FORREST HOGLUND
1996 Delta Chi of the Year

CONVENTION

Dallas, Texas, and the Hyatt Regency at Reunion provided the backdrop for the 50th International Convention of The Delta Chi Fraternity, which was held from July 31 to August 4, 1996.

Nearly 400 alumni from all over North America gathered in Big D for five days of fellowship, legislation, education and good old fun.

Wednesday, July 31

Wednesday was the arrival day for most of the delegates and other attendees. As the Board of Regents met for the second straight day, brothers arrived from as far away as Alberta, Canada, and Hong Kong. The only official convention event was the Welcome Reception, which began at 7:00 p.m. and lasted until nearly 10:00 p.m. Old friendships

were renewed and new friendships begun as "AA" **Larry Nothnagel**, Northeast Missouri '79, welcomed everyone to what has become over the years our ultimate celebration of our Delta Chi brotherhood.

The West End Historic District in Dallas became the focus of attention after the Welcome Reception, and Delta Chis could be seen visiting the many night spots there. It was obvious to convention veterans that those partaking in the night life had no idea what a long day was in store for them Thursday.

Thursday, August 1

Anyone who has ever attended a Convention knows that Thursday begins early and ends late, and this was no exception, begin-

ning with a continental breakfast. Following are the highlights of the first general session:

- The memorial resolution read by **Greg Hauser**, Michigan State '75, honoring all brothers who have died in the last biennium was passed.

- **Jefferson Coleman**, Alabama '29, was named as the Convention Honoree.

- Brother **Christopher Johnson**, Kentucky '77 and a member of the Order of the White Carnation, addressed the Convention via telephone. His health would not permit his attendance, but since he did address the Convention, a resolution marking him as in attendance was passed by the delegates.

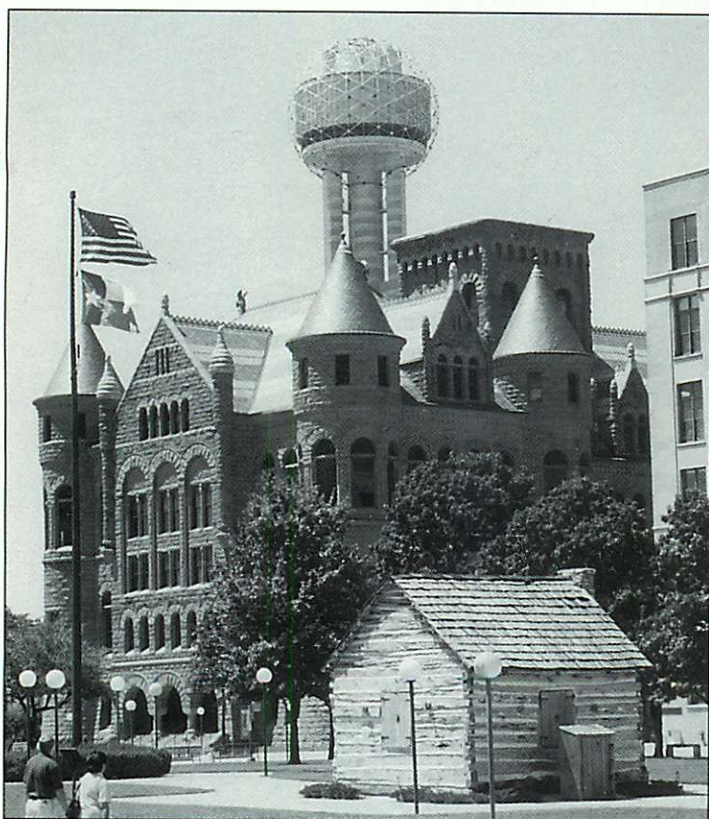

- Nominations were accepted for international officer positions. Nominated for "AA" were **Paul Bohlman**, Ohio State '70 and **Marc Solondz**, Indiana '88. Nominated for "CC" was **William Williams**, Gannon '83. And the nominees for "DD" were **Keith Shriver**, Florida '79; **Ken Young**, Auburn '69; and **Michael Welsh**, Illinois State FAC. Each candidate then had the opportunity to address the Convention.

- Reports were given by the "AA" and by the Executive Director addressing the State of the Fraternity.

At the Educational Foundation luncheon, the past two winners of the Educational Foundation Speech Contest presented their speeches. The 1995 winner, **Brett Young** from the Kansas Chapter, spoke on the need of leaders to have integrity and to lead by example. The 1996 winner, **Mike Tatman** from the Illinois State Chapter, was joined at the luncheon by his parents and spoke on the ways Delta Chi can give you the opportunity to develop as a leader. Both speeches met with a positive response (both speeches can be found on the Fraternity's Web Page at <http://www.deltachi.com> under the Foundation link). Alumni awards were then presented, including the Meritorious Service and Distinguished Delta Chi Awards and a variety of Foundation awards. **Fred Hammert**, Oklahoma '58 and the MC for the luncheon, was honored for becoming only the fifth member of the Fraternity to reach the Martlet Club giving level for gifts to the Foundation of between \$50,000 and \$99,999. His support was met with a standing ovation.

After lunch, Convention attendees immediately went to their Regional Caucuses where they were able to meet the candidates for interna-

our

tional office, discuss the items of business to come to the Convention floor, and any other Regional items. Re-

he also addressed the Convention.

• Delegates voted for a \$5 associate member dues in-

3. an amendment from the floor to have a failure to vote on a mail ballot no longer count as a "yes" vote.

Upon the conclusion of General Session II, attendees gathered at the foot of the Reunion Tower in Dallas for the Convention photograph. The stifling heat was no match for Convention guests as the photograph was taken in just about 15 minutes.

Then the under-graduates had a short break for

Incorporated in 1954, The Delta Chi Educational Foundation's mission is to challenge our brotherhood to a lifelong commitment to the improvement of our world by developing the leaders of the future.

The organization relies on the support of all Delta Chi alumni in order to positively impact the leadership and personal development of our undergraduate members.

The tradition and character that are Delta Chi are never more evident than when a brother gives of himself to help ensure the success of his Fraternity and its members.

Through such programs as the Jackson Leadership College, the Regional Leadership Conferences, educational portions of the International Convention, the Leadership Consultant program, the Borelli Family Leadership Awards, the Speech Contest and other educational awards, the Foundation is reaching thousands of young brothers each year.

But there is more to be done. Please use this envelope to mail your gift today.

dinner while the "BB"s and ABT members gathered for a recognition dinner that expressed the Fraternity's appreciation for the work those men do at the chapters.

The Alumni Ceremony was next, followed by the Ritual Exemplification and

the History of the Ritual as presented by Greg Hauser, Past "AA" and a foremost authority on the rituals of Delta Chi as well as of other fraternal organizations. The session lasted until well past midnight. With the first full day of the Convention behind them, delegates hit the sack in anticipation of another educational and fun day Friday.

Friday, August 2

The Jackson Leadership College kicked off with ses-

sions on Managing Change, Housing, Visioning, Leadership Skills, Scholarship, Risk Management, and Delta Chi on the Internet. During the last session the Delta Chi Web Page was unveiled.

A special session featured Dr. Richard Voorneveld, the Dean of Students at the College of Charleston. A member of Pi Kappa Phi, he has been very involved with Delta Chi and shared his insight on how students can achieve balance in their lives.

Following this session, Dennis Howard took the stage. Dennis is a member of Lambda Chi Alpha and an up-and-coming speaker on the national level. His presentation "It Can Be Done," was inspiring, innovative and creative and very enjoyable.

