Going

An unopened Egg McMuffin sits on the corner of his desk. It's 10 a.m. Coat off. Collar unbuttoned. Chuck Marshall is a busy man. He listens and nods as his secretary, Linda Kasparian, gives a 30-second update of a half-dozen changes to his daily schedule: calls to make, places to be, things to do.

Marshall leads an ordered life for the company that once told him 35 years ago in Chicago, "We don't have any reason to hire someone with a degree in agriculture."

Marshall was that someone. He listened attentively as the Illinois Bell job interviewer also told him he was too old. "I was 24. Too old for the company's program for people with college degrees."

Today, Marshall sits in a vice-chairman's office at Basking Ridge, N.J. It's his office. Tomorrow, April 19, is AT&T's 104th annual meeting. From the opening press conference, you can count the hours—about 48 in all—until Marshall's 60th birthday. That day has come and gone, and so has Marshall. April 21 was his last day on the job. He's retired—well, almost.

From union steward to manager to AT&T board director; from Peoria, Ill., to Chicago, Dallas and New York, Marshall has amassed titles and job descriptions and accolades aplenty—deservedly.

"He saw the company in the context of its environment and saw, better than most people, how it was influenced by economics, competition and customers—all the factors that influence direction and success," says a close friend.

Marshall has weathered what he calls the three AT&T's—the monopolistic Bell System before divestiture, the one that struggled after "one-one-eighty-four" and the AT&T today that steps with a confident stride: "Where customers say AT&T is competitive, where people say AT&T is international, where the world judges us favorably with the adjectives we used to just proclaim for ourselves," says Marshall.

Four years ago, this once unlikely candidate for the telephone company said: "Heaven didn't proclaim that AT&T will succeed. Individuals have to make the company succeed—with each decision, with each action."

Marshall was one of those individuals.

Even though Marshall met a doubting Bell System job interviewer in 1953 who grimaced at college degrees not stamped business or engineering, Marshall's employment test scores did land him a job. But the odds against Marshall ever becoming a farmer were stacked against him anyway.

When he was discharged from the Air Force in January 1953, he married Millicent Bruner. They moved to the family farm in Southern Illinois.

Agriculture's loss was AT&T's gain. Even though Marshall met a doubting Bell System job interviewer in 1953 who grimaced at college degrees not stamped business or engineering, Marshall's employment test scores did land him a job. But the odds against Marshall ever becoming a farmer were stacked against him anyway.

When he was discharged from the Air Force in January 1953, he married Millicent Bruner. They moved to the family farm in Southern Illinois.

Home

"We didn't have running water. We had an outhouse. And inside the house, all we had was a kitchen sink and a dipper and bucket on the floor. Our shower was water in a 50-gallon oil drum propped up on telephone poles and heated by the afternoon sun. Looking back, I can see why Millicent wasn't overly thrilled that this was the way we were going to spend our lives. So about October she asked, 'Isn't there something else we could do?' We decided there was."

If that wasn't enough for Marshall, his wife's grandfather was perhaps a clue to his "karma." Her grandfather owned a small, local telephone company where the switchboard shared a room in the house and his wife was bill collector, bill payer and operator.

Later, their daughter—Millicent's mother—would work her entire life as an operator for Illinois Bell. "And my wife was a night operator in her mother's office when she was 16," adds Marshall. "So here were three generations of telephone people. And me, with my degree in agriculture, finding farming not what I wanted to do—and even more significant, not what my wife wanted me to do—I said, 'Let's give the phone company a try.'"

In November 1953, they moved their belongings in a borrowed cattle truck to Peoria. Marshall had one suit. His job? Selling pay phones for Illinois Bell.

"My first day at work, my boss looked at me and asked, 'Where's your hat?'"

"I don't have one," I said. "All salesmen have to have a hat," he told me. "Go down to the clothing store and buy one."

Marshall has long since traded selling pay phones and checking telephone booths for current directorates for today's information-age wizardry of computers, digital switches and light beams. But buying that first hat sticks with him and says something about his career and the feeling inside him when he thinks about leaving AT&T.

"I bought that hat. And when it came time to pay, the fellow in the clothing store asked me if I wanted to open a charge account. 'Well, maybe I should,' I said."

for basic jobs, let alone to someday run a factory. What does it mean to this country when it has a class of people who can't contribute or even participate?

"Teachers used to be heroes. Communities supported schools and applauded a student's success. To be a good student was the thing to do. I worry when I don't see that anymore."

Charles Marshall started his AT&T career selling pay phones to gas stations. After 35 years, he is retiring and going home.

Marshall leans back and pauses.

This man, who still gets misty-eyed when he sees a herd of white-faced Hereford cattle, is going to miss AT&T.

Charles Marshall Illinois '51

Internationally, we aren't competitive in the quality of our graduates. We always have exceptions that make us feel good. I'm tired of wasting time talking about the failure of U.S. education. Let's fix it."

This man is retiring?

"Most people, when they age, lose their spontaneity. Their enthusiasm. Not Chuck," says Joe Reed, a 27-year friend and former AT&T external affairs vice president, who now heads Leadership for Quality Education in Chicago.

"His vitality, not only when he articulates the best of what AT&T stands for, but his interest in people and the community, his enthusiasm and awareness set him apart. I think he knows how to relax, but people are going to get him to do things—whether it's advice or counsel or something that needs to be done."

Chuck Marshall is going home to Chicago, to family and friends, to five grandchildren. There's talk about Cubs games and storms on the great lake. He'll watch a Baltimore oriole build a nest near his fishing cabin. There's education and the corporate boards he sits on. But that's the future.

Today, in his vice-chairman's office—a room disturbingly bare of personal effects except for a few family pictures on the credenza—Chuck Marshall is thinking of a great company. He'll spend his last hours working on decisions and details of AT&T's new direction.

"I saw a new AT&T begin to emerge last fall," says Marshall. "I think of this new AT&T and feel, in a way, what Moses and his brother Aaron must have felt after they marched through the Sinai Desert for 40 years. When they were ready to cross into the promised land, the Lord said, 'You can't go.' It wasn't God's plan."

"I feel I have barely stepped into the new AT&T and now it's sailing away. It's an AT&T filled with promise, born out of turmoil. It knows what it wants."

Marshall leans back and pauses.

This man, who still gets misty-eyed when he sees a herd of white-faced Hereford cattle, is going to miss AT&T.

Campus Scene

ALABAMA

Our chapter excelled in sports, scholarship and campus activities.

We went to the play-offs in all Intramural sports. We challenged for the All-Sports trophy all year, but had to settle for third place.

In the area of scholarship, Delta Chi was represented well. **Winston Gillum**, who received the Algernon Sydney Sullivan Award for the most outstanding male senior, will become the fifteenth student in the history of the College of Commerce to graduate with a perfect 4.0 average. **Scott Salter** was named Greek Man of the Year at the Order of Omega Awards Banquet. Scott and **Greg Biddle** were selected to Omicron Delta Kappa Honor Society; **Ed Higdon** to Mortar Board; and **John Gardner** and **Richard Calvert** to Jasons, the men's senior honorary.

In campus activities, **Richard Raleigh** and **Jim Bercaw** served as senators and **Jim Hasty** was elected senior vice-president of Delta Sigma Pi, professional business fraternity. **Jeff Genova** will be hospitality chairman for Union Programs, and 'A' **Cass Scripps** received a Service Award from the School of Marketing.

We celebrated at the annual Indian Party in April. The men, led by house manager **Keith Hollis**, built a fort, and the weekend rush party was a huge success.

APPALACHIAN STATE

We won Greek Week for the first time. With much practice and enthusiasm, we finished first out of 11 fraternities.

In Intramurals our bowling teams all finished first in their leagues and our water polo team finished third overall. We finished second in the Hot Shot basketball competition and **Robert Seward** earned Athlete of the Week.

Our first Porkiest Pig Pickling was a great success as was a cookout with the Kappa Delta Sorority and a social with the Sigma Kappas. Our White Carnation Ball in Winston-Salem was fun for all. We were pleased to have a number of alumni attend. Everyone is enjoying a large tent donated by **John McPherson, Sr.**, which is coming in handy at outside socials.

We have eight associate members this semester after an excellent mid-semester rush. Leadership Consultant **Jeff Albright** provided us with valuable advice and insight into improvements we could make to some of our programs. In the area of service, we are still working with a local family and have taken the four children out for a day of skating and fun. We also participated in a canned food drive for Greek Week and were one of the few Greek organizations to collect our quota of canned goods.

We had an excellent ABT meeting and received outstanding advice. We welcome the support we have been receiving from our alumni and hope that more will visit.

4 Delta Chi Quarterly Summer '89

ARIZONA

Exhilarating is the only word to describe life here. We pledged 20 men and the chapter is now brimming with 130 brothers.

We brought three awards home from Greek Awards night. We received best Social, GAMMA (Greeks Advocating Mature Management of Alcohol) and Campus Involvement. **Randy Papetti** and **Robert Weeldryer** were recognized for their 4.0 GPAs. **Peter McCarthy** was admitted to the Order of Omega Honorary.

The chapter was happy to host the Region II Regional. All attending enjoyed presentations, conversations, and meeting with special guests Executive Director **Ray Galbreth** and Senator **Douglas Holislaw**.

Our first annual blood drive was an enormous success. With the help of Alpha Phi and Sigma Delta Tau, we acquired over 40 pints of blood for the Red Cross.

The chapter added to its long list of philanthropies the All Greek Golf Tournament. Every sorority and fraternity from campus participated, competing for over \$1000 in prizes. Network coverage provided good publicity.

ARIZONA STATE

We have had a successful semester. We were unanimously elected into the IFC, after a mandatory one-year probationary period. Alumni support is building. **Richard Sparks** '88 is our new ABT president and **Jim Rolstead** '88 is our new 'BB'.

We finished third in Greek Sing competition, and played a major role in contributing to the \$15,000 that was donated to area Big Brother/Big Sister Organizations.

