Winter 1993-94

RARE BADGE FOUND

Tim Crown is on the move

"All mankind is divided into three classes: those that are immovable, those that are moveable and those that move." —Arab Proverb

When **Tim Crown**, Kansas '86, went to work for NCR after his graduation, he became bored and wanted to do something different. His brother, Eric, an Arizona State University graduate, had quit his computer job in Tempe to begin a software consulting firm that was evolving into a hardware outlet. Tim resigned from NCR, rented a U-Haul and moved in with his brother. The biggest move of his young life was about to turn into something bigger than he imagined.

With \$2,000 borrowed on a credit card and a limited amount of cash on hand, the two brothers started Hard Drives International. They placed an advertisement in *Computer Shopper* magazine, selling a 20MB hard drive for the low price of \$299 (believe it or not). Sure enough, when the ad came out, the orders poured in and what is now called the Insight Distribution Network was born.

The Crowns' company is privately owned and currently has over 400 employees. It is a direct marketer of personal computer systems, hardware and software to individuals, corporations, government agencies and educational institutions in the DOS-compatible and Macintosh® markets. Insight was listed as the fifth fastest growing private company in the United States according to *Inc.* magazine's 1992 edition of the "Inc. 500." It has grown into a company whose sales have profitably doubled every year, with annual revenues approaching \$200 million. The August 1993 issue of *Catalog Age* magazine listed Insight as number 46 of the top 100 U.S. catalogers. And the accolades just keep coming. They include:

Computer Shopper Magazine, Best Buy in Hard Drives in 1989, '90, '91, '92 and '93; and Best Buy in Multimedia PCs, 1993;

PC Magazine, Editor's Choice in 1989 and July 1993;

Infoworld, Buyer's Assurance Seal, February 1993;

Windows Source, Expert's Pick;
PC World, Best Buy.

Brother Crown is on top of the world, and he credits a great deal of his success to his experience in Delta Chi.

"Delta Chi prepares you to be in any organization," Crown said. "I wouldn't change my Delta Chi experience for anything in the world because I learned as much from the fraternity as I did in the classroom."

With the time commitment of running such a successful business and taking into account the fact that he lives so far from his chapter at the University of Kansas, Brother Crown is unable to return to the old house on the hill very often, but he still keeps tabs on the Chapter and on Delta Chi as much as possible. He supports the Kansas Chapter financially and is a donor to the Delta Chi Educational Foundation. He now recognizes the importance staying involved as an alumnus can play in the development of a chapter.

"My perception of the alumni who were involved in the Chapter when I

was there has definitely changed," Crown said. "As a twenty-year-old student, I thought those involved were a little overbearing and were intent on pushing their own agenda while driving the Chapter from the outside [a popular misconception among many undergraduate members.] I now believe those men to be invaluable with nothing but the Fraternity's best interest in mind.

"That is sometimes a hard thing to realize at twenty. Alumni give the Chapter a longer time frame. While an undergraduate may look two or three years down the road, the alumni are looking twenty. I have a lot of respect for men who are able to dedicate themselves to the Fraternity."

He knows how important Delta Chi can be.

"I sincerely believe that college is every bit as challenging as the business world. If you can succeed in college and in Delta Chi, you can succeed in the so called 'real' world," Crown said.

On the move, continued on p. 20

Historic find for Delta Chi

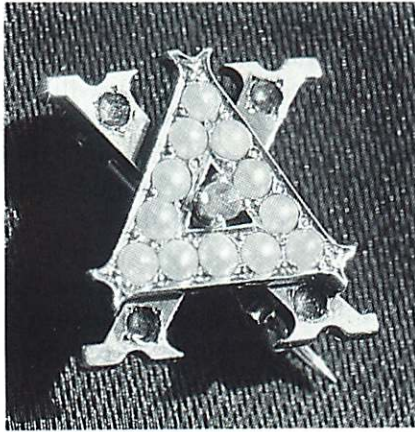

The Delta Chi Educational Foundation recently received a jeweled Delta Chi badge as a gift from Catherine Justice, the widow of **Robert S. Justice**, DePauw '33. It is believed, with some degree of certainty, that this pin is the oldest Delta Chi badge the Fraternity has in its archives.

The badge was given to Brother Justice by his neighbor, **Willard Fitzer**, Michigan 1892, in 1930. Brother Fitzer was a Founding Father of the Michigan Chapter and a lawyer in Logansport, Indiana, for ten years after his graduation before turning to farming full time in 1904.

Mrs. Justice wrote,

"It must have pleased Mr. Fitzer that a young man, one of his neighbors, had chosen Delta Chi. Robert's Delta Chi brothers meant a great deal to him. During the late 1940s the brothers and their families held several reunions gathering to honor 'Mama' Russell, the woman who had been housemother at the DePauw Chapter when they were undergraduates.

"Three of the brothers maintained lifelong contact with Robert – Fred McCain, DePauw '32; George Obear, DePauw '30; and Parker Pengilly, DePauw '35. It is interesting to note that Pengilly's son Mark and Justice's son Sam became close friends

when they met at Indiana University Law School in the 1970s and they have continued their friendship now that each lives and practices law in Portland, Oregon."

None of the Justices' three sons nor any of their three sons-in law had the opportunity to become members of Delta Chi. Robert gave his pin to Catherine in 1941 as an engagement present. She wore the pin until shortly after they were married. One day, while she was carrying groceries home to their apartment, the pin dropped from Catherine's dress and was lost on the street. The couple

despaired of ever finding the badge again and spent several hours combing the sidewalk and gravel until it was found. Catherine hesitated to wear it after that, and for many years it remained in the jewelry tray of the dresser drawer. Catherine Justice has given the badge to the Delta Chi Educational Foundation so that others may enjoy its beauty and significance.

It is interesting to note that the memberships of Brothers Fitzer and Justice together spanned more than 100 years. Because of this gift to the Delta Chi Educational Foundation, that special friendship will not be forgotten.

Robert S. Justice

Robert S. Justice was born March 8, 1912 in Cass County, Indiana. He

graduated from Logansport High School in 1929 and received a Rector Scholarship to attend Depauw University, where he joined Delta Chi. Brother Justice received a masters degree in American history from the University of Michigan in 1937 and a law degree from Harvard Law School in 1943. He was married to Catherine Leirer on June 20, 1942

and they celebrated their 50th wedding anniversary in 1992.

Robert practiced law in Logansport for 49 years. He was first elected to the Indiana General Assembly in 1944 and served two terms as a representative and one term as a Senator between 1944 and 1960. He served on the Board of Directors for the Logansport Savings and Loan Association for 40 years, including some time as Chairman of the Board and was involved in Rotary, the Masonic Lodge and the Scottish Rite.

Robert S. Justice died on December 9, 1992.

Recent gifts to the Delta Chi Educational Foundation

George Obear in honor of the memory of his wife, Louise.

Richard Kauders in memory of Louise Obear.

Mike Carroll to honor the Auburn Chapter.

Ashley Fields in memory of Dr. Roy M. Stubbs.

Jim Sheahan in memory of J. Nick Gray.

Charles Durante in memory of his father, Charles H. Durante.

The Kansas Chapter Pledge Class of 1959 in honor of Dr. J.J. Underwood.

Attention Chicago Area Alumni

The Delta Chi Fraternity is working to re-establish a Chicago Area Alumni Chapter. The Fraternity hosted a kickoff event late last fall in downtown Chicago which attracted nearly 100 alumni and their guests. Also in attendance was "DD" Larry Nothnagel, Regent Michael Welsh and the Fraternity's Director of Alumni Services Steven Bossart.

Plans are underway for an event in late April or early May. If you would like to be included on the mailing list, please contact Rob Mittra, (708) 398-1800, or Steve Bossart, at Delta Chi Headquarters, (319) 337-4811.

Editors' Note: John M. Warren, OK '86, Region III Regent, 1991-93, received a Delta Chi Meritorious Service Award. His name was omitted from the list in the fall issue of the *Quarterly*.

The Delta Chi Fraternity introduces . . .

JOB BANK USA

The Delta Chi Fraternity is pleased to announce its new relationship with JOB BANK USA, the nation's premier employment data base company. By participating in the JOB BANK USA Career Advancement Service, Delta Chi members and their families will have access to a powerful job referral resource that can support their professional development and personal career advancement goals.

JOB BANK USA is the leading ALL PURPOSE employment resource in the USA. It is a state-of-the-art computerized data base of prospective employees in ALL technical and professional fields, at ALL skill and management levels, across ALL industries, and in ALL regions of the country.

Because so many employers from across the country use JOB BANK USA to help with their recruiting needs, enrollment in the data base is a great way to find a new job! JOB BANK USA's clients range from some of the world's largest corporations to regional and local firms. They turn to JOB BANK USA to fill some of their best and most important jobs. Many of these positions are never advertised in newspapers or magazines and are often filled exclusively from those individuals enrolled in the JOB BANK USA data base. In other words, JOB BANK USA can give you a head start over the competition by giving you exposure to the "hidden job market."

JOB BANK USA Benefits:

- Conversion of up to two complete resumes into a personalized electronic career record;
- Storage and maintenance of your electronic career record in the JOB BANK USA data base for a full year;
- A toll free telephone number for updates and changes to your electronic career record anytime during the year;

- Unlimited referrals to JOB BANK USA clients with employment opportunities for which you are qualified;

- The absolute guarantee that JOB BANK USA will not release your resume to a prospective employer without your approval in advance;

- Access to JOB BANK USA's exclusive *Career Fitness* program to help you find, win and keep the job you want;

- Quarterly issues of *CareerPLUS*, JOB BANK USA's authoritative newsletter about the job market and the latest job search techniques; and

- *The Career Fitness Catalog*, with special discounts on publications, services and other resources for effective career management.

JOB BANK USA's Career Advancement Service is not a guarantee of a job. It does, however, give you some important advantages in your search for the best available job that's right for you, and provide the information and skills you need to advance your career.

Delta Chi Members Now Eligible!

Delta Chi members are eligible to enroll in the JOB BANK USA Career Advancement Service for a full year at the discounted price of only \$41.00—over 45% off the retail price! Or, for an additional \$50.00, you can select the Career Advancement Service PLUS, and receive ALL of the benefits of the Career Advancement Service plus a customized, top-quality resume that highlights your employment skills and work experience!

To enroll in JOB BANK USA's *Career Advancement Service*, complete the Enrollment Form on the next page (*be sure to check which service you want*) and return it, with your enrollment fee, to JOB BANK USA. For questions, call 1-800-296-1USA.

Campus Scene

AMERICAN

Many of us met on the mall in Washington D.C. for the Fourth of July celebration and fireworks with nearby (and not so nearby) chapters. We commend the Maryland Chapter for organizing the event.

We again had the highest overall fraternity GPA and have plans to further improve our scholarship program. Our intramural soccer team won an impressive championship game. We had a successful rush, inducting a strong associate class in September. A Delta Chi was elected Interfraternity Council secretary.

Our Founder's Day Parent and Alumni Brunch was a huge success. We had our largest turnout ever and foresee it only growing in the future. We thank all our alumni who have been there to offer a helping hand.

