Delta Chi

rain, rain, go away

The floods which struck the Midwest affected almost everyone in some way. Our chapter here at the University of Missouri was no exception. Many of the main roads and highways leading to our school were temporarily closed. A brother and his family were also forced to evacuate their home because of the flood water. So the effects of flooding were apparent around here.

When the opportunity arose to help neighboring communities recover from the disaster, we were eager to help. We voted to "adopt" a flood family and spend a Saturday afternoon doing a variety of tasks, from cleaning out mud to rebuilding parts of homes.

Through the Interfraternity Council, we received the name of a family who needed help and more than 20 Delta Chis traveled to New Franklin, Missouri, to assist Joe and Ruth Oser in restarting their lives.

New Franklin is about 30 minutes away, so the drive provided plenty of time for us to speculate on the extent of the flood damage. Some of us had experienced flood damage while others had no idea what to expect.

Everyone was shocked however, before we even reached our family's house. Driving through New Franklin revealed Mother Nature's power. People worked despairingly to try to save what was left of their homes. Structures which had been family homes only months before now looked as if they had been abandoned for years.

Our family's home was no different. The remains of their household were scattered across their frontyard. Everything from a bathtub to a kitchen stove could be found on the lawn, all ruined by the flood. The inside of the house proved to be no better. Mud and

water caked the walls and floors. Nothing inside the house was worth saving.

We wasted no time getting to work. We started a pile of trash (which could

In Missouri

Makes a Difference

In San Diego

later be burned) away from the house. Some of us repaired a fence around the house, while others stabilized a propane tank in the back yard. In two hours all the trash from inside the house and from the lawn had been removed. Our progress was measured by the trash pile we started. By the time we finished it stood over six feet tall.

While we worked we asked the Osers about their future plans. The farm was the only thing they owned. They couldn't afford to relocate and start over somewhere else. New Franklin was the only home they had ever known.

At the end of three hours we had accomplished the same amount of work that would have taken the Osers a week to do. As we left, they extended their thanks and assured us everything

would be all right. We left them with food, supplies, and our phone number for future help.

During the drive home most of us were tired and deep in thought. We felt as though we had done little to help and wondered what else could be done. We also thought about how lucky each of us is to have a home and about how we take things like security for granted.

As a chapter we decided to raise money to help the Osers restore their home. We worked as waiters at a local convention and raised over \$200. More fundraisers have been planned.

We worked hard to try to do our part in helping flood victims. As a chapter we came together to assist the community in a time of need. We especially thank **Dan Kirk**, Texas Tech '92, for his assistance and work with us during the flood relief efforts.

San Diego Delta Chi provided plenty of entertainment for the youngsters from the Children's Shelter of St. Vincent DePaul when the brothers planned a barbecue for the third consecutive year. The members had as much fun as the children at the cookout, which featured games and finger painting in addition to learning about – and playing with – the ferrets, guinea pigs and snakes brought along by the San Diego Humane Society.

Kappa Alpha Theta Sorority was invited to help out with this year's barbecue and ten members participated, along with three representatives from the Helen Woodward Animal Shelter. The day was a big success with approximately 25 to 30 children attending.

Britton Jimenez, "B" and philanthropy chairman, said that Greeks as a whole get a bad rap and the barbecue helps show the community what Greeks really do.

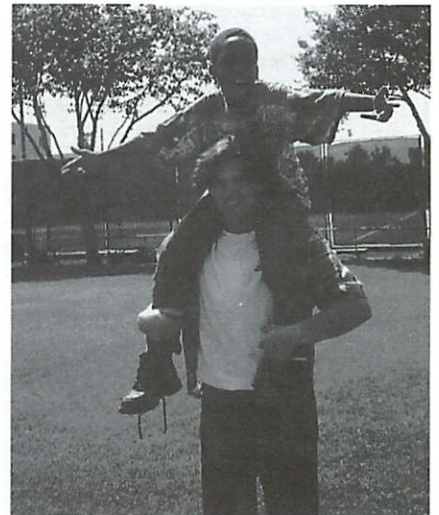

"A" **Michael Atkinson** added that Delta Chi tries to reflect a positive image for Greeks. The barbecue helps provide positive role models for the children as well.

Kappa Alpha Theta Service Chair **Karen Slaton** said that sorority members were glad to be able to make a difference in the lives of the children and were impressed by how friendly they were.

Atkinson believes that meeting the kids the Fraternity is helping and being able to interact with them is an important aspect of the annual service project.

Everyone agreed that the afternoon was a wonderful experience with the fraternity and sorority members enjoying themselves right along with the children.

National
Interfraternity
Conference

Campus Scene

ABRACADABRA

Although we continue to struggle with insufficient membership numbers, an impressive work week and ambitious social semester signify a positive direction. Hitherto empty planter boxes have been filled with cacti and related desert flora, creating a wild west motif which contrasts nicely with the colonial chapter house. Part of the driveway has been paved, with the balance to be completed with the assistance of this semester's associate member class.

We attended our first Regional Conference in several years and enjoyed making connections with other brothers from our region.

ALABAMA

With over 250 alumni, parents, and family visiting for Homecoming, the house was alive with brotherhood. In sports, we made it to the second round of the flag football play-offs. We are working hard on a philanthropy project with the Delta Delta Delta Sorority, in which help the children that come to the local YMCA.

Our annual Senior Dinner honored our December graduates. The Chapter also awarded the annual Jon Payne Memorial Scholarship to John Michael Pullen II '93 of Heflin, Alabama.

Even without a student government association we continue to hold positions of leadership on campus. Delta Chi men are on standing university committees and in honoraries, as well as in key leadership positions, including justice on the Student Court, member of the Judicial Board, and director of the community service center.*

AMERICAN

We had an excellent semester with the initiation of 12 men and a visit to Ohio State. On the intramural side, the first-ever undefeated league champion trophy was brought home for soccer.

Excellent mixers with Delta Gamma (Halloween Party) and Chi Omega (70s Party) were equaled by a philanthropic rock-a-thon with the Phi Sigma Sigma Sorority to benefit the Leukemia Foundation. Finally, we were extremely proud of and overwhelmed by the number of parents who attended our third annual Founders' Day brunch. It was a great chance for the parents and brothers to talk together.

APPALACHIAN STATE

Our intramural program was strong and our GPA has improved. We had three mixers and two semifinals. Our Sir Edward

Coke semiformal was held in Charlotte. We again received the Outstanding Campus Leadership Award. A Delta Chi was inducted into the Order of Omega, bringing our total representation to four members with one brother serving as vice-president.

We initiated nine undergraduates and three fathers. We had a brotherhood retreat where we shared our concerns as well as our reasons for joining Delta Chi. Plans to improve our committee system have been made as well as plans to improve alumni relations. We had a busy semester with service projects and social events. April marks our tenth anniversary on campus.

ARIZONA

As we look upon our 69th year as a chapter we focus on what has kept us strong over the years, such as unity, togetherness and patience. We continue to be an example for other fraternities. Our reputation for academics, athletics and community service is unparalleled.

Many house improvements have been going on. The floors and stairwells have been painted, the garden has been redone, and ivy has been planted out back.

ARIZONA STATE

After a fantastic rush and the pinning of our associate member class, things were non-stop for us. We placed first in Gamma Phi Beta Grand Prix and, for the second year in a row, took the trophy for best Greek float in Homecoming/Fest Devil '93. Campus leadership was at the top of our agenda last fall with our "E" being elected activities vice president of Associated Students and other members taking top positions within IFC, Order of Omega and other campus clubs and organizations. Our social calendar balanced out our semester with several exchanges with the top sororities. New editions to our chapter room and house were made with the help and support of ABT members Richard Sparks, Larry Hayes, and Kevin McCarthy.

AUBURN

For the fourth year in a row we were awarded the James E. Martin Trophy for Fraternity Excellence. This award goes to the best fraternity at Auburn and is based on scholarship, community service, alumni relations, intramurals, philanthropy and membership education. We are the only fraternity to win this award since its inception. We were also recognized by the IFC for outstanding alumni relations and community service.

We take pride in fulfilling our responsibilities to the community. Our activities include the IFC's Adopt-a-Family program which raises money for needy families. We also are a regular donor to the Alzheimer's Foundation and an active participant in projects which benefit underprivileged children at the Boykin Center.

In intramurals we made it to the championship game in both soccer and basketball for the second year in a row. The football team had a winning record for the seventh year in a row.

Our winter formal, held in Gatlinburg, Tennessee in the Smoky Mountains, included a catered dinner, an awards ceremony and two bands playing each night.

AUGUSTA

October 29, 1993, we celebrated our tenth anniversary as a chapter with our annual White Carnation Ball, which was a big success. We participated in the annual Augusta College Alumni Association's Phone-a-Thon. The event raised \$31,256 for the college. Our chapter alone raised \$13,256 or 43% of the total. This topped all other campus organizations participating. We earned over \$1,200 for our housing fund. We also adopted a street through the Augusta Clean Community Commission program which will allow us to help keep our city and campus clean and beautiful. Our intramural football team finished in second place.

BALL STATE

The completion of our brand new 46-man house is coming closer. Although several minor things were not finished, 46 brothers moved in November 21.

