INTEGRITY

The Basic Expectation of Brotherhood

"AA" Michael Carroll

It is appropriate on our One-Hundred and Third Anniversary to reflect on what is expected from membership in Delta Chi. The ten basic expectations of a Delta Chi were adopted by the Board of Regents in 1988, and those ten can be summarized in one word—INTEGRITY, defined as "Strict personal honesty and independence." Our hope and desire is that all Delta Chi members are men of unquestioned integrity. Integrity is not a given characteristic, it is developed. We must seek men of integrity to join our ranks and then assist them in the pursuit of education, the development of interpersonal skills and the continued enhancement of individual integrity.

In this age of rapid change and technological advances, we must not overlook our most valuable resource—people. Computerization and robotics for tasks that can be done with mindless repetition are designed and implemented by people. Thinking, caring and reaching for goals cannot be done by machines. The basis for significant accomplishment is the relationship of those involved. The crucial elements of a good relationship are trust and respect. The foundation of trust and respect is integrity.

Integrity means consistency between what a person says and what a person does, whether in public or private. This requires conducting our lives in harmony with sound principles and values. Do not try to excuse behavior inconsistent with sound principles. If you truly wish to be a man of integrity, inappropriate behavior cannot be justified by following the actions of others (i.e., "everyone else is doing it"), by being intoxicated, or simply as a matter of convenience. It is amazing the effort some people exert for the public perception of who and what they are, when beneath the facade they are something entirely different. It is said, "Reputation is what you have in the light; Character is what you are in the dark." We must exercise caution that the actions of others do not reflect poorly on our chapter, colony, fraternity, campus or our individual integ-

ity. We can never accept less of ourselves than we expect of our brothers and friends.

We must be on guard that our behavior is always consistent with our ethics and values, and that our actions would never bring us shame if witnessed by our families, campus officials, brothers or friends. While we have all made mistakes, and erred in judgment, we cannot relent in our effort to attain integrity. It is unacceptable to make jokes at the expense of others, abandon accepted responsibility, cheat on an exam, accept credit when it is not due, or ever be less than truthful. The college years are a critical time in a young man's development. He is establishing credentials, cultivating potential and developing a record of accomplishments and acquired talents. When he is in this stage of determining his capabilities and who he is, fraternity has the opportunity to help him see more in himself and realize more potential than he might otherwise. This is the gift that can serve all of us throughout our lifetimes.

We must examine the culture of our chapter or colony to be certain it is one that sets a high standard by action and deed, nurtures integrity and fosters honest and open communication. Our chapters must be places where men are reliable, respectful of others and realize that trusting others is a prerequisite for being trusted. They should be places where the cardinal principle is justice, and our adopted by-laws assure that any incident and every individual is treated in a just and consistent manner, places where men are gentlemen and truly care about one another and the world in which they live.

Certainly Delta Chi's most valuable resource is people, but who are our most valuable people? Some might say students for they are the source of ninety percent of our operating income; they are the basis for the establishment of our Constitution; and at Convention they are our supreme governing body. Some might say alumni for they are the largest body in number; they exemplify "The Brotherhood of a Lifetime,"

and are our greatest untapped resource. Some might say our staff whose devotion and dedication keep the wheels turning and advance our programming.

I believe our most valuable people are the students. They have accepted the responsibility for continuing the experience we call Delta Chi, left in their care by those who have gone on to assume the challenges of a modern world. It is hoped that they were better prepared to do so because Delta Chi had become, and will continue to be, part of their lives. There is a heavy burden of responsibility on the leadership and membership of our chapters and colonies ensure that young men of integrity will wish to join. Our greatest strength lies in being an organization of purpose and benefit for those who have joined our ranks and those yet to join. We can never lose sight of our responsibility to potential members and associate members that Delta Chi functions will never jeopardize their well-being or cast doubt on their integrity. Parents should have the peace of mind of knowing their son has joined an organization sincere in its commitment to enhance the positive values they have instilled, as well as to benefit, care about and protect their son at his home away from home.

Our greatest responsibility lies in providing an environment that nurtures and assists young men in achieving more fully their true potential, cultivating a standard to live up to rather than live down to. We, as alumni, can play a key role in the development of *men of integrity*, who benefit immeasurably from Delta Chi and will take the experience and teachings of fraternity with them to make our world a better place in which to live. Those who made the Delta Chi experience possible for us shall be rewarded by our commitment to making Delta Chi a progressively better fraternity.

It is obvious from my experience with involved alumni that we have much to give. I believe, as alumni, we can truly make a difference in the development of young men by our actions as role models, mentors, surrogate fathers and as friends.

On this Founders' Day, please take a moment to reflect on what Delta Chi has meant to you, and on the principles expressed by the Founders 103 years ago. Let's all, alumni and students alike, rededicate ourselves to Delta Chi's cardinal principle of justice to our fellow man. Living as men of integrity is the first step.

Building on Tradition at Ball State

Building on tradition. At Homecoming 1991 those words became the foundation of an intense, two-year process that will produce the newest and best fraternity house on the campus of Ball State University and one of the top houses among the many Delta Chi chapters in North America. Though the construction was not yet completed, October 9 saw the dedication of the new home of the Ball State Chapter with over 150 guests in attendance.

Fred Reese, "BB" served as the Master of Ceremonies. Special guests and speakers included the capital campaign Co-Chairman Rob Fowler '82; Dr. Jay Thompson, Faculty Advisor; Darren Cromer, "A"; Gary Collins, "E"; university officials; and representatives from the International Fraternity, Paul Bohlman, "CC" and Dr. Mike Welsh, Regent. Also present were Steven Bossart, Director of Alumni Services and Patrick Alderdice, Director of Chapter Development and a former "A" of the Ball State Chapter. Leigh Morris '58, founding "A" of the Chapter and Honorary Chairman of the capital campaign was also present at the dedication ceremony.

The day was filled with mixed emotions as the alumni and undergraduates

dedicated the new house while remembering the old one that had been home to hundreds of chapter initiates. The new facility replaces a 20-man house, constructed in 1937, which has served the chapter since 1959. The new, 15,000 square-foot building will become home to 46 men and a house director and will cost \$900,000.

To ensure completion of the project, many alumni have contributed valuable time and resources. Of the \$200,000 campaign goal, the Chapter Building Initiative has raised over \$165,000 in alumni pledges. The leadership of the Chapter Building Initiative has been capital campaign co chairmen Rob Fowler '82 and Gene Heiwig '60; "BB" Fred Reese; design architect Dan Neeb '81; Chris Brown '84; Brad Mendenhall '86; Housing Corporation President Tom Black '81 and Housing Corporation Treasurer John Miller '86. Many thanks to this dedicated group of men who have made this vision a reality.

With the actual move-in date scheduled for mid-November, the Chapter is anticipating holding Ball State's Founders' Day in the new and completed chapter house in February.

Jackson College

The Senator Henry M. Jackson Leadership College was hosted by the International Headquarters, Iowa City, and The University of Iowa Memorial Union

for the second time. In August, nearly 80 undergraduate members and several alumni assembled for what many considered to be the best Jackson College ever. The activities began Friday afternoon, August 6, with introductions from College Coordinator **Michael Geary**, Florida '91, and College Dean **Dr. Richard McKaig**, Ball State '67, Dean of Students at Indiana University. An innovative name game was presented by **Paul Picciani**, Connecticut '89, a former member of the Headquarters staff. The exercise worked on developing memory skills so attendees would be able to remember names more easily, an invaluable skill in the professional world (and in rush). **Jim Sturm**, "BB" of the Fredonia Chapter, then took over with a variety of enjoyable ice-breakers.

