Colorado "BB" Moves Ahead But Looks Back Satisfied

By **Pete Copeland**, Indiana '50

About four years ago I responded — with misgivings, I must admit — to an invitation to attend a coffee and get to know the fledgling colony of Delta Chi at the University of Colorado. I had had no direct contact with the fraternity for more than thirty years, but the invitation and the subsequent phone call from the colony "A" brought back memories of my undergraduate years at Arizona and Indiana, and I went: out of nostalgia, I imagine.

It was a mistake, at least for someone who had no intention of getting involved. The young men I met were truly outstanding. Once I met them and the ice was broken, I was anxious to know them better and to offer whatever help I could.

A few months later I was elected "BB" of the Colorado Colony. In the following three years, Colorado Delta Chis and I worked our way through the chartering process, coped with the changes which have occurred with

growth and modified our goals and the nature of the brotherhood.

The "BB" manual states that being the "BB" of a chapter can be the most important fraternal experience of one's life. As I tried to define my own role as "BB", I received not only the aid of the chapter, but also the invaluable advice and support of Executive Director Ray Galbreth, whose patience seems limitless and whose dedication to the fraternity is obvious. Most important, during those years I enjoyed the greatest gifts we can give each other as human beings: friendship and brotherhood. The bond which exists between the chapter and me has bridged the years which separate us. It has turned a motto, "Delta Chi, the Brotherhood of a Lifetime," into a reality.

Recently I was appointed as Greek liaison officer of the University. Consequently, I have just resigned as "BB" of the Colorado Chapter to avoid a conflict of interest. I sought the position as Greek liaison because it is a challenge and an opportunity that I hope will allow me to make a positive contribution to the Greek community as a whole. But my heart will always be with the Delta Chi Chapter here and I will continue to do whatever I can to support it and the fraternity.

To any alumnus who may be considering the office of "BB" I can only say, "Do it." It can, indeed, be one of the most rewarding experiences of your life.

ΔΧ

DIRECTORY NEARS COMPLETION

All telephone contact has been completed by Harris Publishing Company, publisher of our official Alumni Directory. The telephone callers verified the information which alumni provided on the questionnaires and the information currently held on alumni records. At the same time, the telephone representatives invited alumni to purchase personal copies of the directory.

The directory is tentatively scheduled for release early in August. If you have not received your copy or are interested in ordering a copy and have not heard from the publisher, you may contact the company at the following address:

Customer Service Department
Bernard C. Harris Publishing Company Inc.
3 Barker Avenue
White Plains, NY 10601

TO HONOR

Gifts to the Educational Foundation "To honor the memory of"

Marsh White, Penn State '20, 90th birthday, by **Ray Galbreth**, Missouri '69 and **Jimmie J. Underwood**, Kansas '51.

Stella White, by **Jimmie J. Underwood**, Kansas '51.

Such gifts have added immeasurably to the permanent services of the Foundation by enlarging endowments for members' services such as scholarship, chapter libraries, tutorial assistance and others.

The Delta Chi Educational Foundation invites your consideration of this opportunity for enduring gifts, thus making the memory of the person so honored an active part of what we will accomplish in the future.

Chartering Brings New Chapters

Delta Chi Returns to Oshkosh

After an absence of five years, the Oshkosh Chapter is re-chartered with more than 40 members. Executive Director **Ray Galbreth** presents the chartering proclamation to **Myron Miller**, "A", and **Bill Schwartz**, "BB" at Oshkosh.

Appalachian State: Delta Chi's First Chapter in The Carolinas

By **Pat Cobb** '86

After a year and a half of hard work and determination, the Appalachian State Colony became the Appalachian State Chapter on April 19. The charter presentation by "AA" **Fred Hammert** to "A" **Jonathan Sattler** culminated a week long celebration on the Boone, North Carolina campus.

On the eve of chartering we were proud to initiate four alumni into the Bond of Delta Chi: **Don Mattox**, **Roland Pruess**, **Jerry Moses**, father of "C" **Mark Cornett** and **Ed Sattler**, father of "A" **Jonathan Sattler**.

The big night was here at last! Brothers and dates, alumni and parents began to arrive. **Randy Hawkins** '86, Scholarship Chairman, presented academic awards and **Anthony Hipp**, "B", presented our "BB" **Dino DiBernardi** and faculty advisor **Greg Schneider** plaques for their support and guidance.

The **Silas T. Wild** Brother of the Year award was presented to two brothers who were instrumental in the chartering process, **David Tillman** and **Jon Sattler**. The award is named in honor of Brother **Silas T. Wild**, Cornell '29, who personally knew two of ΔΧ's founding fathers.

The banquet continued with speeches by **David Tillman**, Region VIII Regent **Mike Carroll** and "AA" **Fred Hammert**. At the conclusion of Brother Hammert's moving address he presented the charter proclamation to the Appalachian State University Chapter. Former Regent **Keith Shriver**, Florida '79, then led a toast to the new chapter.

Thanks to everyone who made this special night possible. Delta Chi is truly The Brotherhood of a Lifetime!

ΔΧ

Alumni were well represented at Appalachian State's April chartering ceremony.

Jonathan Sattler and **David Tillman** proudly display Appalachian State's chartering proclamation as "AA" **Fred Hammert** looks on.

Dr. Bowen, surrounded by Delta Chi Brothers, holds the Distinguished Service Award he received in 1980 from the Fraternity Executives Association. (See box on page 5.)

Brother Bowen Joins Cabinet

Otis R. Bowen, M.D., Ind. '39, was sworn in as Secretary of Health and Human Services Dec. 13, 1985, by U.S. District Court Judge Sarah Evans Barker. He was nominated by President Reagan Nov. 7, 1985, and confirmed by the Senate Dec. 12, 1985.

As head of the Department of Health and Human Services, **Dr. Bowen** oversees the federal agency responsible for the major health, welfare, food and drug safety, medical research and income security programs serving the American people.

A former two-term governor and member of the state House of Representatives in Indiana, **Dr. Bowen** came to HHS from the Indiana University School of Medicine in Indianapolis where he was serving as Lester D. Bibler professor of family medicine and director of undergraduate family practice education.

Dr. Bowen was born in Richland

Center, Ind., Feb. 26, 1918. He received a bachelor's degree in chemistry from Indiana University in Bloomington in 1939 and his M.D. degree from the Indiana University School of Medicine in 1942. He interned at Memorial Hospital in South Bend, Ind., 1942-1943, and served in the Pacific Theatre during World War II as a member of the U.S. Army Medical Corps, 1943-1946.

Dr. Bowen was coroner in Marshall County, Ind., from 1952 to 1956. He served as a Republican member of the House of Representatives in Indiana in 1957, 1958 and 1961-1972, serving as Minority Leader, 1965-1966, and as Speaker for three terms, 1967-1972. He was governor of Indiana from 1973-1981.

He has served on a number of federal advisory bodies, including: chairman, Advisory Council on Social Security, 1982-1984; member, Presi-

dential Advisory Committee on Federalism, 1981-1983; member of the Advisory Commission on Intergovernmental Relations, 1977-1979; President's Committee on Science and Technology, 1976-1977; and member of the Commission on Federal Paperwork, 1975-1977.

Other bodies he has served on include the Two Year Study on Nursing and Nursing Education, Institute of Medicine, National Academy of Sciences, 1981-1983; and the Education Commission of the States, 1973-1983 (chairman, 1978-1979).

Medical organizations in which **Dr. Bowen** holds memberships are the Marshall County Medical Society, Marion County Medical Society, Indiana State Medical Association, 13th District Medical Society, Indiana Academy of Family Physicians and the American Academy of Family Physicians.

Brother Bowen And Delta Chi: The Secretary Reminisces

By **Mike Miller**, "E", Indiana

Q: What were your most memorable experiences as a Delta Chi and what was it like being in the Greek fraternal system when you were an undergraduate?

A: There was a lot of support for young men who were away from home for the first time. Long distance telephone calls were not as common as today. There were only one or two phones in the entire house, and they were pay phones. This kept calling home to a minimum.

I remember decorating the house for Christmas and making a twenty foot wreath for the front of it with tree limbs from the campus pine trees. The Delta Chis won first place that year.

Also, our song sessions were a highlight for me. One of our members, **Ted Jones**, was the student band director for the IU Marching Hundred. Ted played the piano and sang well, too. It was great fun to have an evening when we would serenade fraternities and sororities.

The house played intramural sports; I participated in basketball, swimming and softball.

There are a number of activities I participated in at Delta Chi that have helped me in my political career. For instance, we learned parliamentary procedure at chapter meetings and learned organizational structure. We learned about the responsibility both to the organization and for the organization.

Q: What was the primary reason you joined Delta Chi and how would you describe the house at the time you were an active member?

A: I had a cousin, **Virgil Miller**, who preceded me as a Delta Chi.

There was some financial distress in regard to the mortgage, which was

"I was fortunate to have been a Delta Chi during my pre-medical and medical school days at I.U. from 1935-1942."

"I credit part of whatever success I've had as a physician and governmental official to the things I learned as a Fraternity member to supplement my academic preparation."

"The Delta Chi chapter and its members were and continue to be campus leaders. I'm proud to be a Delta Chi."

—**Dr. Otis R. Bowen**

refinanced and placed with an Indianapolis company that was headed by an IU Delta Chi alum. Physically the house was about the same as all other Greek houses of the era — and subject to significant wear and tear. Delta Chi in 1937, however, was located about four blocks closer to campus than we are now. We did not have a house-mother, as we managed all our own affairs subject to oversight by a committee of alums.

