Dennis Pendley: Exceptional and Non-Traditional | Risk Management Update | IFC Members

FEATURES

4 Exceptional and Non-Traditional

Dennis Pendley, an undergraduate member and the current "E" for the President's Cup-winning San Antonio Chapter, falls under the classification of being a non-traditional student. And while his story likely stands in stark contrast to many of his peers, his involvement, experiences, and leadership are unparalleled.

6 Saint Rocco's Treats

At just 20 years old, Kaleb Rush of the Temple Colony is already a business owner and entrepreneur, co-founding Saint Rocco's Treats, a high-quality, chemical-free dog treat company producing limited ingredient recipes while making philanthropic contributions to local dog rescues.

12 Assistant Director of Alumni Engagement and Relations

On January 3, 2022, Delta Chi hired Ross Dickneite as the Assistant Director of Alumni Engagement and Relations, a significant and strategic move for the Fraternity in advance of the 2027 Strategic Plan. Delta Chi aims to make alumni engagement and relations a bigger priority than before.

FROM THE "AA"

Top-22 Accomplishments Entering 2022

It goes without saying that the last few years have been unusual.

Despite the difficulties caused by the global pandemic, I still believe that the need for friendship, justice, character, and a sound education are in demand now as much as ever in our history.

It feels like we have been on a roller coaster and I for one am ready for some stability. As such, I reflect on the sources of pride we have experienced despite COVID-19.

As I have conversations with Delta Chi of all ages, I often challenge them with a simple question. "What have you done for Delta Chi today?" As a collective group, the last academic year is pretty impressive. As your "AA", here are 22 facts I'm proud of entering 2022.

1. Recruitment Rebound

Following declines in the fall 2020 and spring 2021, our recruitment numbers have rebounded to near pre-pandemic levels in 2019.

2. Snapchat Dollars and Deployment

A pilot program was conducted with 16 chapters with an investment of \$50 a chapter and generated 166,232 overall views and 2,228 potential new members submitting information. From talking with chapters that received the ad, the average ad resulted in 4-5 members attending recruitment events and 2-3 members joining their respective chapters.

3. Awards Applications Increased

We experienced an increase in the number of award applications to a record-high level which included summaries of how our chapters adapted to provide services during times of social distancing. This included a record number of composite awards, including the President's Cups.

4. V Foundation Dollars

Despite the pandemic, our chapters deployed new methods of raising funds to combat cancer through activities such as the Fraternity's Bracket Challenge and a variety of online activities. Last year's numbers were just below pre-pandemic amounts. Since 2006, Delta Chi has raised a total of \$1,991,261.95. From 2020-21, we raised \$169,114.07. In 2021, 62.5% of Delta Chi chapters

and colonies raised money for the V Foundation for Cancer Research.

5. Corrective Action Decrease

Since 2017, we have maintained a steady decrease in corrective action with 95% of Delta Chi chapters and colonies in good standing.

6. Risk Management Assessment

We maintained the 2018-2019 level for the last three years and reinstituted the discounts and premiums calculator after pausing it during the height of COVID.

7. IFC Officers

Delta Chi is proud to have 47 members from 28 chapters and colonies represented on their local interfraternity councils. This includes eight members serving as IFC President.

8. Virtual "A"s' Academy

2021 was the first time the "A"s' Academy was held virtually and it was the most attended since the program started in 2006. Similarly, the 2022 academy was equally successful.

9. Grand Opening of the Fraternity's Headquarters

This is only the second building our fraternity has owned in 130 years and contains a number of diverse spaces such as an educational museum.

10. First Virtual Emerging Leaders Academy

The third Emerging Leaders Academy was our most well attended due in large part to its virtual format, which allowed for greater accessibility. Nearly 50 members registered for the interactive leadership experience.

11. New Website

This was the first refresh of the Fraternity's website in nearly a

TOP
22

decade and focused on consolidating information, simplifying navigation, and enhancing the user experience.

12. New Chapters

We welcomed new chapters at UNC Chapel Hill, San Diego State, and West Virginia University.

13. New Colonies

New colonies were started at Temple, Texas, Quinnipiac, and Colorado-Boulder.

14 Alumni Chapters

The San Antonio Alumni Chapter was chartered on September 28, 2021, bringing the Fraternity to 35 alumni chapters.

15. Changes in Staff

Following some significant reductions in staff during the pandemic, the following individuals were hired to provide services to chapters as we collectively rebound from the pandemic: Alex Hart, Director of Field Operations, Sig Tau; Kassi Ward, Director of Field Operations, Phi Mu; Ross Dickneite, Assistant Director of Alumni Engagement, Central Missouri '19; Jessica Robinson, Membership & Accounting Manager, Delta Zeta; Emily Ringham, Fraternity & Foundation Coordinator; Marcos Martinez, Recruitment & Growth Coordinator, Kent State '21; Manny Macias, Coordinator of Field Operations, San Bernardino '18; Carson Mack, Coordinator of Field Operations, Kappa Delta; Taylor Anzivino, Leadership Consultant, Eastern Washington '21; and Nathan Bothwell, Leadership Consultant, Kansas State '21.