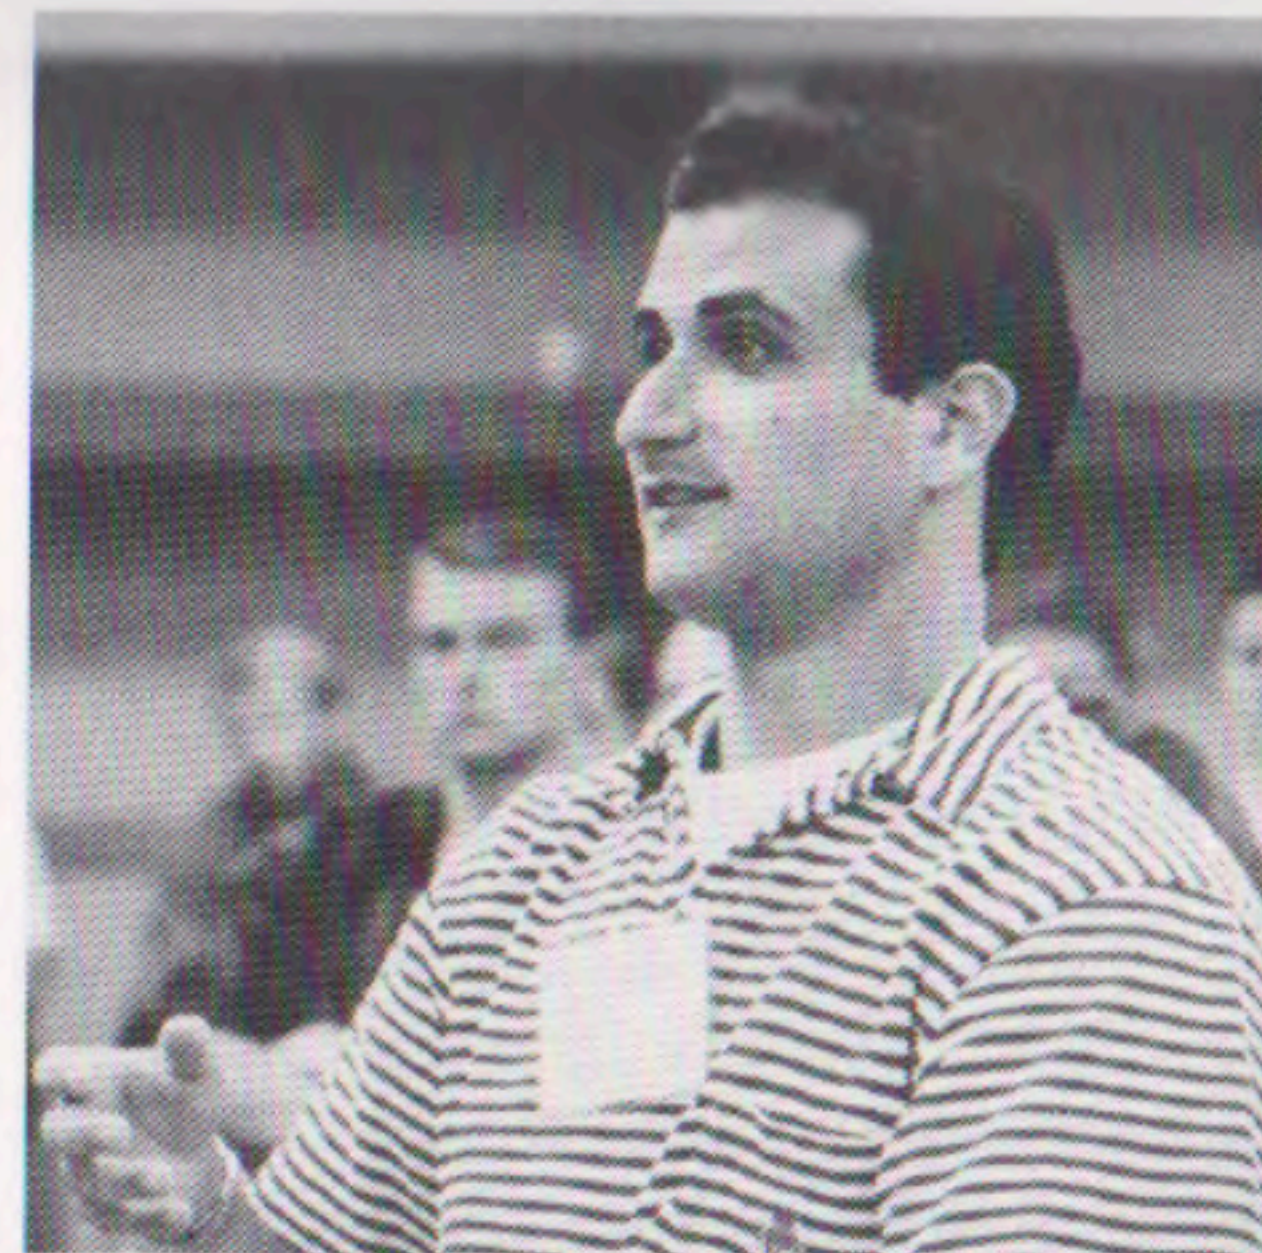

Dr. Martha Christianson, a member of the University of Iowa counseling center, presented the Myers-Briggs Personality Assessment, a test designed to help individuals fully understand themselves. The best leaders are those who have solid self-knowledge, and this test helped the attendees acquire that understanding. After the Personality Assessment, attendees were invited to the International Headquarters where they toured the building, saw the new addition and visited with Marge Lee and other members of the Headquarters staff. Members dined on their own before returning to the Iowa Memorial Union for evening activities.

Jeffrey B. Cufaude, a Lambda Chi Alpha who is the education coordinator for the National Interfraternity Conference, began the evening session with an interactive exercise known as BaFa BaFa. This truly unique game places participants into two different "cultures" and then plunges them into the culture of which they are not a member. The implications of this event are far-reaching and the participants drew comparisons to rush, chapter personalities, outside activities and life in general. It was an enjoyable time with valuable lessons.

The participants then broke into small groups (known as "chapters" for the weekend) for discussions on how the day's activities could be applied to their own leadership skills and the positions they hold. These meetings went well into the night and made for some very interesting conversations.

Saturday morning came around early with wake-up calls at 7 a.m. and breakfast at 8. Immediately following breakfast Brother Picciani, again using memorization tactics, presented the First Rule of Human Relations. The session focused on many of the ideas made famous by Dale Carnegie in his "How to Win Friends and Influence People." These tactics are imperative for every person who is in, or aspiring to be in, a leadership position.

Jeffrey Cufaude then presented "Confrontation 101," an innovative program established by the National Interfraternity Conference Commission on Values and Ethics. The program consists of a video session followed by discussion which teaches confrontation skills and stresses the importance of having the courage to confront inappropriate behavior among the Delta Chi membership. After this informative program, many of the men attending had a new understanding of just how important this skill is for effective leadership. (The video is available through the International Headquarters.)

After a break, an informative session was presented by **Leroy Mendenhall**, Kansas '68, on Total Quality Management. Brother Mendenhall is considered an expert in the field because of his work in the Washington D.C. area. The session lasted several hours and took the participants through the basics of TQM and how it can impact a leadership style. After lunch on Saturday, attendees were offered a choice of three break-out sessions. **Raymond Galbreth**, Missouri '69, offered his popular "Managing Change" program, **Jeff Kingsbury**, Ball State '90, presented a session on "Creative Problem Solving" and Jim Sturm offered an insightful program entitled "Let Me Introduce Myself." It was a crash course in public speaking that gave the attendees the skills and confidence to have poise when addressing a group.

After dinner, the entire group moved into the interactive activity known as "Starpower." Facilitated by Jeff Cufaude, Mike Geary and **Steven Bossart**, Kent State '90, Starpower brings out the best and worst in those participating. Understanding human nature is an invaluable tool for any leader and participants