Always an active alumnus and supporter of the concept of fraternity, **Dr. Bowen** was presented the Distinguished Service award of the Fraternity Executives Association in December of 1980 while he was Governor of Indiana. The Citation reads as follows:

Otis R. Bowen
Doctor of Medicine
Governor of the State of Indiana

Initiated on October 30, 1937, as a member of the Indiana Chapter of the Delta Chi Fraternity, you have ever supported the principles of your Fraternity. You provided inspiration, direction and motivation in the acquisition of a new home for your chapter. You have a deep appreciation for the educational role of fraternities in the development of youth. You have made time available in your busy schedule to meet with and to address fraternity and interfraternity groups. You signed into law, as Governor of the State of Indiana, after having taken a supportive role in its enactment, the bill exempting fraternities and sororities from certain state taxes.

For your many years of support, it is with thanks and appreciation that the Fraternity Executives Association recognizes your most significant contributions as spokesman for and as advocate of the concept of the American College Fraternity this 15th day of December, 1980, and presents to you its Distinguished Service Award.

Q: Did Delta Chi and the Greek Fraternity system help you in becoming a better person? In what way?

A: As members of Delta Chi, we learned to live in an entirely different environment than a small town and with our own family. We had to live with and accept forty to fifty other people who had the same rights and responsibilities.

Through the fraternity I learned the heavy responsibility of self-government.

The fraternity big brother system helped significantly to guide, advise and tutor. My little brother, **Richard Loughery**, is here with me in Washington, D.C. He is Director of the Office for Advisory Committee.

The organized social activities were new to young men from small towns and were certainly helpful.

Q: What extracurricular activities were you involved with as an undergraduate?

A: I waited tables and washed dishes to help defray my expenses of living in the house. I had a dry cleaning and shoe repair concession and passed it along to my little brother. This provided some modest commission money. These services were for pick up and delivery at the house.

Q: Explain how you became interested and involved in politics, and the path by which you became Governor and now Secretary of Health and Human Services?

A: I began my political career as County Coroner. As I served I became more

Kansas moms and Brothers show their spirit on Mom's Weekend.

Campus Scene

ABRACADABRA

We just finished our most successful semester in many years. Our graduating seniors led the way academically, socially and spiritually, and it is no surprise that Delta Chi finished the semester ranked fourth academically among 44 fraternities.

This year we broke down the antiquated social barrier between the IFC/CPA and the Black Greek community with a Barbecue and Deck Dance, which was deemed a tremendous success. We finished our social semester with our annual Fantasy Island party held in the beautiful wine country of the Napa Valley.

All of the actives were proud to see our alumni program make large strides toward becoming one of the most active on campus. Their dedication and support was evident at our alumni banquet, which was attended by more than 100 people including our regent **Gene Johnson**.

APPALACHIAN STATE

Spring semester was off to a great start with the initiation of nine men. All our hard work last semester paid off as the grade-point averages were announced. Delta Chi had the second highest GPA of all fraternities at ASU.

Our social calendar was busy and included four mixers. The brothers have also been active in Intramurals-European team handball, softball and basketball.

The Chartering of the ASU Colony was the culminating event of the semester. Many alumni attended the April 19 banquet. It was a joyous occasion when Fred Hammert, "AA", presented the Chartering Proclamation to Jonathan Sattler, "A".

During Chartering Week, we participated in the KIDS Project sponsored by the National Mall Association by helping to make child identification cards

for more than 200 youngsters. We also helped co-sponsor a blood drive which netted more than 175 pints of blood for the American Red Cross. Our week included a goal-setting session led by "BB" Dino DiBernardi and faculty adviser Greg Schneider. Four members were initiated for our ABT during the week of chartering.

ARIZONA

This past spring we had the privilege of hosting the Region II Leadership Conference. More than 100 delegates participated in the two day conference. Our guests were **Fred Hammert**, "AA", **Carl Sorrentino**, National Ritualist, **Gene Johnson**, Region II Regent and **Glen Vondrick** '69. We all had a good time and came away from the conference with new enthusiasm and ideas from our guests and other chapters.

Congratulations to Brother **Bob Switzer** '86, for winning the chapter Luminary Award and also to **Douglas Holsclaw** '25, Order of the White Carnation and local Founding Father, for receiving the first annual Douglas Holsclaw Alumni Award for the alumnus most actively involved with the chapter.

Last, we would like to thank all our alumni for their continuing support and contributions. We encourage any alumnus to drop by and see what we are all about and what our goals and plans are for the upcoming year.

BALL STATE

The first weeks of spring quarter have been busy but productive. Walkout was taken to Western Michigan in Kalamazoo, and more than half our chapter participated. Our winter pledge class of 21 was ac-

tivated, and spring Rush brought us 11 new members.

The second issue of our newsletter just went out and we still have some missing alums; please drop us a line if you're among them.

Moms' Day, held on April 20, was a great success. The annual Spring Sing was cancelled but we entertained our parents with a variety show of our own that afternoon.

Finding a new philanthropic project to replace the pig roast was a problem until Brother Bob Moeller from Ohio State approached our chapter to help in the fight against Huntington's disease. We are selling coupon books in the Muncie area in an effort to raise money for the charity and help our public relations at the same time.

In athletics we have six softball teams, two of which are undefeated so far. We are also participating in volleyball and wrestling.

Our GPA keeps climbing. After winter quarter we stood second among Ball State fraternities in that category.

CALIFORNIA UNIVERSITY OF PENNSYLVANIA

Spring semester began with our participation in the annual Western Pennsylvania Special Olympics Ski Weekend at Seven Springs Ski Resort. We also sponsored a dance for the Council of Exceptional Children, participated in a March of Dimes fundraising project and marched in three different parades and town clean-ups.

We would like to thank the brothers of Penn State for putting on the most memorable Regional we've ever participated in!

Greek Week saw D-Chi sponsor the Track and Field events with Phi Beta Sigma. We had several individual

champions, including brother **Jeff Heffli** who achieved a record time in the breaststroke.

Attention alumni: Plans for annual Homecoming Pig Roast are underway. We hope to see you there!

CENTRAL MICHIGAN COLONY

Spring semester was a banner one for our colony as we continued to make Delta Chi one of the most respected organizations on campus. During Greek Week we took first place finishes in track and bowling. We also earned second place in racquetball and third in softball. We were narrowly edged out of first in the Spirit Award.

Other highlights of the semester included the purchase of a house, our most successful fundraiser ever and our third annual spring formal.

At Easter time we sponsored an egg hunt for underprivileged children of Mt. Pleasant. The semester concluded with the initiation of six excellent members.

CENTRAL MISSOURI

On April 25 we initiated 18 new brothers into the bond. That event brought our active membership to 105, which makes us the second largest fraternity on campus.

Spring semester has been a busy one, with many activities filling the calendar. In February we hosted the Region IV Leadership Conference, which was attended by representatives of 13 chapters. Also on hand were **Fred Hammett**, "AA", and **Dr. J. J. Underwood**, member of the Order of the White Carnation.

Our Winter and Spring Blood Drives raised 500 pints of blood each. Also, our Sexy Legs contest raised more than \$400 for local charities.

The highlight of spring was the Greek Week Awards Banquet, when we were awarded the Outstanding Chapter on Campus award for the third consecutive year. Our other awards were for highest grade point average, outstanding campus involvement and outstanding philanthropic event.

We finished second for Intramural All Sports Championships. Some of our achievements included first place in Greek softball, volleyball, tennis, badminton and "B" league basketball.

The year was topped off by our annual Spring Alumni Pig Roast. Some 50 alumni took part in the weekend's activities.

CHICO COLONY

Our third semester began with the initiation of 14 men into the Brotherhood of a Lifetime. Two weeks later we launched a three-pronged attack to meet the challenge of Spring Rush '86. Radio spots on two stations, non-alcoholic functions and a massive flyer distribution campaign resulted in our pledging 31 men, an all campus high.

Our excitement was enhanced by our long-awaited acceptance into the IFC. Delta Chi and Beta Theta Pi were voted in as probationary members and have been actively involved all semester.

Athletically, we recently added two basketball teams, two floor hockey teams, three softball teams and a soccer team to our Intramural program. Delta Chi took third place in Sports Round-up during Pioneer Days.

We take great pride in holding the highest GPA among general fraternities at Chico State. In addition, 14 brothers achieved honor roll status with a minimum 3.0 GPA.

Travel this semester included journeys to the Sierra Mountains for a retreat, a road trip to Candlestick Park to watch the San Francisco Giants and a drive down highway 70 to give our Sacramento brothers a lesson in the art of softball.

Colorado's hockey team sports the jerseys designed by **Malcolm Guthrie**.

CLARION

On April 26, 1986 we were awarded a charter proclamation by Executive Director **Ray Galbreth**. The evening started with a dinner and proceeded on with an awards ceremony in which brothers were recognized for outstanding achievements. **Dr. David Wright**, our main speaker, said a few words on behalf of the community. We would like to thank **Jim Fiero**, who attended.

Delta Chi at Clarion is active in Special Olympics. We were involved in a run to Pittsburgh, 100 miles away. Each brother ran approximately three miles. The run took approximately 17 hours. Our activities have raised \$1000 over the last three semesters.

We're involved in an intramural program at the university. Delta Chi placed first overall.

COLORADO

This semester has been dominated by Hockey Fever, a new but powerful phenomenon here. We put together a hockey team with many players who had never before been on skates. With two seasons crammed into the semester we had plenty of ice time, and great improvements. First season we finished with a 2-2-2 record in the "C" league. We moved up to the "B" league and now have a 3-0 record. The emblem on our unique jerseys, designed by **Malcolm Guthrie**, incorporates symbols of Delta Chi, the Colorado state flag and the former NHL Colorado Rockies.

CONNECTICUT

We initiated nine men into the Bond to cap off a busy spring semester.