16. New Strategic Plan for the Fraternity (SI 3.0)

Building on the success of the previous two strategic plans, work picked back up on the creation of the Fraternity's third strategic plan with details to be shared at the 2022 St. Louis International Convention.

17. Delta Chi Educational Foundation

The DCEF raised more discretionary funds than any year in recent memory despite the pandemic and its many challenges.

18. Barrister Capital Corporation

The National Housing Corporation managed and owned more properties in 2021 than any other year in its history.

19. Social Media Engagement

Across the spectrum of social media platforms, we have seen an increase in the number of individuals who are engaging with stories about the Fraternity.

20. New Members of the Board of Regents

Cody Schrock is the Regent for Region I and Greg Cauffman is the Regent for Region IX. We're excited to see what these new Regents bring to these positions.

21. Major Chapter Anniversaries

Wisconsin – 100 years; Central Missouri – 50 years; Gannon – 50 years; Georgia Tech – 30 years; West Chester – 25 years; Hamilton – 10 years; Wilmington – 10 years; USP – 10 years.

22. First DE&I Position Statement

Since our founding in 1890, the Delta Chi Fraternity strives to create a culture of action where all members promote friendship, develop character, advance justice, and assist in the acquisition of a sound education. These values cannot be exemplified without the Fraternity actively practicing inclusive excellence at all levels of operation. We believe that the dignity and worth of all members is paramount to the fraternal experience. We affirm that our bond is strengthened by fostering an environment that welcomes, supports, and elevates members of differing races, colors, creeds or religious identity, national origin, age, marital status, ability, citizenship, or sexual orientation. We believe that the lived experience of our member's matter. The Fraternity will not tolerate or condone hateful or discriminatory behavior by any member, Associate Member, employee, volunteer, or entity acting in our name.

This list could go on and on. When we stop to reflect on what we accomplished in 2021, we should truly celebrate these successes. However, 2021 is now history and our focus shifts to making 2022 more successful. Before going to bed tonight, ask yourself, "What have I done for Delta Chi today?" If the answer is nothing, stay up a bit longer and take some action that moves the Fraternity in a positive direction.

EXCEPTIONAL AND NON-TRADITIONAL

Often lauded for the role it plays in providing friendship, a sense of community, and higher levels of academic and social involvement for first-year students, Greek life is a flourishing part of many campus communities across North America. The North American Interfraternity Conference (NIC) and partner organizations have produced studies that outline the great advantages to joining a Greek organization and the immense role it plays in enhancing the collegiate experience.

And while no mistake can be made concerning the importance of fraternity and the benefits it provides in social acclimation and engagement, the aforementioned studies and general understanding of Greek life often operate under the assumption that membership is intended for “traditional students,” or rather, those in the age range of 18-24 who have a dependent status for financial aid.

As has been regularly demonstrated throughout its history, the Bond of Delta Chi is far reaching and truly exists as the Brotherhood of a Lifetime. Family members and friends have taken the Oath as alumni initiates, joining Delta Chi after their undergraduate years were already behind them. And while this bolsters an already robust and impressive alumni network, there’s an oft-forgotten but never undervalued path to membership that falls outside the scope of most organizational studies and recruitment practices. That is, the “non-traditional student”; a generally agreed upon term that refers to those who are independent, beyond the 18-24 age range, or work full time.

Dennis Pendley, an undergraduate member and the current “E” for the President’s Cup-winning San Antonio Chapter, falls under the classification of non-traditional. And while his story likely stands in stark contrast to many of his peers, his involvement, experiences, and leadership are unparalleled.

At 53 years old, Pendley balances the priorities of his personal life while being a student, employee, store manager, and member of Delta Chi, Student Veterans of America, National Society of Leadership and Success, Silver Liners Mentorship, the Student Government Association, Tau Sigma National Honor Society, and American Legion Riders. He was the Director for Post 2 in San Antonio of the American Legion Riders, a veteran organization that provides needed assistance for those in turmoil.

“I don’t know why, but it seems like the more pressure I have, the better I do,” Pendley said of his involvement. “If I keep myself busy, I can always accomplish things.”

Featured in an article in *The Mesquite* in December 2021, Pendley is the manager of The General’s Store, a supplemental food provider to those in need from the Texas A&M University-San Antonio (TAMUSA) community. A four-year Navy veteran, he’s pursuing his bachelor’s degree in business with a concentration in entrepreneurship, set to graduate in December 2022. And while he’s faced his own set of challenges in his personal life, Pendley has continued to make sacrifices

Dennis Pendley
San Antonio Chapter

with his time to help others in need.