APPALACHIAN STATE

This semester we added 15 associates and extended four alumni bids. Our social schedule was very eventful with three mixers, a ticket party, and two semifinals. The semiformal honoring Sir Edward Coke was held in Charlotte, North Carolina. We also cosponsored a float in the homecoming parade with Delta Zeta Sorority.

We served our university by calling alumni and asking for their support of a bond referendum that would enable the university to construct two much-needed buildings. We served the community by participating in a trick-or-treat party for mentally disabled children.

In intramural sports our soccer team made it to the play-offs and our team-handball and volleyball teams also had strong showings.

Our new Alumni Board of Trustees president is **Dino DiBernardi**.

ARIZONA

We have one of the strongest all-around chapters on our 32,000-student campus. The fall has seen many improvements, changes and reconstruction. Our intramural football, soccer, softball, volleyball, and baseball teams have finished in the top three places for the second straight year.

Our social calendar has topped all others on campus. We have again participated in numerous philanthropies including our own annual Winterfest where every sorority participated in an effort to provide Christmas trees to families who otherwise could not afford them.

ARIZONA STATE

Our semester house retreat was again a special time that allowed us to get away together and to get to know our new associates. Our annual Father-Son Alumni golf tournament was a tremendous success thanks to a great turnout. It was a good chance for the newer members to learn more about our history, and for us to spend quality time with our fathers.

Our social calendar included our Tour D'Chi with the Alpha Phis, which is always a great time, and a Blowout and a Halloween party that were also very successful.

In intramurals our football team made it to the play-offs for the third straight year. We also made the play-offs in the USA&G tournament. In addition, all three of our basketball teams made great showings by making it to the play-offs in three-on-three.

We participated in the Delta Gamma Anchor Splash philanthropy as well as many other events. We are planning an all-sorority football tournament, with all the proceeds going to charity.

AUBURN

Fall began with the induction of new officers and a successful rush where we gained 22 associates. Our social calendar included a Halloween party with Alpha Xi Delta and a hayride with Kappa Delta. Our alumni golf tournament October 23 was quite a success with 25 alumni coming to play golf and relive their undergraduate days. We continue to have one of the strongest intramural programs on campus. We are currently second in football and first in soccer. Several members qualified to participate in the fraternity track championship.

The house is currently undergoing major improvements. We have expanded the parking lot, repainted the inside of the house, installed new carpet and started on landscaping. **Ken Young, Jr.** '69 won an Outstanding "BB" award.

AUGUSTA

We are celebrating our tenth anniversary as a chapter. We held our White Carnation Ball on October 29, our anniversary date. We had a great rush this fall. The intramural flag football team has a 3-1 record so far. We are looking to get a house sometime soon. We are all concentrating on our classes here. We welcome anyone who can come to one of our meetings while in Augusta. Drop us a line first.

BALL STATE

Fall semester has proven to be a unique experience. With the completion of our new chapter house in mid-December, and a move-in date of mid-November, we found ourselves relying on off-campus brothers and "making the best of it."

On Homecoming we were joined by more than 100 alumni for a house dedication ceremony which included the presentation of gifts from the International Headquarters. "CC" **Paul Bohlman**, Regent **Mike Welsh**, and Director of Chapter Development **Patrick Alderdice '92** attended the ceremonies. Throughout the day, alumni contributed another \$20,000 toward the housing completion fund.

Appalachian State members all dressed up and ready to impress their dates.

We had a great class of 23 associates. Our retention rate has always been high so we expect our number to be over the century mark this spring with our current membership of 95.

We are in fourth place in intramural sports with very few points separating the first four teams and our stronger sports yet to come.

BEHREND

Our first goal of this semester was to find a "BB" to help guide our chapter. We are proud that **Tony DiCola '91** is our new "BB" and is adapting to his position well.

We are in the process of defending our intramural championship. We are in second place overall after winning first place in softball, second in team golf and sending a Delta Chi to the tennis finals.

For our philanthropic efforts, we planned our annual Bowl-a-Thon to benefit the Second Harvest Food Bank. This year's Bowl-a-Thon was held at in November and we hoped to donate up to \$2,000 for hungry families at Christmas. We are also busy working for the Wesleyville Neighborhood Watch program, raising money for charity by working in their Annual Haunted House.

BRYANT

Rush went well, bringing us a strong associate member class. Our new "BB", **Glen Silverman**, and new ABT President, **Roy Pratt**, began their first full semester in their positions. We were surprised and pleased when almost all of the associates' parents visited us on Parent's Weekend. We were happy to play host to a large number of members' parents as well.

Several of our weekends were donated to philanthropy, with brothers as well as associates participating in various community services. Our fundraising efforts continued with our Foxboro games, and the Delta Chi Floor Hockey Tournament.

We had the pleasure of a helpful, inspirational, and enjoyable visit from Leadership Consultant **John Morgan**. He complimented our strengths and made suggestions for improving our weaknesses.

We initiated five fathers, who were pleased to don their shirts of red and buff and later witness the initiation of our associate class. Brothers, new and old, relaxed at our Winter Formal.

CAL POLY

We started fall quarter with the hard work of completing much-needed renovation to two bathrooms in our house. With the help of members' fathers, we were able to finish the work in a timely matter. Old, rusted pipes were replaced and the floors and showers were tiled. We thank our alumni and dads for the expertise and contributions that made these repairs possible.

Ball State brothers dressed as the rock band KISS for the Air Jam contest at Homecoming.

We celebrated Founders' Day with a barbecue at Santa Rosa Park where our world-renown experts served ribs to our guests. Included in our celebration was our Alumni Appreciation Day on which we honored our "BB" **Paul Goryl** for his six years of dedication and hard work.

Other events included our annual fall retreat, Homecoming weekend, and a Delta Force party with Delta Tau and Delta Upsilon. We planned a Grand Canyon adventure and our annual Alumni Golf Tournament.

CALIFORNIA UNIVERSITY-PA

We are at it again. Our homecoming was a great success. We took second place with our float entitled Alice in Wonderland, which was decorated with the help of Theta Phi Alpha Sorority. Thanks to all of our alumni for the donations and for making a strong showing at Homecoming this year. We are planning our twentieth anniversary for our founding fathers for the fall of '94 and we need our founding fathers' support.

We cosponsored a Halloween dance with choices in our student union. Our Christmas dance this year was a little different. Each brother and his date had five dollars to spend for an outfit at Goodwill. This dry dance, called a Lincoln Dance, was held at our student union.

CENTRAL MICHIGAN

The spirit of the brotherhood is up and so is our involvement on campus. Homecoming was another success. Although the weather didn't cooperate, our alumni, undergraduates and associates had a great time. We thank the alumni who participated. Our housing fund is steadily rising and we are confident we will be buying our house this spring.

Our intramural teams have made a strong showing this semester. We have

greatly improved our performance since last year and are confident that this trend will continue. Our social calendar has also been quite eventful. Our first "Tub and Toga" party went over very well. Our members are also anxiously awaiting our eighth annual "Crush Party."

CENTRAL MISSOURI

We started things off with a successful rush which culminated in the pinning of 20 associates. They will go through our new associate program and all of us will have a new scholarship program to guide us.

Several traditions are emerging. The first is that for the second year in a row we have taken first place with our Homecoming float. This year it was a thirty-five foot battleship. Tradition also continued in sports where we took first in tennis and archery competitions for the second year in a row.

We continue to be campus leaders with the election of a fifth brother to our Student Government Association.

Finally, we are celebrating our twenty-fifth anniversary with an alumni dinner at the Lake of the Ozarks.

CHICO

We won the Greek Sports Cup the last two years, and we should again this year.

Our social reputation was equally as impressive, with extraordinary fall social events such as Del Tiki, Italian Wedding and Christmas Cocktail, among others.

For the fifth year in a row we were featured on television for our annual Thanksgiving Canned Food Drive. Every Greek and campus organization was involved, and over 20,000 cans were gathered for the needy. This semester we have an equally impressive philanthropy project, sponsoring a celebrity fashion show with all benefits going to the American Lung

Association. Former San Francisco 49er Jeff Stover is one of the models, along with other local celebrities. We will receive widespread publicity for this event as well.

One item that has set our chapter back in the past has been our ABT program. But with the help of our "BB"/Faculty Advisor, **John Orr**, we have had great success establishing our ABT. Brother Orr has proved to be a great asset to the fraternity.

Goals include maintaining our exceptional academic and campus leadership.

CLEMSON

We had one of the strongest rush schedules ever. We found great success with a wide variety of events which included steamed crab and comedians from Los Angeles. We recruited 14 associates.

Our brothers at Florida State welcomed over 30 of us into their house. Even though we met with the biggest football defeat in Clemson history, we had an incredible time.

Our first social event was a "Double Crush Party" with the Pi Kappa Phis which strengthened our interfraternity relations. We won first place in the float competition at Homecoming, defeating longtime champ Sigma. We received a \$500 prize.

Social events included our fifth annual Christmas mixer with Alpha Chi Omega, as well as football game cookouts, and a "Date Party Hayride" in the mountains. And we took a big step toward a bright future with the establishment of our House Corporation. With the support of our alumni, and the hard work of our chapter, we are certain that we will purchase a house soon.

COLORADO

Our tenth anniversary proved to be the best alumni event we've had in years. We used the occasion to incorporate Homecoming with initiation. We also seized the opportunity to perform an alumni initiation ceremony during the weekend.

We have felt right at home in our new house. The facility is great and everybody

Colorado's Mudfest Volleyball Tournament raises money for the Make-a-Wish Foundation while everybody has good clean fun. Well, maybe not.

is happy with the way it has worked out. Our Parents' Weekend drew approximately 60 parents for brunch, a football game, and a nice get-together afterwards.

Our annual Delta Chi Mudfest Volleyball Tournament was a success again this year. With the help of the Chi Omega Sorority, we raised over \$1,000 for the Make-a-Wish Foundation. In addition, over 20 brothers are actively involved in the Adopt-a-School program, which entails helpful interaction with elementary school students.

CREIGHTON

We are busy striving to maintain our top-notch reputation on campus and to accomplish longterm goals. Events such as canoeing down the Elkhorn River and turning out for poker nights, have brought us together. We have also worked diligently on such fundraising events as our second annual Band Bash in November. But it has not been all work and no play, with good times had by all at mixers with numerous sororities and fun times during the fall's Greek Week contests. In addition to these activities, we held a successful rush, netting three men. Finally our ABT has been actively supporting us in efforts to improve membership and acquire a chapter house.

DAVIS

Before the quarter began we visited our brothers at Abracadabra at their Black Hole party. Fall began with formal rush. During the quarter we also joined our brothers from Sacramento for the Causeway Classic.

We have fielded strong intramural teams in football and softball. Our softball team is undefeated going into the play-offs and is assured of doing well in both the intramural and IFC tournaments.

We thank Leadership Consultant **Wade Hatfield** for his productive visit.

DENISON

Our philanthropy event this year raised \$400 by renting out a day's work to the highest bidders. Each brother was rented for at least \$5 and one went for \$25. We had a successful workday.