Delta Chi had a strong showing in Greek Week this year, finishing in third place. In March we held our annual Quasi-Formal Banquet, and our efforts in our annual 24-hour Softball Marathon helped raise money for the Big Brothers/Big Sisters of Willimantic.

Coming up this summer is the annual Delta Chi Golf Classic. Many of our alumni will be coming back to go a round on the links with the undergraduates. Plans are already under way for the annual UConn-Yale football game party at the Yale Bowl in September.

Spring cleaning brought many improvements to the house. We painted our living room and dance room, and planted a garden in front of the house. Also, the pledge class made a new set of letters for the house.

In intramurals the Delta Chi (How 'bout them) Crusaders tore up the basketball league, cruising to a first place finish. In varsity sports, brothers **Pat Rubega** and **Mike England** (co-captain) continue to contribute to the success of the track team.

We're proud of our outgoing "A" **Kevin Coyne**, who will begin his job this summer as Delta Chi Leadership Consultant. Kevin will be around to visit many of your chapters and we know you will find his advice and encouragement helpful.

CORNELL

Kicking off spring was a strong eight week pledge program, then the initiation of 21 new brothers into the Bond. We had our traditional parents weekend, which has blossomed over the past two years. Turnout has come to rival homecoming and the parents are having just as much fun as the brothers.

Chapter Consultant **Jim Garvey**, U. Conn. '84, made a timely visit to Cornell the week prior to initiation and gave the house valuable advice as well as demonstrating to us some points we hope to be able to improve upon in the near future. He further aided the officers in their various programs.

On the athletic side, softball and box lacrosse show promise this season. Turnout has been great for the intramural program, with plenty of participation and support.

In an effort to improve community relations we plan to visit the Oak Forest Rest Home. Brother **John Banks '28**, is currently a resident there.

DEPAUW

Delta Chi embarked on a social program this semester that stressed alternatives to the kegger. Our Sweet-Heart Dance and Lobster Dinner provided an opportunity for a more relaxed atmosphere for members and their dates. Our spring formal topped off the social calendar with an evening of dining and dancing at The Pointe, a unique condominium resort on beautiful Lake Monroe. The Little 500 bike race preceded the traditional band party at Delta Chi. Once again this year we placed at the top of the field thanks to veteran riders **Steve Reynolds '87**, **Steve M. Smith '87**, **Greg Fox '88** and rookie rider **Alan Casey '89**.

Our house improvements continued as this year's pledge class renovated our commissary, and the finishing touches were put on the "country club" section of the house. Lawn Committee chairman **Mike Speer '88**, and his crew of dedicated workers have been working on repairing winter's damage.

Our house publication, *The Locust Street Journal*, will soon be sent to all of our alumni along with our second annual alumni survey. This survey has proven successful in keeping up with our alumni's lives and in understanding their needs and expectations.

EASTERN ILLINOIS

This spring we welcomed nine new brothers into the Bond, bringing our membership near 80. Next year we will be attempting our first dry rush. We have many good ideas and are hoping for a successful rush.

We held our annual formal dance this year in St. Louis at the Embassy Suite Hotel. **Patty Hendrickson** was chosen as our '86-'87 Sweetheart.

Our annual Miss Charleston/Delta Chi Beauty Pageant, affiliated with the Miss America Beauty Pageant, was very successful. This year's winner, **Ther-**

esa McCole, won a scholarship and a chance to compete in the Miss Illinois Beauty Pageant.

On April 26 we held our annual alumni-active picnic, "E.Q." Many alumni attended. Alumni and actives discussed ways to improve the house. Next year's homecoming will be October 11.

Our softball team is presently participating in the playoffs.

FLORIDA

February 1 marked the initiation of 21 brothers into the Bond. This, along with 11 new spring pledges, has greatly enhanced the spirit of our chapter.

Parents Weekend was a wonderful opportunity for brothers and pledges to show off Delta Chi to their families. Our Carnation Ball was held in March at the Gainesville Country Club. Our Spring social calendar culminated with our Toga project. We were pleased to have Chi Omega Sorority assist us in this venture. A hectic week of fund-raising activities concluded with the crowning of a new Greek Goddess at our annual Toga Party. Toga has become a tradition at UF, and is one of the largest parties of the year. The event raised more than \$3,500 for the Leukemia Society of America and the Girls Clubs of Alachua County.

In addition to our campus activities we were pleased to host the cycle teams from the Ball State and Indiana Chapters. This provided us with a great opportunity to get to know our brothers from other universities.

Several brother have assumed notable positions in our University community. Brothers **Bill Williams** and **David Hellier** were welcomed into Florida Blue Key, one of the University of Florida's most prestigious honorary societies. Brother **Hellier** was also elected treasurer of the Greek leadership honorary Order of Omega and our chapter advisor Brother **Milege Murphy** became their new Faculty Advisor. Brothers **Bill Williams** and **Chris Weaver** were inducted into Savant. Chris was also chosen for the second year in a row to be "Albert the Alligator," the University's official mascot. Brother **John Hamlin** has become a member of Phi Alpha Delta, a national pre-law Fraternity. New Brother **John Tucker** became a senator in University Student Government. Delta Chi continued to be active in the IFC, with Brothers **Bill Williams** and **Dave Hellier** being elected secretary and treasurer, respectively.

FLORIDA STATE

This past semester brought many accomplishments for the brotherhood. Our annual philanthropy, the "D-Chi Bahama Mama Party," grossed more than \$1500 and had one of the largest turnouts ever. We shared our profits with our favorite charity, Easter Seals.

We finished second in our division in Intramurals. This was quite an accomplishment, considering the only fraternity that bested us has four times our numbers.

The spring pledge class was one of the most outstanding groups of Initiates that the chapter has seen, due to the great work of AMC **Anthony Wilson**. Several of the new brothers have already stepped forward to positions of leadership.

Interest in living in the house has become so strong that we're expanding into a neighboring house. Such signs of enthusiasm can only bring future success for the chapter.

GANNON

Another year has gone by and we feel that it has been successful. We have welcomed six new men into the bond. Spirit is again high as summer approaches. We are planning our annual picnic/barbeque on the beaches of Presque Isle.

Among our accomplishments this year was the election of Brother **William Corapi** to the executive board of our local IFC. We are anticipating a good fall associate class, holding rush over the summer to stimulate interest.

We have continued renovations on our chapter house with the remodeling of our first and second floor bathrooms. We hope to renovate our alumni room this

summer. We are also busy preparing for our annual Bastille weekend for alumni.

We wish to congratulate Clarion Colony on its charterring. Here at Gannon we initiated the last two Clarion associate classes, so we hope for their continued success.

GORHAM STATE

New campus rules in regards to pledging and the distribution of bids has reduced the average pledge class size, but we are proud to have initiated six fine men into the Bond of Delta Chi.

Work around the house includes the installation of fire safety equipment, general painting, renovation of the upstairs kitchen and the return of our class paddles to the front entrance, which presently houses a large mural of the crest.

The annual formal, "Cabaret," took place this year at the Sheraton in South Portland, Me. As usual, it was great fun!

The IFC was the recipient of the Lunsford Award, presented for excellence in Greek Relations. After two years of rumored expulsion of the fraternity system here, the IFC has become one of the stronger organizations on campus.

A special thank you to chapter consultant **Jim Garvey** for his visit. His help is greatly appreciated.

HOBART

We continue to excel in academics. Brothers **Dave Grover '86**, **Chris Wright '86** and **Mike Goldstein** won the Hobart College Bowl, which is a game based on trivial facts. The team then suffered a close loss to the faculty, but went to Syracuse and made it to the semi-finals.

The brothers have also been very active in sports this spring. The chapter intramural softball team, named Suplex, is now in the playoffs.

HUNTSVILLE

Spring quarter is in full swing and our chapter continues to have the highest GPA on campus. Involvement in the university's Alcohol Awareness Week proved to be educational for us as well as many other students.

Although our chapter does not yet own a house, we recently made a major improvement in our homestead. We have moved to a spacious two story apartment, with clubhouse, swimming pool and tennis courts, near the university.

A tightly packed social calendar has kept our members busy and helped to create a stronger bond. From weekly "late night bowling" to cave exploring

in the mountains to parties we continue to let the good times roll. We are currently looking forward to our Spring Luau on the Tennessee River.

IDAHO

Spring semester brought improvements to the chapter and the chapter house. The 1985 pledge class purchased a microwave, the undergraduates bought a house stereo system and at the spring meeting of the building corporation, plans were made to install efficient, energy-saving new windows. Also, some minor kitchen remodeling is scheduled for summer.

We were impressed with our victories during Greek Week, but frustrated as we again finished one point away from the championship. The Gamma Phis and we captured the songfest title for the third year in a row, and **Doug Korn '86**, and **Barry Craig**, associate member, surprised everyone by taking the men's division in the bake-off. To cap off the semester, the 51st annual Pirates Dance was a stunning success.

Plans are being made for fall and include a reunion of the '76 pledge class during homecoming on September 20. Also, we have a new rush program as the fraternity system changes to an all-dry rush week.

INDIANA

Community and campus involvement has been our focus this spring. The Spirit-of-Sport all nighter, which raises money for the Special Olympics, is an annual campus-wide event that brought out the entire house for activities and sporting events ranging from basketball to bellyflop. Delta Chi won backgammon and limbo, and with the Miss-a-Meal held earlier in the week, donated \$275.

In intramurals, Delta Chi and Kappa Delta paired up to take the crown for all-campus coed bowling. Brother **Marc Solondz '87**, a member of this team, was named Cram Intramural Athlete of the year for such performances both semesters.

