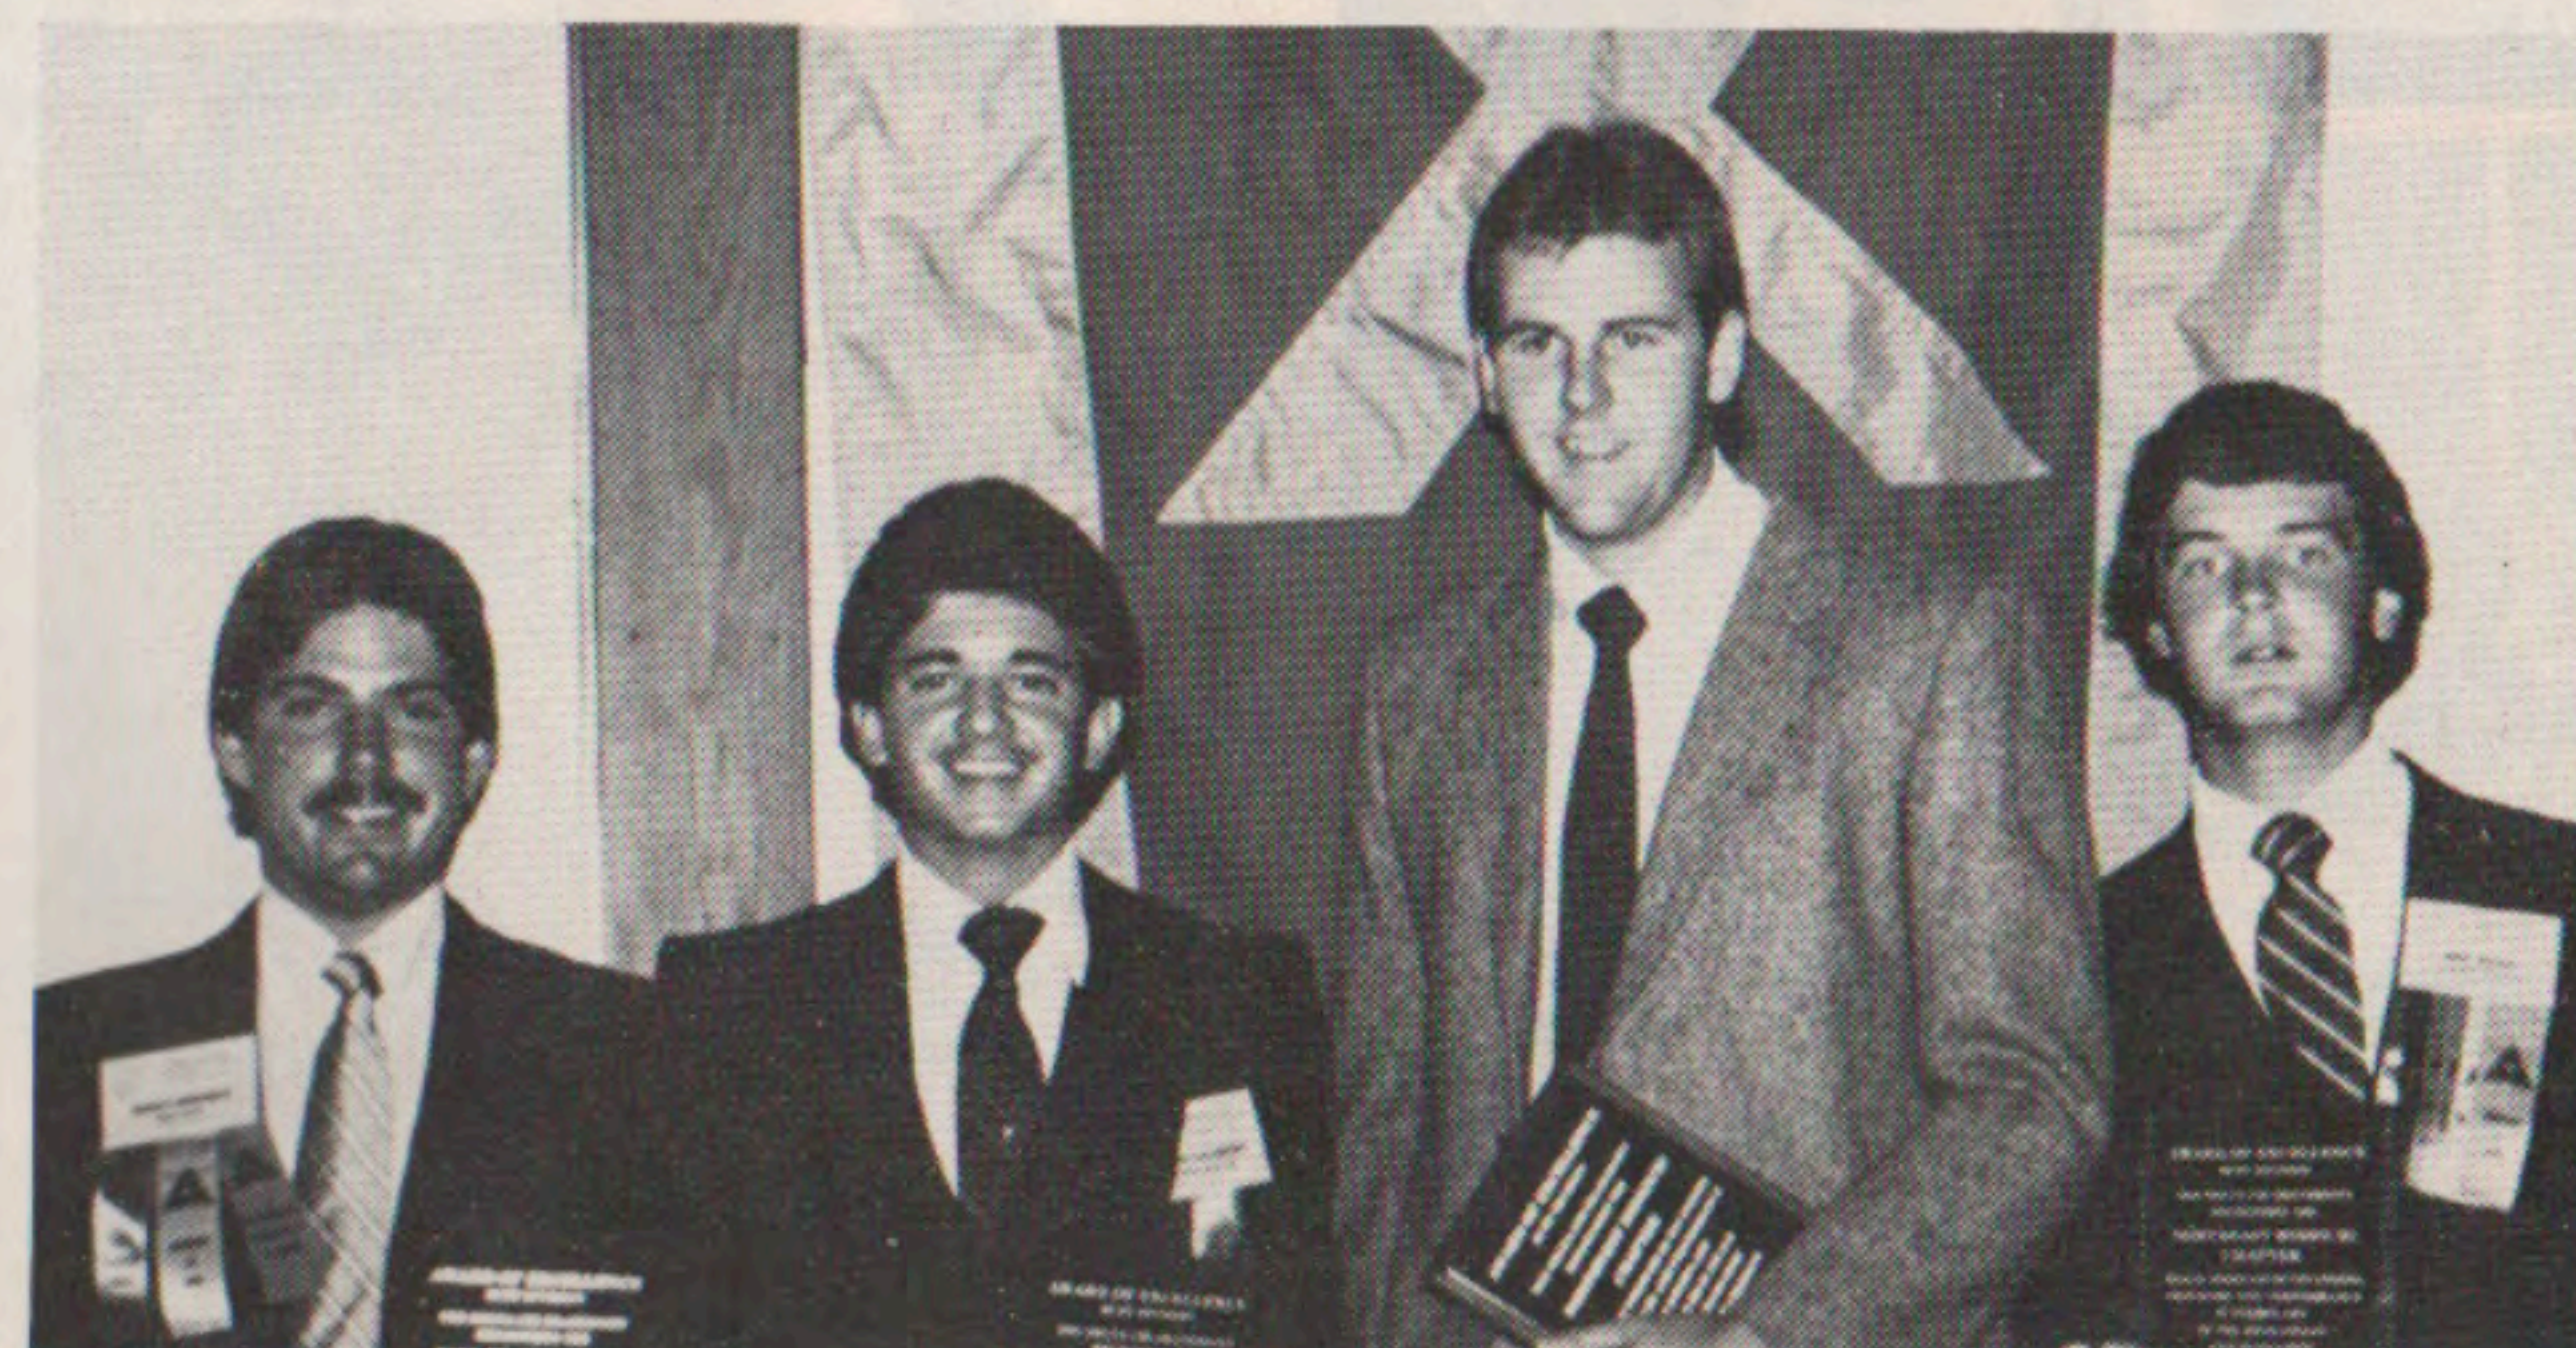

The chapter Foundation awards were presented by Jack Caperton, the Managing Director of the Foundation. Awards of Excellence, President's Cups, outstanding programs and individual performance awards were named and none could have been more pleased than the large Northeast Missouri delegation. A total listing of the awards is found in an accompanying article.

The Fraternity was honored with the attendance of all the living members of

the Order of The White Carnation. Marge Lee, Office Manager, heralded for her 19 years of service to the Fraternity was happy to pose with these prestigious men with whom she has served.

Posthumous awards to O. K. Patton, Executive Secretary 1929-1951 into the Order of The White Carnation and to W. W. "Billy" Bride, "AA" 1927-1929 to "AA" Emeritus were made. Articles covering these outstanding Delta Chis and their contributions will follow in an upcoming issue.

Throughout the Convention, Delta Chis took advantage of the opportunity to meet fraternity brothers from across the country. Alumni and undergraduates alike shared in the comraderie that is so much a part of a convention.

