Chapters key to continued success

It is a distinct honor to prepare this Founders' Day message. For twenty years, since my election as pledge class (now associate member) secretary, it has been my privilege to serve in some office of the Fraternity virtually without interruption. In that time, several things have become apparent to me regarding the successful operation of Delta Chi Chapters and the General Fraternity.

The first observation is that "fraternity" happens in the chapter. Chapters that can offer a consistently high quality brotherhood experience prosper. Those chapters that are erratic in their operations ride a roller coaster of highs and lows. Young alumni who have been nourished with a good fraternal experience during an upturn are quickly used up when they offer their services during a slide. The situation repeats; like being on a real roller coaster it becomes hard to get off the ride in mid-course.

Second, people support what they create. This makes changing the course of a roller coaster chapter difficult. There is a great deal of vested interest among current members in seeing through the plans they have made. They lack the objectivity to see where the ride will take them. For chapters that have provided years of quality service this dynamic can also prove to be destructive. If younger members come to believe that things get done automatically, operations can take a quick and surprising downturn, which catches everyone unawares. This happens because younger members have not been adequately involved in the on-going creative process that insures daily growth.

Third, excellent people and excellent chapters go hand in hand. And I believe each helps create the other. A chapter filled with brothers who are intent on their duties to self, scholarship and fraternity perpetuates itself. At some point, mutual expectations for individual and corporate achievement reach symbiosis. Alumni and undergraduates come to view fraternity as a living entity which must be nurtured and cared for.

Finally, chapters that operate best are those which enjoy a significant cadre of local alumni who are closely involved in operations but sufficiently removed to allow undergraduate brothers a chance to learn from their mistakes. This is not an easy balance to strike. Just as it is difficult to allow my own children to make necessary mistakes, it is difficult for involved alumni to allow undergraduates to make errors.

There is almost universal recognition of the role alumni play in insuring a consistently high level of success. But many of our chapters are located in communities that cannot attract and hold newly graduated brothers in pursuit of careers. In this regard, I believe Delta Chi has taken significant strides in guiding chapters to locate and initiate local business people who can help in chapter operations. By our centennial year, wouldn't it be grand to also have in place even a rudimentary job referral service to assist recent graduates and alumni?

As Delta Chi enters its 97th year, there are significant signs of success. It is my sincere belief that we are beginning this school year in the strongest position enjoyed in our history. I am intensely proud of the achievements of alumni and undergraduates alike as we work together to strengthen our Fraternity.

As always, more must be done. We must develop a system of constantly recruiting local alumni to vital positions of leadership within Delta Chi. We must develop systems which allow alumni brothers every advantage in seeing their sons, brothers, friends and relatives become initiated into the Bond of Delta Chi. It is a too frequent disappointment to talk with undergraduate brothers who take pride at their independence in refusing a legacy. The number of people hurt by this vanity and the long-term destructive

effect it can have on the fabric of the Fraternity must be addressed.

Much has been achieved and more remains to be done as we near our centennial. Please join with me in a moment of reflection on what has been accomplished in the last 97 years as we celebrate this Founders' Day. And after a moment of reflection and pride, please join me in planning and reflecting on what we can do to send Delta Chi into its second century an even more healthy and vibrant fraternity.

Convention review, 1987

The 46th Convention of The Delta Chi Fraternity was held at the Sheraton New Orleans August 5-9, 1987. The theme was "Delta Chi — and all that jazz!" and, with New Orleans and the French Quarter as a backdrop, the Convention was certainly festive. Even though the Board of Regents convened on August 4 for its pre-Convention Board meeting, and a "Welcome to New Orleans" reception complete with a Dixieland Band was held on the night of the 5th, the official opening of the Convention occurred at 9:00 a.m. on August 6 when the 41st "AA" of the Fraternity, **Fredrick B. Hammett**, called the Convention to order.

General Session #1 included the induction of the newest members into the Order of the White Carnation, speeches by the candidates for the offices of "AA", "CC" and "DD", the proposal for a dues increase, the approval of two resolutions concerning the operation of the various IFCs around the country, and the approval of some amendments to Delta Chi Law. After lunch and the Convention photo, the delegates reconvened in their respective Regional caucuses to discuss the dues proposal as well as meet with the candidates in a more informal setting.

