FOUNDERS' DAY MESSAGE 2003

YOUR LIFE AS A DELTA CHI

From the moment your initiation ceremony concluded and you entered into the Bond of our Brotherhood, your life as a Delta Chi began to evolve. As the "AA", I appreciate, now more than ever, how our members' lives are intertwined with our Fraternity. Obviously, our Brothers on staff at the Headquarters have made a decision to include Delta Chi in their professional careers, but I can assure you that their quality of work and dedication to duty far exceed the financial rewards of their respective positions. Their love of Delta Chi provides the impetus to excel in their tasks. The same could be said of the support staff as well. Our Fraternity hierarchy then descends to an all volunteer organization.

This past year I have had the opportunity to work with volunteers at each level of our Fraternity. I have worked with local chapter officers, ABT members, House Corporation members, Delta Chi Standing and Ad Hoc Committee members, Regents, Vice Regents and my fellow members on the Executive Committee. Within this world of volunteers we have every type of

occupation represented. At the international, regional and chapter levels combined, we have volunteers who are millionaires and those who are concerned over how to pay the next month's rent. Their ages range from eighteen to ninety-five and possibly beyond! The life experiences of these dedicated men have spanned the globe with actions and observances many of us will only read about in history books or see on the evening news.

What is it that binds them together? What is it that compels them to help, guide

"If the rest of society could realize this type of bond, a great thing would happen in our world today."

and assist a Fraternity that has been in their lives for months or even decades? These are questions without unified answers. From our 87,000 Brothers we could easily receive 87,000 different answers. A Bond, Brotherhood, Love, Duty - I am at a loss to adequately label it or to explain how we as men have achieved it. But I do know this. If the rest of soci-

ety could realize this type of bond, a great thing would happen in our world today. Unfortunately, this will not occur on a global scale. So, as members of Delta Chi, we must utilize this intangible to assist those who we can help. In our world, those who we serve most are the college and university men across North America who proudly wear the badge of Delta Chi. It was our Founders' intent, as set forth in our Preamble, to provide these men with a road map with which to succeed in the world as educated gentlemen, using the values prescribed by our Fraternity.

Whether you are an undergraduate or an alumnus, you must look inward and ask yourself what comprises your life as a Delta Chi. We have something special. You may be wrapped up in your

Greek chapters have closed over the past ten years, and many fraternities teeter on failure month by month. We are both strong and resilient, based on our history of management and the involvement of our volunteer members. We are different. We have proven this to the Greek world and our university and college partners. Your life as a Delta Chi can be as enriching and fulfilling as your involvement allows. What you receive in return far exceeds what you commit to supporting our Fraternity.

A microcosm of what I am addressing occurred this past August at our Board of Regents meeting. This year we roughed it a bit and held our meeting at a cabin in North Carolina. The meeting space was a little different than in previous years, but it brought about interaction that we, as members of a board, had not experienced in the past. We took turns cooking three meals a day and cleaning, worked together all day, met for one evening session and spent the other time hanging out, playing cards, watching movies or just talking. Your Board and its advisors comprise an unpaid, volunteer group whose members took four to five days of their personal or vacation time to work for our Fraternity. Within this group we had lawyers, a police officer, teachers and an assortment of other professions repre-

sented. Their ages ranged from 20s to 70s. These dissimilar people were all there for one reason - Delta Chi. This was, for all practical purposes, a fraternity chapter house for four days. Our Board members serve term limits, and all must leave the Board at one time or another. One of our Regents lamented about his term expiring in the near future. He expressed the emotions of separation anxiety and the need to continue to serve. It was amazing, he said, looking out over the cabin at the interaction of the diverse Brotherhood on that Saturday afternoon, "This looks just like an undergraduate chapter house." It was incredible and even renewing for these men to participate in what our undergraduates experience on a regular basis by just being together and socializing with a group of men we admire and respect, bound together with this unexplainable thing we call the Bond of Delta Chi. In many ways, our alumni chapters have been able to continue this interpersonal relationship. Unfortunately, many of our alumni have been unable or simply have yet to take the opportunity to rejoin the active fold of Brotherhood. Whether you are an undergraduate or an alumnus, you should become involved, if you are not already, and make Delta Chi a part of your life as a donor of time, money or social involvement.