We were happy to take in 21 associates in spring rush, the largest associate class of any chapter. Our chapter is again the largest on campus.

We continue to dominate intramurals. Our soccer, floor hockey and flag football teams were all runners-up. We fared well in basketball as we won the six-foot-and-over, and six-foot-and-under basketball tournaments. We will be defending our intramural doubles tennis championship this spring. Four brothers remain active on the Ball State Tennis team.

BEHREND

Our house is being remodeled after extensive internal damage caused by an accidental fire which occurred over holiday break.

We have been working with "BB" Tony DiCola to improve our chapter, recover from the fire and prepare for new university rules concerning Greek life. We are revising our rush techniques in preparation for the implementation of deferred rush next year. We feel this new policy will improve our rush by giving freshmen the opportunity to see the quality of our chapter.

Cal Poly members share a peak experience.

In the athletic arena we are hoping to repeat last year's win in the Greek intramural championship.

BRYANT

Alumni weekend allowed us to relive old times with many familiar faces. Our White Carnation Ball provided us with a chance to relax from our daily workload. It was an enjoyable occasion for all.

We were very successful in hockey and volleyball intramurals. We have accomplished much within the community through our philanthropic activities. Our annual WHJY charity softball game allowed us to contribute to the community and have a good time in the process. We believe that volunteer community involvement is an important aspect of Greek life.

CAL POLY

For our annual road trip to other California chapters we visited our alumni in San Francisco and the Davis, Sacramento and Reno Chapters. Every chapter treated us as their own, making the trip memorable.

New construction has begun for a meeting place at the house. With the addition of a dart board and eventually a pool table, this room will make our house quite attractive. With the assistance of our alumni, plans are being made to paint the house.

January saw the initiation of our Mu class and our joint winter bash with Sigma Pi. Other activities include our alumni golf tournament, our skiing vacation in Bachelor, Oregon, and attending the Regional Conference. Our new e-mail network address is dx-und@legoland.eng.sun.com.

CENTRAL MISSOURI

Unfortunately, we have had some tragedy strike. We lost an advisor, Dr. Roy M. Stubbs, to cancer and an associate member,

Jeremy D. Clinton, in an automobile accident. We have set up scholarships in their names and we plan to initiate Jeremy posthumously. Even with these setbacks we continue to move ahead. We are renovating our house with new paneling and new carpet for our recreation room.

We have also improved our grades this year and took first place among all the fraternities. Intramurals are going strong. Our basketball team is on its way to another first place season while bowling is also looking strong. We planned to end the semester with spring alumni day and spring formal.

CHICO

We proved for the third year in a row that we have the best sports program. We took first place in soccer, volleyball and placed second in football for the fall sports, and spring sports were equally impressive.

In the area of alumni programming, we had over 60 alumni attend our annual alumni weekend for the second year in a row. The ABT has been strong all year as well, meeting once a month.

Our White Carnation Ball in San Francisco was a great hit with many alumni and parents attending. Other successful events included our annual St. Patrick's Day Social, our annual Nerd Social, and Family Weekend, which had a great attendance of more than 60 parents, brothers and sisters. Events like these keep our social reputation at the top. The spring associate class was not only the best, but also the biggest on campus.

CLEMSON

We began this semester with the initiation of nine associates and one alumnus. The event was memorable for both with the added presence of retiring "AA" Greg Hauser. News of the Delta Chi Award of Excellence, in the red division, has placed everyone in good spirits as we strive to gain

the coveted campus IFC trophy. Our achievements of second in overall grades, first in Homecoming floats, and strong intramurals have put us well on our way.

Scott Steenrod will be joining the Headquarters staff as a leadership consultant.

The spring social calendar includes new fundraisers and philanthropy projects, as well as the annual alumni weekend in April, celebrating our fifth year on campus.

COLORADO

After an outstanding experience in January with Leadership Consultant **Jim Marascio** and the experimental 12-day consultation visits, we experienced a revitalization of pride and enthusiasm. We had a substantial increase in participation in all aspects of Greek life, including the Adopt-a-School program. Under this program, members of fraternities and sororities travel to Boulder public schools and tutor those students who need a little extra help and encouragement. The program, which began in the fall of 1993, is an attempt to increase the teacher/student ratio within the school system. The program, now administered by **Casey Madden**, is a tremendous success. This success benefits not only the tutors, students, and teachers but also helps change the community's perceptions of the Greek system for the better. Our chapter, which had 25 members involved in the program, is proud to be a sponsor and participant in the Adopt-a-School program.

CONNECTICUT

We won first place overall in Homecoming competition. This inspired our fall pledge class to work hard and do well. Their hard work through the semester paid off and all nine were initiated. The chapter as a whole has worked on improvements to the house. The spring associates donated new letters that now hang on the back of the house. Our "A" led the brothers in replacing the ceilings, painting, and repairing the basement. We looked forward to Greek Week and Spring Weekend.

DAVIS

Our strong dedication to community service continued with our annual Bike-a-Thon for rape prevention education. We invited parents, family members and alumni to join us for UC Davis Picnic Day, a special event organized by the university. We held our annual barbecue luncheon at the house.

In intramurals, we were competitive in soccer and basketball, but our strongest sport was floor hockey. Greek Week was held at the start of spring quarter. As usual our GPA ranked in the top three among fraternities on campus. Our association with our neighbor chapter of Sacramento has increased and we are looking forward to events in the future.

Serious Message Conveyed at Duquesne Carnival

A carnival is often seen as a festive place where troubles can be temporarily left behind. However, at the Duquesne University Carnival, a tent show cosponsored by Delta Chi and Alpha Gamma Delta presented a serious problem that is currently occurring on college campuses: date rape.

The show, titled "A Thousand Twisted Dying Tears," starred **Chris Chovan**, **Don Glenn**, and **Jason Jones** as friends who harass their classmate Chris, played by **Josh Verdi**, because he is not sexually active with his girlfriend. As a result, Chris attempts to go further in physical contact with his girlfriend on their ensuing date. However, she never consents to Chris' desires and a date rape is committed.

The rest of the play deals with the trauma and suffering that constantly torment the victim of a date rape. Chris' girlfriend feels violated and unsure of who she can trust.

Eric Gillespie, who coauthored the play with **Matt Catanzaro**, said, "Quite frequently in today's society, problems such as date rape are buried under the rug. Our goal is to bring them to the forefront."

The Colony did just that and then some. As "A" **John Bondi** said, "This show allowed us to display the true diversity of our colony. Everyone contributed... whether it was building a set, acting, or ushering."

By Mike Zale, "E"

DEPAUW

We have refocused our efforts in our attempt to be the best on campus. We had a successful party at the house during the winter term period when most of the students are not on campus. We have also updated our social calendar to include more events where we are paired up with neighboring sororities. Barbecue at the Delta Chi house is becoming a tradition for sorority women. We also had a great philanthropy event to raise money for the American Heart Association. After finally completing the renovations on our upstairs bathrooms we are looking forward to revamping the hallways over the summer.

Our associates renovated the recreation room as a project before their initiation and subsequent party with the Alpha Chapter of Alpha Chi Omega.

DUQUESNE

We are pleased that our colony is really moving ahead. We completed the chartering petition over winter break and are now looking forward to our chartering banquet.

We have the second highest cumulative GPA (2.9) of all fraternities. Our "F" was awarded the NCAA Division IAA Academic All-American for his efforts on the Duquesne football team and in the classroom. Our ABT is underway and doing a great job.

We have been working on the Adopt-a-Highway program and getting the rest of the Greek community involved with the

Uptown Community Action Group which we have brought to their attention. Another rush program is now underway.

EASTERN ILLINOIS

After our fifth year in our new house we really feel settled in. With great parental support we have been able to afford luxuries that make the house more desirable.

Our second annual Sorority Superbowl was a great success with all the sororities on campus participating. The games were well played and fun to watch, but in the end only one team remained unbeaten. They were rewarded with a three-foot trophy and a free party with the brothers. The money raised was donated to the local high school. We have been trying to improve our committee chairs. We have seen considerable progress, especially in scholarship and with that we have seen a steady increase in grades.

We won Homecoming overall. We were happy to be visited by many of our alumni including one of our founding fathers.

EASTERN WASHINGTON

This quarter started with the return of two brothers who were studying at Walt Disney World's Disney University in Orlando, Florida, and the initiation of six of our associates. We also had a successful winter quarter rush with an additional four men accepting bids during informal rush.

Intramural sports have been outstanding with a second-place finish in football

and an outstanding basketball team. The continued strong alumni support by members of the house corporation is making the future look good. Our Toga Dance and Valentine Date Dance were big social events.

EDINBORO

We took in two associate member classes last semester. And we're looking forward to another good rush. Our goals for the spring semester include having more fundraisers and alumni events. Plans are being made for an alumni golf tournament and reunion. We are also proud to welcome back **Phil Petroff** as our vice-regent.

ELMHURST

We began our fall semester with a weekend retreat. Rush produced six promising associates. We had our sixth semi-annual Moose Lodge and it was a great success. Members from every campus organization attended, and we planned a future one for a charity benefit or a food drive.