General Session #2 included the passing of the proposed dues increase to take effect January 1, 1988 (Chapters: Initiation dues go from \$95 to \$110 and spring membership dues go from \$17 to \$20 while, effective 1988, fall membership dues go from \$21 to \$20; Colonies: Initiation dues go from \$80 to \$95) and the election of the new Fraternity officers: "AA", **Larry P. Audlehelm**, Iowa '71; "CC", **Michael Carroll**, Auburn '71; and "DD", **Gregory F. Hauser**, Michigan State '75. That evening, the Convention initiated **Ken Kilby**, the "A" of our newest colony at Maryland.

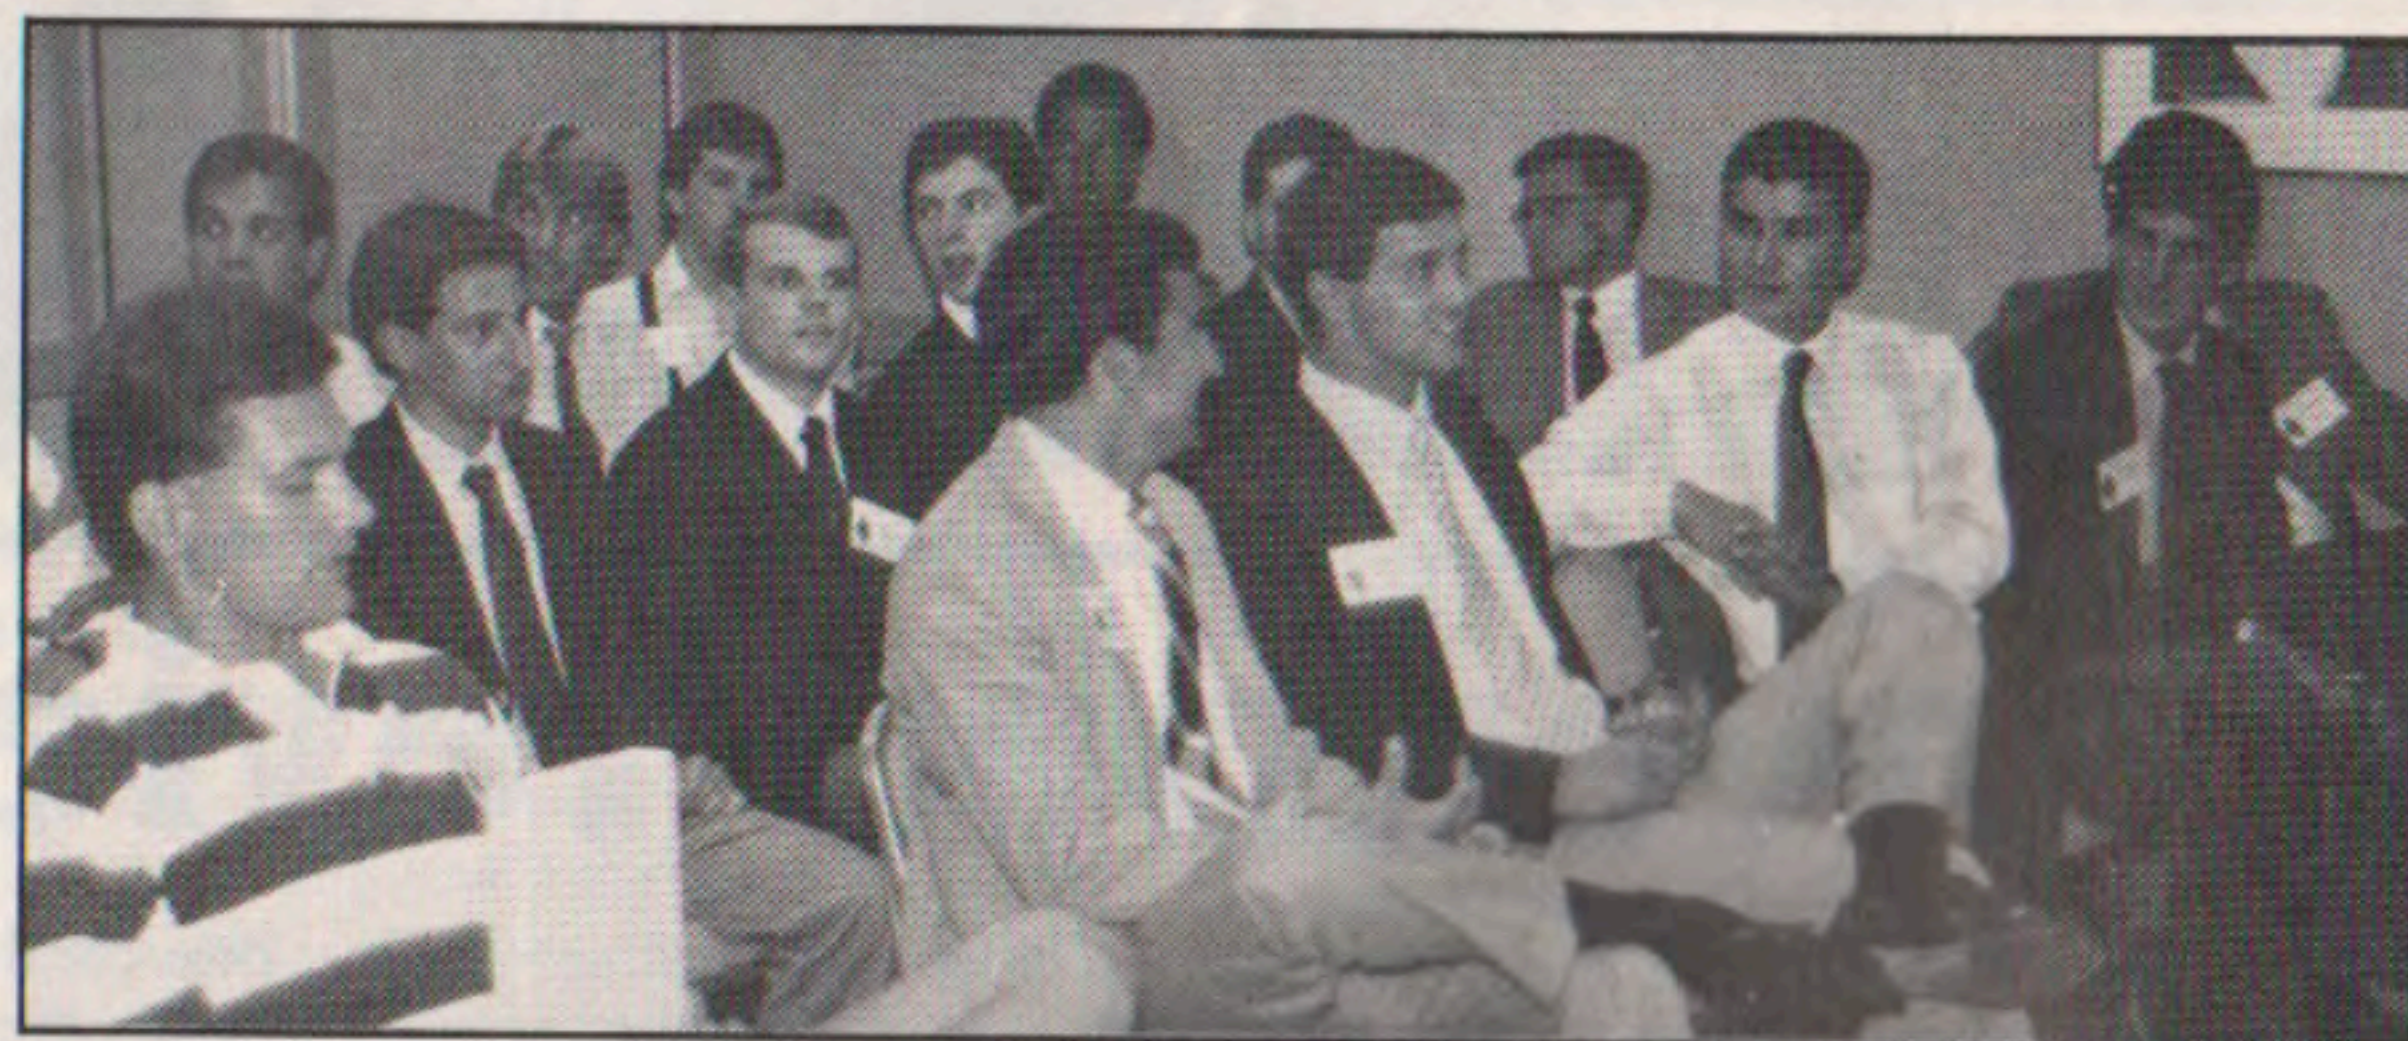

The morning of August 7 was filled with nine College Sessions dealing with such topics as "Liability/Risk Management," "Managing Change," and "Financial Management." There was also a two hour session for volunteer alumni. That afternoon, the delegates were treated to a three

hour ride on the riverboat *Creole Queen* and a trip to the battlefield where the Americans defeated the British during the War of 1812.

Saturday, August 8, the College Sessions continued with twelve more topics ranging from "Creativity" to "Sexism and Sexual Abuse" to "Selling Yourself on the Job Market." The Delta Chi Educational Foundation held its annual meeting that day as well. Two of the key issues the Board of the Foundation addressed were the Foundation's assuming all of the fund raising activities for Delta Chi and the potential sponsoring of a Centennial History of Delta Chi. The book is envisioned to be available prior to the 1990 Convention.

