## The Big Step for Arizona State

By Tony zumMallen "E"

The Arizona State Colony was started October 18, 1985, by **Roger Barry** and **Marty Ferris**. Delta Chi Headquarters sent Leadership Consultant **Rob Chapin** to establish our Alumni Board of Trustees, faculty advisor, and "BB". Twelve more founding fathers were recruited and began to build a fraternity.

Each step, no matter how small (something as simple as organizing a car wash to raise money for the colony), was significant and seemingly impossible to accomplish. The colony was inexperienced in every department. We learned as we went, developing structured systems that require cooperation and communication. We have organized many philanthropic, fundraising, and social events, as well as many successful rushes. We now have 48 active members.

From a dormitory room, to an apartment, to a two-bedroom house, and now to a twelve-unit apartment complex, we are proud of our progress.

Our brotherhood has inspired many initiates who helped the colony grow. If you asked any Greek on our campus of some 42,000 students the location of the Delta Chi house, you would inevitably find yourself at our doorstep.

Ideas, people, places, and environment all have changed during our time as a colony. The brotherhood, though, is

steadfast and can be felt among all the brothers here.

Our chartering ball was held at the Registry Resort in Scottsdale, where 118 people witnessed this once in a lifetime event. The number of parents in attendance was outstanding, considering that 90 percent of our members are not from Arizona.

After dinner, chartering chairman **Erlich Schnitzler** welcomed the guests. Sen. **Douglas S. Holsclaw**, Arizona '26, Order of the White Carnation, began the chartering ceremony. He ended his remarks with his trademark, "I want to see 100 chapters within our first 100 years and at least one chapter in every state."

Founding colony "A" **John Scott Neff** began his speech with these words: "I'm Big Daddy and this is my family!" Regent **Gene Johnson** talked about making decisions based on available information, and including the use of the heart. "DD" **Gregory Hauser** presented "A" **Gregg Spund** with the recognition we had all been waiting for: our charter.

The atmosphere that evening was one of exhilaration: This was the culmination of the colony's hard work, and yet only the beginning of our endeavor for everlasting brotherhood as a new chapter. We are each proud to be a Delta Chi.

Proud founding fathers, from left, Mike Lindberg, Coco Brice, Kyle Hagen, Chad Andrews, Erich Schnitzler, Dan Gomez, Scott Neff, and Charles Hoeker.

## Central Michigan Celebrates

By Robert B. Bennett "E"

April 9, 1988 marked the end of Central Michigan's five years as a colony and the beginning of another Delta Chi Chapter. The festive Saturday began with a reception at the house for alumni, parents, and special guests. At 1 p.m. the associate members and several actives participated in a Greek Week Walk-a-thon for Muscular Dystrophy.

That evening the chartering banquet was held at the Park Inn. After dinner, Master of Ceremonies **Dave Grey** presented the awards, with special appreciation awards going to "BB" **Jay Oestrich** and Dr. **Glenn Starnier** for their help in the formation of a working ABT. The IFC gave the Greek Man of the Year award to **Allen Enders**, IFC president.

**Joe Lacchia**, NYU '25, gave a truly in-

spirational speech. Dr. Starnier, director of the Office of Student Life and an alumni member of Delta Chi, spoke on the role of fraternities in students' lives. **Dave Frelmann** '85, one of the founding fathers, told us about the origins of Delta Chi here at Central Michigan.

"DD" **Gregory Hauser**, using the letter "C" as a theme, spoke of critical contributions and creation, colony and chapter, and most important, commitment. After the final signature from Regent **Christopher Johnson**, Brother Hauser presented the Chartering Proclamation to "A" **Jeff McMasters**.

After the cake was served, the music, dancing, and celebrating continued long into the night, a night that will never be forgotten.

This special Delta Chi cake made Central Michigan's celebration sweeter.

# Delta Chi Dances Around the World

By Gregory F. Hauser "DD"

Brother Dolder warming up with his fiancée, Anne Westwick.

Do you know of Martha Graham? Legendary, she essentially invented modern dance. Now in her mid-90's, she is still the queen of the modern dance world, and only a few dancers are selected for her New York City company. Counted among them currently is a Delta Chi, **Christopher Dolder**, Abracadabra '84.

Dancers such as Brother Dolder, who succeed at modern dancing as a career, are a very select group. There are in the world only ten or so "major" companies able to provide their dancers with a full-time income. For each such company, there is perhaps one opening for a male dancer in a year.

Founded in 1926, the Martha Graham Dance Company is the original and certainly one of the best in the world. This gives you some idea of Christopher's achievement. He has entered a second, worldwide but very small fraternity of male dancers that is only about as large as the average student chapter of Delta Chi.

The amazing stamina he must have becomes apparent when he describes a typical day at the Martha Graham Center for Contemporary Dance in Manhattan: arrive between 10:30 and 11:00 a.m. to begin stretching out; dance class from 11:45 until 1:30; re-

hearsals from 2 to 6 and again from 8 to 10. Few of us could dance for an hour straight, much less for nearly eight hours a day, six days a week.

Brother Dolder, originally considering a career in law, attended a junior college where he studied acting and business law. A member of the track team, he participated in the long, triple, and high jumps. After two years, he transferred to the University of California at Berkeley to study to become an actor. Advised to take dance to help his acting, he enrolled in a modern dance class because he knew that women took the class and he thought that it would cover what he considered "social" dancing.

It is hard to say who was more surprised, his classmates or Christopher, when he showed up for the prerequisite audition in gym shorts and a Mickey Mouse t-shirt — everyone else was in tights. Of the 70 auditioning, only 35 made the cut. He credits strength and coordination from his track training for his inclusion in the class.

Before long, he discovered he enjoyed dancing with its physical demands more than he enjoyed acting. He set his career sights on New York City, home of five major dance companies. After his first year at Berkeley, he was able to join the Bay Area Repertory Dance Company, where he also danced for the first year after graduation.

Meanwhile, Delta Chi was the other "D" in his life. He rushed and pledged during his first term at Berkeley. Brother **Phil Yang** '80 remembers that Christopher was the first prospective member to be voted a bid and the first to accept. His nickname at the chapter house was "Spud," because his brothers thought his hometown of Oroville (California) sounded like a place where "they must grow potatoes." The other modern dancers on campus thought it hilarious that Dolder was Greek. "Frat boys don't dance!" they said.

But Dolder did. He moved to New York in 1985 and worked as a waiter to pay the \$300 per month tuition to the Graham school. After one month, he was awarded a partial scholarship, and a full scholarship the next month. The following month, January 1986, he did an "intensive" program and in February auditioned successfully for the ensemble, a student company. In April he was invited to join the main

**Dancer** continued on page 19

# The Life of Riley

By Lynn M. Reese, University of Alabama

The Student Government Association president is cheerfully complaining that he has not had much time to relax. It's early December 1987, and Rob Riley is up to his ears in plans for the closing days of his administration, and one plan in particular is consuming his time.

Three months later, Riley is still grinning, but the work load is greater than ever. Riley's pet project has become a viable idea, but with the raising of much money and even more expectations have come a number of headaches.

Since leaving the SGA office in January, Riley has been overseeing the \$300,000 Palmer Lake Project. He is currently project committee chairman, and he has spent many hours raising funds to build a facility at Palmer Lake on the campus, near Ferguson Center. The project calls for a building for student social functions, and recreational facilities such as a jogging track and areas for studying.

His "great idea" has been burdened with more than its share of controversy. "Some students were opposed to it because they felt student organizations should not be involved in fund-raising. But the facts are that the University did not have the money to replace the old Party Barn, so we had to try and raise the money ourselves. Now every major student group is working on the project. Most of it is completed, except for the actual construction of the facility," he said.

Riley has exceeded the original fund-raising goal by about \$91,000. He is responsible in a large part for initiating the Palmer Lake Project Proposal, but he says he must share much of the credit with others who worked with him, such as student architect Sted McCollough, student interior designer Allison Pucetti, advisory board coordinator Joey Viselli, Greek house coordinator Toby Roth and alumni fund-raiser Teri Wilton.

Riley has enjoyed the 30 hours of work he's put into the Project each week, while trying to keep his grades

Rob Riley, Alabama '88, talks with his father. Rob has built his success on down-home values.

on the dean's list level. The frat-boy SGA president who won the hearts of most independent students during his campaign just keeps on grinning. If he has a secret for his equanimity in the face of adversity, perhaps it's his background.

Riley has a fresh, humble and occasionally unsophisticated attitude that comes from growing up on a farm in Ashland, Alabama. He once began a private business which consisted of buying, raising, and selling feeder pigs. "I loved being raised in the country. I have always enjoyed walking in the pastures and working on the farm," he remembers.

Riley has worked hard all of his life. After he won almost every award

in high school, lettered in every sport, and graduated valedictorian, Rob's classmates at Clay County High School took a wild chance and named him "Most Likely To Succeed."

The honors he has received while at the University are also nearly endless. He is active in some eight honoraries and received Outstanding Freshman and Junior of the Year awards.

He received a 1986 Truman Scholarship, awarded to only 100 sophomores across the nation. The scholarship is based on academics,

Reprinted from the *Alabama Alumni Magazine*, April/May 1988, with permission.

extracurricular activities and dedication to public service.

"John Burke (the University coordinator for national Scholarships and a professor of English) has guided me throughout all my years here. He helped me tremendously," Riley says.

The award he is most proud of is *Time* magazine's College Achievement Award, which is awarded to only 100 college juniors across the nation.

"Rob has impressed me with his initiative and ambition. He has raw talent when it comes to leadership abilities," Burke says. He also said that Riley is a very directed young man who will do great things for the state. He describes him as a "tremendously hard worker with a good heart and a good head."

Rob says that having a supportive family (parents, Robert Sr. and Patsy, and three sisters) has helped him tackle obstacles and reach his goals.

"My father has truly been the greatest inspiration to me. He gives me honest advice. He knows how to pick me up when I'm depressed and to put me in my place when I get too big for my britches," Riley says. "At every turn in college, my family has been there for me — in times of my successes and failures."

But he has not had many failures here. One of his economics professors, Dr. Charles Leathers, said Riley has taken 100 percent advantage of the opportunities at the University. He also said that unlike most student politicians, he shows an interest in everyone.

**Scott Salter**, a fellow member of the Delta Chi Fraternity, agrees that he works hard for the whole student body, not just a select few.

"He is very determined and will do whatever it takes to succeed. He gives 100 percent all the time," Salter added. He also said that because Riley is a natural leader, he was a very effective SGA president.

"The best advantage I found about being in the Student Government is that I get to be involved with so many different kinds of students. All the friendships I have made are very important to me," Riley said.

He enjoys playing rugby, running and playing basketball. "One of the biggest disadvantages I have is that I

don't have a lot of time for the things I enjoy. So when I do escape, I like to exercise."

Dr. Ed Whipple, Director of Student Life, regards him as "the most excellent role model" for students. He said that the fact that Rob finds time for extracurricular activities shows that he has his priorities in place. "He not only has time for academics, but he is sensitive to the needs of other people in his life," Whipple said.

He also said that the combination of his small-town, family-oriented values and his ever-increasing knowledge of how the University works makes him a strong leader. "He is truly a pleasure to work with."