During free time on Friday, several attendees participated in the second Biennial Kimball Open golf tournament, while others went to Six Flags over Texas, lounged by the pool, or did some sightseeing in Dallas. The Sixth Floor Museum (detailing the Kennedy assassination) was a popular spot.

That evening, most of the Convention attendees came

back together for a night at the world-famous Mesquite Rodeo where they were treated to a fine dinner and some of the best rodeo action (featured regularly on ESPN) to be had in the United States.

Saturday, August 3

The Jackson Leadership College resumed on Saturday morning with a variety of topics including: 101 Things College Should Have Taught You, Goal Setting, Diversity Issues, Responsible Socializing, Stress Management, Resume Writing and the Value of Fraternities.

The morning special session was presented by Mary Peterson, the associate director of campus programs at the University of Iowa, and was entitled "Challenging Brotherhood." There is one unmistakable fact about Mary Peterson: *She makes you think.* And this session was no exception.

Luncheon was hosted by Bobbi Marten, an etiquette consultant from St. Louis. She presented solid information on how to conduct yourself at a meal. These skills will be invaluable to those already in the business world and those soon to be.

The Jackson College continued with sessions on: Life Beyond College, recruitment, manners, leadership, financial affairs, associate member education and balanced living. At the conclusion of the College, financially supported by the Educational Foundation, many commented that it had been one of the best ever offered. The sessions contained valuable information presented by talented and well-qualified speakers and the results were outstanding.

The highlight of any convention is most often the black-tie banquet, and this year was no exception. With

tional office, discuss the items of business to come to the Convention floor, and any other Regional items. Regional Caucuses are fast-paced and feature debate and many questions. No sooner did the Caucuses break up, than it was time to move back into General Session.

Following are the highlights of General Session II:

- Paul Bohlman, Ohio State '70, was elected as the 46th "AA" and addressed the Convention.

- Bill Williams, Gannon '83, was elected to his second term as "CC" and addressed the Convention.

- Ken Young, Auburn '69, was elected as the "DD" and

he also addressed the Convention.

- Delegates voted for a \$5 associate member dues increase (to \$65) effective August 1, 1996, and a \$5 initiation dues increase (to \$145) also effective August 1, 1996. They also passed an additional \$5 increase in initiation dues (to \$150) which will go into effect on July 1, 1997.

- The delegates voted against:

1. an amendment from the floor to raise the initiation dues to include a badge.

2. an amendment from the floor to ban alumni initiates from running for the offices of "AA", "CC", and "DD".

3. an amendment from the floor to have a failure to vote on a mail ballot no longer count as a "yes" vote.

Upon the conclusion of General Session II, attendees gathered at the foot of the Reunion Tower in Dallas for the Convention photograph. The stifling heat was no match for Convention guests as the photograph was taken in just about 15 minutes.

Saturday, August 3

The Jackson Leadership College resumed on Saturday morning with a variety of topics including: 101 Things College Should Have Taught You, Goal Setting, Diversity Issues, Responsible Socializing, Stress Management, Resume Writing and the Value of Fraternities.

The morning special session was presented by Mary Peterson, the associate director of campus programs at the University of Iowa, and was entitled "Challenging Brotherhood." There is one unmistakable fact about Mary Peterson: She makes you think. And this session was no exception.

Luncheon was hosted by Bobbi Marten, an etiquette consultant from St. Louis. She presented solid information on how to conduct yourself at a meal. These skills will be invaluable to those already in the business world and those soon to be.

The Jackson College continued with sessions on: Life Beyond College, recruitment, manners, leadership, financial affairs, associate member education and balanced living. At the conclusion of the College, financially supported by the Educational Foundation, many commented that it had been one of the best ever offered. The sessions contained valuable information presented by talented and well-qualified speakers and the results were outstanding.

The highlight of any convention is most often the black-tie banquet, and this year was no exception. With

the Grand Hall of Union Station as the setting, convention attendees and local alumni gathered to enjoy the fellowship of the evening, discover the major award winners and hear the keynote speech delivered by **Forrest Hoglund**, Kansas '56. (Please see related story on page 6). He talked of the importance Delta Chi can have on your professional development, the need to continue to support the organization that means so much to so many, and the impact a successful business career can have on your ability to touch the lives of others. It was a wonderful speech.

Another highlight of the banquet is always the "Handshake Across Time." At the Convention celebrating the 50th anniversary of Delta Chi, Founder **Monroe Marsh Sweetland** shook the hand of several brothers and asked that they send his greetings to future generations of Delta Chi brothers gathered in Convention. **George Obear**, DePauw '28, who attended that convention, started the handshake this year. Everyone watched as it quickly spread around the room.

Following the "Handshake Across Time," Brother Hoglund and Brother **Thomas Glasgow**, Michigan State '68 and COO of McDonald's (the subject of a

Quarterly cover story in the fall of 1995) were named Delta Chis of the Year for 1996 and 1995 respectively. The Delta Chi of the Year Award is given for achieving success in your chosen profession while upholding the standards and ideals of Delta Chi. It is impossible to argue with the level of success both of these men have achieved.

Next, the Certificates of Achievement, Most Improved Award, Awards of Excellence and President's Cups were awarded. Those recipients are listed in this issue of the *Quarterly*.

James Dodson, Oklahoma '58, was presented with a Distinguished Delta Chi Award at the banquet as well. Brother Dodson is a venture capitalist from California and has been instrumental in the work of many needy charitable organizations. He, too, has reached an unbelievable level of success and was present to accept his award and share his experiences.

Mary Peterson was presented with the John J. Kuhn Award, which is given to an individual who has worked tirelessly for the benefit of the entire Greek system.

Larry Nothnagel took the opportunity to make a few remarks about what Delta Chi has meant to him and to recognize the people who have helped him along the

way. It was his final address to the Convention as "AA" of the Fraternity.

After a few more closing remarks, the brothers formed a chain of brotherhood that encircled the entire Grand Hall and sang "The Bond of Delta Chi." It was a fitting end to a magnificent evening.

Sunday, August 4

The chapter programming awards were presented at the closing awards brunch on Sunday morning. The recipients of those awards are also listed in this issue. Brother Obear then stepped to the podium to swear in the new international officers. Then a Badge and neck ribbon to be worn by the wife of the "AA" were presented to Joan Bohlman and a neck ribbon to be worn by the wife of the retiring "AA", Janet Nothnagel, was presented to her husband.

After remarks by "AA" Paul Bohlman, **Hamilton Henderson**, NWMO FAC, adjourned the 50th International Convention. It was the culmination of five

grueling, yet rewarding, days. Many of the brothers hit the highways and airports to head home, while others stayed behind to take in a baseball game at the ballpark at Arlington or to continue to see the sites of Dallas. No matter, all will be able to say they had a great time, learned a lot and made new friends.

There is a quote by **Billie Bride**, Georgetown '04, that says, "if you have never been to a Delta Chi Convention, you have yet to have the time of your life!" The 375 or so attendees at this year's convention will no doubt agree with that statement.

And remember, it's not too early to start planning to meet your brothers in St. Louis in early August of 1998 for the 51st International Convention of The Delta Chi Fraternity.

HOGLUND WINS

"I LIKE TO BE ASSOCIATED WITH WINNERS!"

Those are the words of Forrest E. Hoglund, Kansas '56, the chairman, president and chief executive officer of Enron Oil and Gas Company.

Brother Hoglund has exemplified the strategy that if you associate with winners, you become a winner yourself. That is evidenced by the remarkable business career he has strung together, and the outstanding civic work he has done in his community. His success led to his being named the 1996 Delta Chi of the Year.