For Homecoming we sponsored an all-campus bonfire in connection with the pep rally. During the school's Alcohol Awareness Week, we organized a program that included members from the local police, Alcohol Awareness, and the Executive Director of Illinois Alliance Against Intoxicated Motorists. We also sponsored a wrecked car on campus to show the affects of drunk driving collisions. We had several philanthropy events such as a canned food drive for Thanksgiving and raking leaves for the local elderly people. We ended with a formal. Many alumni attended as well as our Regent, **Dr. Mike Welsh**.*

FERRIS STATE COLONY

May 13, Delta Chi gained 30 new associate members. We are proud to be a part of the brotherhood of a lifetime. With spring rush our numbers climbed to 50, of which 45 have been initiated. Our ABT members include: **Jon Bachelder**, Miami '64; **Col. Arthur J. A. Peltier**, Michigan '49; **Steven Van Dam**, Western Michigan '88; **Bryan Thomas**, Miami '89; and **Dave Stout**, Iowa '77. Our goal is to achieve chapter status in a record-setting five months. Delta Chi has landed at Ferris State and with our newfound brotherhood we hope to fly like eagles.

FLORIDA

New ABT officers elected at Homecoming include **Martin Brungard** '83, vice president; **Chip Merlin** '80, treasurer; and **Ken Olmsted** '83, secretary. Our ABT now includes our house director **Theresa Ireland**. On Halloween, we held our annual date function Halloween Havoc with 30 bales of hay around the house to set the mood. It was a huge success, and, needless to say, we are still finding hay around the house. Fall

semester ended with our annual door-to-door can drive for Manna Food Bank. Our additions helped restock their almost barren cupboards for the holidays. During winter break much-needed repairs were made to the roof of the house. Spring rush was a success with an associate class of 25. The associate member program begins with their retreat to a YMCA "Ropes Course" where they learn to work together to overcome various problems.

FLORIDA INTERNATIONAL

To begin fall semester we initiated the first interfraternity Delta Chi Football Bonanza, where we emerged victorious in all our games, except against the alumni. We also began work on what will prove to be our greatest endeavor as a young chapter, our American Cancer Society campaign. We hope to make ACS our national philanthropy. To begin the event locally we held a 100-inning softball game. We obtained sponsors from the community and donated a portion of the proceeds to the American Cancer Society and other charities.

The visit of our Leadership Consultant **Keith Fields** proved to be educational as well as fun. We ended fall semester with a formal at Miami's Intercontinental Hotel.

In terms of percentages we are the number-one association in attendance and participation in all-school activities. Two years in a row the IFC president has been a Delta Chi, and the IFC chief justice is a Delta Chi. All the members of the 1993-94 FIU cheerleading squad, which is ranked 3rd in the United States, are brothers except one. We have the second-highest GPA on campus among fraternities.

Alumni participation is one of our main goals with the launching of an alumni

newsletter and a series of planned alumni events including the annual Eddy Bovo Domino Tournament, which many of our founding fathers attend.

Around the community our efforts are being welcomed by everyone. We are involved in The League Against Cancer and the American Cancer Society and associations that help newly arrived immigrants.*

FREDONIA

One of the most exciting events of the semester was the Kappa class road trip to the Lehigh Chapter. This was a great bonding experience and we had a great time at the Pig Roast. After that the Kappa class was initiated, yielding 12 new brothers. After seeing how great it is to have a house, our motivation is at an all-time high to achieve our long-term goal of being the first fraternity on campus to have a house. To help achieve this we have a great fundraising project: running a concession stand at the Buffalo Bill's games. Look for our Delta Chi banner that is hung at every game. For a community service project, we helped set up Thanksgiving dinner at a local church.

FROSTBURG

During our spring retreat, we brainstormed on ideas for the semester. April 14 marked the 30-year anniversary of our local chapter, Alpha Delta Chi. This spring was also the five-year anniversary of our affiliation with The Delta Chi Fraternity. The celebration began Friday, April 29, with an afternoon welcome picnic for visiting alumni, followed Saturday evening by a formal dinner and reception. This milestone event was a vital tool in combining undergraduate brothers with alumni to

Bill Cosby wears an Eastern Illinois sweatshirt to pose with (l. to r.) "A" Chris Desmond, past "B" Bill Fredricksen and "F" Dan Ahlgrim.

Northwest Missouri men celebrate a touchdown during the championship intramural football game.

celebrate the true meaning of brotherhood. We were able to show our alumni, who really do not know what the International Fraternity has to offer, what it is all about.

This spring we continued our annual three-on-three basketball tournament which is a successful fundraising event. Our biggest service project is visiting the Brandenburg Center, a center for the mentally and physically handicapped.

In intramural sports we are defending our indoor soccer title and the basketball team also is doing well.

FULLERTON

We were awarded for having the highest GPA and are continuing to "up our standards." For a philanthropy project we hosted a picnic for a local orphanage. All the brothers found it to be very fulfilling.

Our house is undergoing major remodeling compliments of our ABT and the house corporation. In December we enjoyed our first annual Alumni Banquet celebrating the 30th anniversary of the Phi Kappa Chi Fraternity, the local fraternity that founded our Delta Chi Chapter here at Fullerton.

GANNON

We initiated four men, and the increased rush activities during this time have left us a step ahead of other fraternities for spring.

In intramural sports we finished second, third and fourth in volleyball, basketball and bowling, respectively.

Our United Way service project was a big success and received local press recognition when we helped clear downtown sidewalks, corners and fire hydrants after a record snowfall this winter. We helped welcome a local sorority when it received national affiliation by building letters for the Alpha Sigma Alpha house. This was an effort to bring us closer to the sororities and bring more success to larger service projects and fundraisers in the future.

GEORGIA TECH

We held our first Homecoming for our own alumni. Since we chartered in 1991, we have graduated over 45 brothers and now hold Homecoming events each year along with the rest of the campus. We are publishing our first alumni directory.

We held our third annual MLK weekend ski trip in January. Well over half the chapter took a weekend trip to Sugar Mountain, NC, to ski and enjoy time away from school.

This year saw the election of new officers, a new house corporation and the first Georgia Tech ABT president from our own chapter. We are striving to increase our membership and to build our house.

GORHAM STATE

We had visits from the chapters at Plymouth State and Bryant College. Their stays turned out to be educational as well as social, as we swapped ideas and suggestions with them that will benefit us all.

Since charity work and fundraisers are fun and rewarding, we are always on the lookout for activities to help those in need. This year we volunteered to help the university and community hold a children's Christmas party. We had a variety of tasks to perform, including photography, running games and concession stands, acting as Santa's elves, as well as setting up and tearing down the activities. Hundreds of children showed up, and we look forward to helping again next year.

HAYWARD

This past fall we initiated five men. Our winter rush was one of the most successful on record. We held such events as a pizza-making night and a potato mixer with Kappa Xi Sorority where we involved ourselves in a hot potato contest, a potato hunt, a potato-bobbing contest and finally we dined on baked potatoes with our favorite toppings.

We ended our winter rush with an ice skating mixer with the Tri-Sigma Sorority.

We celebrated our rush with a Wild, Wild West Party for our brothers, associates and sororities. For our rush efforts we pinned ten men. We hosted our first Hayward Delta Chi Steak Feed on February 19. It functioned as a fundraiser, parents' night, and alumni event all rolled into one. It was a tremendous success.

HUNTSVILLE

Fall semester was one of our chapter's single most productive. We initiated nine men into the Bond and several others have accepted bids. One brother was initiated into the Order of Omega and another was the first Delta Chi to be elected as president.

We intend to implement a number of aggressive programs. One already in action is a new rush program which resulted in our large fall initiations. Alumni relations will see a great boost from a newsletter followed by an alumni gathering. Community service will find improvement in our participation with the Red Cross and Huntsville's Adopt-a-Mile program.

To celebrate Homecoming we added a little New Orleans' spice to Huntsville with our annual Mardi Gras party; we had to justify wearing costumes and eating King Cake in the middle of February somehow.

IDAHO

The campus scene this past semester has been serious. The rush turnouts were low, but at the end of rush our house was happy to welcome 15 associates. An alcohol-related accident at a sorority resulted in a new alcohol policy implemented by the Greek system that has been welcomed by most everyone. The International Headquarters staff surprised us with all their help, showing that this is an international fraternity and not just Idaho. We are looking forward to again leading the campus in social events that follow FIPG guidelines.

There are other ways to have fun and some old offices have been re-introduced. The brotherhood chairmen, song leader, "BB" and ABT are offices that had not been filled. They are now, except for the ABT which we are currently recruiting for with the help of our new "BB" Bill Chipman '67. We intend to turn to productive traditions that had been forgotten to make the experience at the Idaho Chapter one that all Delta Chis' will be proud of.

Our associates got together and surprised us by remodeling our game room.

ILLINOIS

Our house GPA moved up several places to rank in the top ten among 56. Our annual Block Party included eight fraternities and eight sororities. We had a bid-night celebration for Kappa Kappa Gamma and ex-

changes with Alpha Gamma Delta and Alpha Chi Omega. Our traditional football block was shared with Chi Omega. The fire-side semiformal featured a professional pianist playing as we served shrimp cocktails.