“I’m a very social person. I like being around people. If it wasn’t for the pandemic, I would have been more involved. The older I get, the more I enjoy talking to people and sharing my knowledge where I can.”

Hailing from small town origins and a service-oriented family, Pendley was born in Kerrville, Texas, growing up in the small town of Leakey. He graduated with a class of 25 people in 1986. His father served in the Air

Force as a firefighter during the Korean War and spent over 33 years working for the Texas Highway Department. He established the Volunteer Fire Department of Leakey and also served as the town's mayor for 15 years. His mother was a special education teacher and a diagnostician for testing special education children. She serves as treasurer of the Leakey Volunteer Fire Department and is the town's current mayor. His brother was a police officer for 15 years in Universal City.

Growing up in hill country, Pendley embraced the difficult terrain as an avid rider of his 10-speed bike. He played football and ran track in high school, going to regionals in both sports during his senior year. He worked as a carpenter's assistant during the summer and moved to San Antonio to work for Sherman Electronics upon graduation until joining the Navy in 1991.

"Desert Storm was going on, and watching the news, I felt like I needed to do something. Most of my family had a military background, as well as a lot of people in my hometown. Growing up, hearing about what they did, intrigued me."

Answering the call to service, Pendley became an aviation technician and was an E-4 third class petty officer when he got out of the Navy.

"I felt the need to make a difference. I've always liked military aircraft. Working at an electronics store got me interested in learning more about electronics on aircraft. It was part of my request for joining the military – to be able to work on avionics."

Pendley initially looked at joining the Air Force, following in his father's footsteps. The Navy offered a better opportunity to work on aircraft however, as he'd go on to carry a top-secret security clearance while working on the P3 Orion, an anti-submarine and maritime surveillance aircraft, while getting additional opportunities to work on the F/A 18 combat jet, the C-130 military transport, and the Marines Cobra helicopter avionics.

Following his military service, Pendley faced a litany of challenges that impeded his initial pursuit of higher education.

"I had originally started going to college when I realized that my GI Bill eligibility was about to run out. I had back surgery, so I went to school to keep from getting bored or depressed while not working."

When his GI Bill, a military benefit that helps pay for college, ran out, Pendley focused on his family and received a new job offer from The United States Automobile Association (USAA). He had to forego pursuing a degree to focus on working. He sustained a neck injury in his occupation which impeded his ability to continue working. During this time, his wife received a cancer diagnosis and began receiving

chemotherapy treatments. While standing by to support his wife, Pendley saw an opportunity to capitalize on the downtime during his wife's treatments. He signed up for online classes, and after completing just four courses, he earned his associate's degree.

"She still had to do treatments, so I decided to keep going and pursued my bachelor's degree at TAMUSA. When I went to community college, I spent 95% of my classes online. I realized when I graduated that I didn't know a single person from college. I wanted to be more involved at the University and meeting some of the Greek life members got me interested."

Pendley was originally pursuing membership in another fraternal organization, but his recruitment was interrupted by the pandemic. He went without being contacted afterward which led to him considering other options.

"I watch people. Looking at people in classes, organizations I was in, and the personalities of the young men in the Fraternity, I realized I was more of a fit in Delta Chi than the other fraternity. During the time being home because of the pandemic, I contacted Juan Espinoza and told him of my interest. It was history from there."

Since joining the San Antonio Chapter in September 2020, Pendley has been part of a service and philanthropy-oriented group of dedicated members that was recognized by Delta Chi's International Headquarters with the Community Impact Award, Award of Excellence, and the esteemed President's Cup in August 2021.

"I would say receiving the President's Cup has been the most memorable moment for me. Being a part of such a great fraternity has made me proud to play a role in such a great organization."

The San Antonio Chapter has been recognized at the local level with numerous awards, including the Student Organization of the Year for the second year in-a-row, Student Organization Member of the Year, Fundraiser of the Year, Living Your Ritual Award, and Mentor of the Year Award, as presented by TAMUSA. Undoubtedly, it's been the Chapter's ability to recruit values-driven men of action that keeps their success going. Pendley is, undoubtedly, a key part of that success. In his alumni relations role, Pendley is vital in maintaining

relationships with members post-graduation and utilizing their experience and involvement to help the Chapter. He encourages others who have followed a non-traditional route to consider fraternity as part of their collegiate experience.