Hoglund was born July 1, 1933, and received a B.S. degree in mechanical engineering from the University of Kansas. He graduated in what he considered a hot job market and has been on the fast track ever since.

"After I graduated, I interviewed all over the place, and I had all kinds of offers from different places," Hoglund recalled. "I remember one aircraft company gave me a job offer and then sent me three raises in the mail before I even took a job. It was very unusual. Not like today, that's for sure."

"Well, I ended up taking a job with what is now Exxon Oil as an engineer. I got married right after college,

jumped in the old station wagon and headed for Corpus Christi, Texas. We bounced all over south Texas in various engineering jobs for probably seven or eight years, just learning the business. I just kept progressing with Exxon, and I really did get on the fast track. I ended up going to New York in 1973 as vice president of Esso Middle East, which was really the first time I became involved in international business. It was really a fun and challenging time because that was at the time of the oil embargo when the prices really started taking off. We were having a wild time with that when they named me vice president of Natural Gas and Gas Liquid worldwide."

Hoglund was the youngest vice president at Exxon, a landmark that is still a record with the corporation. But his career was only beginning to take off.

"A head-hunter kept talking to me about coming to this little company in Dallas called Texas Oil and Gas that was started by an entrepre-

neur," he said. "It had grown to a size where they wanted to bring someone in from the outside to run it as president and CEO. I left Exxon after 21 years and came to Dallas and started helping to run that company. That was in the days when things were really taking off. We took Texas Oil and Gas from a \$500 million company to a \$5 billion company in stock market value in eight years."

Then things started to slip. With falling oil prices and the problems associated with them, it was really a tough time in the oil and gas industry. Hoglund recalled that Texas Oil and Gas had taken their stockholders all the way up, and he and the rest of the TXO management decided they were not going to take them back down. So they started to look for a merger. US Steel got very interested. In fact, they had been a shareholder of TXO for quite some time. With Hoglund at the helm, TXO worked out a merger that took place in February of 1986. At that time it was the largest kind of pure merger that had ever been done, and TXO received 52 percent of the stock.

Hoglund remained as president and went on the Board of USX and served in that capacity for about a year and a half. It was at that time that he was approached by Kenneth Lay, the head of the

Delta Chi of the Year Forrest Hoglund enjoys associating with winners at the International Convention: (from left) Gary Monk, "AA" Emeritus, Foundation President and Order of the White Carnation; "Doc" Underwood, Kansas '51, Past Foundation President, "BB" Emeritus and Order of the White Carnation; and Mike Carroll, Auburn '71, Past "AA".

Enron Corporation, about heading Enron's Oil and Gas Division and taking it public as a separate entity.

"It was an offer I couldn't refuse," Hoglund said.

Enron Oil and Gas, a New York Stock Exchange company, is one of the largest independent (non-integrated) oil and gas companies in the country in terms of domestic reserves. The company is engaged in the exploration for and the development and production of natural gas and crude oil primarily in the United States, and to a lesser

Enron was named "The Most Innovative Company" of the entire business world by Fortune Magazine

extent, in Canada and around the world. About 52 percent of the stock is owned by the Enron Corporation, which in August was named "The Most Innovative Company" of the entire business world by *Fortune Magazine*.

"Enron is obviously very good at what they do," Hoglund said. "But my part of it is Enron Oil and Gas. We took it public in October of 1989 all by itself. You have Enron and you have Enron Oil and Gas on the exchange. Enron owned 80 percent at that time, but now they are down to a net of about 52 percent. The rest is all publicly held."

Hoglund and his associates have met with enormous success. In January of 1988 when they were first trying to take it public, it was valued at \$800 million. In mid-July of this year, the company was valued at just over \$5 billion. And the man at the helm, the man with the Midas touch of sorts, attributes that success to this being a unique period in the history of business.

"We are seeing country after country trying to privatize. They are opening up their economies, they want the technology, they want the expertise, and they want to develop their resources," according to Hoglund. "In our business, it used to be that a country would use one of the major oil companies that had been there forever, or they would have their own national oil companies, which were inefficient. The privatization started in Argentina and has gone like dominos, and other

countries can't stay out of it. If you are a Third World country and you stay out of

this, you could become a fifth world country.

"All of a sudden there are these absolutely enormous opportunities developing abroad, and five or six years ago we basically weren't doing anything internationally. That means I am traveling a good amount. Eighty percent of our business is still in North America but the really big growth opportunities are internationally.

"I think this is what is driving the stock market, and we are only about 15 percent into the cycle. The interesting thing is that there is nobody alive who has seen this happen. It has never happened before. The opportunities are limitless."

And Hoglund expects it to continue.

Enron Oil and Gas has projects in Canada, Trinidad, India, Venezuela, Qatar, Uzbekistan and is conducting coalbed methane recovery in China, Australia, the United Kingdom and France.

"I have people who are there all the time," Hoglund said. "But the one thing that is different internationally

than in the U.S. is that they want to see the top executives. They want to see the decision makers, which means I have got to be there. It is exciting."

But not without challenges.

"The challenges I face are the normal ones," Hoglund understated. "The biggest single challenge I face is managing the price volatility and risk. Natural gas prices are the most volatile commodity there is. They make pork bellies look like the Rock of Gibraltar.

"The other challenge is mainly the competition. You have to make sure you are getting your share, have good people and all the other management things that have to go with it. But we have a very good business. We have created this \$5 billion market value in a company with 800 employees. You can't find many businesses in which you can do that."

Brother Hoglund runs things differently.

"Most big, major corporations have guys who want the salaries and bonuses and this and that," he explained. "I didn't want that at all. In fact, I didn't take a bonus and haven't had a raise for eight years. But I have a lot of stock (laughing). If I make a lot of money, that means the shareholders are making a lot of money."

That is a fact not lost on Kenneth Lay of the Enron Corporation. He rewarded Brother Hoglund with stock options that brought him \$19 million in 1994.

In the August 5, 1996, issue of *Fortune Magazine* Lay was quoted as saying, "If Forrest creates enormous value for the shareholders and receives enormous compensation for it, then Godspeed to him. I'm not afraid to hire someone who is smarter, more creative, pret-

tier, more handsome, or more highly paid."

It was also Hoglund's strategy of associating with winners that led him to Delta Chi at the University of Kansas. His older brother was a member of the chapter, and there was a Kansas City group from his area involved with the Fraternity. After a year at William Jewell College, he transferred to Kansas and pledged Delta Chi.

"I have good memories of my time in the Delta Chi house," he said. "One of my fondest memories was winning the Otto Schnellbacher Award, which is given to the outstanding brother and is awarded by your peers. I also served as "A", and the guys really got behind me when I was trying for campus leadership positions.

"It was valuable to me to get into specific leadership positions where I was able to hone the skills I had. The Fraternity was great in backing me in everything I did."

Hoglund ran for student body president, was president of several honorary societies, captain of the baseball team, and editor of the school calendar. He met a lot of people and was placed in many different situations, which helped him to prepare to meet the challenges facing a college graduate at that time. The challenges are not all that different now.

"The biggest thing for graduates is to get their own skills up to the highest level they can," he said. "That is the basic bedrock of what you have and what makes the difference in the long run. The thing is then getting a good job and mixing it up and seeing how you compete. I think we are in the middle of the biggest business explosion in the history of the world, and with that there are going to

TAKE A SNEAK PEEK AT THE GOLF EVENT OF THE '90'S!