Sports have been our trademark and this fall was no exception. Our softball and football teams both won pre-season tournaments. However, both came up short in the post-season play-offs. The softball team lost in the semifinals in extra innings. The football team lost the Fraternity League championship game by one point. Our "B" football team made it to the semifinals in the fraternity play-offs.

Our fall associate member class contained five varsity athletes from the wrestling, football and basketball teams. We were involved with several community service projects, one of which was a Halloween party for disadvantaged children.

ILLINOIS STATE

This spring we visited the people along the Mississippi River to assist in the cleanup from last year's flooding. We also had our annual White Carnation Ball. We all looked great, but the dates we had all looked better. We are still working on obtaining original objects from the older alumni for the new location at 608 Broadway.

INDIANA

Our chapter has now established the strongest rush program on the IU campus. We followed up a strong 52-man fall class with another impressive 25-man class in the spring. Our dominating Little 500 team and strong intramural program definitely have given our chapter's rush program a boost. We raised over \$1200 for the local Boys' Club by turning our house into a haunted house for Halloween. This spring we hosted an American Red Cross blood drive and also hosted a charity 3-on-3 basketball tournament. We performed in IU Sing with our sorority pair in February.

Our intramural program is consistently in the top five on campus. Our basketball team defeated over 150 teams to take the all-fraternity 3-on-3 title. A Delta Chi serves on the IFC Judicial Board and another is the student body treasurer. The annual White Carnation Formal and Kelly's Wake Party were both huge successes.

IOWA

The spring semester got off to a quick start under the leadership of a new executive board and our new housemother Pat Krug. We began by holding an extremely successful informal rush, adding 12 associates. In February we initiated 18 men, pushing our total membership close to 90.

We have been doing well in intramurals, and are currently in the top ten in the Greek system. We hoped to improve on our standings as two of our top events, basketball and

soccer, kicked off the semester; we also placed second in the annual Homecoming Volleyball tournament. In addition, we finished in the top three in Kappa Day at the Races, which involves both a track meet and an air band.

IOWA STATE

Fall semester was a time of growth and celebration of our chapter's 70th anniversary. The 11 fall associates and four initiates brought a vision of future success.

This semester started with an alumni luncheon followed by a sing-along led by John Hess, Creighton '75, and Wayne Christ '79. That event is sure to be long remembered by all participants. Interchapter relations were also at a pinnacle as we set up our annual Spring White Carnation Formal with the Minnesota Chapter.

Greek Week was again a festive occasion at Iowa State. Our performance in the week's events was great as we teamed up with Phi Kappa Tau and Kappa Alpha Theta. The semester ended on a high note with the long-awaited return of our alumni for the annual VEISHEA celebrations.

JOHNSTOWN

In sports, we have a 14-point lead over Kappa Delta Rho in the chase for the intramural sports trophy and will bring it home.

A majority of the men improved their GPAs with outstanding grades. At Homecoming our candidate was crowned queen alongside a brother who was named Homecoming King. We won first place in the Homecoming Volleyball tournament, and second place in the float competition.

North Carolina State Brother Brian Frasure trains for a national track meet for amputees that is a preliminary event for the 1996 Paralympics.

We were also involved in many exciting events and activities including a blood drive for charity, and a fundraising drive for Children's Hospital of Pittsburgh.

KANSAS

The torch was passed in January as 18 new brothers joined us in the Bond. We are holding our own in the defense of the All-Sports Hill Trophy. Our trophy 1 basketball team won a pre-season tournament, and our associate members won a pledge football tournament they hosted.

Academically we had a good semester, keeping our GPA at well above the Greek average, finishing third in the competitive hill race with a 3.0; this was highlighted by ten brothers who received perfect 4.0 GPAs.

In early February, the bimonthly IFC meeting was hosted at the house for the first time in several semesters. Our tie with IFC continues as our chapter now has two elected members on the Judicial Board. Our commitment to the community also remains strong, as brothers volunteered to be basketball coaches at a youth league and others volunteered their time at the Lawrence Youth Boys ranch as tutors once a week. We have six promising associates.

KANSAS CITY

Once again this semester we were first in GPA with a 3.12. We have been growing geometrically and expect to have many new associates to add to the largest associate member class in recent years.

Part of our newly found success can be attributed to our increased visibility on campus. We have been active in Safe-walk and

hope to forge new relationships with other organizations on campus. Safe-walk is an innovative program by which students can be escorted to their cars or classes at night.

Once again the undergraduates overcame the alumni in the annual Super-Bowl game. A good time was had by all and the showing of alumni was incredible. Alumni who have moved or lost touch with us can contact us to receive the chapter newsletter.

KANSAS STATE COLONY

We had a strong rush and brought in 15 associates. The Beta Class has dominated many events including the Chi Omega-Sigma Nu New Member games. They won the broomstick toss and the 4 x 100 relay.

We participated with a strong showing in the Gamma Phi Beta Spiketacular volleyball tournament and we enjoyed listening to good music at the Delta Delta Delta Deltapolluza. However Homecoming was the highlight of the fall. We joined with Sigma Kappa Sorority and Alpha Kappa Lambda Fraternity and performed well in the body-building competition and the spirit banner. We ended the weekend with a Halloween party with the AKLs.

Our first birthday was September 22. Our first annual Humboldt House party coordinated the festivities. Founders' Day was of course another special day. We held a semiformal date dash at a local restaurant.

Over the summer we met to set goals and discuss the future. We are progressing in every sense of colony development and have begun to look for centralized housing.

No other fraternity has colonized on campus for over a decade. Our newness is an invaluable asset that cannot be overlooked. An example is our recently initiated Beta class of 11 men who continue to show leadership both in the Fraternity and out.

With the help received during Leadership Consultant **Wade Hatfield's** fall visit, we hope to be chartered in early fall. **Scott Leigh**, Southwest Missouri '90, also took on a consulting role at our mid-semester retreat. Their efforts have helped us clarify our goals. After their visits we broke the middle mark in total intramural points and improved our overall GPA, including four brothers and a new initiate with a 4.0 GPA.

Development of our community service and philanthropy projects is continuing. We are all striving for a common cause: To become better through service to our Fraternity and community.*

KENT STATE

We began the year with the Delta Zeta softball tournament, where we swept the competition and took home the championship trophy. We also placed third in the overall campus intramural tournament. This is the second consecutive year that Delta Chi has been elected IFC president. We placed second among Greeks in grades and are well above the all-men's average. A

strong associate member class brought five members, including our 100th initiate, into the Bond, each having a GPA of 3.0 or higher. A strong effort was put into homeless awareness week when we collected over 1500 articles of clothing for the Kent Homeless shelter.

LSU

We initiated 14 men. Continuing to defy the forces which seem to be working against the Greek system, Delta Chi has become the third largest fraternity on campus a mere 11 years after our re-chartering in 1982.

Closing out the fall semester was another great Christmas cocktail party.

Our calendar for the spring is filled with such exciting annual events as the Mardi Gras road trip, Spring Formal, and Alumni Barbecue. We will continue the tradition of the most popular bus trip and most impressive South Seas festivities on campus. As a campus role model, we plan to host speakers on such important topics as alcohol awareness and first aid in cooperation with IFC advisors. Further plans include a first annual Alumni Golf Tournament.

LIVINGSTON

We continue to promote brotherhood, academics and community service projects. Philanthropy projects were highlighted and we raised \$1,000 for the United Cerebral Palsy of West Alabama at Star-a-Thon 1994. Other projects included the Adopt-a-Mile program, cleaning and restoring historical monuments, and other local projects.

The All-Sports trophy is again within our grasp. Although the competition is fierce, we have dominated the intramurals with a basketball team that remains virtually unchallenged. We also hosted a social for the Alpha Sigma Tau sisters who attended their regional leadership conference.

LONG BEACH

In addition to holding many fun, successful events, we have become more organized in rushing new members. Other factors leading to our heightened morale include new furniture, a dart board, a pool table and the installation of cable TV.

We took the initiative to help victims of the earthquake by organizing a relief event called "Aftershock." We were fortunate enough to escape damage to our chapter house or injury to the members, even though we were approximately 20 miles from the epicenter. We collected 180 cans of food for the American Red Cross earthquake relief fund and talked with several potential rushers in the process. Ironically, we experienced a moderate aftershock that night.

Following FIPG guidelines and strict campus regulations has made gaining visibility on campus more challenging. We have been experimenting with several solu-

tions, including inviting guest speakers to campus. We recently invited Superior Court Judge James P. Gray, a prominent and controversial California judge, to speak at an event we sponsored. Suggestions for improving visibility were also provided by Leadership Consultant **Wade Hatfield**.

Our retreat in the mountain resort of Big Bear was fun and productive. We now have a voice mail number: (310) 985-9348.

LOUISIANA TECH

During fall quarter break we initiated the largest number of brothers since our founding and supported our IFC in feeding the homeless when we each donated a traditional turkey dinner from our meal cards. Winter quarter started with a successful rush. The pinning of seven associates was easily accomplished because of such rush tools as our weekly brotherhood dinners and movie nights.