Outstanding social and philanthropic events have also been on our calendar. In March we held our White Carnation Formal. Our annual philanthropic project, Survival Games, was a success; we donated nearly \$1000 to Make-a-Wish Foundation.

As our first year as a chapter draws to a close, we can look back with pride. We have the premier facility among all ASU fraternities, and have made ourselves known academically, socially, athletically, and in philanthropy.

AUBURN COLONY

Ten men were initiated into the Bond at the start of spring quarter. Among these, two faculty advisors, **Hank Cnerckl** and **George Mitrevski**, were initiated.

We had our share of disappointments in Intramurals. We still finished strong and, with a lot of young talent, we are looking forward to next year. Our thanks to the alumni who came to A-Day on April 29. The large turnout of parents and alumni made for an exciting weekend.

Greek Week provided for a week of challenging, and often humorous events with Delta Chi doing well. Academically, we again finished in the top ten on campus

was in the play-offs, and in softball our team was runner-up for the trophy. Our basketball team brought home the trophy in 1988.

Additionally, we are active within the various aspects of the academic environment. We helped organize an alcohol awareness program called Bacchus which included presentations at local high schools. Along with all our services and activities, we maintain a 2.8 GPA.

We are enthusiastically preparing for fall rush. We expect to have a large group, especially now that we have become a part of Delta Chi.

BRYANT COLONY

Delta Chi has found a home in the state of Rhode Island. Fifty founding fathers were initiated at Bryant College in Smithfield on March 2. Thanks to the UCONN, New Haven, Gorham State and Massachusetts Chapters for participating in the ceremony. We are the largest fraternity on campus.

The brothers have been extremely active in campus and community life. We fielded an indoor soccer team, two softball teams, two volleyball (volleyball in a racquetball court) teams, and three oozball (volleyball in a pit of mud with 7,000 gallons of water) teams this semester. In academics, we are ranked at the top of all fraternities on campus with a 2.9 GPA. We have hosted receptions with the Greek Letter Council and Bryant faculty to let them get to know Delta Chi better.

Within the community, we have washed faculty car windows, sponsored an Easter event for the children of Smithfield, and volunteered time at McAuley House, a shelter for the homeless of Providence. On May 7, we played 92PRO-FM (the area's top radio station) in a benefit softball game for United Cerebral Palsy.

Our first White Carnation Ball was held at the Sheraton in Worcester, Massachusetts, and proved to be fun for all. Five brothers attended the Region VII Regional.

Many of us had the pleasure of meeting 'DD' **Greg Hauser**, who visited on April 8. We are enthusiastic about our success thus far on campus and in the community. Our sincere thanks to Leadership Consultants **Max Goecker**, and **Jeff Albright**; our faculty advisor, **Wallace Camper**; 'BB' **Steve Ranco**; and our ABT for their great support.

BUFFALO

At Buffalo a powerful thing is happening. Delta Chi is becoming known all over campus as the premier fraternity to join.

We won a trophy this semester for selling the most Kids' Day newspapers per brother. Kids' Day is a fundraiser for a local hospital. Last year we won the same trophy, so we have a fine pattern to follow.

Our chapter did quite well at Greek Week competition. We were second in darts and are in the play-offs for football. The brothers created an incredible banner depicting **Kevin Costner**, Fullerton '77, telling the Greeks at UB to unite.

Our chapter is getting bigger every semester. There is much interest in Delta Chi this semester, so we are thinking about running a summer rush program.

CAL POLY COLONY

As the summer progresses, we can hardly wait for the new school year to begin. We have petitioned for our charter and hope to hold the banquet on Friday, October 13, the birthday of the Fraternity and our own establishment at Cal Poly.

In addition, by the end of our spring quarter, we hope to be a full member of our campus IFC.

Finally, for the upcoming school year, we will be moving into two separate houses, one a four-unit apartment complex that will house 16 men, and a house that should accommodate an additional five men.

CENTRAL MICHIGAN

Our semester was highlighted by our great performance in Greek Week. We won Wariner Relays, best costumes for Greek Sing and Putt-Putt Golf, took second in swim, and third overall in Greek Sing with Alpha Chi Omega. We are most proud of the Most Participation Award.

This semester we have had many highlights socially and in sports. We had an up-and-coming band, The Huntunes, play at our house twice this semester to the delight of many. In sports, we finished first in volleyball, second in wrestling, and had our best finish in floor hockey.

For philanthropic projects, we did office work and promotional work for the Child Protection Agency of Isabella County.

CENTRAL MISSOURI

With a great semester under our belts the chapter received many awards and honors and was selected the most improved chapter on campus. We placed fourth in Intramurals with a second place in softball.

We were also strong in water polo, with a first-place finish, and basketball, where we sent two teams to the play-offs. **Alan Key** '89 was selected as Greek Man of the Year.

Dave Goerz and **James Clalborne** were selected as chairmen of IFC committees. **Mike Rolling** led another successful Blood Drive and **Jeff Foreman** led the rest of our philanthropic projects.

With 20 years on campus behind us, we held our Spring Alumni Weekend to kick off our next 20 years. It featured the activation of eight men, the annual Kimball Cup softball game which the alumni won, a whole-hog roast, and a dance. It was attended by more than 100 alumni.

Other events included dances with sororities, the White Carnation Formal, summer sports and South-of-the-Border and Toga mixers. We did well during Greek Week, finishing fifth.

CHICO

We have had a successful year in sports as we finished first in soccer, football, and floor hockey. We finished second out of 14 in the Greek Cup sports competition.

We also participated in the second annual Rancho Chico Days by entering a float in the parade and building a small building called a quad to be put on display and

judged. It took many long hours and dedication to build these, but we worked together and were able to finish them. We also had our annual parents' day during this weekend. Brothers' parents came to Chico to watch the parade and afterwards enjoy a barbeque with chicken and all the fixings.

In keeping with our chapter's dedication to community service, we spent many hours landscaping a two-acre plot around a house for Project Child. This house will be used as a temporary home for abused children.

We also helped start the Hayward Colony by participating in their founding father rush and initiating them into Delta Chi.

CLARION

We enjoyed another fine semester. Nine new brothers brings the total for the year up to 20, which doubles the number of members from a year ago. The house will be full in the fall.

We are planning our annual run for the Special Olympics this year and hope to top our pledge from last year. Once again we had a strong showing in Greek Week, with places in swim, banner and scholastics. Our Intramural teams are doing well with softball and golf being our strongest sports.

COLORADO

We initiated 13 brothers, one of the largest spring classes on campus.

The Greek Ski Challenge netted \$2500 for the Children's Hospital. The event took place at Breckenridge in association with the Tri-Delts. **Dave Grubel** successfully organized the event and was also a leading race participant. We are currently planning the third annual Mudfest mud volleyball competition to be held at the beginning of fall semester.

We have had an eventful sports program. We were named champions of hockey, softball and water polo this semester.

Buffalo brothers support their second Kids' Day Trophy.

Delta Chi Quarterly Summer '89 5

At Clemson the word is . . .

Intense: (in tens) adj. 1. very strong 2. strained to the utmost 3. characterized by much emotion; accompanied by strong action. This word best describes our Colony.

In our on-going community service, **Kevin O'Connor** organized the Cystic Fibrosis fun run. With the efforts of the student body and chapter members, the event was a great success and \$2,000 was presented to the Cystic Fibrosis Foundation.

CREIGHTON

We won the Greek Games and placed second overall in Greek Week. Our 3.21 GPA ranks highest on campus.

Phanthropy projects included an Easter Seals Bowl-a-Thon that sent a handicapped child to camp, strong participation in the campus Blood Drive, and sponsorship of an Easter Egg Hunt for underprivileged children. We have sold a total of 436 Top Ten T-shirts during the year to raise \$2050. We also raised \$200 through local phone calls, thanks to **Mike Kozlik '75**.

The M*A*S*H Bash kicked off the social calendar with everyone dressed in scrubs. The jungle party included palm trees and an exotic banana-eating contest. In April, 16 men were initiated into the Bond. The annual White Carnation Formal with an awards ceremony as well as a roast honoring the seniors was held the next night. The annual Toga lived up to expectations, and the year finished with a softball game and BBQ attended by Regent **Scott Klinefelter**.

Michael Darrow '73 and **Rich Hubbel '73** are currently planning a reunion in Omaha in 1990 for the classes of '69 through '73 and would appreciate your help.

DEPAUW

On March 11, we initiated 15 men, including double legacy **Michael Giesecke**. We have been busy this spring with house renovation plans to be carried out during the next three years. We have been active in adopting the Delta Chi national policy on alcohol, and our presidents **Doug Dreimier** and **Carl McMullom** have been active in having the policy adopted by the university. We won the DePauw Little 500. We have come close to winning the race for the last few years and were ecstatic to finally do it.

Alumni events include our spring party and our annual summer alumni visitation. A distinguished DePauw Delta Chi alumnus who is expected to attend the reception (and also speak at commencement) is **James Stewart**, editor of the Wall Street Journal.

DePauw Brother **Michael Giesecke** follows his father, **John '60**, and his grandfather, **Raymond** IL '27, in the proud tradition of Delta Chi.

EASTERN ILLINOIS

We began spring semester by taking in five associate members, all anxious to join our brotherhood. Our intramural basketball team finished first in the fraternity division, and we are proud to have the trophy displayed in our chapter room.

Hard work paid off when the 23rd annual Miss Lincoln Trail Pageant commenced. The winner, Heather Yarbrough, will travel to Elgin to compete in the Miss Illinois Pageant. **Jim Nordentoft's** hard work and dedication as chairman left a shining impression of Delta Chi on campus and in the community.

We capped off our semester with another outstanding alumni turnout at our annual alumni-active picnic, E.Q. This summer we are planning to complete our house improvements.

EMBRY-RIDDLE

Spring began with the initiation of 20 men and has been on an upswing ever since. The term has been filled with dinners, socials, and a lot of work on the house.