We will continue with our proactive administration into the future. The mandates regarding Strategic Planning as set forth at our 2002 Orlando Convention will be presented to the floor of the Washington D.C. Convention in August 2004. Please make an effort to attend the International Convention. As an undergraduate, you will experience the true grandeur of Delta Chi. It is far greater in scope than you could imagine. As an alumnus, you will rekindle the torch passed down to you from our Founders at your initiation.

Thank you for allowing me the honor to serve this term as "AA". I will continue to serve you, my Brothers, to my utmost ability. I wish upon you a joyous Founders' Day and continued success.

In the Bond,

Charles A. Mancuso, "AA",

A Letter from Delta Chi's Astronaut Addressing the Shuttle Disaster

By **Henry W. Hartsfield, Jr.** '54

On February 1, tragedy again struck our space program.

I, as did many others around the world, watched with great sadness as the drama with Space Shuttle *Columbia* unfolded. My heart goes out to the families of those who lost their lives in the pursuit of knowledge on *Columbia*, and I pray God grants them comfort, understanding, and finally, acceptance.

I have always known that there is some risk in flying, especially flying in space. I accepted these risks because I believed in what I was doing. We should never forget that humans are not perfect nor are their machines. Despite our best efforts, failures in our machines and errors in our own actions will occur, sometimes with tragic results.

There is always risk—to varying degrees—in all we do. I have often said, show me someone who is not taking risks and I will show you someone who is not accomplishing much. We are by nature an inquisitive people. We must ask why things occur, what is out there, what is it like, is there anything beyond? We are only satisfied when we begin to answer those questions by willingly accepting the risks and pushing our frontiers outward.

Over the centuries, many have lost their lives in the pursuit of knowledge and understanding of our universe. History has recorded the names of many of these brave explorers. There are, however, many others who leave this world virtually unknown but, in their own way, have contributed to the understanding of our world. The thirst for knowledge is a major driving force in humans and many answer the call. I believe all contributions to our human knowledge base are valuable, even if the world does not long recall the names of the ones who put their hearts and souls into the quest. The results of their discoveries, however, remain for the benefit of all of us in some way.

There are many people in all walks of life who contribute to our knowledge base and our well-being. The tragic events of 9/11 come to mind where the heroic firemen and police officers went in harm's way to try to help their fellow human beings. Many made the ultimate sacrifice. There are also those from all walks of life who choose to risk themselves to help others or search for knowledge and understanding. They may be missionaries helping with education, medical personnel providing health care in disaster areas or areas with rampant disease, or researchers in high-risk areas.

When tragedy strikes in these cases, it may inspire nothing in the news media, or merely a footnote on the back page of a publication. Some events, such as 9/11 and the loss of *Columbia*, garner world-wide notice because they are out of the ordinary. It is important to remember that the contributions of the unheralded are often just as important for the human race.

The loss of *Columbia* is a tragedy, but it is not a call for stopping all progress. Obviously, we would not have aerial accidents if we did not fly. Ships would not sink if they stayed in ports. We would not have devastating car crashes if we kept our cars in the garage. All of these machines are designed for purposes other than to be stationary monuments. There will always be setbacks in pushing outward and we must overcome them. These events will occur despite our best efforts. The most important thing now is for us not to allow the drive for knowledge to stop because of a crisis along the way.

I believe we will find out the most likely cause of the loss of *Columbia*, correct any problems identified, and continue our space program. To do less would break faith with the memory of all those who have given their lives in the pursuit of knowledge in space flight—the crews of *Apollo 1*, *Challenger*, and *Columbia*.

We will continue. We must continue. We will not be held down. We will not allow this setback to deter us from continuing our pursuit of knowledge or to quell our spirit. George C. Scott said it well, "The human spirit is stronger than anything that can happen to it."

Reprinted with permission from the *Auburn Magazine* and **Henry Hartsfield, Jr.**

A *Columbia* veteran, Henry (Hank) Hartsfield, Jr. became an astronaut in 1969. He was a member of the astronaut support crew for *Apollo 16* and later served as a member of the astronaut support crew for the Skylab 2, 3, and 4 missions. Hartsfield's Space Shuttle missions included serving as backup pilot for STS-2 and STS-3, *Columbia's* second and third orbital flight tests. A veteran of three space flights, Hartsfield has logged 483 hours in space. He served as the pilot on STS-4 and was the spacecraft commander on STS-41D and STS-61A. Subsequent to his space flights, Hartsfield served in various senior management positions within NASA's human space flight programs. In 1998, Hartsfield left government service to join Raytheon. He currently serves as vice president of Aerospace Engineering Services for Raytheon Technical Services Company, a wholly owned subsidiary of Raytheon Company.