New electrical wiring, heating and air conditioning are being phased in during holidays as part of the continuous improvements by the house corporation. The improvements have been made possible because of the commitment to house occupancy and the careful business minds in our house corporation.

We approved a monthly appropriation to begin funding a ten-year birthday party to celebrate our dedication and hard work.

MANKATO

We concluded last quarter with our annual alumni dinner and banquet. Our project of gathering clothes for the needy and distributing them at our Breakfast with Santa received local media coverage. The project was done in cooperation with Gamma Phi Beta Sorority. We also did our Homecoming with the Gamma Phis and Phi Delta Theta Fraternity. Our float won for most enthusiasm and best looking.

We had a chapter retreat and some exchanges. Last quarter, we won the all-Greek football tournament. The combined score of the games was 48-6. Many members are involved in intramural hockey.

MARQUETTE

We had the prestigious Kimball Golf Classic last August at Willow Run Golf Club in Pewaukee, Wisconsin.

We participated in a cleanup every Monday in coordination with Campus Neighborhood Association; we cosponsored a football tournament with Alpha Phi to raise money for the Sojourner Truth House for battered women and children; and we are fixing up houses around Milwaukee for Habitat for Humanity. All the brothers pitched in to improve a house by refinishing the deck. We had an artistic graffiti exchange with Gamma Phi Beta, and a costume party with Alpha Xi Delta. The semes-

ter ended with a wonderful Thanksgiving dinner, and a joyous Christmas date party.

This semester we have made a positive impact upon the community. We participated in "Food for Families," a food drive to benefit less fortunate families throughout southeastern Wisconsin and received coverage from a local television station.

Our annual parents' weekend at the house was well-attended and our parents were shown what membership in Delta Chi is all about. The response was enthusiastic and we anticipate a good turnout in the fall.*

MARYLAND

Fall semester finished with the initiation of 26 men into the Bond. Over winter break, our undergraduates and alumni reunited twice, once for a weekend of skiing in West Virginia and also to celebrate the New Year.

Spring semester began with **Matt Hunter '92** being elected ABT president and our "A" being elected IFC president. Rush went well with a class of 15 men. We held our tenth biannual MASH Bash in January. We are making preparations for the second annual Delta Chi Fourth of July celebration on the Mall in Washington, D. C., an event which is sure to draw more than the 15 chapters which attended last semester.

MISSISSIPPI STATE

We headed a blood drive in November which led Mississippi State to the win in the Transylvania Bowl over Southern Mississippi and Ole Miss. This is a competition to see which university can raise the most pints of blood for the Mississippi Blood Service. Our chapter received the trophy.

Our intramural program is again proving to be the best as we are in first place over all fraternities and campus organizations. We placed first in horseshoes and earned second in tennis and darts. Upcoming tournaments are in our strongest sports, volleyball and flag football. We need only win the overall points once more to become the only campus organization to win three times.

The brothers have been enjoying time with Little League basketball kids as we have sponsored two teams and are coaching another. The fourth-graders are having a blast and so are we. When the teams we sponsored, the Fightin' Woodchucks and the Mighty Goats, face off, we will all be out to give the youngsters our support.

Scholastically we finished fourth among all fraternities and our average was above the all-fraternity average, the all-men's average and the all-MSU average.

MISSOURI

We took first place in Alpha Phi's "Just For Kicks," second in Chi Omega's "Omega man," and fourth in Zeta Tau Alpha's "All American Man." These fundraising events were highly competitive with more than 12 fraternities participating in each one.

We have also made strides in campus organizations. There are members serving terms in organizations such as the IFC and the Greek community board. Also, two of our newest members are varsity letterman on the wrestling team.

We capped off an undefeated football season with a shutout in the championship game and took home the first-place intramural football trophy. We stand in fifth place in the overall point standings with a good chance of finishing in the top three. We initiated six men and spring rush is going well. We appear to have one of the top associate classes on campus.

Our planned philanthropy project to benefit the humane society, "Putting for Puppies," has received much attention from the sororities. During Christmas break a boiler burst in the house causing great damage to our J. Nick Gray room, as well as to our second and third floors. The insurance company has helped us with renovations and the house should be looking better than ever before fall semester.*

MONTCLAIR

In September we placed second in a one-pitch softball tournament. October 25 was our third anniversary. The Founders' Day festivities brought together almost every undergraduate and alumnus brother. Our young chapter, for the first time, felt the real presence of our alumni. The White Carnation Ball was held in November, and again our alumni showed strong support.

Eight men were initiated into the Bond on a bright December morning, and included among them were three members of the Red Hawk Varsity Basketball team. In the holiday spirit, 22 brothers made "Project: Reach Out II" a reality. We brought food and clothing to the homeless on the cold streets of New York City.

Missouri's undefeated football team won the championship game with a shutout.

NEW HAVEN

We planned a big rush and associate program for the semester. For our community project we will be administering a test for 7th and 8th grade students at the Fairfield University. Our White Carnation was a success and everyone had a great time.

NORTH CAROLINA STATE

We are especially proud of Brother **Brian Frasure** who is preparing to compete in a national track meet for amputees. The meet, held in June, is a preliminary event for the 1996 Paralympics. The Paralympics is an Olympic counterpart in which amputees compete. Our chapter is helping Brother Frasure attend these meets by becoming a sponsor and raising money for his expenses.

A strong rush has been a key to our success. Our chapter has had its highest membership since our founding. We had a high showing in volleyball and soccer during fraternity intramurals. Our fraternity GPA has been at its highest in history and our associates' grades are among the best on campus. Social events have also been a key to our growth. Last semester for our annual fall trip we went deep-sea fishing. This semester we are going on our annual white-water rafting trip to West Virginia. Campus involvement is at an all time high with three brothers serving on the IFC.

Any help sponsoring Brother Frasure would be greatly appreciated.

NORTH TEXAS COLONY

Our annual "Haunted Hanger" the week of Halloween was our most successful ever and raised over \$2,500. For admission everyone brought a can of food which we donated to the local community food room. The final tally was over 300 pounds of food.

The Oklahoma State Chapter indoor soccer championship team poses, appropriately enough, indoors.

We continued our success on the intramural fields. We finished the season exceptionally well with a third place in outdoor soccer. We planned a softball tournament for the spring with over 30 teams competing for the trophy of the first annual Delta Chi softball tournament.

We initiated all the members of the associate class and have made progress to keep our membership up so that we may charter.

NORTHEAST MISSOURI

We are pleased to be off probation for minimum numbers. We had an associate class of 12 last semester; and are looking forward to another successful rush with a goal of at least 10 new associates. We had another chapter planning retreat, where we emphasized brotherhood and chapter organization. Special events included our 16 year chartering anniversary and our annual Spring formal at Lake of the Ozarks.

Our chapter remains second on campus in academics with our chapter GPA of just over 3.1. As to our commitment to the community, we had three service projects last semester and three or more this semester.

NORTHERN ARIZONA

Helping make the semester successful was the honor of hosting the Region II Conference on the weekend of April 9 after the White Carnation Formal in Laughlin, Nevada on the weekend of March 25.

We continued our winning ways in intramurals with strong showings in big-

man basketball and inner-tube water polo. The social calendar was excellent as usual with a Westerner and many theme parties. We continued with excellent achievements in scholarship and in supporting our community service projects. Our semester retreat went well with great weather, learning experiences, and brotherhood support to help our chapter keep improving.

NORTHERN COLORADO

This fall we activated ten associates. We have six associates for this spring. Our chapter had a 2.89 GPA last semester, the highest of any fraternity on campus.

The number of undergraduate members we have is down from years past, but we still are highly motivated. One of our goals this semester is to organize a fundraiser to assist the people who were caught in the California earthquake. We also hope to implement the 1994 Club. Money raised from this will be used to improve one of the rooms in our house.

In sports, our coed water polo team has again finished in second place. This season we hope to win it all! We hope to win the Greek Cup for the third time in five years.

NORTHERN IOWA

The entire ground floor of our house has been successfully renovated thanks to hard work and dedication. We recently inducted seven members who will help lead our chapter and make it stronger. We still plan to construct a Delta Chi sign for the front of

the house. We are planning other projects to improve and strengthen the Chapter.

NORTHERN MICHIGAN

We are again playing a major role in both the March of Dimes Jail and Bail and their Walk-a-Thon. Some of our more motivated brothers even helped move the March of Dimes staff into their new offices across town. We sold Christmas cards to raise money for the Big Brothers-Big Sisters program. Our last big philanthropy of the year is the first annual Delta Chi D.A.R.E. to Golf Tournament, which is going to raise money for the D.A.R.E. program here at NMU. The highlight of the day: putting on the world's largest putting green, courtesy of Chocoley Downs golf course.

We held many successful mixers with local sororities. Our semiformal, although in tight quarters, went well with many alumni in attendance. Our newly revamped Greek council sponsored an all-Greek Ski Day, then we watched our WCHA leading hockey team beat the Denver Pioneers by goal. Delta Chi is the leading favorite to win the Greek God competition during Greek Week for an unprecedented fourth consecutive year. We are the largest fraternity on campus, but next semester we won't be the youngest, as Northern is about to welcome another national fraternity.