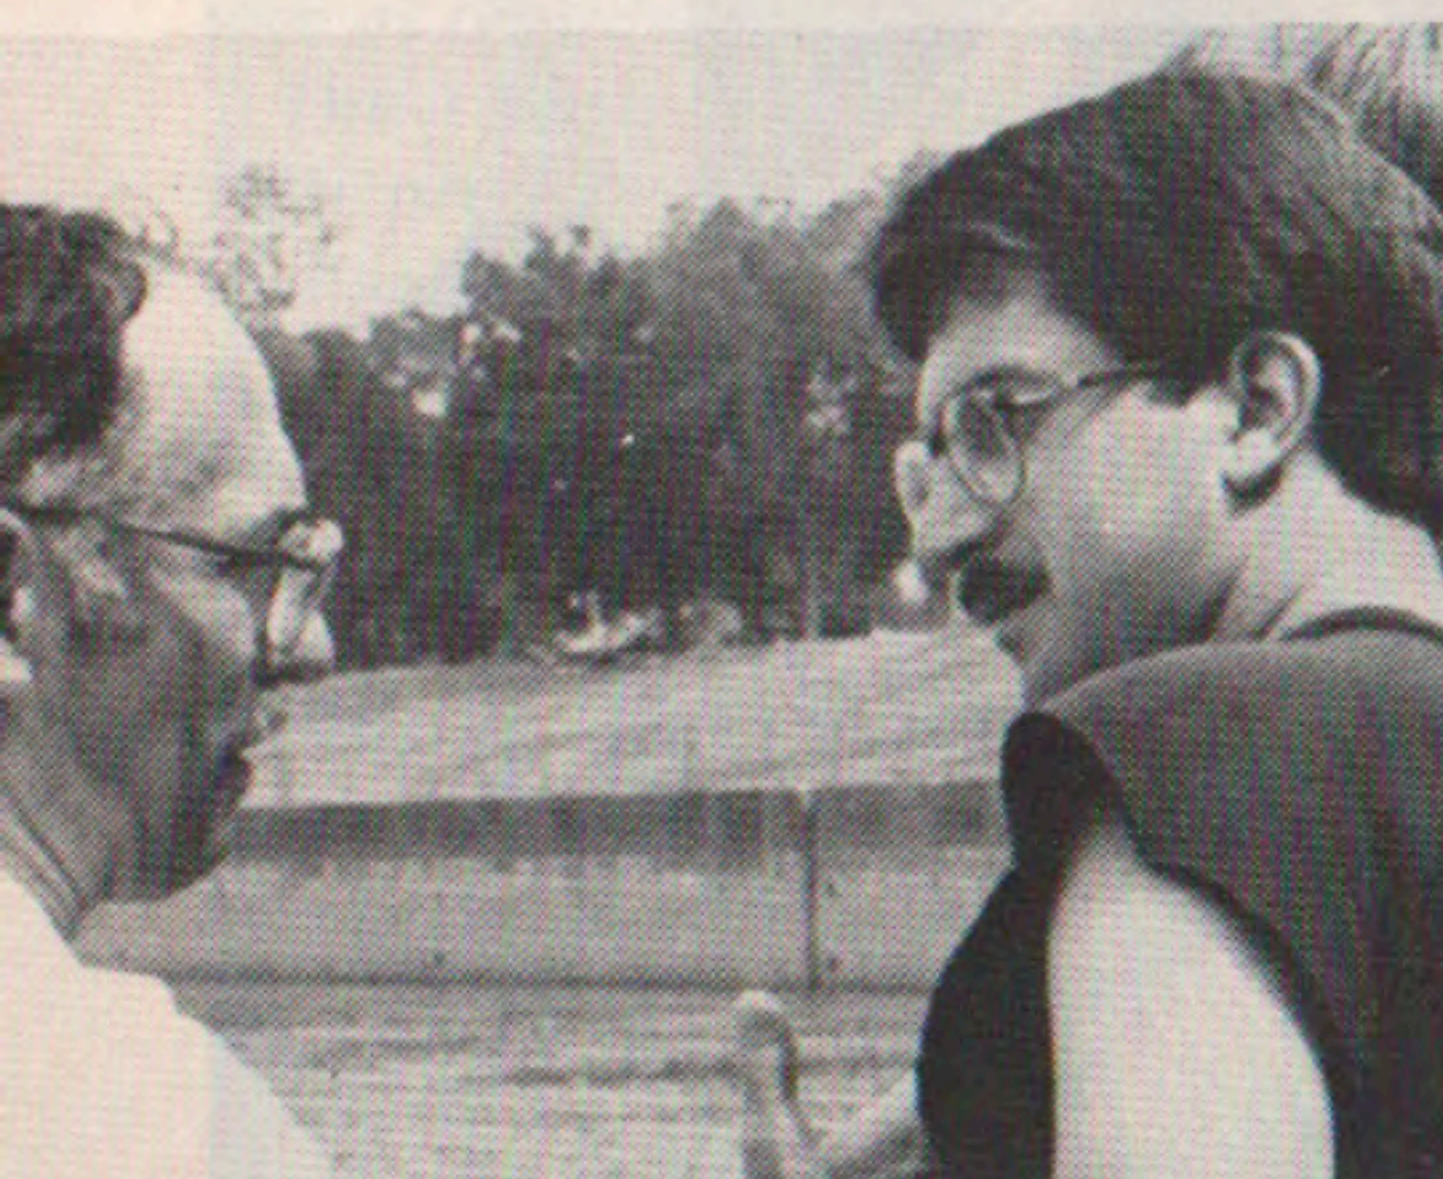

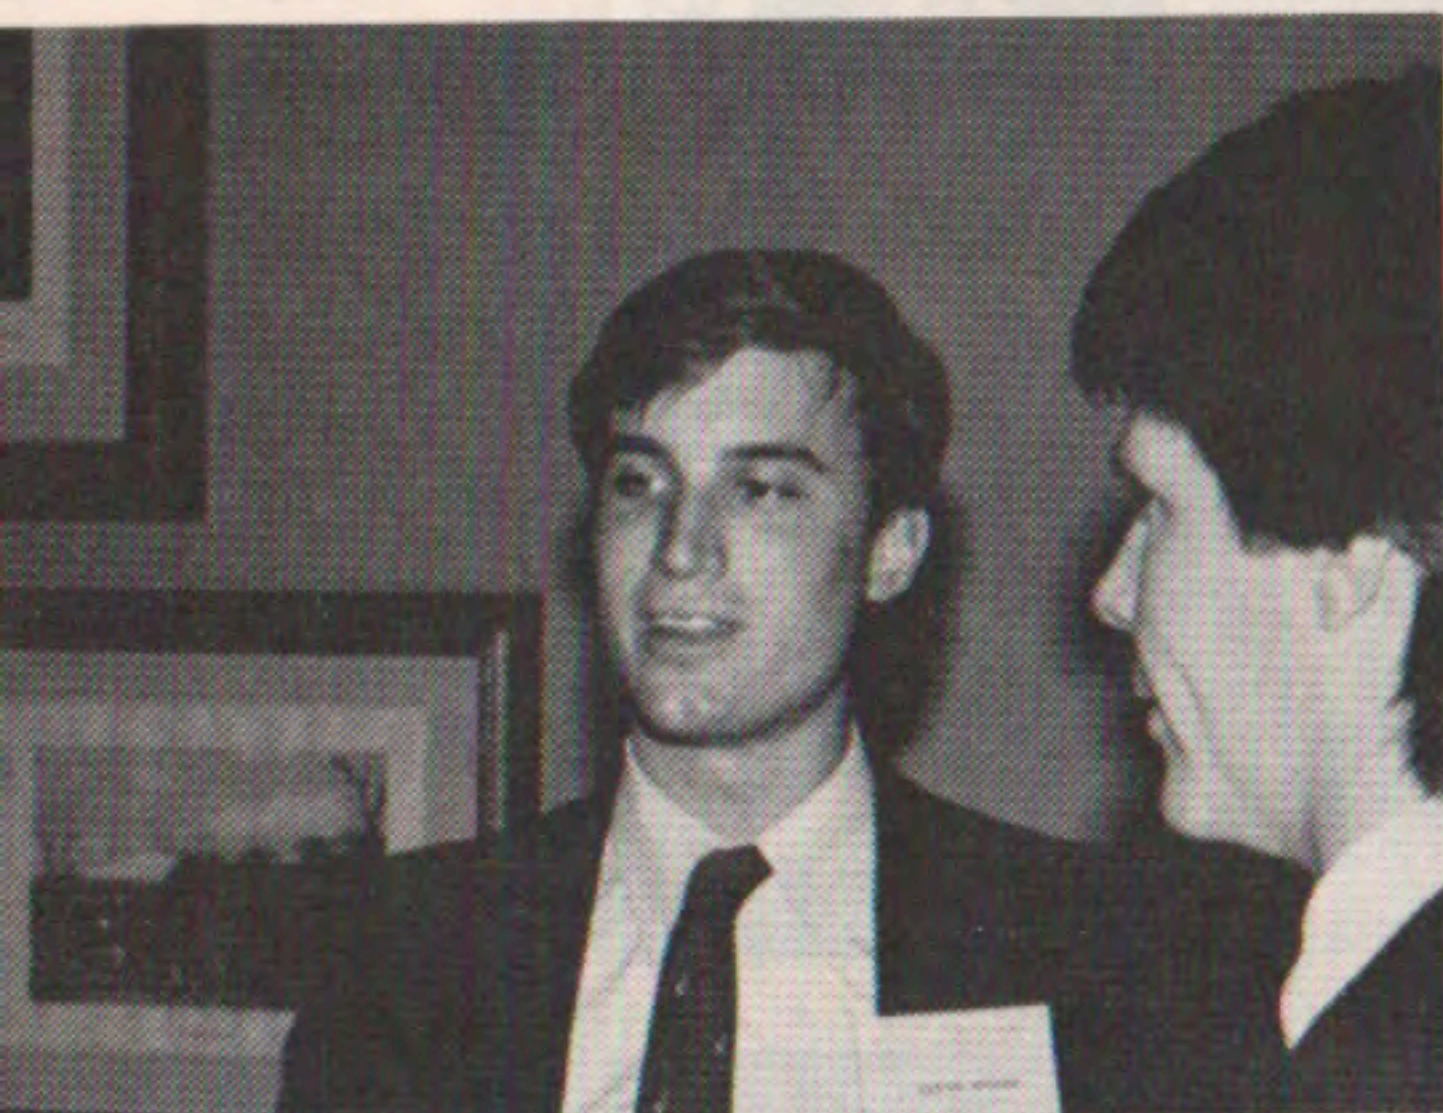

Tuesday afternoon the delegates lined up for a riverboat ride on the Cumberland River. Cruising along, Joe Lacchia and his wife as well as others danced the time away. Officers, as well as undergraduate delegates, alumni

and guests used the time to discuss the weather, convention and naturally . . . Delta Chi.

Region II took advantage of their breakfast to meet and get better acquainted as well as to make plans for the upcoming year.

Before, during and after each convention event alumni and undergraduates mingled and reinforced the concept of "Delta Chi — The Brotherhood of a Lifetime." ☛

fellowship for all . . .

CENTENNIAL

WINNERS' CIRCLE

"Excellence is a level that not everyone will achieve but certainly one that no one will achieve if he does not strive for it."

The growth in the quality of our chapters' programming is indicated by another record in the number of awards — 103! As the Greek System around the country prospers, Delta Chi continues to gain strength. With complaints that there are too many awards being given out, the question is whether we should toughen the standards to purposely cut the number of awards given. Performances that just one year ago won an award would no longer make the cut. A good problem to have! If the progress continues, we will have no choice but to apply tougher standards to differentiate the truly exceptional programs amid an ever improving level of performance.

While attention naturally focuses on the President's Cup, there are many components that go into the making of a great chapter. Each is important in its own way. The first set of awards presented at Convention were the Outstanding "C" and the "E" Key Awards. These two awards recognize the individual performance of two vital chapter officers. The "E" Key is the oldest award in the fraternity and is symbolized by a key similar to the Chapter "A" key with the exception that the Delta is set in red enamel.