After the purchase of a bus by **Michael Senn** and **Brian Hirschman** several trips were made to area amusement parks.

But the key words of the semester were definitely house improvements. Since the building of a fence and the sodding of the backyard, the house has never looked better. There was also the purchase of another house behind our original one.

FLORIDA

This spring we worked hard on our ninth Toga project. The week-long event ended in grand fashion with our infamous toga party, which filled the house with thousands of toga-clad party goers who, along with Delta Delta Delta, helped us raise over \$3,000 for the Leukemia Society of America.

We had a special formal, spending the weekend in Clearwater Beach and holding our Carnation Ball on a ship cruising the Gulf of Mexico. Our Woodser, with bonfires and hayrides, went without a hitch.

Several brothers received positions in the Student Government Senate, the IFC, and on the Campus Preview staff.

Greek Week was one of the best ever for us as we held on to first place early, but slipped towards the end of the week.

Nearly 200 people attended our parents' weekend. They were treated to a barbecue and softball game, as well as a banquet. Parent involvement has increased greatly because of this event.

Intramurals were again strong as both our basketball and softball teams fared well. The 'A' soccer team won its division and came in second among 33 fraternities, losing an emotional championship game on penalty kicks after two overtimes.

FREDONIA COLONY

We are proud to be a part of Delta Chi! Fifteen enthusiastic men were initiated into the Bond in February. And in April another three were added to our ever-growing

family. Both rituals were marvelously executed by a great group of brothers from the Buffalo Chapter.

Campus and community relations are on the high side with such activities as: a campus and community litter pick-up day, selling tickets for the Fredonia Strawberry Festival, and working security at the annual Fredonia Festival. Also, our ABT is looking forward to the addition of a few key officials.

In the works for next year are a welcome-back barbecue, a Delta Chi Music Festival, a possible Girls of Fredonia State calendar, and lots of philanthropy work.

FULLERTON

We're back! The house now enjoys a newly remodeled kitchen and a big-screen television. With the help of alumnus **Kevin Costner**, we have a strong associate member class. Our assistance to the March of Dimes annual Walk-a-Thon continues to show our commitment to the community.

Understanding college is not all work, we included the Blackout and Toga parties in the spring schedule. After finishing in the top five in intramurals, we are confident of taking the top spot in the fall.

We would like to thank our alumni, for we could not have done it without them.

GORHAM STATE

We have been busy as usual. We thank Leadership Consultant **Max Goecker** for his visit. His advice was helpful. We have recently rediscovered the fine art of taking road trips, taking one to Bryant to witness their Initiation ceremony. Also many brothers attended the Regional in Buffalo.

Our annual spring formal Cabaret was held in Portland. **Brendon Alterio** was the second recipient of the annual Bruce Childs Award, given to the brother who puts the most time into care and maintenance of the chapter house. **Eric Rollins** received the Brother of the Year award.

Our latest renovations to the house include new doors inside and out, as well as a new brick barbecue pit in the backyard.

HAYWARD COLONY

We are continuing to progress in many areas. On March 11, we initiated 29 men into the Bond. Thanks to the Chico members not only for their time and effort but for bringing the group closer together, motivating us, and instilling the "class act" concept. They were more than hospitable, putting us up comfortably for the weekend and hosting a great reception following the Initiation ceremony.

We are privileged to have **Jake Finley** from Chico and **Doug McKelvey** from Sacramento State among us. Since they come from two great chapters we look to them for advice.

Our first White Carnation Ball was April 8. The brothers also volunteered their service as spotters, doormen, and scorekeeper at the California drug-free Power Lift contest. We are making progress on acquiring a house and **Rob Briesch**, 'E', and **Peter Parenti**, 'D', are forming an ABT.

We are especially proud of our spring class which is the largest on campus. The

Hayward Colony Brothers, from left, 'A' **Robert Conboy**, 'E' **Robert Briesch**, **Brent Uridge**, **Richard Roehl**, **Cyrus Nasiri** and **Alex Bressler** go formal.

Initiation of these men will make us the largest fraternity at Cal State-Hayward.

HOBART

We started spring term by sponsoring a charity concert for Happiness House, an organization that helps families of children with cancer. The whole campus was invited to attend with the prerequisite of paying \$3 at the door. The concert was held at the Barn, the campus recreation center. 'A' **Mark Paton** arranged for four school bands to play; T-shirts were made as well. A grand total of \$1300 was donated to Happiness House.

On April 15 the Hobart lacrosse team, number one in Division III, took on Syracuse, national champions, on the home field. Delta Chi held its yearly alumni weekend at this time with a significant number of alumni attending. The lacrosse game was a disaster but the weekend was not. After the game **Pete Farrel** and his band from NYC entertained the alumni and other friends of Delta Chi. Our spring formal was held May 12 at Belhurst Castle.

IDAHO

Celebrating our 65th anniversary on November 5, 1989, our goal is to bring back as many former chapter presidents as possible to attend the weekend festivities.

It was a traditional ending for Greek Week as we took second place for the sixth year in a row, this time by one point. We also took first place in the Songfest competition for the fifth out of six years.

With one event left, we are still in the hunt for a first in intramurals. Intramural Chairman **Kevin Brocke** led us to a first-place finish during the fall, however, we slipped to second place this semester in that ever-tough badminton.

Our 54th annual Pirates Dance capped off the year's festivities. Set with the traditional pine bough waterfalls and ponds throughout the house and the gangplank across the front yard, Delta Chi was the spectacle of the Greek community.

Doug Korn is the new IFC president and **James Lofthus** is fraternity relations officer.

We attended the Region I Leadership Conference at the Washington Chapter. It was enjoyable to meet 'AA' **Larry Audlehelm** and 'CC' **Mike Carroll**.

ILLINOIS STATE COLONY

The high points for the year include: recognition by the IFC, two strong rushes, and participation in community service and philanthropy projects. Recognition by the IFC was absolutely the high point of the year, and now we are looking forward to our chartering.

Two strong rushes got us started off on the right foot. Twenty-one men were initiated, along with Dr. **Mike Welsh**, our faculty advisor.

Our success in philanthropies has aided in getting the word out that Delta Chi is back on campus. This year's philanthropic events include: two first-place finishes in the Homecoming Banner competition, second place in the Delta Sigma Phi Gong show, second place in Phi Beta Phi Plunge, and third place in the Panhellenic Teeter-Totter-a-Thon. Community service projects included the monitoring of traffic for the 5K-10K Race sponsored by the town of Normal and Country Companies Insurance. Our ABT held its first fundraiser, and the alumni newsletter, *The Marlet*, has been a great link between us and our alumni.

IOWA

We took in another 11 men during informal rush. The chapter now stands at

85 members and a full house in the fall. The Women of Iowa Calendar is currently in production and shaping up to be another success. The selection and interview process was difficult once more because of the number of excellent applicants.

Greek Week this year ended with us among the top houses. With a second place in the Greek Follies, we again showed our house spirit.

The highlights of the semester were the Flamingo Formal in Cedar Rapids, Iowa, and the Delta Gamma Anchor Splash philanthropy. Our participation was an outstanding 100% in all events during the week. We won our third consecutive first place in swimming events, and this year first overall for the week.

JACKSONVILLE STATE

The spirit within our chapter is at an all-time high. This spring, rush proved productive in terms of associates and improvements in the house. With the addition of new furniture, letters, flag, and landscaping work, the house looks great!

We recently took part in a City Cleanup that produced a large truckload of trash and publicity in all local newspapers.

JOHNSTOWN

Our annual Las Vegas Nite fundalser was once again a success, raising over \$500 for the local charity "Operation Touch" which helps the unemployed of the area.

Cooperation and teamwork are no strangers to Delta Chi and this term these elements paid off. We captured the Greek Week Championship with a grand finale performance by **Keith Dougherty**, **David Hamaty**, and **Craig Smokowicz**.

We are looking forward to our summer reunion and are already in the planning stages for fall homecoming festivities.

KANSAS

The fall semester was quite rewarding. We finished second out of 27 fraternities with a cumulative GPA of 3.04. Our associate class also finished second on the

hill with a GPA of 2.95.

Athletics was another bright spot this year. We finished third overall in sports with a late charge for first falling short when we suffered upsets in tennis and soccer.

Several date dashes and functions dotted the calendar all semester. Our party list ended with our nationally recognized Tom Jones. The entire campus buzzes when this bash rolls around!

A major concern here at Kansas as we leave for summer is the renovation of our house, which will force everyone to live out of the house next year. We have secured spots in the Jayhawk Towers and many brothers will be living in their own apartments.

KENT STATE COLONY

We recently initiated nine men. We are working towards our chartering and hope to accomplish that in the fall. The colony was recently recognized as the outstanding colony on campus. We also received the award for the highest GPA and the award for most spirit during Greek Week '89. We made a great showing during the week. The highlight came during Greek Games as we were preparing to race our charlot. When we put it through a trial run, the wheels fell off. But, rather than being dismayed and dropping out of the race, we carried the charlot, rider and all. We finished second in our heat, but more importantly we were responsible for the greatest show of brotherhood during Greek Week.

Plans are being made for fixing up the house we have acquired, and we should have a place we can be proud of in the fall. Finally, we desperately need assistance in filling our ABT. Any alumnus interested in resetting the standards with us on the Kent State campus can do so by calling (216) 677-9807.

L.S.U.

We are taking the campus by storm, and the reasons are various and numerous. First, our calendar is filled with sorority exchanges, date parties, and theme parties. These parties were complemented by a visit from quite a few of our brothers from

the Houston Colony.

We've also carried this spirit over to our campus activities. **Dan Shapiro**, along with Pi Beta Phi, engineered a major upset over Delta Tau Delta as we took first place in the Cajun-style jam jam games. On the political scene, **Eric Greschner** was elected to the SGA. But, we do a lot more at L.S.U. In a campus-wide blood drive, appropriately named the "Veln Drain," we donated the most blood of all the fraternities, thereby winning a party with Delta Delta Delta.