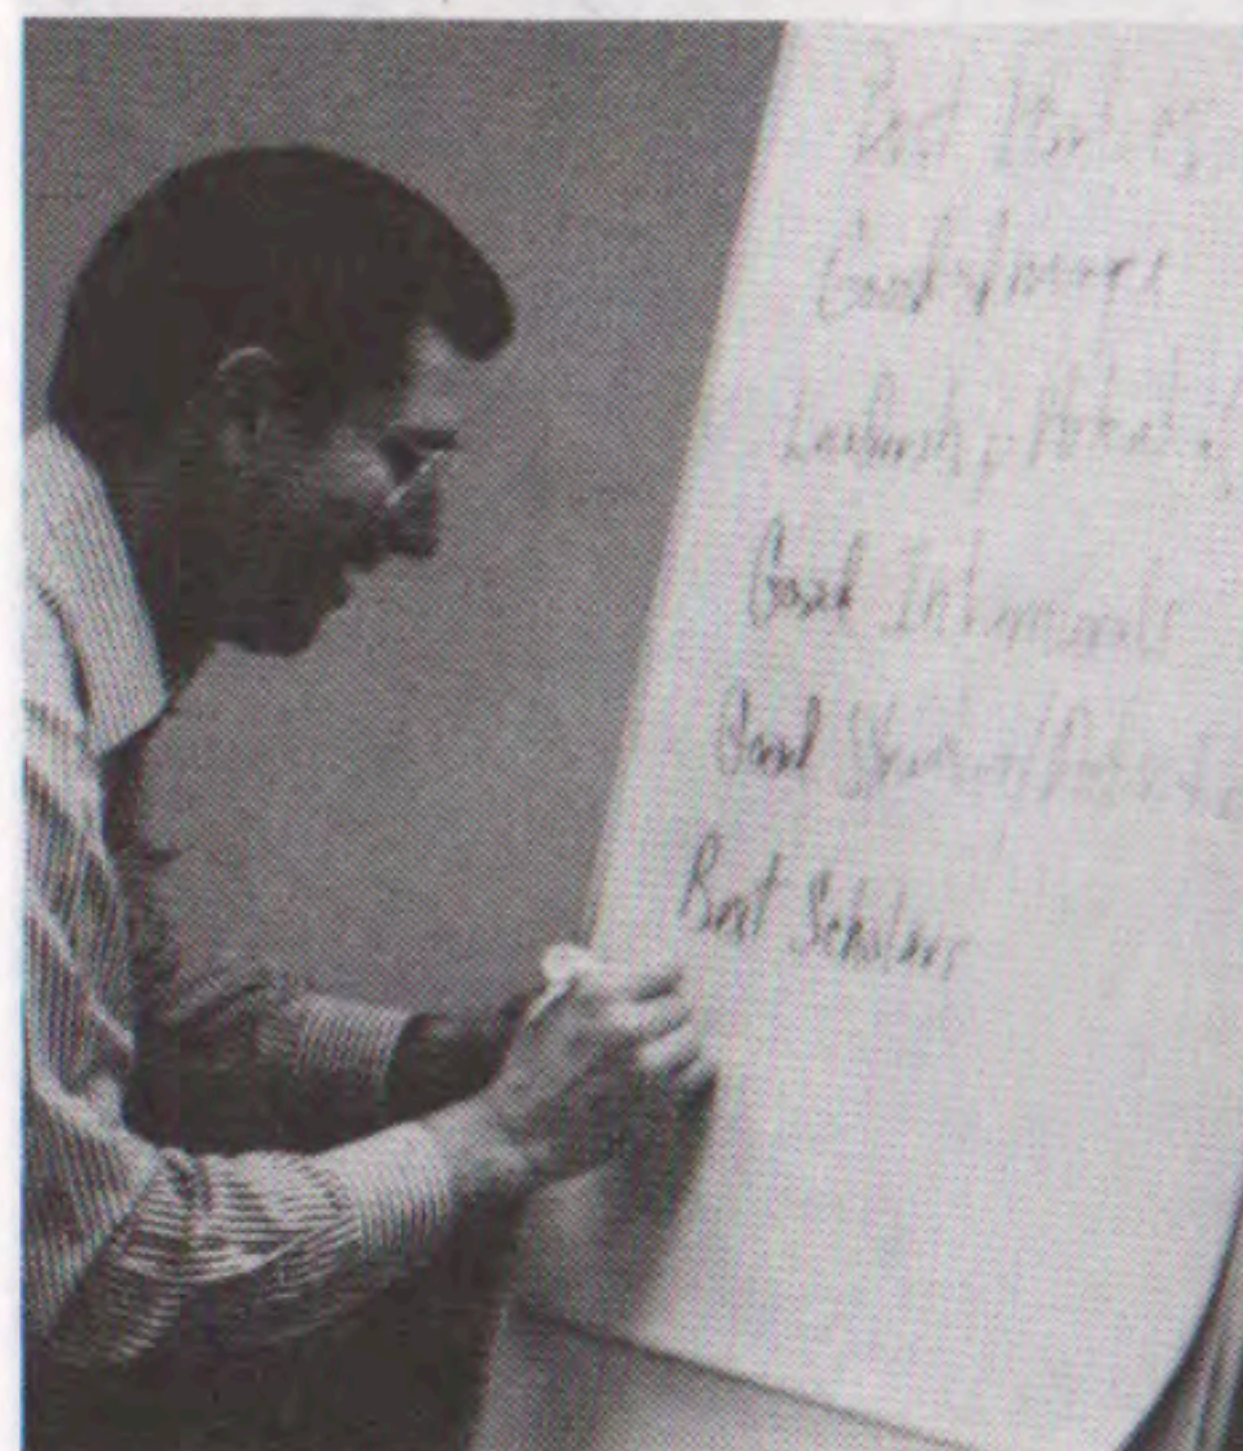

learned much about others and about themselves through this exercise. The discussions that followed were lively and spilled over into the "chapter" meetings, which lasted well into the next morning.

After the late night on Saturday, Sunday morning arrived rather quickly. Attendees started the day with brunch followed by graduation from the College. The final event of the 1993 Senator Henry M. Jackson Leadership College was a session, facilitated by Richard McKaig, on taking it all home. Most would agree that learning new skills is worthless unless they can be implemented. That was the focus of this final session.

Brothers then headed for the highways or the airport and returned to their respective chapters with a new understanding of their own leadership skills and the personalities of others. They had been taken, over two full days, from discussions on understanding themselves, to understanding group dynamics to understanding human nature in general and most would agree that it was a worthwhile trip to Iowa City.

The Jackson Leadership College is sponsored by the Delta Chi Educational Foundation and is held every year (it is held at the Convention site during Convention years). The Foundation subsidizes the cost of non-convention-year colleges so that this year the cost to attend was only \$25. Because of the generosity of donors to the Delta Chi Educational Foundation, the men received a great deal of knowledge at little cost. The general feeling of the attendees was, "Thanks, it was a great program."

See you in Atlanta next summer!

The Senator Henry M. Jackson Leadership College

LaVon P. Linn Chair

Named for **LaVon P. Linn**, NE '38. Brother Linn was an avid financial supporter of the Jackson College. The funds from his endowed chair are used to pay the costs of the Dean of the Leadership College. This year the Dean was Dr. Richard McKaig, Ball State '67.

Carl A. Benson Chair

Named for **Carl A. Benson**, Purdue '32. Brother Benson remembered the Educational Foundation in his will and at the request of his family, the endowed chair for the Leadership College was established. Funds are used to pay the costs for a Leadership College faculty member, this year Jeffrey Cufaude of the National Interfraternity Conference.

What we heard from Jackson College participants...

"Many dedicated men focused on developing younger, quality Brothers into better leaders."

"I gained a new perspective on leadership and on Delta Chis from around the country."