Steps Down in Seattle

News that Pat Gillick had resigned as the Mariners general manager came as a surprise to a pair of younger colleagues who have helped get their teams into the playoffs this season.

"Wow, I didn't see that coming," said Theo Epstein, the Red Sox first-year GM. "Pat has been one of the best GMs in the game for a long, long time and he built a remarkable Mariners team that never quite got to where they wanted to go."

Gillick stepped away from a job that he initially rejected, but then accepted several weeks later, helping to build a team that enjoyed great success in the regular season, but never made it to the World Series. The Mariners came close in 2000 and 2001, losing in the American League Championship Series to the Yankees in six games both years.

During his four-year regime, the Mariners won more regular season games (393) than any team in the Major Leagues and Gillick was selected as the league's Executive of the Year in 2001 when Seattle tied the MLB record for wins in a season with 116.

"After much thought, I've decided to step away from my current role with the Mariners," Gillick said in a statement. "I've had four chances at the brass ring

here and think maybe it's time for someone else to take a shot at taking this team to a higher level."

"I'm glad he's out of the division," said Athletics GM Billy Beane. Gillick will remain as the GM until a successor is found and then become a consultant, signing a series of three, one-year contracts.

"Pat is one of the most respected general managers to ever hold the position," Beane said. "For as much success he's had, and as long as he's being doing this, I don't blame him for wanting to take some time off and spend it with his family."

"We will begin a (GM) search immediately, which will include both internal and external candidates," Mariners CEO Howard Lincoln said.

Benny Looper, the vice president of player personnel, is regarded as the leading in-house candidate. The Mariners hope to have the new GM on board by the end of October.

"We thank Pat for the exceptional job he has done the past four years, and the professionalism he has brought to the Mariners. Finally, we are pleased he will still be connected with our organization," Lincoln said.

The Mariners have some difficult decisions looming. Eight players are eligible for

free agency and at least one coach must be replaced. Hitting coach Lamar Johnson departed via mutual agreement.

Center fielder Mike Cameron, one of the eight potential free agents, said he isn't sure if the GM change affects his situation one way or another.

"There were a lot of crazy things written about him not making the right moves," he said. "He built a great tradition of a winner in Seattle, but the bottom line is we didn't bring any titles."

"I have nothing but good things to say about him," said second baseman Bret Boone, one of the free agents Gillick signed. "At this point of his life, he has done it so long, doing it full-time is hard to do. He's a hands-on guy and in my mind, he is a top-flight GM."

According to Gillick, whoever moves into the GM office at Safeco Field will have plenty of talent at his disposal.

"I believe we have a core of players in place,

especially pitchers, that will allow the Mariners to contend for the next several years, at least, and I am looking forward to remaining involved with the Seattle organization," he said.

The Mariners won 93 games for the second consecutive season, but also failed to reach the postseason for the second straight time — the only 90-win team in MLB to miss out in the playoffs.

During his 23 years as a Major League general manager Gillick's teams compiled an overall mark of 2010-1773, including a 393-255 mark in Seattle. But he came under criticism the past two seasons when he couldn't pull off a "major" trade prior to the July 31 trading deadline.

Even so, Gillick probably will be remembered most in Seattle for trading center fielder Ken Griffey Jr. to the Cincinnati Reds for center fielder Mike Cameron, starting pitcher Brett Tomko and minor league in-

fielder Antonio Perez. The biggest deal in club history occurred about three months after Gillick replaced Woody Woodward as the Mariners GM.

His ability to sign free agents enabled the Mariners to overcome some major personnel changes -- primarily Junior's departure in 2000 and All-Star shortstop Alex Rodriguez leaving prior to the 2001 season. The Mariners already had lost left-hander Randy Johnson, traded to the Astros midway through the 1998 season.

"To lose those three potential Hall of Fame players and still have the run they had says a lot about Pat's abilities," Epstein said.