We have spread our wings and gotten involved in a variety of organizations on campus. Brother **Chip Washienko '87** has taken the position of Vice President of Communications for the IFC and **Mike Viola '89** will be directing IFC Greek Fest. Brothers have also gotten director- and chairmanships in other branches of IFC, Student Athletic Board and College Republicans. Brother **Bill Washienko** had his article on **Dr. Otis Bowen '39**, an Indiana alumnus, appear on the first page of the Greek Columns. On a musical note, **Tom Leddy '87** has been playing for the I.U. Jazz Band, while several brothers have been singing in the dean of students' University Chorus.

We joined forces with Sigma Delta Tau for a philanthropic event with an afternoon barbeque and games with children from Big Brothers and Big Sisters of Monroe County.

A Saturday afternoon with the kids of Big Brothers and Big Sisters: Brother **Bill Engle** gives his friend a lift at the Indiana Chapter's barbecue.

In the community, the Indiana Federation of College Republicans has taken in Brothers Derk Osenberg '88 and Rick DeCreane '88 as the executive director and 8th district chairman, respectively. In addition, Gary Sexton '87 was accepted to the National Entrepreneurship Academy.

IOWA

Our annual Flamingo Formal was held this year in Chicago. The highly esteemed Brotherhood Award went to Brother **Doug Dvorak** '86. Our participation in Iowa's Greek Week secured us a standing of first in Greek Follies and second overall.

Our annual spring alumni meeting was a success and prompted much discussion from attending alumni on house improvements. With additional help from our ABT we established some long-range goals which include building a fire escape for the sleeping dorm, putting in new carpeting and furniture for the lounges and rewiring the house. Also in the planning is the chapter's 75th Year Anniversary Celebration, set for March 7, 1987. We hope to see recent graduates as well as some from years back in attendance.

IOWA STATE

Our most noticeable improvements this semester are in alumni relations and the alumni newsletter. With special efforts from Dale Culver '77, Kim Wilson '77 and Wayne Christ '79, the house succeeded in putting out a tremendously improved newsletter. An alumni seminar was held in April and included discussions of Homecoming, VEISHEA, further improvement of the newsletter and alumni relations in general.

Zeta Tau Alpha Sorority teamed up with us for Greek Week this year. The highlights were the bed race and the car stuff. We had a great bed this year but we ran into trouble, or rather we ran into a tree when our drivers lost control. Our house tied for second place in the car stuff by cramming 26 people into a compact station wagon in 30 seconds.

Brother Todd Millard was awarded The Order of Omega, which is given annually by the Greek system to the most outstanding all-round Greeks on campus. We are proud that Todd is a recipient this year. Other campus leaders include Tim Greene, who was recently elected as a senator in the Government of the Student Body, and Jim Gavin, who was appointed finance director of the same organization.

JOHNSTOWN

This term has been marked by further achievements in intramurals, service projects and campus activities, as well as house improvements.

For the second consecutive year we have won the all-campus Intramural Cup, with strong performances from the weight lifting, basketball and the softball teams.

Johnstown's Colombian foster child, Raul Norberto Manzano.

Iowa State Brothers serenade for a stolen composite.

Several service projects were carried out during the winter term. We successfully revived our "Las Vegas Nite," in which we were able to raise \$500 for the Arthritis Foundation of Johnstown. We also added a new member to our Delta Chi family when we adopted a foster child in Colombia. In addition to these projects we participated in a volleyball marathon to benefit Cystic Fibrosis and we helped the Delta Zeta Sorority in a Halloween service project to benefit local orphan children.

Brother **Martin** has been elected Student Senate President for the coming year. Brothers **Clark**, **Masta** and **Paul** have been elected to Senators-at-large positions.

Brother **Paul** and Brother **Mosebach** have been elected President and Vice-President of the Interfraternity Council.

Recently we completed painting our "Backroom," lobby and upstairs library.

KANSAS

A highlight of spring term was our participation in "Rock Chalk Revue," an all-campus variety show, with the ADPIs. We received the award for best costumes and set design. For Greek Week we participated in "Greek Sling" with the Kappa Alpha Theta Sorority.

Mom's Weekend was a big success. The weekend consisted of a luncheon and an auction, which raised roughly \$1800. The big bash of the year was our annual "Tom Jones" party that always ends the semester with a bang.

Athletically we managed to compete in all sports and excelled by again winning the Greek volleyball championship, placing third in basketball and taking third place in the overall standings for sports on the hill.

During the year several brothers have become members of various honor societies, including Alpha Kappa Psi, Junior Class Honor Society, Mortar Board, Lambda Sigma and Order of Omega.

Jimmie J. Underwood '51, recipient of the Order of the White Carnation award last summer, received the Prugh Award from our chapter for his outstanding alumni service.

KANSAS CITY

For the second year in a row we take great pride in being the only Greek organization to participate in our nation's third largest St. Patrick's Day Parade, held in Kansas City.

This semester also brought some changes to our chapter. We are going to be the first fraternity on campus to instigate a Dry Rush program. We are looking forward to this with much anticipation and in hope that we can achieve the same results as other chapters of Delta Chi. Our chapter has also seen a change in our Summer Rush program: we are going to have our first summer pledge class in a long time.

Our chapter's ABT is looking for some new members. Any interested alumni in the Kansas City area can contact **Chris Park**.

LEHIGH

We have had a busy but fun semester here. Our social calendar has been filled with cocktail parties and open dance parties. However, the one week that stands out is Greek Week, which started off with a parade and a cross-campus foot race. Other games in which we participated were a pie eating contest, hog dog eating contest, keg hunt, air band contest and the infamous bed race. We achieved a respectable third place in that event. We ended the weekend with our Alumni Day, which included a picnic and softball game, dinner, then a party. There was a good turnout of alumni and the day was a great success.

At the end of the school year, we are going to help out when the Boy Scouts come to the scenic Lehigh Valley for a one day convention. Everyone is co-operating in getting things rolling so the kids will remember their visit here.

We are in the midst of a massive house renovation. Right now the plans call for a complete rewiring of the house. However we have reviewed plans for an addition to increase our living capacity to 42 brothers. Right now the idea of an addition is still on the drawing board.

LOUISIANA TECH COLONY

On May 17-18 we celebrated our one-year anniversary. We began with a crawfish boil the afternoon of the 17th and ended with a dance the next day. The first initiates had a private meeting to discuss our accomplishments. In one year we have initiated twelve new members and presently have nine associate members. Our first Greek Week brought us to among the top four in most events, in competition with groups three times larger than ours. With the help of alumni in the area our ABT is really strong.

We are looking toward chartering this winter. The Louisiana Tech Colony is headed for the top.

LONG BEACH

On February 2, 1986, we reopened our house after last year's tragic fire. The celebration featured alumni, their families and many memories of past times. It was a very special moment when some of our local founders replaced the charter upon the chapter room wall. Indeed it was a happy day.

We took first place in the Third Annual all-Greek Ultimate Frisbee tournament, sponsored by Delta

Delta Delta sorority as a fundraiser for the Children's Hospital for cancer patients.

Our annual Black Hole party will be on May 25.

Another Long Beach tradition, the annual Kern River trip, will again be held over Labor Day weekend. Many of our alumni get together for this to meet all the new brothers from recent years.

LOUISVILLE

The end of spring and the beginning of summer is always special for us. This year was even more special: in appreciation of our help during the Derby festivities, the California Cooler Company threw a party for our chapter. Summer began with a special initiation. Brother **Mike Smyth's** father came from his home in Louisiana to be initiated at the same chapter as his son.

LSU

Spring semester has been filled with lots of academic, social and campus activities.

The completion of our library renovation, along with our improved academic standing on campus, has provided an increased incentive toward concentration on studies.

We held our annual Red and Buff Formal in Destin, Florida. The annual South Seas Weekend also proved to be a success. Our bus trip to New Orleans was once again one of the fraternity's favorite events.

Delta Chi made a wonderful showing by placing second in LSU's prestigious Songfest competition. The fraternity paired with Delta Gamma Sorority to put on a ten minute show which traced America's youth from the Innocence of the fifties through the social instability of the sixties. We also fared well in the annual Jam-Jam Cajun festival in which Brother William Gosnell placed second in the skit competition and Brother James Gay took third in the dance contest.

Fred Hammert, "AA", recently met in New Orleans with members of the chapter to discuss preparations for the 1987 convention there. We urge all brothers to begin marking their calendars now for that event.

MASSACHUSETTS

We welcomed eight new brothers into the bond this semester.

With the spring weather upon us many brothers have taken up running to stay in shape. We had eight brothers participate in the Run for Ritter 10k Road Race, with **Christopher Comeau** '86 finishing 14th of 321 runners, which was first among Greeks. Chris then ran in the Boston Marathon and finished with a very respectable time of three hours and twenty minutes.

On April 26 we held our spring formal at the Salem Crofts Inn in Brookfield, Mass. Several alumni joined us in our festive activities. The prime rib dinner was followed by an evening of dancing.

MIAMI

We are happy to report this spring that we are having one of our most successful athletic showings of recent years. Our one-year-old hockey team made it to the playoffs while our water polo, broomball and softball teams remain undefeated. Both our "A" and "B" volleyball teams are near the top of their divisions.

Thanks to social chairman Dave Devictor, our social calendar has been packed full all semester. We started with our third annual Jim Jones Hairy Buffalo party. The next big event was our Fly-Me party to Ft. Lauderdale. We are finishing off the semester with our annual White Carnation Ball in downtown Cincinnati. Between these events we had parties with the sisters of Zeta Tau Alpha and Alpha Xi Delta sororities.