Several brothers are participating in campus activities. Parents' weekend was a success and we have had numerous social events. We excelled in intramural softball, going undefeated for the sixth straight season. We have begun rush but bids aren't given until the next semester. We also got a new pop machine and we replaced root beer with iced tea. Our new brotherhood chairmen have planned several trips including rafting down the Mansfield River.

DEPAUW

At the end of the spring semester last year we received the DePauw President's

Award for Outstanding Campus Leadership, as well as three awards from the Fraternity. This year we have continued this level of success by welcoming 19 associates in what was one of the largest pledge classes on campus. The chapter house itself is in the middle of a five-year renovation process, including the remodeling of the parlor and the front porch.

In keeping with tradition, we welcomed the new initiates with our annual Ranch Dance on the first weekend after rush. The excitement among members and associates carried over to our winter formal. This semester we took our dates to Southern Michigan for a weekend of skiing and dancing. Also we were swept away by the excitement of the 100th Monon Bell Football game between DePauw and Wabash.

DUQUESNE COLONY

Our colony continues to grow in both size and recognition. In a university sponsored "Mocktails" competition, we took second place for our non-alcoholic drink "The Naked Brady." In addition, the Colony received recognition in the University's Greek newsletter "The Deltan" for our non-alcohol mixer with the Alpha Gamma Delta Sorority. The fall semester was capped with the initiation of eight associates, boosting our membership to 39 men.

Our football team finished its season with an 0-8 record, but no one is discouraged because we do well in other sports.

We welcome new "BB" **Tom Horowitz**, Michigan State '87, who replaces interim "BB" **Bill Williams**. Special thanks to Bill for his guidance and continued support.

EAST CAROLINA

We did it! At the beginning of the semester we were awarded the division II intramural sports Chancellor's Cup. This was achieved through hard work and determination. This same dedication put us in first place in intramural gold flag football.

Our annual summer retreat to set goals was hosted by **Bob Mathney** '92 and **Sam Mathney** '91. Plans to purchase a house have begun and are expected to be completed soon. The availability of appropriate housing is very limited due to strict city zoning codes and university policies.

The Homecoming football game and other brotherhood events were enjoyed by alumni and undergraduates. We also held our first annual Around The World social with the women of Chi Omega. It was a big success as we traveled to Mexico, Germany, Hawaii and Japan in less than five hours.

EASTERN ILLINOIS

Rush proved successful with 24 associates looking forward to joining the Bond.

Early in October the Parents' Club and ABT purchased new furniture for our chap-

Chico brothers rest before hitting the rapids on the Klamath River in Oregon.

ter room. Homecoming was our best ever. Approximately 75 alumni came to watch our float take fourth place in a parade with 30 floats. The parade was followed by a dance in honor of the alumni. We also won in overall points for Homecoming week with the women of ASA. We thank all alumni who attended Homecoming activities.

During Parents' Weekend Bill Cosby performed and we did the security for the shows. The associates planned a trip to Southern Illinois and Western Ontario.

EASTERN WASHINGTON

Formal rush was the best in recent history with eight associates. Homecoming was a great success with the return of many alumni including the new Region I Regent, James Garrett '84. Homecoming activities included our annual alumni barbecue, the Miss Eastern contest where our Sweetheart Leah Lyman competed on behalf of the chapter, and a TOGA brotherhood at the campus theater where "Animal House" was showing. With the support of alumni like Mike Scott '83, Gregg Scott '87, Craig Jolly '89, Mike Rahm '91 and Robert Long '91, our House Corporation will be up and running in the near future.

Intramural football is running great and our coed soccer team with Alpha Omicron Pi is doing well. The annual Halloween dance was unforgettable. Our ongoing philanthropy project with the Adopt-a-Highway program was again a success with a great turnout by members and associates.

We are making great changes with a major house improvement being undertaken by our "A". He is planning the remodeling of the house kitchen. Two brothers who play for the university baseball team are contributing greatly to the team.

EDINBORO

Rush went well this fall and we took in seven associates. We also participated in many fundraising projects including candy sales that raised over \$400 for our chapter. Homecoming was a big success as many alumni came back for weekend festivities.

We ran with Phi Sigma Pi and the Homecoming parade will be long remembered for the freezing rain that accompanied it.

Our fourth annual chapter retreat in October was a weekend of camping where we relaxed, forgot about school work and enjoyed being together. Thank you to Jon Conoway '91 for again allowing us to use his family's camp. Our second annual Christmas formal was held December 10, and hard work made it a great success.

EMBRY-RIDDLE

We started the semester with a retreat during which we voted unanimously to pursue the possibility of creating a Greek Row on campus. We out-rushed every other fraternity, and brought in 25 new men. Delta Chi also elected its second Intergreek Council President in three years. We led all-Greek and all-men's grades last term. Every time they turn around we're beating them at something else.

FLORIDA

We kicked off the semester with our annual retreat. Semester goals were discussed. Fall rush produced a high-quality group of 19 men. They began their pledge program with a retreat to a YMCA camp that teaches them to work together through difficult situations presented by the staff.

In September we assisted the local Boys Club of Alachua County in the construction of bleachers for their junior football league. One of our annual date functions, Stranded in Style, was huge success at Ginnie Springs.

FREDONIA

Fall semester was highlighted by our largest associate class ever, 13. Another highlight was Homecoming with several founding fathers coming back to meet some of our new initiates and associate members. We were very proud to win best Greek float in the parade.

As usual we have been involved in several community service projects including making reading tapes for students who suf-

fer from learning disabilities and participating in a haunted house for area children.

We had the highest GPA of any fraternity on campus last semester with a 2.81. All the hard work and long study hours have paid off!

FROSTBURG

Rush went well. We again attracted more potential members than any other fraternity on campus. One reason for this is that we believe rush should continue all year.

Our athletic program has continued to be outstanding as well. Last year we won intramural basketball, soccer, and softball. This year we hope to repeat in these sports and add volleyball and flag football to the list, thus winning every team intramural sport at Frostburg.

Our philanthropy program remains a very important aspect of our chapter. We continue to serve at the Brandenburg Center helping mentally retarded individuals. Last semester, we were the first fraternity here to establish a scholarship. We awarded the scholarship to a handicapped student who wished to attend Frostburg.

FULLERTON

Our successful fall rush set the tone for the rest of the semester. Although we were busy, we still managed to help out the Cystic Fibrosis Foundation with a bike-a-thon. Our annual Halloween maze party attracted Delta Chis from all over the state, making it a night to remember.

It was also a great semester for alumni relations. Thanksgiving just wouldn't be complete without our annual Alumni/Active Turkey Bowl. Celebrating Founders' Day at Little Joe's Restaurant gave us the chance to meet with some esteemed alumni as well as undergraduates from all over Southern California. We had a tremendous turnout at our 30th anniversary celebration December 5 at Wild Bill's Dinner Theater.

The house has never looked better. We now boast new Foosball and billiards tables, along with two pinball machines. Our refurbishing of the trophy case is complete and our charter is proudly displayed. Thanks to our alumni, the future looks bright.

GANNON

We continue to strive for excellence by leadership and example, and by challenging ourselves to reach our goals. With four new associates and participation in Homecoming, Family Weekend, and many intramural sports, not to mention a strong showing in Greek Week, we are becoming one of the more recognizable names on campus. Our monthly charity events lead to ever-better community relations.

Jason Vangee '92, was elected as ABT president and David Sowers '93, was chosen as "BB". We are looking forward to

working with them as well as all other alumni who want to get involved.

GEORGIA TECH

"AA" Michael Carroll presented our second consecutive President's Cup to us on our campus the first night of rush.

Competition and enjoyment were shared by alumni, undergraduates and their friends and families at the Delta Chi Atlanta Area Alumni Golf Tournament in August. The four-man scramble was held at Royal Lakes Golf and Country Club in Gainesville, Georgia. Everyone enjoyed the food and prizes. Mike Papiak, Wayne State '63, won the closest to the pin competition and was a member of the overall winning team.

We compete annually for the IFC trophy awarded to the top fraternity. A point system is used based on Scholarship (40%), Intramurals (15%), Greek Week (5%), Homecoming (5%), Philanthropy (17.5%) and Leadership (17.5). We were high in all categories, with scholarship as our strongest. Our GPA averaged 3.01, which is Dean's List here. Our concentration on scholarship, philanthropy and leadership made us a strong contender and we placed fourth overall out of 31 fraternities.

GORHAM STATE

One of the community awareness projects we enjoyed was a day outing at the local foster center. With the help of Alpha Xi Delta, we traveled to a foster shelter and spent the day entertaining the young children. This was definitely an experience not soon forgotten.

Our Alumni Board of Trustees has proven to be invaluable to the efficient operation of the undergraduate chapter. Due to their precise budgeting, we have completed many major house renovations, both inside and out. Our thanks are extended to Dan Gearan '84 and Jason McAvoy '87.

Men from the New Haven, Maryland and Sacramento chapters have visited. We relish the opportunity to exchange ideas and strengthen ties among chapters.

HAYWARD

Our fifth annual Hawaiian Luau June 11 was, as always, a tremendous way to end our school year. September 11 we volunteered our services for the Pittsburgh Seafood Festival. Our fall rush consisted of many barbecues and mixer/rush events. We held a Casino Night with Tri Sigma Sorority and a twister mixer with Alpha Phi Sorority. We ended fall rush with a Back to the Future Party where we slicked back our hair and courted the 1950s era debutante groups a.k.a. sororities. For our excellent efforts we came away with nine associates.

Our fifth annual Morticians Ball October 30 was another frightfully awesome success. For local philanthropy projects we helped out by setting up and serving food for All Saints Church in Hayward, and we participated in the East Bay Conservation Corps annual Serve-a-Thon by helping in cleaning up Hayward High School. Our annual semiformal was held at Shenanigans in Oakland where we dined and danced. We thank Leadership Consultant Wade Hatfield for his motivating visit. He sparked tons of great ideas our way and it was an honor to have him visit.

HOBART

As a result of efforts both past and present, we finally obtained our first President's Cup. To celebrate, we held a formal dinner and ceremony attended by brothers, college administration, distinguished alumni, parents and friends.

Physical improvements to the house are well underway in the downstairs sitting area as well as in the library, where plans to repaint and refurnish are on schedule.

However, the most noticeable renovation to the house is the exterior, which is no longer the "traditional" yellow.

Our involvement with the college's first Haunted House provided local children with memorable experiences as did our participation in other community events.

Many brothers continue to represent the chapter as campus leaders, including the editor-in-chief of the college newspaper and the secretary for the student government.

Initiate recruitment is underway and we anticipate a diverse and hard-working class.

HUNTSVILLE

Fall rush has produced an associate class of 12 men. Our annual Red Death party was a huge success. Also on the social list was a karaoke mixer with the Delta Zeta Sorority.

Several philanthropy projects are planned including a canned food drive for the homeless for Thanksgiving and the annual Love Bowl to support the Big Brothers/Big Sisters program. We are going to help renovate the sand volleyball court on campus and there is a plan to hold a basic life-support class. Jay Alexander '92 has joined the faculty as a karate instructor.

IDAHO

Fall semester proved to be very challenging for us as well as the whole campus. When tragedy struck a sorority pledge, two fraternities were hit very hard, and the whole campus was put under a social microscope, especially the Greeks. With this pressure has come a great increase in the number of dry functions and almost an elimination of the huge parties of years gone by. The new strictness in alcohol policy does promote better fraternity/sorority relations, as people are almost forced to interact if there is any hope for a dry function to succeed.

We are continuing our academic excellence as well as our athletic superiority. We are hoping to take a spot in the top three in grades and are currently in second place in intramurals, with a significant shot at first.

Despite challenges presented by state and university officials, we came out on top and unscathed. We have proven time and again that we can handle almost anything, and this will keep us in our high standing.

IOWA

We kicked the year off right by taking 21 associates that will ensure a bright future for Delta Chi here. Homecoming provided the perfect time for a ribbon-cutting ceremony commemorating the grand re-opening of our newly renovated chapter house, as well as a retirement banquet honoring our past housemother of 26 years, Rachel Trpkosh. "AA" Michael Carroll and former "AA" and Executive Director Larry Audlehelm attended both events. At the banquet, we announced the establishment

The Embry-Riddle Chapter either coming from or going to the Volusia Room.

of a scholarship in the name of Rachel E. Trpkosh, the only non-Delta Chi recipient of the Meritorious Service Award. The banquet was followed by a homecoming exchange with Alpha Chi Omega. We topped the weekend off by taking home a second-place trophy in the all-university homecoming volleyball tournament.

We want to thank our alumni brothers for making this homecoming weekend such a huge success. We love you, Rachel.

JACKSONVILLE STATE

We are proud to be celebrating our 25th anniversary this year. We were the first chapter on campus in 1968. We planned ways to involve as many alumni as possible in this year's celebration through Homecoming and Founders' Day events.

Several brothers and alumni have received leadership roles on campus. **David Pugh '91** is a recruiter for the university and **Terry Casey '93**, is in charge of IFC and Order of Omega. Delta Chis were elected president and vice president of the IFC.

Our team made it to the semifinals of the pre-season intramural football tournament and looked forward to a good season.

We repainted our house and replaced all the shutters. We've just taken on the task of reflooring the kitchen as well as replacing the ceiling Sheetrock. We hope the house will have a whole new look for the alumni as they return for this very special year.

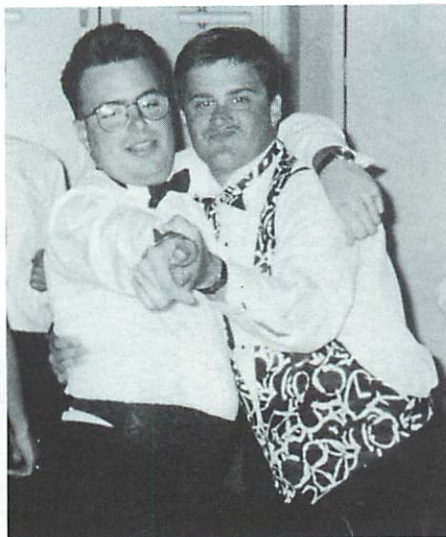

JOHNSTOWN

We have had major in-house improvements. We have new carpeting for the whole house and all the walls have been repainted. The house looks brand new. A Delta Chi was elected Homecoming King, and we placed first in the float competition. Our "A" received the UPJ Presidents Award, our "B" is the president of the Outdoors Club and our "E" was elected president pro tem of Student Senate. Delta Chis were elected president and secretary of IFC. Two of our men helped put us in first place in intramurals by running the three-mile and winning in record time. And we beat Aca-cia International Fraternity in the Fraternity Bowl for charity by a whopping 56-3.

KANSAS

As defending Hill champs in intramural sports, we gained our first points toward another Hill championship in the semifinals of the softball tournament. With volleyball and basketball approaching, we should again be among the top contenders. After finishing second in grades for spring 1992 with a 3.05 GPA, we are again placing emphasis on strong academics for all students. With 24 quality associates, we should remain among the best.

Founders' Day, special every year, left us especially proud this year. "Doc"

It takes two Hayward brothers to tango at the Tri-Sig Sorority Formal.

Underwood, '51, surprised us by presenting us with the President's Cup.

Our alumni support continues to grow as shown by the attendance at our Homecoming celebration at the house. Before cheering the Jayhawks to victory, brothers gathered to catch up and share the old times they experienced as undergraduates at the University of Kansas. Among those who attended were **Ed Kangas '66**, **Forrest Hoglund '56**, and **Scott Bingaman '90**.

Our social calendar has been full with traditional parties such as Spolie Olie and Halloween — a function with Pi Beta Phi and Alpha Phi Alpha. Our philanthropy project with the Missouri Chapter, the Mo-Kan 200, is sure to be another huge success to benefit the Cystic Fibrosis Foundation.

KENT STATE

We began the semester with our Freshmen Week rush program, which yielded an associate class of 15. This week of intensive rushing was concluded with a "Swine and Dine" pig roast which was very popular. For philanthropy projects, we continued our Adopt-a-Highway program and are participating with Chi Omega in the national Adopt-a-School program, which consists of tutoring children at a local grade school.

The semester has not been, however, all work and no play. We have continued to have our annual Halloween Hayride, we are participating in Delta Gamma's Anchor Splash competition/philanthropy, and we are gearing up for our yearly Roman Bath party, Tub and Toga IV. We, once again, have had success in intramurals and we are sure to finish in the top three fraternities.

LSU

We pledged 18 associates during fall rush. We again are leaders in all aspects of fraternity life, including athletic, social, academic, and leadership. We were among the

top three fraternities in overall and associate member GPA for spring semester. In interfraternity intramurals with our flag football team reaching the play-offs. University and Greek officials praised our chapter for our exemplary efforts in following the recently revised alcohol policy. Our unique parties included one featuring Monkey Hill recording artist Cowboy Mouth, the ghetto party, Mystery Ball, and Christmas Cocktail.

Our Founder's Day celebration included the presentation of the Edward F. Glufman Distinguished Service Award to **Mike Treloar '85**. This award is presented to an alumnus who has greatly contributed to the well-being and longevity of the chapter.

LEHIGH

Upon returning from summer break, we had a two-day retreat and hammered out a plan for the semester's activities in terms of rush, social events and academics. Participation at the retreat was good. We are currently fourth in intramurals. Our rush, which just began, seems to be promising.

Last semester we won the Greek Standards Chapter Excellence Award. This award is given to the group that best meets the criteria set forth by the Greek Standards committee. We were chosen over the other 27 fraternities and eight sororities.

We began house improvements by redoing the dining room floor. The weekend-long project included uprooting the existing floor and laying the new one piece by piece.

We looked forward to the annual Lehigh/Lafayette celebration. Many alumni were interested in the event. Our new chef had the honor of singing the National Anthem prior to the game.

LIVINGSTON

We hope to rise to another level of excellence through new rush programs, philanthropy projects and leadership in campus affairs.

We adopted an excellent rush process that is more of a down-to-earth rather than a business approach. The program has led to our having the highest number of associates on campus.

We are in the lead for the "Cleaner LU" award given to the organization that strives the hardest in the upkeep and maintenance of local monuments and historical sites.

Brothers are leaders in other campus organizations and in initiating new programs. Delta Chis now hold three of the five offices in IFC and are trying to establish a "Topsy Taxi" program on campus.

LOUISIANA TECH

We had our best fall rush in three years. Through hard work and determination, we gained 14 associates in a year of diminishing rush participation.

The retreat at Copper Harbor was chilly but productive for the Northern Michigan Chapter.

Conservatorship has been tough, but we are making positive strides. We have withstood the stress, and have been given a new lifeline to the campus and community. Our "E" is vice president of the national runner-up Louisiana Tech Powerlifting Team and won second place in the 165-pound class at the Collegiate National Championships in Boston. Two brothers starred in the campus production of "Macbeth" and one of them also starred in "Who's Afraid of Virginia Woolf?" A Delta Chi was an award winner for his yearbook and newspaper photos at the Southeast Journalism Competition.

As community service, we overwhelmed Ruston Parks and Recreation with volunteers to coach and officiate little league soccer. The fraternity was highly commended by campus administrators as well as community members whose sons and daughters participated. We sent four brothers to the Henry Jackson Leadership College thanks to numerous donations from alumni.

MANKATO

We completed formal rush with an addition of seven associates. After the fall quarter initiation of eight members, we stand at 41 members, the largest fraternity on campus.

We worked with the community in a large clothing drive that concluded with a Breakfast with Santa. We are working with a sorority and all the local churches in making this project the biggest of its kind. Our annual brotherhood dinner was at the end of November, and we enjoyed seeing all of the alumni. The Homecoming celebration was a week filled with parties that concluded with the nation's seventh ranked team defeating the Morningside Chiefs.

MARQUETTE

We began the semester by acquiring nine associates. Our House Corporation pur-

chased a new refrigerator for the house. Both alumni and undergraduates participated in the Milwaukee Journal Al's Run to raise money for the Children's Hospital of Milwaukee. We finished in ninth place as a team overall, while raising much money for a worthy cause. **Randall Honeycutt**, an alumnus from the North Carolina State Chapter, is a dental student here, and he continues to be a great motivator for us. To contribute to the Marquette campus renovations, we participated in cleanup projects. Our social calendar was full with everything from Parents' Weekend Dinner to our annual Murder Mystery/Costume Halloween party with the women of Alpha Xi Delta.

MARYLAND

We began fall semester with our best rush ever, pinning 28 men. Following rush, we celebrated Homecoming with our match up, Alpha Delta Pi Sorority. Overall we finished fourth, placing second in Greek Olympics and third in both the talent show and spirit. Homecoming week ended with our annual Alumni Day at which **Dave Dorr** was awarded a plaque as Alumnus of the Year and **Kevin Weiner** was announced as the newly re-elected "BB".

We made the play-offs in both soccer and football, but unfortunately we were eliminated in the late rounds of both. For our philanthropy project, many of us worked at a fundraiser called "Rock The Harbor" at Georgetown Harbor in Washington, D. C. with March of Dimes as the beneficiary. Our ABT, with the leadership of President **Rich Goldberg**, is outstanding. We are looking into the purchase of a larger house.

MASSACHUSETTS

This semester has been marked by two major occurrences: rush and Homecoming.

Fall rush yielded a record 15 associate members, thanks to the efforts of our rush chairman and our "B". Homecoming was a real treat with many alumni coming back to enjoy a backyard barbecue and undergrad/alumni football game. We were also graced with a visit from "AA" **Michael Carroll**. We thank him for thinking of us and wish he had had more time.

MEMPHIS STATE COLONY

This year we have achieved many things to bring us not only closer to our charter, but also closer together as a brotherhood. We completely renovated our house, started an active ABT, and collected over \$4,000 in dry food goods for the Memphis Inter-Faith Association (MIFA).

Over the summer our house was completely renovated with new carpet, repainted walls, and a fence in the backyard for parties. Also, with the help of a friend of the fraternity, we received a full-size pool table. The house was finished in time to show the rushees during fall formal rush.

During fall rush, we were able to pick up nine associates. Only 56 people went through rush at 11 fraternities so we were proud of our accomplishment. The establishment of the ABT was another plus. It was organized by our new alumni. We feel that they will support and advise us well.

MIAMI

Our house is full with a couple extra guys squeezed in here and there. We are considering an annex for next year due to our increasing membership. Our alumni room renovations are almost complete, and the big-screen television is on the way. We thank everyone who contributed.

Our social calendar is filled with events, including our annual Reggae Fest and Knights of the Round Table Date Party. A large number of alumni returned for Homecoming, and it was great to see all of the old faces and spend some time with fellow brothers. We thank everyone who came!

We initiated nine associates, which brought our total membership to 85.

Delta Chis are also active around the campus: one was voted to the Homecoming Court, three hold positions on the Executive Board of GAMMA (Greeks Advocating the Mature Management of Alcohol), and one is on the University Judiciary Board.

The Second Annual Kimball Classic Alumni Golf Tournament is set for April 16. We hope everyone will attend.

MICHIGAN

This was a semester of "bests" for us. We received the Delta Chi Achievement Award for the second year in row. Our best rush in recent history gave us ten associates. Our growing alumni relations program proved to be successful, with the best Homecoming

attendance in at least five years. Our football team had its best season since as far back as we can remember. Our social program is also successful, with new party themes as well as our traditional ones.

We are continuing our campus leadership with members on the IFC executive board, IFC judicial board, and the all-campus Student Leader Board. Younger members are starting to prepare to run for campus positions. The rest of the year promises continuing growth and prosperity.

MICHIGAN STATE

To overcome the challenges facing national fraternities, we have turned to our greatest asset, our alumni. This effort was initiated Homecoming weekend with our Alumni Appreciation dinner. Member participation was excellent. We put on a spectacular dinner in tribute to **Joe Lacchia**, whose hard work has ensured our strong national standing. Guests included Regent **Monte Johnson**, Alumni Advisor **John Buschman**, Retiring "AA" **Greg Hauser**, charter member **Joe Day**, House Corporation members, and "DD" **Larry Nothnagel** who presented us with the President's Cup.

The next day we hosted the annual gathering at the house followed by a tailgate. Everything went exceptionally well, with nearly twice as many alumni visiting compared to the past several years. We thank all the alumni for their outstanding support.

In October we held the Concert Against Cancer. We restructured it and raised three times as much money as the year before. Our "Safe Halloween" provided area youths with a safe and entertaining "trick or treating" environment.

We have planned the installation of a phone system which will provide cutting-edge communication technology. We are also planning for a new computer system that will make fraternal and academic tasks more efficient. We have also been keeping our "home" clean and presentable.

We won the fraternity all-sports trophy last year, and we are in the running for a repeat with championships in softball, badminton, tennis, and second-place in football.

MINNESOTA

Homecoming was a tremendous success. We began the festivities with a kick-off party with Alpha Omicron Pi and Phi Kappa Psi. We won second place in the prestigious housefront competition and were also successful in the cheer competition, placing fourth out of 24 fraternities.

Our rush efforts produced a seven-member associate class. We already have five associates for the spring quarter class.

Our intramural flag football team had its most successful season ever, finishing the regular season undefeated and making the play-offs for the first time in recent history.

Progress is being made toward strengthening our ties with alumni. Members and

alumni alike enjoyed our casino night and proceeds went to our house scholarship fund.

MISSISSIPPI STATE

We welcomed five brothers from our spring class into the Bond and put forth a more energized effort during rush. Hard work paid off as we have ten associates. A professionally-made video that included last year's events vastly improved rush.

In September, we celebrated our 30th year at Mississippi State with a reunion. Over 100 alumni were present, the most ever at a function. The reunion was a tremendous step in improving alumni involvement with the chapter. Thanks to **Robert Hubbard '88** for his hard work in making the event successful.

The student government president is a Delta Chi, and other brothers hold positions on the campus newspaper, IFC Council, student government committees and various honorary societies.

We celebrated October with Homecoming and our annual Halloween party, Spookfest. We have implemented a new eight-week pledge program which we feel will help make the associates better brothers and we welcomed our associates into the Bond in November.

MONTCLAIR

The fall was a time of challenge. With the graduation of most of our founders the younger members have stepped up into many of the leadership roles. Our goal to "keep the fire burning" has not gone unattended. Homecoming was a success as we placed second overall with Sigma Sigma Sigma Sorority. Rush was strong as we pinned nine associates and retained many named for the spring rush.

Our annual celebration to honor our chartering was a night few will soon forget as it was attended by the undergraduates and a substantial portion of our alumni. Our philanthropy efforts are thriving with our participation in the annual CROP Walk to feed the homeless and our biannual trip into New York City to give sandwiches to the homeless. We waited in anticipation for other Delta Chis to make the journey here for the Leadership Conference. We have chosen to strive to accomplish new goals.

MONTEVALLO

Rush was the first item on our busy schedule. This year's class, though not as large as some in the past, is turning out to be a great asset with their leadership and scholarship abilities. We won the scholarship trophy for the fraternity with the highest GPA for the fourth year in a row.

We usually do well in athletics and this past year was no exception. We won the football, swimming, track and field, and volleyball championships and placed sec-

ond in three other sports. This gave us the IFC all-sports trophy for 1992-93. We also placed second in Greek Week competition.

Our ABT has been doing quite well with two cookouts that more than 100 people attended. They plan to work with us to make more improvements to our house. We all appreciate the hard work the alumni have done and especially Faculty Advisor **O. J. Carson**. We look forward to having alumnus **Jeff Davenport** working with us. His knowledge and leadership will help us grow by leaps and bounds.

NEW HAVEN

We had a successful rush this semester and pinned 12 men. Our popularity on campus is better than ever. Delta Chi holds various positions in student government, including the D.S.G. vice presidency, and many brothers are in the senate. We are still the largest Greek organization on campus. We took second place in this year's Homecoming float competition and had an associate member in the homecoming court.

The undergraduates were defeated by our alumni in a softball game, and looked forward to a football re-match.

Last year's "A" won the Borelli Family Leadership Award. Founding father **Thomas Viola** was elected "BB" and is looking forward to working with the chapter again. We are continuing our upswing and looking forward to a great future.

NORTH CAROLINA STATE

We started off with a strong rush and pinned 18 associates, third most on campus. We held mixers with Alpha Phi and Chi Omega. We also had a great pig pickin' for homecoming and enjoyed all the alumni who were present.

We participated in the Take Back the Night march on campus; a wood chop to cut wood for needy families held by Alpha Phi Omega, a service fraternity; the IFC Fall Food Drive; and continued our escort service for the Raleigh Friends of the Library Guest Writers' Series.

Our soccer team went undefeated during the regular season and fell with lots of heart in the semifinals. Both the volleyball and basketball teams are working hard.

We had a good visit from Regent **Bill Williams** early in the fall. He held the new Alumni Initiation Ceremony with **Jeff Woods** and "BB" **Chris Petra** for a number of our local alumni. We also appreciate the increased activity from local alumni and friends, **John Wyatt**, **Charles Safley**, **Betsy Westcott**, and ABT President **Doug Meckes**.

NORTH TEXAS COLONY

We had a great rush with the association of nine men who will be an excellent addition to the Colony and will be great leaders when many of us graduate this spring.

Oshkosh brothers move in close for a togetherness photo.

Our second annual "Haunted Hanger" was a huge success this year as we were able to break even on the construction costs the second night and collected many cans of food for the Denton County Food Bank. The money collected will go toward a pool table for the Hanger.

NORTHEAST MISSOURI

We had an incredible rush and took 12 associates, the biggest class in over eight years. Northeast Missouri State's freshman week program allowed us to get our name known around campus and made us the most popular fraternity.

Other exciting events included a retreat to Camp Jo-Ota. We established our goals for the year, had brotherhood activities and participated in the J. Nick Gray leadership seminar. We thank John Hess, "BB" Emeritus from the UMKC Chapter, for his help and humor. Our second annual trip to Oktoberfest, in Hermann, Missouri, was a major highlight with 20 members attending. Homecoming was another success. We built a float with Sigma Chi Delta, a local sorority, and entered it in the parade. Later that night, a dance was held in celebration. We anxiously awaited Delta Chi Parents Weekend and initiation weekend.

NORTHERN ARIZONA

As the Region II Conference drew closer, we worked hard so everything would go smoothly. A number of house projects have been completed and activities on our Mountain Campus were planned.

With our recent devotion toward establishing stronger alumni relations, we have developed a new data base program with over 75 percent of alumni accounted for. This accomplishment has proven to be vital in the recent support from alumni.

During the semester a number of long-term goals were accomplished. Our House Corporation was reestablished and plans to purchase the property are underway. The fall rush program brought 13 new men to the chapter, making us the largest fraternity. Our small-man basketball team the brought us one step closer to bringing home the campus intramural crown.

NORTHERN COLORADO

With spring graduation, we lost a number of undergraduate members, but we gained more alumni. Rush was successful and we now have 22 associates, two of which are legacies. We also initiated Albert Dreher, father of Eric Dreher, last year.

We had a productive retreat and we have set some lofty goals. Stay tuned for the results. Our new "BB", Greg Humphrey '92, will also head our ABT. He is very enthusiastic about his position and is anxious to be involved in house activities again.

Our Homecoming float won second in the Greek competition. Later that evening we had our annual fall formal. Our Halloween Haunted House and Trick or Treat with Alpha Phi, sponsored by "Just Say No" and D.A.R.E., is designed to be a safe alternative to trick or treating. The Alpha Phi house was used for a "trick or treat street" and ours was an elaborate haunted house.

The "1993 Club" was a smashing success, allowing us to refurbish the study completely, although furniture is still needed. We also have been involved with the university-sponsored hazing workshop.

NORTHERN ILLINOIS

Our rush committee incorporated Leadership Consultant Pat Alderdice's suggestions, and thanks to nice weather, we had a barbecue all three nights. We

signed the largest pledge class on campus, welcoming 29 men. Next, we experienced our most successful Homecoming ever, with great alumni support. Our first annual Alumni Golf Classic went well. In intramural flag football, our two teams are in the semifinals of their respective divisions.

We were honored to be chosen as one of 13 chapters to represent Delta Chi in a public relations brochure being assembled through the International Fraternity. We had our second annual Christmas party for Big Brothers/Big Sisters and Delta Zeta asked us to co-sponsor their first annual "Bop til you drop" dance philanthropy. We set goals this winter at our chapter retreat.

NORTHERN IOWA

It has been a pretty good semester and prospects for the future look better all the time. We are trying to be more outgoing and more visible on campus. We are active in intramural sports and social activities have increased significantly as our numbers have also increased.

We remodeled the entire ground floor of the house over winter break. This was funded by our generous alumni, and we appreciate their contributions. The demolition was carried out by our associates who will use the proceeds for an associate member project. An associate with extensive bricklaying experience is creating a Delta Chi sign to be placed in front of our house.

The alumni attendance for our Homecoming this year was the best it has been for many years. We thank all the alumni who attended for making it a great success.

NORTHERN MICHIGAN

Our camping retreat to the majestic Copper Harbor located on the farthest northern region of the upper peninsula consisted of a successful goal planning session, canoeing and a resurgence of the Bond.

This semester was also marked by our continued participation in the second annual March of Dimes Golf Classic and the seasonal ending of the Adopt-a-Highway Program. Our 11-member associate class has also gotten into the act by participating in our regional Latchkey Program. Our fundraising efforts to expand our House Corporation kicked in with our working at N.M.U. football and hockey games.

Our alumni were treated to the first annual alumni-homecoming weekend capped by two successful social events. We also observed Founders' Day with a spaghetti feast at the house. Marc Belloumini, our AMC, was the winner of the 1993 National Mid-Michigan body building contest in Flint, Michigan.

NORTHWEST MISSOURI

We began the semester by initiating seven members. We got off to a good start in

intramurals by getting all four of our football teams into the play-offs and placing first, second and third in cross country. Homecoming went well with our chapter winning overall.

Our ninth annual Fall Fall Party was again a huge success; we sold over 300 shirts as a fundraising project. Our second annual haunted house philanthropy project raised money for the United Way. With the installment of a bona fide ABT, we plan to significantly increase our alumni relations.

OHIO STATE

We began the quarter by associating 11 men. We then won the campuswide Homecoming competition. This year's win, which is our fourth straight Homecoming victory, entailed building a float and sign, and participating in several events during the week. Not only did we win, but we also had two brothers on the steering committee.

Our community service projects include our Adopt-a-Highway program on a section of I-270, and Adopt-a-School, where several brothers tutor elementary school students at a neighborhood school.

Over the summer we replaced the carpet in our living room and foyer, which has added a great deal to our always-improving main floor. Another great improvement was the installation of a bike room in our former coat room. This much needed addition has reduced clutter in our foyer, adding to the overall neatness of our house.

OREGON STATE

We were in dire need of having part of our roof fixed to stop leaking, and thanks to the efforts and donations of all our alumni, we were able to have it fixed so it is as good as new. We thank **Shawn Steimetz '91** for returning and becoming our new "BB".

We had outstanding scholarship the past year, ranking fourth out of 25 fraternities in overall GPA. We have also done well in intramural sports. We captured the All-University Water Polo Championship, outscoring our opponents by an average of five goals per game. We organized a Haunted House for the children of the local elementary school we have adopted.

OSHKOSH

Yes, we are back; this is not a typo; do not attempt to adjust your *Quarterly*. We've battled back from near extinction. After two years of hard work we are strong and thriving. Special thanks to "BB" **Ron Montgomery** and ABT President **Scott Bertrand**, because without their help this would not have happened. We apologize to our alumni for losing touch for a while and for not submitting information to the *Quarterly*.

Our most exciting news to date is our interior renovation of the house. We worked all summer long under the guidance of

Karin Haidlinger and **Greg Condon**. Thanks so much for all you have done.

Another shocker, we placed in Homecoming! We have not been very strong in Homecoming through the years but the times they are a changin'! The alumni who were able to visit told us it was the best Homecoming they had ever attended.

The only goal we have not fully achieved is improving our alumni relations. All we ask from alumni is that they visit us. Check out the house, meet us, relive the Bond, and see for yourself the new Delta Chi.

PENN STATE

We are proud to have received the Certificate of Achievement this fall. We feel our improvement has been significant and are glad it has been noticed. We are pleased by a surge in much-needed alumni support. Although low numbers still plague us, we do not feel isolated, as the entire Penn State fraternal system is experiencing a decline in membership. However, an excellent fall rush produced 16 associates, in addition to the 11 initiates from spring semester.

The Delta Chi Marathon was held in the fall for the first time. It went well, with over 20 organizations participating. The final tally is not in, but we expect to donate nearly \$2,000 to the Penn State Handicapped Student Fund.

The first week in November kicked off our Homecoming activities with the Kappa Delta Sorority. Also planned was an alumni pig roast and brunch.

The house underwent several projects this summer, including new men's and women's bathrooms on the ground floor, new tile floors in the upstairs bathrooms, and a refurbishing of our dining room. Our house GPA is well above the all-men's GPA.

PLYMOUTH STATE COLONY

This is our first submission to the *Quarterly*. It is an honor to be part of such a well-respected institution as Delta Chi. We are a group of 25, strong, energetic young men striving for the Bond of brotherhood.

An unbelievable amount of support has come our way from college staff, Greeks on campus, fellow students, and our families. We have gained of respect for our successful philanthropy projects. We are involved in refereeing Plymouth High School soccer, adopting-a-street, coaching Saturday morning town soccer for children, and participating in the P.A.L. program for underprivileged boys ages 8-14.

We are expecting a huge rush this semester. We are in the process of contacting alumni and setting up an ABT.

Our group is expecting to do well in intramurals, including indoor soccer, basketball, baseball, softball, and volleyball.

We thank Delta Chi representatives **Chris Brockmeier** and **Patrick Alderdice** for helping us set up the Colony.

PURDUE

Just before school started, our ABT closed a deal to purchase a recently vacated sorority house. This new structure adds 2.6 times more square footage and 60 percent of the house is only six years old.

With the new house comes a new challenge. Going from a house of 30 men to one that requires 65 to break even is a difficult task, but the results of our last rush were very promising. September 24 we inducted 22 men, which is the largest class in several years, and one of the largest on campus.

Another exciting change is the addition of a house mom, which we haven't had in over three decades. Mrs. Libby Oliver helps us administrate our new structure. She hired five waitresses, a maid, and a handyman to do the things we had to do ourselves at the old house. She also hired a new cook, who prepares, undoubtedly, the best meals on campus. These new luxuries will help us improve even more on the 0.3 point increase in our GPA, and the four-place ascent in intramural sports rankings.

Our goal is to maintain the integrity and love held at our chapter for 66 years, and to never forget those who paved the way.

Editors' Note: Please see photos, p.17.

SACRAMENTO

Things can only get better here. Our flag football team has pushed its record to an amazing 23-0 heading into the championship game against Pi Kappa Alpha. In basketball, both of our teams are still undefeated at 3-0. Fall rush netted us another 14 associates who are diligently learning about the Fraternity. On a sadder note, the Sacramento City Council has recently passed a motion limiting fraternity housing inside city limits to no more than six people per house. Ours has 14, so we really don't know about our future at 1426 T Street, or for that matter, the future of any of the twenty-odd fraternity or sorority houses within Sacramento city limits.

SAN DIEGO

We began with an impressive rush, then moved right into an encouraging football season with our young team. In volleyball we took the division by storm, easily claiming first place. And we were also able to win in soccer and bowling.

The most outstanding events of the semester were Founder's Day and Parents' Weekend. Founder's Day produced a big turnout and allowed our new members to meet our successful alumni, providing both groups with a sense of future progress inside and outside of Delta Chi.

Parents' Weekend also produced a big turnout of more than 60 parents and family members. This event gave the families a chance to see what Delta Chi is and what it means to their sons. And gave us the chance

to share our college experience, through Delta Chi, with our families.

We are planning another Alumni Day, and are looking forward to seeing everyone again.

SOUTHERN CALIFORNIA

Founders' Day dinner at the annual meeting place, Little Joe's, turned out to be an extremely successful event for the Los Angeles Alumni Chapter. It was the best turnout in recent memory. Homecoming was particularly outstanding with over 100 alumni stopping by our picnic area throughout the day. In an effort to increase the bond between our alumni and the undergraduates, each associate has been given an alumni mentor in addition to an undergraduate Big Brother. We believe this program will exemplify the meaning of "the brotherhood of a lifetime."

On the football field, the nickname for the offensive squad was Delta Chi. Four members were starters with three more also playing for the offense, and one member was on the defensive squad.

We thank Judge **Lawrence Drumm '30** for donating a picture of the USC 1930 national championship football team. This picture was signed by team member and brother, **Hank Biggs '30**, and was later given to the judge by Biggs' widow. The judge donated the picture to the Chapter at the Founders' Day dinner.

SOUTHERN ILLINOIS

We had a very successful Founders' Day dinner. In attendance were two vice presidents and three deans from the university. All the guests were impressed with the professionalism of the members. Our philanthropic programs included participation in the nationwide Alzheimer's Association Memory Walk, Carbondale Adopt-a-Spot, and the Red Cross Blood Drive. We also won best participation in Greek Night at the SIU volleyball game with Northern Iowa.

Our major in-house improvement included the remodeling of our weight room. SIU family weekend was a success with many Delta Chi parents visiting. All members pitched in and helped design our Homecoming float. Our "A" was elected to SIU Homecoming court. We are currently in contention for the IFC sports trophy. Our brotherhood is helping us achieve our weekly goals and we looked forward to hosting the Regional Leadership Conference.

Delta Chis involved in the Greek system include the IFC president, IGC vice president, IFC public relations and rush chairmen, and IGC special events chairman.

SOUTHWEST MISSOURI

Spring semester concluded dramatically with an overwhelming come-from-behind

victory in Flag Football to produce our third football championship in four years. The summer was used to focus on our fall rush. The dedication and work of our rush chairmen helped produce 52 associates.

Homecoming provided our largest turnout in recent years with more than 45 alumni attending. During our Homecoming Dance we honored current and past members for their devotion to Delta Chi, including **Brian West** who received the Alumnus of the Year award for his dedicated services.

This semester we raised over \$300 for the Make-a-Wish Foundation with our annual Powderpuff Football Tournament; assisted the elderly during our annual Haunted House with the members of Sigma Sigma Sigma Sorority; helped the homeless by working in the local soup kitchen; and continued in the Adopt-a-Highway Program.

Campus involvement continues to improve with one brother in the Delta Zeta - Big Man on Campus Contest, and others running in the upcoming IFC elections.

After an overall third-place finish last year, we are in second place in Greek Sports and plan on being a serious contender for the overall intramural championship.

Due to an oversight and improper Risk Management one of our new associates was hospitalized for alcohol poisoning. Our ABT has required current and associate members to attend alcohol seminars and help educate the community on the consequences of substance abuse. Planned date dashes and exchanges have been put on reserve until problems have been resolved.

TARLETON

We continued to have a great fall rush this semester by obtaining 15 associates. We have been concentrating on philanthropy projects to raise money and have many events planned. For the second year in a row, we had a great alumni turnout for Homecoming. About 15 alumni came for all of the festivities.

Our "BB" **Dan Shepherd** has been a tremendous help this semester in keeping our chapter strong. In intramural sports, we hope to sweep the Greek Flag Football Tournament again this semester.

TEXAS A & M

We are enjoying our new house. With the combined work of alumni and undergraduate members alike, the new location was transformed into the most unique fraternity house at A & M. Before school started we managed to complete a 1,500 sq. ft. deck, build a sand volleyball pit, improve a one-and-a-half acre lake, and clear brush on a total of five acres of property. The hard work of buying a new house has paid off and we appreciate all the help from our alumni. We know it would not be possible without their contributions.

Over the summer we had several brotherhood events, which we have found to be

important in efforts to stay in touch over the break. The undergraduates and a few alumni went tubing down the Guadalupe River, as well as participating in house work days and other gatherings. We plan to use the house for alumni events and socials because of the new amount of space that it offers. The house will also be incorporated into rush activities. Our long-term goal of a new house has finally been reached.

TEXAS TECH

We have a strong pledge class of 13 men. With their help we created an awesome Homecoming float with the sisters of Gamma Phi Beta. We thank the alumni who participated in the Founders' Day and Homecoming weekend. It was a huge success.

In intramurals we took second place in flag football, and competed in tennis, volleyball and indoor soccer. We have a new basketball goal and the coat of arms was added to the sign in front of our house.

To contribute to the neighborhood, we cleaned a nearby park and planted flowers there, and have been invited back in the spring to have a community cookout, sponsored by several supermarkets, for the neighborhood children.

The officers have set new goals for the upcoming year which will help us locally and nationally, and most importantly, internally. This semester we updated and created new officer notebooks to make them more usable, with excellent results.

TRI-STATE

The main talk around our campus is the work done on our houses over the summer and fall. We have new siding, windows, and roofs, and the houses look brand new and very attractive to the eyes. We will help commemorate the work during Alumni Weekend on April 29, 30 and May 1. This also marks our 25th year here at Tri-State.

Brothers from the Windsor Chapter came to help celebrate our annual swamp party weekend. Lots of people, a dark basement, and fog made Swamp Party a success.

We cleaned and maintained our sector in the "Adopt-a-Highway" program. Two brothers have volunteered to work with the school's directory board on the prospect of making Tri-State a semester school.

UCLA COLONY

We have been working with our ABT to meet our chartering requirements, and with hard work from the brothers, we hope to charter soon. We are seeing a greater and greater need for a central location. For this reason, we are all actively pursuing housing, so that Delta Chi can not only be present, but also geographically established.

Leadership consultant **Wade Hatfield** helped us greatly during his visit. His guidance was invaluable and we thank him

Purdue's new home, an attractive brick structure, is much larger than the old house, shown at right.

for his assistance with fall rush.

UCLA, along with all the other Southern California chapters, celebrated Founders' Day on October 11. We thank the members of the LA Alumni Association for their support, and the Executive Board for their efforts in planning the Founders' Day celebration. At the banquet, the traditional UCLA versus USC rivalry was renewed, bringing back memories for alumni and creating new sparks among undergraduates.

VALDOSTA

Our fall rush was reduced from a week to four days. Before rush started, we thought this was going to be a problem, but it turned out to be one of the best things that could have happened. Having a shorter rush enables us to have fewer expenses. Twenty-nine bids were accepted and half way through the program we still have 29 associates. Our associate member trainers, who are responsible for the 100 percent retention rate, have done an excellent job in preparing our associates for brotherhood.

Homecoming was a success. Friday we had a Brotherhood Alumni Golf Tournament at Stone Creek Golf Course to kick off the weekend. Saturday we all met at the house to go to the football game. After the game, the alumni and the undergraduates met at the house for a barbecue. The alumni turnout was good and we were able to get to know many of them personally.

VIRGINIA COMMONWEALTH

After an innovative rush program, we again pinned the largest associate class on campus. Our class of 15 men is strong. With their help and a great team of brothers, we pillaged through the fraternity football league virtually unscathed to win the intramural football championship with ease. The basketball season looks promising as well.

Great strides have been made in the field of scholarships, as all our records have been

computerized. With nightly study sessions, we are hoping to greatly increase our overall GPA. In our surrounding community, we have done a great deal to make ourselves more visible. Our first annual fishing tournament raised needed funds for a homeless shelter in our neighborhood. We policed our neighborhood on Halloween night to ensure the safety of local trick-or-treaters.

We continue to utilize alumni experience and guidance. Our recent ABT picnic brought us even closer together. We certainly appreciate their support and their devotion to our chapter.

VIRGINIA TECH

Again we have shown marked improvement from the previous semester. Our fall rush yielded a number of high-quality men who we hope will follow in our footsteps. This year's football season brought successful mixers and tailgates which included a noted increase in alumni involvement.

In the spring our housing corporation will be closing a deal to purchase a house for the fraternity. We also looked forward to a strong turnout to this year's Regional Conference which we hosted.

WASHINGTON

The 85th annual Founders' Night was October 23. Over 80 alumni found time to come back to the house. Alumni support seems to be growing every year. The ABT has received over \$7,000 via alumni contributions. The undergraduates were extremely successful during the week of Homecoming. Almost every activity saw participation from us including the larger-than-life Husky constructed in the front yard. In addition, we participated in Pi Beta Phi's philanthropy project to support the Washington Literacy Program.

The physical plant has received many repairs resulting from water damage in the old section, and work has been done on the

bathrooms and the main floor, thanks to the help from the ABT and Parents Club. Last quarter the undergraduate scholastic diligence showed. We placed eighth overall out of 31 fraternities with a 3.07 GPA. With 25 associates, we are traditionally strong as ever. Please stop in and visit the us. Thanks for all the support and for showing us once again how important this chapter is.

WASHINGTON STATE

We are proud to have a promising associate class of 12 outstanding young men. On the academic side, we are once again excelling in grades, and with our revamped study program, there is no doubt that the our overall GPA will rise again.

Homecoming proved to be an educational time for both the alumni and the undergraduates. While the alumni were updated on the Chapter's status, the undergraduates were informed on the progress made in the construction of a new house.

Brotherhood is one of our major focuses. Our retreat to the Blue Mountains allowed us to set numerous obtainable goals and standards as well as spending time together away from school. Additionally, our programming chairman has our chapter leading the Greek system in programs completed.

WEST VIRGINIA TECH

We celebrated the tenth anniversary of our charter on November 5. A lot of work was done by the undergraduates and the

alumni to make this an appropriate celebration. The turnout was good and included several founding fathers. We introduced the Alumni Ceremony and to hope improve our alumni relations.

We have started a tutoring program. Brothers go to the high school twice a week to help students having problems with math. The program is working well and we hope to improve our relations with the community.

We have also started renovating another bathroom. This required cutting a hole in a concrete wall separating the bathroom and garage. Luckily the house has not fallen yet due to the knowledge of our engineering majors. This will make the second bathroom improvement in the past year.

WESTERN CAROLINA COLONY

We have started a new program, the Delta Chi Association, which includes first-semester freshman who cannot pledge at WCU. The association has 28 members and we hope to pick up all of them in the spring.

We are spreading our values of merit, virtue, and personal endeavor thanks to a member who has taken up a little brother through the friends program on behalf of the Colony.

Also our special thanks to our alumni **Thad Cable**, **Brian Truesdal**, and **Gary Truesdal** for donating money toward finishing our volleyball pit.

WESTERN MICHIGAN

After selling our house at 1003 Short Road, we did not know how to react to the change in scenery at 2909 W. Michigan Avenue, but after some good planning and a renewed dedication to excellence, we had our most successful rush in recent history, associating 21 men.

Homecoming was an astounding success. The theme was "Return to South Street," the location of the Delta Chi house from the late fifties into the early seventies. It was encouraging to see brothers renew old friendships and create new ones with other alumni as well as undergraduates. At the alumni banquet that evening, we pre-

sented the James A. McCain Alumnus of the Year Award to **Robert Peterson**. The newly created William E. Morris Outstanding Service Award was presented to **William C. Morris** and **Martin L. Borton** for their service to the Chapter.

During the first week of school, we helped freshmen move in by participating in the Bronco Buddy program and we sponsored an information booth at Bronco Bash to help control the pet population. More than 20 brothers helped raise close to \$2,000 for the American Cancer Society.

We are undefeated in football, basketball, floor hockey; we placed second in the preseason softball tournament; and we placed first and second in the Alpha Phi Open golf tournament. Also, two members were initiated into Order of Omega.

WHITEWATER

Our annual alumni golf outing this summer was fun and helped undergraduates and alumni form new friendships.

Fall rush was a great success with the highlight being a pig roast and live band. We inducted 12 associates. Homecoming went well with Delta Chi placing first in "Yell Like Hell" and other events. The Greek system elected a Delta Chi to Homecoming Court. We had a great time and a good turnout at our alumni reception. We appreciate the many donations, including one of \$250 dollars. Some will go toward improvements on the house, including a flag pole for the American and Delta Chi Flags.

We are continuing to be active on campus with Delta Chis as presidents of Student Government (WSA), Law Society, Parli Pro and Order of the Omega. We had a Rakefest with the Tri Sigmas where we raked lawns for the elderly and also the Chancellor. Our goals are to improve internal relationships and to continue to grow and lead.

WINDSOR

Alumni relations have improved as well as relations among the members. A decision was made to renovate the old house instead of going farther into debt by pur-

chasing a new house. Thanks to alumni who participated in the renovations and especially Tom Fleming for organizing the work parties.

Philanthropy events have been impressive so far this semester with money and canned goods being donated to our local charities. A Box Lunch Auction with Delta Zeta Sorority raised funds for the United Way and was enjoyed by all. The proceeds from the canned food drive were donated to the needy at the downtown mission and we participated in a charity dunk tank.

Founding Fathers Weekend began with the pinning of eight associates. Thanks to Leadership Consultant **Jim Marascio** for all the good advice. A huge buffet was prepared by the members living in the house and was enjoyed by all in attendance. The highlight of the weekend was our annual Alumni Golf Tournament. A good turnout was not hampered by the poor weather.

We thank the brothers from Tri-State for their visit on Homecoming weekend. We also enjoyed our walkouts to Tri-State and Ball State on their Homecoming weekends.

WISCONSIN

We had a very successful fall retreat with about 90 percent of the members present. We revised all of our by-laws and came to a consensus on the associate member program and our alcohol policy.

Thanks to **Jim Marascio** for a great visit and for sharing his ideas with us. We hope to implement some of them by next semester.

We have passed our one-year anniversary. We are involved in building better relations with the ABT and House Corporation. All alumni of the old chapter and the new chapter are welcome to call or stop by anytime. Plans are underway for an alumni homecoming event this summer.

WYOMING COLONY

We have been busy getting into our second new house in two years. The move has brought an air of rejuvenation to our group and helped us come closer together. Our fall rush was the most organized one that we have had and yielded five associates. Thanks again to the brothers from the Colorado Chapter for their continuing help, and to ABT President **Jim Brown**, UNC '89, for his special help. We were honored to receive from U.S. Representative **Craig Thomas** '92, an American flag that had flown over the Capitol in Washington.

Special thanks to Leadership Consultant **Wade Hatfield** for all his help during his visit. We also thank Executive Director **Raymond Galbreth**, Missouri '69, for his visit in honor of the initiation of one of his pledge brothers, **Glen Truitt**, who is our House Corporation treasurer. Yet quite possibly the best thing to happen to the Colony this semester was the election of two members to IFC executive offices, treasurer and vice-president for scholarship.