We also held our first annual Parents and Alumni Day Bar-B-Que. This day was symbolic of our entire semester in that it was a smashing success!

LEHIGH

We are proud to have been selected to host the 1990 Region VII Conference. **Bob Andrews** spearheaded the committee that made a formal proposal to host the Regional.

In other news, we initiated seven men into the Bond on April 27. Currently we are fifth out of 32 fraternities in intramurals, but we anticipate a higher finish.

Our ongoing philanthropic project with an agency to help the poor of Bethlehem is a success, too. The latest projects that we have assisted with include tutoring elementary school children and helping with a benefit dinner. We are also trying to devise a fundraising program with them.

LIVINGSTON

We had one of our best spring quarters ever. Many of our efforts over the past school year were recognized during the annual Honors' Day program held at the university. We were able to win the Cleaner Livingston Award and we had the second highest GPA for fraternities and sororities.

We also added two new brothers to the Bond, and we are in the process of rushing five men. We held our annual Indian party, which brought many alumni back to the campus to become better acquainted with our new brothers.

LOUISIANA TECH

The spring quarter has been busy. We accomplished a great feat by putting out our first alumni newsletter, *The Red and Buff Review*. Much hard work and dedication was put towards its completion.

On the athletic scene, a soon-to-be initiated associate member, **Chris Landman**, placed second in the nation for powerlifting in his weight class. Our softball team also won their division for intramural softball.

On the social scene, we had our annual Crawfish Boll in April. That's Louisiana Lobster to all you Yankees! We also held exchanges with Phi Mu and Delta Zeta.

MARQUETTE

This has been another great semester. A Graffiti Party with Alpha Chi Omega "painted" the start of the semester. February brought the second annual Ted Simmons'

Snow Softball Game which the alumni won. The house turned into Las Vegas for one March night as the women of Alpha Phi were guests for Casino Night. In March our philanthropic project was a health run around Milwaukee City "beaches" promoting Delta Chi and raising funds for Campus Awareness. The school paper stated that this activity "has helped the students really see what these guys are all about."

April was fun filled, as we had our 12th Alumni Spring Formal. **Brian Lo Cicero** was named Alumnus of the Year.

In IFC affairs, we captured second place in the Greek Olympics, and **Chris Simal** was elected IFC secretary. Finally, thanks to all the supportive alumni who have stopped by the house.

MARYLAND COLONY

Spring ended with the initiation of our Delta associate class. Close to 50 strong, we are anxiously awaiting chartering.

We hope that all semesters will be as successful as this past one. Thanks to Phi Sigma Sigma, the brothers had a super Greek Week. Activities such as softball, volleyball, Olympics, tug-of-war, and scavenger hunt were highlights. In addition, we helped cheer on athletes and raise money for Special Olympics. The University recognized **Mike Weiss** for his scholarship and service by accepting him into the Order of Omega.

Our ABT has been officially established. **Dave DeMarco**, Penn St. '81 is our newly elected ABT president.

MASSACHUSETTS

Spring semester started with a successful rush resulting in 13 associates.

We were involved in a number of philanthropic projects that raised money for the Multiple Sclerosis Fund.

We did well in sports by fielding two basketball teams, three softball teams and three volleyball teams with one team in each sport making it to the semifinals.

Our house underwent many changes during April. Brothers and associates together rolled up their sleeves each weekend to paint walls, fix ceilings, replace doors and help renovate the inside of our chapter house. The reason for this was to prepare for our upcoming 20th anniversary banquet. The banquet, held on April 29, was a tremendous success. Nearly 50 alumni attended this celebration. Our thanks to every alumnus who attended; we hope to see you all, and more, at our homecoming in October and other alumni functions to follow.

MIAMI

The past semester culminated with the initiation of 20 men. In addition, a successful spring rush resulted in the welcoming of five new associate members.

Our recently formed House Renovations Committee founded by **Rich Ratay** has now raised over \$1200. This money will be

Gumby and his friends at Marquette have just finished playing softball in the snow. The alumni won, but which team was Gumby on?

used to continue to improve and maintain the physical structure of the house.

Also, we are excited about moving up a division in fraternity sports, following a successful year of house athletics. Socially our past semester was a busy one. Our annual Fly-Me party was, as usual, a great success, as was the White Carnation Ball.

Finally, we thank our alumni for their greatly increased support. Much of the progress we have achieved over the past year would not have been possible without their continued consideration.

MICHIGAN

Winter rush brought us 11 associate members, our largest class in several years, so we look strong going into the fall. We are planning house renovations over the summer, including roof and tile repairs.

Greek Week went well. We placed high in several events, including song and variety, swim relays, distance relay, and spaghetti-eating relay. In other events, we placed third in wrestling, fifth in baseball pitch-off, and we made the semifinals in volleyball and innertube water polo.

Academically, we remain leaders on campus. Our GPA of 3.1 puts us in the top five out of 39 houses on campus.

We are also involved in philanthropy projects. During Greek Week we helped paint and refurbish a transitional home for battered women. We also continually help disabled children at the University Hospital.

We are planning several alumni events, most notably a golf tournament. We also look forward to another good homecoming with our great alumni. Now that we have so many returning members, fall semester promises to be exciting and productive.

MICHIGAN STATE

Spring term began with the best rush we've had in the past two years. Twenty-two bids were extended and all associates were present for formal pledging.

A positive attitude seems to fill the house in hopes of winning Greek Week and the All-Sports trophy. Our athletes have set their sights on the softball championship. The 20th Annual Alumni-Father-Son Golf Outing on May 13 was expected to be attended by the honorable Governor of Michigan, James Blanchard, and his son Jay, who was recently initiated.

This term we have made many improvements including a new chandelier, additional counter space in the basement, new windows throughout the house and track lighting in the president's room.

Community service has become an important facet of Delta Chi. We have entered two major athletic tournaments with the entry fees and ticket sales going to the Child Abuse Center of Lansing and the local Multiple Sclerosis Association.

The first awards for the Lacchia/Michigan State scholarship fund have been given, with two of the five awards being won by our past 'E', **Steve Lamie**.

MINNESOTA

Our split has greatly increased as the completion of most of the house construction projects draws near.

We unveiled a new spring fundraiser, the Delta Chi Duluth Trek. This bicycle trip from Duluth to Minneapolis is held to raise funds for the Child-Family Life Program at the University of Minnesota Hospital and Clinic. With this year's sponsors and donations the event should be the most successful

A community car wash raised money toward the purchase of video equipment for the Northeast Louisiana University Counseling Center. Delta Chi Colony 'A' **Richard Tomlin**, right, presents a check to Coordinator of Campus Programs Brit Katz.

chapter fundraiser in years.

The chapter thanks all parents for making Parents' Day wonderful, especially Mrs. Elyn Turk, **Anthony Turk's** mother, for catering the event. Special thanks as well to Mr. and Mrs. Robert D. Krutz, whose son **David** is an associate, for a gracious donation of a new leather sofa and two lovely French tapestry chairs for the Ball Room.

MISSISSIPPI STATE

The year came to a close in a big way with our annual Super Saturday Wet and Wild Weekend. Over 200 alumni and parents visited. Parents, brothers, and associate members did all the preparations and cooking to make the day a big success.

The intramural program is achieving unmatched success. Our softball team, The Untouchables, won the championship of the Alpha league, which is the top fraternity league on campus, and made it to the semifinals of the All-School Tournament. The year was highlighted by two victories over the Pike Firemen who were the defending champions.

As always the social calendar was full this semester including swaps with the Chi Omegas and Alpha Gams and the first swap between universities with the Phi Mus of Southern Mississippi.

MONTEVALLO

This past spring has been rewarding. We pledged eight men and are looking forward to initiating them next fall. Activities have included our annual Alumni Pig Roast, Rush Workshop and our Spring Formal in Ft. Walton Beach, Florida.

Richard Sturm was elected IFC president and **Jason Latham** was chosen as treasurer. **Brian Collins** is our new 'BB'.

NORTH CAROLINA STATE COLONY

We are at the end of our first full semester as a colony and are excited with the progress

we have made. The Initiation of 32 brothers in March was the highlight of a great semester. We raised nearly \$800 for the March of Dimes by participating in Walk America on April 22. We participated in National Volunteers Week by placing luminaries for a commencement speech by the Governor, and we recently got involved in the Adopt-a-Highway program by choosing a road near campus to keep clean.

Although as a colony we were unable to officially participate in Greek Week functions, we were represented in every event and competition. We consistently had a strong turnout, especially for the philanthropy project in which each fraternity and sorority cleaned up a designated cloverleaf in Raleigh.

We elected officers for next year and are setting our goals for the future. Aside from obtaining our charter, our chief goals are establishing an ABT, getting a house, and strengthening our colony with a good rush next fall.

NORTHEAST MISSOURI

Spring has been an exciting time, with the Initiation of nine members and our new faculty advisor, Dr. **David McCurdy**.

Realizing the importance of community service, we have recently worked with the American Heart Association. Special Olympics, the American Red Cross, and a local Adopt-a-Highway program.

This year's Greek Week was great! We sponsored an All-Greek mixer with a live band and free food. Coordinator for Greek Week Volleyball, **Stu Lindeman** was recently appointed to 'Greek 2000,' a highly selective committee for Greek campus leaders.

The highlight of our social calendar was the Spring Riverboat Formal in St. Louis. It served as a focal point for the semester, bringing most of us together for a great time and a memorable experience.

NORTHERN COLORADO

This semester **Kevin Kostoff** was elected IFC treasurer and **Joe Bock** was elected secretary.

Our chapter placed third in Greek Week this year. We placed first in both songfest and the scavenger hunt, and **Allen Wade** was named the Greek God.

We have been active on our campus and in the community. This semester we sponsored the first annual Slapshot Hockey Tournament. We cosponsored a dance with the Center on Alcohol Resources and Educational Services to promote the responsible use of alcohol.