Our campus involvement this semester included

Northern Colorado Brothers on the deck.

the selection of brothers **Jim VanSweringen**, **Steve Tosh** and **Ray Stickel** for the 1986 Greek Week Committee. **Greg Esterman** will represent us in the Order of Omega Greek leadership and scholarship honorary. The whole house was involved in our sixth annual sorority volleyball tournament, which raised \$145 for the Leukemia Society and was organized by Randy Broadright. **Matt Hamparian** has started organizing our second annual fall Twister Tournament, set for October 4 with Kappa Kappa Gamma Sorority. We invite all Delta Chis to attend what will undoubtedly be one of the most exciting weekends at Miami next year.

We would like to welcome the 22 members of our newly activated winter pledge class. With the addition of these new brothers and our eight-member spring class, it appears our house will be filled to capacity with enough enthusiastic young men to guarantee another productive year.

MICHIGAN

Activities last winter included a movie night, Valentine's Dance, Viking dinner, several spur-of-the-moment road trips and a spring formal at the Renaissance Center in Detroit. Upcoming activities include a canoe trip and several house improvement projects. Homecoming will be Saturday, September 27.

Our Greek Week efforts this year proved rewarding. During the fun-filled week our team collected 12 trophies, including the championship cup. Greek Week activities this year raised more than \$30,000 for various charities.

MINNESOTA

Many fun and exciting activities have happened since the last Quarterly report. Most notable were the White Carnation Ball, Greek Weekend, Founders' Day and Campus Carni.

The 94th birthday of E. Q. Kimball was celebrated on April 11, with many alumni attending the formal dinner and evening activities. We were fortunate to have our Regent **Scott Klinefelter** visit us for Founders' Day. He added a special touch to our celebration.

Campus Carni, the nation's largest student-run fundraiser, was a great success this year. We took home two second place trophies, which we earned for sales and overall food entry this year. Our design was a 16-foot-high Coke machine with lighted, blinking buttons.

We are proud to announce that eight men pledged Delta Chi during spring rush. We look forward to initiating them this next fall along with the men who pledge over the Summer.

MISSISSIPPI STATE

Progress and campus involvement was the theme this semester at Mississippi State. Brother **Dan Gibson** was elected Student Association president in a con-

troverial election covered by several newspapers in the South. Brother **Stacey Goff** is executive assistant to Brother **Gibson** and IFC treasurer. Brother **Lee G. Stubbs** was elected IFC social chairman. Brothers **Allen Simpson** and **Stacey Goff** were recently tapped to join brothers **Dodd Denton** and **Dan Gibson** in the Blue Key honorary.

The chapter participated in various campus activities to raise more than \$1,500 for Multiple Sclerosis. We won the MS Rock-Alike lip-sync contest, and received a trophy, plaque and a VCR. We also won the "Super Saturday" olympics, held during halftime at the Mississippi State spring football game. Our entrants in the olympic games won a free weekend at the Hilton on the Mississippi Gulf Coast. Our chapter has advanced in the field of academics by receiving the Most Improved Scholarship award.

Our White Carnation Ball was held in New Orleans on April 5 and featured Brother **Richard Cole**, Florida '80 and founding father of the Georgia Southern Chapter, as our guest speaker. We also met brothers from LSU and Texas A&M, and some of our brothers met "AA" **Fred Hammert**, who was in town planning our 1987 convention.

NEW HAMPSHIRE

This spring semester has been our most productive one since our establishment here. On April 18 we initiated five new brothers, who bring our active membership up to 57 men.