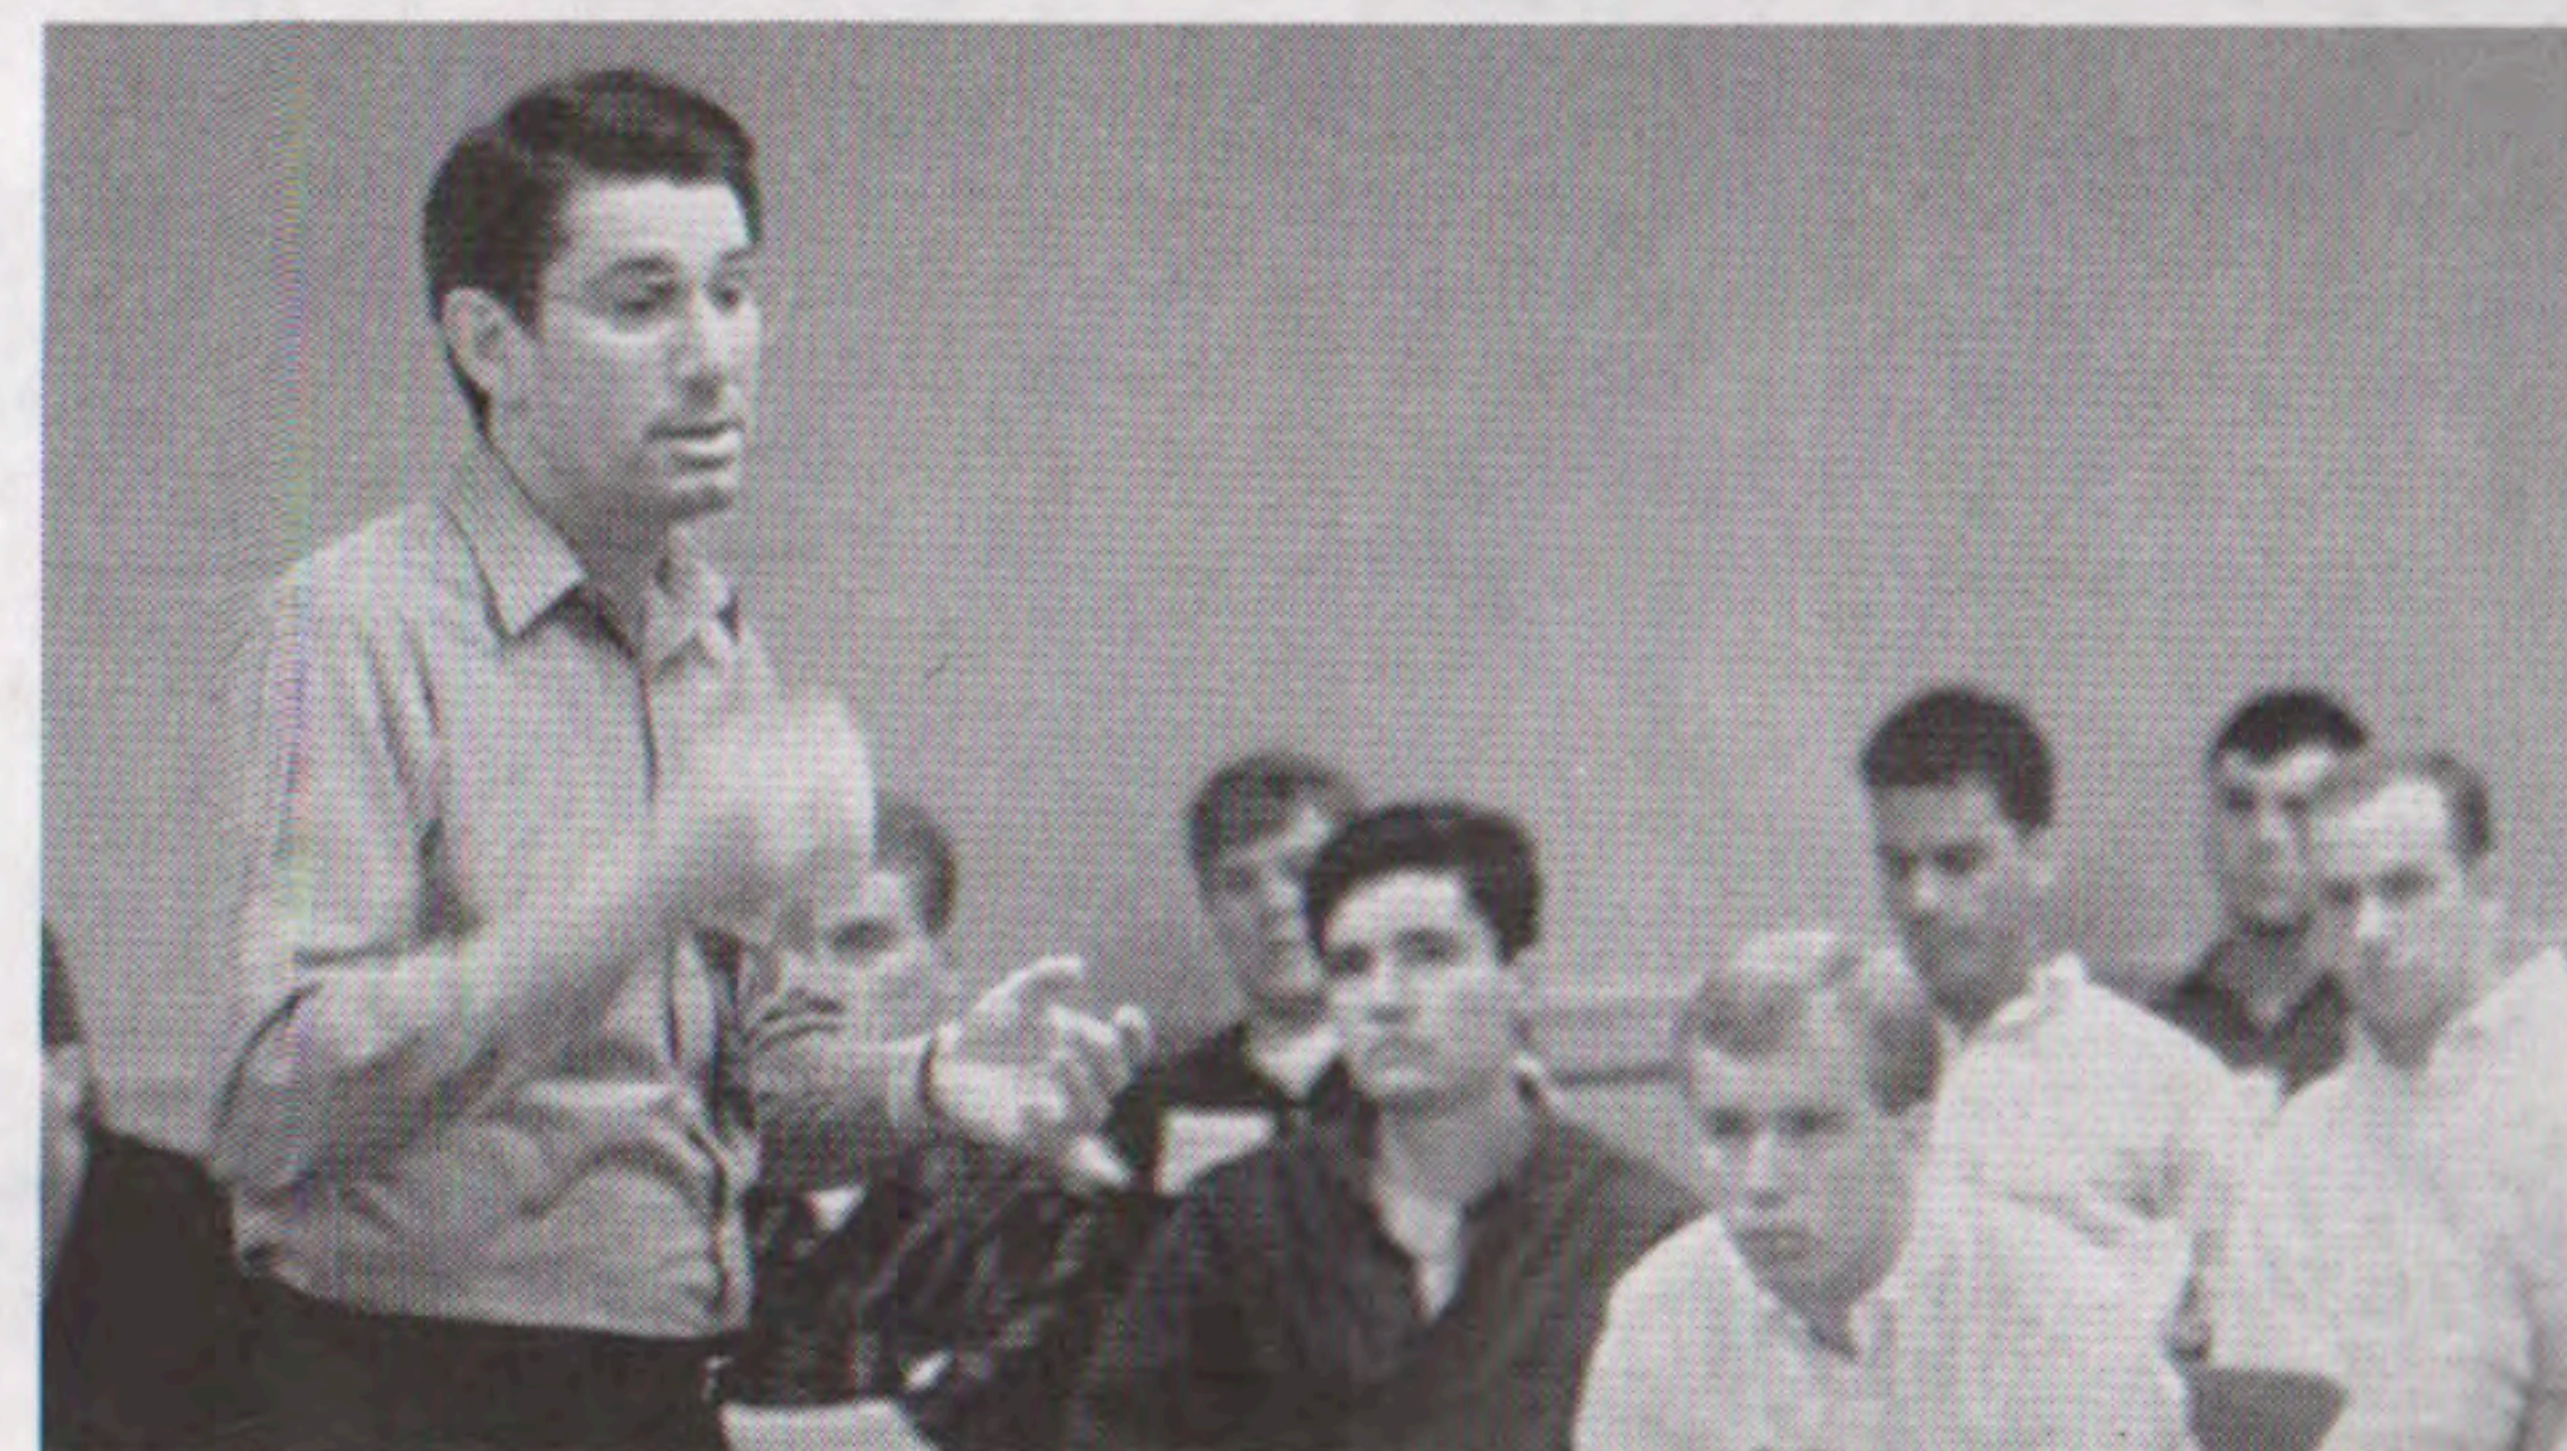

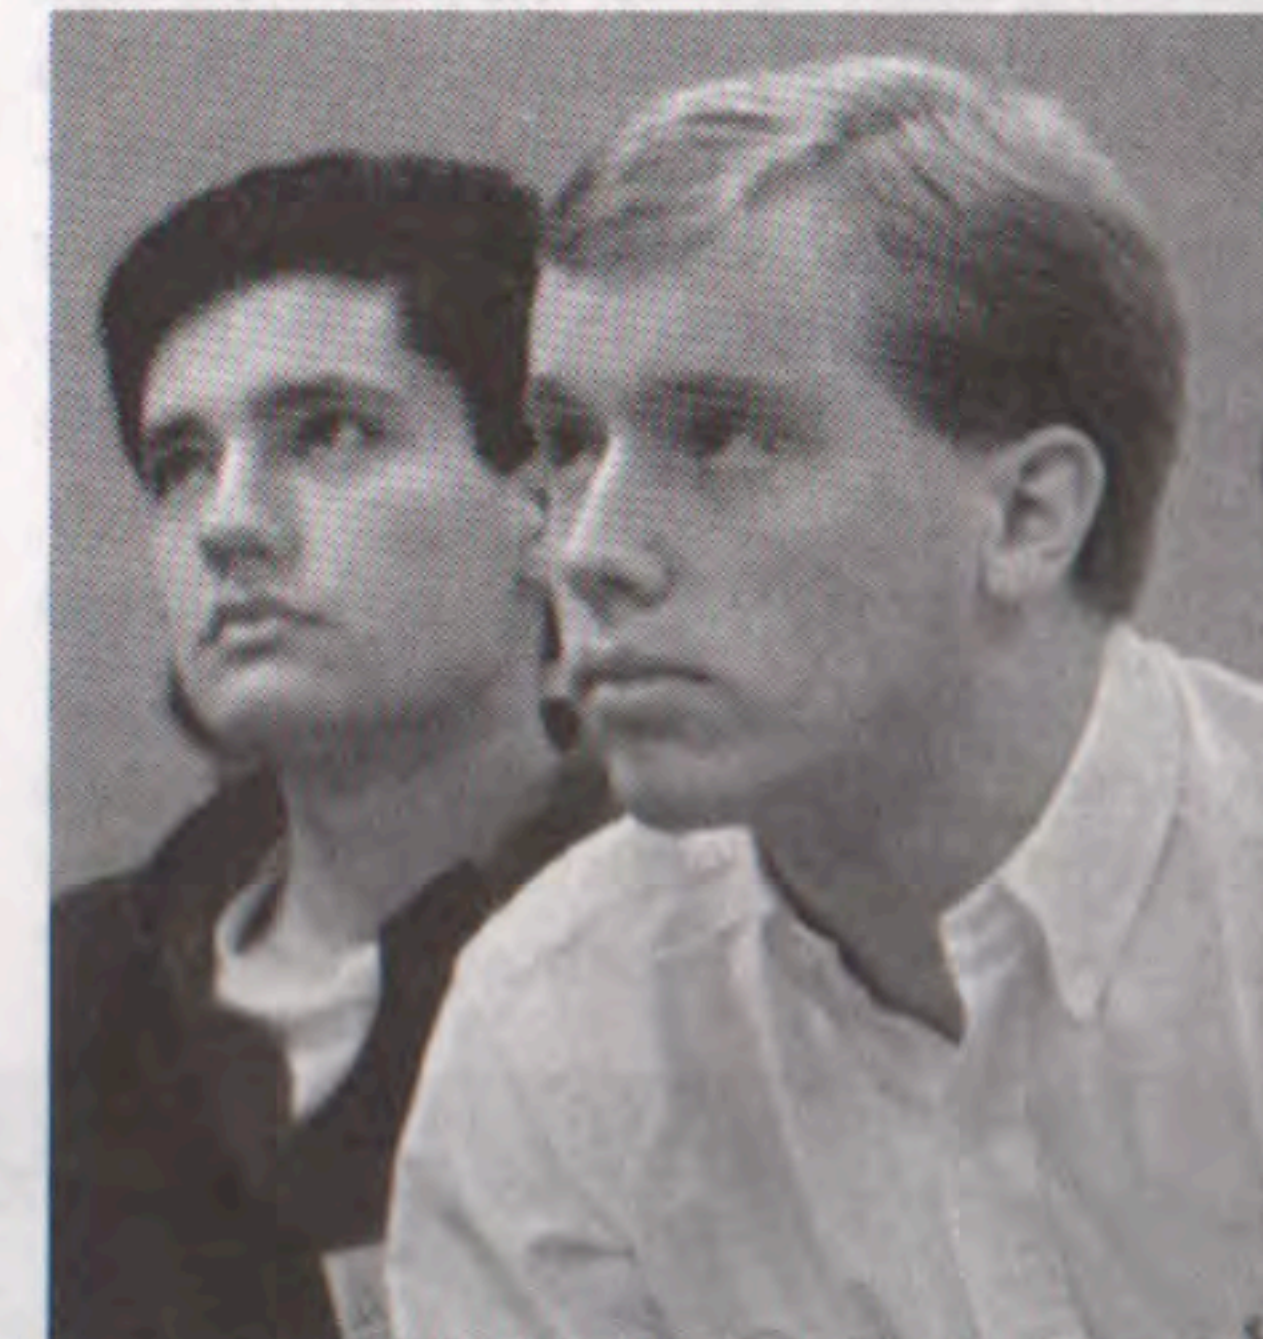

"The experience built the skills I need to be an effective leader. Everything was detailed and covered exactly what I needed."

"My most vivid impression of the College was that I realized that all of our chapters, no matter how large or small, have the same general set of challenges."

Jackson College Receives Accolade

September 11, 1993, the Senator Henry M. Jackson Leadership College, sponsored by the Delta Chi Educational Foundation, received an award for Best Use of Foundation Funds for an Educational Program. The award was presented by the National Interfraternity Conference at its annual awards banquet held in conjunction with its Foundations' Seminar.

Senator Jackson and the other donors to this program would be proud to see how it has evolved. With continued support, the Jackson Leadership College will continue its growth toward being one of the premier programs offered by a national/international fraternity in North America.

Rachel Retires After 25 Years

Iowa housemother will be missed at the Delta Chi house on the hill

With nine children, Rachel Trpkosh's house was always full. When the youngest headed off to college in the late '60s, it was too quiet in her big Ely (Iowa) farmhouse. "I was lonely," says Rachel, who had been widowed in 1955. It was that loneliness, coupled with a chance meeting at the Cedar Rapids airport, that landed her at the Delta Chi house in 1968. "The airport was really tiny then," she says. "I was filling in for Al Johnson, the manager, who wanted to take a vacation." On one of those evenings at the airport, she shared a cup of coffee with a young Delta Chi who was waiting for a plane. "You know, I can't remember his name," Rachel says. When the person he was meeting didn't get off the plane, he told Rachel he'd be back tomorrow. When he returned, he had a business proposition. He asked Rachel if she'd consider becoming housemother for his fraternity. She said she would and for the past 25 years it has been a good match. "The first two years I cooked for them too," she says.