DELTA CHI Presents

The 2nd Annual SNAKE EYES GOLF CLUBS FRATERNITY GOLF FESTIVAL

February 15-18, 1997 • Jacksonville, Florida

Grab a partner and join alumni from seventeen of the top fraternities in the country for a one-of-a-kind celebration of golf, fellowship and even a little friendly competition. You'll enjoy:

- * The best of Florida golf at four great courses
- * The most unique and exciting event in amateur golf today. 72 holes over three days with three different formats (scramble, best ball, and alternate shot) for TWO person teams.
- * A choice of three or four day all-inclusive and affordable packages starting at \$399

ALL PACKAGES INCLUDE:

- * 72-90 holes of golf * Accommodations for 3-4 days *
- * 6-7 Meals * Tournament Gift * Tournament prizes awarded in 6 flights *

THE GOLF

The SNAKE EYES FRATERNITY GOLF FESTIVAL will offer the opportunity to test your skills on four of Jacksonville's top rated courses:

* TPC at Sawgrass Stadium Course

Home of the PGA Tour's Players Championship
(Available only with 4 day/3night Marriott at Sawgrass Package)

* Jacksonville Golf & Country Club

* Osprey Cove Golf Club

* Windsor Parke Golf Club

Jacksonville Golf & Country Club

SNAKE EYES is proud to host this 2nd annual gathering of fraternity/golf enthusiasts. We are excited to offer a selection of our TOUR QUALITY wedges, drivers and putters as top prizes for the competition. FOUNDERS' DAY MESSAGE

In the late 1800s when Delta Chi was founded, life was much less complex. There were no computers, televisions, telephones, faxes, or automobiles.

Communication was either face to face or delivered several days later via the hand-written word. The family unit was the centerpiece of the American society; mom stayed home to take care of the house and raise the children while dad went off to work or out into the fields. The issues of the day were thoroughly discussed around the dinner table, at the town hall, the local barber shop or in societies where one's views would be kept secret. Women did not have the right to vote and racial segregation was accepted as a way of life.

Today we live in a complex world. Technological advances allow the instantaneous transfer of information from anywhere in the world. Soundbites and political commentators give shape to public opinion. People and goods can move between coasts in a single day, and family values have significantly changed. The legal system is awash with frivolous lawsuits fueled by judgments with large awards for damages, and we are struggling with issues such as sexual harassment and discrimination.

Today more than ever, the fraternity can provide a service. As families become more disjointed, the fraternity can serve as a place of acceptance. Alumni can provide positive role models and chapter meetings can help individuals develop presentation and oratorical skills. Leadership, scholarship and management skills can be sharpened while one learns to live and work with a diverse group of people all trying to find themselves and make their mark in the world.

Today's fraternity system however is under stress. Strin-

gent laws on alcohol abuse, hazing and sexual abuse are impacting our members as never before. Perhaps the issues of the late 1890s were as serious as the issues of today, but the increase of litigation is having a profound effect on how we operate. We have plenty of nay-sayers outside of the Greek Community trying to tear us down. We can not let this happen and furthermore, we can not tear ourselves down from within. The reputation and image we (fraternities) have is our own making and only we can cause society to redefine what they believe about Greeks. We must continuously strive to build a strong organization with direction, purpose and desire in order to demonstrate that fraternities, especially Delta Chi, are strong, viable, worthwhile contributors to the development of young men and the communities and nations we live in.

Brotherhood is understanding the differences we all bring to the organization, it is being receptive to the ideas and opinions of others, it is searching for and finding the common ground upon which to build a strong organization with direction, purpose and desire. We must demonstrate these values through our actions by being our Brother's keeper. That means standing up and doing what is right, not what is necessarily popular. It means confronting a brother, a friend, an alumnus or an undergraduate when they are doing something wrong, for non-action indicates acceptance. Brotherhood means accepting responsibility for your actions. In today's world it has become easy to place blame elsewhere. Next time you make an excuse about why you weren't at fault, why

you didn't do as well as you should have, why you missed a meeting or event, why something happened that reflects poorly on you or Delta Chi, ask yourself the question, "Could I have done something different, and am I partially at fault?" If the answer is yes then accept the responsibility, make the necessary changes and move on.

Most of us at one time or another have been part of or have observed a great team, a group of people who functioned well together in an extraordinary way—who trusted one another, who complemented each other's strengths and compensated for each other's limitations, who had common goals that were larger than individual goals, and who produced extraordinary results. I have met many people who have experienced this sort of profound teamwork—in sports, or in performing arts, or in business. Many say that they have spent much of their lives looking for that experience again. What they experienced was a learning organization—the essence of fraternity.

Learning organizations begin with the premise that individuals, when shown respect and given room for initiative, can create the climate that makes teams produce results that exceed expectations. Moreover, once established, this escalation of productivity can extend throughout an organization, fostering significant change that endures.

We, Delta Chi, need to do a better job of transferring learning. Too many chapters are reinventing the wheel term after term. Unfortunately, many of these chapters are unwilling to look themselves in the eye and admit they need help or that they failed to follow sound

advice. This is where alumni can play a vital role by helping with the transfer of learning. Those who come later should benefit from those who preceded and from the mistakes and lessons that were learned.

None of us really knows how Delta Chi will evolve with the fullness of time. But of this we can be certain: Delta Chi has the potential to be an influential factor in the development of tomorrow's leaders. There's no doubt we live in a more complex world than when our Founders first got together. But what they began continues to serve as an excellent vehicle to promote friendship, develop character, advance justice and assist in the acquisition of a sound education.

So as we celebrate the anniversary of our Founding, think about the opportunity you have, whether you are an undergraduate or an alumnus, to contribute to Delta Chi and to the overall good of the organization. Are you one who finds fault with everything, accepts little or no responsibility, and fails to stay within the expected norms of society? Or are you the type of person who looks beyond the immediate problems, searches for reasons to get involved, accepts responsibility, actively participates in every event, and is ready to stand up for what is right, even if it means potentially losing a friend? I hope you are the latter for I believe our Founders were and that they sought to bring this type of person into their fledgling society. It is what has made Delta Chi great and what will enable us to move aggressively into the 21st century!

In the Bond,

Paul W. Bohlman, "AA"

We thank our donors!

Note: Any member who donated after June 30, 1996, will have his name listed in the 1996-97 Annual Report. Members listed in boldface made unrestricted donations totalling at least \$100 between 7/1/1995 and 6/30/1996 to be applied where the need is greatest. All caps indicates donations of at least \$250, * indicates at least \$500 and ** indicates at least \$1,000.

Fred Hammert, his wife Marian and George Obeare. Brother Hammert joins Brother Obeare as a member of the Martlet Club giving level (\$50,000-\$99,999) of the Educational Foundation.

Lifelong Commitment

Life to date giving club levels of living alumni

Order of the Scimitar (Sc) — \$25,000 - \$49,999

Order of the Shield (Sh) — \$10,000 - \$24,999

Sir Edward Coke Club (C) — \$5,000 - \$9,999

Kimball's Club (K) — \$2,500 - \$4,999

Founders' Circle (F) — \$1,000 - \$2,499

Note: Club members have either donated the funds necessary to achieve the indicated level or have signed a pledge to reach that level within a specified time period. The 487 loyal members in the President's Club (\$500-\$999), the 961 loyal members in the Regents' Club (\$250-\$499) and the 1,704 loyal Leges Club (\$125-\$249) members have not been printed here due to limited space. Those who gave this past fiscal year (July 1, 1995 to June 30, 1996) may be identified by the (P), (R), or (L) designation after their names in the 1995-96 Contributors Listing.