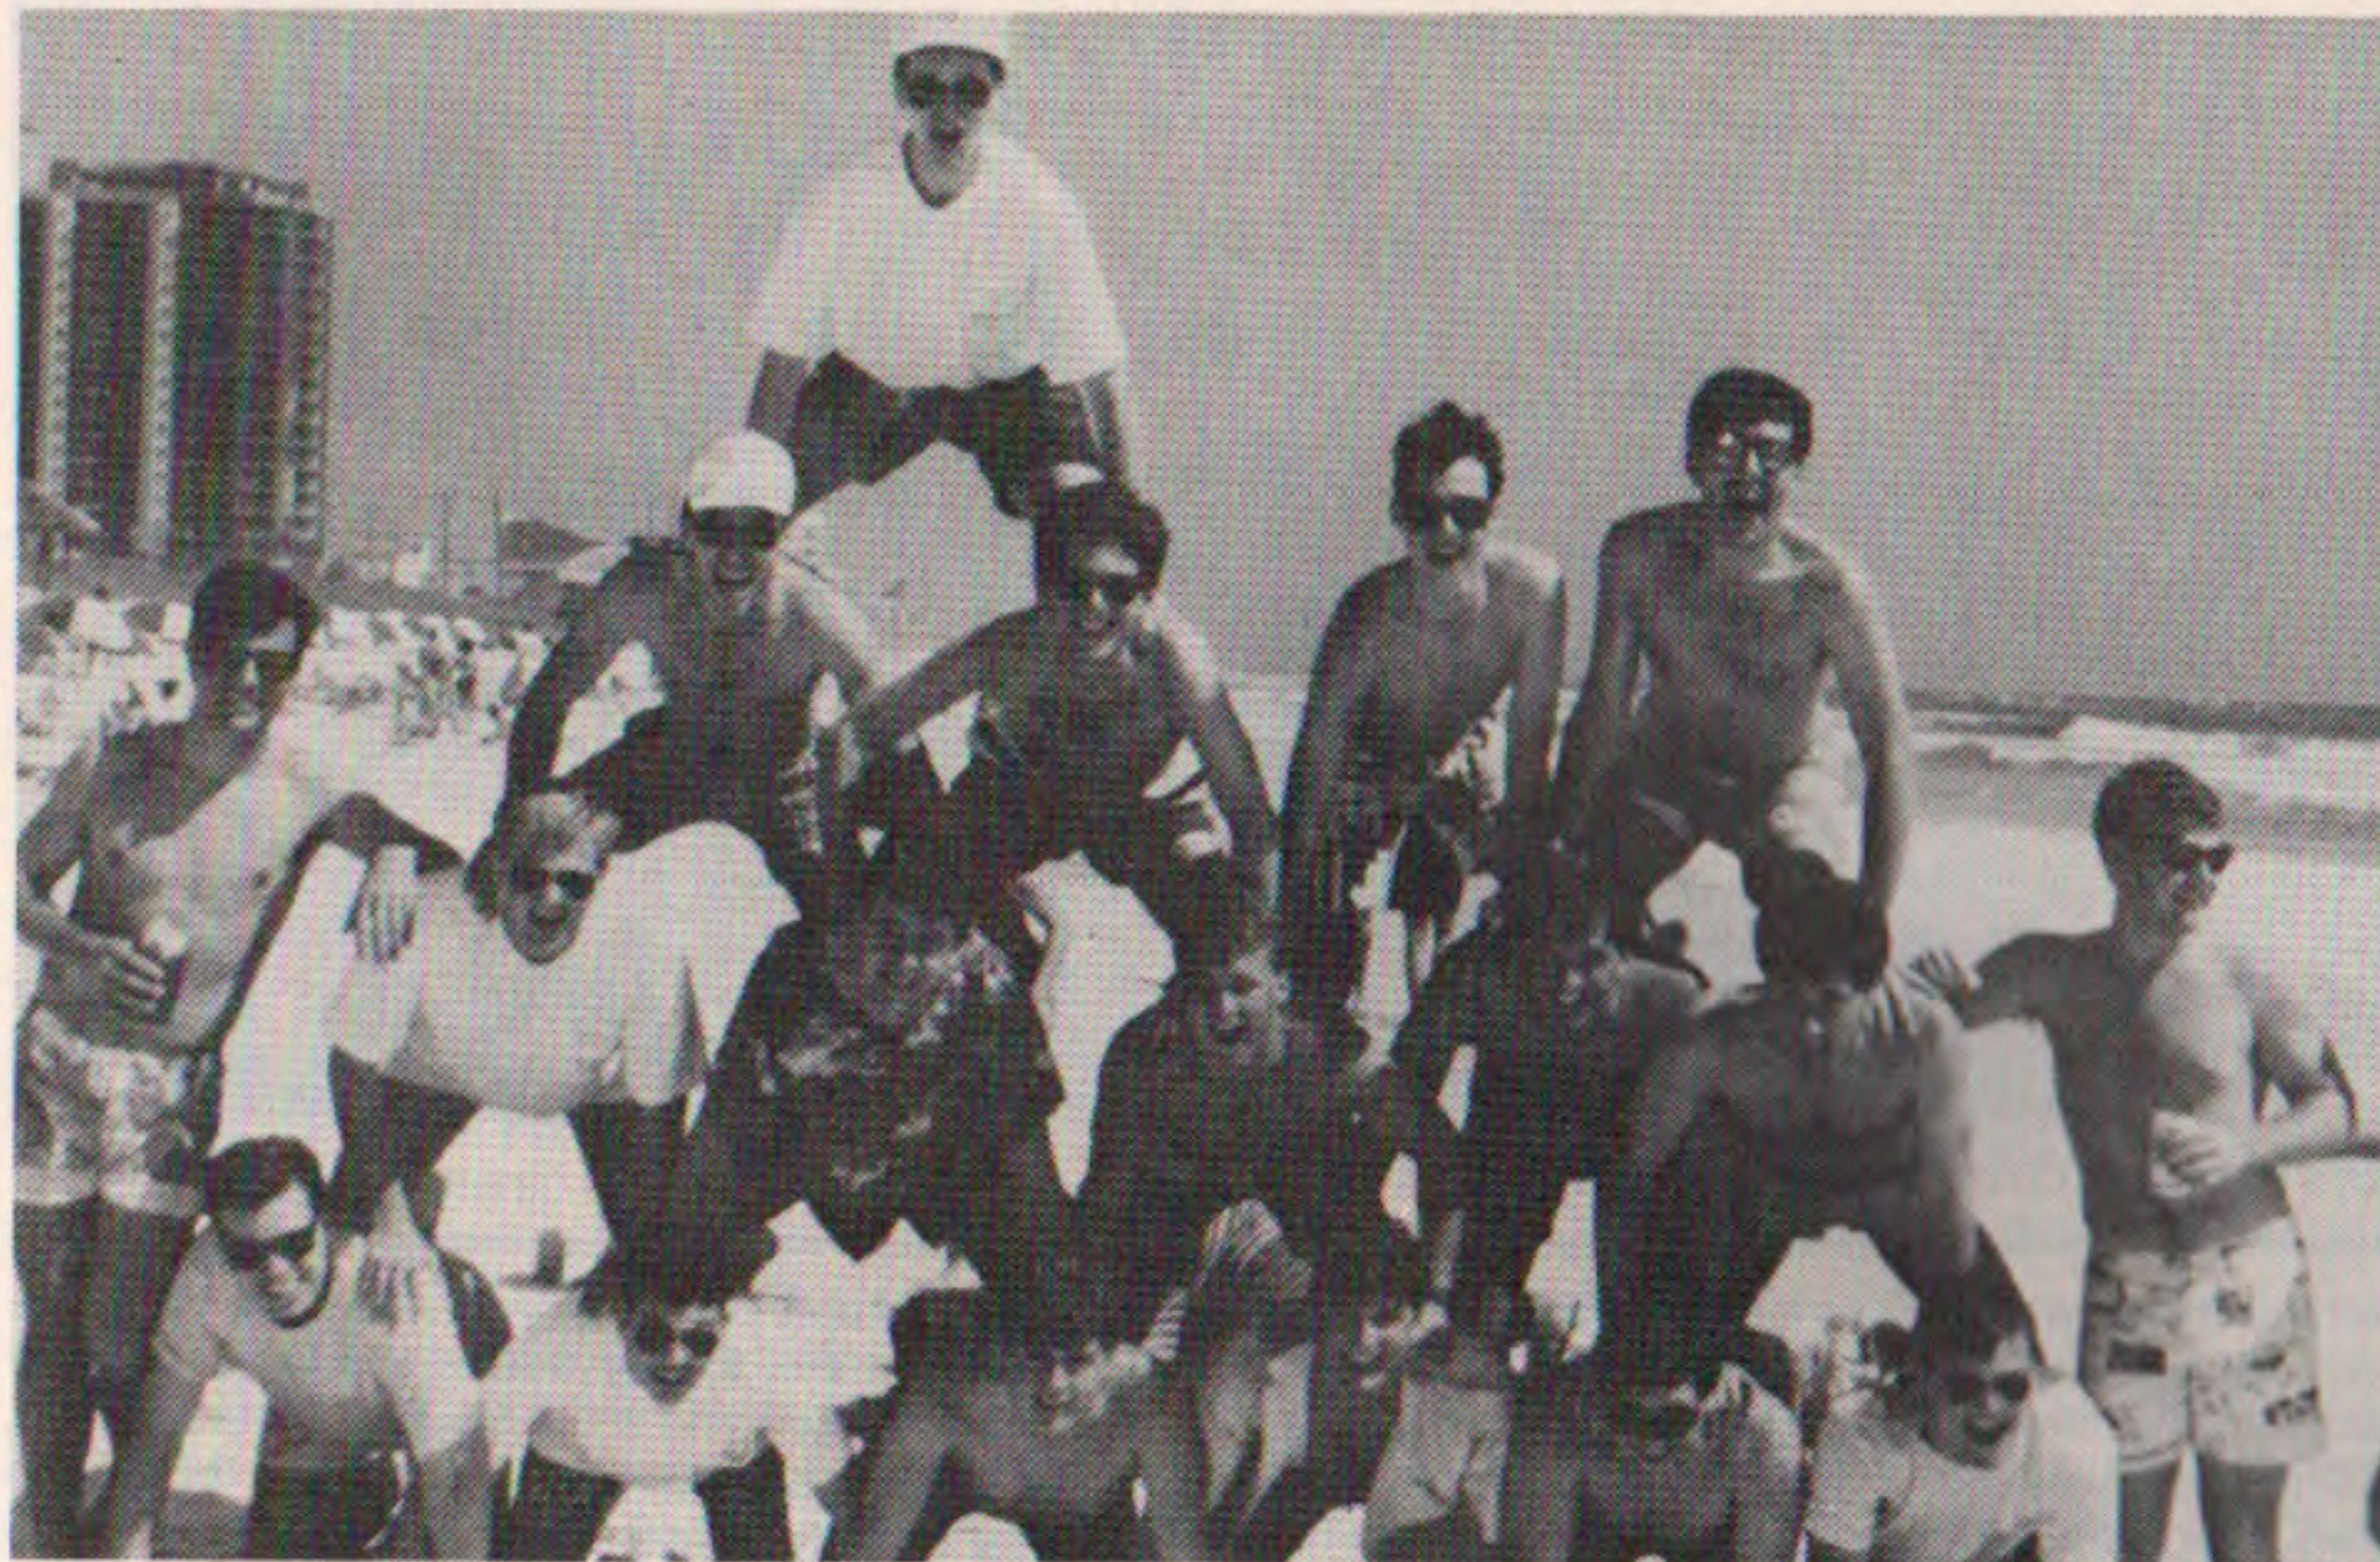

Several other important things have happened. First, on May 3, the New Hampshire colony received its charter. Attending were local alumni, brothers from Gorham State and our parents.

Next, we acquired two houses. They are located on Main Street and will accommodate 23 brothers. This semester we established the Alumni Board of Trustees whose membership consists of **John Wheeler**, **Hobart '60**, **Frank Jansen**, **Denison '79**, **Wes Smith**, **Parson '66**, **Charles Sweeney**, **Cornell '42**, **Bob Burns**, **"BB" Iowa State**, '83 and **George Richards**. Meetings have been set for the first Monday of every month and all alumni are welcome to attend. The first alumni newsletter has been sent out to more than 200 alumni, parents and University officials.

NORTHEAST MISSOURI

Spring semester began as fall semester ended: triumphantly. We led in the intramural competition and then, after a two week rush season, initiated 16 men. We are the largest fraternity on campus.

The semester proceeded with Greek Week, in which we placed first. Later we were awarded the highest honor for Greeks in campus leadership. Four actives were elected to Student Senate, **Tom Bahr** '89, was elected Homecoming chairman and **Doug Malloy** '87, our "A", was elected first vice-president for Blue Key Honorary Fraternity. Two other members have been elected to serve Delta Chi, both regionally and nationally. **John Witte** '88 has been elected undergrad-

LSU Brothers build a pyramid at Destin, Florida.

uate vice-regent for Region IV. He is also second vice-president of the IFC in charge of dry rush, which is being implemented this semester. **Steve Lindemann** has been nominated as the Region IV undergraduate on the national housing board.

NORTHERN ARIZONA COLONY

We ended spring semester as leaders in the Greek Community here at N.A.U. We defended our title of Greek Week Champions and captured the title of most spirited team, with the aid of Delta Delta Delta and Sigma Alpha Epsilon.

During that same week 12 brothers attended the Region II Regionals at the U of A Chapter. It was an exciting and educational time for them. It was also a pleasure to be asked to help initiate the new brothers at the Arizona State Colony.

NORTHERN COLORADO

One of our two philanthropic projects raised more than 200 pounds of pet food for the local humane society. To get it, we kidnapped all the sorority presidents for pet food ransom. Next, we raised \$750 for MDA by throwing an Aerobie, a frisbee-like disc which averages 100 to 200 yards a throw.

Once again we captured the highest GPA of any fraternity on campus. Our second annual Red and Buff Ball will be at Breckenridge, Colorado, a gorgeous ski resort area in the heart of the Rockies.

As always, we are strongly competitive in all sports. Our softball team is undefeated and bound for the playoffs.

NORTHWEST MISSOURI

April was a busy month. Our Home Handy Man Work Week began April 7. We have been hosting Home Handy Man for many years. Anyone who needs help with a project calls the house, and we go over and finish it. Usually elderly people call and ask us to wash windows, cut grass, clean gutters, etc. We help our community and give people an opportunity to know us.

Next, our 8th Annual Russ Gillihan Softball Tournament was held April 12 and 13. The tournament was open to the public and was a weekend of fun and games for the community. Then came the Delta

SAN DIEGO

This semester we initiated twelve new brothers into the bond, bringing our house membership up to 42. Our chapter has the highest GPA among the 17 fraternities on campus, so we're at the top of a trend to place more emphasis on scholarship in our campus' Greek system.

This year also saw first efforts at the establishment of a Housing Corporation among the San Diego alumni, and renewed interest from the reconstituted Alumni Board of Trustees, which has recently decided to get involved with chapter affairs again.

The chapter is adopting strong guidelines to reduce our debt to Delta Chi. This represents a refreshing change of fiscal policy.

The IFC on campus has passed controversial resolutions pertaining to mandated scholarship requirements, oversight of pledge training programs, dry rush and a ban on open parties.

SOUTHEAST MISSOURI

Last semester we got off to a flying start with the highest fraternity GPA. This spring we have enforced stronger academic guidelines to improve our grades even further.

We raised money for the March of Dimes by setting up a car wash, a kissing booth, a bake sale, and a social event. We also sponsored a sound system for the Special Olympics.

In Greek games we placed third overall, while in Greek Sing we sang "Summertime Girls" and "School's Out for Summer."

Our actives' and pledges' walkout was April 25-27 at the University of Illinois. We are now preparing for our spring formal on May 3, and are working hard for summer rush.

We're looking forward to our chapter's "Ten Year Anniversary" next semester.