Even without the Big Three, the Mariners set an AL record for most wins in a season, a remarkable 116 victories in 2001. Gillick was selected as the Executive of the Year by The Sporting News, Baseball America, the Boston Chapter of the BBWAA, Washington CEO Magazine and The Negro Leagues Baseball Museum (Rube Foster Legacy Award). In addition, Baseball America named him Executive of the past 20 Years.

Gillick was added the Toronto Blue Jays "Level of Excellence", the most prestigious award that the Jays bestow, in a pre-game ceremony on Aug. 8, 2002 at the SkyDome.

"I think building the expansion franchise in Toronto and eventually winning two World

Series championships there is what he'll be remembered the most for," Beane said. "He was the architect of a great Blue Jays team."

Epstein will remember Gillick in another way.

"Pat is a very serious guy and he would show up in the oddest places going after a player," he said. "You would see him at a high school game in the middle of nowhere looking at a kid he might draft.

During his four-year regime, the Mariners won more regular season games (393) than any team in the Major Leagues and Gillick was selected as the league's Executive of the Year in 2001.

"One time, I ran into him in Managua, Nicaragua when we were both going after (Jose) Contreras and he was hiding in the bushes. Well, maybe not 'hiding' but there was a bush between us. Pat was always working hard and been a real scout's guy who is very well respected in this business."

Gillick began his front office career in 1963 as assistant farm director with the Astros. He spent 10 years with Houston, working his way to Regional Scouting Coordinator and then Director of Scouting. He joined the Yankees in Sept. of 1974 as Coordinator of Player Development and Scouting, a position he kept until joining the Blue

Jays on Aug. 16, 1976 as their Vice President of Player Personnel.

He was promoted to VP of Baseball Operations on Nov. 24, 1977 and named Executive VP-Baseball on Sept. 24, 1984. While in Toronto, he won five AL East titles (1985, 1989, 1991-93) and back-to-back World titles in 1992 and 1993.

Gillick was named GM of the Orioles on Nov. 27, 1995 and the Orioles advanced to the ALCS in 1996 and 1997. After leaving the Orioles at the conclusion of his three-year contract in Nov., 1998, he was named Chair of 1999 Pan Am Games baseball team steering committee in March of 1999.

Gillick was born Aug. 22, 1937 in Chico, Calif., and graduated from USC in 1958 at the age of 20 with a business degree. While at USC, he was a member of the '58 National Title baseball team and a teammate of Mariners broadcaster Ron Fairly. Gillick pitched five seasons in the Orioles minor league system, reaching as high as Triple-A, before retiring to accept the job in Houston.

Gillick and his wife, Doris, have a daughter, Kimberley, who lives in Toronto.

2002-2003 Delta Chi Loyalty Program Donors

Please join the Loyal Delta Chis listed below who have stood up to be counted. Mail your \$295 check for Life Loyal membership to Delta Chi Fraternity, P.O. Box 1817, Iowa City, IA 52244 or go to www.deltachi.org/life/loyal and click on "Donate online." You can also choose to send \$45 for one year or \$75 for two years' support of the Fraternity's Loyalty Fund. These contributions will be put to the same work, as will gifts of any amount!! Many alumni have even sent in a bit extra.

You may be wondering.... why a Life Loyal program? And why now?

That's easy. Delta Chi must increase its income in order to remain competitive. Our undergraduates are already doing their part. In fact, did you know that our alumni outnumber our undergraduates by 16 to

1, yet undergraduates provide for more than 80% of the Fraternity's budget? Our alumni can do better. And we feel that special recognition must be given to those stepping forward to do their part. Read the box on the next page to see what a Life Loyal Membership brings you. Gifts to the Foundation are restricted by the IRS in their use and cannot support rush assistance, the DELTA CHI QUARTERLY and many other key areas. The Fraternity needs your direct support. More importantly, our undergraduates need your support. If you do it now, it will save your Fraternity the cost of sending out solicitation letters and allow that much more of your gift to go where it is needed most! Gifts to the Delta Chi Fraternity are not tax deductible.

Note: • indicates Life Loyal members. Those in boldface are new since July 1, 2002. Two-year members are indicated by ††. One-year members and other donors are also listed. Additional gifts by Life Members are indicated by "+" for up to \$99, All Caps = \$100-\$249, All Caps plus Italic = \$250-\$499, All Caps plus Italic plus Underline = \$500-\$999 and All Caps plus Italic plus Underline plus "+" = \$1,000 or more. Gifts after June 30, 2003 will be listed in the fall 2004 Quarterly.

***Our strength
is based on
our members'
lifelong
commitment***

* Does not include associate members/pledges. # Chapters with over 100% reduced a debt from previous years.

NR = No Report; NA = Not Applicable. A chapter could have additional initiates who are not enrolled due to non-payment of dues.

2002-2003 Award Winners

The Delta Chi Awards Program is designed to recognize and promote those areas that are critical to the success of the chapter. The "E" Key, the Fraternity's oldest award, and the Outstanding "C" Award recognize the performance of two vital chapter officers.

For the other awards, the Fraternity is divided into two divisions: Red and Buff. The Red Division contains those chapters with 19 or more fraternities on their campus or whose Greek systems have over 40 percent of the undergraduate student body. The remaining chapters make up the Buff Division.

Chapters that have shown a marked improvement in their overall operations are given the Certificate of Achievement. The "AA" selects the winner of the Most Improved Chapter from the recipients of this award.

The winners of the Award of Excellence show strength across the board. In most cases they are winners of several awards. When they are not, they show above average performance in all areas with no area of weakness.

From the recipients of the Award of Excellence, the "AA" selects the President's Cup winners. There is a maximum of three Cups in each Division.

Trustee Society

The Foundation has created a special society to recognize those who make a three-year commitment of \$1000.00 per year above their normal level of support. The first 100 members will be known as charter members of the Trustee Society. The generous support of these men will help provide the resources necessary to support a professional development program, a quality development staff, and organized support system. They will allow the Foundation to develop the infrastructure needed to pursue major gifts and to build a solid base upon which Delta Chi can grow.

If you would like more information about the Trustee Society, please contact Robert Hendershot, Secretary/Treasurer, Delta Chi Educational Foundation, P.O. Box 383, Columbus, IN 47202.

The following is a list of Charter Members of the Trustee Society who have either completed their commitment or have signed a commitment to do so:

FIPG, INC.*

RISK MANAGEMENT POLICY

REVISED 7/97

The Risk Management Policy of FIPG, Inc. includes the provisions which follow and shall apply to all fraternity entities and all levels of fraternity membership.

ALCOHOL AND DRUGS

1. The possession, sale, use or consumption of ALCOHOLIC BEVERAGES, while on chapter premises, during a fraternity event, or in any situation sponsored or endorsed by the chapter, or at any event an observer would associate with the fraternity, must be in compliance with any and all applicable laws of the state, province, county, city and institution of higher education, and must comply with either the BYOB or Third Party Vendor Guidelines.
2. No alcoholic beverages may be purchased through chapter funds nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of, or on behalf of, the chapter. The purchase or use of a bulk quantity or common sources of such alcoholic beverage, i.e., kegs or cases, is prohibited.
3. OPEN PARTIES, meaning those with unrestricted access by non-members of the fraternity, without specific invitation, where alcohol is present, shall be prohibited.
4. No members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to any minor (i.e., those under legal "drinking age").
5. The possession, sale or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES while on chapter premises or during a fraternity event or at any event that an observer would associate with the fraternity, is strictly prohibited.
6. No chapter may co-sponsor an event with an alcoholic distributor, charitable organization or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) where alcohol is given away, sold or otherwise provided to those present.
7. No chapter may co-sponsor or co-finance a function where alcohol is purchased by any of the host chapters, groups or organizations.
8. All rush activities associated with any chapter will be a DRY rush function.
9. No member shall permit, tolerate, encourage or participate in "drinking games."
10. No alcohol shall be present at any pledge/associate member/novice program, activity or ritual of the chapter.

HAZING

No chapter, colony, student or alumnus shall conduct nor condone hazing activities. Hazing activities are defined as:

"Any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution, or applicable state law."

SEXUAL ABUSE AND HARASSMENT

The fraternity will not tolerate or condone any form of sexually abusive behavior on the part of its members, whether physical, mental or emotional. This is to include any actions which are demeaning to women or men including, but not limited to, date rape, gang rape or verbal harassment.

FIRE, HEALTH AND SAFETY

1. All chapter houses should meet all local fire and health codes and standards.
2. All chapters should have posted by common phones, emergency numbers for fire, police and ambulance and should have posted evacuation routes on the back of the door of each sleeping room.
3. All chapters should comply with engineering recommendations as reported by the insurance company.
4. The possession and/or use of firearms or explosive devices of any kind within the confines and premises of the chapter house is expressly forbidden.