NORTHWEST MISSOURI

We are on the road to becoming the Outstanding Greek organization on campus. We ranked second in grades among all the fraternities, and the associate member class ranked third among all fraternities in grades. Our chapter has had the largest associate member class for the past two years. We also celebrated receiving the Homecoming Supremacy award again.

These last few months there have been a number of philanthropy projects throughout the community. Before the Christmas break we hosted a party with the Delta Zetas for the children in the Headstart program and six of our brothers joined the Big Brother program. During the Student Senate Blood Drive we received first place in donations. We also hosted a dance with H.A.L.O. for the mentally handicapped.

OHIO STATE

The physical structure of our house continues to undergo many improvements thanks to the support of our House Corporation and the energy of our chapter. The most significant project of the quarter was the basement renovation which included new drywall, carpet and suspended ceiling. Another great addition was new gas logs for our living room fireplace.

Community service projects for the quarter include our Adopt-a-Highway program and our continuing involvement in the Greek system's Adopt-a-School program.

This is our second quarter in the program, which has met with much success.

Several brothers attended the Region VI conference in Windsor, Ontario. We also held our annual White Carnation Ball which was another great success.

OKLAHOMA STATE

We were undefeated in football and volleyball and we won the indoor soccer title. Our Homecoming float won the campus competition as well as winning the Mayor's trophy for outstanding parade entry.

Once again we helped those less fortunate through the local Harvest II Program. In our drive to help feed the hungry, we helped raise several tons of food.

Furthermore, much to our surprise, we finished third in grades out of 21 other fraternities. However, this semester wasn't all work as we celebrated the holidays and the end of the semester with our Bob Marley Christmas Party. On a final note, our associates are almost ready for initiation.

OLD DOMINION

We initiated nine men from our Delta class and are looking towards our biggest class this spring. Our ABT has set up by-laws that will get our alumni into the act. **Robin Pacson**, was elected as ABT president to start off the new year.

At long last we held our first Tri-Chi party along with Lambda Chi Alpha and Theta Chi last semester. It was a huge success. We kept up the spirit with our "Famous Dead People" Halloween party hosted along with Pi Kappa Phi.

Aside from a great social semester, the fall left us with one of the highest GPA's in the IFC. We spent a lot of time working on the final qualifications for our chartering.

OSHKOSH

Our example of brotherhood is setting a trend that other Greeks are running to catch up with. For Thanksgiving we participated in a food drive for the homeless. A new record for amount collected was set this year. In the fall, six associates were pledged into the Bond, and this spring we are rushing with a higher number of associates in mind. We thank our alumni who have been crucial in the rise of morale. To the alumni who haven't visited us recently we extend a special invitation to stop by and see the great improvements that have been made.

A reminder that this year marks the 10th anniversary of the return of Delta Chi to campus as well as the 10th anniversary of our original chartering, so we are expecting a high alumni turnout.

PENN STATE

While the vast majority of chapters here at America's largest Greek system are expe-

riencing low rush numbers, we have distinguished ourselves with 15 associate members this semester.

Our intramural sports teams look quite competitive for the spring, especially in basketball and soccer. Our social semester is remarkable, highlighted by Spring Week with Delta Zeta Sorority.

We have a packed rush calendar which we hope will help continue our recent tradition of large associate member classes. Events include open houses, dinners, pool tournaments and a barbecue. We are greatly indebted to our ABT and the Kimball Corporation for extensive house improvements.

PURDUE

After 66 years, we moved out of our beloved but antiquated chapter house and into a much larger house in the heart of the campus. The new building, renovated in 1987, has a capacity of 75 men which we are well on our way towards reaching.

Saddened at the beginning of the year by the passing of **Nolan Dale Walker '28**, one of our founders, we focused on making this year one of the finest in our history. Our efforts quickly paid off as we brought in the fourth largest pledge class on campus, allowing us to initiate 24 men this year!

One of our members is president of the Engineering Student Council and many others were appointed to the IFC. In intramurals, we made the play-offs in volleyball, softball and walleyball and the finals in racquetball and badminton. We are in tenth place (out of 37). Our annual philanthropy, Ride for Life, benefits Huntington's Disease research. We will again be assisted by with the women of Chi Omega.

Special thanks to our alumni board, new Housemother Libby Oliver and Leadership Consultants **Wade Hatfield** and **Jim Marascio** who have helped us in our transition. Brother **James Benken** was elected as

our "BB". Initiated in 1993 as an alumnus, he has taken an active role in our chapter.

RENO

We are looking for a new house, since our old house is not suited to our growing needs. As usual, we are refining our rush program to ensure continuing growth. Our social calendar is marked by two of our biggest annual events, the Ski Social and the fourth Shamrock Shakedown. These occasions are known as the most exciting and popular social gatherings of the semester.

We are fielding teams for spring competition in intramural basketball and softball. Our first-place victories in intramural swimming and running last semester are a winning tradition that our teams intend to carry over into the spring season. We are also continuing our philanthropy efforts working with disadvantaged children. We feel this work is well worth our while and are happy to be able to help the future generations of our community.

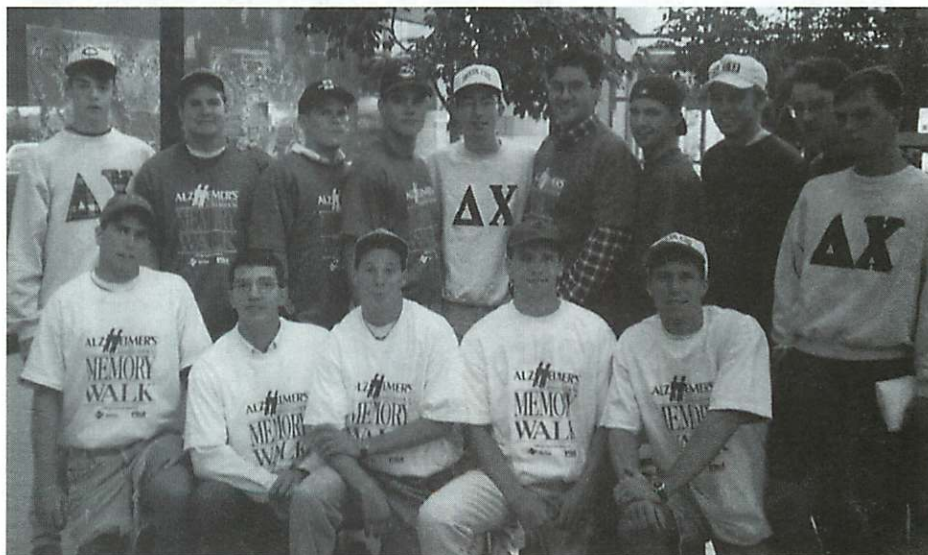

SACRAMENTO

This was our first full semester in our newly acquired house in downtown Sacramento. We held two of our mixers at the house, along with a back-to-school toga party. At the end of the semester we held our brotherhood night in the living room.

Our intramural sports program was again a great success. Our football team finished first in the Greek League competition. We had three different basketball teams entered into different leagues. Two of the basketball teams made it into the play-offs, with the third team just missing.

Our annual Founders' Day semiformal was an enormous success with almost the whole chapter at the event along with several alumni. After dinner the party went on for several hours.

As one of the Southern Illinois Chapter's many philanthropic projects, these brothers helped out at the Alzheimer's Memory Walk.

We started early preparing our Greek Week team for competition. Last year we came in a close second and we don't want that to happen again. We are planning to win the whole thing this year.

SAN DIEGO STATE

With the 25th anniversary of our charter in April we hosted a celebration in conjunction with our White Carnation Formal. Alumni and undergraduates joined together on May 7 in Mission Bay to celebrate. The theme was "Integrity" and many speakers talked of the integrity that is present in our chapter and all of its members. Our chapter was colonized on December 5, 1968 by **Andrew Swain**, Arizona '58, and we received our charter on April 26, 1970.

In sports we won the volleyball triple crown which consists of volleyball victories in Delta Gamma Anchor Splash, IFC intramural, and Greek Week. We made headlines by being the only fraternity to receive this award in IFC history.

SOUTHERN CALIFORNIA

Again we have experienced growth above the rest of the Greek system. Our associate class was one of the strongest. With the addition of eight associates, we have about 50 members.

House improvements were a priority. We worked to make the house look even better by painting the exterior, and we continue to make improvements to the interior.

The athletics and intramural program also showed improvement with a high finish in basketball and good showings in othersports. A top-ten finish in the Ironman competition is expected, and we finished first in the pool tournament/philanthropy sponsored by Delta Delta Delta.

Improving the chapter's GPA has been a priority. We improved significantly during

fall term and the work continued this spring. We conducted special study hours and designated one room in the chapter house as a library and study room to insure the academic improvement of the members.

SOUTHERN ILLINOIS

The semester began with a chapter retreat. We were honored to host the Regional Conference in Carbondale. The Conference went well and was a big success. Relations with our alumni continue to get stronger, and we had a high number of alumni return for our successful alumni weekend.