"Even if you don't know someone, having that network can get you in the door. It can help you meet someone that can improve your situation. Strive for what you want. Make a difference. Don't just stand by and complain – be that person you want or hope to be." 🍀

Saint Rocco's **TREATS**

Kaleb Rush
Temple '23

In spring 2021, the Delta Chi Fraternity International Headquarters (IHQ) staff began expansion operations at Temple University, returning to the prestigious research-based institution in Philadelphia, Pennsylvania for the first time since 1992. The Fraternity welcomed the first initiated class of the Temple Colony on April 25, 2021, which was followed by immediate drive, dedication, and success from one of Delta Chi's newest expansions. The Colony, which boasts nearly 70 members currently, has already demonstrated its commitment to service and philanthropy, serving as "buddies" for the Camden County NJ Miracle League, raising philanthropic dollars for the V Foundation for Cancer Research through its Sponge-a-Brother event, and more. And at the root of its success has been its ability to recruit men of high character who share the values of Delta Chi while actively working to better themselves, their community, and their campus.

One of the members working behind the scenes and contributing to the Colony's rapid start has been Kaleb Rush, Temple '23. Rush serves as the Colony's Recruitment Chair and was named the Brother of the Month in August 2021, due in large part to his steep time commitment to facilitating recruitment efforts. Rush, a native of Perkasie, Pennsylvania, has a unique story and background rooted in values that is undoubtedly part of his success.

At just 20 years old, Rush is already a business owner and entrepreneur. A supply chain-major, he and his brother Kolby are co-founders of Saint Rocco's Treats, a high-quality, chemical-free dog treat company producing limited ingredient recipes with human grade quality food. The duo's mission, "To put dogs first," was constructed following consultation with experts in the industry leveraging more than 20 years of experience. Aside from producing delicious, hassle-free treats, the company prides itself on giving back. For every pound of treats sold, they donate \$1 to local dog rescues, ensuring its impact goes well beyond satisfying appetites.

Founded in May 2020, the company took form when both Kaleb and Kolby lost their internship opportunities following the onset of COVID-19.

"With our free time, (we) noticed a void in the dog treat market that we believed we could fill," Rush said. "We spent months developing our treats, our website, our branding, and business plan."

Prided on its five ingredient recipes and transparency, Saint Rocco's Treats are available for order online, through its social media channels, and at over 28 retailers in the Perkasie area. Their love of dogs stems from their family's history and has helped elevate their success as a new business.

"Our grandfather worked as a butcher and to reduce waste, he would create and sell dog chews from the trim of the butcher process. This led to my father creating a private manufacturing company that produced meat-based dog treats in huge volume

to large domestic brands. Their experiences and knowledge granted my brother and I an understanding of the processes used to create various dog treats and the unique insights needed to create the next wave of innovation in the dog treat/food industry."

While an impressive and admirable business on its own merits and mission, the impact Saint Rocco's Treats has had from a philanthropic standpoint is significant and lends itself to the values-driven person Rush is.

"The best part has to be the impact that comes from Saint Rocco's Treats - receiving phone calls, emails, and

messages on social media expressing the love, help, and happiness our products and services bring to each individual customer. Our philanthropy as a company to donate to non-profit and rescue organizations also gives me this same uplifting feeling. I have always wanted to do something in my life that helps others and the creation of Saint Rocco's has been that vehicle for me thus far. This is what drives my brother and I and makes Saint Rocco's Treats so special."

Rush's high-character hails from the morals instilled in him at a young age. During his youth, Rush loved sports, skiing, and developing friendships. He was involved in church, youth groups, sports camps, and travel sports. A family-oriented person, he

Did You Know?

Saint Rocco, otherwise known as Saint Roch, is the patron saint of dogs and lived from around 1295 to 1327 in France, Spain, and Italy. Testimony suggests he healed many bubonic plague victims and miraculously recovered from the disease himself through the loving care of a dog who helped him and brought him food.

spent a lot of quality time with his brother, sister, and parents. Upon initially attending Temple University, Rush didn't initially consider Greek life.

"That all changed when I heard of the opportunity to become a Founding Father for a new fraternity on campus called Delta Chi. Being an entrepreneur, self-starter, and believing that a Temple fraternity could be built better, it immediately sparked my interest. The core values of Delta Chi resonated with me and the opportunity to create a new and improved fraternity environment excited me."

Rush and the members of the Temple Colony have truly built a better fraternity, raising additional philanthropic dollars for the Miracle League, collecting cans as part of a fall/Thanksgiving food drive with Leaders of Tomorrow, picking up trash during a block clean up near campus, donating money to help fight cystic fibrosis, and making diversity and inclusion an important part of its composition. All of this has led to a rich and rewarding experience for the Colony, which boasts regular brotherhood events and has made it a lucrative organization at Temple.

"My favorite Delta Chi experience to date has to be our first-ever recruitment event. This was special to me because I was the acting recruitment chair. My job was to plan and execute the entirety of the recruitment week and recruit all of the potential new members. This was the first time we had the chance to share with the community who we were, what Delta Chi is really about, and ultimately grow the presence of Delta Chi in our community. This turned out to be an amazing week overall where we had a great showing and were able to give out our first-ever bids as a fraternity."