The Outstanding Campus Leadership Award was given to seven chapters in recognition of the impact they had during the past school year on their individual campuses. Order of Omega, Student Government, Blue Key, Phi Beta Kappa, club presidencies, and much more exemplified the involvement in campus leadership roles for these chapters. The chapters receiving the Outstanding Intramural Program Award had at least 80% of their members involved in the sports program and consistently finished in the top 10% on their respective campuses. The Outstanding Service Projects Award went to those chapters that undertook more than their fair share of successful projects to help their community or campus. Raising money and/or donating hundreds of hours of time, these chapters exemplified the fine tradition of helping others.

The next four awards deal with the alumni program of the chapter. A Chapter that has strength in all four of these areas is a sure winner. Two of the three President's Cup winners received all four awards while the other one received two of the four. The Outstanding "BB" Award is probably the most important individual award given at the chapter level. The "BB" is often the key individual in providing for a continuity in programming and the avoiding the reinventing of the wheel every year. Also, he is often the main connection between a chapter and its alumni. In tandem with his efforts come the Alumni Board of Trustees (ABT) and the Alumni Association. Each of these organizations serve a critical role. The ABT forms a cadre of alumni advisors in direct contact with the chapter and its officers. All areas of chapter programming and officer performance come under the watchful eye and sage advice of the members of the ABT. The Alumni Association on the other hand, provides the programming link between the alumni of that chapter. It is responsible for keeping the alumni involved. Not only with the chapter, but with each other. The final component of a successful alumni program is the Alumni Newsletter. Those chapters receiving the Outstanding Alumni Newsletter Award consistently published an attractive and informative newsletter that emphasized material of interest to the alumni instead of material of interest only to the undergraduate.

For the Award of Excellence, the fraternity was once again divided into two divisions: Red and Buff. The Red Division contains those chapters which compete with 15 or more fraternities on their campus or whose Greek System has over 40% of the undergraduate student body. The remaining chapters then make up the Buff Division. The winners of the Award of Excellence showed strength across the board. In most cases they were award winners in several of the special award areas. When they were not, they simply showed consistently above average performance in all areas with no area of weakness. From the Award of Excellence winners, the President's Cups were selected. Limited to no more than three in each Division, the selection was quickly narrowed to Florida, Illinois, Michigan State, and Washington. From those four, the two winners were selected. The following are the 1982-83 Award Winners for The Delta Chi Fraternity —

Convention reflections

Each biennium brings the representatives of the men of Delta Chi to Convention where they continue the Bond of Brotherhood with members for various chapters/colonies, select the officers of the general fraternity, and set the goals for Delta Chi for the next two years. Convention is a great experience for all who participate and share. It is always a thrill to watch our different generations of Delta Chi meet and work together.

It is truly an honor to be re-elected "AA" — to follow in the footsteps of those previous men of Delta Chi chosen to promote the interaction between our undergraduates and alumni and provide an impetus for future endeavors. This is the first time anyone has been re-elected as "AA" since 1952.

As we plan to meet two years from now for our 45th Convention in Chicago, Illinois (Chicago '85), we must develop, implement, and enrich programs that will assure our actions will have enriched the fraternity we so love. Our life blood continues to be those Associate Members/Pledges that have found a common interest with our members and, thereby, have affiliated with our fraternity. Our pride and success is from our undergraduate chapters and colonies that set and achieve goals of excellence in all phases of student life on their respective campus. Our depth and stability comes from our alumni that either make financial contributions or devote time, or — even better — do both. Our Executive Committee, Regents, Executive Director, and Headquarters Staff must

provide the support services that we all want for our alumni program and services to help at the chapter level. In addition, through regular giving by our alumni, we want to build a strong financial base, increase the growth of our Endowment Fund Principal, and develop more sound chapters. As "AA", it is my goal to interact with our chapter leaders on an ongoing basis and to foster a program that expands the number of volunteer alumni who actually devote the needed time to the fraternity in order that we may increase the number of chapters as well as improve their quality.

Our Centennial Convention is only seven years away, a reason for us to rejoice as we salute the "Bond" that we call "Delta Chi — The Brotherhood of a Lifetime." Delta Chi is unique to each of us in that it is our Fraternity. Accordingly, let every member dedicate himself to leaving to posterity an even better fraternity. The true measure of our efforts is what history reflects after we've left the stage and who follows in our footsteps; our heritage to Delta Chi if you please. We will need your support to succeed and we will be calling upon many of you as the Executive Committee and Headquarters Staff meet the challenges of Delta Chi today. We urge you to send us your practical ideas and methods and to help us however you can.

This convention devoted itself to addressing many issues that will affect Delta Chi for years to come. For the first time in recent history, singing was an integral part of the convention and it will

R.F. Borelli
Illinois '58

add to the camaraderie of our members just as singing has benefited mankind throughout the ages.

In summary, Fraternity is a great experience and we should do our best to afford others the same opportunity for membership. As we look toward the future, we should be mindful that we are limited only by the breadth of our vision and the depth of our desire for success.

"Others may seek to make America great again,
I seek to make America good again."

Senator Henry M. "Scoop" Jackson, Washington '34 1912-1983

Early this summer Senator Jackson was nominated and chosen by a committee and approved by the Board of Regents of the Fraternity to become the first "Delta Chi of the Year." This honor was announced at the August 44th Biennial Delta Chi Convention and the presentation of the plaque was to have taken place at his Chapter's Founders' Day celebration.

U.S. Representative

"Delta Chi is saddened by the untimely loss of its best-known member . . . Senator Jackson. His dedication to the role of law in our society and his service to his fellowman has set an example for us to follow."

Raymond F. Borelli, "AA"

"'Mr. Integrity.' That was Jackson. He was a giant in the Senate. I don't know of a single person on either side of the aisle that didn't have the greatest respect for this outstanding man."

Senator Robert J. Dole R-Kansas

"There were 13 pledges, including myself, in 1930. On the wall in my office is a picture of my brothers. . . . The friendships we made were the most durable of my life and I still keep in touch with several of my fraternity brothers."

"The years one spends in college, and the experiences gained, have a lasting impact throughout life. Enjoy them and take advantage of the opportunities presented."

Henry "Scoop" Jackson
"Around the Country"
Delta Chi Quarterly,
September 1979.

Elder Statesman

1940 elected to U.S. Congress. Served 6 terms.
1952 elected to U.S. Senate. Was serving 6th term.
During his 43 years in Congress he worked with nine presidents.

In July he cast his 11,000th roll call vote as a senator.
Favored an expansive military to counter the Soviets.
Made U.S.-Soviet trade contingent on a freer Kremlin emigration policy and nuclear power.

Before ecology was trendy he was author of National Environmental Policy Act.

Author of the National Land Use Policy Act.

Author of the Wilderness Act.

Author of the Land and Water Conservation Act.

Author of the Youth Conservation Corps bill.

Sponsor of legislation to control strip mining.

Senate co-sponsor of private pension reform legislation.

U.S. Senator

"To know him and to love him . . . is to have been touched by that abounding grace. He never took; he only gave, and he never stopped giving."

Daniel Patrick Moynihan D-NY

"A quarter of a million Soviet Jews who have left the U.S.S.R. owe him a special debt for the amendment bearing his name, which spurred the Soviet government to release them from a modern-day bondage."

Senator Edward M. Kennedy D-MASS

"He was a liberal on domestic affairs; he knew that government could do decent things at home. And he was the man who understood that we had to be strong if we were to promote the values of decency around the world. That's why he cared so much about strategic arms and defense. His decency drove his idealism and his professionalism bolstered his idealism. He ended up in a unique spot in the firmament of American and global politics."

Ben J. Wattenberg, aide to the Senator in his '72 and '76 presidential campaigns.