So what does the future hold for Rob Riley? Whipple said he would bet that five to ten years down the road,

Riley would be in some form of public office. "He will utilize his education and academic talents, plus his vibrant, dynamic personality to serve the Alabama community," he speculated.

Riley, though, doesn't have the time to look too far ahead. "I plan to graduate [magna cum laude] in May with a bachelor's degree in economics, and then attend law school." [Rob has been accepted at Yale Law School.]

He admits that he would like to practice law one day in one of Alabama's larger cities. "But eventually, I'd want to settle down in Ashland. That's where I feel most comfortable," he says with finality.

Riley has one more ambition. "I'd like to come back to campus in about 20 years and walk around Palmer Lake."

# Campus Scene

## ABRACADABRA

Our Alumni Banquet was a great success! We celebrated the tenth anniversary of our rechartering and attendance was amazing. "AA" **Larry Audlehelm** and Region 1 Regent **Bob LaBouy** were among the guests. Special thanks to **Jeff Endler** "E" and Brother **Noel Johnson** '79 who organized the grand event.

We have revived three plaques that will record the names of Active, Alumnus, and Sportsman of the Year for years to come. These awards were presented at the banquet to our current "A" **Robert Amparan**, Active of the Year; Brother **Steve Copper** '82, Alumnus of the Year; and Brother **Steve Hlatt**, a member of the 1988 NCAA Rugby Championship team, Sportsman of the Year.

Our parents have become more involved in our chapter, and next semester we will show our thanks at our Annual Parents' Day. Alumni will be needed this summer for our active-alumni softball game and next fall for our golf tournament. We maintained our excellent sports reputation by making the finals in softball, street hockey and indoor soccer. Brothers **Pete Seck**, **Mark Helmbrecht**, and **Matt Dallek** were our first intramural champions in 4-man volleyball!

Last, but not least, we've initiated eight men.

## ALABAMA

This fall blasted off with a 19-man pledge class. In our athletic endeavors we made it to the intramural playoffs in soccer, volleyball, and basketball.

The blast-off continued into spring with a six-man pledge class. We had a thrilling time at our house formal in New Orleans, and we also won the Greek Games during Greek Week.

One of the happiest moments came when our long-awaited recreation room was opened at our first spring rush party. Our Indian Party went exceptionally well and we are looking for a 40-man class for the fall of 1988. One of the last weekends of the semester, we hosted the pledge class from the Illinois Chapter, who came down with their pledge counselors and three members.

We thank our alumni for their support this past year. Without them much of what we accomplished, especially our new recreation room, could have not happened. We are very grateful. A special thank you to Alumni Board Member **Jim Page** for all his time and effort in helping with our new building addition, and to **Tracy B. Ritchey** for serving as our new "BB".

## ARIZONA

Spring has been a season of both expansion and internal development. The Spring Executive Board has worked hard to improve our systems of book-keeping, kitchen management, and house and physical upkeep. Alumni program restructuring will be implemented in the fall.

The chapter has experienced academic success with Brothers Milton Buckingham, Randall Papetti, Peter McCarthy, and Larry Medlin achieving 4.0's. The chapter has jumped several places in campus GPA rankings, and our pledge class had one of the highest GPA's on campus. Several members were accepted into University honorary societies.

Our famous Del Tiki Luau party was a huge success. The entire house was transformed into a tropical island, complete with caves, huts, pools, waterfalls, and tons of sand. We also introduced the first annual U of A All-Greek Golf Tournament to benefit the Make-A-Wish Foundation.

Campus involvement has reached new heights as well. Brother Papetti was elected one of eight University senators, and Brother Richard Holley was selected the University's Outstanding Community Volunteer.

of the Fraternity Award," All-Greek Winterfest Chairman, Initiated a standardized party policy for all campus Greeks, Organized Council of Presidents

## Texas A & M Charters!

"A" Bob Reilly awaits the big moment when Fred Hammett will present Texas A & M's charter.

## ARIZONA STATE

We are looking toward a strong fall rush with an active membership of 120, a full house, and a strong townsmen program.

In January a rumor started that we might receive our charter this semester. After many conversations with the Executive Director, we were told to set a date for a chartering ball. The date would be April 16, 1988. This proved to be an organizational nightmare, but it was a highly successful event which improved our alumni relations threefold.

Brother **Bob Hartman**, FULL '71, has played a vital role in our largest project to date, the acquisition of our new house. We are negotiating to acquire a brand new apartment complex close to campus. The complex is large enough for the entire chapter, plus any associate members we recruit.

We also had our most successful philanthropic event to date. Thanks to our philanthropic chairman **Eric Stormer**, we now have an annual Delta Chi Capture the Flag Tournament, for Make-A-Wish Foundation. This year we had six other major new row and old row houses participate.

Finally, the long-awaited day may come. The last link in our quest to become a full-fledged fraternity, recognition from the A.S.U. Intrafraternal Council, is expected soon. Our 2.51 house GPA is the third highest among all fraternities.

## AUBURN COLONY

The quarter began in fine fashion with an Easter egg hunt for underprivileged children, co-sponsored by the Alpha Chi Omega Sorority. The egg painting was fun, but the joy in the faces of the 60 young children (not to mention the brothers) made the event a success. Initiation was next with a few extras added. We initiated three members' fathers and five new members.

The canoe trip was the next day. Thirty-seven people tackled the rapids and the hot dogs; a large majority of canoes did not stay right side up. We are currently

competing in Greek Week activities, and held the first annual Delta Chi "Idiot in a Tractor Tire Roll." We are beginning the tradition of Indian Party in grand fashion with a bunch of carzy members in loincloths.

Intramurals are progressing well for our softball and tennis teams while the badminton team has yet to play.

Perhaps our biggest accomplishments this quarter have been in the house. Through the dedicated efforts of the brothers, associates, and our resident advisor, the house is looking good. There is a new television room, and, thanks to the associate member project, a volleyball court in the backyard. The rooms are all looking good, and our pride in the house is showing.

## BALL STATE

This has been a time to set goals and to strive to achieve them in areas of campus and community relations, academics, membership education, and alumni relations.

Our philanthropic and community relations efforts have included blood drives, aluminum can collections, an Easter egg hunt for community children, a cookout and day of basketball for underprivileged children, participation in a local parade, and other functions. The highlight of our spring events was our Pig Roast, which after an absence of several years proved to be a great success.

Our academic goals became reality through the assistance of faculty advisor and newly initiated Brother Jay C. Thompson. With his help we've raised the G.P.A. required to pledge, and we've introduced study tables for the actives. We're confident these steps will enhance the overall quality of our membership.

With the great concern in the Greek system nationwide for liability and membership responsibility, the chapter has revamped our entire associate member program. Our education program is much more detailed with short- and long-term goals and objectives for our members as associates and later as actives. We're also stressing responsible partying and legal liabilities to both actives and associate members.

Our alumni relations are improving and we have

## Nominations due for Borelli Family Leadership Award

Recognizing that leadership development and recognition must be included in the ongoing program for "Personal Growth through Brotherhood," The Delta Chi Educational Foundation is pleased to announce The Borelli Family Leadership Award Program.

The program is to recognize those undergraduates who have fulfilled two or more of the following criteria:

- Held two elected officer positions in the chapter and made a significant contribution to the chapter that can be readily documented and measured and is recommended by the chapter "BB", ABT president, and respective campus fraternity advisor.
- President of a recognized major campus activity as certified by the respective dean of students (IFC, student government, student union, Omicron Kappa Delta, etc).
- Captain of a varsity sports team as certified by the director of athletics or a cheerleader for one full year as certified by the dean of student affairs.
- Editor of the campus newspaper or yearbook as certified by the dean of students.

Additionally, all recipients must be active in their chapters and have a "B" average (4.0/5.0 or 3.0/4.0) or better in their particular college or university.

There will be a maximum of 25 men recognized each year.

The deadline for receipt of all nominations will be June 1. The awards committee of The Delta Chi Educational Foundation will make the selections and no member of the Borelli family shall be a member nor receive the award. Each recipient will receive a certificate, and up to five of the top nominees may receive the award with "distinction" for "leadership above and beyond."

The awards will be presented at each biennial convention and during the non-convention years, at the summer meeting of the Board of Regents. If a recipient or a representative of his chapter is not present at the Board meeting or the convention the award will be mailed to the "BB" for presentation at the Founder's Day Celebration.

Established in memory of Pamela A. Borelli, beloved daughter of Raymond, Ill. '58 and sister of Mark, Ill. '81.

many projects in the planning stages. We're bringing back the Alumni Board of Trustees exclusively as an advisory group separate from the Housing Corporation, and we are working on an updated alumni directory. Our first annual Ed Coke Alumni Golf Classic will be August 6.

### CAL POLY COLONY

It was an emotional and triumphant moment for all of us when we became a colony of the Delta Chi Fraternity on March 5 at the Region II Conference at San Diego. Our programming has been strong, and we are continuing to improve.

Academically, we ranked third among the houses on campus, and we are shooting for number one next year. Our sports program has just begun, and we aim to be a strong contender in the future. To help project a better image for fraternities, we have developed a strong relationship with our local community by performing many regular service projects.

### CENTRAL MICHIGAN

Winter semester has been the best ever. April 9 we received our charter from "DD" Gregory Hauser at a banquet attended by 152 people, including Brothers Joe Lacchia, Christopher Johnson, Don Graham, and many Central Michigan alumni and founding fathers.

This semester, with the help of "BB" Jay Oestrich, we have a functioning ABT and Housing Corporation. Members include alumni Glenn Starnes, James Droege, Dan Jankowski, Rob Mahanes, Jack Neyer, and Andy Bennett, MSU '83.

This was also a successful semester athletically. We won the Greek Week track meet for the second time in three years; we placed second in basketball for the second year in a row; and we placed third in wrestling. April 22 we initiated two men into alumni status,

### Delta Chi is Back at Cal Poly!

After a 15-year absence, Delta Chi has returned to California Polytechnic State University at San Luis Obispo. It's been a long road, riddled with potholes, but we're finally here.

Delta Chi's return began October 13, 1987 when Scott Miller, an initiate of the Long Beach Chapter, established a new fraternity, Delta Chi Alpha. Leadership Consultant Jeff Albright visited and issued a challenge: To get 50 men and to do it on our own.

There were many obstacles. We had little to no money for rush. The IFC was hostile to expansion. The city had a negative attitude about fraternities. But the group persisted, and with a founding class of 14 men, we sowed the seeds that would become Delta Chi.

We set out to make a name for ourselves with the most progressive community service program on campus. Administered by "B" Lewis Chamberlain, it includes monthly projects at People's Kitchen and People's Shelter, organizations serving the homeless, and at Neighbors Helping Neighbors, the coordinator of area service agencies. San Luis Obispo was abuzz with news of the new, responsible fraternity. Our faculty advisor, Allen Settle, Ph.D., is a city councilman who has provided valuable guidance, and "A" Scott Miller instructed us in Delta Chi history and songs.