With the incredible work the Colony has completed and the philanthropic dollars raised, Rush can also take pride in the fact that Saint Rocco's Treats has already donated over \$1,000 to Phoenix Assistance Dogs, a Reading, Pennsylvania-based rescue program that trains dogs to become service dogs for people with disabilities, allowing them to lead a more independent life. By contributing to this community-based initiative, Rush's commitment to bettering his community is amplified, further demonstrating his commitment to values and the values of Delta Chi. Yet, after all he's accomplished as a young professional, Delta Chi member, student, and entrepreneur, Rush remains humble in his journey and the work still to be done.

"I don't think I am in the current space to give others advice as I continue to learn and grow as a young man. What I have learned and will forever stick with me is that whatever you are doing in life, whether it be as an entrepreneur, artist, student, teacher ... don't overthink what you are trying to do. Believe in yourself, ideas, or dreams, and hit the ground running. Take it one step at a time, do something that makes you uncomfortable, and learn as you grow. From my own experience, you will make more progress than you ever dreamed, leading to more opportunities than you would ever expect." 🛡️

Risk Management Policy

The Risk Management Policy of The Delta Chi Fraternity includes the provisions that follow, and all members are expected to comply. Compliance to the following will likely result in a safer fraternity experience. If any chapter, colony, or member chooses not to comply with these policies, the Fraternity may impose sanctions per Delta Chi Law, the By-Laws, Article V, Section 4, 2(h).

Alcohol and Drugs

1. The presence, consumption and use of any alcohol product containing more than 15% alcohol by volume (ABV) is prohibited at any chapter facility or chapter event, except when served by a licensed and insured third party vendor. The presence, possession, or consumption of an alcohol product at or below 15% ABV at a chapter facility or chapter event shall follow all of the provisions of this Policy and all applicable laws of the state, province, county, city, and institution of higher learning.
2. No alcoholic beverages shall be purchased through or with chapter funds nor shall the purchase of the same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter/colony or members of the chapter/colony. The purchase or use of a bulk quantity or common source(s) of alcoholic beverages is prohibited.
3. No chapter, colony, or member(s) at an event that would be associated with the chapter or colony to a reasonable observer may provide alcohol to other member(s) or guests. Alcohol consumed at chapter or colony events must be legally acquired by the individual for individual consumption and must follow all provisions of this policy.
4. SOCIAL EVENTS, meaning those with unrestricted access by non-members of the chapter or colony, without specific invitation, where alcohol is present, are prohibited regardless of the occasion and includes, but is not limited to family and friends of members. Any event with alcohol present that can or will be associated with the chapter or colony to a reasonable observer requires a guest list prepared twenty-four (24) hours in advance of the event and submitted to the Chapter "F" and Social Chairman and must comply with either the Bring Your Own Beverage (BYOB) or Third-Party Vendor Guidelines as set forth in the Social Event Planning Guide.
5. No members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to any person under the legal drinking age.
6. The possession, sale or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES while on chapter premises or during a chapter or colony event or at any event that would be associated with the chapter or colony to a reasonable observer.
7. No chapter shall co-sponsor an event with an alcohol distributor or any commercial establishment with alcohol, at which alcohol is given away, sold, or otherwise provided to those present. This includes any event held in, at or on the property of a tavern as defined above for purposes of fundraising. However, a chapter may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third-party vendor and guest list. An event at which alcohol is present could be conducted or co-sponsored with a charitable organization if the event is held within the provisions of the organization and college or university policy.
8. No chapter shall co-sponsor, co-finance, or attend or participate in a function at which alcohol is purchased or provided by any of the host chapters, groups, or organizations, or individual(s).
9. Alcohol or any illegal substance shall be prohibited during any recruitment or rush activities. No recruitment or rush activities associated shall be held at or in conjunction with a tavern or alcohol distributor as defined in this policy.
10. No chapter, colony, member or associate member shall permit, tolerate, encourage or participate in "drinking games." The definition of drinking games includes but is not limited to "beer pong," "beer die," "power hours," "flip cup," "kings corner," or any other activity involving the consumption of alcohol which involves duress or encouragement related to the consumption of alcohol.

11. No alcohol may be consumed by participants during or within twelve (12) hours before or after any associate member activity, event, or after the ritual of the fraternity by any Associate Member or any member participating in any such activity or event. This includes but is not limited to activities associated with "bid night," "big brother – little brother" events or activities, "family" events or activities, traditions, ceremonies, initiation.
12. No chapter or colony shall permit the use of "family" drinks or "family" gifts that violate the Risk Management Policies of the Fraternity related to alcohol. This applies to the "Big, Little" relationship, family names or the use of Fraternity Trademarks in the perpetuation of alcohol as an identifier and/or tradition once a member and associate member are introduced to this relationship.

Hazing

No chapter, colony, member, associate member, or alumnus shall conduct, participate in, or condone hazing activities. Knowledge of hazing and failure to take timely and appropriate action is condoning hazing. Permission or approval, whether expressed or implied, by a person being hazed is not a defense.

Hazing is defined as:

"Any action taken, or situation created to cause or reasonably cause mental or physical discomfort or harm, intimidation, harassment, or embarrassment for the purpose of gaining or continuing membership of any kind in the Fraternity. Such activities may include but are not limited to the following: forced or implied consumption of alcohol or drugs, confining individuals to a space for any period of time, subjecting individuals to excessively loud environments to disorient or make uncomfortable, calisthenics as a means of punishment, depriving of sleep or displacing someone from their normal sleep schedule or location, forced or implied sexual activity, lineups of any kind for the purpose of questioning/quizzing or demeaning, threats of any kind including withholding initiation into the Fraternity, wearing of similar attire which separates by membership status, personal servitude or running errands of any kind with or without reimbursement, required carrying of certain items, restriction of communication, and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution or applicable state law."

Sexual Abuse And Harassment

1. The Delta Chi Fraternity does not tolerate or condone sexual harassment, stalking, domestic violence, dating violence, sexual assault, or sexual violence as defined by Delta Chi Law. This is to include any actions, activities, or events, whether on chapter or colony premises or an off-site location which are demeaning to a person.
2. No chapter/colony shall hire, use, or allow the use of strippers, erotic dancers, sex workers, or similar at a chapter or colony event or an event a reasonable observer would associate with the chapter or colony.
3. No chapter/colony or member shall engage in or tolerate retaliation against any person lodging any allegation or reporting any alleged conduct against the chapter or colony or any individual associated with the chapter or colony.

Fire, Health And Safety

1. All chapter facilities shall meet all local fire and health codes and standards.

2. All chapters shall post, within common areas, emergency numbers for fire, police and ambulance and will have posted evacuation routes on the back of the door of each sleeping room.
3. All chapters shall comply with engineering recommendations as reported by the insurance company or municipal authorities.
4. FIREARMS AND EXPLOSIVES. No firearms or ammunition, including air-powered weapons, or explosive or incendiary devices, including fireworks, shall be possessed, stored, or used in any chapter facility or at any chapter sponsored event, except as authorized by law enforcement officers.
5. Candles will not be used in chapter facilities or individual rooms except under controlled circumstances such as initiations.
6. No swimming pools, hot tubs, slip and slides or other similar water related activities shall be installed or used at any chapter facility or chapter sponsored event, except that a swimming pool or hot tub that exists at a chapter facility prior to August 1, 2018, may continue to be used.

Gambling

Gambling or games of chance in any form whatsoever shall not be permitted in any chapter facility or at any chapter event except as permitted by all applicable laws of the state, province, county, city, and institution of higher education.

Education

1. Each chapter and colony shall annually instruct its students and alumni in its risk management policies and practices of both the Fraternity and higher education institution. The undergraduates and key volunteers will receive a copy of the Fraternity's risk management policy annually and copy of the policy will be accessible on the Fraternity's website. Each chapter/colony is expected to submit a signed copy of these policies, signed by 80% of the members following the first chapter/colony meeting of each fall semester/quarter.
2. Each chapter and colony are expected to attend/participate in a total of 50%, or five (5), whichever is less, prevention education opportunities provided by the fraternity on a yearly basis. Attending is defined as two or more members of the chapter/colony leadership, or 30% of all chapter/colony members. Attendance will be confirmed by submission of opportunities attended by the chapter/colony. Failure to meet this expectation may result in sanctions per Delta Chi Law, the By-Laws, Article V, Section 4, 2(h).
3. Annually, the Fraternity will deliver educational content on topics related to risk management. Each chapter and colony is expected to send the following officers/chairmen, at minimum, to the corresponding topic of education:
 - Hazing Prevention ("F" - Risk Manager/Sergeant in Arms, Associate Member Counselor)
 - Alcohol and Substance Use ("A" - President, "B" - Vice President)
 - Social Event Planning (Social Chairman, "E" - Alumni Relations Officer)
 - Sexual Misconduct Prevention ("C" - Secretary, "D" - Treasurer)
4. Each chapter and colony is expected to fully adopt and use the 4-week, 6-week, or 8-week Associate Member Program, written and designed by the Fraternity. The program can be accessed, including all digital presentations, participant workbooks, and facilitator guides on the fraternity's website.

If the chapter or colony wishes to facilitate an associate member activity that is not included in the Associate Member Program as adopted, a detailed plan of the activity is expected to be submitted to the chapter or colony Alumni Board of Trustees for review and approval.