Our annual spring formal was a great success. A number of alumni and undergraduate members trekked into the heart of the Rocky Mountains to have a great time at the Breckenridge Ski Resort.

Sports is a continual stronghold for us. The hockey team placed third in the IFC Tournament and the softball team is dominating the competition.

NORTHERN ILLINOIS

Spring semester was outstanding for us. The limelight belonged to our chartering

on April 22. Also during the semester the legal knot was tied for a house in DeKalb. Starting in August, we will be anchored in the midst of Greek Row; the houses is certain to further unify us.

Our Beta class of 27 Initiates rewrote the book on what a good associate member should be. Individual showings and strong efforts by our teams represented Delta Chi well in Anchorsplash and Springfest.

Finally, we salute **Anton Kosakowski**, who for the second year competed in wrestling on the national level.

NORTHERN IOWA

We held our fifth annual Teeter Totter for Tots, where we teeter tottered for 24 hours straight. This year we raised money for Nathan Todd, the son of a former U.N.I. football player. Todd has cerebral palsy and the money we raised went to the family to help pay medical bills.

This year we took first and second in individual bowling during Greek Olympics. The chapter held its 20th anniversary in July. We thank all those attending for making it a success.

Over the last couple of years the chapter had fallen on bad times. The membership was way down. In the '88-'89 school year we tripled in size and remodeled two rooms. We owe this success to the brothers who worked hard to see their chapter continue.

NORTHWEST MISSOURI

The semester came to a close with Delta Chi doing well. The recent activation of 17 men brings our membership to 113. Our chapter was well represented at the regional

"What do you mean, The laundry lost all our socks?"

conference in Iowa City by 11 members. 'A' **Rocco Bene** was elected Vice Regent. There are many things going on around the house. The front porch renovation is complete and the construction on the back deck has begun. We have also acquired a letter-quality printer for our computer.

The chapter sponsored an Easter egg hunt for underprivileged children. We enjoyed our annual spring parents' day, and our spring formal in Kansas City.

Thanks to all alumni who have visited the house and all who have made contributions.

OHIO STATE

After a four-year duration as a colony, we finally regained our chapter status. The brothers have worked hard for that moment on May 13.

We also reached another long-awaited goal when we held our first philanthropy on April 26. The project was a fashion show, with representatives of fraternities and sororities participating as models. All proceeds from sponsors and ticket sales went to the Diabetics Foundation.

Spring is also a time for Delta Chi to participate in many other fraternity and sorority philanthropy events. This spring we entered Alpha Chi Omega Ultimate Frisbee, Alpha Tau Omega-Fiji Soccer, Delta Gamma Anchor Splash, Alpha Phi Alpha Basketball, and defended our title in the Kappa Kappa Gamma Golf Classic.

OKLAHOMA

We kicked off the spring with a great rush, and then welcomed the new associates with a semi-formal Valentine's Day Party.

After spring break we jumped right into our fifth annual Delta Chi All-Greek Wrestling Tournament. The tournament has become quite an event in the Greek community with over 70 wrestlers in nine weight classes this year. Attendance averaged 250 people per night. We also presented the 1988 Alumnius of the Year Award to Retiring 'AA' **Fred Hammett '60** in March.

In the Greek Week celebration we placed fourth overall. We took fourth in the banner contest, and in the Greek Games we were first in the Fireman's Relay, third in the Tug-of-War, and **Jeff Vercher** easily took first in the Pizza Eating Contest.

April started with the annual OU Mom's Day. The luncheon was a big success with many mothers attending and an excellent meal prepared by **Steve Kuder** and **John Woodard**. We ended April with a visit from Leadership Consultant **Matt Prater** and our big spring party Treasure Island. This year we did something different and sponsored an All-Sorority Spring Fashion Show during the party weekend.

OREGON STATE

A number of us went to the Region I Regional at the Washington Chapter. It was informative and helpful, and we have already seen improvements in most of our chapter activities.

Scholastically, we are experiencing continued success. We placed seventh out of 27 fraternities in grades for winter term. We are expecting an even higher ranking this term, as we strive for number one.

OSHKOSH

We Initiated six men. Other events included our spring formal held at the Oshkosh Country Club and an All-Greek Cruise Wear party which proved to be a good time with other Greek organizations.

We also donated to The Boys and Girls Club to help children attend summer camp.

PURDUE

Our philanthropy, held in March with the help of Delta Delta Delta, raised \$1669, the most in the three-year history of our Bike-a-Thon. All proceeds went to Huntington's Disease research.

On April 22 the annual Purdue Grand Prix was held. **Steve Nelson**, our driver of four years, and **Mark Lucas**, our crew chief, unfortunately on lap 61 Nelson was hit qualified our kart in the thirteenth position. Unfortunately on lap 61 Nelson was hit from behind which caused mechanical problems. Despite the fact that this cost our kart eight laps, we recovered to finish in seventeenth place.

SACRAMENTO

This semester we continued to move in a positive direction. A retreat, which proved to be successful, was held for the whole chapter by our ABT. The retreat was led by **John Shelby '86**, along with **Jeff Boone '86**, and the chapter learned a great deal from their expertise.

In Intramurals, the chapter continued to defend its softball title by going undefeated throughout the first half of the season. The pitching of **Kip Johnson** and the slugging of **Bret Glover** led the team to strong victories. The team seems to be on a collision course with SAE. Its opponent in the championship match last year.

At Delta Gamma's Anchor Splash, Delta Chi had a fantastic showing. **Jeff Sultos**, **Walt White**, **Chris Pritchard**, **Greg Schmidt**, and **Dan Bayer** defended our synchronized swim championship with honor by taking the title again. We are the only fraternity to win the synchronized swim title!

SAN DIEGO

We had a great White Carnation Ball which was the social highlight of the semester. Sports are going well. After a strong finish in basketball we are heading into the softball play-offs. Practices have already begun for next semester's football.

At our White Carnation Ball, **Timothy Crawford** was named our Man of the Year. **Michael Cook** was named the Honor Initiate for Fall '88, and **Robert Cromer**, our transfer from Ball State, was awarded Most Inspirational Active.

Several of our brothers attended the Region II Regional at Arizona. Our own **Mitchell Cuevas** was elected Vice Regent for the southern area. He is enthusiastic about the position and looks forward to

working with other chapters. Mitch was also given the Fraternity Advisor's Award for his contributions to IFC.

SOUTHERN CALIFORNIA

After a year of hard work we have reached one of our main goals. At the White Carnation Ball on April 21, we received our charter back. It was a moving event for all involved, especially the founding fathers of a year and a half ago. Now that we have achieved our main goal for the year, it is time to dedicate that same incredible effort to achieve our other goals, one of which is membership. We are already gearing up for next fall's rush, which is supposed to be the biggest ever at U.S.C. We are confident of pledging at least 20 to 25 men.

We've had a great year. We have actively participated in many Greek and school events including: Homecoming, Greek Week, Springfest, and Ironman. At the same time we held our own Delta Chi Olympics, exchanges with sororities and an awesome spring break at Lake Havasu.

This summer the house will be closed for renovation. The plumbing and electrical systems will be totally redone, and other improvements will be made to individual rooms. We are looking forward to coming back in the fall, not only to see the results of house improvements but also to continue on a great road to success.

SOUTHERN ILLINOIS

Spring semester began with preparations to host the Region V Leadership Conference. The weekend began with the Initiation of the founding fathers of the Wisconsin Colony. 'AA' **Larry Audlehelm** and Region V Regent **Larry Nothnagel** were on hand for the exceptionally successful conference, which had the largest delegate turnout ever for Region V.

Outgoing Southern California 'A' **David McClure** triumphantly displays the original 1910 charter returned to the chapter April 21.

Valdosta brothers enjoy a Juice break with the 'Delta Chi Scooters,' the YMCA T-Bat team the chapter sponsors.

In the Lamplight

By James A. Burchett 'E'

It is difficult to write as the only light I have is from the Delta Chi Brotherhood Lamp in our Chapter Room here at Tri-State. I am the current 'E' and as I look at this lamp my thoughts turn towards my predecessors, not only from this chapter, but the entire Fraternity as well.

This year is the twentieth anniversary of our chartering, and my thoughts turn to those who I know well because of their frequent visits and those who, though they are my brothers, I have never met.

Many stories are banded about that will continue to be passed down throughout the chapter's history. My thoughts turn towards those who began the whole thing, our Founding Fathers. Looking at the Brotherhood Lamp I can imagine eleven college men at Cornell University banding together and forming what is now Delta Chi. I can imagine **Peter Schermerhorn Johnson** looking at a similar lamp and saying, "Delta Chi was my first love, and it shall be my last." I can also imagine **Jamie Rand**, a Tri-State alumnus, looking at this lamp when he said "Delta Chi is an ideal. One cannot hold it in his hands, only in his heart and mind."

I feel that all of you, my brothers, are here with me, guiding me if I need it, and that I am inspired by all of you. Once a Delta Chi, always a Delta Chi.

portion of highway within Springfield to be ours to keep spotless.

Congratulations to **Gary Fabro** who received the SMSU Greek Scholarship for his efforts in the Greek system as well as his GPA and to **Doug Sovich**, who had a successful career in baseball for the Bears.

TARLETON

Spring semester established Delta Chi as a strong leader in the Greek Community. Spring rush provided us with six men, one of whom is a legacy.

We have spent many hours restoring the house. We have paneled the walls and revarnished the floors. Our efforts have been applauded by the administration.

We have been actively involved with the community, too. The local Boy Scouts asked us to help them attain their water safety badges. The brothers had to get up early on Saturday mornings to go swimming.

Everyone agrees that this was not easy, but the thanks from the Boy Scouts were well worth the effort. We held our third annual Gumball Road Rally April 28; it was an overwhelming success. The members of the community and the other Greeks showed great participation.

TEXAS COLONY

We started the semester off by acquiring a pledge class of seven, one of the largest on a campus that does not put full effort into spring rush. Five men were initiated.

For Valentine's Day we held our third annual Cupid's Arrow semiformal at the Hyatt Regency in Austin. During UT's traditional Round-Up Week, we paired with the Spooks, a women's spirit organization, to create "The Bevo Sphinx" parade float with the K-98 "boom box" trailing close behind. Afterward, we held our Rio Round-up semiformal casino party.

In intramural softball, the fraternity went into the play-offs with a 4-1 record and made it to the second round before losing. The Greek honor society, Order of Omega, is forming on campus for students who have made outstanding contributions to campus activities and the Greek system.

Bruce Milam, 'A', and **J.T. Cole** have already been inducted.

TEXAS TECH

Spring semester began with the pledging of ten men. This brought our total membership to over 100 and ranked us fifth out of 24 fraternities.

Intramurals went well as Delta Chi won all-University golf and tennis, and fielded teams in basketball, soccer, softball and indoor soccer.

In addition to a full semester of mixers, we held our annual White Carnation Formal in Ruidoso, New Mexico. Many enjoyed the spring skiing and the warm weather.

Delta Chi's fifth annual Circus Maximus was held April 14. With an average attendance of 1,000 people, "Texas' largest toga party" was again a tremendous success.

Special thanks to **Joel Reese** for his hard work throughout the semester.

Our grades again improved this semester, ranking us ninth among all fraternities.

TRI-STATE

We initiated six men during the year. This year was our 20th anniversary, and over 130 alumni are planning to attend the festivities of Alumni Weekend '89. **Larry Nothnagel**, Region V Regent, will be speaking at the banquet.

Public relations has been a prominent topic during the year. Highlights have been our monthly trips to the local nursing home to play bingo with the residents; other events benefited the Fraternal Order of Police and Easter Seals. We chopped wood for an elderly lady whose husband had just had a stroke and helped IFC with the campus clean-up and Community Easter Egg Hunt.

Our bowling team came in a close second this year and our volleyball team proved competitive. Our Parents' Weekend corresponded with the University's Parents' Day. Our main fundraiser was our Free Car Wash. We washed each car at no charge, then handed the driver an advertisement that included all the businesses that sponsored us. Each business pledged a certain amount of money per car. We washed 200 cars on a chilly day and made over \$600 towards our alumni weekend.

Campus leadership continues to improve as **Steve Roskowski** is now the secretary of Student Senate. Also, **Rick Swart** and **Paul Price** are now charter members of Alpha Phi Omega.

TROY STATE

We started off spring quarter with the National Alumni Association Board of Directors meeting. **Jeff Andrews '82** presented every aspect of a successful rush program to be used starting fall quarter '89. On April 26, the Daughters of the Confederacy honored us for adopting a cemetery for perpetual cleaning. Chairman for this service project was **'A' Patrick L. Smith**.

It wasn't all work here. As spring quarter came to a close, brothers and alumni put on our annual Delta Chi Luau, attended by university faculty, students, and families of the brothers. Luau was a time for fellowship and renewing old acquaintances.

VALDOSTA

We have enthusiasm, excitement and a desire to remain the best fraternity on the Valdosta campus.

The new executive committee has set goals and objectives for the upcoming year to keep us the leaders on campus and in the community. First and foremost is to work directly with the ABT in a capital campaign project to raise funds for future expansion of our house. In doing so we hope to reestablish contact with our alumni. Secondly, noting the importance of a strong pledge program, we will be reorganizing

our program to more fully represent the ideals of Delta Chi. Thirdly, realizing society's attitude toward the Greek system and its "animal house" image, we plan to show the brighter side of the fraternity system by becoming actively involved in service projects and community activities.

Spring events include a great beach trip, spring dance, "Around the World Party," state softball tournament, and Greek Week.

Brad Williams and **Cliff Phillips** were elected SGA vice president and secretary. We are proud to sponsor a YMCA T-Bat team of five and six-year olds. They are called the "Delta Chi Scooters" and are undefeated for the season.

WASHINGTON

Our biggest event in recent months was the Region I Regional. The Region was represented well as about 150 brothers from Idaho, Washington State, Oregon State and Eastern Washington met here. Everybody arrived Friday night in preparation for Saturday's activities. The brothers met for seminars on topics such as rush, pledgeship and the running of a successful fraternity. The discussion of financial matters turned up some great ideas that will hopefully be put to use. The meetings came to an end around 4 p.m. and a formal dinner was held that evening.

After dinner many stayed around to get to know each other a little better and spend some time together. On Sunday the remaining brothers hit the road to go back home. The Conference was quite a success and the brothers here are already putting some of the ideas into action. On the local level our intramural program is running strong as we have fielded two softball teams and two soccer teams.

WHITEWATER

Winter in Whitewater was cold but things heated up during rush. We ended up inducting 14 men.

To take advantage of the snow, ski trips were organized to resorts around the area. Just a reminder, next winter break we're going to Steamboat, Colorado.

Philanthropy sprang into action with a bike-a-thon for the Whitewater area and to prepare for a strong fall rush.

Delta Chis in their new wide neckties are ready for the next course at the Region I Regional.

also a rummage sale with all proceeds going to the Whitewater food pantry.

Dave Robbins and **John Herman** were elected president and vice president of IFC. **Mike Moeller** was voted most dedicated active on campus, and **Tim Cimaglio** received an academic achievement award.

WINDSOR

It has been a busy semester. There are five new brothers in the fraternity, with much to offer the chapter.

The members are continuing the interior/exterior renovations and are currently working on the front balcony.

We are still in the forefront of the formation of Windsor's first IFC and would appreciate any information on drafting a constitution.

The chapter assisted in the running of the Windsor Special Olympics and would like to thank **Jeff Topliffe** for his organization and liaison skills.

WISCONSIN COLONY

With the assistance and guidance of **Bruce Mohs** and newly elected Vice-Regent **David Rosenfeld**, we have concluded a busy spring semester that included capturing first place in the sharply competitive Greek Week. We participated in the IFC Easter Week, which proved to be an excellent opportunity to gain positive local media attention; we did well in intramurals; and our social calendar kept us constantly busy. By the end of the semester we had established our reputation and become greatly respected for our IFC, university, and community involvement.

We finished the semester by initiating our Alpha class at the Marquette Chapter. We are grateful for the support and generosity the Marquette Chapter has shown us.

After such an eventful semester our action-packed summer will include a visit to National Headquarters, a canoeing/camping trip, a volleyball game with Milwaukee celebrities, a cookout at Brother Bruce Mohs' home, and several meetings to prepare for a strong fall rush.

A starting point for Northern Illinois

Our Colony began in the fall of 1987 when Delta Chi representatives from Iowa City talked to a few men on the NIU football team about starting a fraternity. The idea spread and early in the spring semester a retreat was held, led by Leadership Consultants **Anthony Hipp** and **Jeff Albright**, where we learned what we would have to do to make this fraternity work. As we soon found out, this task was easier said than done.

The men who had formed the core of the colony became associate members and things began to roll. Our meetings were conducted in the football stadium and were fairly unorganized, but after the election of officers we began to get things accomplished. We were recognized by the IFC as an interest group, the first step toward recognition as a chapter by the university.

That semester we visited the DeKalb County Rest Home weekly and performed other community service projects. On April 16, 1988 the founding fathers were initiated.

By the fall of 1988, IFC had granted us colony status and we were able to have meetings on campus and social events with sororities. Our Powder Puff Football Tournament publicized us well, and the proceeds were donated to the DeKalb County Animal Shelter.

This spring a few minor changes were made in the executive board, and with an established ABT, the idea of obtaining a house began to develop. There was a possible opening on Greek Row and with the help of **Gary Stone**, 'A' **Chris Korflist** and our ABT we drew up a contract with the landlord. Our ABT and their families helped us get most of the house cleaned out and in good shape for spring rush. Our social activities continued while work on the house and intramural success dominated our time.

Receiving our charter was a big occasion for everyone. The banquet was held April 22, 1989 at the Rosemont Horizon Skyline Room in Rosemont, Illinois. **Mike Chloski** was the hub of the chartering banquet committee. 'BB' **Bill Nevlin**, master of ceremonies, opened the banquet by recognizing our honored guests and our ABT.

After dinner **Chris Korflist** gave a history of our brief existence. Region

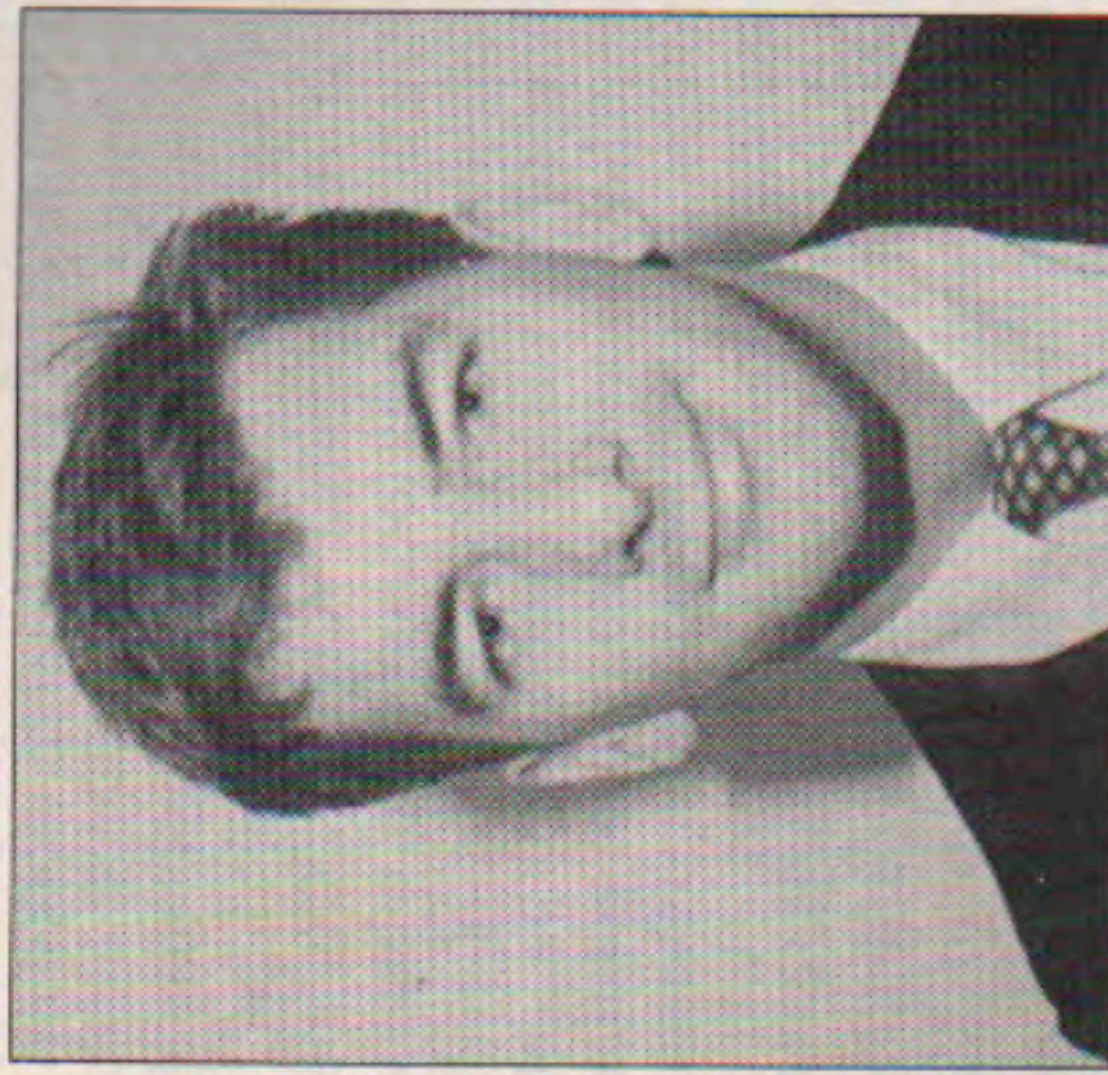

'AA' **Larry Audlehelm** presents the chartering proclamation to Northern Illinois 'A' **Chris Korflist** surrounded by, from left, **Kevin Wohrley**, **Bill Nevlin**, **Larry Nothnagel**, **Ray Galbreth** and **Chris Hamack**.

V Regent **Larry Nothnagel** expressed his viewpoint on the colony and made special mention of his wife, who had introduced Chris to him at a football game in the fall of '87, seeding the thought which was to grow into the fraternity celebrating its chartering that night.

Chris Hamack, on behalf of the ABT, gave congratulations and shared his vision of the bright future of the chapter. 'AA' **Larry Audlehelm** gave us his perspective of a new chapter and its place in the great entity of Delta Chi. He spoke of how the Bond had played such a strong role in various people's lives. The jubilation of over 300 people in attendance accompanied the presentation of the charter. After the audience had regained its composure, **Kevin Wohrley** received the Outstanding Delta Chi Achievement Award voted on by members of the ABT. He closed the ceremony with a benediction asking that the members use the chartering as a starting point for greatness rather than as their finishing point.

Special thanks to our 'BB' **Bill Nevlin** for his outstanding help in nearly every aspect of our fraternity. We invite all brothers to visit when in the Chicago or Northern Illinois area.

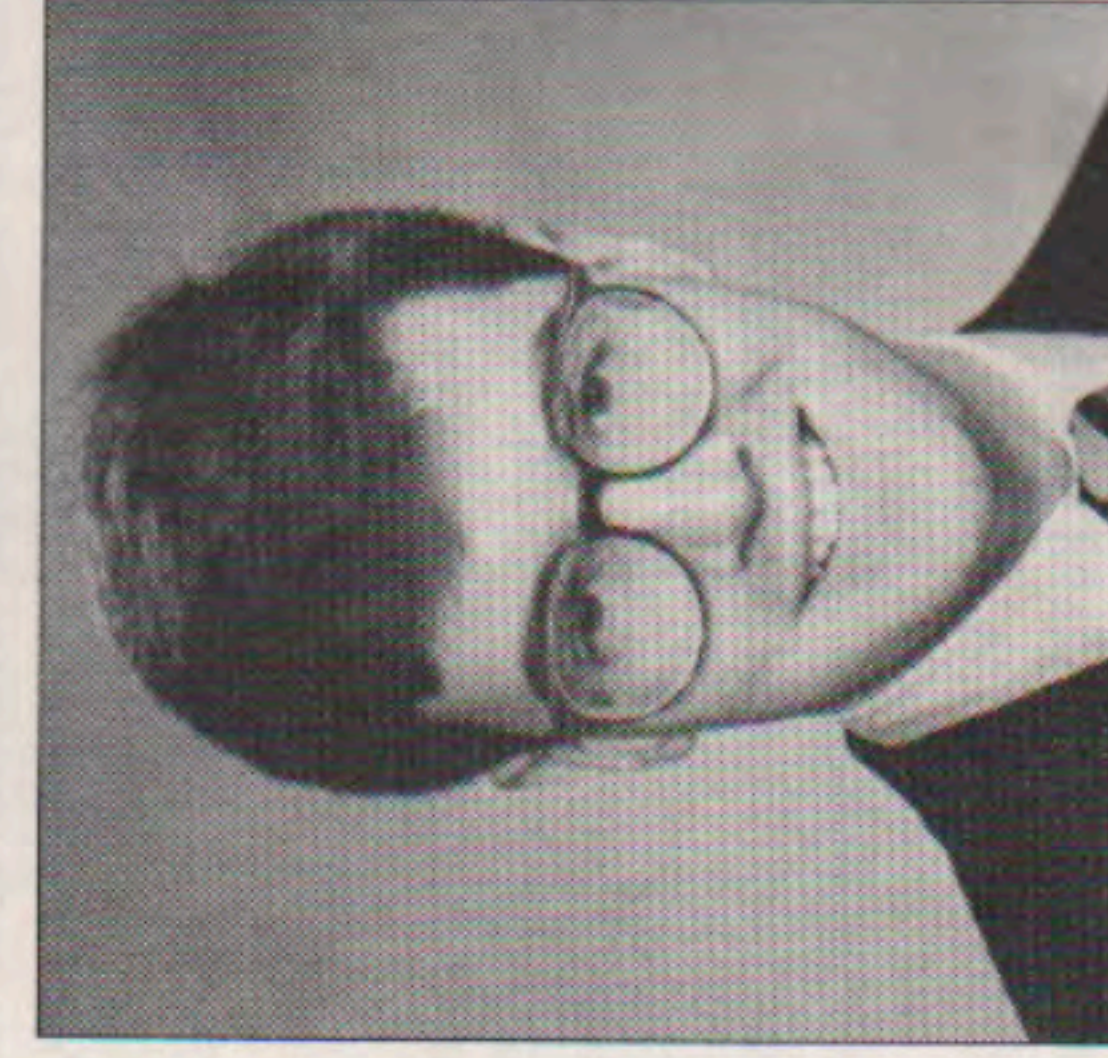

The New Highway Men

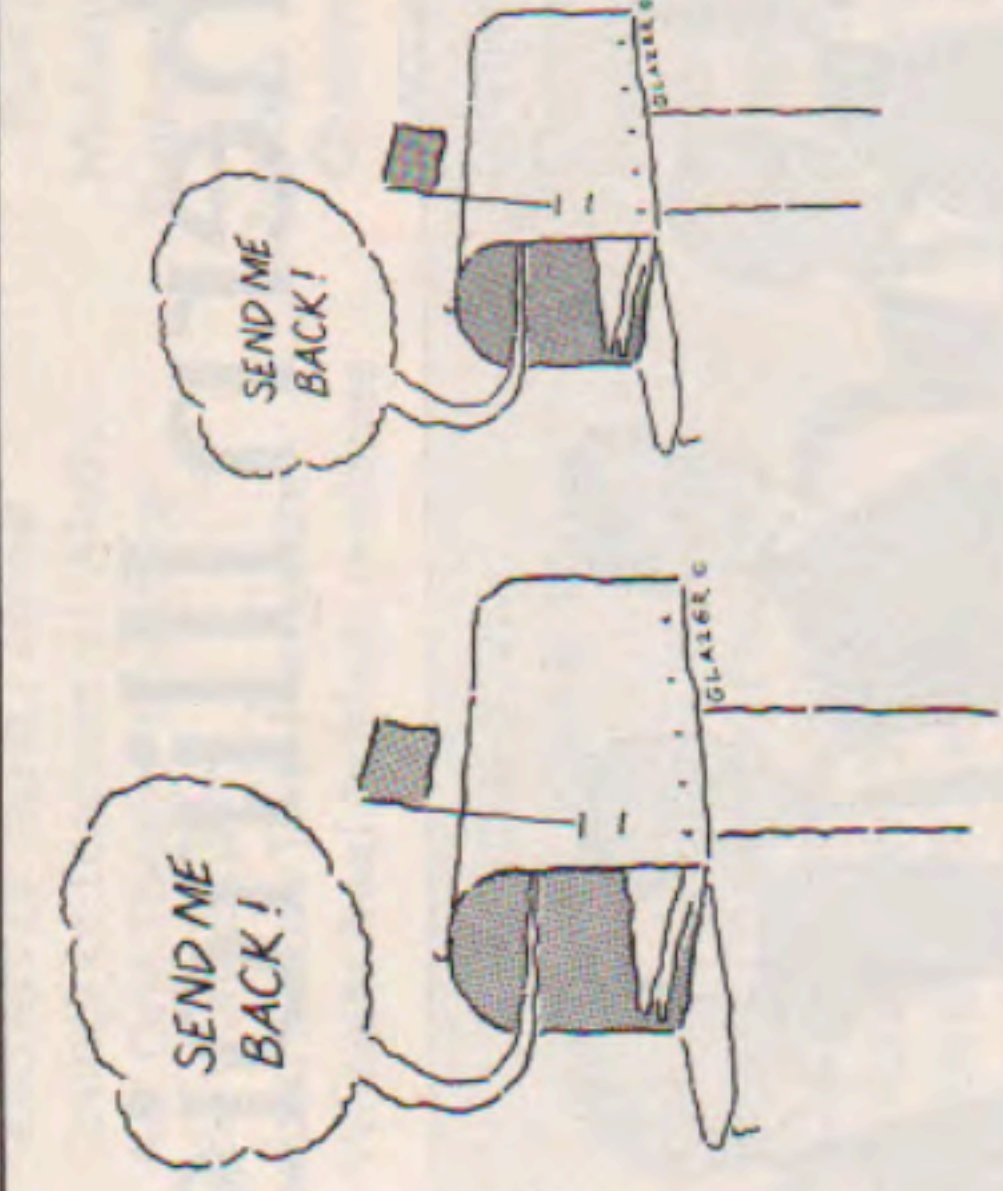

Rick Felt attended Washington State University where he received a B.A. in communications, with an option in public relations. Rick is a founding father and served as 'A', 'D' and undergraduate vice-regent. Rick was also the Chief of staff for Associated Students, and a two-year member of Rally Squad, a split group. Rick enjoys his family, fishing with his brothers, tennis, golf, basketball and football.

Barry J. Peters received a Bachelor of Business Administration degree at Western Michigan University, with a major in finance. He was 'B', 1989 Region VI conference coordinator, IFC representative and was on the brotherhood committee. He was a member of the Order of Omega and the IFC Executive Board. He was a student orientation leader. Barry's interests include racquetball, hockey, outdoor sports and travel.

Paul L. Picclani attended the University of Connecticut where he received a B.A. in political science. He served as 'B', and was the 1989 IFC Greek Week chairperson. While in school he was selected as Chapter Luminary and a member of the Order of Omega. Paul served as a resident assistant, and spent his junior year in England at The University of Essex. His interests are, reading, hockey, tennis and travel.

53,000 Names

Make sure that yours is spelled correctly

All alumni with current addresses will soon be receiving an Important Alumni Directory Questionnaire in the mail. This is being sent to give every alumnus the opportunity to be accurately listed in the upcoming new Delta Chi Fraternity Alumni Directory.

PLEASE BE SURE TO COMPLETE AND RETURN YOUR DIRECTORY QUESTIONNAIRE AS SOON AS POSSIBLE!

Once received, your information will be edited and processed by our publisher, Harris Publishing Co., Inc. Over 53,000 of our great alumni will be included in this impressive new Directory.

If you don't return your questionnaire there is a possibility you may be inadvertently omitted. So don't take a chance... watch for your questionnaire and return it promptly.

Alumni Newsmakers

ARIZONA
Douglas S. Holsclaw '25 and his wife Alice are making a \$500,000 donation to The University of Arizona School of Music. The gift will support a 200-seat recital hall with a baroque organ. In recognition of the Holsclaws' long devotion to the University and to music, the facility will be named Holsclaw Hall.

Brother Holsclaw, a World War I veteran, is a former state senator and entrepreneur. Alice Young Holsclaw is a well-known civic worker, former teacher and vocalist.

INDIANA

Fred Wilt '43, world-class distance runner, FBI agent, and for the past 11 years Purdue University's head women's cross country and track coach, retired this June. He has produced nearly 40 All-American athletes at Purdue and helped bring Purdue women's track and field and cross country teams to great success. Brother Wilt directed the outdoor track team to its first Big Ten title in 1987 and was honored District IV Coach of the Year.

Brother Wilt is a member of the Indiana University Athletic Hall of Fame and the National Track and Field Hall of Fame. His future plans include coaching tours of Third World countries, writing, and working with The Athletics Congress in coaching education.

OHIO STATE

Sherwood L. Fawcett '41 has been honored for his distinguished career in scientific achievement. He has received the Washington Award of the Western Society of Engineers for outstanding work in applying science for service to mankind and for his innovative contributions to industry, business and education. The award is named for the nation's first president, who was an engineer, and has been given in the past to Orville Wright, Henry Ford, Neil Armstrong and Admiral Hyman Rickover.

Brother Fawcett, former chief executive officer of Battelle Memorial Institute in Columbus, serves on the Columbia System Board of Directors for the Columbia Gas Distribution Companies.

PENN STATE

Frederick R. Brandt '60 received the Alumni Achievement Award for 1989 from the College of Arts and Architecture of The Pennsylvania State University. This award is given to recognize outstanding achievements in their respective fields by distinguished alumni.

Brother Brandt is the curator of Twentieth-Century Art and the head of the Department of Twentieth-Century Art at the Virginia Museum of Fine Arts in Richmond. In that position, he has been responsible for assembling a collection recognized internationally, particularly in the field of early 20th-century decorative arts. He has written extensively, publishing books and articles on aspects of the arts of the 20th century and has been responsible for numerous exhibitions. He recently published three books: *Late 20th-Century Art*; *German Expressionism Art*; *The Ludwig and Rosy Fischer Collection*; and *Late 19th and Early 20th-Century Decorative Arts*.

Alumni Chapters

NEW YORK METROPOLITAN

The NYMAC annual meeting was held in March. The night was awful! Actually it was the weather that was miserable. It snowed, rained and was freezing here in NYC. However, some 21 brothers attended, representing 12 chapters: Cornell, Oklahoma, Buffalo, Connecticut, Denison, Miami, Michigan State, Kansas, Embury-Riddle, Penn State, Ball State! The weather kept some brothers from reaching us but the turnout was an exceptionally interesting group. We discussed officers, budgets, events for the year and, of course, alumni rush. As of that night 903 Delta Chis are living and working in the NY metropolitan area. We hope more of you will attend a meeting soon.

In April we gathered for the NCAA basketball finals. Other possible events include a 'Yankees' game and a tour of Manhattan Island. NYMAC meets the first Monday of every month and those interested should contact the chapter.

NORTH TEXAS

Recent activities include our annual group outing to a Dallas Mavericks' basketball game, our annual family Christmas party, and the Delta Chi Region III leadership workshop in Baton Rouge.

Our most recent family event was the Texas Rangers' baseball game June 13 against the California Angels. Our next event will be our fall focus session, where we will discuss the concepts of membership education, rush, scholarship, and brotherhood with area undergraduate members. The conference, perhaps the most meaningful of our annual events, will be held in Dallas on Saturday, September 16. Please call if you would like to participate. The undergraduates would love to have your input at this year's session.

Our monthly meetings are scheduled at 7:00 p.m. the first Monday of every month. Our next meeting will be 7:00 p.m. Tuesday, September 5, because the first Monday falls on Labor Day. Meetings are held at 8222 Douglas, Suite 880, in Dallas. Interested brothers contact **John Gloffredl**, president, at (214) 739-4515 (days) or (214) 349-3393 (evenings). We'd sure like to see you at our next meeting!

KEEPING IN TOUCH

APPALACHIAN STATE
Greg Schneider '86, married to Anne Massaro on May 14, 1988.
Born to Brother and Mrs. **Kevin Walker** '86, a son, Cameron Carl, on December 7, 1988.

TO THE MEMBERS' PARENTS:
 Your son's magazine is sent to his
 home address while he is in college.
 We hope that you enjoy seeing it. If
 he is not in college and is not living at
 home, please send his new permanent
 address to The Delta Chi
 Fraternity, Headquarters Office,
 P.O. Box 110, Iowa City, Iowa 52244.

OHIO STATE IS BACK!

The Ohio State Chapter was founded on May 30, 1902. For many years it was one of the most successful fraternities on campus. Distinguished members of the chapter include **John Bricker**, who served as the Governor of Ohio, and **James Steffan**, who served as "AA" and also received Delta Chi's highest honor, The Order of the White Carnation.

Hard times fell upon the chapter in the late 70s and early 80s. Due to low membership and financial difficulties, the chapter died. On June 8, 1985, Delta Chi recolonized Ohio State with the initiation of 37 men.

Problems still remained with the new colony. Financial difficulties continued and the brothers often wondered if they would ever regain their chapter status. Things finally started to turn positive with the support of Delta Chi, several local alumni and the hard work of the members.

The day finally came, on May 13, 1989, when the Ohio State Colony became the Ohio State Chapter. The chartering ball was held at the Hyatt Regency Hotel, in downtown Columbus. The festivities began with ABT President **Monte Johnson** welcoming the guests. "B" **Andrew Glaser** gave the prayer for the evening and dinner was served.

After dinner "BB" **Matte Hamparian** presented two-year "A" **Nick Malagrega** with a fraternity badge with the president's gavel attached. He also presented Chartering Chairman **David Bennett** with a special gift for all the work he had done. Brother Malagrega thanked all the brothers and especially E.Q. Kimball for keeping us together throughout the years.

Alumni Chapter President **Hylas Hilliard** then spoke about the hard work of the alumni and undergraduates to reach this goal. Regent Advisor and Ohio State Alumnus **Paul Bohlman** gave a

speech and passed the original charter from 1902 down a line of alumni to Brother Malagrega. "CC" **Mike Carroll** spoke about the importance of fraternities and how influential the Bond of Delta Chi is. The new charter was presented to Brother Malagrega by Brothers Carroll, Bohlman and former Regent **Christopher Johnson**.

After a very emotional singing of the Bond Song, the spectacular event ended with dancing. The entire night could be exemplified by the words we heard again and again: "appreciating that close association may promote friendship, develop character, advance justice, and assist in the acquisition of a sound education." Yes, the Ohio State Chapter is back to stay.