Over 60 men attended our spring rush events. Fifteen were bid and all accepted. When National Headquarters received news of our 29 members, we were invited to the Region II Leadership Conference at San Diego State March 4-6. Over half of the men made the 350-mile trip. After meeting us and reviewing our programs, "CC" Mike Carroll and Leadership Consultant Anthony Hipp decided to grant us colony status. At the banquet March 5, the announcement was made, and to add to the excitement, the associate member ceremony was performed before all the delegates.

Support came from Delta Chi chapters and colonies throughout the country. We began a rigorous, accelerated associate member program, and we soon welcomed 28 more men into the Bond. We are planning to move into a house next year, improve our sports and social programs, and by the end of the school year, we aim to be a chapter over 60 men strong. Our journey to chartering is not yet complete, but with hard times behind us and optimism ahead, the Cal Poly Colony is moving forward at top speed.

ΔΧ

This is the team that retired the Embry-Riddle Greek Week Trophy for the first time. Delta Chi received permanent custody of the trophy by winning it three consecutive years.

Jack Neyer and Courtney Schroeder, and nine associate members were also initiated. The next day we held a retreat to set our goals and plan our rush program for the next semester.

### CENTRAL MISSOURI

Spring began with the activation of seven brothers. This brings our membership to 63, which is second largest on campus.

We got together with the Alpha Omega Phi Sorority and held the first annual "Run for the Roses" to raise money for the American Arthritis Association. Over 50 runners participated in this successful event. Also, we conducted our third blood drive of

the year. Supervised by Brother Darren Schneider, we took first place in total pints given — 3011 Brother Andy Klinghammer received the CMSU Outstanding Greek Man Award.

Our house is currently undergoing vast improvement with the addition of new furniture for our chapter room and complete remodeling of our dining and entertainment rooms.

Social events included Biker, South-of-the-Border, Pajama, and Toga parties. This summer we are planning a float trip with the Alpha Sigma Alpha Sorority.

### CHICO

The year in sports has been very successful as we finished second in the race for the Greek Cup. In Greek competition, we finished first in both football and floor hockey.

In keeping with our chapter's dedication to community service, we donated over 600 man hours with various philanthropies. Our biggest effort came when we spent a Saturday cleaning a two-acre plot and house for Project Child. The house is going to be used as a center where abused children can go when they must leave home.

We were a roaring success in the first annual Rancho Chico Days parade. Our float was considered by many to be the finest entered in the parade. Celebrity Kelsey Grammer, who plays Dr. Frazier Crane on the television show "Cheers," was on our float.

### COLORADO

Spring semester has been one endless Delta Chi event. In January, the chapter went full swing into rush followed by formal pledging. February social events included the first High Seas Bash at the Boulder Depot Function Hall. Brothers and their dates, dressed as pirates and seafarers, rode chartered trolleys to and from the event.

March was marked by an alumni dinner held at the Elephant Bar of Boulder. As for winter intramurals, the football "A" Team again took first and the basketball team placed second. The "A" league hockey team missed out on a playoff spot and Captain Tony Lapin could only say, "This was a rebuilding year."

After a week of sunny, 70-degree weather, Saturday, April 9 could only be perfect for our Founders' Day Barbecue. Not in Colorado. A sudden Rocky Mountain weather system brought us three inches of snow Friday night and cold, cloudy weather Saturday. Spirits were high though, and the barbecue went on as planned.

The White Carnation Ball was held in Vail this spring. Our cycling team placed first in a citizens' race, with proceeds going to Craig Hospital. Finally, the chapter is in the midst of building a rec room to house a newly purchased pool table and perhaps a bench and free weights.

▶

### CONNECTICUT

April 28, we initiated seven men, including our second father-son legacy, Randy Schott. His father, Brother Whitney Schott, a 1965 alumnus of Iowa State, was present at the ceremony.

The annual Spring Quasi-Formal was held March 27 at the Capital Ramada Inn in Hartford. There was a good alumni turnout including alumni from other chapters.

Just a reminder: The annual Yale-UConn football game will be September 24. The chapter will hold its annual cookout and invite any and all Delta Chis to attend.

### CORNELL

The Century Fund has finally taken off under the direction of Steve Etzel '67, and Monte Frank. In a tremendous display of brotherhood at work, we held our first Century Fund phonathon. We rented the Cornell phonathon facilities, held a mini-party, and then proceeded to call approximately 700 brothers. In four hours, our efforts produced \$10,680 from 106 brothers, and we were also able to update our alumni chapter records. The entire brotherhood looks forward to the 1990 National Convention.

We are proud to announce the addition of 22 brothers. Parents' Weekend was a great success. Our cook, Leona, prepared Chicken Cordon Bleu. President Scott Brooks surprised us all with a fantastic jazz band.

Our treasurer, Jon Housman has placed an emphasis on house maintenance. Under the guidance of Brother Eric Bergesen, the house has been kept in tip-top shape.

Delta Chis are participating in all facets of campus life. Brother Bradley Smith was selected for the Engineers Honor Society. Brother Monte Frank was elected to the IFC Judicial Board, and the crew team remains strong behind Brothers Scott LePage, Dennis Geli, Rick Davis, and Chip Blodgett. Interfraternity softball has been led by Brothers Dave Miles and Mike Clarkson. Chapter Consultant Paul Cox, SAC '87, joined us for a game in mid-April.

### CREIGHTON

Once again we have demonstrated our leadership on campus. Brothers Paul Bengford and Mitch Travis have been elected to the Student Board of Governors as representatives.

Honors also went to Brother John Naranja as he was selected as Creighton Cross-Country's Most Valuable Runner.

In philanthropic activity, Delta Chi was represented in "Run with a Heart." Registration fees for the run went to the Ronald McDonald House for Kids. Recognized scholastically by Creighton for maintaining at least two consecutive 4.0 semesters were Brothers John Naranja and Greg Skaggs.

### DENISON

We began the semester on a positive note by winning the intramural fall basketball championship, then continued our success by finishing second in the winter season. Currently we are in second place in the overall intramural standings.

We also continued our academic success by holding the highest GPA of all fraternities on campus for the fourth consecutive semester. On April 16, we activated all 20 of our associate members — our largest group ever. As part of their project, the new initiates converted some wasted storage space in the basement into a combination library and office.

Highlights of our social calendar included a Valentine's Day formal, a mock wedding, and our annual pig roast party.

Our house renovations are finally underway and will be in progress throughout the summer. The renovations were initiated by our recently reactivated Alumni Board of Trustees which recently met to discuss money management and future plans for our chapter.

### WANTED

#### Up to 6 Interested Alumni and 3 Undergraduates To Serve on Standing Committees To Be Appointed at the Summer Board Meeting

Three alumni and two undergraduate positions available on Delta Chi Law Committee. This committee reviews the Constitution, By-Laws and Regulations of Delta Chi and puts all proposed amendments in proper form.

One alumnus position on the Convention Site Selection and Planning Committee. This committee is responsible for the general planning of the convention.

One alumnus position on Investment Advisory Committee. This committee directs and oversees the investment of the Fraternity's Endowment Fund.

One alumnus and one undergraduate position on the Housing Fund Committee. The committee makes loans to our chapters/colonies based on need, security of loan, and available resources.

Please send letter of application and resume to:

The Delta Chi Headquarters  
P.O. Box 110  
Iowa City, IA 52244-0110

Note: Some of the current committee members are eligible to be reappointed.

### DEPAUW

March 19, we initiated 20 members. There was a formal steak dinner the night before, and a formal breakfast the morning of the ceremony.

In academics, we finished above the all-fraternity average for the fall semester, and a dozen members made Dean's list. Brothers Steve Ray, James Sergeant, and Ragnar Flesvig were inducted into Sigma Delta Chi, the Journalism honor society.

We won the best work project trophy along with the women of Kappa Alpha Theta for helping clean up a national park. Our community service project helped a little league baseball team build two diamonds, and our philanthropy project "Bike for Breath" raised money for the Cystic Fibrosis Foundation.

We again captured the ultimate Frisbee championship, and we finished third in the indoor soccer tournament. We are ranked fifth overall in the intramural standings. In varsity sports Brother Greg Giles was named captain of the wrestling team, and in track, three of the brothers have placed in every meet.

February 20, we feasted on fresh lobster flown in from Maine for our informal, and in March, we attended a romantic Riverside Formal in Louisville, Kentucky. We are hoping to improve upon last year's second place finish in the LI 500 bike race and to hold on to our first place trophy for Spirit Week.

### EASTERN ILLINOIS

The semester got off to a great start with our spring formal in St. Louis. Our 21st annual Miss Lincoln Trail Scholarship pageant was held April 2. Talented Cindy Banhart, sponsored by G.R.N. Consultants Inc. of Mt. Zion, IL, was crowned Miss Lincoln Trail for 1988. She will compete in the Miss Illinois pageant this summer. The pageant was a huge success due mainly to the efforts of Brother James "J.R." Nordentoft.

Our intramural basketball team finished the season with a 6-2 record. Their second loss was in double overtime in the post-season tournament. It was a heartbreaker!

To end the semester we held our annual alumni picnic on April 30. Many alumni as well as undergraduates attended.

### EASTERN WASHINGTON

The quarter got off to a great start, with chapter morale increasing, due in part to house improvements, an extensive social calendar, and an excellent sports program. We carpeted many rooms as well as the upstairs hallway, and we repainted most of the house.

Our social activities included the annual Toga Bash, which is always popular. Several volunteers from the chapter helped out at Bloomsday this year and were surprised at the number of members and alumni from other chapters who greeted us. Other events were the Spring Beach Party and the Eagle Olympics.

On the sports scene, the Delta Chi "Dawgs" defeated the Sigma Nu basketball team in a best-of-three games match. We have also shown a formidable presence on the softball field.