Accountability

Each chapter and colony is expected to maintain and utilize a Judicial or Standards Board which exists to hold members accountable to the expectations of membership in the Fraternity. The Judicial Board is chaired by the "F" - Risk Manager/Sergeant in Arms and is expected to consist of a minimum of three (3) additional members.

The Judicial/Standards board is expected to attend the Judicial Board Training, delivered by the Fraternity on a yearly basis, or review the recorded training, and utilize all resources provided by the Fraternity.

Notification

Chapters and colonies are expected to notify the International Headquarters within twenty-four (24) hours of becoming aware of the following:

1. Any injury to a member or guest that occurred as a result of a fraternity-related activity or an event a reasonable observer could associate with the Fraternity.
2. Allegations of sexual assault, abuse, harassment, or misconduct connected with a member or guest
3. Any inquiries by authorities or legal counsel regarding an incident related to the chapter/colony.

Good Samaritan Policy

1. **INDIVIDUAL:** If a member assists another person in obtaining immediate and appropriate medical care related to the use or consumption of alcohol, drugs, or to another medical emergency, then that member, as well as those who are assisted, will not be subject to individual disciplinary action by the Fraternity with respect to the incident. This is the case even if the member who is assisting was a contributing factor to the emergency, so long as the member did not intentionally cause any physical injury. To be eligible for the benefit of this policy the member must fully and truthfully cooperate with any Fraternity investigation regarding the incident. An individual may benefit from this policy more than once, though repeated use of the policy may receive stricter scrutiny.
2. **CHAPTER/COLONY:** A chapter that seeks immediate and appropriate medical assistance for a person in need related to the use or consumption of alcohol, drugs, or to another medical emergency, may be eligible for mitigation of the level of corrective action imposed for violations of Delta Chi law and this Risk Management Policy. To be eligible for this potential mitigation, the chapter and its leadership must fully and truthfully cooperate with any Fraternity investigation regarding the incident. A chapter may benefit from this policy more than once, though repeated use of the policy may receive stricter scrutiny.

We must recognize the importance of the safety of our brothers and guests, risk management, and prevention. We must continue to set our expectations in alignment with the Risk Management Policies of Delta Chi and hold ourselves and individuals accountable to their actions. Accountability begins with shared expectations, which are found in the Risk Management Policies, the Basic Expectations of Delta Chi, and our Ritual. Our dedication to providing a safe and formative experience in Delta Chi must continue.

Chapters on Corrective Action for Violation of the Risk Management Policy

March 1, 2022

Chapter	Level	Violation	Release
Alabama	III	Hazing	31-Dec-22
Bowling Green	II	Alcohol/Safety	31-Dec-22
Chapel Hill	Pending	Hazing	N/A
Miami	Pending	Hazing	N/A

Pittsburgh	Pending	Hazing	N/A
VCU	Suspended		
West Virginia	Pending	Hazing	N/A

ALUMNI

Engagement and Relations

On January 3, 2022, the Delta Chi Fraternity International Headquarters announced the hiring of Ross Dickneite, Central Missouri '19, as the Assistant Director of Alumni Engagement and Relations. This hiring marked a significant and strategic move for the Fraternity with the anticipation the newly created role will help the organization accomplish the 2027 Strategic Plan, set to be announced later this year. Delta Chi aims to make alumni engagement and relations a bigger priority than it ever has in its history.

The hiring marks the first time in nearly two years the Fraternity has a dedicated staff member overseeing alumni relations. While similar to the previous role, Dickneite will seek to amplify engagement and relations by highlighting graduating seniors and their accomplishments while helping them transition to becoming involved young alumni, creating more opportunities for alumni to volunteer and be engaged, cultivating new alumni chapters while providing resources to current ones, garnering alumni assistance for expansions, providing mentorship and professional networking opportunities, and serving as a liaison for communications between supporting organizations for the Fraternity, such as the Educational Foundation and Barrister Capital.

"The Executive Director's vision for Delta Chi is to continue finding ways to incorporate and involve alumni in the undergraduate experience and lifelong endeavors outside of chapter-specific volunteers, while living our values and helping to make the 2027 Strategic Plan a success for our fraternity," Dickneite said.

Well versed in the continued Delta Chi experience post-graduation, Dickneite comes to staff following service to the Central Missouri Chapter as the Alumni Board of Trustees (ABT) President. Having served as the "A", "C", "E", AMC, and Recruitment Chair during his time as a collegiate member, Dickneite's alumni involvement began from simple roots – he was asked.

"What led me to being involved as an alumnus was receiving a call from the ABT President at the time asking me if I was interested in getting involved. That's all it took ... sometimes the biggest thing when it comes to volunteer roles is the willingness to ask. I intend to form relationships, reach more brothers, and ask for help. There is a place for everyone and a need for assisting collegiate members with having the best college experience possible."