EDUCATION

Each fraternity shall annually instruct its students and alumni on the Risk Management Policy of FIPG, Inc. Additionally, all student and alumni members shall annually receive a copy of said Risk Management Policy.

THIRD PARTY VENDOR CRITERIA

THE VENDOR MUST:

1. Be properly licensed by the appropriate local and state authority. This may involve both a liquor license and a temporary license to sell on the premises where the function is to be held.
2. Be properly insured with a minimum of \$1,000,000 of general liability insurance, evidenced by a properly completed certificate of insurance prepared by the insurance provided.
The certificate of insurance must also show evidence that the vendor has, as a part of his/her insurance coverage, "off premises liquor liability coverage and non-owned and hired auto coverage."
Named insureds included on the certificate of insurance must as a minimum include the local chapter hiring the vendor as well as the international fraternity that the local chapter is affiliated with.
3. Agree in writing to cash sales only, collected by the vendor during the function.
4. Assume in writing all the responsibilities that any other purveyor of alcoholic beverages would assume in the normal course of business, including but not limited to:
 - a. Checking identification cards upon entry;
 - b. Not serving minors;
 - c. Not serving individuals that appear to be intoxicated;
 - d. Maintaining absolute control of ALL alcoholic containers present;
 - e. Collecting all remaining alcohol at the end of a function (no excess alcohol — opened or unopened — is to be given, sold or furnished to the chapter). Vendor MUST remove all alcohol from the premises.

POLICY GUIDELINES

As adopted by FIPG, Inc. December, 1992

1. Closed parties (meaning those events with alcohol present) should have a guest list prepared at least 24 hours in advance. Attendance should be limited to two guests per member.
2. "Non-alcoholic" keg beer is not permitted because it can contain up .05 percent alcohol. Therefore, serving it would be a violation of our policy.

* The membership of FIPG, Inc. now stands at 33 men's groups and 13 women's groups.

Chapter Situations

What follows is a list of chapters that are on Corrective Action for violation of the Risk Management Policy as of October 20, 2003.

Chapter	Violation	Level
Arizona	Hazing	IV
Bowling Green	Alcohol	I
East Carolina	Hazing	I
Frostburg	Alcohol	II
Hayward	Alcohol	II
Northern Illinois	Alcohol	II
Northwest Missouri	Alcohol	I
Ohio (Columbus, OH)	Alcohol/Hazing	III
Virginia Tech	Alcohol	III

**Currently seven (7) chapters/colonies are awaiting adjudication due to alleged violations of the Fraternity's Risk Management Policy.*

Corrective Action Levels

Level 1 — Level 1 Corrective Action shall include, but is not limited to, ordering that the Chapter cease and desist from the conduct in the future and be in accordance with the requirements of Delta Chi Law and the Risk Management Policy of the Fraternity. The Chapter shall be required to submit to the Executive Director a written statement that all prohibited conduct has been stopped. The statement shall be signed by the "A", "BB" and such other members of the Chapter, as specified in the report, who were involved with or had supervision over the conduct in the violation.

Level 2 — Level 2 Corrective Action shall include, but is not limited to, all provisions of Level 1, plus the Chapter shall submit a written plan of procedures and/or activities that comply with the Fraternity's Risk Management Policy covering the activities in the violation. The plan shall be updated at least twice per year for the period of corrective action.

Level 3 — Level 3 Corrective Action shall include, but is not limited to, all provisions of Levels 1 and 2, plus supervision of the activities of the Chapter that were involved in the violation by a person or persons acceptable to the Executive Director.

Level 4 — Level 4 Corrective Action shall include, but is not limited to, all provisions of Levels 1, 2 and 3 plus the charter of the Chapter shall be suspended for the period of time of the corrective action. Chapters under Level 4 Corrective Action shall either be placed in conservatorship, as provided in Delta Chi Law, or shall operate under the direct supervision of the Executive Director.

Level 5 — Level 5 Corrective Action shall require the suspension of the charter and the cessation of operation of the Chapter as it then exists. Re-establishment of the Chapter shall be subject to the terms and conditions of the Board of Regents after a minimum one-year period.