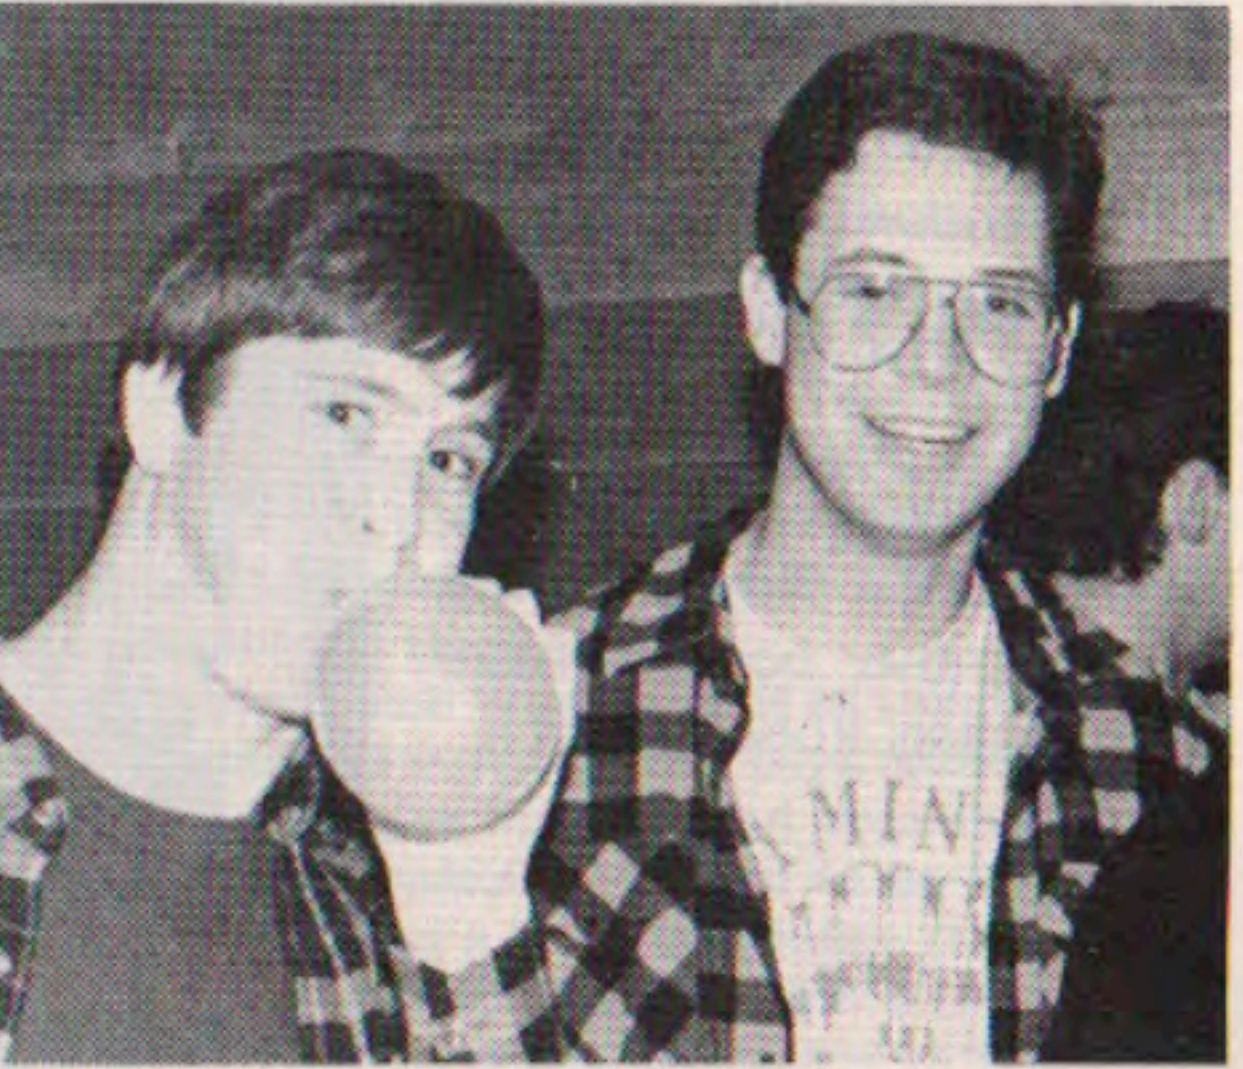

### EMBRY-RIDDLE

Over the past year, we have proved our dominance in campus athletics. We were victorious in the Second Annual Riddle Softball Marathon for Special Olympics. This event included teams from many school organizations, proving that our dominance isn't limited to the Greek System. October 24, we succeeded in winning the Greek Week competitions for our third consecutive year, thus making the trophy a permanent addition to our trophy case. This is a feat never before accomplished at Embry-Riddle.

The Alpha Mu associate member class has been hard at work fundraising and has provided for a major outside deck expansion. The deck should be completed by the time fall trimester rolls around. The associate members should be thanked for deviating from the norm and sponsoring a Brothers' Night that will be remembered in the years to come.

Plans are underway for our huge 60th Anniversary celebration to be held on October 15. All alumni and friends are invited to help the chapter celebrate and raise money for our scholarship fund.

Colorado initiates Mike "Cameron" Mastalka and Brett Sheehan attempt to prove that people who wear plaid shirts can blow up balloons.

## FLORIDA

This year's annual Toga Project raised \$4,000 for the Leukemia Society of America and the Ronald McDonald House in Gainesville. The women of Alpha Delta Pi sorority assisted us in our Toga endeavor as we placed third in their philanthropy event, "Donkey Days."

In academics, our fall GPA was well above the all-men's campus average. Brother **Mike Fuscardo** completed his eighth consecutive semester with a 4.0 GPA, making him one of four students to receive the Outstanding 4-Year Scholar Award. Brother **Warren Lampert** was inducted into the Golden Key Honorary, and Brothers **Chris Marois** and **Michael Geary** were elected to IFC offices. Brothers **Ron Minkoff** and **Phil Kornegay** were tapped into SAVANT and Brother Korenegay was elected president of the Christian Campus Ministry. Brother **Bret Berlin** was elected to the student senate, and Brother **Rick Panko** received his commission into the U.S. Navy.

In January, we initiated 33 men as well as Mr. William DePollo, the father of **Marlo**, **Dean**, and **Matt**.

## FLORIDA STATE

Spring has brought the initiation of eight men. We were honored by the presence of Brothers Jim Banks '87, David Breyer '86, Tommy Watkins '83, and "BB" Ron Stowers '81 at this memorable event.

In intramural competition, we captured our first badminton championship. Brothers Matthew Kohler and Oscar Miranda became campus-wide doubles champs. Academically, the chapter's GPA has jumped to an overall 2.57, the most improved average at Florida State. We are now fifth among the 27 fraternities.

Our fifth annual Bahama Mama Party was an extreme success. The vigorous work of brothers and associate members raised over \$1200 for Easter Seals.

In the planning for fall is a Delta Chi Golf Tournament. The event will be open to sororities and all proceeds will go to charity. We are organizing a Parents' Association to encourage parents to get involved in chapter activities.

## FULLERTON

We are proud of our renovated house; it is by far the best on campus. The renovation came through the hard work of the actives and the financial support of the alumni. Special thanks to actor **Kevin Costner** '77 who generously let us premiere the excellent movie "No Way Out."

Our ABT and "BB" have devoted an enormous amount of time and effort to the chapter. Also, a complete renovation of the kitchen is planned for summer. Spaghetti dinners, barbecues, car washes, and trips to game shows have been fine fundraisers. This summer, fireworks stands promise to be a success.

We had a barbecue at the park with the little brothers of Fullerton. Another service for underprivileged children we are involved in is Camp Titan.

Fullerton brothers dress for success at the 1988 Region II Convention in San Diego. From left, top: Dave Cole, Scott Newman, Bob Hartman, Jesse Mallinger, Mat Hepp, Doug Flora, Craig Cessna; bottom: Mike Chase, Robert Deluca.

## GORHAM STATE

Our new chapter room is almost complete, and further improvements are being added to the house. Many thanks are due to alumni who have donated both time and money. This spring we presented our year-end awards at our annual formal, "Cabaret." Brother **Todd Langhill** won the Delta award, and the Chi award went to alumnus **Dan Gearan** for his work on the chapter room. Brother of the Year went to **Dave Iantossa**. We also presented the first Honorary **Bruce Childs** Award, to honor our ABT president for all he has done for us. The first recipient was Brother **John Fusaro**.

Spring rush gave us ten brothers. Our public relations projects for the spring included a car wash to raise money for a local girl in need of a kidney transplant, as well as our annual production of the University of Southern Maine's *New Student Record*.

## HUNTSVILLE

At the beginning of fall quarter, our chapter had a membership of six. Encouragement from supportive alumni, the presence of Leadership Consultant Mike Moskos, and a concentrated rush effort increased membership to 18 by spring quarter. An early start on rush has already yielded six pledges this quarter.

We have a history of sports domination and this year is no exception. The Delta Chi "Dawgs" won the Intramural flag football season with an 11-0 record. We placed second among the fraternities in Intramural basketball. Currently, we are tied for first place in Intramural softball.

During winter quarter we celebrated at the year's first party, "Spring Fever '88." Not only did everyone have a fantastic time, but the party was a great success financially. During Greek Week, the Interfraternity Council sponsored a sidewalk drawing contest for all fraternities and sororities. Although we had a late start, our sidewalk art won first place and a pizza party.

We have consistently held the highest GPA on campus this year with an overall 2.77 and a winter quarter overall 2.79.

Thanks to strong alumni support, increasing membership, and recent accomplishments, Delta Chi is motivated by ambitious plans to be the first fraternity at UAH with a permanent house on campus.

## IDAHO

Another busy semester has somehow come and gone. We began by initiating 16 associate members, and shortly thereafter, our brothers from the Washington State Chapter came over to initiate their group of men, as they do not have a chapter room. We feel lucky to have such a great bunch of brothers only eight miles from us, with which to share the important times Delta Chi brings.

Greek week went well, but it could have gone better. We came in sixth, but we did have our strong suits.

Among them was the Songfest competition. After last year's dismal middle-of-the-pack finish, we buckled down to take first place. Our perennial partners, Gamma Phi Beta Sorority, deserve a thunderous round of applause.

The last great bash of the year, our 53rd annual Pirates Dance, was held in April. Not only has the dance become one of the largest on campus, but it has also become a way to say "so long" to some of our senior brothers.

## ILLINOIS

The second semester has proven to be just as exciting and rewarding as the first. We kicked off the semester by initiating 20 pledges into the Bond. Brother **Jeff Jochims** returned from a semester away from school to win the IFC presidency.

Morale has been high throughout the year and was evident in our intramural programs. Our hockey team brought home the first place trophy in their division, while Brothers **Rich Carf** and **Chip Gates** successfully defeated everyone in their path to bring home the team trophy from Sigma Epsilon's Fite Nite. We are looking forward to next year with great anticipation and expect to have an awesome football block with the Kappa Alpha Theta Sorority.

## INDIANA

We continue to represent ourselves well throughout campus organizations and athletics. We have three members on the lacrosse team, and one member each on the rugby and soccer teams.

Our house is expected to be full again next fall and the brothers are working hard to make house expansion a reality. Currently, the house holds 58 men, and we want to expand the capacity to 85. Although the summer is upon us, it will not be a quiet one. Rush is always our number one priority as we look for quality men to build the brotherhood.

## IOWA

We are happy to announce that another 20 men were initiated. One of our new initiates, Brother **Tom Poholsky**, will be quarterbacking for the Iowa Hawkeyes this coming year. We wish to thank "DD" **Greg Hauser** and all of the alumni who attended the ceremony.

Rachel Trpkosh, our beloved housemother of over 20 years, is going to be back again in the fall for another year of heading the Delta Chi household. This summer she is again at Camp Thunderbird for Girls in Bemidji, Minnesota. We hope you all plan to come back and see Rachel and the house over Homecoming.

We are pleased to say that our alumni have been meeting regularly in Des Moines and elsewhere in efforts to help the undergraduate chapter. There has been talk of plans for structural renovation as well as further development of our educational fund.

## KANSAS

We've been extremely busy with school, sports, and parties. We also have been raising money in an attempt to expand and renovate our house. To reach our financial goals we've been participating in activities such as car washes, omelet feeds, and concession stands.

Academically we have been very successful. We ended the last semester with a 3.085 GPA — the second highest on campus! We are also proud of our pledges, whose 2.993 GPA was the highest of all the pledge classes. We have also had success athletically. Currently we are third of 24 fraternities in the race for the athletic cup. Our biggest victories have been first place finishes in volleyball and basketball. Although K.U., home of the NCAA Champion Jayhawks, has a rich basketball tradition, our house team even beat the school's J.V. team.

But grades and sports certainly aren't the only things we've been doing. Some of our favorite parties have been the Delta No "Chi"mitment date party, the "Get Away" party where we gave away a trip to Las Vegas, and our nationally ranked Tom Jones party.

## KANSAS CITY

The pizza drive for the daycare center was a success as we helped make almost 1,200 pizzas. Even though we were up to our elbows in cheese, sausage, and pepperoni, it was a blast for all involved. Each year the number of orders has increased 150 percent.

During this year's Greek Week, we sold an enormous amount of Greek T-shirts to all of the participating Greeks. With the income generated from the sales, we plan to go with full steam ahead with our rush program. Rush chairman James Barker will make it second to none.

## L.S.U.

We are gearing up for our most comprehensive summer rush program to date. Seven parties throughout the summer, in different regions of Louisiana, forecast a busy summer for Delta Chis at L.S.U.

At the end of spring we were in excellent spirits after an outstanding performance in the Jambalaya Jamboree, and playoff berths in basketball and floor hockey for the first time ever. To further boost spirits, we held an active retreat at Brother **David LaCour's** camp on False River. This brought us all closer together and allowed us to clarify our immediate and long-range goals for rush, brotherhood, finances, house improvements, campus reputation, and social activities.

As a service project, many of the brothers who remained in town over spring break helped out at the Dymphna Mental Care facility by painting and doing other odd jobs.

This spring we began publication of *The Delta Chi Alumni Report*, a newsletter for our alumni to report on all aspects of the fraternity's life, including financial position, social activity, scholastic achievement, and chapter accomplishments.

As a fundraiser for the late spring and summer we have begun participating in the Keep America Beautiful program. We collect labels from certain products and receive money for them. There is potential for great success in this project.

We have been putting new ideas to work to help us attain our high goals and strengthen our brotherhood.

## LONG BEACH

Even better than the beautiful Southern California weather is the excitement overwhelming us. This past spring we initiated nine members, making us the fastest growing fraternity on campus. Delta Chis can be found as associate student senators, IFC executives, editors of the campus newspapers, Intramural champions at Long Beach City College, and as president of the American Marketing Association.

We are looking forward to our 12th annual Kern River trip Labor Day weekend. We depend on the Kern's magical waters to fill us with that mystical spirit of brotherhood which will carry us through fall rush in September.

## LOUISIANA TECH

We recently held a retreat at Brother Karl Fulton's (Ky '50) camp to help us prepare for spring rush. We were pleased to pledge nine men this quarter, because the average spring pledge class on campus is four or less.

Our Region III Conference was a big success. Also, three of our officers went to the Atlanta Leadership Conference.

Kansas City Brother Phil Kelsay wants to make a pizza "this big" at the Assumption Daycare Center.

## MARQUETTE

This semester we initiated eight men. We are continuing the tradition of leadership with Brother **John Carter** being nominated block booking commissioner of the Associated Students of Marquette University (ASMU). He will be booking major concerts and shows for the students. Brother **Tom Olson** was elected ASMU's Greek liaison, and Brother **Mike Kenning** was appointed ASMU assistant director of governmental relations. Delta Chi will continue to play a dominant role in IFC affairs. Brother **Mike Murphy** was elected secretary; Brother **Carter**, treasurer; and Brother **Tom Pierce**, judicial vice-president.

The highlight of the semester was our annual Alumni Spring Formal, held at the Marc Plaza Hotel. **Mark Cerwin** '85 received "Alumnus of the Year" honors.

The IFC Spring Meltdown Carnival was a complete success and was attended by over 400 students and faculty members. We won four of the eight awards given.

## MASSACHUSETTS

We have enjoyed a successful spring semester. In March we initiated six men into the Bond and in May we added another eight to strengthen our chapter.

We were active in the intramural program, fielding respectable teams for basketball and softball. We are proud to announce that Brother **Robert Martello** was initiated into Phi Beta Kappa. Our great success this spring was winning the Greek Olympics at the start of Greek Week.

## MIAMI

We couldn't have ended the year on a better note. Winter rush was a smashing success. Our number of rushees was up 24 percent from last year while most other houses experienced decreases. We pledged 25 associate members in January, our largest pledge class ever!

Our social calendar was filled this past semester. Fly-Me-to-Ft. Lauderdale, four sorority parties, two open parties, Dads' Day, and Formal kept every brother entertained on the weekends.

## MICHIGAN STATE

Spring term started with an excellent rush week as we extended seven bids and greeted seven pledges for formal pledging.

Spirits are high around the house in hopes of winning Greek Week and the All-Sports Trophy. With our first

place finish in both football and basketball we are in contention to win the All-Sports trophy.

A new banister was installed on the front staircase and new furniture was purchased for the upstairs room, which allowed us to put the older furniture downstairs in the TV room. Lights were added to the parking lot for safety, and they allow the brothers to play basketball after dark.

Community service is important to us in promoting a positive image of the Greek system. Two brothers who are very involved in community service are **Mike Cioffi** and **Doug Johnston**. Last fall they adopted a grandmother with whom they spend a few hours each week.

We are pleased to have the Lacchia/Michigan State scholarship fund. If all goes well this summer, we will award our first scholarships in the fall.

We would like to thank all the alumni who participated in the 1988 Father-Son-Alumni golf outing — it proved to be a good time for everyone.

## MISSISSIPPI STATE

The year has been a great one and social events couldn't have been better. Over 400 alumni and parents visited the house for Super Bulldog Weekend, and \$2200 was raised at our Second Annual TogaFest. All proceeds benefit the Shriners Children's Burn Hospital in Galveston, Texas.

But the social life here is not all that has increased. Delta Chi has been more active on campus than ever. Brothers **Steve Biggers** and **Ronnie Sleeper** serve on judicial boards, and Brother **Sleeper** is also treasurer for MSU's Alumni Delegates. Brother **Kevin Harvey** is the new president of the Accounting Society. As well as MSU Greek Week Chairman, Brother **Todd Gandy** will be Region VIII vice regent for our 1989 Regional. Brother **Lee Stubbs** has been given the highest award in MSU's Greek system: Outstanding Greek. He was one of only four men to be recognized with that award. Brothers **John Aldridge**, **Roger Clapp**, **Kevin Nurre**, and **Jim Weems** were each initiated into honorary societies within their respective majors.

## MONTEVALLO

At the beginning of spring semester we welcomed six men into the Bond. These energetic and determined brothers wasted no time in taking responsible positions in the fraternity.

The greatest Rush Workshop of all time was held this semester and lasted for two days. Activities such as a "mock rush," a brotherhood breakfast, and a brainstorming session all proved to be beneficial. We are anticipating a large fall pledge class.

Among our accomplishments this semester was the election of Brother Brian Sturdivant as SGA treas-

urer, Dan Hornkohl as IFC vice president, and Richard Sturm as IFC secretary.

On April 16, our annual Alumni Pig Roast was held at Brierfield Ironworks Park, the site of a well-known Civil War battle. Alumni from as far away as Washington, D.C. attended our Spring Formal which was held in Ft. Walton Beach, Florida.

## NEW HAMPSHIRE

The Region VII Leadership Conference we held this past spring was a great success! All the brothers from other chapters who attended had a great time. "AA" Larry Audlehelm, "DD" Greg Hauser and Regent Jim Ferrara also enjoyed themselves.

Our spring rush went well and we initiated 11 men into the Bond. Once again our Intramural teams have come out on top. The water polo team, with captain Scott Menice as the league's top scorer, was unbeatable. Brother John Pokigo was the league's best goalie. In other sports, our 3-on-3 basketball team, broomball team, and floor hockey team all made it to the championships.

It's official! We will be moving this summer to a much bigger and better house. This is a big achievement for us. Thirty of our 70 brothers will be able to live there.

## NORTHERN COLORADO

Winter quarter got off to a great start with the activation of 11 brothers. The quarter ended with a productive retreat for the new executive board.

Sports for the winter quarter and the first part of spring have been great. We took first place in the IFC floor hockey tournament and third in volleyball. In other events, we finished third in Songfest with an original rap song about Delta Chi.

We congratulate Brother Jerome Joiner on his acceptance into the Order of Omega honor society. We finished third in grades with a 2.55 GPA. Congratulations to Brother Dan Keller for his election as IFC president, and to Brother Jim Brown for starting a second newspaper at UNC. We ended the year with our Spring Formal, held in Keystone in the heart of the Rockies.

## NORTHERN IOWA

Again, the Delta Chi academic spirit was apparent, with Brothers Bart Clark and Bob Hensley winning Interfraternity Council Awards for academic excellence. Brother Clark was also appointed as dorm resident assistant for the fall semester.

Participation in Greek Week and our annual Tee-Totter for Tots philanthropy project proved to be fun, and the support from the other Greeks was fantastic. Our Spring Formal was held April 30 at the Ramada Inn in Des Moines. Several alumni were present and we had a great time.

## NORTHWEST MISSOURI

The semester came to a close with the activation of the 24 associate members from our spring class, bringing our total membership to 97.

We held an "Alumni Back" weekend attended by 25 alumni with a softball tournament and a party at the house. The Russ Gilligan-Gary Whigam Memorial Softball Tournament was the largest ever with 20 teams entering. Over \$600 was raised for the housing fund. Our ABT helped set up the Annual Penton-Kimball Alumni Golf Tournament. The tourney was held in Kansas City with a turnout of over 80 alumni.

We are currently in second place in intramurals with only a few events remaining. The highlight of Greek Week was Brother Kyle Bjork being named Outstanding Greek Man.

The house should have a better appearance for the brothers returning next fall. With the downstairs remodeling done, work has begun on the second floor. One room has been completed and turned into a T.V.

room. We plan to remodel two more rooms this summer.

A special thanks to the alumni who returned this past semester and to those who made contributions to the housing fund.

## OKLAHOMA

Outstanding! This is the only word to describe spring semester. We started off with our fourth annual Delta Chi Wrestling Tournament. This event raised over \$1,200 which went to the Brass Rings Society.

We made the playoffs in every major sport at O.U. this spring. Brother Ben Stevens did an outstanding job in Alpha Chi Omega's Frisbee Fling Contest. Our spring party was successful with brothers from Southern Illinois attending.

## OKLAHOMA STATE

The semester got off to a great start with the initiation of 20 men and four alumni. During the initiation weekend, an alumni reunion was held with an exceptional turnout. We also pledged five men for the spring.

We improved our overall grade standings with a 2.772 GPA for the fall, which placed us fourth in a field of 24 fraternities. We hope to improve even more.

Intramurals are going quite well as we finished fifth. Our basketball team placed second and our floor hockey and softball teams are strong contenders in the playoffs.

Sports weren't the only highlight of the semester

as we joined the women of Chi Omega to win first place in Spring Sing. We are the only fraternity to win this event two years in a row.

The White Carnation Formal, part of "Delta Chi Rags to Riches Weekend," took place at the Westin Hotel in Tulsa. Other events included our annual YMCA Floor Hockey tournament which raised funds for disadvantaged kids to attend camp this summer. In April, the chapter held a retreat which was a great success.

Congratulations to Brother Cory Baze for his outstanding season with the OSU wrestling team. A special thanks goes to our ABT and Housing Corporation for their continuing hard work and dedication. Summer rush looks to be our best ever with an enthusiastic rush team, and 14 legacies coming to OSU next fall.

## OREGON STATE

Our winter intramural teams had successful seasons. We fielded an "A" and "B" team in basketball and volleyball. The "A" basketball team, under the guidance of coach John Philbrook, advanced to the playoffs. The "B" volleyball team, with the inspiration of new member Steve Koch, did equally well by winning the majority of their matches in only two games.

Over 20 fathers joined us for the annual Dads' Weekend. We watched an "Orange Express" basketball team victory, and the Delta Chi Casino rolled late into the night.

For the fourth consecutive term, we have placed in the top 25% of the fraternities in grades. Winter term we earned seventh place with a 2.76 GPA. All men's was 2.73.

Spring term began with the initiation of six men, and our intramural teams got off to a great start. The soccer

team, coached by Brother Scott Edwards looks to be a major competitor for the all-fraternity trophy. Thanks to the efforts of Brother Scott Smith, a new annual event began this semester with the house dance held at Lake Trinity in northern California.

## PURDUE

Spring semester started with the initiation of six men and the pledging of 11 more. Our White Carnation Formal was held in April at the Holiday Inn "Holidome" in Lebanon, Indiana. A terrific time was had by all who attended.

Our annual "Ride for Life" bike-a-thon for Huntington's Disease raised \$1,100. With the help of Alpha Omicron Pi, our bikers managed to ride a stationary bicycle for 72 hours straight. The bike-a-thon helped us win the Desiderata Award, which is given bi-weekly for outstanding campus involvement.

Athletically, we remained tough. We are currently ranked 8th overall, due in part to Brother Bob Kulow winning the all-campus billiards championship, and our placing of two brothers in the quarterfinals of ping-pong.

The brothers were again competitive scholastically, placing 11th out of 47 fraternities on campus.

In April the well-known Purdue Grand Prix was held. We thank the following alumni for their support in helping us celebrate: Brothers Gary Baker '86, Basil Bauch, Cran Boyd '85, Andrew Duquet '87, Paul Obear '87, Pete Pilkaldis '87, "BB" Scott Ponting '85, Rob Pope '86, John Reid '85, Gino Sanchez '87, Dave Turnock '87, and Scott Wells '87.

## SACRAMENTO

Highlighting a busy semester was the resoundingly successful Parents' Night. Nearly 150 brothers and parents came for an evening of dinner and dancing. Brother Joe Wilson capped the evening with an entertaining slide show.

In March, over 35 brothers traveled 500 miles to San Diego for the regional conference. Although we had the farthest to travel we had the most members present. In sports, whether on the field or on the court, we continue our winning tradition. We won the open softball and the open 3-on-3 basketball championships. In soccer we are undefeated. At the Delta Gamma Anchor Splash we placed third. Brothers Matt Dengler, Jim Stiveson, Mike Lustenberger, and Brian St. Martin stole the show with their beautiful first-place performance in the synchronized swimming event.

For a fundraiser we helped sponsor a model search held on campus. And, thanks go out to Alumnus Doug Peters '86, who has put much time and effort into the house. His handyman work is appreciated.

This spring we initiated 11 men into the Bond, including three fathers. Brothers Thomas Lawrence, Ronald Pellegrini, and Malcolm Towns can now call their sons "Brother."

## SAN DIEGO

We have had an extremely successful semester, with increased member involvement. We were proud to host the 1988 Region II Regional. Our own Mitch Litvak '86 was elected regent. We are diligently working on the formation of a Housing Corporation Board, and we recently initiated 16 members, our largest spring pledge class ever.

We also hosted an Alumni Day consisting of a barbecue at Lake Murray Park, followed by a softball game, actives vs. alumni and pledges. The actives to this day refuse to discuss the score.

We continue to have strong teams in softball, basketball, and soccer. We are now a stronger contender in the race for the IFC Banner trophy.

## SOUTHEAST MISSOURI

We are excited about getting a new house next semester. With the help of our alumni, we are leading the way for university-sponsored housing for fraternities.

We thanked alumni with a barbecue, and a fun and productive visit was had by all.

We have a Twister-Fest planned for August 21, and hope to have over 1,000 participants to be featured in the Guinness Book of World Records.

## SOUTHERN CALIFORNIA

In our first semester as members of Delta Chi, we have made significant progress towards our goals for establishment on the Row. A successful spring rush in January gained a strong, motivated pledge class, and the month culminated with a highly successful post-rush invite party.

In February we actively pursued the enhancement of our brotherhood through several house BBQ's and work parties. In addition, we made our premiere in the Interfraternity Iron Man competition. Unfortunately, our troops were unable to produce anything but moral victories and hope for the future. With a solid nucleus of "big men" and "long-range bombers," our basketball team will surely be competitive in the coming season.

March brought more athletic competition. This time it was the associate members challenging the members in a series of spirited contests which helped achieve unity among all participants. A Caribbean theme and an authentic Reggae band highlighted our exchange with the sisters of Chi Omega. We were teamed up with Kappa Alpha Theta and Sigma Alpha Mu in the Greek Week competition to benefit the city's homeless. We were in first place going into the tug-of-war. Our third place finish for the week lifted house unity to an all-time high.

In April we held the first annual Delta Chi Olympics, and we are building high emotions as the summer games approach us.

Our alumni support has been rallied by our Chairman of the Board Donald LaPlante. He inspired numerous alumni to donate badges for initiation, and is currently following up a recent newsletter which extended invitations to 40 alumni to our Buccaneer Cruise.

## SOUTHERN ILLINOIS

For the second consecutive year we have won SIU's Most Distinguished Chapter award for fraternities. We also received the Spirit Award for the most spirit and participation throughout the year.

Brothers Brent Berdick, John Attard, Kent Hamra, and Emil Spees were inducted into the RA Ribbon Honor Society. Spees, our faculty advisor, won the Most Distinguished Registered Student Organization Advisor for the second year in a row. Allen Goemmel, our "A", was inducted into the Sphinx Club, SIU's oldest and most prestigious honor society.

We held two fundraisers for the March of Dimes, and we raised over \$600 for Retinitis Pigmentosa. Also, we received the MOVE Award from the Red Cross for most hours worked during SIU's blood drive.

Our entry into the SIU Cardboard Boat Regatta, the Sea Wench II, fared better than last year's entry by completing the course. We won Greek Week '88, including the "Ugly Man" contest, which we have never lost.

To help pay for our Spring Formal on the Mississippi Riverboat, the Tom Sawyer, we rented a local comedy club for a "Greek Nite" and made \$400. The Theta Xi Variety show was hard work. We received third place in the large group category. We pulled a second place in the IFC sports competition by making the playoffs in four intramural sports and winning the wallyball championship.

## SOUTHWEST MISSOURI

The past semester we have grown in many areas such as academics and athletic competition. We also managed to strengthen our large associate member class. This was achieved when associate member chairman Matthew Streeter raised the members' study hall hours from three to six per week.

At the time of this printing we will have moved into

our new house and we will have even more potential for growth and accomplishment. Our annual Powder Puff tournament is looking bigger than ever and we hope to contribute \$2,000 from this event to the Easter Seal Society.

## TEXAS COLONY

We enjoyed a good spring semester. We have only had a house since last fall, but the rebirth of Delta Chi on the Texas campus becomes more noticeable each day.

A stabilizing influence last spring was Brother Robert Meisel '69, who is now our "BB". His dedication to our success is an example of the strength of the bond bridging the years between the old chapter and the colony. His motivation, insights, and belief in the colony have been a source of inspiration and of immeasurable help.

The Second Annual Cupid's Arrow semiformal opened our social calendar February 13. The weekend of February 27-28, seven brothers attended the excellent regional conference hosted by Texas Tech. The highlight of the spring was the annual Round Up Parade. The theme was Olympic Celebrations, and the "Delta Chi 1,000 Meter Power Lounge" was our entry. The Power Lounge was actually a giant boom box owned by a local radio station, with a few decorative additions. Our spirit-oriented float, which blasted the "Eyes of Texas," "Texas Fight" and assorted party tunes, gained us campus-wide recognition.

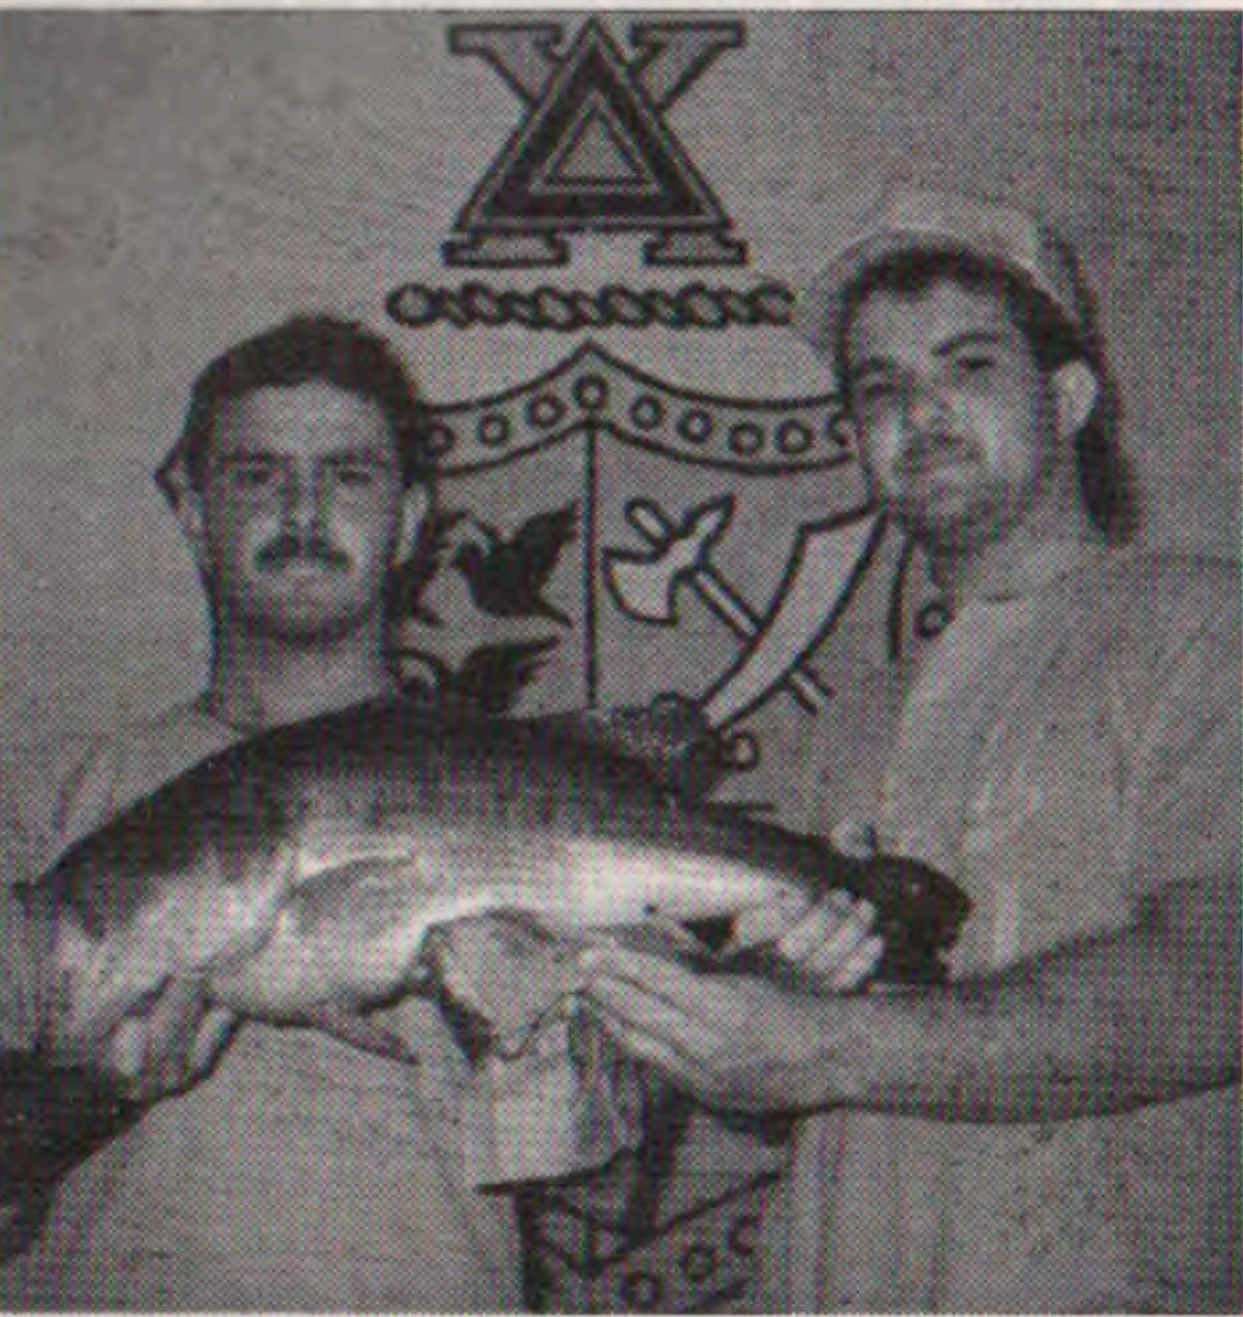

April 14, we held a social function with the Alpha Xi Delta sorority. Our philanthropy for the semester was answering telephones during the Arthritis Foundation Telethon April 24. Our intramural basketball and softball teams both had strong showings and demonstrated our competitive fire.

## TEXAS A&M

Spring started off well with the initiation of 11 men. Our most exciting experience this spring was our Chartering Banquet. At last, all the hard work over the past couple of years has paid off. The banquet, held at the local Hilton, was an overwhelming success. There were over 175 parents and alumni present, but a special thanks goes to Fred Hammert, past "AA"; Mike Carroll, "CC"; Glenn Welss, Region III regent; John Warren, vice-regent, and James Alex, Region I regent. The banquet would not have been as successful without their generous help.

At a recent retreat goals were established. One of our more ambitious goals is to strengthen our alumni program. We will be holding get-togethers in Houston for those alumni who might be interested.

Southeast Missouri Brothers Terry Higgins and Daryl Riddle display one that didn't get away. Terry caught the fish while both brothers got sunburned.

Texas Colony's entry in the UT Round-Up Parade was a giant boom box that was extremely audible.

## TRI-STATE

Spring has breathed new life into our brotherhood with the initiation of six men. With fresh, enthusiastic spirit, we are participating in intramural volleyball and softball, campus leadership, university orientation programming, and the Tri-State social scene.

One of our annual spring events is the Free Car Wash, in which we receive pledges from local businesses for distributing advertisements to each car we wash. We raised several hundred dollars for our Alumni Reunion Weekend.

A majority of our members traveled to Ball State for the Region V Leadership Conference. The training we received is being put to work by two brothers who are on the Board of the Interfraternity Council. We also visited the Windsor Chapter, where we were treated with great hospitality.

Changes in the alumni weekend format will live things up for our guests and their families, and plans are already being made for next year's 20th anniversary of our chartering.

New drywall in the Annex, some new wiring in the main house, plus some carpet and woodwork add to the atmosphere at our house.

## VALDOSTA

Having 20 new brothers has given additional life to our chapter. We now have 70 brothers, which is very good for a small college.

We have added several members to our Alumni Board of Trustees and are seeking a new faculty advisor. We congratulate Brother Robert Yost '82, our new "BB". This semester our annual Charter Day celebrated our twentieth anniversary.

We worked hard in our philanthropic efforts to help the Special Olympics and a "Just Say No" to drugs campaign. Also, we helped fingerprint the children of Valdosta for a new identification center at a local bank. We were honored to receive the President's Cup for the second time in three years. This award goes to the fraternity that best represents the college and community.

## WASHINGTON

Spring is upon us with 26 brothers joining the Bond. Their construction of the new deck around the pool begins another promising summer of rush at the "Del Tachi Country Club."

The third annual Delta Chi alumni golf tournament

was fun for all involved despite one injury (requiring four stitches) to a brother's head from a well-hooked golf ball. The golf carts received a real workout as did the addition skills of some of the high scorers.

Our White Carnation Ball, which took place on a dinner/dance cruise around Vancouver, British Columbia, was a huge success. Preparations for our annual Luau have everyone anticipating another wet and wild time poolside.

The annual fashion show for the Delta Chi Women of Washington Calendar featured the final selection of 14 girls who will grace the pages of our biggest philanthropic project. The calendar will be ready this fall and if you are interested in seeing the final product, drop us a line!

## WASHINGTON STATE

What a semester! It began January 30, the night the Washington State Chapter of Delta Chi was once again established in the Washington State Greek system.

Our intramural flag football team made it to the final four in the playoffs. Of course we can't forget Songfest '88. This year the men of Delta Chi paired up with the women of Alpha Omicron Pi, and they "Danced their Happy Little Feet up Old Broadway" and into first place in the large mixed group division.

On February 7, one year after the founding fathers' initiation, we welcomed 12 men into the Bond. On March 8 we pledged four more associate members.

This year we held our first Delta Chi Sweetheart competition. The young ladies were all winners in our eyes, but we had to choose one, and she was Rochelle Gee of the Chi Omega Sorority.

Major fundraising plans have begun, with the help of the Alumni Association, to raise money for the construction of a chapter house to be located in the heart of Greek row.

## WESTERN MICHIGAN

The semester began with an outstanding rush and ended by introducing 16 brothers, along with "Bill the Cook," into the Bond. The associate member program has been reconstructed to be very tough, but fair, allowing only highly committed men to become part of the brotherhood.

The first Annual Winterfest for WMU Greeks was organized, financed, and won by Delta Chi. Our Winter Formal was held in the Windy City and proved to be fun for all. Everyone is very excited about hosting next year's Regional Conference at Western.

The 10th Annual Uncle Rick's Beach Party, as usual

was a big hit. Showing spirit and enthusiasm, Delta Chi dominated Greek Week, winning many of the events and taking home the Championship Trophy. "Easter for Kids" was held at the house for the Boys and Girls Club of Kalamazoo, an organization for underprivileged children. They enjoyed an afternoon Easter egg hunt and a visit from the Easter Bunny, who passed out baskets and chocolate bunnies from the Alpha Phis and the Brothers.

Brother Jim Riney chaired our philanthropic project "Habitat for Humanity," which reconstructs low-income housing. The brothers contributed almost 1500 hours of work for the community. Our semester fundraiser was a car wash, organized by Brother Jeff Schwehofer, with proceeds donated to the Boys and Girls Club. Brother Steven VanDam chaired Alumni Day, in which the house was open to all brothers, and many events were scheduled including a shish kebab cookout. Thanks especially to the Alumni Committee members, who helped get in touch with the alumni and set up events.

We were able to pass our party policies through IFC, for all fraternities to follow, as well as establish a Council of Presidents. We have a Sunday dinner project, chaired by Brother Greg Beverly, which allows everyone to enjoy a fine cooked meal with the brothers. We also won the All Sports Trophy. We received first place in basketball (for the fourth consecutive year) and indoor soccer, and second place in both softball and bowling.

## WHITEWATER

Spring semester was filled with many exciting events. On February 1, our Alumni Housing Corporation became the proud owner of a 100-year-old home. The chapter took occupancy on June 1. We sent six members and our "BB" to the Region V Regional at Ball State University in February.

On April 16, our alumni held an annual meeting and banquet. The banquet and dance were attended by 40 alumni and their wives, along with the chapter's executive board members. The undergraduates and alumni both are looking forward to the summer golf outing in late July. This always proves to be one of the best events of the year.

Planning is already underway for Homecoming on October 29. This will be the first time some of our alumni have been back for over ten years. We look forward to seeing the brothers and their families.

## WINDSOR

We proudly announce the addition of five brothers while sadly bidding two others good-bye. Farewell parties were held for Brother **Foo Salk How**, who graduated and is now back home in Malaysia, and Brother **Ian Chan-Chong** who also graduated and is now at home on the island of Mauritius.

Major renovations to the house are well on their way. The electrical work has been completed, and a facelift for the exterior has begun.

Our annual spring formal was a great success. Those who attended thoroughly enjoyed themselves. Members of our chapter also attended the annual Osgoode Hall alumni supper. Once again, our brothers in Toronto put on an excellent dinner. A special thanks to them for their invitation and their gracious hospitality. Thanks also to the Ohio State Colony who hosted the regional this year. Members from our chapter returned from the conference with nothing but praise. **ΔΧ**

Delta Chis disguised as a four-legged grape and three raisins perform their "California Grape" imitation at the SIU All-Male Pageant.