Two of the major improvements to our house this semester were carpeting in the hallways and the refurbishing of the Delta Chi sign in front of our house. Our second annual chili dinner raised approximately \$2,000 for the carpeting. Our Delta Chi Parents' Weekend gave parents the opportunity see how the chapter works, and to meet the members. Our philanthropic events included a blood drive, where we took first place in for the most hours worked by a fraternity, and collecting donations for the American Heart Association.

In sports, we had a successful semester. We won events such as racquetball and tennis and we stayed on top with the sports trophy award. Greek Week activities were fun as we defended our title and won for the third straight year. For fun we had our second annual Wacky Wedding, and our spring formal which was held in Nashville, Tennessee, and was enjoyed by all.

SOUTHWEST MISSOURI

The semester began with the introduction of 35 initiates into the Bond. Community service will be dominant throughout the semester. Our 6th annual Delta Chi Fight Night promises to be one of the largest ever, and the Boys Club of Springfield

will receive the proceeds from the event. Ozarks Fighting Back, a local service group that is trying to promote community interests, will be enjoying our assistance and the homeless of Springfield will benefit from our involvement with the local soup kitchen.

Currently, we are in third place in Greek sports and will be contending for the All-Greek Championship due to our first-place finish in volleyball, second-place finish in golf, and third-place in roller hockey. We are also hoping to win the football tournament, which would be the fourth time we have won it in the last five years.

Social functions and brotherhood activities will include our Spring formal, Rho associate member dance, our 4th annual South of the Border Fiesta, numerous exchanges, date dashes, and, we hope, our first White Carnation Ball.

SOUTHWEST TEXAS

We are especially proud of beating the all men's average and placing fifth among the 21 fraternities here.

We had a great intramural sports program; we placed in the top five overall in flag football, softball, basketball, racquetball and tennis. Our rush program helped us gain seven associates and our "B" was inducted into Order of Omega.

We have created a new ABT to help us grow and prosper and we have elected **Gavin Pehl '93** as our new "BB". We participated in Alpha Omicron Pi's Sorority "Hoop it," a five-on-five basketball tournament and Alpha Xi Delta's softball tournament "Play Day" in which we did very well.

TEXAS

After ending the fall semester with our annual White Carnation Christmas Formal, we began the new semester with the initiation of a record 17 brothers. The ceremony served as great inspiration for spring rush, which yielded seven new associates.

Our intramural sports efforts took us to the football quarterfinals and we expect at least the same results in basketball and softball. With the second-place trophy from last year's Greek Week in our trophy case, we are predicting a first-place win this year.

Our social calendar began with our annual Cupid's Arrow semiformal in February, continued with a Ranch Party in March, a mixer, and we will end the semester by bringing back our traditional Crawfish Boil.

We are also planning our first annual alumni golf tournament to encourage more alumni involvement.

TEXAS A & M

We were this year's proud host of the Region III Conference. As the previous holder of the Regent's Cup, we were pleased to show our brothers our new house and the special brotherhood we share.

Texas brothers, joined by "AA" Michael Carroll, are all smiles after initiation.

Delta Chi appears poised to capture the Greek intramural trophy, and continued success in softball, basketball, and indoor soccer should seal it. Socially, spring promises our White Carnation Ball in Galveston, in addition to our normal mixers, parties, barbecues and other festivities.

Our biggest improvement came from outside the undergraduate ranks. Ties with our alumni have grown considerably stronger over the last year, and they have proved to be one of our most valuable resources.

TRI-STATE

Our annual Chuck's Belly Rub Christmas Dinner and Dance at Dockside's Restaurant went very well.

We are focusing on our work to get new members and also are preparing for our silver anniversary. With the recent facelifts on the houses and the 25 years of Delta Chi, we expect this year's alumni weekend to be a highly memorable and historic one.

We have established great ties with our brothers at the Windsor Chapter. We placed highly in many of the fraternal competitions held throughout the night at Tri-State's annual Mid-Winter Blowout. The night was topped off with a free concert for the entire student body and faculty.

We would like to thank past "BB" **Donnie Maloche** for his contributions and the time he spent helping us and we welcome our new "BB" **Eric Clark**.

TROY STATE

The fraternity house has been improved greatly. The back hall, with its fresh paint and new carpet, has a more welcoming atmosphere. Thus, every room is filled.

Our overall GPA for fall quarter was 2.8. This elevates us to the top among campus fraternities. Within the IFC can be found two Delta Chis, the vice president and a member of the IFC judicial board.

Our first annual Delta Chi Date party held in January was a huge success. Over 150 people attended and had a great time.

Membership, obviously important for the life of the fraternity, continues to grow. We are expecting to initiate six brothers into the Bond, and during winter rush we gained three new associate members.

UCLA COLONY

To brighten the holiday season for many disadvantaged children, we were able to obtain letters addressed to Santa Claus and fulfill many of the wishes of the children who wrote them. This brought about a great new community service project. Our inaugural "Delta Chi Give-a-Wish" was a terrific success. To many children in Los Angeles, Santa Claus will now be synonymous with Delta Chi. It is with service projects such as these, where the warm smiles of grateful children brighten the day, that the bond of brotherhood grows stronger.

Texas A & M members (and guests) catch some rays outside their new house located on four and a half sunny acres.

VIRGINIA COMMONWEALTH

A tough winter here in Richmond took a toll on our city, and on the area's homeless. Shelters throughout the city were filled to capacity, so we tried to do our part by making a sizable contribution to the nearest homeless facility, the Daily Planet.

Spring rush is sometimes difficult here, but we've had good numbers. Our upcoming Theta class will be the first class through our revised associate member program.

Our second annual Super Bowl Sunday Alumni football championship was a blast. The undergraduates defeated the alumni while playing through a blinding snow storm. With over 65 percent alumni participation, we are slowly but effectively increasing our alumni support.

VIRGINIA TECH

We began the semester with the initiation of our six-man fall associate class. We are working hard to prepare a strong rush.

We are proud to have hosted the Regional Conference for Region IX in March. Thanks to the hard work of our conference committee chairs, as well as the contributions of the entire brotherhood, we anticipated that the conference would be a success.

The details are still being ironed out, but it looks like we will be moving into our first house! After almost a year of waiting, renovations on the house we are acquiring should begin in June, and the house would be ready to open for the fall semester. We thank the members of our house corporation for all their help.

The spring semester holds a full social calendar. The highlight will be our spring formal scheduled for April. We are looking forward to this as it is an excellent way to celebrate the two-year anniversary of our

chartering. We welcome new "BB" **Robert Cope '93**. We look forward to working with him over the next two years.

WASHINGTON

The quarter began with the initiation of our associate members. We elected **Scott Carter** as our new "BB" earlier this quarter. All the members appreciate his efforts and he is eager to provide us with advice. The physical structure continues to improve. Our ABT had the living room fireplace rebuilt over winter break allowing us to burn a few logs on cold winter evenings. The house looks great and for the first time in several years we are caught up on repairs.

On a social note, we went to Crystal Mountain for a weekend of skiing and fun.

WASHINGTON STATE

We gained 12 associates through fall rush. Much was accomplished at the ABT meeting during Homecoming. As a result of this meeting, we are now a step closer to getting a new house. Members of the ABT are looking for investors so the new house can be built in the near future.

Socially, our calendar was full. Exchanges with sororities were always something to look forward to with events such as barbecues, putt-putt golf, and a country swing dance. Date functions included our annual Black Light Toga, and Barn Bash, which was held at a gold mine in the mountains of Idaho. To finish the semester off before finals, we held our first annual Construction Dance complete with props.

We were the champions in wrestling and our flag football and floor hockey teams went undefeated during the regular season. They were both one game away from the championship.

One of the things that we like to stress in our chapter is community involvement. We became involved in Greek Clean Day, where Greek fraternities and sororities participated in picking up trash all around the city of Pullman. We also participated in the "Take Back the Night" march which promoted awareness about violence and sexual assault against women.

WEST VIRGINIA TECH

This fall we celebrated our ten-year anniversary with approximately 77 brothers attending the two days of festivities. Among the events was an alumni ritual ceremony with 17 of our alumni going through the ritual. Leadership Consultant **John Morgan** was in attendance and assisted in the alumni ritual.

December 4, we initiated seven brothers along with one alumnus, **Ed Hendrickson**. He has been a long time friend and supporter of our chapter in the community.

The chapter house was recently refinanced at a lower interest rate which allowed us to purchase new windows and to repay the balance of the loan from Delta Chi. Also, the lien on the chapter house will be repaid two years sooner than with the previous financing plan. We are currently remodeling the second of three bathrooms in the house.

WESTERN CAROLINA COLONY

Our colony is growing by leaps and bounds. We have the highest grades for a fraternity for the third semester. We picked up eight associate members, one of the biggest classes on campus.

We are growing socially because of the two big mixers we held. They were a 60s mixer with Alpha Chi Omega and a Saturday Night Fever mixer with Phi Mu. This

mixer would have made John Travolta get up and dance.

WESTERN MICHIGAN

We have set a number of goals with the help of our current financial advisor and recent alumni initiate **Martin L. Borton**. Over the past five months he has helped us collect debt to our chapter and has put us on a clean financial slate with Delta Chi.

In December, we initiated 18 men. Their sense of community involvement has solidified our chances of staying in first place in WMU's philanthropy category.