1996 Award Winners

The Delta Chi Awards Program is designed to recognize and promote those areas that are critical to the success of a chapter. The oldest award, the "E" Key Award, and the Outstanding "C" Award recognize the performance of two vital chapter officers.

For the other awards, the Fraternity is divided into two divisions: Red and Buff. The Red Division contains those chapters with 19 or more fraternities on their campus or whose Greek system has over 40 percent of the undergraduate student body. The remaining chapters make up the Buff Division.

In recognition of a chapter's performance on campus and within the community, the

Outstanding Campus Leadership, Outstanding Community Service Program, Outstanding Intramural Program, Outstanding Membership Recruitment Program, and Outstanding Scholarship Program Awards are presented. This year an important new award was added, Outstanding Financial Management.

Three awards address the alumni programming of a chapter: the Outstanding Alumni Board of Trustees, Outstanding Alumni Newsletter and Outstanding "BB" Awards.

Chapters that have shown a marked improvement in their overall operations

are given the Certificate of Achievement. The "AA" selects the winner on the Most Improved Chapter from the recipients of this award.

The winners of the Award of Excellence show strength across the board. In most cases they are winners of several programming awards. When they are not, they show consistently above average performance in all areas with no area of weakness.

From the recipients of the Award of Excellence, the "AA" selects the President's Cup winners. There is a maximum of three Cups in each Division but no minimum.

Special Awards

Convention Honoree

Jefferson Coleman, Alabama '29 was "A" of the Alabama Chapter and served as "CC" of Delta Chi from 1952 to 1954, and as "AA" from 1954 to 1956. His other Delta Chi honors include the Order of the White Carnation and "AA" Emeritus.

Order of the White Carnation

Greg Hauser, Michigan State '75, has served as a Field Secretary from '77-78, Chairman of the Ad Hoc Committee on Governance, Ritualist from '83-85, "DD" from '85-90, "AA" from '90-92, Foundation Board Member, and has attended 11 Conventions, and over 40 Regional Conferences. He has been a delegate to the NIC, Chairman of the Headquarters Location Committee, and has visited some 100 Delta Chi Chapters. He is currently serving on one ABT and three different House Corporations.

Valor Award

The Valor Award recognizes special acts of heroism by Delta Chi members. **Gavin Wells**, Oregon State '96, and **Tim Murphy**, Northern Colorado '93, rescued retired Oregon State University pharmacy professor Eugene C. Lee from the flooded Luckiamute River when the car in which he was riding was forced off the road into the river. By swimming out to the car and breaking the rear window with a hammer, Tim and Gavin freed Professor Lee.

Meritorious Service Awards

Meritorious Service Awards are presented to recognize significant contributions of a semi-conspicuous nature as a "BB", ABT member, Housing Corporation member, committee member, Regent, Vice Regent, staff member or undergraduate. Men may receive this award multiple times over their careers for service in different roles.

Rod Arnold, Texas A&M '87, for service to the Texas A&M Chapter.

Christopher Byrd, Missouri '90, for service to the Missouri Chapter.

Paul Goryl, Michigan State '78, for service to the Cal Poly Chapter.

David W. LaCour, LSU '91, for service to the LSU Chapter.

Daniel J. Kruse, Northern Iowa '92, for service to the Northern Iowa Chapter.

Robert E. Murphy, Northern Iowa '74, for service to the Northern Iowa Chapter.

Brian Riley, Chico '93, for service to the Chico Chapter.

Dan Roskom, Oshkosh '75, for service to the Oshkosh Chapter.

Keith Shriver, Florida '79, for service to the Georgia Tech Chapter.

Distinguished Delta Chi Award

The Distinguished Delta Chi Award is given to an alumnus for significant achievement in one's field or profession while upholding the values and ideals of the Fraternity.

Jimmie Dale Dodson, Oklahoma '58. Brother Dodson is a venture capitalist from Santa Ynez, California. He is involved with a partnership that has made investments of 25% or more in 24 companies since 1986, nine of which have been sold for \$183 million in profits. He also serves as president of the Rath Foundation, which grants about \$8 million annually, split evenly between education and charities.

Arthur M. Oustalet, Jr., LSU '44. Brother Oustalet is the owner of several automobile dealerships throughout Mississippi and Louisiana that bear his name. If one drives through either of these states, it is nearly impossible to overlook a sign bearing the name and the face of "Bubba" Oustalet promoting either a dealership or a community service project with which he is involved. Because of an outgoing and friendly personality with a touch of honest "business sense," Oustalet has earned several community appreciation awards in both Jennings and Pass Christian.

Mary Peterson Wins John J. Kuhn Award

The third John J. Kuhn Award for Service to the Fraternity Movement was awarded to Mary Peterson, a true friend of Delta Chi and the fraternity world. The award,

named after former International President of The Delta Chi Fraternity and President of the National Interfraternity Conference John J. Kuhn, is presented to individuals who have made significant contributions to the Greek movement. The award, one of the most prestigious awards that Delta Chi offers, recognizes accomplishments and contributions of individuals within the fraternity and sorority world regardless of their affiliation.

The latest recipient, Mary Peterson, both meets and exceeds the qualifications for this award. She has served as National Panhellenic Council liaison to the Association of Fraternity Advisors for three years

The Delta Chi Educational Foundation

INTRODUCING THE TRUSTEE SOCIETY

THE TIME IS NOW

For years we have been hearing about the enormous transfer of wealth that is coming in this country. Some have estimated it to be in the trillions of dollars. There is no doubt that charitable organizations will be in a position to reap the rewards of that transfer. However, it will not just happen automatically.

In an effort to ensure that the Delta Chi Educational Foundation will be able to take advantage of the opportunities that are coming, the Board of Directors is announcing the creation of the Trustee Society.

In order to put a development program in place which will enable Delta Chi to remain a top-tier college Fraternity, the Foundation has determined that we need a supplement of \$300,000 over the next three years. The Foundation is looking for 100 alumni to donate \$1,000 per year (over and above their normal level of support) for a minimum of three years. The first 100 brothers participating in the program will be Charter Members of the Trustee Society. It is they who will provide the resources needed to support a professional development program, a quality development staff, and organized support systems. The Foundation will then be able to mount an effort to take full advantage of the transfer of wealth that is coming.

Funds from the Trustee Society will enable the Foundation to develop the infrastructure and support needed to pursue major gifts, and will allow Delta Chi to enter the next century armed with the resources to further the college experience that means so much to so many.

"Our Foundation has relied solely on our annual fundraising for too long," Gary Monk, Auburn '65 and president of the Foundation, said. "If we are truly going to be able to offer our members the leadership programming, values and ethics training and scholastic opportunities they so desperately need, we have to secure major gifts in the future. Obviously, that does not come without a price. In order to fund a professional development staff, we need resources, and we are hopeful that the Trustee Society will be the answer to that need."

An account has been set up within the Foundation into which gifts for the Trustee Society will be deposited. It is not a named account, however, in that there is no management fee charged. In fact, the assets in this fund are considered annual money as opposed to endowed funds and are available for use in the development efforts of the Foundation.

RECOGNITION

Charter members of the Trustee Society will receive a special lapel pin that designates them as a member of the society. They will also be listed in the Fall issue of

*the time to
prepare to reap the
rewards is now*

the *Quarterly* and every issue of the Foundation FOCUS newsletter. These generous brothers will be included in special mailings and correspondence from Delta

Chi in order to keep them informed of what is happening in the Fraternity world. In addition, there is a display at the International Headquarters on which Trustee Society Charter Members will be recognized for their generous support.