She remembers those early years as the worst. "The (antiwar) demonstrations were awful." Although her "boys"

weren't too involved, she admits she used to go downtown at night and watch. "It was terrible, the destruction. I went because I was curious, mostly, and angry at the destruction." The fraternity struggled with hard times during the '70s when Greek life fell out of favor with students. "I used to bring food from the farm to help them," she says.

The pendulum has swung back in the other direction and the house is full of young men again. "We got 24 new members this year," she says, claiming them as her own. "And they remodeled the whole house," she adds. "I made my home here for 25 years," Rachel says, "but I always kept the house on the farm so I'd have a place for my family to come." That's not to say her family didn't visit the fraternity house. One year, she entertained 38 for Thanksgiving at the fraternity house.

Times changed over the years and not always for the better. "Their (table) manners are awful," she says. And she doesn't care for the casual sleeping arrangements. When she first took over, the previous house mother told Rachel to tell the girls when it was time to leave. "She'd say, 'It's time for all good

girls to go home.' And they would all leave. Now they just stay all night.

I don't like that. I was kind of nasty to the girls when they'd come down in the morning," she admits. During the early years, Rachel had the only television set in the house. "The boys used to come to my apartment to watch games. Now everybody has his own TV, stereo and everything else, in his room." Until the last few years, they sought her out for advice on girls and financial problems. "Now they pretty much keep to themselves."

Rachel doesn't want to name favorites but when pressed she mentions a couple of young men: George, who turned things around after the lean years of the '70s, and Bruce, who gave her a gold necklace with a Delta Chi charm on it. "I've never had it off since he gave it to me in 1981."

On October 16 they honored her with a retirement dinner. "I miss the company of the boys, the conversation," she says, "but it's time for a younger person." She admits that the young men sometimes "get a little crazy, a little carried away. But they all turn out very well."

Retirement Party Draws Almost 200 Guests

On October 16, 1993 a huge retirement party was held to honor Rachel Trpkosh for her more than 25 years of service to the Delta Chi Fraternity at the University of Iowa.

The event was held at the Holiday Inn in downtown Iowa City. Iowa alumni from as far away as California, New Orleans and the east coast made the trip home to wish their "mom" all the best. Also in attendance were "AA" Michael Carroll, Past "AA" Larry Audlehelm, Executive Director Raymond Galbreth, Director of Alumni Services Steven Bossart and

past Regent Scott Klinefelter. Many members of Rachel's family also attended the party.

The highlight of the night was a slide show that took the guests through the many years of Rachel's involvement with Delta Chi. She was also awarded the Meritorious Service award from Michael Carroll, "AA". Rachel is the first non-Delta Chi to win that award.

It was a wonderful evening and many old friendships were renewed. One thing was immediately evident to anyone who walked into the room, and that was that everyone loves Rachel and she will be missed at the Delta Chi house on the hill.

Good luck, Rachel!

Rachel Trpkosh receives the Meritorious Service Award from (l. to r.) Past Regent Scott Klinefelter, Past "AA" Larry Audlehelm, "AA" Mike Carroll, Director of Alumni Services Steven Bossart and Executive Director Raymond Galbreth. She is the first non-Delta Chi to win the prestigious award.

Davis Colony Charters

After a four-year struggle to become a chapter, our goal was achieved on June 5, 1993. The chartering banquet was held at the Radisson Hotel in Sacramento. "CC" Paul Bohlman, Region II Regent Donald LaPlante, ABT members John Stassi and John Shelby were present at this historic occasion. "A" Scott Marsh, and alumni Paul Hammack and Russell Flett gave stirring speeches. To cap the night Paul Bohlman presented us with our charter. During the banquet several awards were presented. Sean O'Shea received the New Initiate of the Year award; Jeff Layne was Athlete of the Year; Bjorn Christensen, Scholar of the Year; Greg Ward, Outstanding Service; and Scott Marsh won the most prestigious award, Brother of the Year.

Attention Alumni: Can You Help?

The following Delta Chapters and Colonies are currently seeking additional alumni to work with their groups in an advisory role. If you can help them out, or think you may be interested in getting involved, please contact Steve Bossart at the International Headquarters, (319) 337-4811.

We continue to grow ...

PROGRESS
Delta Chi established four colonies this past year: Duquesne (Pittsburgh), Kansas State, Lindenwood (St. Charles, MO) and UCLA. The American, Davis, East Carolina, Florida International, Northern Michigan, Western Illinois and Wisconsin Colonies were chartered. Kansas State, UCLA and Wisconsin are former chapter locations. Unfortunately, with growth came losses as the Delaware and Temple Colonies as well as the Louisville Chapter were closed due to low membership. The Johnson and Wales Colony was closed due to continued risk management violations. Every chapter received at least one three-day visit and 79% of our groups received at least two full visits. Every chapter also received from Delta Chi, at no charge, a copy of a professionally produced "how to" rush video.

RISK MANAGEMENT
Delta Chi takes a strong stance with the chapters and colonies regarding adherence to Delta Chi's Risk Management Policy (FIPG) and hazing statutes. Unfortunately, several groups continue to refuse to comply with the standards and thus jeopardize the well being of their members and guests as well as Delta Chi's reputation and existence. This past year several groups were placed on probation for violation of the Risk Management Policy. Despite the tremendous resources available from the International Headquarters and the host institutions, and despite state laws and constant reminders from the staff and officers, hazing is still occurring. While some still claim a lack of guidance on the topic, they seem to know exactly what to try to hide from visiting staff members, and what not to tell their parents and potential associate members. The Board of Regents has adopted a zero tolerance for hazing and insists on swift and severe sanctions on chapters who continue to haze. It is interesting to note that, when action is taken against those who violate the laws of the land as well as Delta Chi Law, we are often accused of being "unbrotherly." Fire safety,

illicit drugs and sexual abuse are all receiving increased attention.

HOUSING FUND
The purpose of this fund is not to replace the banking industry but to provide seed money and to help with down payments that will enable the chapters to obtain primary loans from local financial institutions. In some cases, however, it is the only source of financing available. It was started in 1964 and has been primarily financed through a "head tax" that was self-imposed by the chapters at Convention. The rest of the increase in the fund is from interest on the outstanding loans to our chapters and their respective house corporations. Because the majority of our groups have been started or restarted in the last 12 years and so many of the established chapters have houses built in the 1920s or earlier, more is needed but our undergraduate members can only afford to pay so much into the fund.

FINANCES
The operating budget for 1992-93 was \$1,075,700, including liability insurance. Net operating income was \$1,048,615 and operating expenses were \$1,031,140, resulting in a \$17,475 operating surplus for the year. This is despite a slight decrease in associate members and initiations. Accounts receivable decreased from \$107,610 on June 30, 1992 to \$89,655 on June 30, 1993. The 1993-94 fiscal year budget has been slightly increased to \$1,129,575. The budget in 1983-84, for comparison, was only \$280,900. Even with the growth in our budget, we remain only slightly above average in the cost to our undergraduate members. The average four year cost (excluding liability insurance) of all fraternities based on 1993 data was \$345 while Delta Chi's cost was \$370. That works out to \$6.25/man more per year. The average cost for fraternities with between 100 and 165 chapters was \$350. Last year, Delta Chi charged its members \$50/man for liability insurance. The average charge for fraternities was \$63.58/man. Due to its risk management efforts, Delta Chi has been able to help our chapters maintain an excellent risk management record. This is not only living up to our long standing commitment to the observance of and respect for the law, it is the right thing to do. It also has resulted in a reduction of over 20% in our insurance cost compared to the average charge.

NOTICE TO ALL DELTA CHI MEMBERS

In January 1994, the Board of Regents, either by mail ballot or at a meeting, the place and time of which shall be determined, anticipates deciding whether to incorporate the Fraternity by forming a not-for-profit corporation, the members of which shall be all of the then existing members of the Fraternity and to which

all of the assets, including real and personal property, and liabilities and any other obligations of the Fraternity shall be transferred, which incorporation will effectively dissolve the current unincorporated association that constitutes The Delta Chi Fraternity. It is also anticipated that the incorporation will result in no

material change in the internal structure of the Fraternity.

Any inquiries concerning this incorporation should be directed to the International Headquarters no later than January 17, 1993, at P. O. Box 110, Iowa City, Iowa 52244-0110. Telephone (319) 337-4811.

1992-93 Award Winners

The Delta Chi Awards Program is designed to recognize and promote those areas that are critical to the success of a chapter. The oldest award, the "E" Key, and the Outstanding "C" Award recognize the performance of two vital chapter officers.