Sacramento members ready to snap during a flag football game.

Fraternity takes flight

Road trip reaches new heights

My first flight with a Tech aviator occurred this summer en route to Iowa City, Iowa, for a fraternity leadership college. It was an experience I shall never forget for the rest of my days.

It started out innocently enough, a dilemma. Should I stay or should I go? Those little bitty Cessnas crash all of the time. Why can't we just fly commercially? Beads of sweat collected on my forehead. I've seen The Buddy Holly Story. I've seen Sweet Dreams, and I've seen La Bamba. I'm too young to die. I haven't even gotten rid of all my acne yet.

After many a sleepless night, I made my decision. Go for it. Don't get me wrong, I'm not afraid to fly. I fly in the big jets. Sit back, relax, enjoy the view.. Yes, I would like some peanuts, thank you.

The problem was the size of the plane — a Cessna 172 is a four seater. There were four of us: Alan, the chapter president; Jonathan, the vice president; and Jon, the rush chairman. Four people in four seats for six hours is the equivalent to cramming a Volkswagen Bug with one small exception — the Volkswagen would be at an elevation of at least 8,000 feet.

Alan was the pilot. I trust him with the status of our chapter, but can I trust him with my life? He checked everything on the plane and the runway. I was flying co-pilot. As we raced down the runway, Alan murmured into the headset that he hoped we could get off the ground. Reaching the end of the runway, he turned to the two passengers in the back and yelled, "Lean forward."

The takeoff was extremely shaky. Once Alan straightened out the aircraft, we all loosened up a bit. It would be about three hours until our stop in Springfield, Missouri.

It rained over Arkansas rather harshly. Alan complained about the bad weather, and I said, "Well you've flown through this stuff before, haven't you?" "Nope never have, first time," he replied.

Other than the weather, the flight to Springfield was uneventful. We all felt pretty good at this point — the plane was refueled and we were halfway to Iowa City. This wasn't so bad after all.

I told Jonathan if he wanted to sit up

front he was more than welcome. As we took off, I was in the back seat with Jon.

The weather over Missouri and part of Iowa was beautiful. The sun was shining and the sky was baby blue. You could see the massive flood damage. The roof tops were wet with the muddy water of the Mississippi River. The levees, homes, farms and hearts the floods had broken were there right below us. It was awe inspiring, breathtaking and an altogether depressing sight to see.

The weather was nice and the experience was educational, but there was a problem. Turbulence. It was bad, really bad. We were flying through a cloud for what seemed like 30 minutes. In reality, it was maybe a minute or two. As luck would have it, we got hit by a downwind at the precise moment we came out of the cloud and pushed into a complete nose dive. With an exclamation of "Whoa," Alan ever so calmly pulled us out of it.

The rest of us were a little shaken after that. With my head throbbing, heart pounding and stomach boiling over, I was definitely feeling a little bit queasy.

Rush Chairman Jon Schubert, left, and "B" Jonathan Perret discuss the trip while "A" Alan Woodall inspects the plane, a Cessna 172.

Around 45 minutes later, my condition had not improved. At least I had taken the precaution of bringing a brown paper lunch bag. We were about 15 minutes from the Iowa City airport when I started belching. I didn't feel sick at all, but I pulled out that paper bag just in case. No sooner had I pulled it out, than I had to use it. I brought that bag as a joke; I never actually intended on using it.

I looked to my right; Jon was sound asleep. Up front Alan and Jonathan were none the wiser about what had just happened. Good, no one knew. I'll just dump the stuff when we get off the plane.

"E" Justin Woodman, left, snaps a photo of himself and pilot Alan Woodall during the flight to the Jackson Leadership College in Iowa City.

Then, Jon woke up and saw me hunched over and clutching that swollen bag. I looked over at him and put my right finger over my lips. "Shhhhhh," I said. He nodded his head. Everything was cool.

Of course, the evidence began to leak out. We were about five minutes from Iowa City and the bag was getting soggy and beginning to smell, too. All of the sudden Jonathan turned to me and said, "Hey, Woodman. Let me see your bag." I thought he wanted to throw the bag out of the window.

Jonathan sat there looking at the sky in front of him. He blindly reached his left arm into the back seat area for me to hand him the bag. If he really wanted to touch it, who was I to stop him. I was handing him the dripping bag when he turned around. He made eye contact with the bag and jerked his hand back.

Jon and I both started laughing. I looked over at Jonathan to see him press two fingers over his lips. His cheeks began to swell. I thought he was mocking me. Then he started spewing all over the place — the front of the plane, the instruments, the windshield, everywhere. Jon and I went into absolute hysterics.

Then I watched Alan do something that surely cannot be taught in the classroom or in the flight simulator. He made a one-handed landing at the airport with his left hand and kept Jonathan's head turned away from the instruments with his right hand. And just as the first wheel touched the runway, the bag burst. So, Jonathan and I had to change clothes on the runway.

Thankfully, the flight back to Ruston was incident-free. When we got back, I kissed the ground, literally.

By Justin Woodman, "E" Louisiana Tech.

Alumni Profiles

Rick Westphal
Southern
Methodist '67
Southwest
Missouri State
Chapter "BB"
One Year as
"BB"

Occupation:
Health and Human Services Administrator

Hobbies: Politics, hiking, canoeing, SMSU sports, hosting radio programs

Why did you decide to serve as "BB"?

I had always hoped that when my son chose a college, it would be where there was a strong, influential Delta Chi Chapter. I could not have been happier when he chose Southwest Missouri State. I had anticipated that my involvement with the Fraternity would consist of being present at Mike's initiation and an occasional Parent's Day. However, I was pleased to accept when the chapter later extended me an invitation to be their "BB".

What do you enjoy most about being "BB"?

It has been a real pleasure to see the accomplishments both individually and as an organization of this fine group of men. When the need has arisen, I have been pleased to serve the chapter as a liaison to the university administration and the professional and business community.

James D. Price
Eastern
Illinois '74
Eastern Illinois
Chapter "BB"
Ten years as
"BB"

Occupation:
Associate Superintendent of Schools, Mt. Zion, IL. Community

Unit School District, Retired Mayor, Mt. Zion

Hobbies: Public service, cruising the lake

Why did you decide to serve as "BB"?

It has been proven over and over that those who utilize their college years to strengthen human relations abilities are those that become most successful in professional careers. Providing a stimulus toward this end is a gratifying experience — serving as chapter advisor certainly gives me this opportunity to promote excellence and personal development for tomorrow's leaders.

What do you enjoy most about being "BB"?

The most rewarding experiences are the occasions when you receive some communication about the success of one of the chapter's alumni. Often, that success can be traced back to an experience during the undergraduate days. The Brotherhood of a Lifetime truly has significant meaning.

On the move, continued from p. 2:

"My experiences as associate member counselor while in the chapter allowed me to lead a group of men while developing some organizational and managerial skills. As rush chairman I gained skills which help me to recruit talented people, which I have carried over into my business experience. These are just two examples.

"Delta Chi has as much or as little to offer someone as they care to take advantage of. The important thing from my perspective is to not take things too seriously. It is the relationships you build with people that are important. Twenty years from now the little things you squabble about in the chapter will be forgotten, but the relationships you build will still be there."

Tim Crown is a bright young star in the business world and among the ranks of Delta Chi alumni. While the future in business is never certain, one thing we can be sure of is that Insight Distribution Network, under the direction of a forward thinking Delta Chi alumnus, is on the move. And the rest of the business world is watching.

Remember, there are three types of people: those that are immovable, those that are moveable and those that move. It is obvious where Tim Crown fits in!

ALUMNI CHAPTERS

COLUMBUS ALUMNI CHAPTER

The Columbus Alumni Chapter remains active with weekly informal luncheon meetings at the Press Club on the 16th floor of the LeVeque Tower, downtown Columbus. All alumni who work downtown, or who are in Columbus on business, are cordially invited to attend the Friday luncheons. No reservations are needed.

Notices for the 1994 Chapter dues were mailed in January. Please return them as soon as possible. Only dues-paying members will be notified of events throughout the year. Dues are \$10 and cover mailing expenses, our annual charter fee and the registration of our voting delegate to the International Convention. All activities are pay-as-you-go and include several annual events such as our golf outing and our family night/cook-out at the Columbus Clippers. Other events are planned and we welcome any suggestions for programs or activities.

The Columbus Alumni Chapter offers all alumni, regardless of undergraduate chapter, an excellent opportunity to continue the Delta Chi experience, keep up with fraternity issues, meet new friends and have fun for both you and your family. Please check us out.

Call to the 49th International Convention

To the Men of The Delta Chi Fraternity: alumni members, student members and associate members of the undergraduate chapters and colonies.

As the forty-fourth "AA", pursuant to the Constitution of The Delta Chi Fraternity, I do hereby proclaim that the Forty-Ninth International Convention will convene at the Hyatt Regency Hotel in Peachtree Center, in the city of Atlanta, in the state of Georgia at eight thirty in the morning, Thursday, the fourth day of August, Nineteen Hundred Ninety-Four. Said Convention shall continue through scheduled adjournment on the seventh day of August.

The Board of Regents is hereby called into session starting at nine o'clock in the morning, Tuesday, the second day of August, Nineteen Hundred Ninety-Four at the same location.

In witness whereof, I have hereunto set my hand and caused the seal of the Delta Chi Fraternity to be affixed.

Done at the city of Iowa City, the thirty-first day of January, in the year Nineteen Hundred Ninety-Four and in the one hundred fourth year since the founding of the Delta Chi Fraternity.

By the "AA"

"HOTLANTA" IS CALLING

Join Delta Chi brothers from all over North America as they gather in Atlanta for the 49th International Convention. America's Olympic City has plenty to see and do and is ready to welcome Delta Chi for a four-day-long celebration of our brotherhood. Don't miss it!

The Hyatt Regency Atlanta

HOTEL RESERVATIONS

Contact the Hyatt Regency directly at (404) 577-1234. Be sure to mention you are with the Delta Chi Convention in order to receive the special discounted rates. The rates are \$72 for a single or a double and \$78 for a triple or quad. Hotel reservations at the discounted rate must be made by July 1, 1994.

AIR TRANSPORTATION

The Fraternity has arranged for Delta Airlines to be the official air carrier for the Convention. All Convention attendees who travel on Delta can receive 5% off the lowest airfare. Please contact our official travel agency: CTN/Litwack Travel Service at 800-777-6800 to make your reservations. If you wish you may call Delta directly at (800) 241-6760. Be sure to use file number NO879.

 **DELTA AIR LINES**

Six Flags over Georgia

REGISTRATION POLICY

Early registration ends May 1, 1994. Each chapter will receive one free registration for each convention assessment paid since the 1992 convention. Registration fees are listed below. Refunds will be available up to July 30 with a \$25 service fee. No refunds after July 30.

Coca-Cola Museum

CONVENTION AGENDA

August 3	Registration/golf outing/reception
August 4	General sessions/ritual
August 5	Leadership College and free time
August 6	Leadership College and closing banquet
August 7	Awards brunch