## Alumni Newsmakers

### ALABAMA

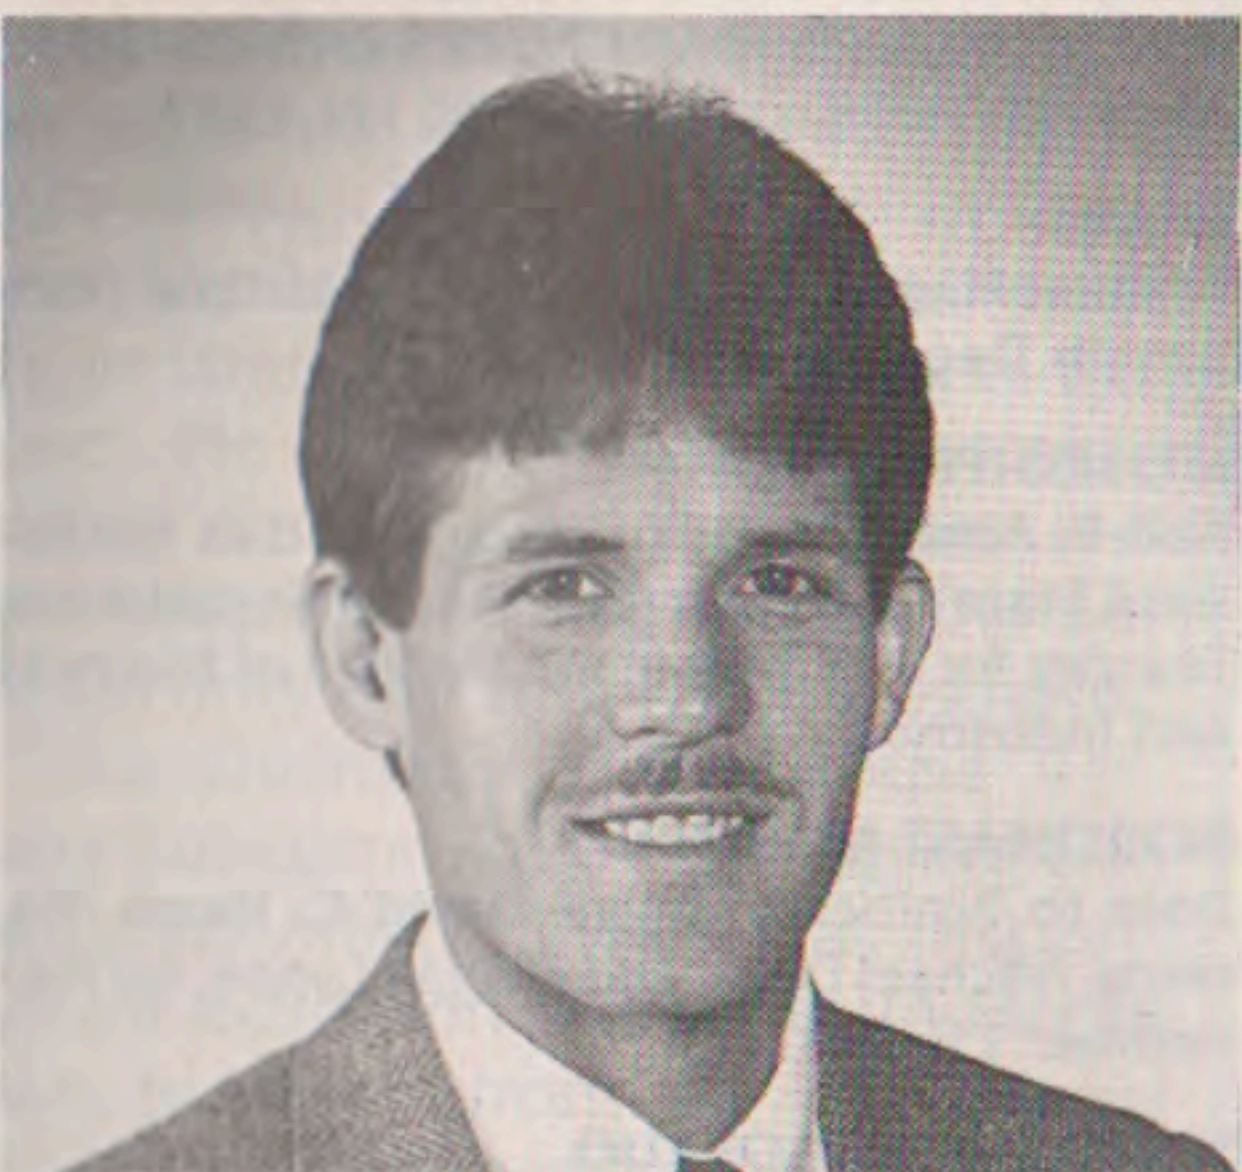

**Jefferson J. Coleman, '29**, was honored by the University of Alabama on February 27 when Memorial Coliseum was renamed Coleman Coliseum. During the ceremony Dr. Joab L. Thomas, UA president, expressed gratitude for Coleman's many contributions. "Very few people in the University's 157-year history have had the singular impact Jeff Coleman has had in shaping this institution," he said.

A former national president of Delta Chi, Coleman began his 64-year association with the University in 1924 as a student hoping to play football, but settling for a position as team manager. During the next two years he worked in the athletic department and eventually became business manager, a position he kept until 1954. From 1954 until his retirement in 1974, he served as director of alumni affairs and alumni secretary. During his directorship the alumni enrollment increased dramatically. Coleman, who had been collecting ideas from coliseums around the country for years, chaired the committee which oversaw planning and construction of the Coliseum (which now bears his name) from 1964-69.

### DEPAUW

**James B. Stewart, '73**, won this year's Pulitzer Prize for explanatory journalism for two articles in *The Wall Street Journal*. Stewart shares the award with another *Journal* reporter, Daniel Hertzberg. Their articles, "Terrible Tuesday" and "A Dream Gone Wrong," were cited as "explanatory journalism that illuminates significant and complex issues." The first story concerned the day after the October 19, 1987 stock market crash, and the second was about the downfall of an investment banker charged with insider trading.

Stewart, a graduate of Harvard Law School, has written two books, *The Partners*, a best-seller, and *The Prosecutors*, a recent release. He and Hertzberg share other awards, including a Gerald Loeb award and a George Polk award.

### OKLAHOMA STATE

**Mark A. McDonald, '80**, was named an Engineer of the Year by Rockwell International Corporation. McDonald, an engineer for Rockwell's Lightwave Systems Division in Richardson, Texas, was one of 17 selected (from among more than 19,000 engineers and scientists) to receive the company's highest honor for technical achievement.

Lightwave systems use hair-thin strands of glass to transmit voice, data, and image signals. McDonald's expertise has led to a lightwave transmission system that can carry 16,000 phone calls over a single fiber, twice the capacity of previous light-wave transmission systems.

### WASHINGTON

**Edmund J. Mihalski, '64**, has been appointed as chief of staff for the Senate Finance Committee, Republican staff, of the U.S. Senate. This Committee has jurisdiction over legislation dealing with trade, taxes, Social Security, Medicare, Medicaid, and many welfare programs. A certified public accountant, Mihalski has an M.B.A. from the University of Arkansas. Prior to joining the Finance Committee staff in 1982, he spent eight years as a senior evaluator with the U.S. General Accounting Office.

He served in Southeast Asia as an F-4 fighter crew member with the U.S. Air Force. Captain Mihalski, who returned to civilian life after six years of service, received the Distinguished Flying Cross and the Air Medal (with 15 Oak Leaf Clusters).

## NMSU Celebrates 10th Year

By **Les Dunsleith '80**

A 100-pound, red and white rock went for \$525 in an auction of fraternity memorabilia at the Northeast Missouri Chapter's 10th Year Chartering Reunion. The auction, which raised money for the housing fund, capped a weekend of anniversary activities March 18-20.

About 175 members, alumni, friends and families attended, including Regents **Scott Klinefelter** and **Larry Nothnagel**, and members of the Northern Iowa Chapter.

A highlight of the weekend was the presentation of the Outstanding Alumnus award to Brother **Joe Crabtree**. In fact, it was renamed The Crabtree Award, honoring Joe for his 10 years as alumni advisor. A Kirksville businessman with no fraternity affiliation, he agreed to help out a struggling young chapter and was initiated in 1978. He has been the chapter's "BB" ever since, providing invaluable guidance to members and alumni.

The NMSU Chapter was first organized in March, 1976, while "AA" **Larry Audlehelm** was national executive director of Delta Chi. After two years as a colony, the group was formally chartered March 11, 1978. A speaker at the banquet at the Kirksville Holidome Saturday, Audlehelm told the audience that NMSU had been a test market for a new fraternity expansion plan. The plan involved contacting universities to generate interest rather than waiting for a group of students to approach the fraternity. He said that the success of the marketing plan at NMSU encouraged the national fraternity to undertake similar expansions at other universities — a strategy that has made Delta Chi one of the most successful fraternities nationwide in this decade.

In its 10 years the NMSU chapter has initiated more than 300 members, one of the highest totals of all Delta Chi Chapters. NMSU Delta Chis have been consistently recognized by both the university and the national fraternity for their success. Nothnagel, one of three founding fathers present, pointed out that the chapter has received the President's Cup for three of the last four years, the best showing in recent memory. **ΔΧ**

P.O. Box 110, Iowa City, Iowa 52244.

## "Delta Chi — The Brotherhood of a Lifetime"

# A lot to learn at this college

By **Keith Shriver**  
Florida '79

In early February it was round number four, but there was no sign of fatigue. In fact, there was considerable generation of energy, friendship, and self-confidence, and everyone in the ring became a winner.

It was the fourth time the Senator Henry M. Jackson Leadership College was held in Birmingham, Alabama. Thirty-eight undergraduate members and 10 alumni attended. Funded through the Delta Chi Educational Foundation, the College became a reality through a sizeable gift to the Foundation five years ago in honor of the late Henry M. Jackson, an influential Senator from Washington State and fellow Delta Chi. The College is held once a year to complement but not duplicate the programs of the Regional Leadership Conferences and International Conventions. Next year's College will be the fifth and final one held in the southern U.S. before the program travels to another part of the country. Eventually, several "Colleges" will operate simultaneously in various Regions.

The College is different in appearance and in substance from the regionals and conventions. There is a considerable de-emphasis of parties, and a concentration on self-discovery and building friendships. A central activity of the program is the use of the DISC personal inventory designed to provide the participant with a better understanding of individual tendencies regarding leadership style, interpersonal behavior, and feelings. The program uses

these discoveries as a foundation for presenting leadership issues and techniques. Because the College specifically invites chapter members who are seeking leadership roles in their respective organizations, it is hoped the weekend program will provide them better ways to work with the members of their chapter or colony. In addition, each participant was given tasks to be completed soon after arrival, providing real practice in getting to know and work with new acquaintances quickly.

The site of the College was the Rime Garden Inn, located on the eastern perimeter of Birmingham. The "all-suite" hotel permitted the faculty to utilize team or community activities among suite-mates. The suites also provided a relaxing environment for making new friends easily and quickly.

A banquet and exposé of Senator Jackson ended the long day Saturday. Soon after the Sunday morning session, the men

who attended began the trip home to chapters as far away as Louisiana Tech, Appalachian State, and Embry-Riddle. Their favorable evaluations of the program encouraged the many alumni serving as faculty and active supporters.

**Leroy Mendenhall**, Kansas '69, presented the central leadership themes and activities. Other faculty members "CC" **Mike Carroll**, Auburn '71; "AA" **Larry Audlehelm**, Iowa '71; and **Keith Shriver**, Florida '79; joined by Regent **Brian Godsy**, Huntsville '80, facilitated group discussions. Several other alumni attending the College who participated in the program and offered contributions to discussions were: **Cary Poole**, and **Darrell Hampton**, Auburn '80; **David Edwards** and **Robert Driggers**, Georgia Southern '85.

The College plans to expand its base of alumni involvement and consider a retreat format for next year. Tax-deductible contributions to the Educational Foundation can be earmarked for the Jackson College. Generous financial support helps ensure that volunteer alumni efforts are channeled toward this growing and worthwhile program for our developing chapter and colony leaders.