That evening was the formal Banquet. The keynote speaker was Brother **Kevin Costner**, Fullerton '77, of *Silverado*, *Untouchables*, and *No Way Out* fame. His three-fold message of give up your dreams last, be willing to take risks, and never be afraid was taken to heart by everyone there. His pride in being a Delta Chi was obvious to all. Also in attendance to receive the Delta Chi of the Year Award for 1987 was former Chairman of the Democratic National Committee, Brother **Charles T. Manatt**, Iowa State '58. Brother Manatt spoke briefly and brought pride to the hearts of those in attendance that such a successful man cared enough to come and share this experience with them. The recipient of the Delta Chi of the Year Award for 1986, Secretary of Health and Human Services **Otis Bowen**, M.D., was unable to accept his award in person as he was opening the Pan American Games that day in Indianapolis.

The morning of Sunday, August 9 was the Awards Brunch where the various individual and chapter awards were presented and the new officers who will be leading Delta Chi toward its Centennial Homecoming in 1990 at Cornell University were inducted. After viewing the film "Do You Believe in Miracles?", which chronicled the 1980 Gold Medal U.S. Hockey Team, the Convention was officially closed with the rallying cry, "See you at Cornell!"

1986-87 Award Winners are ...

The Delta Chi Awards Program is designed to recognize and promote those areas which are critical to the success of a chapter. The oldest award, the "E" Key, combined with the Outstanding "C" Award recognizes the individual performance of two vital chapter officers.

In recognition of a chapter's performance on campus and within the community the Outstanding Campus Leadership Award, the Outstanding Intramural Program and the Outstand-

ing Service Projects Awards are presented.

Four awards deal with the alumni program of the chapter: The Outstanding "BB" Award, The Outstanding Alumni Association, The Outstanding ABT and The Outstanding Newsletter.

For the Award of Excellence, the Fraternity was divided into two divisions: Red and Buff. The Red Division contains those chapters which compete with 18 or more fraternities on their campus or whose Greek System has over 40%

of the undergraduate student body. The remaining chapters then make up the Buff Division. The winners of the Award of Excellence showed strength across the board. In most cases they were award winners in several of the special award areas. When they were not, they simply showed consistently above average performance in all areas with no area of weakness.

From the recipients of the Award of Excellence, the "AA" selects at least one President's Cup winner in each division.

ORDER OF THE WHITE CARNATION

Roger Steffan, Ohio State '13 (posthumous), served on the board of directors of the Educational Foundation, was editor of the *Quarterly*, instituted the "E" Key Awards, was "EE" and an Executive Board member.

J. Nick Gray, Missouri '56, has served Delta Chi as "AA", was an Executive Committee member, was on the Board of Regents, and helped start chapters at Northeast Missouri, Northwest Missouri, Missouri and Kansas City.

1987 — Charles T. Manatt, Iowa State '58. Brother Manatt was chairman of the Democratic National Committee from 1981-1985, is a founder and chairman of First Los Angeles Bank, is past president of the California Bankers Association, and is a founder of Manatt, Phelps, Rothenberg and Phillips/Evans law firm.

PROGRESS

The Delta Chi Fraternity continues to grow as we count down the years to our centennial. Three more years until we meet in Ithaca, New York to celebrate our founding.

This past year has seen Delta Chi improve in many areas. In the area of expansion, Delta Chi established five new colonies: Auburn (former chapter), Maryland, Missouri (former chapter), Texas (former chapter), and Washington State (former chapter). The Chico, Creighton (former chapter), Northern Arizona (former chapter), and Southwest Missouri colonies were chartered. This fall we will be reorganizing our Huntsville and Southern California chapters and colonizing at Kent State.

We intend to continue our strong expansion efforts with special attention paid to reestablishing our inactive chapters. Our expansion efforts in recent years have been outstanding. We currently have twelve colonies, seven of which are former chapters.

HOUSING FUND

The Delta Chi Housing Fund has passed the three quarters of a million dollars mark as we stand at \$775,358 in total assets as of June 30, 1987. This past fiscal year brought in a net increase of \$85,092. In the last five years the Fund has increased \$354,831.

More than \$564,585 of the Fund is out in loans to 32 of our chapters and colonies. This past year \$134,500 was approved for new loans.

The Fund has played a significant role in strengthening the quality of chapter housing and, therefore, the fraternity as a whole. Remodeling, maintenance, furnishings and especially the updating of fire safety systems have been the main areas of attraction.

FINANCE

On the whole, Delta Chi did well this past year. On our \$378,000 budget, our general fund surplus totaled \$31,290. Our

general fund expenses were \$10,370 under budget while our income was \$20,920 over budget. The Board of Regents voted to use the majority of this surplus to increase our field staff for the current school year and purchase some much needed office equipment for the Headquarters. All-time records in alumni contributions, associate member dues, and our initiation dues made up most of the surplus.

The operation of the general fraternity was enhanced this past year by a decrease in accounts receivable owed by our chapters. Because of the improved health of our chapters, a higher regard for Delta Chi among our own members, and the fact that the general fraternity took stronger disciplinary action against financially irresponsible chapters and individuals, the accounts receivable, with a balance of \$43,194, showed a \$24,189 decrease from the previous year. The debt is still a problem but the situation is getting better. We will continue to press to resolve this situation.

FOUR YEARS OF COLLEGE DOWN THE TUBES.

If you think the tests in college are tough, wait until your first job interview. Last year, America's businesses lost

\$60 billion to drugs.

So this year, most of the Fortune 500 will be administering drug tests. Failing the test

means you won't be considered for employment.

After all, if you're into drugs, how smart can you be.

WE'RE PUTTING DRUGS OUT OF BUSINESS.

MICHIGAN STATE

Joseph M. Day, '33, built the world's largest oven this summer. Brother Day, president of Joseph M. Day Co., Saginaw, a division of Banner Engineering & Sales Inc., designed four burners that are the equivalent of 5,000 home ranges for pie manufacturer Chef Pierre Inc. The world-class oven was then used to bake the world's largest cherry pie for the U.S. Governor's Conference and the Guinness Book of World Records. Brother Day's 7-foot high oven, with an internal diameter of 21 feet, was built on site at West Grand Traverse Bay.

Robert E. Rengo, '42, has received a special tribute from the state of Michigan to recognize his contributions as an aviation pioneer.

In 1940 Brother Rengo participated in the Civilian Pilot Training Program at Michigan State, and the next year became a flight instructor. He continued in flight instruction at Purdue in the Naval Officer's Flight program, then flew for the China National Aviation Corporation. He pioneered "hump" flying and received many medals and citations, including the China Freedom medal.