In the People, Chapters and Attitude Bond

by Ray Galbreth, Executive Director

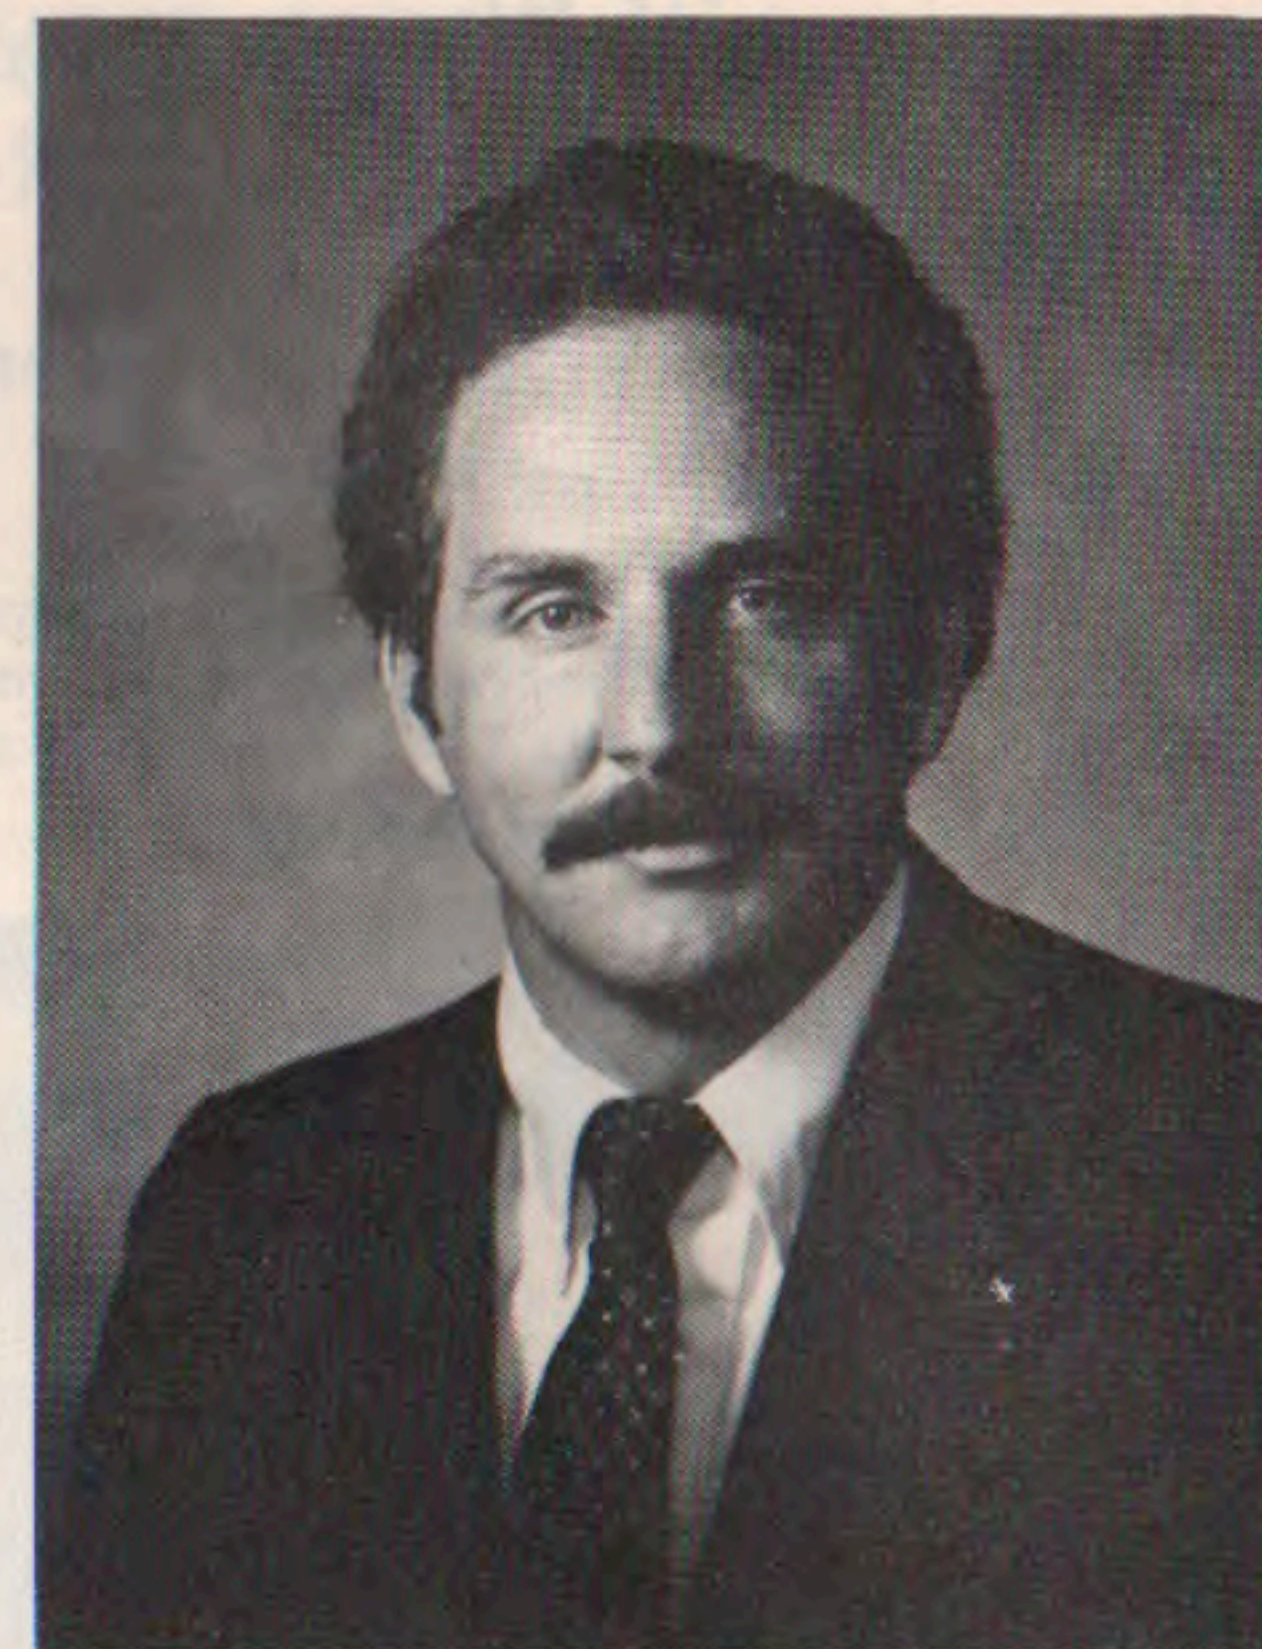

It's no real revelation that chapters are like people. Each has its own personality. Each has its own likes and dislikes, its own values, its own strengths and weaknesses. Despite all this, chapters are like people in another way — more the same than they are different. Each is seeking a purpose or direction, each has minority viewpoints at odds with the mainstream of thought, each seeks to be respected, each experiences ebbs and flows in attitude.

Attitude is a funny thing. Is it the chicken or the egg? Is success the egg or the chicken? Clearly, when you talk with a chapter, or person, during a low ebb in their attitude; they seem to feel that success determines attitude. Not the other way around. They talk as if their destiny is controlled by others. A chapter at a low ebb blames everyone and everything for its problems. Everyone, that is, but themselves. "The dorms badmouth us," "Our alumni don't care anymore," "Our house isn't competitive," "This campus is anti-Greek," etc. They sit and wait for someone else to come and save them. Once in awhile, someone does. Sometimes it's an alumnus, sometimes it's an undergraduate. It's always someone who believes things can be better if you try. Someone whose "belief" is contagious. Success soon follows. Maybe not instantly. Certainly not without setbacks. But nonetheless, success. Anyone can

have a positive attitude when things are going their way. Winners realize a positive attitude is the key to success when things haven't been going right. You can see it in sports under the name of momentum. It jumps out at you in rush.

When a chapter asks for help in rush, they typically say they are not doing well in rush because they just don't know how to rush. That's not their problem. They simply don't believe in their chapter anymore. They're no longer EXCITED about Delta Chi. While rush techniques are important, they are meaningless if the chapter is halfheartedly "going through the motions." Displaying love for Delta Chi, on the other hand, is always a great rush technique. No salesman can be effective selling a product he doesn't believe in. No "rushee" will be sold on Delta Chi by a member who isn't sold himself. "Belief" is contagious. Lack of it is repelling.

Ask a chapter that has fallen on difficult times the following questions: 1) On your campus, is Delta Chi, as it is currently, a fraternity to be truly proud of? (The answer should be "NO.") 2) Can it be better? (If the answer is "No" here, close the chapter) and, if "Yes," 3) How? Once they have described how good Delta Chi can be, ask them if they could be proud of that. If "Yes," then that is what they should sell. Not the way things used to be. A potential member isn't going to live in the

past, he's going to live in the future. If you're rushing the right individual, one thing is certain — Delta Chi will be better with him than it will be without him. Tell him so. Sell him on being a vital part of a great experience — the resurgence of a chapter.

Even chapters that are doing well can learn from this concept. If the best chapter in the fraternity relies on its past to attract new members, it risks failure. Entering the future while facing the past is no way to improve yourself. If you're not moving forward, you're going backwards. People and chapters are a lot alike in that way too. **ΔX**

How does a chapter join the WINNERS' CIRCLE?

First, they apply, but more importantly they have a belief and confidence in their chapter's achievement. Consider the following:

Illinois

Financially, we've never been more sound. Thanks to a tremendously strong rush these past few semesters, we have had a waiting list to move into the house for over a year. With seventy-four men living in the house we have realized a greater gain in house operations than can ever be remembered. Last fall we had a record thirty-two pledges, with the lowest number in years not to make grades for initiation (only two).

Thanks to our ABT, we have new dining room furniture and a vastly improved scholarship awards program.

The scholastic performance of the house has skyrocketed. We now pride ourselves on our academic prowess. Three of our graduating seniors have received "the highest recognition for academic excellence granted by the University," the Bronze Tablet. Not even the fraternity with the highest GPA can make that claim.

As division champs in intramural football, basketball, and sixteen-inch softball, as well as claiming sixteen active varsity athletes as Delta Chis, we have continued our tradition as a premier athletic fraternity on campus. Having members in all three senior honoraries, the senior vice-president of Illini Pride, a vice-president of IFC, a "Senior 100" member, the University symbol, "Chief Illiniwek" and participants in over 20 other campus organizations has showed our intense interest in extra-curricular activities. "The Love Run," our philanthropy reached new heights and our "Mom's Day" weekend was considered the best ever by many of the veteran moms.

No one's praise of a chapter's accomplishments is greater than that of its alumni. Read Michigan State's alumnus Joseph F. Lacchia's letter to the Quarterly.

Michigan State Chapter has always preached "The PRICE of a strong fraternal, financial,

and membership-wise sound chapter is ETERNAL vigilance by a few dedicated and loyal alumni, YES, even one devoted alumnus." This is more so because of the relatively short period an active is actually active. There is no carry thru of communication, for it is an ever changing group, with new faces each term or year. Very frankly, to the "BB", A.B.T., and Building Corporation it is like teaching school, for each year it is the same old story — finance, fraternalism and membership. It becomes repetitious and most monotonous to these dedicated alumni, and thus their service period is relatively short, a most thankless task.

The Michigan State Chapter has always, since its chartering, operated with a strong and understanding "BB", A.B.T., and Building Corporation. At its chartering, on January 5, 1935, the newly elected "BB" and A.B.T., were faced with some very serious problems, for contrary to National Reports, this group had lost its property thru foreclosure, and in turn was renting the same, plus having about \$8,000 in unpaid bills to the local merchants. Under present day inflationary economy, equivalent to 10 to 12 times that amount. Without ONE CENT donation from any alumnus, this Chapter, thru firm business guidance by loyal dedicated alumni from the Chicago, Chicago-Kent, Iowa State, Michigan, and NYU Chapters, slowly, patiently and steadily guided it to the point where their indebtedness was satisfied, and in 1941 repurchased the foreclosed property, and on June 5, 1941 paid off the mortgage, and thus received a free and clear title. Subsequently, we continued to operate in a business and efficient manner. Despite clamors of "Why do we have to pay rent when we own the House?" We also make sure that the accounts receivable are close to nil, and we do not tolerate "Free Loaders." Hardly a school year goes by without the Chapter having a surplus in their treasury. For example, this year we plan to spend about \$4,000.00 plus of the Chapter's surplus on some new living room furniture, and yet our room and board charge is substantially below the dormitories. The net worth of our Building Corporation is over \$750,000.00 considering the inflationary economy. WHY? Because the price of all of this is "Eternal vigilance by a few loyal and dedicated alumni, YES, even one very devoted alumnus."

Over the years that followed we kept building up our reserves, and contrary to the National powers that be, financed three (3) other chapters in their successful purchase of their chapter houses. This is a most novel and unusual happening in the entire college fraternity world — a chapter financing other chapters, unheard of! And so with the success of this novel program, the National Housing Fund Committee was born at the 1962 Colorado Springs convention. Very truthfully, we defy contradiction that this was not the salvation of our beloved Fraternity.

In 1963 we added an \$130,000 addition to our property, and in the following years spent well over \$75,000 for renovations and physical improvements without asking for alumni financial help, not one cent. All of this thru efficient and business-like management. Please bear in mind, that at best a college fraternity chapter is most inefficient! Our experience with alumni of college fraternities is "All the chapter asks for is money, and to hell with them." This is not the real fraternal spirit. We welcome our alumni with open arms, and without a request for recompense, wine and dine them. Why are we able to do this? Simply thru efficient business-like management.

Because of our operation thru the past 40 years under the program outlined herein, we are only too glad to pass it on to those who are concerned, with the hope that they will profit from our experience. We have for many years tried to get this program widely adopted. At the sacrifice of being accused of being egotistical, we want all of our needy chapters to profit from our experience, and to be among us fraternally, financially, and numerically, so that DELTA CHI will be #1 nationally, or at least among the top five of the national fraternities!

If we can do it, then why can't YOU? **ΔX**

Northeast Missouri . . .
Another winner. See p. 18

FOUNDATION INSIGHT

The following interview was conducted with Managing Director Jack Caperton, S.M.U. '49 to provide members of Delta Chi with a better understanding of their Foundation

Just what is the Delta Chi Educational Foundation?

The Foundation is the educational and fund raising arm of Delta Chi. It was established in 1954, and the leaders at the time had the good judgement to seek a Determination Letter from the IRS, designating the Foundation as a 501(c)(3) organization for tax purposes. As a result, contributions by alumni to the Foundation are tax deductible.

Why does Delta Chi need a Foundation?

The Foundation is important to Delta Chi because it becomes a bridge between the alumni and the Fraternity.

Career demands take most Delta Chis away from their chapter cities, and it is difficult for all but a few to stay involved with the Fraternity.

Most Delta Chis want to stay involved, so the programs of the Foundation are an attractive means by which alumni can stay involved in specific programs which are of interest to them.

Just what are the Programs of the Foundation?

There are five major projects of the Foundation: First is the **Scholarships and Scholarship Recognition** Program to provide scholarships for chapter members on a competitive basis. A national scholarship achievement recognition program will complement the scholarship program; second, the **Alumni Advisor** program offers training and support to alumni volunteers who work with the chapters; third, and we think extremely important, are **National Leadership Workshops**. These will train chapter leaders under the tutelage of successful alumni and skilled instructors from academia. Fourth, to enhance the Leadership Workshop program are **Leadership Consultants**. These men will be employed to help members of Delta Chi in all areas of fraternity life. The fifth program includes the **Regional Leadership Workshops** to provide training on a regional basis.

Are these Programs fully operational?

No. These programs are the challenges accepted by the Foundation. They are the objectives of the fund raising efforts undertaken by the Foundation Board, the staff, and a number of loyal and dedicated alumni. The programs are being implemented as quickly as funding becomes available. At present, the Foundation has slightly

over \$250,000 in endowment funds, not nearly enough to fund all the programs.

You mentioned funding, please explain.

Funding of the Foundation programs for the benefit of Delta Chis is not unlike the development programs so common today at our colleges and universities. It is a three part concept:

Annual Giving which are recurring alumni gifts for current use;

Major Giving usually non-recurring gifts which are designed to create an endowment from which earnings are used to fund the programs. The principal remains intact;

Planned Giving includes current and deferred gifts based upon the donor's ability to give advantageously at a given time. Planned gifts are tax sensitive.

What are the plans to improve the Endowment?

Our immediate goal is to raise the level of the endowment to \$1,000,000. A number of brothers

The Delta Chi Educational Foundation Borelli Family Leadership Awards:

The recipients of this award were chosen based on a combination of leadership activities and a minimum of a "B" average.

Peter Korch III, Johnstown '84
Chapter Offices: "C" ("C" Award), "E", Historian, and Academic Chairman
Campus Activities: Served as President for Biology Club, Beta Beta Beta Biological Society, and IFC
G.P.A.: 3.21/4.0

Johnny Hale, Idaho '84
Chapter Offices: "A", "E" ("E" Key Award), Rush Chairman, and Social Chairman
Campus Activities: President of Alpha Phi Omega
G.P.A.: 3.46/4.0

Jeffrey Jay Menz, Northeast Missouri '84
Chapter Offices: "A" and "B"
Campus Activities: ROTC Cadet Brigade Commander, Cheerleader
G.P.A.: 3.56/4.0

Giles Hudson, S.M.U. '85
Chapter Offices: "B" and "C" ("C" Award)
Campus Offices: President of the Student Center Governing Board; Editor, S.M.U. Daily Campus
G.P.A.: 3.24/4.0

STRENGTH THROUGH COMMITMENT

The State of the Chapters

Annual Report 1982-'83

The strength
of our fraternity
is based on our
members' lifelong
commitment

DELTA CHI FINANCE

A good way to evaluate the progress Delta Chi has made during the last five years is to compare the financial status of the fraternity then versus now:

Delta Chi's financial strength lies in its Housing Fund while its weakness is in the lack of a substantial Endowment to help subsidize operating expenses. The operating budget for the current fiscal year is \$280,900.

	General Fund	Convention Fund	Housing Fund	Endowment Fund	Total
Assets:					
1983	\$171,698	\$11,712	\$509,749	\$165,381	\$858,540
1978	86,208	9,616	256,342	123,912	476,078
Net Change	\$ 85,490	\$ 2,096	\$253,407	\$ 41,469	\$382,462
Liabilities:					
1983	\$ 6,589	\$ -0-	\$ -0-	\$ -0-	\$ 6,589
1978	32,436	-0-	-0-	-0-	32,436
Net Change	<\$ 25,847>	\$ -0-	\$ -0-	\$ -0-	<\$ 25,847>

PROGRESS

During the past year, Delta Chi established colonies at Central Michigan, Eastern Washington, L.S.U. and Sacramento State. Both L.S.U. and Sacramento State are sites of former chapters. This fall five colonies will be chartered: Augusta, Colorado, Sacramento State, Texas Tech and West Virginia Tech.

While all time records were set last year in both associate members/pledges and initiates, Delta Chi still has chapters in difficulty. At Convention, the charters of Georgia, Mississippi State, Northeastern, and Ohio State were withdrawn. Mississippi State will be immediately recolonized while Ohio State will hopefully return within two years. The Missouri Chapter has been reorganized and has already changed housing to facilitate its new growth. Oregon State will be receiving extended support this fall while several other chapters will be given extra attention.

HOUSING FUND

The Delta Chi Housing Fund has topped the half million dollar mark with \$509,749 in total assets as of June 30, 1983. Considering that the fund was started in 1962 that is quite an accomplishment. In a recent survey, Delta Chi's Housing Fund ranked 13th out of 26 in total assets and is charging its chapters the lowest interest rate. In the last five years the fund has grown \$253,407. During the past fiscal year (July 1-June 30), the fund loaned out an additional \$130,361 to nine different chapters.

Over \$364,400 of the fund was out in loans to 28 of our 78 chapters and colonies at year end. Since its establishment, the fund has loaned over \$649,000 to at least 50 different chapters and colonies.

The fund has played a critical role in strengthening of our chapters' housing and, therefore, the fraternity as a whole. Construction of new houses, remodeling of existing houses, maintenance, furnishings, and fire safety systems have been the main areas of attention.

Alumni . . . the most vital resource of the Fraternity

NOTE: Any member who donated after July 1, 1983 will have his name listed in 1984.

Our records of consecutive giving go back only seven years. The number following the class year denotes the number of years as a consecutive contributor. We recognize many brothers have contributed far longer than this and we appreciate their lengthy and continual support of the Fraternity.

* = \$25.01-\$49.99
+ = \$50.00-\$91.99
† = \$92.00 and up

Foundation Insight (from page 13)

have made generous gifts which have given the Foundation its initial impetus toward the goal. We are currently conducting a "quiet" campaign to enhance the endowment in an effort to evaluate the potential for a formal campaign.

What do you think will be the results?
We are all very encouraged. If we continue to get the favorable response we have had up to now, I'm confident that the Foundation leadership, supported by volunteers among the alumni, can make the \$1,000,000 goal attainable.

What about volunteers, don't you find it difficult to interest busy Delta Chis in participating?
Yes, it is difficult. However, we are finding that the more alumni become aware of the importance of our programs, the more they come forward with creative ideas and offers to help us contact others.

What appears to be your greatest challenge?
Our greatest need is to let the alumni know about the programs of the Foundation and how critical is the need for widespread involvement of alumni, not only as donors but as volunteers in support of our efforts.

Have you found any misunderstandings about the Foundation vis a vis the Fraternity?
Yes, there is some misunderstanding. Let me explain the difference. Delta Chi operates as a non-profit organization and as such, does not pay federal income tax. On the other hand, the Foundation qualifies as a 501(c)(3) organization with the purpose of providing educational, charitable,

WANTED ΔX Song Leader

- Promote Singing by Chapters/Colonies
- Increase Songs on Delta Chi Song Tape
- Organize Singing at Conventions, Regional Meeting, Charterings.

ΔX Public Relations Chairman

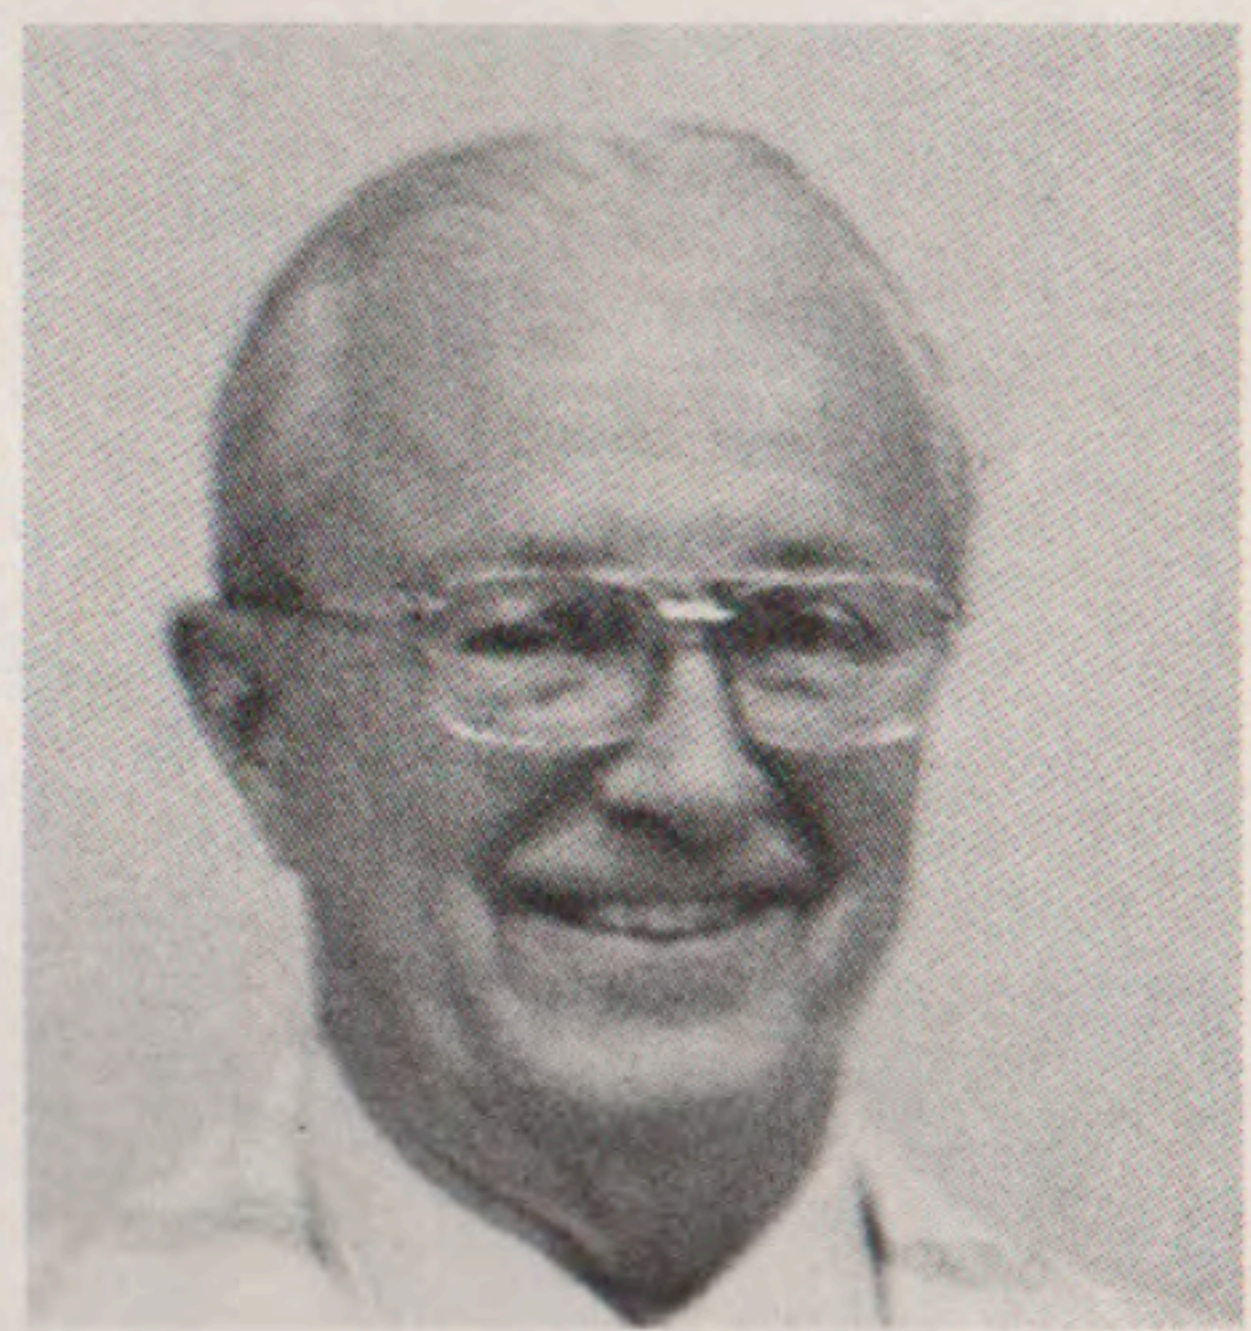

- Promote the Name of Delta Chi
- Develop a PR Package for Chapters
- Develop Procedures for Noteworthy News Releases

Send Resume to:
The Delta Chi Fraternity
P.O. Box 110
Iowa City, IA 52244

Respectfully,
Charles J. McClain
President
Northeast Missouri State University

Farewell & Parting

These men have lived amongst us for a time, and we have been privileged to call them Brothers. Now they have gone and we bid them a fond farewell at this parting.

L. ORVILLE "SWEDE" EDLUND, Illinois '32, August 18, 1983. Brother Edlund was the 27th "AA" of our fraternity, serving from 1956 to 1958. "Swede" served in World War II and reached the rank of Captain in the Air Force. He was always active in community affairs as shown by a partial list of his accomplishments: President of the Village of Western Springs, Illinois for ten years, President of the West Suburban Officials Association, member of the Advisory Board of the Northeast Metro Traffic Planning Division, member of the Highland Beach, Florida Planning Commission, he personally worked with the IRS to organize an Income Tax Program for Senior Citizens in Highland Beach, Regional Supervisor for the Senior Citizens Organization, member of the Kiwanis Club, and a Mason.

TO HONOR

Gifts to the Educational Foundation "To honor the memory of"
Oliver Louis Christman, Penn State '20 by **Harry L. Christman**.
Charles H. Durante by son, **Charles P. Durante**, Tri State '72.
Such gifts have added immeasurably to the permanent services of the Foundation by enlarging endowments for members' services such as scholarship, chapter libraries, tutorial assistance, and others.
The Delta Chi Educational Foundation invites your consideration of this opportunity for enduring gifts. Thus making the memory of the person so honored a living part of what we will accomplish in the future.

literary and scientific programs for Delta Chi. Because of this, donations to the Foundation are fully tax deductible.

We have been asking all the questions, is there anything you might want to add?

Our fraternity, along with other fraternities has been through difficult times, not the least of which were the trying years of the '60s. Significant changes in the roles played by our colleges and universities no longer permit the existence of fraternities solely for their social opportunities. Delta Chi is called upon to fill a gap in the development of young men which is why the Foundation leadership has adopted these far-reaching programs for leadership development and scholarship. As Marsh White, "AA" Emeritus said recently in our Case statement, "the current program to establish a substantial Educational Endowment in the Foundation will represent a great step forward in the history of developing the Delta Chi Fraternity." ΔX

Alumni Newsmakers

Beginning with this issue, Alumni News and Notes will be changed. Reflecting a new editorial policy, Alumni Newsmakers will point with pride to those outstanding Delta Chi alumni who have excelled in their field of endeavor. The announcements of promotions, change in positions, births and marriages will appear under the heading: Keeping in Touch.

LAWRENCE W. CLARKSON, DePauw '60, was awarded an alumni citation by DePauw University, June 4.

Clarkson is president of the Commercial Product Division of Pratt & Whitney. The citation is in recognition of career achievement and service which reflects honor on DePauw.

Clarkson joined Pratt & Whitney in 1967 as a staff lawyer at the Government Products Division. He was assigned to Brussels, Belgium, in 1974 to set up the F-100 co-production program for the F-16s purchased by four U.S. allies, and became a vice president in 1976. He returned to Florida in 1978 as vice president-marketing and assumed his present position in 1981.

J. DIXON EARLEY, Lehigh '63, Director of the Bureau of Operations, Pennsylvania Department of Environmental Resources, was among a group of 12 Lehigh University alumni honored in June with the Alumni Award.

The Alumni Award is the highest honor the Alumni Association bestows and recognizes contributions in areas of professional and community interest as well as support to the University and Alumni Association.

DR. ROBERT W. ELLIOTT, Long Beach '65, psychologist for the South Bay Union High School District and in private practice, has been designated Diplomate by the American Board of Professional Neuropsychology in recognition for his advanced competence in neuropsychology.

If he is not in college and is not living at home, please send his new permanent address to The Delta Chi Fraternity, Headquarters Office, P.O. Box 110, Iowa City, Iowa 52244.

"Delta Chi — The Brotherhood of a Lifetime"

Founders' Day Message

Founder's Day is a very special event. We look to our chapters and colonies to mark this day with special ceremonies and to all members of Delta Chi to wear a white carnation on October 13, wherever they may be. It is an appropriate time to reflect upon the motivation, vision, and dedication of our Founders. Equally, it is a time to reflect upon the over ninety years of our history and how effectively we have continued that dream of our Fraternity — "a Fraternity dedicated to the great advantages that are derived from a brotherhood of college and university men and to the advancement of justice among men." It is a time for our chapters and colonies to honor their Alumni that have answered the call to provide significant service in advancing the cause of Delta Chi. Of most importance, it is a time to assess the present and to set goals to guide our future.

Each member of Delta Chi has brought with him that unique ingredient that allows us to say with pride: "Delta Chi is my Fraternity." Each member has experienced "Personal Growth Through Brotherhood" to a degree that is directly correlated to his involvement and interest. By the same token, each member has taken from this Brotherhood — this melting pot of college and university men — an insight that enhances accomplishment in his given profession. We as alumni must resolve to provide the conditions that encourage our members to establish notable expectations and to succeed. It is important that our members promote the tradition of family members in Delta Chi, bring capable new members into the Bond, set and meet those goals which are necessary to meet our Award of Excellence Standards. We want to positively influence the moral and professional ethics of our members. Delta Chi is unique to us in this fast moving world in that it is *our* Fraternity, our only Fraternity. Delta Chi benefits from the success of its members and its members benefit from the success of Delta Chi. Finally, regardless of age or location, we must all reflect upon "Delta Chi — The Brotherhood of a Lifetime" while answering the call to ensure that our fraternity will prosper.

R. F. Balli

Illinois '58