Dickneite faced a unique set of challenges as the ABT President, aiming to maintain involvement and support during COVID-19. He, along with others serving on the ABT, navigated the challenges while successfully holding multiple alumni events celebrating the Chapter's 50-year anniversary in conjunction with the University's homecoming festivities. Additionally, he assisted with the continued success of the Fallen Brothers' Fund, which provides support to children of members who passed away too soon in the form of a scholarship, supporting them in their post-secondary educational efforts. It was through initiatives like these that Dickneite cultivated a thorough understanding of the value of alumni engagement.

"Volunteering can be easy and you feel better when you do it. A group of individuals giving only a few hours of their time can enact positive change in an entire community ... the Delta Chi Fraternity is successful due in large part to the assistance of its volunteers. When you volunteer your time and talents in an alumni support role with Delta Chi, whether it's service as a "BB", ABT member, Housing Corporation member, or a role planning an alumni event, you are helping to further the values of Delta Chi. You're also setting a great example for other members in recognizing the colossal impact you can have with just a few hours of your time."

If you have questions about what opportunities are available as a volunteer, what the time allotments could be, or simply want to introduce yourself, please feel free to reach out by emailing rdickneite@deltachi.org. 

Ross Dickneite
Assistant Director of Alumni
Engagement and Relations

Have you taken the Oath of Reaffirmation? Take part in an alumni ceremony!

"The fraternity man never graduates. He receives his diploma and leaves his alma mater for the larger affairs of the world, but as long as his chapter stands, he is as much a part and parcel of it as in his undergraduate days. His success is theirs and their success is his. He belongs to the family for life."

-Peter Schermerhorn Johnson, Founder of Delta Chi

The alumni ceremony is the next step towards full understanding of the values of Delta Chi. Only with alumni support can we guarantee future generations the opportunity to be Delta Chi brothers.

Alumni ceremonies are held at Regional Leadership Conferences, the International Convention, and by alumni chapters. If you're looking to host an alumni ceremony, contact the International Headquarters to get your ceremony supplies (\$33.00 per person).

"The next 2027 Strategic Plan will help better align the work of the Fraternity by identifying and leveraging the nexus between undergraduate needs, both operationally and professionally, and the continued desire and need for alumni to be involved and engaged. There are so many areas of the Fraternity experience that can be impacted by our great volunteers serving today and those who will serve in the future. Delta Chi is an alumni volunteer-driven organization, from collegiate and alumni chapters to the Board of Regents, and we must increase the levels of new and returning volunteers to meet the needs of our members as they prepare for life after college while they are students."

- Jerod Breit, Executive Director

For more information, contact rdickneite@deltachi.org or headquarters@deltachi.org.

Serving on Their Campus IFC

Delta Chi is proud to recognize several of our members for their service to their local Inter-Fraternity Council (IFC).

These members have gone above the call to action with their chapters to dedicate their time and skills to improving their fraternity and sorority community.

Their involvement includes recruitment, philanthropy, finances, and executive roles. Their leadership has been demonstrated in their respective chapters or colonies as well as on their campuses.

We look forward to their continued dedication to advancing Greek life.

An IFC exists where there are two or more NIC member (or non-member) fraternities on a campus. The Council's purpose is to advance fraternity on campus and provide interfraternal leadership to the entire community. The NIC provides direct support, resources, and service to IFC officers, representatives, advisors, and alumni to further the health and success of local fraternity communities.

FAREWELL & PARTING

These men have lived among us for a time, and we have been honored to call them brothers. Now they are gone and we bid them a fond farewell at this parting.

CALL TO THE 62ND International Convention

TO THE MEN OF THE DELTA CHI FRATERNITY, alumni members, alumni chapters, student members, and Associate Members of undergraduate chapters and colonies.

AS THE FIFTY-THIRD "AA", I do hereby proclaim that the sixty-second International Convention will convene at the Hyatt Regency St. Louis at the Arch in the city of St. Louis in the state of Missouri at six in the evening, Wednesday the twenty-seventh of July, two thousand twenty-two. Said Convention shall continue through scheduled adjournment on the thirty-first day of July.

THE BOARD OF REGENTS IS HEREBY CALLED INTO SESSION starting at nine o'clock in the morning, Tuesday the twenty-sixth of July, two thousand twenty-two at the same location.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the Delta Chi Fraternity to be affixed.

DONE AT THE CITY OF INDIANAPOLIS, the first day of March in the year two thousand twenty-two and in the one hundred thirty-second year since the founding of The Delta Chi Fraternity.

By the "AA"

Aaron Otto
Kansas State 1998

Attested by the "CC"

Tom Carroll
Hayward 1998