Capturing the floor hockey championship and placing second in soccer has put us into an excellent position to capture our fourth intramural championship over the last six years. With our continued success in athletics, philanthropies, and campus involvement, we are in an excellent position to win Western Michigan's "Outstanding Greek Chapter."

With our extremely competitive nature, we have overcome many obstacles. At the beginning of the year, we set many difficult, but attainable goals. These goals included increased membership, continued campus and community involvement, eradication of past debt, and rejuvenation of our alumni program. We have attained all our goals for this year. Our last long-term goal is to create a structured plan to realize the dream of building a house on Fraternity Village Drive.

WESTERN ONTARIO

We started the 1993-94 year in strong fashion by placing third overall in Western's Greek Week games. We were fortunate to take in 11 associates this fall.

Our second annual Homecoming event was the highlight of our fall. Philanthropic projects included our first annual "Polar

Bear Dip" at Fanshawe park with all proceeds going to the United Way.

Sandor Johnson '93 was Canadian male model of the year in 1992 and has appeared in *Gentlemen's Quarterly*.

Our golf tournament brought the men north to Muskoka for an inspirational weekend and we celebrated Founders' Day with a brunch on February 6.

Our successes in such areas as hockey, fundraising and philanthropy. These lead one to conclude that each of our member's contributions is a crucial part of Delta Chi.

Our biggest accomplishment would undoubtedly be increasing the involvement of our alumni. This was evident in their support, both physical and financial, as well as the increased number of alumni attending the annual Founders' Day semiformal and White Carnation Ball.*

WHITEWATER

We have initiated 12 brothers into our family. They have grown to be a strong part of our new leadership. We are also very blessed by **David Cohen**, who is our first physically disabled brother. Our associate members worked very hard to accommodate Dave and it is our priority this semester to make our house handicap accessible.

Our formal, which was held in Madison, Wisconsin, went exceptionally well. A great number of alumni attended, furthering our strong relationship with them.

A great thanks to all our alumni who represented us well in the funding for the renovations of our headquarters. We are gearing up for rush in order to fill the huge void left by the graduating brothers.

WINDSOR

Fall semester was fairly successful with all factors considered. An informative visit

West Virginia Tech brothers get together for a formal picture at the formal dance celebrating their ten-year anniversary.

These Washington State brothers attempt high kicks during a Homecoming serenade.

from the traveling consultant and support by local alumni saw us get back on our feet after a disappointing year. Our fall class of seven men has been a bright spot. This small number may not seem like a lot to some schools, but we doubled the number of the other fraternity initiates.

The Windsor IFSC Winter Ball was a resounding success as there was a good turnout from all fraternities and sororities on campus. Delta Chi hosted a post-formal social gathering afterwards that was well attended and seemed to mend some rifts between organizations.

We broke through the sub-arctic temperature for the biannual Associate Member/Active football game. This year due to the minus 40-degree weather we dubbed it the Leon Lett Ice Bowl. The game resulted in a 21-14 victory for the undergraduates and was covered by the local newspaper.

Windsor hosted the Region VI Conference this year and we looked forward to

seeing all the brothers. Philanthropy, social and intramural events also seem to be extensive and should keep us busy.

WISCONSIN

Plans are underfoot to look for a new and better house on campus. Fall semester turned out to be one of our best as we earned a 3.0 GPA. We hope to do even better this semester. This summer we plan to hold the first Wisconsin Chapter Alumni Homecoming event. We are looking for a big turnout of original, current and area alumni. Feel free to contact us with any questions, concerns or comments about this.

WYOMING COLONY

Our colony has experienced the week-long visit from **Jim Marascio**, Leadership Consultant. We had two members elected

This is what we heard from you . . .

Brothers in the Bond,

A little over a year ago I was invited by the Delta Chi Chapter at Western Michigan University to attend an initiation ceremony at the house on Short Road. Short Road, not the famous (infamous) 820 W. South Street I remembered so fondly. Since I hadn't witnessed an initiation for over twenty-five years I decided I should go.

The occasion was in reality the initiation of my son, Jeff, into the Fraternity. The father of one of the others in the pledge class was also present and we enjoyed the opportunity to compare notes and memories. I felt a lot of pride in the fact that my son had decided to become a Delta Chi and felt a strange sort of commingling of emotion as I realized that we were embarking on a change of strictly paternal relationships to the inclusion of shared experiences from a fraternal standpoint as well.

The trip down memory lane also brought back the recognition of the importance of fraternity life in my growing up. Learning to live with others, and developing friendships, and social and leadership skills are important parts of the growing process which I believe to be important and an adjunct to the educational process which fraternity involvement enhances.

I encourage you all to take the walk back in time. Visit the campus, visit the chapter and get to know the current generation of fine young men now growing under the banner of the Bond of Delta Chi.

Faternally,
William C. King '66
Western Michigan University

to IFC, one as scholarship/vice president and the other as treasurer.

Editors' Note: * indicates that the material submitted by this chapter was inadvertently omitted from the Winter issue. We offer our heartfelt apology for this, and we have included appropriate submitted information in this issue.

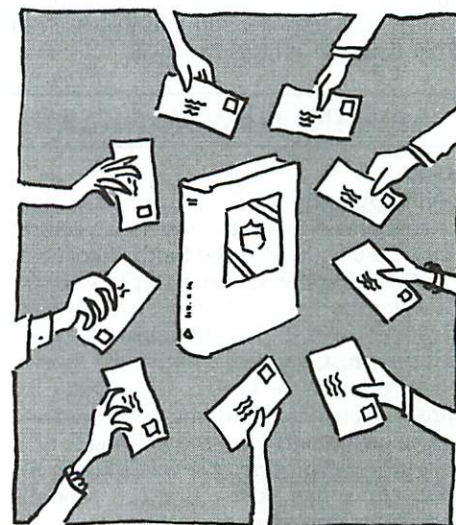

Attention Delta Chi Fraternity — Watch the Mail!

All Delta Chi Fraternity alumni with current addresses will soon be receiving an important questionnaire in the mail. This questionnaire is being sent to give every alumnus the opportunity to be accurately listed in the upcoming new Delta Chi Fraternity Alumni Directory.

IMPORTANT: PLEASE BE SURE TO COMPLETE AND RETURN YOUR DIRECTORY QUESTIONNAIRE BEFORE THE DEADLINE INDICATED!

Once received, your information will be edited and processed by our publisher, Bernard C. Harris Publishing Company Inc., for inclusion in our new Directory. At a later point in the project (and before the final composition stage of the book) you will be contacted by Harris directly to verify that your personal data is absolutely correct.

If you don't return your questionnaire, it is possible you may be inadvertently omitted or that the information on you will be incorrect. So don't take a chance . . . watch for your questionnaire form and remember to return it promptly!

ALUMNI CHAPTERS

BLUEGRASS

We are pleased to announce the formation last summer of the Bluegrass Alumni Chapter! The primary purpose of the Chapter is to provide a "close association" of alumni through various events during the year. Every event has brought more participation, and we hope to see larger turnouts at future events. This year's events include a ski trip, a day at Churchill Downs, a Kentucky Derby party and a golf scramble.

If you have not been contacted please get in touch with our "A" **Steve Bizzell** at (502) 852-4262, or "E" **James Assef** at (502) 637-3351 (evenings). The mailing address is 1720 O'Daniel Ave., Louisville, KY 40213. Our meetings are scheduled for the last Sunday of each month at 6:30 p.m. with the meeting place being negotiable. All the brothers look forward to hearing from you!

PITTSBURGH-GOLDEN TRIANGLE

There were 32 dues-paying members for 1993, but we estimate that 65 different brothers attended at least one meeting or social event. Social events included wallyball nights, Pirate game tailgate parties, the annual summer family picnic, and a bowling night. These events were in addition to our usual monthly planning meetings held on the last Tuesday of each month at Inn-termission Lounge, 1908 E. Carson St. on Pittsburgh's South Side.

Future events include Pirate tailgating and the family picnic on August 7 at Squaw Valley Park in O'Hara Township. We also expect to have a few less formal events including bowling, a summer pool party, a Halloween party, a Christmas or New Year's party and a small-stakes poker night.

The majority of our members are from the Johnstown Chapter, but we welcome and encourage participation from any alumnus from any chapter. Most of the brothers bring their wives or girlfriends to the events. Please come to a planning meeting or one of our events. We are strictly a social group, with no obligation other than for you to enjoy yourself. For further information or to be added to our mailing list, please call **Tom Portante** at (412) 781-3958.

ALUMNI NEWSMAKERS

IOWA

Nick Quartaro '77, Bill Snyder's associate head football coach the last two years at Kansas State, is now the football coach at Fordham. Brother Quartaro replaces Larry Glueck who resigned after an eight-year record of 20-51-1. Fordham lost 10 games last season. Quartaro, a native of Geneva, New York, was the head coach at Drake for three seasons before moving to Kansas State where he spent five seasons helping to turn that program around. He was a kicker for Iowa, finishing as the Big Ten school's second leading scorer.

Bluegrass Alumni Chapter members and friends gather 'round the bonfire after a hayride.