METHODS OF GIVING

There are several ways a brother may begin his support of the Foundation at this level:

Gift of cash
MasterCard or Visa donation
Electronic Funds Transfer (monthly giving)
Gift of appreciated stock

Your support can be broken down monthly with the use of Electronic Funds Transr. If you choose this method, \$84.00 will be automatically withdrawn on the 15th of each month from the account you designate. (In order to begin your participation in this monthly giving program, you must complete a form available from the International Headquarters and submit a voided check.)

THE FUTURE

All we are really talking about here is the need to remain competitive in today's college fraternity environment. In order to do that we simply must do several things:

- Build an endowment of \$2 million to provide annual support of the Jackson Leadership College and other leadership programming, and

- Add roughly \$5 million to current endowments in order to provide \$5,000 per year in scholarships at each of our 125 chapters and colonies.

Charter members of the Trustee Society will be providing the Foundation with the needed resources to secure the future we are discussing.

It is a crucial role that will fill a critical need. The Foundation has an eye on the future. We are hopeful that our alumni share that vision.

If you would like more information about the Delta Chi Educational Foundation, please contact our Director of Development at the following address and phone number:

Mary Peterson *Continued from page 19* and as the Associate Executive Director of the Mid-American Interfraternity Conference and Executive Director of the Mid-American Panhellenic Conference Association with eleven combined years' experience.

In addition, Mary has served as the former Executive Director of the Mid-American Educational Association and is a consultant and meeting planner for BACCHUS. She is a member of the Association of Fraternity Advisors, National Association of Student Personnel Administrators, Meeting Planners International, and the American Society of Association Executives.

Mary resides in Iowa City, Iowa, and is the Associate Director of Campus Programs and Student Activities at the University of Iowa. She is President of MP Consulting and has a Master's degree in Education with an emphasis in administration management. The Delta Chi Fraternity is proud to honor Mary Peterson by naming her the third recipient of the John J. Kuhn Award.

Revised Risk Management Policy

FIPG, INC.*

Risk Management Policy

Revised 7/96

The Risk Management Policy of FIPG, Inc. includes the provisions which follow and shall apply to all fraternity entities and all levels of fraternity membership.

ALCOHOL AND DRUGS

1. The possession, sale, use or consumption of ALCOHOLIC BEVERAGES, while on chapter premises, during a fraternity event, or in any situation sponsored or endorsed by the chapter, or at any event an observer would associate with the fraternity, must be in compliance with any and all applicable laws of the state, province, county, city and institution of higher education, and must comply with either the BYOB or Third Party Vendor Guidelines.
2. No alcoholic beverages may be purchased through chapter funds nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of, or on behalf of, the chapter. The purchase or use of a bulk quantity or common sources of such alcoholic beverage, i.e., kegs or cases, is prohibited.
3. OPEN PARTIES, meaning those with unrestricted access by non-members of the fraternity, without specific invitation, where alcohol is present, shall be prohibited.
4. No members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to any minor (i.e., those under legal "drinking age").
5. The possession, sale or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES while on chapter premises or during a fraternity event or at any event that an observer would associate with the fraternity, is strictly prohibited.
6. No chapter may co-sponsor an event with an alcoholic distributor, charitable organization or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) where alcohol is given away, sold or otherwise provided to those present.
7. No chapter may co-sponsor or co-finance a function where alcohol is purchased by any of the host chapters, groups or organizations.
8. All rush activities associated with any chapter will be a DRY rush function.
9. No member shall permit, tolerate, encourage or participate in "drinking games."
10. No alcohol shall be present at any pledge/associate member/novice program, activity or ritual of the chapter.

HAZING

No chapter, colony, student or alumnus shall conduct nor condone hazing activities. Hazing activities are defined as:

"Any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution, or applicable state law."

SEXUAL ABUSE AND HARASSMENT

The fraternity will not tolerate or condone any form of sexist or sexually abusive behavior on the part of its members, whether physical, mental or emotional. This is to include any actions which are demeaning to women or men including, but not limited to, date rape, gang rape or verbal harassment.

FIRE, HEALTH AND SAFETY

1. All chapter houses should meet all local fire and health codes and standards.
2. All chapters should have posted by common phones, emergency numbers for fire, police and ambulance and should have posted evacuation routes on the back of the door of each sleeping room.
3. All chapters should comply with engineering recommendations as reported by the insurance company.
4. The possession and/or use of firearms or explosive devices of any kind within the confines and premises of the chapter house is expressly forbidden.

EDUCATION

Each fraternity shall annually instruct its students and alumni on the Risk Management Policy of FIPG, Inc. Additionally, all student and alumni members shall annually receive a copy of said Risk Management Policy.

THIRD PARTY VENDOR CRITERIA

THE VENDOR MUST:

1. Be properly licensed by the appropriate local and state authority. This may involve both a liquor license and a temporary license to sell on the premises where the function is to be held.
2. Be properly insured with a minimum of \$1,000,000 of general liability insurance, evidenced by a properly completed certificate of insurance prepared by the insurance provided. The certificate of insurance must also show evidence that the vendor has, as a part of his/her insurance coverage, "off premises liquor liability coverage and non-owned and hired auto coverage." Named insureds included on the certificate of insurance must as a minimum include the local chapter hiring the vendor as well as the international fraternity that the local chapter is affiliated with.
3. Agree in writing to cash sales only, collected by the vendor during the function.
4. Assume in writing all the responsibilities that any other purveyor of alcoholic beverages would assume in the normal course of business, including but not limited to:
 - a. Checking identification cards upon entry;
 - b. Not serving minors;
 - c. Not serving individuals that appear to be intoxicated;
 - d. Maintaining absolute control of ALL alcoholic containers present;
 - e. Collecting all remaining alcohol at the end of a function (no excess alcohol — opened or unopened — is to be given, sold or furnished to the chapter). Vendor MUST remove all alcohol from the premises.

POLICY GUIDELINES

As adopted by FIPG, Inc.
December, 1992

1. Closed parties (meaning those events with alcohol present) should have a guest list prepared at least 24 hours in advance. Attendance should be limited to two guests per member.
2. "Non-alcoholic" keg beer is not permitted because it can contain up .05 percent alcohol. Therefore, serving it would be a violation of our policy.

* The membership of FIPG, Inc. continues to grow, with the additions of Alpha Omicron Pi Fraternity and Phi Kappa Theta Fraternity this year. These new members bring FIPG, Inc. to a total of 42 member organizations.

EXPLANATION

The Risk Management Policy of FIPG, Inc. underwent modifications this year, in an effort to become more effective in preserving the safety of our membership and guests. What follows is a brief discussion of those modifications.

Paragraph 1 of "Alcohol and Drugs" now specifies that "The possession, sale, use, or consumption of alcoholic beverages...must comply with either the BYOB or Third Party Vendor Guidelines." We must plan for and provide structure for safe and responsible alcohol use within the chapter. This should be coordinated by the "F". Paragraph 2 was broadened in order to improve its clarity. It now states, "No alcoholic beverages may be purchased through chapter funds..." This was done to clear up the misconception by some chapters that alcohol purchase by the chapter was permitted as long as it was not paid for by a chapter check. Any collaboration, whether by "slush fund", or "passing the hat" is a violation of this policy. The definition of "bulk quantity or common source" was expanded to kegs or cases, again to clarify that chapters purchasing multiple cases of alcoholic beverages are in violation of the policy.

The hazing definition remained unchanged, however, the opening statement was modified to "No chapter, colony, student or alumnus shall conduct nor condone hazing activities." It is every member's responsibility, whether he be undergraduate or alumnus, to ensure that hazing does not take place, and that it is not tolerated in any form within our Fraternity.

The "Sexual Abuse and Harassment" section was expanded to read, "The fraternity will not tolerate or condone sexist or sexually abusive behavior on the part of its members..." This definition of the policy was broadened to encompass activities and actions that were previously not explicitly prohibited, such as "exotic dancers" performing at chapter activities, and offensive or inappropriate statements and slogans, and depictions on fraternity signs and T-shirts.

The "Education" section was changed to encompass alumni as well as undergraduate members. We need to ensure that we are educating all of our members on the Risk Management Policy of the Fraternity.

CHAPTER SITUATIONS

There are an endless number of situations which we must face as members and officers of our Fraternity. What follows are some actual situations which Delta Chi Chapters have dealt with recently. Unfortunately, in most cases, the individuals involved did not choose the most effective course of action. If you see things here that reflect on your own chapter or colony, take it as an opportunity to create positive change in your group now. These examples may also be used as case studies for your Membership Education Program.

One chapter had non-member boarders living in its house for the summer. Members came to town for a retreat, and returned to the house after dinner to discover that the boarders were having a keg party on the front porch. The officers had the boarders move the keg inside the house, but did not confront the boarders and have it removed from the property altogether. Further, members of the chapter proceeded to partake of the keg. The party was raided by local police, and several guests and members (including the "A") were arrested for either underage drinking, or contributing to the delinquency of minors (providing alcohol to underage drinkers).

Another chapter was placed on Corrective Action for a "traditional" ceremony in which a brother who has just (lavaliered, pinned, gotten engaged to) his girlfriend is stripped of his underwear, covered in various substances, and handcuffed to his girlfriend's house until she comes to his rescue. Even though the man was initiated, it is still hazing. A man's membership status has no bearing on whether something is considered hazing. If you have a similar ceremony, it must be redesigned so that no hazing occurs.

Another chapter had one of its Associate Members "kidnapped" by a sorority on campus. In retaliation, chapter members kidnapped one of

the sorority's new members from inside of her sorority house, and brought her to the fraternity house, where they handcuffed her to a chair. At that point, members forced her to consume alcohol until she got sick. Again, the crime of hazing is not limited to members of Delta Chi. It encompasses everyone, and it must not be tolerated.

One other tradition that has outlived its usefulness is that of "raiding" other chapter houses on campus and "borrowing" trophies, plaques, flags, composites, etc., as a prank. As members of Delta Chi, we need to take an active stance against this type of conduct.

Actions of this nature are illegal, and irrespective of that which Delta Chi stands for. In addition, they expose the chapter to unnecessary risks, including but not limited to property damage, personal injury, and creating public relations problems.

RISK MANAGEMENT VIOLATIONS

Despite Delta Chi's best efforts to educate its members on Risk Management, we continue to have chapters violate the Risk Management Policy of the Fraternity. What follows is a list of chapters that are currently on a level of Corrective Action for violation of the Risk Management Policy as of September 16, 1996. Note that for each level of Corrective Action, a \$5.00 per man surcharge is applied to that Chapter's Risk Management Assessment. For example, a chapter on Level II will be billed \$10 extra per man on their Risk Management Assessment.

Chapter	Violation	Level
Alabama	Hazing	IV
Alabama*	Hazing	IV
Cal Poly	Hazing	I
Colorado	Alcohol	II
DePauw	Alcohol	I
Illinois	Alcohol	I
Kansas	Hazing	IV
Livingston	Hazing	Pending
Maryland	Alcohol	I
Mississippi State	Alcohol	I
Northern Arizona	Hazing	III
Northern Arizona*	Alcohol	Pending
Northwest Missouri	Alcohol	I
Southern California	Alcohol	I
Washington	Alcohol	II
Washington*	Alcohol	I
Washington*	Hazing	III
Whitewater	Hazing	I

*Chapters listed more than once have had multiple violations.

CORRECTIVE ACTION LEVELS

Level 1—Level 1 Corrective Action shall include, but is not limited to, ordering that the Chapter cease and desist from the conduct in the future and be in accordance with the requirements of Delta Chi Law and the Risk Management Policy of the Fraternity. The Chapter shall be required to submit to the Executive Director a written statement that all prohibited conduct has been stopped. The statement shall be signed by the "A", "BB" and such other members of the Chapter, as specified in the report, that were involved with or had supervision over the conduct in the violation.

Level 2—Level 2 Corrective Action shall include, but is not limited to, all provisions of Level 1, plus the Chapter shall submit a written plan of procedures and/or activities that comply with the Fraternity's Risk Management Policy covering the activities in the violation. The plan shall be updated at least twice per year for the period of corrective action.

Level 3—Level 3 Corrective Action shall include, but is not limited to, all provisions of Level 1 and 2, plus supervision of the activities of the Chapter that were involved in the violation by a person or persons acceptable to the Executive Director.

Level 4—Level 4 Corrective Action shall include, but is not limited to, all provisions of Levels 1, 2 and 3 plus the charter of the Chapter shall be suspended for the period of time of the corrective action. Chapters under Level 4 Corrective Action shall either be placed in conservatorship, as provided in Delta Chi Law, or shall operate under the direct supervision of the Executive Director.

Level 5—Level 5 Corrective Action shall require the suspension of the charter and the cessation of operation of the Chapter as it then exists. Re-establishment of the Chapter shall be subject to the terms and conditions of the Board of Regents after a minimum one-year period.

Bossart Named Director of Development

The Delta Chi Educational Foundation and The Delta Chi Fraternity are

pleased to announce that Steven P. Bossart, Kent State '90, has been named as Director of Development for the Foundation. At the Foundation's annual meeting in 1995, it was determined that a professional development officer was needed to help the Foundation stay competitive in the fraternity foundation market.

The Foundation would like to see that the Jackson Leadership College, its premier program, is fully endowed. It would like to be able to provide more scholastic assistance to Delta Chi members, and it would like to be able to continue, and increase, the level of support the Fraternity receives for its educational endeavors. To meet these goals, the Foundation needed to improve its infrastructure and secure the funding to implement a professional fundraising program. The Director of Development position was designed for that purpose.

Bossart joined the Delta Chi staff in 1990 as a Leadership Consultant and in 1991 he became Director of New Chapter Development. In 1993, he became Director of Alumni Services and Foundation Administration.

In addition, he served as the International Convention Coordinator for the 1992 and 1994 conventions.

In his new position, Bossart will be responsible for the following duties:

- Manage the annual campaign, including direct mail, monthly giving through electronic funds transfer, and telemarketing
- Major donor research

- Cultivate major donor prospects, including visits to their homes or offices

- Manage all Foundation publicity, including the FOCUS newsletter and utilizing the *Quarterly*

- Oversee all Foundation programs, including the Speech Contest, Awards and the donor recognition program.

- Promote Foundation interests among alumni chapters

- Involve volunteers in the solicitation of donors, develop a training program on solicitation for the volunteers and help develop a case to be used for those solicitations.

- Accompany volunteers on solicitations. Help volunteers achieve a goal of participating in at least five solicitations a year.

- Organize Foundation annual meetings including publicity and logistics

- Continue to spotlight alumni supporters of the Foundation for the Delta Chi *Quarterly*

- Coordinate special alumni events for the Foundation

- Routinely respond to Foundation correspondence

- Attend appropriate meetings and seminars

- Perform other duties as assigned by the Foundation Board

Bossart will continue to work with some of the alumni programming of the Fraternity.

Another unique aspect of this new position is that Bossart will be working out of a satellite office and will no longer be located at the International Headquarters. Brother Bossart can be reached at this office at:

2763 Glenhaven, Suite C
Copley, OH 44321
(330) 668-9254
(330) 668-9285 fax

For more information about the Educational Foundation or the new position, please contact Bossart at the above address.

Hoglund *Continued from page 7*
be tremendous opportunities, both at home and abroad. You have to be able to figure out what is the right thing to do and get it done. It is amazing how many times people get away from that and as a result, you have companies that don't perform very well. Ninety percent of it involves common sense.

"There is a combination of two things we look at when hiring; grades and leadership," Hoglund continued. "There are a lot of people who are really good at grades but may have spent more time on the research side, which is fine. But if you are really going to make it in the business world, you have to have that combination. The grades will show the ability to think, work problems, handle the data, etc, and you will learn probably just as much out of school. Leadership is important because it gets you back to common sense."

Hoglund was invited to the 50th International Convention to deliver the keynote address. He had no idea that he had been chosen as the Delta Chi of the Year.

"It was a tremendous surprise, and I consider it a great honor," he said. "I have always tried to help the Delta Chi movement and to get recognized like this is great. It is also great for the Kansas Chapter." (Hoglund is the 3rd recipient from that chapter, joining William Sessions, former Director of the FBI and Ed Kangas, the CEO of Deloitte, Touche).

With success in business comes the ability to give something back to society. Hoglund has accepted that challenge by involving himself in worthwhile professional and civic organizations. He is on the Executive Committee of the Mid-Continent Oil and Gas Association, an Executive Committee member of the Texas Independent Producers and Royalty Owners Association, the Society of Petroleum Engineers, and a member of the Independent Petroleum Association of America.

He is also vice chairman of the Board of Visitors of the M.D. Anderson Cancer Foundation, and is past chairman of the Board of Trustees of the Houston Museum of Natural Science.

"As I said, I like winners. The Houston Museum of Natural Science is the fourth largest attended museum in the United

States of any type, and it is also about 90% self supporting. They have a great energy exhibit there. We did an interactive fun thing where you can ride down a well bore about 7,200 feet. We got 120 industry guys to handle the technical stuff, and then we got 20 computer graphic whiz kids who didn't know anything about the oil and gas industry but were able to handle the morphing and other computer graphics. They were very creative. About half a million school kids a year go through there."

He has also started his own family foundation. Called the Hoglund Foundation, it is headquartered in Dallas, and his daughter is the executive director. Since its inception the Foundation has been extremely supportive of education, and has endowed the first scholarship at the Power Center, which is an innovative grade school for inner city children in Houston.

"My wife Sally and I went down there to visit a kindergarten class," Hoglund recalled. "They get up every day and give a pledge of allegiance to themselves. It is all about building self-worth and individual responsibility — none of this stuff like we are downtrodden, we don't have a chance, etc. We set up a scholarship fund, the first one they had. Those are the kind of things I like to get involved in."

He is also a loyal supporter of Delta Chi.

"The Kansas Chapter has its own foundation, and I support both it and the Delta Chi Educational Foundation," he said. "I think there is a real tie to how well you do at the local level, and how well Delta Chi does everywhere else. It is certainly worth supporting both places, and it is one of the things that can keep Delta Chi moving forward."

Hoglund and his wife Sally have been married for 40 years. They have three daughters, all married, and the grandchildren range in age from six months to eight years.

Hoglund enjoys tennis, golf and skiing in the spare time that his busy lifestyle allows. As the winner of the 1996 Delta Chi of the Year Award, Hoglund joins the ranks of other successful Delta Chis who are leaders in the fields of business, politics, and entertainment.

Forrest Hoglund strives to associate himself with winners and he has become one himself.

DO YOU WANT ALL FOUR ISSUES OF THIS MAGAZINE?

To provide the highest quality magazine at a minimum cost, we need to know which alumni wish to receive all four issues of the Quarterly.

Only those who at least once during any five-year period either ask to receive the magazine or make a donation to The Delta Chi Educational Foundation will receive all issues each year. If we obtain a good address for a "lost" alumnus, we will give

him a one-year subscription. All others will receive only the Fall issue. This policy allows us to maintain quality by eliminating the cost of printing and mailing unwanted copies.

IF YOU ARE NOT RECEIVING ALL FOUR ISSUES BUT WOULD LIKE TO, PLEASE SUPPORT OUR EFFORTS, OR JUST TELL US SO BY RETURNING THIS COUPON.

Urgent: The computer label on the back of the magazine must be returned with this coupon. Thank you.

Return this coupon to:

Hauser wins interfraternal award

FEA award is high honor from interfraternity leaders

Gregory F. Hauser, Michigan State '77, has been awarded the Distinguished Service Award from the Fraternity Executives Association. This award is given for outstanding service to the fraternity movement.

Brother Hauser, in addition to his service to Delta Chi which earned him the Order of the White Carnation at the 50th International Convention this summer, contributes to the fraternity world in a number of capacities.

He is the secretary of the Board of Directors of the Na-

tional Interfraternity Conference and is the chairman of the NIC's Legal Committee. He is a well-known speaker on such important subjects as risk management and the law, and fraternity rituals and their histories. A tireless traveler for the Greek system internationally, Greg often speaks on campuses and appears in video productions relating to the Greek world.

The Distinguished Service Award, one of the highest honors bestowed by the FEA, was presented to Hauser at the FEA's annual meeting in Lexington, Kentucky, in July.

Greg Hauser (center), displays his award with Ray Galbreth (left), Delta Chi executive director; and Ray Orians, FEA president and Pi Kappa Alpha executive director.

Alumni Celebrate in Lexington, Kentucky

Our Delta Chi brotherhood is enriched by alumni chapters

Spindletop, the alumni club for the University of Kentucky, was the setting for a small gathering of alumni in the Lexington, Kentucky, area on July 6, 1996. The restored 1800s mansion was a magnificent location as alumni and their wives or dates gathered for a social

evening to celebrate our Delta Chi brotherhood.

Brother Christopher Johnson and his wife Mary Jo

served as hosts for this event. The group is working to establish a Lexington area alumni chapter. Anyone

interested in participating can contact Johnson at (502) 863-3321.

ALUMNI NEWSMAKERS

ILLINOIS

William Koves '66 is a Fellow of the American Society of Mechanical Engineers. The Fellow grade is conferred upon a member with at least ten years active engineering practice who has made significant contributions to the field. Dr. Koves earned his doctoral degree from the Illinois Institute of Technology.

INDIANA

Stephen A. English '68, President and CEO of The Trust Company of Kansas, Wichita, Kansas, was elected as a co-chair of the Mid-West Independent Trust Council. Council membership is limited to substantial owners of independent trust companies in the Midwest. It promotes the unique role of its members in the asset management and financial planning process of their clients.

JOHNSON & WALES

Spencer Turer '91 was promoted to Manager of Coffee Development at Melitta North America.

MICHIGAN STATE

Martin Flynn '78 graduated from Rush Medical College in Chicago, Illinois and will serve a one-year internship followed by an Emergency Medicine Residency. He is also the treasurer of a 300-unit condominium and runs a small model rocketry club for local Cabrini-Green youth.

SOUTHERN CALIFORNIA

Donald LaPlante, FAC, was elected vice president of the Los Angeles County School Trustees Association. He is entering his 18th year as a member of the Downey (CA) Unified School District, which serves 18,000 students.