In recognition of a chapter's performance on campus and within the community, the Outstanding Campus Leadership, Outstanding Community Service, Outstanding Intramural Program, Outstanding Membership Recruitment Program, and Outstanding Scholarship Program Awards are presented.

Three awards address the alumni program of a chapter: the Outstanding Alumni Board of Trustees, Outstanding Alumni Newsletter and Outstanding "BB" Awards.

Chapters that have shown a marked improvement in their overall operations are given the Certificate of Achievement. The "AA" selects the winner of the Most Improved Chapter from the recipients of this award.

For the Award of Excellence, the Fraternity is divided into two divisions: Red and Buff. The Red Division contains those chapters with 19 or more fraternities on their campus or whose

Greek system has over 40% of the undergraduate student body. The remaining chapters make up the Buff Division. The winners of the Award of Excellence show strength across the board. In most cases they are winners of several programming awards. When they are not, they show consistently above average performance in all areas with no area of weakness.

From the recipients of the Award of Excellence, the "AA" selects the President's Cup winners. There is a maximum of three Cups in each Division but no minimum.

Fraternity Insurance Purchasing Group, Inc. Risk Management Policy

Revised 7/12/92. The Risk Management Policy of the Fraternity Insurance Purchasing Group includes the provisions which follow and shall apply to all fraternity entities and all levels of fraternity membership.

ALCOHOL AND DRUGS

1. The possession, use and/or consumption of ALCOHOLIC BEVERAGES, while on chapter premises, during an official fraternity event, or in any situation sponsored or endorsed by the chapter, must be in compliance with any and all applicable laws of the state, province, county, city and institution of higher education.
2. No alcoholic beverages may be purchased through the chapter treasury nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter. The purchase and/or use of a bulk quantity of alcoholic beverages (i.e., kegs) is prohibited.
3. No chapter members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to any minor (i.e., those under legal "drinking age").
4. The possession, sale and/or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES at any chapter house, sponsored event or at any event that an observer would associate with the Fraternity, is strictly prohibited.
5. No chapter may co-sponsor an event with an alcoholic distributor, charitable organization or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) where alcohol is given away, sold or otherwise provided to those present.
6. No chapter may co-sponsor or co-finance a function where alcohol is purchased by any of the host chapters, groups or organizations.
7. All rush activities associated with any chapter will be a DRY rush function.
8. OPEN PARTIES, meaning those with unrestricted access by non-members of the fraternity without specific invitation, where alcohol is present, shall be prohibited.
9. NO member shall permit, tolerate, encourage or participate in "drinking games."
10. No alcohol shall be present at any pledge/associate member/novice program or activity of the chapter.

HAZING

No chapter shall conduct hazing activities. Hazing activities are defined as:

"Any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution."

SEXUAL ABUSE

The fraternity will not tolerate or condone any form of sexually abusive behavior on the part of its members, whether physical, mental or emotional. This is to include any actions which are demeaning to women and/or men including but not limited to date rape, gang rape or verbal harassment.

FIRE, HEALTH AND SAFETY

1. All chapter houses shall, prior to, during, and following occupancy, meet all local fire and health codes and standards.
2. All chapters must have posted by common phones, emergency numbers for fire, police and ambulance and must have posted evacuation routes from chapter houses, common areas as well as posted on the back of the door of each sleeping room.
3. All chapters shall comply with engineering recommendations as reported by the insurance company.
4. The possession and/or use of firearms or explosive devices of any kind within the confines and premises of the chapter house is expressly forbidden.

EDUCATION

Each student member, associate member and pledge shall be instructed annually on the Risk Management Policy of the Fraternity Insurance Purchasing Group.

THIRD PARTY VENDOR CRITERIA

THE VENDOR MUST:

1. Be properly licensed by the appropriate local and state authority. This may involve both a liquor license and a temporary license to sell on the premises where the function is to be held.
2. Be properly insured with a minimum of \$1,000,000 of general liability insurance, evidenced by a properly completed certificate of insurance prepared by the insurance provided.
The certificate of insurance must also show evidence that the vendor has, as a part of his/her insurance coverage, "off premises liquor liability coverage and non-owned and hired auto coverage."
Named insureds included on the certificate of insurance must as a minimum include the local chapter hiring the vendor as well as the international fraternity that the local chapter is affiliated with.
3. Agree in writing to cash sales only, collected by the vendor during the function.
4. Assume in writing all the responsibilities that any other purveyor of alcoholic beverages would assume in the normal course of business, including but not limited to:
 - a. Checking identification cards upon entry;
 - b. Not serving minors;
 - c. Not serving individuals that appear to be intoxicated;
 - d. Maintaining absolute control of ALL alcoholic containers present;
 - e. Collecting all remaining alcohol at the end of a function (no excess alcohol — opened or unopened — is to be given, sold or furnished to the chapter). Vendor MUST remove all alcohol from the premises.

POLICY GUIDELINES

As adopted by the FIPG December, 1992

1. Closed parties (meaning those events with alcohol present) should have a guest list prepared at least 24 hours in advance. Attendance should be limited to two guests per member.
2. "Non-alcoholic" keg beer is not permitted because it can contain up .05 percent alcohol. Therefore, serving it would be a violation of our policy.

Meeting With a Mission

Strategic planning session

During the weekend of September 18, 19 and 20, 1992, a group of volunteers met in Chicago to begin work on a strategic assessment for the Delta Chi Educational Foundation.

The Educational Foundation was incorporated in Iowa in 1954 for the purpose of supporting the leadership development and scholastic endeavors of students from the United States and Canada.

The work the Foundation is called upon to do has expanded greatly beyond the initial goal of collecting monies which could then be disseminated in scholarship format for deserving students. Because tax as well as charitable contribution law has changed over the last four decades, both the Fraternity and the Foundation have been called upon to find new ways of cooperating in their joint goals of enriching Delta Chi and other undergraduate leadership and scholarship.

It was clear the Foundation had enjoyed years of dedicated and expert leadership from concerned alumni. It was also clear the time had arrived for the articulation of a revitalized mission statement which would set forward the abiding goals of the organization as it moves to the 21st century. To that end alumni and undergraduate Delta Chis with varying experience in the prior operations of the Educational Foundation were invited to serve as a "think tank." The assignment for the group was to unfetter its

mind and contemplate what an ideal Delta Chi Educational Foundation would look like. How would it serve undergraduate and alumni brothers? How would it disseminate funds to deserving scholars and students? How would it best assist the Fraternity in its goals of leadership and personal development? How would it best allow brothers and friends to share of their time and talents in forwarding the goals and purposes of both the Fraternity and the Foundation?

To assist in this task, Durward Owen, the Executive Director of Pi Kappa Phi, was asked to help the volunteers in organizing their thoughts by serving as facilitator for the weekend effort. Mr. Owen carries impeccable credentials for this kind of effort. He has been Pi Kappa Phi's Executive Director for 27 years and has been involved in the care of many interfraternal concerns during that time. To help lighten the discussion, Durward brought with him Bruce Rogers, a member of their Foundation's board.

The initial exercise was viewing a currently popular business film entitled "The Business of Paradigms." The film challenges viewers to escape their traditional views of institutions from for-profit businesses to not-for-profit foundations. In this age of accelerating change it is imperative for leaders to constantly ask themselves if the operating assumptions which have guided their enterprises in the past

still apply to current conditions. At issue is whether our "paradigms" (each individual's basic assumptions of the way things are supposed to be) have shifted or altered to keep pace with the new realities.

The volunteers were made aware that changes in the Fraternity's operations, tax legislation, our societies and the Foundation's giving constituency necessitated shifts in paradigms previously used to manage the Foundation programs. The challenge was to categorize those shifts and to then build new programs which meet current reality.

Fundamental to this process was the creation of a mission statement which would become the basic test against which all subsequent decisions are evaluated. The writing of a mission statement is becoming a basic necessity for doing business in the 90s.

Developing such a statement is at the same time invigorating and frustrating, empowering and humbling. The members were keenly aware that their thoughts and words would serve as a measure for future program decisions made by the Foundation. In a sense the men in the room had an experience in founding (more accurately, refounding) an organization to which they have given considerable time, talent and treasure. The result of their efforts in producing a mission statement was submitted to the full Board of Directors of the Educational Foundation for approval. The mission statement was unanimously approved.

The Foundation will now develop and evaluate its programs in light of their consistency with that statement of intention. Subsequent articles in this series about the Delta Chi Educational Foundation will address "The Challenge," "The Commitment" and "The Future" envisioned by the planning group.