We took on the biggest pledge class on campus this spring, and we activated 14 new members. Our total number of actives is now 54.

Philanthropic activities included a community door-to-door drive and a 24-hour marathon of a quarters game to help raise money for the March of Dimes.

For our first Spring Formal-White Carnation dance, we went to the Shangrila resort in Afton, Oklahoma.

We have just signed a lease on a house. It's a 40-man house and is being completely remodeled. We plan to move in next semester.

Our G.P.A. is one of the highest on campus for this semester.

SOUTHERN ILLINOIS

Spring semester produced five new members who cleaned up a community bike path and received much praise from the public.

The newly-elected Undergraduate Student Organization President and Vice-President, **Phil Lyons** and **John Attard**, are Delta Chis. It has been a long time since Greeks have held those offices and we are sure they will excel.

One of our main goals is to improve alumni relations. We feel that after Stag Weekend April 25-27 we have a much better understanding of each other. **Forrest Fairall '81**, is our new ABT President.

The chapter's Team Handball team won Intramural Sports overall championship this spring. Their teamwork must have something to do with the Bond. In our second annual Foosball Tournament **Guy Hunt** and **Doug Boone** won handily over the ATO's, their closest opponents.

This year IFC is going to have an organized formal rush. It's nice to see that this year, as rush has always before been left to individual chapters.

John Guido, along with his engineering class, built a boat for this year's Carbondale Cardboard Boat Regatta. The boat set the course record in the first heat, and then set a new mark in the semi-finals. In the finals, John's boat beat the standing 2-time champion quite easily.

Southeast Missouri Brothers **Jon Ney** and **Chuck Powers** show **Joey** (right) what it is like to run a sound system, which they provided for 10 hours non-stop at the Special Olympics.

SOUTHWEST MISSOURI COLONY

We took on the biggest pledge class on campus this spring, and we activated 14 new members.

Philanthropic activities included a community door-to-door drive and a 24-hour marathon of a quarters game to help raise money for the March of Dimes.

For our first Spring Formal-White Carnation dance, we went to the Shangrila resort in Afton, Oklahoma.

We have just signed a lease on a house. It's a 40-man house and is being completely remodeled. We plan to move in next semester.

Our G.P.A. is one of the highest on campus for this semester.

TEXAS TECH

We are fired up for our second annual Delta Chi Circus Maximus, which is Texas' largest and best toga. All proceeds benefit the Muscular Dystrophy Association.

Our intramural program is still one of the strongest on campus. Our football team lost a close game in the all-Greek football final championship game. The basketball team advanced to the finals and so did the softball team, which also won first place in a state-wide tournament held in Dallas. That tournament was for all the teams that had won first place in intramural softball at their universities and was a fine victory for Delta Chi.

We are still looking for a lot for our new lodge because the last piece of land we acquired failed to meet a necessary zoning regulation. **Alumnus John Huffman** has been a great help to the fraternity and has started a Bible Study group for the chapter.

TRI-STATE

Spring quarter saw many house improvements, particularly a new paint job that was the focus of a Work Weekend. New carpet was laid in the living room, chapter room and back hall.

We initiated three men into the bond at the beginning of the quarter. Our softball team finished the tournament with great enthusiasm. The Univer-

sity has implemented a strict alcohol policy; in order to comply we are planning a dry rush.

Thanks to all our alumni who attended and contributed to Alumni Weekend.

TROY STATE

Spring quarter has always been eventful at Troy State and this year is no exception. We ended a good rush with five associate members, which is excellent for spring. We also placed fourth overall in Greek Week events and took first place in a new event, mud volleyball.

Beach party was once again held in Panama City, Florida. Our most popular event during Spring is our Luau. The backyard becomes a tropical paradise for a week which our alumni consider a real homecoming. We feast on roasted pigs and all the fixings of a Hawaiian feast.

UNION

The 1985-86 school year was one of improvement for us. We finally cleared our debt, thanks to support from our alumni. We were then able to use our resources for capital improvements on the house. Most of these improvements were made in the kitchen and living areas.

As the year draws to a close we are looking forward to a relaxing summer and an excellent rush and homecoming next fall.

VALDOSTA

We are proud to announce that we have won the first annual President's Cup award at Valdosta State. The award, presented by President **Hugh C. Baily**, is the highest award given to a fraternal organization at Valdosta State.

In sports, our basketball team captured the intramural championship. With Greek Week approaching we will be going for our 18th straight championship. Plans are under way to enlarge our trophy room.

We have just completed our annual trek to Panama City, Florida for Beach Trip.

The improvement in our alumni relations program is starting to pay off. We are receiving more alumni support than ever before. We are also looking forward to house renovations during the summer and a strong rush in the fall.

WEST VIRGINIA TECH

As the end of spring semester draws near, we are looking back at our accomplishments and planning

Delta Chis and friends at Northern Arizona show their Greek Week spirit.

for next year. Rush, as always, is the number one priority.

This year we finished third in the Greek Week competition and are currently undefeated in softball.

The Regional Conference was a great experience for those of us who attended. We would like to extend our thanks to the Windsor Chapter for its outstanding display of brotherhood.

WESTERN MICHIGAN

This past semester has been one of the most successful and productive ones since our rechartering five years ago. This is due to the positive attitude and hard work of all the brothers.

We started out by pledging 19 men, which was the highest pledge class on campus.

We worked hard to downplay the use of alcohol at our parties through the use of themes this semester. We had our traditional Delta Chi Beach Party, consistently the biggest and best party of the year at WMU. At the end of the year we had a David Letterman party. Our lone road trip was to the University of Michigan; we would like to thank the brothers there for their hospitality.

During the semester we raised more than \$300 selling carnations for Valentine's day. We also participated in the Delta Gamma Anchor Splash fundraiser; our own **Mike Van Horn** was the victor in the Mr. Anchorman bodybuilding contest.

Our intramural sports teams were strong this year, falling short of the all-sports trophy by just a few points.

The highlight of the semester in the sports scene was the basketball team, which took titles in the all Greek tournament and the campus wide tournament.

This semester ended with the initiation of 17 men into the Bond, raising our membership to almost 60 brothers. Also, we named **Joel Newhouse** chapter luminary for his hard work and dedication to our chapter and for maintaining the qualities that a Delta Chi possesses.

WINDSOR

We are proud to announce the addition of nine new brothers and the return of some lost alumni. They were welcomed in during our annual "Roof-test" party.

Our service projects went well last semester, with the fraternity raising money for the United Way during spring rush.

In-house improvements included renovation of the downstairs and the bar area.

The annual Regional Convention was held here with great success. All in attendance were pleased with what was accomplished. The brothers have now turned their attention to final exams, which are rapidly approaching. ΔX

Foundation Insights

An interview with Managing Director Jack Caperton, SMU '49

Have there been any changes in the operation of the Foundation since we last interviewed you in 1983?

Yes. I think the most significant change we have made is in our approach to annual giving. During the past 12 months, the Foundation joined with the Fraternity to coordinate the efforts of both entities in the annual solicitation of funds for operating expenses. In the past, each organization went its separate way, causing some confusion among our alumni.

Why do you need an Annual Campaign if you are raising money for an endowment?

Just as the Fraternity has needs for operating funds, the Foundation has annually recurring operating expenses. Administration fees for the management of income from the endowment are insufficient to operate the Foundation, so we must ask our alumni to provide this needed support each year.

How is the Campaign for the Second Century Endowment going?

Our endowment is growing, though not as fast as we'd like. However, the last time you interviewed me I reported that the endowment had assets of approximately \$250,000. Since then, gifts from alumni have increased our assets to about \$410,000 — that's a greater than 60% increase.

An article in a recent Quarterly appeared to promote chapter funds. Why is this important?

We really should call these Chapter Accounts because they are accounts within the Foundation's endowment. The accounts play a vital role in providing scholarship aid and scholarship recognition for Delta Chis in our chapters. It is an excellent way for alumni of certain chapters to maintain contact with and influence the future of their chapters. Existing chapter accounts are having a positive effect on attracting quality undergraduates to Delta Chi.

How is the Foundation doing in this effort to establish more chapter accounts?

It's too early to tell; we are just getting under way with this project. We have contacted a number of chapters which have large numbers of alumni and a few are taking the initial steps to establish accounts within the endowment.

We've heard a lot about leadership development. What has happened in that area since our 1983 interview?

We are excited about what has happened. Since our last visit, we established a leadership school and we are proud to have named it The Senator Henry M. Jackson Leadership College, after our late brother **Henry M. Jackson**, WA '34. We have had sessions of the college in the last couple of years and plan to expand the program as we acquire more funding.

Have factors on the national scene affected The Delta Chi Educational Foundation?

Yes, two things have happened which affect our Foundation. First, college costs have been increasing at a rate in excess of inflation and they will continue to increase.

Second, the Gramm-Rudman-Hollings legislation which reduces government funding of many programs, including education, has passed.

Why do these factors affect the Foundation?

They create pressure on the Foundation to do more to fulfill its obligation to provide scholarship assistance to worthy undergraduates. Increasing college costs combined with budgetary constraints brought on by the passage of Gramm-Rudman are increasing the financial burden for students and their families. In the future a greater emphasis will be placed upon financial aid from private sources rather than federal funding programs.

Aren't universities trying to find new ways to help students and their parents meet college costs?

Yes indeed. They have to. With more than \$260 million in cuts to education aid and the budget of the Department of Education reduced by 4%, and more cuts ahead, they really must do more. Merit and athletic scholarships are increasing and many colleges are devising innovative financing plans. But in many instances, these will not be enough. The Delta Chi Educational Foundation, through its alumni support, must be ready to provide financial aid to deserving Delta Chis.

Thank you, Jack, for this insight into the Foundation. Is there anything you'd like to add before we close?

I appreciate the opportunity to tell our alumni and undergraduates about the Foundation during this update. I mentioned the dollar assets in our endowment fund, but these are not our real assets. Our real assets are thousands of alumni who are proud to call themselves Delta Chis. Looking to the future, **Ray Galbreth** said it best when he commented, "Delta Chi needs to increase its ability to attract and develop (quality) men. Alumni involvement and support will be the key to the effort. The quality men will join the fraternity that has the most to offer. Scholastic assistance, leadership development, job placement and other such programs will enable our chapters to attract the best men. . . ."

AX

Regional Co-Chairman **John Warren** presents Texas A & M's "B", **Craig Yarborough** with the outstanding attendance trophy.

Region III Delta Chis await for the call-to-order.

Oklahoma Hosts Region III Leadership Conference

The 1986 Region III Leadership Conference was held in Norman, Oklahoma, February 21, 22, and 23. The Oklahoma Chapter hosted 62 undergraduates and 10 alumni from seven chapters and colonies throughout the region. Represented were Louisiana Tech Colony, L.S.U., Oklahoma, Oklahoma State, Tarleton Colony, Texas A & M Colony and Texas Tech.

The conference began Friday evening with registration and an informal party at the Oklahoma Chapter House. The party was a casual and relaxing opportunity to get acquainted with new brothers and to catch up on old times with past acquaintances.

Saturday's agenda began with the opening of the Region III Leadership Conference by Co-Chairmen **John Warren** and **Steve Ludwig**. The first item of business for the day was the president's report from each chapter. Following the reports a film was shown by OX Dave Westol entitled "Hazing on Trial." The film emphasized

the importance of a non-hazing associate program. Afterwards, **Fred Hammett**, "AA", delivered the State of the Fraternity report, which included announcements and items of general concern to Delta Chi.

After a short break Ed King, motivational speaker who also spoke at the 1985 Delta Chi National Convention, delivered the keynote address on the fundamentals of ritual. King is a member of the Sigma Chi Fraternity and a Director of Campus Life at Bradley University.

Following Ed King's speech, the leadership workshops began with topics concerning some of the fraternity's most important issues. **Phil Ivers**, an Oklahoma State alumnus, presented a session on fundraising. **Pat Constantine**, Oklahoma Chapter "BB", presented a session on Alcohol Liabilities. **Glenn Weiss**, Vice Regent of Region III, gave a presentation on Public Relations. **John Dunlap**, alumnus from L.S.U., gave

Banquet catered by Spike & Andy's fine Barbecue (Oklahoma Delta Chis **Mike Baker**, **Audy Maggard** and **Rowdy Stracke**).

Georgia Southern Welcomes Region VIII Conference

Photos on back cover

This year's Region VIII conference was hosted February 28 through March 2 by the Georgia Southern Chapter of Delta Chi Fraternity, Statesboro, Georgia. Conference Coordinator **Robert Driggers** worked hard to make this year's conference one of the finest ever held in Region VIII.

There may have been some apprehension on the part of some about attending a Regional Conference where the chapter had no house and was only 12 actives and five pledges strong. These men dispelled the myth that the strength of a chapter lies in its numbers. Obviously, greater numbers provide greater resources, but Georgia Southern has the makings of an outstanding chapter and this year's conference was proof.

The conference was opened for registration with a reception and a welcome address by Dr. James D. Orr, Jr., Greek Advisor, Georgia Southern College. An informal get acquainted session was held later at a bonfire on the site of the future chapter house.

The business session was called to order the next morning with the following chapters present: Alabama, Augusta, Embry Riddle, Florida, Florida State, Georgia Southern, Jacksonville State, Mississippi State, Montevallo, Troy State, Valdosta and the Appalachian State Colony.

Ray Galbreth gave a presentation on the "State of the Fraternity" along with a slide show depicting the headquarters office in Iowa City and a presentation on Delta Chi's finances and growth.

Matt Taylor, Florida Chapter, was selected for the Housing Fund Committee and **Anthony Hipp**, Appalachian State Colony, was selected for the Constitution and Bylaws Committee. **Mike Carroll** was elected Regent by unanimous acclamation.

The next order of business was site selection for the 1987 Region VIII Conference. Embry Riddle was chosen.

The conference banquet was held along with the leadership sessions at the Georgia Southern Conference Center, which was an excellent fa-

cility. The speaker, Dr. Wayne Ates, was the highlight of the conference for many. His combination of humor and message was well received and food for thought.

After the banquet a ritual exemplification was held. **Ray Galbreth** conducted the question and answer series, providing both history and clarification on the intended method of performing the ritual. This session closed with the Bond Song being sung outside.

Conference attendees totaled 79. With this kind of participation, the conference was considered a success. In addition to the specific topics of the leadership sessions, the goal of the conference was to bring a better understanding and appreciation of Delta Chi as an international fraternity to those in attendance. By providing a forum for the interaction of chapters and the exchange of ideas and issues, I believe we met our goals and these young men will take back to their chapters the enthusiasm generated by this conference.

Alumni Newsmakers

BALL STATE

Ronald D. Huff '65, was promoted to Colonel on December 1, 1985, and will be reassigned to the Pentagon, Washington D.C., as Chief of the Strategic Missile Division.

IDAHO

Robert J. Lamphere '40, has co-authored a book with Tom Shachtman. It will be published late this spring by Random House. The book, which is entitled *The FBI-KGB War*, covers many of Brother Lamphere's experiences as a Special Agent of the FBI from 1941 to 1955. It includes accounts of a number of the famous spy cases of that era including the Rosenberg case, his interview with Atomic Spy Klaus Fuchs in London and his dealings with Kim Philby of British Intelligence who was actually a KGB spy.

Prior to taking up writing as a new career Brother Lamphere was an officer for many years with John Hancock Insurance Company, retiring in 1982 as a Senior Vice President.

MICHIGAN STATE

Jim Robinson '73, "BB", has been named director of Farm Bureau Insurance Group's Field Communication Department. Robinson, former manager of marketing research, now directs office automation procedures and computer installations for Farm Bureau offices throughout Michigan.

OKLAHOMA

Fred Hammert '60, "AA", was chosen as the Outstanding Greek Alumni from the University of Oklahoma. He was chosen from among 28 other fraternity alumni at Oklahoma, which has the second largest Greek system in the nation. The decision was based on the candidate's contribution to the Greek system in addition to community service. This is one of the most prestigious honors given to Oklahoma University alumni.

continued from page 17

a presentation on Rush. Last, **Fred Hammert**, gave a presentation on Alumni Relations. Afterwards, all attendees gathered together for one last business meeting. During the meeting **Glenn Weiss** was elected Regent of Region III. Then came the selection for the 1987 host for the Regional Leadership Conference: Oklahoma State, in Stillwater, Oklahoma. To conclude Saturday's Leadership Conference a tour of Oklahoma University's Greek System was given, and included a brief look at the 1985 National Football Champion sign hung on Owen Stadium.

As the day drew to a close the evening festivities began. First was a barbecue served by "Spike and Andy's Back-Patio Barbecue," alias, Oklahoma's very own **Audy Maggard** and **Mike Baker**. The festivities continued with a party featuring one of Norman's top bands. Two brothers, **John Collins** and **Chip Johnson**, are members of the band.

After a fun-filled evening all the brothers participated in the ritual exemplification conducted by *Quarterly* Alumni Editor, Oklahoma's "BB" **Pat Constantine**, Gorham State '76. After the ritual exemplification, the Outstanding Attendance Trophy was presented to Texas A & M Colony. This concluded the events of the 1986 Region III Leadership Conference. **ΔX**

Otis R. Bowen, Secretary of Health and Human Services.

continued from page 5

and more interested in local and state government. I found myself "growling" about some of the things happening and some of the things that should happen but didn't. When my term as coroner ended the position of state representative became vacant. So I ran and won, and was re-elected for a total of seven terms. In the 4th term I became minority leader; I became Speaker of the House for my 5th, 6th and 7th terms and then was elected and re-elected Governor. I was the first Governor to serve eight successive years.

Following my term as Governor I served as professor of Family Medicine at I.U. School of Medicine. In my second year there I was asked to chair the Advisory Council on Social Security to look into Medicare's financial problems. Then in late 1985 I was called by President Reagan to serve as the Secretary of Health and Human Services.

Q: What do you want to accomplish as Secretary of Health and Human Services and what were your achievements as Governor?

A: There is a long list of perceived problems that need attention and to mention a few and leave out others could be dangerous, because some might think I've neglected their particular priority. However, I've selected a few that I'd like to stress: The establishment of an acute catastrophic care program for prolonged hospitalization and chronic long term care (prolonged nursing home care). These two

programs would be for medicare eligible individuals. The establishment of a third catastrophic care program for the general population. These programs should be made as cost neutral as possible to the federal government.

Another problem that needs attention and which is driving the cost of health care up is that of the practice of "defensive medicine" as a result of medical liability and which leads to very high malpractice premiums.

A pet project with emotional appeal is to improve the possibility of having healthy newborns through good prenatal care, especially by encouraging no smoking and no alcohol consumption during pregnancy. These practices can result in lower birth weights, and physical and mental impairments.

As Governor, I suspect my biggest accomplishments were: revising the tax system in Indiana to reduce the burden of the cost of local government and public education from the property tax and shifting a portion of the costs to the broader based state level taxes for these purposes. This plus other tax reforms led to Indiana's ranking 50th in the nation by 1979 as to the percent of one's income we took to run state and local government — and we really didn't neglect anything.

Other accomplishments were the establishment of a statewide emergency medical services program, getting through the legislature a model medical malpractice act, upgrading our state park and recreational system and completion of almost all of our interstate highway system. **ΔX**