The Delta Chi Educational Foundation was established four decades ago to support the scholastic and academic betterment of undergraduates across the United States and Canada. That basic operation will now be measured against the following mission statement:

Our mission is to challenge our brotherhood to a lifelong commitment to the improvement of our world by developing the leaders of the future.

Planning session participants were: (l. to r., front row) **Keith Shriver**, Florida '79; **Fred Hammert**, OK '60; (second row) **John "Pete" Copeland**, Indiana '49; **Frank Voris**, Illinois '61; **Andrew Smith**, Georgia Tech '94; **M. Gary Monk**, Auburn '65; (last row) **Raymond Galbreth**, Missouri '69; **Boyd Boehlje**, Iowa State '61; **Paul Bohlman**, Ohio State '70; **Larry Audlehelm**, Iowa '71; **Jimmie "Doc" Underwood**, Kansas '51; and **Michael Carroll**, Auburn '71.

These halibut were caught on a charter out of Seward, Alaska. Sharing the spotlight are, from left, Captain Jim; **Brian Burke**, Oshkosh '78; Jim Walsh; **Nick Springer**, Arizona State '93; **John Covert**, Mississippi State '81; **Jim Rose**, Arizona State '90; and First Mate Bob, a Northern Arizona initiate attending the U. of Washington. Burke was the Arizona State "BB" and Covert was ABT president.

Texas Chapter
Texas Chapter members from the 50s held a reunion June 26 in Houston. Pictured from left are Dr. **Michael Wiley** '57, Dr. **Phillip Isett** '55, Mrs. Isett, **Jerome B. Burling** '53, **Frank Montalbano** '55, Mrs. Montalbano, Dr. **Sam Zamrik** '55, Mrs. Zamrik, **Frank L. Graves** '55, **Tom N. Thurlow** '57, and **John Herrera** '57.

This is what we heard from you . . .

Dear Brothers:

My name is **Roy Lee Roberts**. I was initiated in 1925 during the very first ceremony at the Arizona Chapter. When Delta Chi granted our charter in 1925 I lived in the house on Lester St. and was the very first "F" (sergeant at arms) in the chapter's illustrious history.

I worked in the kitchen for my room and board, and my room was the house's back yard. **Al Hastings** and I had beds outside and we would sit up countless nights reciting the Preamble and discussing whether we lived up to its words.

Originally, the Fraternity gave me a job and friends with whom to associate. Eventually, though, Delta Chi led me to find myself as a man.

The Fraternity has come a long way since 1925 . . . and not all of the events have been good. Yet each event has enabled boys (just like you and I were at one time) to grow to be men. It is hard to look back at Delta Chi of

1925 and say that we are the same men today. It is very reassuring though, to look at the Fraternity's ideals (those "great advantages" we "derived") and see with pride they are still present.

I hope that each of you can still reflect on your collegiate days and be thankful that you got involved in the Fraternity. If we can do this, we should be able to help the members of Delta Chi to live up to today's challenges.

In the Bond,
Roy Lee Roberts

Editor's note: This letter was written by Roy Lee Roberts, Arizona '25, to the Arizona Chapter and was printed in the Chapter's newsletter. It is reprinted here with Brother Roberts' permission. It reminds us that the spirit of the Fraternity is alive and thriving in countless alumni and that the ideals of Delta Chi remain important long after graduation.

Yang Reaches Order of the Scimitar

F. Phil Yang, Abracadabra '80 joined the Order of the Scimitar for donations totalling between \$25,000 and \$49,999 to the Delta Chi Educational Foundation. With this achievement, Brother Yang becomes one of the top 12 donors to the Foundation in the history of Delta Chi.

Brother Yang was initiated into Delta Chi in 1977. At Berkeley he served his chapter as "A", "B", "C", Rush chairman and was a Regional Leadership Conference chairman. He was also a two-time Educational Foundation Scholar.

A regular attendee at International Conventions since he left Berkeley, Brother Yang now resides in Hong Kong where he is employed by Campbell's Soup Company.

The level of commitment Brother Yang has shown to the Educational Foundation and to the Fraternity in the short time since he graduated is truly remarkable. For that commitment, the Fraternity and the Foundation are truly grateful.

ALUMNI NEWSMAKERS

AUBURN

The Alabama Institute for Deaf and Blind has named Dr. **Joseph F. Busta, Jr.** '69 as the Institute's fifteenth president. He previously served as Vice President of Advancement at Auburn University.

Calvin Wooten, chairman of the AIDB Board of Trustees, said, "His administrative and fundraising expertise will be a tremendous asset. . . . We look forward to a new era of progressive leadership with Dr. Busta at the helm of a multi-faceted and nationally respected institution."

Before he went to Auburn in 1990, he was Vice President of Development and Alumni Affairs at the University of South Florida in Tampa. He also served as Assistant to the President, Director of University Relations, Vice President of University Relations and Executive Director of the USF Foundation.

At Auburn, he reorganized the university's advancement efforts and developed a long-term strategic fundraising plan. He was chief executive and operating officer of the Auburn University Foundation, which has experienced record annual giving in the past two years.

IOWA STATE

Roger L. Larson '65, who is a Professor of Marine Geophysics at the University of Rhode Island, has been elected a Fellow in the American Geophysical Union, an international association of 30,000 scientists studying the Earth and Solar System. The number of Fellows selected annually is limited to no more than 0.1% (1 in 1000) of the AGU membership. Larson was cited "for definitive and original work in extending the geomagnetic polarity time scale to the middle Jurassic, and for continuing work in unraveling the plate tectonic history of the Pacific."

OHIO STATE

"CC" **Paul Bohlman** '70, was elected as a 1993 recipient of the Ohio State University's Greek Alumni Service Award. The Award recognizes Greek Alumni for their outstanding service to Greek organizations on a local, regional and national level. The award was presented at the Annual Greek Awards Banquet held May 2, 1993.

WESTERN MICHIGAN

William C. King '66 has been appointed President and Chief Operating Officer of Masland Industries, an interior trim supplier to the automotive world. Masland's main plant and office is located in Carlisle, Pennsylvania, but the company also has plants in Ohio, Canada, Mexico and a newly established technical center in Plymouth, Michigan.

Dr. Walter H. Zukof Honored

The Kentucky Academy of Family Physicians has named **Walter H. Zukof, M.D.**, Louisville, Citizen Doctor of the Year. It is the highest honor that the Academy bestows upon a deserving member nominated by his or her peers each year.

In 1966, Dr. Zukof graduated from the University of Louisville School of Medicine, at an age when most people are permanently settled into a career. As a freshman, he was old enough to be the father of many of his classmates. He is now a member of a four-man medical practice which includes his brother Martin.

He recently completed 15 years as a delegate or alternate to the American Academy of Family Physicians Congress of Delegates, and is in his 22nd year as editor of the KAFP Journal, a quarterly publication of the Academy. He has also served on the

AAFP's Scientific Program and Publications Committees.

Dr. Zukof's civic activities are as many and varied as his professional associations. He was a team physician for the Southern

High School football team over 20 years and was a member of the Mayor's Advisory Committee for Emergency Services. He serves on the U of L Medical Alumni Board of Governors and the Union of American Hebrew Congregation's Bio-Ethics Committee. He is an Iowa alumnus initiate, a member of Alpha Phi Omega Service Fraternity, and Phi Delta Epsilon Medical Fraternity, which he served as president. In addition, he served on the Temple Board of Trustees.

DO YOU WANT ALL FOUR ISSUES OF THIS MAGAZINE?

In order to provide the highest quality magazine at a minimum cost, we need to know which of our alumni wish to receive all four issues of the *Quarterly*.

Under our current *Quarterly* policy, only those alumni who at least once during any five-year period either ask to receive the magazine or make a donation to The Delta Chi Educational Foundation will receive all four issues each year. If an alumnus was marked "Lost" on our records and we obtain a good address for him, we will give him a one year subscription. All other alumni will receive only the Fall issue. This policy allows us to maintain the quality of your *Quarterly* by eliminating the cost of printing and mailing thousands of copies which are not desired.

IF YOU ARE NOT RECEIVING ALL FOUR ISSUES BUT WOULD LIKE TO, PLEASE SUPPORT OUR EFFORTS OR JUST TELL US SO BY RETURNING THIS COUPON.

Urgent: The computer label on the back of this coupon must be left attached when returning the above information.

Return this coupon to:
